FRED OLSEN, Personnel Director, Katz-Besthoff, Inc., 900 Camp Street, furnished the following voluntary information:

He stated that he recalled LEE HARVEY OSWALD applying for employment with Katz-Besthoff and as best he can recall, this was in the latter part of July or early part of August, 1963. He stated that he could not locate the application executed by OSWALD and inasmuch as it is company policy to destroy applications after two months, it was quite possible that OSWALD's application was destroyed.

OLSEN stated that the reason he is able to recall OSWALD applying for employment, was that it was only a short time prior to OSWALD applying for employment that he had been involved in passing out handbills on Canal Street in regards to Fair Play for Cuba or something in that regards. OLSEN stated that in the event that the application would be located, he would notify the FBI of same.

Mrs. KASE related that to the best of her knowledge these records on the Dolly Shoe Company have probably been destroyed due to the fact that at the time of the operation of this company, her brother was residing at 7718 Nelson Street and upon the death of his wife, moved from this address and at that time the records were probably destroyed. Mrs. KASE advised she is not aware of any of the specific details regarding the operation of the Dolly Shoe Company.

The following investigation was conducted at New Orleans, La., by SA KEVIN J. HARRIGAN:

On November 30, 1963, a photostat of five checks were displayed to employees of the Winn-Dixie grocery store, 4303 Magazine Street, New Orleans. These checks are payable to L.H.OSWALD, PO Box 30061, New Orleans, Louisiana. All were unemployment checks issued by the State Comptroller of Public Accounts, Austin, Texas. All were for $33.00 and cahsed by OSWALD during August and September, 1963 at the Winn-Dixie store. These checks were numbered as follows:

G246347
G459698
G323653

G421381

The cashiers whose initials appeared on these checks and other employees were interviewed. A photograph of LEE HARVEY OSWALD was displayed to these persons and they advised that OSWALD was not identical to anyone they could recall as having cashed a check for, nor could they ever recall talking to or seeing OSWALD at this Winn-Dixie store. They could furnish no information concerning OSWALD. Those employees contacted at the Winn-Dixie store are as follows:

PAZOS, driver, Browns Velvet Dairy Products, Inc., 1300 Baronne Street, New Orleans. PAZOS identified his initials appearing in the upper left hand corner of this check and advised that he recalls receiving this check from ROSE MARTIN, wife of the owner of Martin's Restaurant, 701 Tchoupitoulas Street.

It should be noted that investigation reflected that OSWALD cashed other checks at Martin's Restaurant and that ROSE MARTIN had already been interviewed by FBI Agents concerning these checks. Results of this interview have already been reported.

Mr. and Mrs. JESSE JAMES GARNER, 4911 Magazine Street, advised that OSWALD rented the apartment at 4905 Magazine Street on May 9, 1963 and moved into the apartment either the same day or the following day. His wife and baby came to New Orleans two or three days after OSWALD moved into the apartment in a station wagon bearing Texas license plates driven by a woman who spoke the Russian language. OSWALD paid his rent in cash and there was no written rental agreement which was signed by him. Actually the apartment is owned by Mrs. BLAINE GREGORY, 414 Emerald Street, New Orleans, and Mr. and Mrs. GARNER act as rental agents for the apartments located in the building.

OSWALD advised Mrs. GARNER in September, 1963, that his wife was going to have a baby and that she was going to Texas for her confinement. The OSWALDS packed the wife's and baby's clothing on Sunday, September 22, 1963, and the same station wagon which had brought Mrs. OSWALD to New Orleans and driven by the Russian speaking woman who brought Mrs. OSWALD here was observed in front of the apartment. On this occasion, this woman was accompanied by her two small children. The clothes and play pen and other personal effects were loaded into the station wagon on the morning of September 23, 1963 during the mid-morning. According to Mrs. GARNER, the front seat of the station wagon was occupied by the driver and her two children, together with Mrs. OSWALD and her child. The rear portion of the station wagon was packed full with the OSWALDS' household effects and according to Mrs. GARNER, there was no room for any other passenger. OSWALD was observed by Mrs. GARNER after his wife departed, to board a bus at the corner near his residence. He left some clothes hanging on the line at the rear of his apartment. He was not seen or heard in the apartment on September 24, 1963, however on September 25, 1963, Mr. GARNER entered the OSWALD apartment and found the keys on a table and observed that all of OSWALD's personal effects had been removed, including the clothes on the line.

According to Mr. and Mrs. GARNER, OSWALD did not associate with anyone in the neighborhood and rarely spoke to them. Mr. GARNER recalled that OSWALD did not even bid him the time of day. On one occasion in the evening, an

A visual observation was made of the residence at 4907 Magazine Street. It was found to be a one story double, being the house next to the corner house. On the downtown side of the house, is an apartment with the address 4905. There is an unpainted rusty chain fence, of the type typical to older New Orleans dwellings, along the front of the residence in which there are two gates. This fence connects to a chain link fence which runs alongside of the house.

Visual observation was also made at 757 French Street and it was found that there is no fence of any type at this house nor are there any fences in the entire 700 block of French Street.

Mrs. GLADYS RODGERS, 4907 Magazine Street, was interviewed in an office in the Psychiatric Ward of Charity Hospital. Her psychiatrist, Dr. KYLE HAMM, was present during the entire interview.

She advised that she remembered LEE OSWALD and his wife who resided in the apartment which was immediately adjacent to her apartment. She said that LEE OSWALD worked at a coffee company for several months and then lost his job. During the time he was working he would leave home at 7 a.m. and return home at about 5 p.m. During the time he was working he spent the weekends at home with his wife and baby. After he lost his job, occasionally he would leave home about 1 p.m. and come back at about 5 o'clock in the evening. Occasionally he would change this routine and leave sometime around 10 or 11 a.m. and return at about 5 p.m. in the afternoon. On these occasions he was casually dressed, usually wearing a dark pair of trousers and a white sports shirt. She said that OSWALD conversed with his wife in a foreign language which she thought was Russian. He was very mean to his wife and beat her up on several occasions. OSWALD was aloof and kept to himself and only had one conversation with her. On this occasion he inquired as to why she would raise her window and leave it in that position for a short period of time and then close the window. She stated that she told him that she was trying to keep the insecticide, which he used to spray for ants and other pests, from coming in her apartment. In this connection she stated that frequently she would observe OSWALD spraying the under portion of the floors of his apartment. She recalled that OSWALD had two male visitors who arrived at about 3 p.m. one afternoon. One was a tall slender individual whose name was BILL STUCKEY. He conversed with OSWALD about a radio program and instructed him to be at 520 South Broad Street at 4:30 p.m. She advised that the companion of BILL STUCKEY was PETE MOLLAR (Phonetic). She heard them mention an individual named HAYDEL (Phonetic), but she does not recall in what connection his name was mentioned.

Mrs. RODGERS said that upon one occasion she observed an individual talking to her husband, ERIC RODGERS, and asked for the location of the OSWALD apartment. This was several days before OSWALD moved. She described this person as white male, 5'7", 175 pounds, dark complexion, wearing dark trouser and a white shirt, and had a foreign appearance, probably Spanish. She recalled that OSWALD received a package of books through the mail and said that in his spare time he always sat on his front porch and read. She recalled an elderly couple visited OSWALD on two occasions, both during the day time, once was on a Saturday and once was on a Sunday. This couple drove up in a green, medium sized station wagon and on the last occasion when this couple called, Mrs. OSWALD packed all of her clothes and personal effects and went off in the station wagon. Mrs. RODGERS remembered that prior to the time Mrs. OSWALD left in the station wagon, a young couple in their early 20's stopped in to see the OSWALDs and that they arrived in an automobile but that she did not know the make or model of the car. She said that she did not see any firearms in the possession of either Mr. or Mrs. OSWALD.

She recalled that after OSWALD lost his job a female, who wore a white coat and who was thought by Mrs. RODGERS to be a welfare worker, called at the OSWALD apartment. She stated that several days later OSWALD brought home a large bag of groceries which she assumed he got from either the welfare agency or a relative.

JOHN E. HEVRON, Assistant Secretary and Treasurer, New Orleans Public Service, Inc., 317 Baronne Street, advised that his records show that LEE H. OSWALD applied for gas and electric services for the lower center apartment at 4907 Magazine Street, on May 9, 1963. He indicated a former address of 757 French Street, and showed his employer as LEON ISRAEL Company, 300 Magazine Street. He said that the service was turned on on the morning of May 10, 1963, and that no one was home at the time the service man made the installation and that the service man had obtained the keys for the apartment from a neighbor. He said the service was ordered disconnected on October 7, 1963, as a result of a telephone call received by GUY HENNESSEY, Service Center Representative and the records indicate that the caretaker of the apartment had called and advised that the apartment had been vacated. A notation in the file showed that it was a possibility that the occupant of the apartment had left the city. Mr. HEVRON stated that OSWALD owed the Public Service a gas and electric bill of $23.17, and that when the service was discontinued, the bill was mailed to the address 4907 Magazine Street.

He checked hotel records and discovered the registration of BEA OSWALD on October 3, 1963. He stated that he now is sure that BEA OSWALD is not identical with LEE HARVEY OSWALD and that he recognized the latter because he lives quite near his former residence on Magazine Street .

Mr. MOLINERE advised that he did not know the whereabouts of OSWALD on September 18, 1963, but did see him walking on Magazine Street sometime after OSWALD was arrested in New Orleans on August 9, 1963. He could not specify the exact date.

According to MOLINERE, elevator operator THERESA DENNIS, 1419 Baronne Street, was on duty at 7:00 P.M., November 22, 1963. He said she had not identified OSWALD as a former guest but may have been present when he located the registration card of BEA OSWALD.

JOHN P. MC NULTY, owner, Jerie's Pharmacy, 4861 Magazine Street, advised he had reviewed his prescriptions thoroughly but would make them available to SA GIST for further review, which he did. He assisted in the review of these prescriptions for the period of May 1, 1963 to September 30, 1963, inclusive, and, when asked, explained the nature or content of any prescription of question. He said he knew most of the persons for whom he had filled these prescriptions, being in that neighborhood for many years. No prescription was found in the name of OSWALD, HIDELL or O. H. or V. L. LEE, or for any person for the addresses of 4907 Magazine Street or 757 French Street.

MC NULTY stated that he recalled LEE HARVEY OSWALD, upon seeing his photograph in the paper after the assassination of President KENNEDY, as a person who used to come in that pharmacy to purchase a daily paper, this being during the summer of 1963 (dates unrecalled). He knew he had never filled any prescriptions of any nature for OSWALD. He said he did not know Mrs. OSWALD and might possibly have filled a prescription for her, although he does not recall same. He said a prescription could have been filled by him for certain type ear or nose drops, skin cream, or antibiotic ointment, in which instance he would not have retained the prescription and the item purchased by the customer would not have required labeling. To obtain a refill, the patient need only call for the drug by name or return an empty bottle for a refill.

HENRY GOGREVE, owner of Henry's Market, 5101 Magazine, New Orleans, Louisiana, advised that he recalled seeing LEE HARVEY OSWALD in his store several times, but never had any conversation with OSWALD nor could he recall any particular date that OSWALD was in the store.

He further advised that during the early afternoon of November 26, 1963, a man and a woman, who appeared to be husband and wife, and who also appeared to be Cuban inasmuch as they spoke with a Cuban or Spanish accent, came into his store, purchased a soft drink, and began a conversation with him. He said that the man and woman told him that OSWALD was not guilty and should not have been shot. He said that he was of the opinion that they arrived by bus, although he did not actually see what means of transportation they used to get to his store. He said he had never seen these two individuals before and from their conversation, they were apparently friends or sympathizers of OSWALD. They began this conversation by asking him if he was the individual whom they saw on television and who had made statements that he had known OSWALD. He said it was obvious that these two people did not enter his store to conduct business, but primarily to express their opinion regarding LEE HARVEY OSWALD and his death.

Mr. ERIC ROGERS, 407 Magazine Street, front apartment, advised that he and his wife moved into this apartment on about July 16, 1963 and that OSWALD and his wife were already living in the adjoining apartment at 4905 Magazine. ROGERS said that he was out of work and that it was not until October 1, 1963 that he, ROGERS obtained a part-time job at the Meal-A-Minute, 1000 Canal Street, as a waiter. He said that up until he went to work he believes that he saw OSWALD at least once every day, up until the time OSWALD left.

He recalls that OSWALD had packed household effects and clothes in a station wagon one afternoon and that OSWALD's wife and child departed with the woman who drove the station wagon on the following morning. He said on the following day he saw OSWALD running to catch a bus on the corner, carrying two suitcases. That was the last time he saw him.

Shortly after ROGERS moved into the neighborhood he observed an individual whom ROGERS thought to be of Spanish descent called to visit OSWALD. The exact time of this visit not recalled by ROGERS, but he is certain that it was before the time OSWALD was arrested by the New Orleans Police Department.

ROGERS never saw any guns or firearms in the OSWALD apartment and never saw OSWALD with anything resembling a firearm. He recalls that although OSWALD spent the majority of his time reading either on the porch or in the front room of his apartment, in the afternoons he would walk to the corner and catch a bus going toward the business section or would walk in that direction. He said occasionally OSWALD would walk up to the confectionary on the corner of Magazine and Dufosset to buy ice cream, since he would see him returning to the apartment with it. He said that OSWALD always spoke Russian to his wife, in fact, Mrs. OSWALD could not speak any English.

He said that it was rumored in the neighborhood that Mrs. OSWALD was pregnant at the time she moved and he believed that on one occasion OSWALD took her to a physician. The date and time of this visit was not recalled by ROGERS, nor was the identity of the physician known to him.

but cannot be certain that OSWALD made some mention of visiting Baton Rouge, Louisiana.

After OSWALD lost his job at the coffee company she observed him sitting around his apartment reading nearly all of the time. Occasionally, he would leave home in the afternoon and she thought for a while that maybe he had been placed on the evening shift.

Although Mrs. GARNER saw him often, she cannot be sure that she saw him on a daily basis since some days she never leaves her apartment. She repeated that the last time she saw OSWALD was the afternoon following the departure of OSWALD's wife and child, at which time he was standing on the corner between the hours of 4:00 and 5:00 PM, waiting for a bus.

1 Date 11/27/63

JESSE JAMES GARNER, 4911 Magazine Street, advised that on September 16, 1963 he approached OSWALD at the OSWALD apartment and asked OSWALD when he intended to pay his rent for the apartment which was due on September 9, 1963. OSWALD said that he did not have the money to pay the rent because his wife was going to have a baby and that he wanted to keep a few dollars for emergencies. Mr. GARNER agreed to give OSWALD more time to pay his rent. He said that on Wednesday, September 18, 1963 he believes that he saw OSWALD sitting on his front porch reading but that he cannot positively affirm this. On Thursday, September 19, 1963 and Friday, September 20, 1963, GARNER was off from work and stayed at the apartment, cutting grass and doing other chores in the yard. He recalled that the woman who was visiting the OSWALD's and who drove a station wagon with Texas license plates was in the small yard in front of the OSWALD apartment with her two children. He asked her how she liked New Orleans and she replied that she enjoyed it and had visited the New Orleans French Quarter with the OSWALDS on the previous day. GARNER observed OSWALD in the OSWALD apartment on both of these dates, namely September 19 and September 20, 1963.

On September 21, 1963 GARNER went to work and did not observe OSWALD until that evening when he, GARNER returned home from work and he observed that OSWALD was placing some of his personal effects in the station wagon which belonged to the woman from Texas. On Sunday, September 22, 1963, OSWALD completed packing the station wagon and was tying down a baby's stroller on the back of the station wagon when GARNER approached him and again asked him for the rent. OSWALD replied that his wife was going to Texas for her confinement and that he, OSWALD intended to remain in New Orleans. He promised to pay his rent at a later date.

Mrs. SAWYER advised that she is the widow of JOSEPH S. SAWYER, and that she was residing at 126 Exchange Place in the latter part of 1955, and has continued to reside at that address since that time. She stated that she recalled a Mrs. OSWALD and her young son living there at that time. She stated that the boy was only about 14 or 15 years old and attended school during the day. She did not know of any jobs that he might have had, either after school or on the week ends.

Mrs. SAWYER advised that Mrs. OSWALD was a saleslady and worked for one of the large department stores on Canal Street. The son would always arrive home prior to his mother, and was always very quiet. He seemed to read a lot and was seen on several occasions bringing library books home to read. Mrs. SAWYER stated that at that time the son appeared to be an average, normal teenage boy, dressed neatly, and was not boisterous in any way. As far as she could recall she never heard him being reprimanded by his mother. Both Mrs. OSWALD and her son seemed to have few friends, and very few people visited them in their apartment. She believed that on a few occasions some teenage boys did come home with the OSWALD boy after school, however, they were always very quiet, and did not stay long.

Mrs. SAWYER stated that she never saw the OSWALD boy with any kind of gun, and never heard Mrs. OSWALD mention that he had any gun, or was interested in guns.

Mrs. SAWYER advised that she believed sometime in the Spring of 1956, Mrs. OSWALD told her that she was leaving New Orleans with her son, and that she was going to Fort Worth, Texas where she had another son. Mrs. SAWYER could not recall if Mrs. OSWALD quit her job voluntarily or whether she was terminated by the department store where she was employed

On November 27, 1963, Mrs. JONATHAN PARKER, 1945 Bay Street, Baton Rouge, Louisiana, advised that on November 22, 1963, she was a guest at Hotel LaSalle, New Orleans. A female Negro elevator operator observed a TV program at about 7:00 P.M. and recognized LEE HARVEY OSWALD as a former guest. The manager supposedly pulled a card showing that LEE HARVEY OSWALD registered on October 3, 1963, for a period of 2 or 3 hours at a cost of $5.00.

The registration card of BEA OSWALD, 6581 Elder Street, Los Angeles, California, #S7427, shows that he registered at the LaSalle at 10:14 A.M., on October 3, 1963, and checked out at 5:15 P.M. on the same date.

The original registration card was obtained from ROLAND A. BAHAN, JR., Co-manager of the LaSalle and is being forwarded to the FBI Laboratory for handwriting comparison.

A teletype was sent to Los Angeles on November 27, 1963, requesting Los Angeles to determine if there is such a person as BEA OSWALD.

The meters were again read on August 26, 1963 and a bill for $10.32 was rendered. This bill was not paid on or before September 17, 1963, the due date, and therefore the penalty was added to the bill, which on that date became a total of $11.36.

The meters were read again on September 25, 1963 and a bill of $11.02 was rendered, which was due to be paid on or before October 17, 1963. CHESTER ALLEN RIGGS, JR., Vice President, Orbit Industries, Inc., 250 Carroll, home address 836 Edgefield, advised that he is the owner of a duplex house at 2703 Mercedes Street. Mr. RIGGS said that he owns the duplexes at 2701 through 2715 Mercedes and acquired this property as an investment because the property is located in commercial zoning. He said the duplexes are of a low income type rent property.

Mr. RIGGS said that as a result of the assassination of President KENNEDY in Dallas on November 22, 1963, and the ensuing total television and radio coverage, that it came to his attention, and he recalls that LEE OSWALD did reside in his duplex located at 2703 Mercedes for a period of about three months during the summer and possibly early fall of 1962. RIGGS said further that he recalls during the period OSWALD was living at 2703 Mercedes, he recalls OSWALD telling him he worked for some welding company located nearby. RIGGS said further that his business office is located near the duplexes and that he recalls seeing OSWALD walk to work and knows that he did not have a car during the period of time he lived at this address.

RIGGS said further that he cannot recall any other conversation with OSWALD except that concerning the curtains.

RIGGS advised that after OSWALD and his wife left 2703 Mercedes that he did not know where this family moved. He said he does not know where the OSWALD family resided prior to living at 2703 Mercedes. RIGGS stated that he did not know any background concerning OSWALD.

Mr. RIGGS advised that the duplex owned by him is furnished. He said there is no other person living in his group of duplexes at the present time that would have lived in the duplexes at the time LEE OSWALD resided at 2703 Mercedes with the exception of one person and that is Mrs. MARION BOYD, who resides at 2707 Mercedes, which is next door to 2703 Mercedes. RIGGS explained that the turnover of tenants in his group of duplexes is very great due to the type of housing.

The following investigation was conducted by SA JAMES P. HOSTY, JR.:

On October 18, 1963, Dallas Confidential Informant T-1 advised that in March, 1963 ROBERT L. OSWALD of 7313 Davenport Avenue, Fort Worth, Texas, moved from Fort Worth to Box 32-C, Malvern, Arkansas.

On October 18, 1963, Mrs. EDITH SHANNON, 2701 Mercedes Street, Fort Worth, Texas, advised that she could not recall LEE OSWALD or his wife when they lived at 2703 Mercedes Street, Fort Worth, Texas.

On October 18, 1963, Mrs. M. M. BOYD, 2705 Mercedes Street, Fort Worth, Texas, advised that she could not recall LEE OSWALD when he resided at 2703 Mercedes Street, Fort Worth, Texas.

On October 29, 1963, a pretext interview by a Special Agent of the FBI at 2919 West Fifth Street, Irving, Texas, reflected that Mrs. RUTH PAINE resided at 2515 West Fifth Street. Mrs. PAINE was separated from her husband, MICHAEL R. PAINE. It was determined that Mrs. PAINE was employed at St. Mark's School, Dallas, Texas, on a part-time basis as a teacher of the Russian language and she had a Russian born woman living with her. This Russian born woman gave birth to a girl about a week ago and Mrs. PAINE was taking care of this woman. It was determined that the husband of the Russian born woman visited his wife at this address periodically but did not reside there.

On October 31, 1963, Mrs. DOROTHY SMITH, Irving, Texas, Credit Bureau, advised that they had a credit record for MICHAEL R. PAINE and his wife RUTH PAINE, who resided at 2515 West Fifth Street, Irving, Texas. Mrs. SMITH advised their credit was satisfactory and that Mr. PAINE was employed by Bell Helicopter Company in Fort Worth as a Design Engineer. Mrs. PAINE was employed as a housewife.

On October 31, 1963, Mr. EDWARD T. OVIATT, Assistant Head Master, St. Mark's School of Texas, Dallas, Texas, advised that Mrs. PAINE was a satisfactory employee and was loyal to this country and he considered her to be a stable individual. Mr. OVIATT stated that Mrs. PAINE was employed on a part-time basis as a teacher of Russian language. He also advised that he had recently learned from

a conversation with Mrs. PAINE that she had a Russian born woman living with her and she was assisting this woman in view of the fact that she had recently had a new baby and she, Mrs. PAINE, was improving her Russian speaking ability by having this Russian speaking person in her house.

On October 31, 1963, J. H. KITCHING, Dallas County Sheriff's Office, and LEON POWERS, Irving, Texas, Police Department, advised that they had no record for RUTH PAINE.

On October 31, 1963, Mr. TED SCHURMAN, Security Officer, Bell Helicopter, Fort Worth, Texas, advised that MICHAEL R. PAINE was presently employed by that company as an engineer and he holds a security clearance.

On November 1, 1963, Mrs. RUTH PAINE, 2515 West Fifth Street, Irving, Texas, was interviewed at which time she advised that MARINA OSWALD, wife of LEE HARVEY OSWALD, was staying with her following the recent birth of her baby. Mrs. PAINE furnished OSWALD's place of employment as the Texas School Book Depository, 411 Elm Street, Dallas, Texas, where he was employed as a laborer. Mrs. PAINE stated that she did not know where OSWALD was residing in Dallas at this time but that it was his plan as soon as he had enough money, to get an apartment for his family and take his wife and children to live with him. Mrs. PAINE volunteered that she would be glad to furnish this address to the FBI as soon as she determined where the OSWALDs were residing.

On November 5, 1963, Mrs. RUTH PAINE advised SAs JAMES P. HOSTY, JR. and GARY S. WILSON that she had not been able to obtain the address of LEE OSWALD in Dallas, Texas, but that she would furnish it to the FBI as soon as she was able to obtain it. Mrs. PAINE advised that LEE OSWALD had visited his wife, MARINA OSWALD on November 2 and 3, 1963, at Irving, Texas.

Mrs. PAINE then expressed the opinion that she considered LEE OSWALD to be a very illogical person and recalled that he admitted to her being a "Trotskyite Communist."

CATHERINE ANE, Secretary, Warren Easton High School, 3019 Canal Street, New Orleans, advised Special Agent JOHN M. MCCARTHY of the following facts after a review of her records:

She advised that a file from Beauregard Jr. High School revealed LEE OSWALD, 126 Exchange, New Orleans, Louisiana, entered Beauregard Jr. High School on January 1, 1954, and stayed through the 1955 school year. She stated that the record shows OSWALD formerly attended Riglio Elementary School Fort Worth, Texas, as well as Byron Jr. High School (PS 44), New York City, New York. The record further shows that OSWALD's father was ROBERT EDWARD OSWALD while his mother was MARGRET OSWALD. The record showed both of the above individuals resided at 126 Exchange, New Orleans. Both OSWALD's father and mother were employed as store managers but the name and address of the stores were not listed. The file also showed that OSWALD listed no brothers but had two sisters.

The file reflected that OSWALD was born on October 18, 1939, at New Orleans, Louisiana. He listed his height as 5' 5", weight at 135 pounds. The subjects OSWALD liked best were Civics, Math, and Science while the subjects he liked least were English and Art. OSWALD listed his present vocational choice as Biology and Mechanical Drawing. He said, via the record, that his health was generally good except for an abnormal left ear drum. He listed his recreational activities as reading and outdoor sports with a particular interest in football.

CATHERINE ANE advised that OSWALD showed an address of 809 French Street, New Orleans, where he probably resided during the time he attended Beauregard Jr. High School.

Mrs. ANE stated that OSWALD came to Warren Easton High School on September 8, 1955, and left on approximately October 14, 1955. She stated that the file shows a letter dated October 7, 1955, from MARGRET OSWALD in which it is explained that LEE HARVEY OSWALD was being withdrawn from school due to the fact that she and LEE were moving to San Diego, California. She stated that the file further shows that the school received a request on September 18, 1956, to forward

OSWALD's records to Arlington Senior High School, Fort Worth, Texas. She stated that the Warren Easton records show OSWALD's name to be LEE HARVEY OSWALD, 126 Exchange Place, New Orleans, Louisiana. They show OSWALD's mother to be MARGRET OSWALD of the same address and his date of birth as October 18, 1939. ANE said most of OSWALD's grades were in the 70's except that he averaged in the 80's in Civics and Art and Physical Training.

Miss DOROTHY EVERETT, Acting Assistant Principal, Beauregard Junior High School, 4621 Canal Street, advised that she had been designated during the current year as Ranking Teacher to act as an assistant in the absence of the school principal, JOHN G. MARTIN. She stated that presently MARTIN was vacationing in Connecticut and explained that because of a state convention and the Thanksgiving Holiday, classes had been dismissed at this school. She stated that while she had not personally instructed LEE HARVEY OSWALD in classes at this school, she observed that she had seen his face and remembered him possibly during his enrollment as a ninth grade student several years ago. She stated that this student was possibly not different from hundreds of other students who had somehow failed to distinguish themselves academically and had failed to otherwise call attention to himself and for these reasons he had not been remembered.

She stated she could furnish no additional information in this matter, but added possibly a review of his school records would provide additional information.

DANIEL ALLAIN, JR., Assistant Superintendent, Orleans Parish School System, 4211 South Miro Street, advised that from November 25 until November 29, 1963 classes at Orleans Parish Public Schools have been dismissed as a state teachers convention was being held at Baton Rouge, Louisiana on November 26 and November 27, 1963 and added that naturally classes had been dismissed for the Thanksgiving Holiday period. He stated that for this reason possibly no teachers and possibly no personnel would be located at Beauregard Junior High School, 4621 Canal Street, as well as other Orleans Public Schools. Nevertheless, he stated that possibly one Mrs. DORIS D. ACHORD, Secretary, could be contacted at this school for information.

ALLAIN stated that because of his supervisory position he had not been in contact with this school and therefore had no occasion to know a former student of the Beauregard Junior High School, one LEE HARVEY OSWALD who he said attended that school during part of the eighth and all of the ninth grades during the years 1954 to 1955.

CHARLES W. MURRET, D.D.S., residence address 636 Norton Avenue, (Carolyn Park) Arabi, Louisiana, dentist's office at 1207 West St. Bernard Highway, Chalmette, Louisiana, furnished the following information:

He is a cousin of LEE HARVEY OSWALD. His mother and OSWALD's mother are sisters. He has not seen LEE OSWALD since LEE was about six years old at which time LEE and his mother moved away from New Orleans. He did not see LEE after LEE and his mother moved back to New Orleans in the early 1950's after which, he now is aware, LEE attended Beauregard Junior High School and Warren Easton High School. He did not see LEE while he was in New Orleans this year. He does not know any of LEE's friends or associates.

Dr. MURRET stated his mother and LEE's mother did not get along very well. LEE's mother had been previously married. He is of the opinion LEE's mother never went to church. His opinion is that LEE's mother was the type of person who would remind LEE of the difficult times she had after the death of LEE's father and how hard she labored to raise her children. He stated LEE probably also felt resentment towards the world because of his inability to provide a good livelihood for his family.

Mrs. HAZEL OSWALD, 136 Elmeer Street, Metairie, Louisiana, advised she is the widow of WILLIAM STOUT OSWALD, SR. She stated her husband's brother, LEE OSWALD, SR., and wife, MARGUERITE, nee Claverie, had been residing in New Orleans, in the 1930's. LEE SR. died in 1939 and approximately two months after his death, a son, LEE HARVEY OSWALD, was born. When LEE was approximately 2½ years of age, MARGUERITE left New Orleans, going to the Fort Worth, Texas, area where she continued to raise LEE and an older brother, ROBERT E. OSWALD and another son by a previous marriage whose name was not known to Mrs. OSWALD. Mrs. OSWALD stated she lost all track of MARGUERITE and LEE until one day she received a telephone call from MARGUERITE. During the conversation, MARGUERITE indicated LEE was then 14 years of age, that she was living in the City of New Orleans with him and employed at the Burt Shoe Store on Canal Street.

According to Mrs. OSWALD, sometime after this call she went by this store and talked with MARGUERITE for a short time. After that she lost all contact with MARGUERITE and apparently MARGUERITE and LEE left New Orleans, date unknown. She said she did not know how long MARGUERITE had actually resided in New Orleans.

Mrs. OSWALD stated the next time she heard from either MARGUERITE or LEE was one day in about April, 1963, when LEE telephoned her saying he was in New Orleans and wanted to visit and obtain some information about his father's relatives, specifically a HARVEY OSWALD, the grandfather, then deceased. LEE came to her residence and arrived alone by bus. They talked about his father's folks and she gave him a photograph of his father. During her conversation with LEE he said he left his wife and child in Texas until he could find some employment in New Orleans and that he wanted to find employment as a photographer. He did not specifically say where he was living but she received the impression that one of his mother's sisters was in New Orleans, address unknown, and that LEE was living with her. Mrs. OSWALD stated sometime prior to LEE's visit she had read in the newspapers that LEE had been in Russia and had indicated a desire to become a Russian citizen. During the conversation they were talking about LEE's wife and LEE exhibited her photograph. Mrs. OSWALD asked him if his wife

were Russian and LEE replied "Why do you ask that?". She said that other than this one exchange, all of her conversation was about relatives.

She stated she did not hear from nor see LEE thereafter and to her knowledge he was not in personal contact with any of the other relatives in the OSWALD family. With respect to any contacts or associates in New Orleans, she stated she had no knowledge whatsoever as to what his activities may have been. As to other members of the OSWALD family, she said she had a son, NORMAN A. OSWALD, at 706 Division Street, Metairie. He has a son, WILLIAM STOUT OSWALD, III, who is a school teacher in Metairie, and has some responsible position in one of the military reserve units. WILLIAM OSWALD, III, had talked to Mrs. OSWALD on the morning of November 23, 1963, indicating someone had questioned him about LEE OSWALD and he indicated that he knew nothing whatsoever about him. She said she does not know what school or organizations LEE might have been associated with while he resided in New Orleans and that the name HIDELL meant nothing to her and she was positive it was not an OSWALD family name. She had never heard LEE use this name.

In conclusion, Mrs. OSWALD advised that after the death of LEE's father, the mother had severed relations with the OSWALD family and after moving to Texas, did not maintain any association with any member of the family and she could not furnish any further details concerning his background.

Mr. and Mrs. CHARLES MURRET advised that LEE HARVEY OSWALD is Mrs. MURRET's nephew, Mrs. MURRET's sister being OSWALD's mother. Sometime after Easter, 1963, exact date not recalled, OSWALD called Mrs. MURRET on the telephone and advised that he had just arrived in New Orleans by bus. He asked if he could spend a few nights at her residence while he was seeking employment in New Orleans. They said that he spent from three to five nights at their residence, and that he spent the daytime seeking employment. He would never eat breakfast but would leave early in the morning and return to their residence shortly before dinner and would eat the evening meal with them. OSWALD had but few clothes consisting of a change of pants and shirt although he claimed to have several duffel bags at the bus station. He also had a few cardboard boxes in which he stated were clothes belonging to his wife and baby which he kept in the MURRET garage. OSWALD did not possess any firearms while residing at the MURRET residence to their knowledge. He had no visitors while staying there and only received one letter which he claimed was from his wife. He did receive several telephone calls after he left regarding jobs. OSWALD obtained a job, according to his statement to them, as a mechanic at the Reily Coffee Company which they believe he obtained by answering a newspaper advertisement. He told them he found an apartment on the same day on which he got the job and that he moved to this apartment either the next day or the day following it. OSWALD's wife and baby arrived several days later from Texas in a station wagon which was driven by a woman who spoke the Russian language. Mr. and Mrs. MURRET did not know this woman's name but they did recall the station wagon bore Texas license plates.

Mrs. MURRET advised that she and her sister, OSWALD's mother, did not get along very well and that when OSWALD was about two years of age, her sister and her children moved to Texas. She said she has had no contact with LEE OSWALD over the years until he telephonically contacted her requesting permission to stay at her home while seeking employment.

Mr. and Mrs. MURRET knew of no friends or acquaintances of OSWALD in the New Orleans area. Mr. and Mrs. MURRET had no knowledge of when OSWALD left New Orleans or by what means he may have traveled.

The following are her children and cousins of LEE HARVEY OSWALD:

Mrs. EMILE (JOYCE) O'BRIEN, 1615 Fairway, Beaumont, Texas;

Dr. CHARLES W. MURRET, a dentist with office at 1207 West St. Bernard Highway, Chalmette, Louisiana;

EUGENE J. MURRET, S. J., who is studying for the priesthood at the Jesuit House of Studies, 3959 Loyola Avenue, Mobile, Alabama;

JOHN MURRET, 6622 Louis XIV Street, New Orleans, Louisiana; and

MARILYN MURRET, who resides with her.

Mrs. MURRET stated her son, CHARLES, may possibly have stopped at her house this past summer on one of the few occasions LEE OSWALD and his family visited her home. Her son, EUGENE, was not in New Orleans at any time during the period LEE OSWALD was here.

Mrs. MURRET stated her daughter, JOYCE, brought her to New Orleans on July 14, 1963, after she visited her in Beaumont, Texas, and stayed in New Orleans at Mrs. MURRET's house for about a month. On August 8, 1963, Mrs. MURRET had an ear operation at the Eye, Ear, Nose and Throat Hospital. LEE OSWALD visited her at the hospital on August 9, 1963, during regular visiting hours. On August 10, 1963, her daughter, JOYCE, visited her at the hospital and told her she had received a telephone call from LEE OSWALD who stated he was being held by the New Orleans Police Department and requested JOYCE to bring some money to get him released.

JOYCE later told her she stopped at the Police Station two or three times and left without making up her mind whether she should pay the money, which she believed was $25, to get him released. JOYCE asked a police officer to show her the sign or literature OSWALD had been carrying and when she saw it pertained to FAIR PLAY FOR CUBA she said she was not anxious to have him released. The police officer suggested to her that instead of paying the $25 she should contact one of the city or state officials who has the power of parole and OSWALD would be released on parole until his case was heard, without her having to pay the $25. JOYCE then contacted a family friend, EMILE BRUNO, who operates the B & W Package Liquor Store, 2712 Canal Street, and Mr. BRUNO contacted someone else who had OSWALD paroled.

Mrs. MURRET advised OSWALD visited her home about two or three times from the time he arrived in the Spring of 1963 to Labor Day, which is the last day she saw or heard from him.

Several weeks after OSWALD brought his wife and child to New Orleans, MARILYN MURRET took them crabbing. OSWALD told Mrs. MURRET when he first arrived in New Orleans that his wife liked to be near water and he liked to go crabbing, and also liked the water, so he thought he would settle in New Orleans if he could find work.

On another visit to her house, OSWALD and his wife and child spent the entire day and ate dinner with them. She is of the opinion her daughter, JOYCE, was visiting her at the time. On this occasion, Mr. MURRET drove them to their Magazine Street apartment in his green, Mercury, 1956 model.

OSWALD, his wife and child, visited the MURRETs on Labor Day. Mrs. MURRET's son, JOHN, drove them home to their apartment in a Dodge, four door, white color, 1960 model. Mrs. MURRET and daughter, MARILYN, accompanied them.

Mrs. MURRET stated no members of her family went into the apartment at any time, to her knowledge.

OSWALD gave her telephone number, HU 8-4326, as the place where he could be reached while he was seeking employment. He would then telephone her during the day to find out if any prospective employer or employment agency left a message for him. She recalled there were several calls for him and the messages were relayed to him. She could not recall the names of any of the people who telephoned.

OSWALD did not engage in any political talk during the several visits to her home. He did on one occasion say something in praise of President KENNEDY and JACQUELINE KENNEDY but it was during a casual conversation and not in connection with any political discussion.

OSWALD did not smoke or drink. He tried not to inconvenience the MURRET family. He borrowed a few dollars from Mr. MURRET when he rented the apartment and repaid him when he received his first salary.

Miss MARILYN MURRET, 757 French Street, a teacher at Junior University of New Orleans, furnished the following information:

She is a cousin of LEE HARVEY OSWALD. Her mother and LEE's mother are sisters. She did not see LEE OSWALD during her trip around the world which started in July, 1959 and ended in January, 1963. She did not visit Russia. Her first stop after leaving the United States was Hawaii. She stopped at practically every country between there and England. She taught school in several countries. She went from country to country, spending some time in Japan, New Zealand and Australia. She visited the countries in the Holy Land, Turkey, Greece, countries of Europe and arrived in London in January, 1963.

She advised that this past summer she left New Orleans on July 13, 1963 and traveled through Mexico and the Central American countries to Panama and came back to the United States just before Labor Day.

Miss MURRET stated she could recall nothing concerning LEE OSWALD during his childhood and did not know of any of his friends or acquaintances.

She met OSWALD when he came to New Orleans in the Spring of 1963 and stayed at her mother's house for a few days while he was seeking employment. She met LEE's wife and child and took them crabbing several weeks after they arrived in New Orleans. LEE visited her home several times but she never engaged in any other than ordinary conversation with him. He never discussed politics or his political views. She never visited LEE's apartment on Magazine Street but was in the car when her brother JOHN drove LEE and his family home on Labor Day. This was the last time she saw LEE or heard anything from him.

About the only conversation she could recall that LEE's wife engaged in, was after the time they went crabbing.

LEE's wife told him in Russian that it was sort of foolish to spend the money to buy two crab nets and bait when they could have gone to the French Market and purchased a dozen crabs for an amount much less than what the nets and bait cost. Mrs. OSWALD apparently did not realize that LEE enjoyed going crabbing and that is the only reason that she took them.

Miss MURRET stated that the few times LEE OSWALD and his family visited at her home they came by bus. She said OSWALD did not own an automobile and insofar as she knew was incapable of driving one. She stated her brother, JOHN MURRET attempted to teach OSWALD to drive, but JOHN MURRETT told her OSWALD was not interested in learning.

Mrs. CHARLES F. (LILLIAN) MURRET, 757 French Street, furnished the following information:

The address 809 French Street which her nephew, LEE HARVEY OSWALD, may have given to the P. G. Beauregard Junior High School or Warren Easton Senior High School is not an address at which he ever lived, but rather is the address by which her own residence was known prior to about ten years ago. The house numbers on the street were changed at that time and her house number was then changed to the current 757 French Street. OSWALD and his mother probably stayed at her home for a few days when they returned to New Orleans around that time or OSWALD may have given that address because he knew it was a more permanent address than the one his mother and he would have. OSWALD and his mother lived on Exchange Place at this time and it may be that he also listed Mrs. MURRET's address in case of an emergency of some kind. OSWALD never actually lived at her home but only stayed for a few days.

Mrs. MURRET advised that a few of her relatives still send her cards addressed to the old address. LEE OSWALD sent her a card while he was in Russia and he addressed it to 809 French Street. She stated the card was destroyed by her nephews while they were playing games. As best she could recall, OSWALD requested on the post card that she write to his mother.

Mr. JOHN M. MURRET, residence address 6622 Louis XIV Street, employed by the E. R. Squibb and Sons as a pharmaceutical representative, furnished the following information:

He is a cousin of LEE HARVEY OSWALD. His mother and LEE's mother are sisters. He could not recall anything about LEE OSWALD while LEE was going to Beauregard Junior High School or Warren Easton High School. He did recall that on one occasion LEE's mother telephoned his house several times during an evening when LEE apparently was attending a party of the Civil Air Patrol. LEE's mother was worried and, he understands, LEE did not arrive home until about 2:00 A.M. This is the only incident he could recall pertaining to LEE's stay in New Orleans in the 1950's. LEE never did play with him when they were both children.

In the Spring of this year, he went home at lunchtime and there was a bag on the floor, and his mother told him that he could never guess who was at the house. For some unexplained reason, LEE's name came to his mind and he guessed that was who it was. LEE had on worn clothes and was wearing a heavy wool suit which had apparently been purchased while he had been in Russia. He gave LEE some of his white shirts and ties so that he would look presentable while seeking employment.

LEE apparently contacted a number of employment agencies and left word with them to call the telephone number of MURRET's mother, because JOHN answered quite a number of telephone calls himself. LEE had apparently requested that the number be called even though no job was available because most of them merely told JOHN that there was nothing available for LEE. He recalled receiving a call a few days after LEE started to work for the William B. Reily and Company. The caller, who was a man, said that they had something LEE was interested in and gave a name and telephone number. JOHN tried to call LEE at the Reily company but could not immediately reach him and then tried to look up in the telephone book the name he had been given but could not find it. He did not telephone the number given to him to advise that he could not immediately contact LEE, but later on did give LEE the message. He was of the opinion that it was a blueprint or a photography shop that had called.

JOHN recalled that LEE received a letter from the Unemployment Department of the State of Texas, which apparently

contained his unemployment check. He could recall no other mail received by LEE.

LEE and his wife and child visited the MURRET home on about three occasions. There were no political discussions of any kind. LEE had worked in Russia either as a photographer or as an assistant in the photographic laboratory and was interested in painting and draftsman's work.

MURRET recalled that on the day OSWALD had a debate over a New Orleans radio station with another individual, pertaining to his political views, LEE telephoned the house about fifteen or twenty minutes before the debate started and asked them to turn on the radio to listen to it, which he did. He did not question OSWALD subsequently in connection with this debate or regarding his political views.

He never went into LEE's apartment on Magazine Street but he did drive him home on Labor Day after LEE and his family had visited MURRET's home. MURRET's mother and sister accompanied him and he drove his 1960 white four-door Dodge Dart automobile.

MURRET's father drove LEE and his family home the one or two other times in his father's 1956 green four-door Mercury, although the family's 1950 gray Plymouth may possibly have been used.

JOHN MURRET stated LEE HARVEY OSWALD had no co-ordination whatsoever. MURRET tried to teach him to drive an automobile and took him out about two hours one day to let him practice, but it appeared hopeless as OSWALD had no sense of co-ordination. JOHN MURRET stated that he actually pushed OSWALD into even trying to learn how to drive and OSWALD apparently was not in the least interested.

The last time MURRET saw OSWALD, or heard anything concerning him, was on Labor Day when he drove him home. He could furnish no information concerning any friends or acquaintances of OSWALD's.

Mrs. OTIS GRAFFORD, Mc Adams Ranch, Crowell, Texas, advised that Mrs. MARGUERITE CLAVERIE OSWALD of Fort Worth, Texas, had worked for her and her husband for two months during June and July, 1961, as a housekeeper and cook. She added that she had employed Mrs. OSWALD as a result of Mrs. OSWALD answering an ad that she, Mrs. GRAFFORD, had placed in a Fort Worth, Texas newspaper. She added that Mrs. OSWALD was an excellent housekeeper and cook and that her employment was entirely satisfactory and the only reason she left was because she was a little bossy and that Mrs. OSWALD and her mother, LESLIE MC ADAMS, who is elderly, started fussing with each other quite a bit and all of them thought it better if Mrs. OSWALD left.

Mrs. GRAFFORD added that Mrs. OSWALD had advised her that she had a son who had gone to Russia and had married a Russian girl. She added that Mrs. OSWALD had furnished this information prior to the time she agreed to work for them. She further added that Mrs. OSWALD corresponded with her son and talked about him quite frequently during the time she worked for them. She added that Mrs. OSWALD had told them that her son, LEE OSWALD, had been discharged from the U. S. Marines and came to her home in Fort Worth where he stayed for two or three days then left to go to New Orleans, Louisiana, to work. She stated that Mrs. OSWALD further stated that she thought her son LEE was in New Orleans working until she read in a local Fort Worth paper that her son had defected to Russia. She further added that Mrs. OSWALD told them that she had no idea whatsoever as to why her son had left the United States and gone to Russia and could not understand how he could get to Russia unless maybe he might have been working for some Government agency.

Mrs. GRAFFORD stated that when Mrs. OSWALD left their ranch that she moved to Vernon, Texas, where she worked for various families and that on one or two occasions she returned to Crowell and came to the ranch to visit them but only stayed a short time on each visit. She further added that at times Mrs. OSWALD appeared to be very happy and on other occasions she appeared to be very moody

JOE LONG, 318 North First Street, Crowell, Texas, advised that Mrs. MARGUERITE OSWALD had worked for him for approximately six weeks during May and June of 1962 as a practical nurse taking care of his invalid mother. He added that during the time she worked for him, she appeared to be a loyal American citizen but was considerably upset and talked quite a bit. He further advised that Mrs. OSWALD had stated that she resented the fact that people did not have anything to do with her and turned their backs on her because her son had gone to Russia. He added that during the time Mrs. OSWALD worked for him, she received information that her son had landed in New York City with his wife and son and that she immediately proceeded to Fort Worth, Texas, and arrived there the day he arrived from New York. BARON PHILLIPS, Route 1, Vernon, Texas, advised that Mrs. MARGUERITE OSWALD had worked for him as a housekeeper and practical nurse for approximately six months from about August or September, 1961, until about January or February, 1962. He added that her duties were to take care of his mother and father, who lived nearby. He stated her work was entirely satisfactory, and she never made any statements against the U. S. Government during the time he knew her; and, according to her actions and talk, he never had any reason to doubt her loyalty to the U. S. Government.

Mr. PHILLIPS stated when he hired Mrs. OSWALD, she first told him that she had a son that had gone to Russia to live and had married a Russian girl. He added that while employed by him, Mrs. OSWALD appeared at times to be upset considerably because her son had gone to Russia. He further stated that during the time Mrs. OSWALD worked for him, that she told him her son was trying to secure permission to return to the United States and to bring his wife and child with him. He stated the reason she left his employment was because she talked nearly all the time and that made his father very nervous.

Mr. PHILLIPS stated that sometime during the early part of 1962, either just before or soon after Mrs. OSWALD left his employment, she was having trouble trying to get someone to sign a statement so her son could bring his wife and child with him to the United States, and that he agreed to, and did, sign some kind of a statement for her which was to be submitted to Immigration and Naturalization, stating that her son's wife and child would be adequately supported if they were allowed to come to the United States with their husband and father, LEE OSWALD.

Mr. PHILLIPS stated that so far as he knew, Mrs. OSWALD was a very loyal American citizen when he knew her. He also added that she did communicate with her son in Russia. He further stated that when she left his place he moved her to the home of Mrs. JOHN T. BISHOP, where, he understood, she was going to live.

and that Mrs. OSWALD definitely was considerably upset because her son had gone to Russia. Mrs. JOHN T. BISHOP, 4000 Circle Drive, Vernon, Texas, advised that sometime in February or March, 1962, Mrs. MARGUERITE OSWALD, who had been working for BYRON PHILLIPS, wanted a place to live and that she and Mrs. OSWALD agreed that Mrs. OSWALD could move into her home and the two of them would share expenses. She advised that Mrs. OSWALD lived in her home approximately three or four weeks at which time she secured another job with a Mr. FORBEES in Vernon and moved to his home.

She further advised that before Mrs. OSWALD moved into her home she had advised her that she had a son by the name of LEE who had gone to Russia to live and had married a Russian girl. She added that Mrs. OSWALD mentioned that she told her this so that she would know the full facts concerning her prior to the time she moved in. She added that during the time Mrs. OSWALD lived at her house that she had worked for some rest home in Vernon for approximately two weeks. She further advised that Mrs. OSWALD had made a trip to Ft. Worth which was her home, and stayed for two or three days before returning.

Mrs. BISHOP stated that during the time Mrs. OSWALD was living in her home, she had advised that her son had secured permission to return to the United States and bring his Russian wife and child with him. She added that after Mrs. OSWALD had returned from her trip to Ft. Worth that she asked Mrs. OSWALD when her son would be home and at this time Mrs. OSWALD told her that she did not desire to discuss the matter with her. She further advised that Mrs. OSWALD had very few clothes and practically no money and that she apparently had had a very hard life. She further advised that from all indications Mrs. OSWALD was very upset about her boy who had gone to Russia to live and that Mrs. OSWALD apparently had made a trip previously to Washington to secure some type of assistance or information concerning her son. She further advised that Mrs. OSWALD showed her gifts that her son had sent to her. She added that during the time Mrs. OSWALD lived at her house, she did not receive any mail and that she also mentioned that she had a boy in the Army in Japan and that she also had another son but from indications left by Mrs. OSWALD, Mrs. OSWALD did not apparently get along with the other son's wife. She further advised that Mrs. OSWALD had also worked for R. S. LEONARD and that she came to her house from the BYRON PHILLIPS home where she

ROBERT S. LEONARD, 2315 Wilbarger Street, Vernon, Texas, advised that Mrs. MARGUERITE OSWALD had worked for him as a housekeeper and practical nurse for approximately three or four weeks during the early part of 1962. He added that during the time she worked for him he considered her to be a loyal American citizen inasmuch as she had never said anything which would indicate otherwise. He added that he recalls that she mentioned, during the time she lived at his house and took care of his mother, who was a semi-invalid, that she had a son overseas and from her talk she thought he might be working for the Government. He added that he does not recall her mentioning that her son was in Russia.

He further added that during the time she was there she was expecting some money to be sent to her from her son who was supposedly overseas.

He added that due to the short period of time that she worked for them he did not get to know her very well, but that she appeared to be very nice, and that her employment was entirely satisfactory. He added that she had quit their employment and, he thought, had returned to Fort Worth, Texas, which was her home, but that she might have worked for some other family in the vicinity prior to returning to Fort Worth.

1 ED TURNLEY, Security Manager, Southern Bell Telephone and Telegraph Company, 1215 Prytania Street, furnished the following information:

On November 24, 1963, YVONNE COOPER, nee RUSSELL, Operator Number 19, Covington, Louisiana, notified her supervisor that two or three days previously she had handled a prepaid long distance, person-to-person call to LEE HARVEY OSWALD at the "Texas State Book Depository", Dallas, Texas. Mrs. COOPER recalled that it was necessary for her to contact the Dallas information operator for this information. She specifically remembered the words "Book Depository" in her request to Dallas Information. She stated she obtained this number and was connected without any difficulty.

Mrs. COOPER stated that this call was placed by an adult female who was very polite, had no speech impediment, no accent, and who appeared to be familiar with the proceedings in placing long distance telephone calls. Mrs. COOPER stated that the answering party in Dallas, who was a female, was asked by her for LEE HARVEY OSWALD. The answering party advised she did not know who OSWALD was. At this point, according to Mrs. COOPER, the calling party advised OSWALD is a new employee. Mrs. COOPER thinks the calling party said OSWALD was the janitor. Mrs. COOPER stated that at this point the answering party said "oh" as if she knew who it was, and the call was completed.

Mr. TURNLEY stated that he interviewed Mrs. COOPER at length and was unable to obtain any variations in her story in any way. Mr. TURNLEY described Mrs. COOPER as being 31 years of age, with seven or eight years service with Southern Bell. TURNLEY stated Mrs. COOPER is divorced and lives with her mother and father in rural Covington, Louisiana. TURNLEY said that Mrs. COOPER appeared completely sincere and levelheaded throughout the interview and was not nervous. He stated that Mrs. COOPER told him she worried about this information on Saturday, November 23 and Sunday, November 24 and consulted her parents as to what to do, prior to reporting this information to her supervisor. Mr. TURNLEY stated that Mrs. COOPER's supervisor contacted her parents, Mr. and Mrs. ARCHIE T. RUSSELL, Rural Free Delivery, Covington, Louisiana,

and verified that Mrs. COOPER had discussed this matter with them prior to reporting same. TURNLEY stated that Mrs. COOPER recalled that when filling out the card she wrote the words "LEE" and "OSWALD" so close together that she had to write the word "HARVEY" on an angle between them.

TURNLEY stated that he determined Mrs. COOPER worked 7:30 AM to 11:30 AM and 3:30 PM to 7:00 PM on a split shift and was off duty on November 11, 1963. She worked part of a day on November 12 and 13, 1963. She worked her regular shift on November 14 and 15, 1963. She was then off for three days and again worked her regular shift on November 19, 20, 21, 22, and 23, 1963. Mr. TURNLEY stated that the only available toll tickets at Covington were those for November 21 and 22, 1963, which were visibly checked, and no such ticket was located. He stated that tickets for dates previous to November 21, 1963, had been forwarded to the Accounting Department and were mixed in with all of the other toll tickets, including direct-distance dialing tickets for the entire New Orleans area. He stated the Covington Office of Southern Bell handles calls from Covington, Slidell, Mandeville, Madisonville, Pearl River, and LeCombe, Louisiana. He said Mrs. COOPER believes the call originated at Slidell, Louisiana.

Mr. TURNLEY stated that he is attempting to arrange for an IBM run on all toll tickets in New Orleans, which he estimated to be approximately 70,000. He stated that the check would consist of three separate runs of these tickets and would necessitate the entire Accounting Section being shut down.

Mrs. JOHN D. KILGORE, 2830 Chapman Street, Shreveport, Louisiana, advised her husband, JOHN D. KILGORE, had left the house that morning indicating he was going to contact the FBI and tell that he had known LEE HARVEY OSWALD in Dallas, Texas. She stated her husband is out of work and has been out of work ever since he was discharged from his job at Bilbo Trucking Company in Dallas, Texas, except for a brief period of employment with a trucking company at Shreveport. She stated he stays away from home most of the day and comes in late at night and indicates he is looking for employment.

Mrs. KILGORE stated she had met LEE HARVEY OSWALD, known to her as HARVEY OSWALD, on one occasion this being in 1956 when she and her husband lived at 820 Packard Street, Dallas, Texas. She advised her husband went to work for Wales Trucking Company, Dallas, where OSWALD worked at that time and that her husband brought OSWALD home for dinner on one occasion. She stated she never saw OSWALD again but her husband said later that when he worked at Bilbo Trucking Company, Dallas, OSWALD came in several weeks to get his pay check but did not seem to work there. She stated she recognized the LEE HARVEY OSWALD shown on television in recent days as the HARVEY OSWALD she met once at Dallas.

Mrs. KILGORE advised her husband had received a head injury while working for Bilbo Trucking Company at Dallas and had also been hit on the head several times while working in the oil fields. She stated he also suffers from a bad back condition and has difficulty holding employment. She advised that he is rational most of the time but on occasion appears to have spells when he seems to be "out of his mind". She stated she did not think he would intentionally furnish false information, but that he may be angry with BILBO because BILBO fired him from his job and reportedly told an employment agency at Austin, Texas, that KILGORE stayed drunk. She stated her husband always seems to feel that when he loses a job it is because

He advised that at this time he is employed part time with television station WYES and also Motion Picture Advertising, 1032 Carondelet Street. HELLER stated that he is not personally acquainted with LEE HARVEY OSWALD as he has never met this individual, however, some time during the month of August, 1963, he was at the location on Canal and Carondelet Streets when he observed OSWALD handing out leaflets for Fair Play for Cuba. At this time he observed that OSWALD was being "pushed around" by several male individuals he identified as Cubans and that these individuals were actually taking the leaflets from OSWALD and destroying same and causing a considerable disturbance. As a result of this disturbance, OSWALD was arrested by the New Orleans Police Department and he believes was taken to jail. HELLER advised that he is unable to give the specific date of OSWALD's arrest at this time but believes this can be checked with the New Orleans Police Department. He is of the opinion that this was some time during the month of August, 1963.

As a result of this arrest he contacted attorney JACK NELSON and advised him of OSWALD's predicament because he felt OSWALD would probably be needing an attorney in this instance. He advised that he is not aware of what action, if any, NELSON may have taken in connection with OSWALD. HELLER advised that this was the only occasion he has ever seen OSWALD and has no further information as far as OSWALD is concerned.

Date November 27, 1963

Mrs. RUTH KLOEPFER, 306 Pine Street furnished the following information:

At some time in July, 1963 she received a long distance call from a Mrs. RUTH PAINE in Irving, Texas. Mrs. PAINE said she had gotten Mrs. KLOEPFER's name from a Mrs. ELEANOR HAMMOND, 1202 Bandera Lane, Garland, Texas. Mrs. KLOEPFER knew Mrs. HAMMOND to be a Quaker and active in the Friends Meeting Group. Mrs. PAINE wanted to ask a favor of Mrs. KLOEPFER, going on to say she would like Mrs. KLOEPFER to visit a Mrs. LEE OSWALD at 4907 Magazine Street. Mrs. PAINE identified Mrs. OSWALD as a friend of Mrs. PAINE who was having domestic trouble and feared her husband might send her back to Russia. Mrs. PAINE wanted Mrs. KLOEPFER to find someone who could speak Russian in case Mrs. OSWALD, who was about to have a baby, needed help. Mrs. KLOEPFER agreed to do this but did not do so as soon as she had anticipated.

About two or three days later she received a second long distance call from Mrs. PAINE. She told Mrs. PAINE she had not been to see Mrs. OSWALD as yet. Mrs. PAINE stated that was fine because in the meantime she had received a letter from Mrs. OSWALD who informed that Mr. OSWALD had returned, that they were not separating, and that Mr. OSWALD was not sending her back to Russia. She promised Mrs. PAINE she would visit Mrs. OSWALD anyway to see if she could help.

She then received a letter from Mrs. PAINE which was dated July 18, 1963 and with which was included a copy of a letter Mrs. PAINE had written to Mrs. PAUL BLANCHARD. Mrs. KLOEPFER furnished these two letters and they read as follows:

"As you see, I feel finding a Russian speaker is very important not only to get the present news, but to act as a contact for Marina should she need emergency help. I doubt one year of college Russian would be sufficient, although your daughter would probably find contact with Marina rewarding. What they could say to each other, however, would be severely limited.

"Dear Mrs. Blanchard,

"Mrs. Philip Harper, the secretary at the Dallas Unitarian Church suggested I write to you when I told her of the following problem.

"I have a girl friend in New Orleans whom I have not heard from for over a month. She is from the Soviet Union and came to this country over a year ago with her husband, an american whom she met and married there.

"Marina's contact with speakers of English has been small and she still speaks and understands very little in English. (She and I speak and correspond in Russian.) Her last letter stated that she thought

"she might have to go back to the Soviet Union, something she would prefer not to do. But she and her husband have not been getting along, and he has said that he would like her to go back. They have a baby girl 1½ years old, and are expecting a second child in October. Marina's last letter also stated that she has not been able to make contact with any Russian speaking people in N.O.

"Frankly, I'm worried. I have no way of calling them and getting current information directly. I would like to ask you to seek a Russian speaking person there who would be able to go and visit with Marina, thereby making contact for her with someone of the N.O. Russian community. With such a contact she could seek help if she needs it.

"Yesterday evening, in my concern, I telephoned Mrs. Ruth A. Kloepfer (Mrs. Warner) 306 Pine Street, New Orleans 18, UN 6-0389. She is clerk of the N.O. Friends Meeting. (Quakers) I asked her also to look for someone who could speak Russian and go to visit Marina. She could not think of anyone she knew who could speak the language, but said she would go. It is a great kindness on her part to do this. She does not know me any more than you do.

"Marina's full name and address is: Mrs. Lee Oswald, 4907 Magazine, N.O. It is my impression that this address is not far from your church.

"If you would be so kind, please call Mrs. Kloepfer and see if she has any news. I am asking for your help in addition to hers because of her mention that she knew no one in the Russian community. Perhaps between you you can find some Russian speakers. There must be quite a few in N. O. The language barrier is very real; I don't believe Marina would be able to convey much to a person speaking only English. (Russian is her only language.)

"On July 27th I plan to leave here for vacation in the East. If there is any point to my doing so I will plan to drive (to Mass.) via New Orleans. If Marina has already left for the Soviet Union, of course, there would be no point in my coming.

"My address July 31 to 12 will be c/o Young, Naushon Island, Woods Hole, Mass. After that time until Sept. 17 it will be c/o Arthur Young, Paoli, Penna. I am hoping, of course, to know something by the 27th, but add these addresses in case they should prove useful.

"Any help you can give on this whole matter will be greatly appreciated.

"Sincerely,

/S/: Ruth Paine

One evening, probably during latter July or early August, 1963 she went to visit Mrs. OSWALD at 4907 Magazine Street. LEE OSWALD met her at the door and was not receptive to her visit until she stated Mrs. PAINE had requested she drop by to see Mrs. OSWALD. During this brief visit, LEE OSWALD translated her conversation with Mrs. OSWALD. She asked OSWALD if he was working. He said he was not but was looking for work. She asked him what kind of work he did and he replied that he was a mechanic and had also done dark room and photographic work. She asked OSWALD if he or Mrs. OSWALD had

relatives in the New Orleans area who could assist Mrs. OSWALD in the event he was away. He identified an aunt of his as Mrs. (FNU) MURRETT, telephone HU 84326.

Mrs. KLOEPFER stated she made no attempt to locate any Russian speaking person to visit with Mrs. OSWALD and she had no further contact with Mrs. PAINE or OSWALD until in September, 1963. On Friday, September 20, 1963 she received a call from Mrs. PAINE who stated she was in New Orleans and visiting in the OSWALD residence. Mrs. KLOEPFER told Mrs. PAINE she would visit with them the following Sunday September 22, 1963. On Sunday afternoon about 2:00 P.M., she and her two daughters, KAROL and RUTH ANN, both of whom speak Russian, called upon LEE and Mrs. OSWALD and Mrs. PAINE at 4907 Magazine Street. They visited the above for approximately one hour. Upon entering this residence they noticed the PAINE station wagon was packed and asked OSWALD about this. He stated Mrs. OSWALD was going to Texas with Mrs. PAINE and they were about ready to leave. OSWALD indicated he was staying in New Orleans for a couple of days after which he was going north or to Philadelphia, or to "somewhere in the East". They asked him why he was making this trip and he was very evasive and indefinite about where he was going or why but said something to the effect that his trip pertained to business.

She recalled that in conversation during the above visit, OSWALD expressed a fondness for Russia. They asked him why he left Russia and returned to the United States if he was fond of it there. OSWALD stated living conditions in Russia were not very good and he did not want to raise his children there. They asked him how he was able to stay in Russia for an extended visit. OSWALD said everyone who stays in Russia has to be a citizen, after which he related he had been a tourist in Russia for about a month and then became a citizen. He also made mention on the fact that he had a rather difficult time in getting back into the United States, adding that it usually takes six months to get into Russia and about six months to get out.

NO 89-69/dc

Mrs. KLOEPFER stated she had never known Mrs. PAINE and had never heard of LEE or Mrs. OSWALD prior to the above two contacts. She stated she had not seen Mrs. PAINE or the OSWALDS subsequent to the September 22, 1963 visit. Mrs. KLOEPFER furnished the above two letters in order that copies could be made of them.

NEUMEYER advised that he attended Beauregard Junior High School in New Orleans approximately 10 years ago. He recalls LEE HARVEY OSWALD being a student in that high school at the same time, however, OSWALD was one year ahead of NEUMEYER and NEUMEYER advised that he had no contact whatsoever with OSWALD except on one occasion. NEUMEYER explained that when he was either in the 7th or 8th grade he got into a fight with OSWALD because OSWALD was picking on his, NEUMEYER's, brother, MICHAEL. NEUMEYER recalls that OSWALD struck him a few times and that ended the fight. NEUMEYER advised that he did not know OSWALD personally, could not recall any former students OSWALD may have associated with, and could recall no background information concerning OSWALD. He noted however that OSWALD went by the nickname of "Yankee" and did not seem to get along with other students as he, NEUMEYER, had heard OSWALD often became involved in fights.

NEUMEYER further advised that the last time he saw OSWALD was in Junior High School and he has not seen or heard about OSWALD until reading about him in the newspapers a few days ago.

DAVID WILLIAM FERRIE was interviewed at his residence, 3330 Louisiana Avenue Parkway and was advised of the identity of interviewing Agents. He was advised he did not have to make a statement, that any statement he did make could be used in a court of law and he had the right to the advice of an attorney.

FERRIE stated that at the time of the Bay of Pigs Invasion of Cuba, he was very embarrassed and concerned over the lack of air cover provided the Cubans who were engaged in the invasion and that he severely criticized President JOHN F. KENNEDY both in public and in private. He stated that he does not recall specifically what he said in making these criticisms and might have used an off-hand or colloquial expression "He ought to be shot" to express his feelings concerning the Cuban situation. He stated that he has never made any statement that President KENNEDY should be killed with the intention that this be done and has never at any time outlined or formulated any plans or made any statement as to how this could be done or who should do it.

FERRIE stated that when it came to serious discussions, when the question of impeachment of President KENNEDY arose he opposed any impeachment proceedings. FERRIE said that within one year prior to the first Russian Sputnik he recalls being quite critical of the U.S. Space Project and the Defense Program. He said he had also been critical of any president riding in an open car and had made the statement that anyone could hide in the bushes and shoot a president. FERRIE also advised that he has been accused of being a worshiper of President KENNEDY because he is a liberal and strongly believes in President KENNEDY's Civil Rights Program and Fiscal Program.

FERRIE stated he has never loaned his library card to LEE HARVEY OSWALD or any other person at any time and that his library card, to the best of his recollection has not been out of his possession since it was issued to him. He exhibited New Orleans Public Library card # M.L. 89437 bearing the stamped lettering N.R. - P.D. in the upper left hand corner. FERRIE said the letters N.R. mean non-resident,

MYRTLE EVANS, 1910 Prytania Street, New Orleans, Louisiana, was interviewed at her residence and supplied the following information:

Mrs. EVANS advised that she is interested in playing Bridge and has been pursuing this card game as a means of recreation for approximately 30 years. She stated that she recalls that in approximately 1933 or 1934, while at a bridge game, she became acquainted with a young girl named MARGUERITE OSWALD, who was living on City Park Avenue. Mrs. EVANS learned that MARGUERITE OSWALD's first husband, name unrecalled, had left her when MARGUERITE OSWALD became pregnant with her first child, JOHN (LNU). Mrs. EVANS quit playing cards around 1934 and lost contact with MARGUERITE OSWALD. Around 1939 or 1940, she met MARGUERITE OSWALD on Canal Street, at which time she was either pregnant with her son LEE HARVEY OSWALD or had just given birth to this boy. MARGUERITE OSWALD told Mrs. EVANS that she also had another son and that she was currently married to a man named OSWALD, first name unknown. She stated that between 1934 and 1939 or 40, she (MARGUERITE OSWALD) had resided with her sister Mrs. MURRET, who at that time lived on City Park Avenue, exact address unknown. Mrs. OSWALD told Mrs. EVANS she had met her second husband while she was residing with her sister, due to the fact that her second husband was in the insurance business.

At a later date, approximate time unknown, Mrs. EVANS again met Mrs. OSWALD, at which time Mrs. EVANS was informed that MARGUERITE OSWALD's second husband had died from a heart attack and that MARGUERITE OSWALD had given birth to LEE HARVEY OSWALD rather than the girl she had hoped for.

In approximately 1947 or 1948, Mrs. EVANS visited MARGUERITE OSWALD in Dallas, Texas, where MARGUERITE OSWALD was married to her third husband, EDWARD EGDEFF. While Mrs. EVANS was in Texas she learned

that MARGUERITE OSWALD and her husband had travelled to New York because of her husband had a job which required a great deal of travelling on his part. Mrs. EVANS stated that she does not recall when or how long the OSWALD family stayed in New York. To the best of Mrs. EVANS' recollection, MARGUERITE OSWALD and her family came to New Orleans and contacted her around May or June of 1954. Mrs. EVANS recalled that the OSWALD family resided at 1454 St. Mary Street for approximately eight months.

She related that in approximately January or February, 1955, MARGUERITE OSWALD told her that she was going to look for another place to live because she could not afford her present rent. After a brief search for an apartment by MARGUERITE OSWALD, she again contacted Mrs. EVANS and asked for her old apartment. Mrs. EVANS informed Mrs. OSWALD that she had already rented the apartment but that Mrs. OSWALD could occupy another apartment located at 1452 St. Mary, which building Mrs. EVANS also managed. MARGUERITE OSWALD stayed in this apartment at 1452 St. Mary for approximately two months, after which time she moved to an address on Exchange Alley.

Mrs. EVANS said that from her observation of LEE HARVEY OSWALD as a relatively young man, she would characterize him as a quiet type of boy who enjoyed reading and motion pictures. She said that OSWALD was a spoiled child who usually got his own way. She said that she did not know what type of books LEE OSWALD liked to read but recalls that he was extremely interested in the radio and television. She said that LEE OSWALD did not go out to dances or parties or social gatherings and that when he did go out he went to see his cousins or to attend motion pictures. She stated that LEE OSWALD was not friendly with the neighbors because at that time there were no children in the area of his own age. She said that she does not know of any organization with which LEE OSWALD was associated. She said that OSWALD was very demanding on his mother and that he liked his mother to give him meals promptly and would holler at

her if she were talking with Mrs. EVANS around meal time. Mrs. EVANS said that LEE OSWALD did not bother with people too much but that he was rather studious. She said that LEE OSWALD also indicated that he liked to travel and do things, but she could not give any specific example that would give her this indication except her general appraisal of OSWALD from what she observed of him. She said that from what she could judge from both actions and background he seemed to be "for the under dog" and he could be characterized as an introvert rather than an extrovert. She said that OSWALD was close to his mother and that his mother seemed to favor him over her other two sons. She recalled that on one occasion MARGUERITE OSWALD told her that while she (MARGUERITE OSWALD) owned a home some place on either Arts or Alvar, exact address unknown, she had to leave LEE HARVEY OSWALD with a couple who lived at her home rent free. She stated that this couple's job was to mind LEE HARVEY OSWALD while she (MARGUERITE OSWALD) worked. Mrs. EVANS said that Mrs. OSWALD told her that she (MARGUERITE OSWALD) came home early from work one day and noticed that LEE HARVEY OSWALD had welts on his legs, which he received from the man who was taking care of him. Mrs. EVANS stated that she does not recall who this couple was because she had no contact with MARGUERITE OSWALD at the time she was residing at this house.

Mrs. EVANS stated that from her observations of LEE HARVEY OSWALD during the period of 1954 and 1955 he never gave any indication either by word or by action that he was sympathetic to the Communist cause. As a matter of fact, Mrs. EVANS said, LEE OSWALD seemed to be patriotic because he admired his brother who was then in the Marine Corps and he also was interested in joining the military when he became of age. She stated that LEE OSWALD was basically a student and if he liked the subject he would study it continuously and devote himself to it and absorb as much as he could concerning the subject he was studying.

After the time that MARGUERITE OSWALD and her family moved from the St. Mary Street residences to Exchange Alley, Mrs. EVANS did not have any contact with the OSWALD. About a year and a half later, she ran into a friend of MARGUERITE OSWALD, name unknown, who worked at D. H. Holmes, Canal Street, and inquired as to the whereabouts of MARGUERITE OSWALD. Mrs. EVANS said the friend told her that MARGUERITE OSWALD stayed in New Orleans for about one year after she moved from the St. Mary Street address. The friend informed Mrs. EVANS that during that time LEE HARVEY OSWALD attended Warren Easton High School and Mrs. OSWALD worked as a buyer for Lerner's Department Store on Canal Street, among other stores, names unknown.

Around September, 1962, Mrs. EVANS said she ran into MARGUERITE OSWALD's sister, Mrs. MURRET. Mrs. EVANS again inquired as to the OSWALD family and was informed that LEE HARVEY OSWALD had gone to Russia and had given up his United States citizenship. Outside of this fact, stated Mrs. EVANS, Mrs. MURRET knew nothing of her sister.

Mrs. EVANS advised that around the first week in May, 1963, exact date unrecalled, LEE HARVEY OSWALD, whom she did not recognize at first, came to her door and inquired of her about renting an apartment. He told Mrs. EVANS that he was currently living with his aunt and that he had just obtained a job with the Reily Coffee Company. OSWALD told Mrs. EVANS that he had married a girl while he was in Russia and had one child. OSWALD also informed her that he had been living with his wife in Fort Worth, Texas, for the last eight months and that he was anxious to have his wife and child join him in New Orleans. OSWALD told Mrs. EVANS that a friend, whom he had known in Fort Worth, who spoke Russian was going to bring his wife from Texas to New Orleans. OSWALD told Mrs. EVANS that his family was to join him on that weekend. Mrs. EVANS asked OSWALD if he had surrendered his United States citizenship while he was in Russia, at which OSWALD replied in the negative and said, "I just went to Russia."

Mrs. EVANS told OSWALD that she had an apartment available for him but when OSWALD learned how much rent he would be required to pay, he remarked that he could not afford it. Mrs. EVANS advised that she and OSWALD conversed for about an hour and that the conversation centered mainly on the health and location of his mother and brothers. She stated that OSWALD did not have any baggage of any kind with him when he came to her house and that their conversation never centered in the area of politics.

Mrs. EVANS said that she drove LEE OSWALD around town in her car to look at apartments until finally he rented an apartment in approximately the 5300 block of Magazine Street. Mrs. EVANS advised that about ten days to two weeks later LEE OSWALD called her and invited her to his apartment to meet his family. OSWALD told Mrs. EVANS that his wife did not care for the high ceilings in the apartment because she was use to the modern apartment they had in Russia.

Around July, 1963, Mrs. EVANS said she called a neighbor of OSWALD who lived next door (exact name and address unknown) and inquired as to whether or not OSWALD was still living at the Magazine Street address. The woman told Mrs. EVANS that LEE OSWALD was still residing there but he and his family kept mostly to themselves and that LEE OSWALD spoke nothing but Russian to his family. Mrs. EVANS stated that since July, 1963, she has not had any contact in any way with LEE HARVEY OSWALD.

Mrs. EVANS advised that at the present time there are no records of the tenants who resided at 1454 and 1452 St. Mary Street at the time LEE OSWALD lived there. She advised that due to the transient nature of her tenants, she cannot recall any person who lived there during that period. She stated that the above information is all that she remembers concerning her association with MARGUERITE OSWALD and her family.

ROY MC COY, 108 Fourth Street, Chalmette, Louisiana, telephonically contacted the New Orleans Office of the FBI and advised that his wife had received a telephone call from DAVID FERRIE during the afternoon of November 27, 1963.

Mr. MC COY said that he was not at home when FERRIE called but according to his wife, FERRIE was interested in any photographs which MC COY might have in his possession. These photographs were in reference to MC COY's former association with the Civil Air Patrol of which he was a member during the early 1950's. He said the meetings of his group were held at the New Orleans Airport and that for a time, DAVID FERRIE was the head of this unit. FERRIE also asked Mrs. MC COY whether the name of OSWALD was familiar to her.

Mr. MC COY said that he had not returned FERRIE's call but that in conversations with his wife, it was her impression that FERRIE was seeking information about OSWALD and photographs of OSWALD to show that he was not acquainted with OSWALD.

Mr. MC COY said that to the best of his recollection, OSWALD never attended any Civil Air Patrol meeting at the New Orleans Airport nor did he ever meet OSWALD.

W. HARDY DAVIS, 3044 Louisiana Avenue Parkway, advised that early in the evening of Saturday, November 23, 1963, he had had a discussion of DAVID FERRIE with JACK MARTIN at the latter's home, and the discussion speculated on the possibility that FERRIE might have had something to do with killing President KENNEDY, as they both knew that FERRIE was a gun fancier, and MARTIN had recalled seeing a picture of a rifle allegedly used to kill President KENNEDY, which MARTIN thought was similar to the rifle he had seen in FERRIE's possession several years ago. It was also mentioned by MARTIN that FERRIE had once discussed a short story plot which involved the shooting of the United States President.

A short while later, after DAVIS had returned home, MARTIN called him and told him that he heard a television program which had tied FERRIE in as Civil Air Patrol Instructor with LEE HARVEY OSWALD, and MARTIN told DAVIS that the television program had reported that the library card of DAVID FERRIE had been found in the possession of OSWALD in Dallas, Texas upon the latter's arrest. DAVIS advised he did not see the television program, but immediately contacted FERRIE's attorney, G. WRAY GILL, and told him what MARTIN had said. When talking to GILL, DAVIS advised he heard that FERRIE had received Cuban literature in GILL's office, and the latter confirmed this in conversation to DAVIS. DAVIS stated he did not know what literature was received or what was the nature of the literature mailed to GILL's office. DAVIS said the information regarding FERRIE's possible ownership of firearms and instruction of OSWALD in the use of firearms and a rifle scope was a matter of pure speculation on the part of JACK MARTIN, and he had no information other than MARTIN's statement to confirm these allegations,

DAVIS said that MARTIN was his source of information as to the linking of FERRIE with OSWALD. He said he himself has no direct knowledge whatever as to any association between the two men. He said he has had little or no association with FERRIE; however, he is closely associated with JACK MARTIN, who reportedly was once closely associated with FERRIE.

JACK S. MARTIN, 1311 North Prieur Street, New Orleans, La., advised that he has never heard DAVID FERRIE make a statement that President KENNEDY should be killed, or outline a means by which he could be killed. MARTIN stated he had never made a statement to anyone regarding this allegation.

He advised that over several years association with FERRIE, he has heard him state the Deputy Sheriffs in Jefferson Parish who had charged him (FERRIE) with a Crime Against Nature offense, should be killed. His remarks were made in general conversation several years ago. MARTIN stated he had never repeated these comments to anyone.

MARTIN advised he had several phone discussions with HARDY DAVIS, a bail bondsman and self-confessed homosexual, regarding a television program which mentioned the possibility that DAVID FERRIE was associated with LEE HARVEY OSWALD in the Civil Air Patrol, and MARTIN and DAVIS may have come to the conclusion that OSWALD had used or carried FERRIE's library card.

He advised he had three telephone conversations with Assistant District Attorney HERMAN KOHLMAN, New Orleans, on Saturday, November 23, 1963, in which he told KOHLMAN that FERRIE had guns similar to the type used to kill President KENNEDY that had appeared on television, and further informed KOHLMAN that HARDY DAVIS had told him FERRIE possessed Cuban propaganda literature that he kept in attorney G. RAY GILL's office in New Orleans, but GILL made FERRIE move it approximately a year ago. MARTIN said DAVIS claimed it was Fair Play for Cuba Committee literature but MARTIN did not believe it, because he knew FERRIE was active with the Cuban Front Group that was anti-CASTRO. MARTIN stated he is acquainted with the leaders of the anti-CASTRO group that were in New Orleans before the Bay of Pigs Invasion, and was aware that FERRIE was also involved with this group. MARTIN advised he talked with JERRY PHILIP STEIN to obtain the phone number of KOHLMAN, who had recently married and obtained a new phone number, and that STEIN was the former roommate of KOHLMAN.

MARTIN admitted he had talked with STEIN about FERRIE, but did not recall specifically what information he furnished STEIN.

MARTIN advised he called television station WWL, New Orleans, and told them they should contact Major PRESLEY J. TROSCLAIR of the New Orleans Police Department, who was investigating FERRIE's connection with the shooting of President KENNEDY. He made this call immediately after he had called Major TROSCLAIR and furnished him with his suspicions regarding FERRIE, based upon his personal knowledge of FERRIE and his observation of WWL-TV programs of the background of OSWALD.

MARTIN advised he received information from HARDY DAVIS that FERRIE was out of town and suspected FERRIE had gone to Texas. MARTIN made this information available to Assistant District Attorney KOHLMAN.

MARTIN further stated he considered FERRIE to be a completely degenerate person and it was his opinion that FERRIE is capable of any crime. It was for this reason MARTIN suspected FERRIE of being involved in the killing of President KENNEDY.

MARTIN advised he is a Private Investigator in New Orleans, but is not employed in this occupation at present.

MARTIN advised that he considered the possibility that FERRIE had taught OSWALD to shoot a rifle and use a telescopic sight, in that he knew FERRIE taught military training to Civil Air Patrol cadets and OSWALD was a Civil Air Patrol member. MARTIN insisted he told no one FERRIE had flown OSWALD to Dallas, Texas.

L Date November 27, 1963

G. WRAY GILL, 1705 Pere Marquette Building, advised that he has known DAVID W. FERRIE since about 1961, at which time GILL represented FERRIE in a criminal matter in Jefferson Parish, Louisiana, and in a grievance brought by FERRIE against Eastern Air Lines following his dismissal from that company. Following the latter case, FERRIE worked for GILL as an investigator and all round handyman up to the present time at $300 a month.

GILL said that FERRIE is brilliant but erratic. He said FERRIE is outspoken and appears to want to be the center of attraction. He said FERRIE has been affiliated with a local Cuban group operating out of the Balter Building. GILL is reasonably certain the Cubans were anti-Castro and were interested in overthrowing the present Cuban government. GILL believes that FERRIE's interest in this movement were probably to impress a group of young boys who run around with him.

GILL said that he has no direct knowledge whatever of any association between FERRIE and LEE HARVEY OSWALD. He said that last Saturday, November 23, 1963, he, GILL, received a call from BILL REED, WWL-TV inquiring as to the whereabouts of FERRIE. It was learned that the news media had been advised of possible involvement of FERRIE with LEE HARVEY OSWALD. GILL thereupon contacted W. HARDY DAVIS who then informed him that he had learned through hearsay when OSWALD was arrested by the Police Department in Dallas, Texas, he had in his possession a library card of DAVID W. FERRIE. DAVIS also informed him that his source of information, JACK MARTIN, also informed him that MARTIN had told the FBI and the New Orleans Police Department that FERRIE had stated, in MARTIN's presence, that KENNEDY should be killed and had outlined plans to accomplish this; also that MARTIN had tipped off the FBI, Secret Service, New Orleans Police Department and news media that he had tied FERRIE to the assassination of President KENNEDY and that FERRIE knew OSWALD, had trained OSWALD and had flown him to Dallas, Texas; also, possibly, that FERRIE had trained OSWALD in the use of foreign weapons and a rifle scope. GILL said he

is hazy as to the exact details of what he was informed by DAVIS but that the foregoing is the general nature of the information.

GILL noted that FERRIE and MARTIN were once close friends, until they got involved in a "ecclesiastical" deal wherein MARTIN was supposed to represent throughout a large territory the Holy Apostolic Catholic Church of North America. MARTIN blames FERRIE because he did not get the job and reportedly has slandered FERRIE at every opportunity.

GILL said that he went to FERRIE's residence, 3330 Louisiana Avenue Parkway, and found a young man, LAYTON MARTENS there. He informed MARTENS of the allegation against FERRIE and instructed him not to get himself involved, but to cooperate with the authorities in any manner he could as the matter allegedly involving FERRIE was very serious.

Later that evening FERRIE called him from Texas. He informed GILL that he had gone there to make arrangements for construction of a skating rink in New Orleans. FERRIE later returned to New Orleans and was arrested by the New Orleans Police Department for possible implication in the death of the late President JOHN F. KENNEDY.

GILL said that he recalled that FERRIE was in New Orleans the morning of the day President KENNEDY was assassinated. He said he recalls this date well because on that date the Federal Jury in New Orleans returned a verdict in favor of GILL's client, CARLOS MARCELLO. GILL thereupon contacted his secretary, Mrs. ALICE GUIDROZ, who stated that she was positive FERRIE was in the office at 12:15 p.m. on November 22, 1963, because he left at this time stating that he would be back at about 1:30 p.m., which he failed to do. GILL said that FERRIE had done some

investigative work in the MARCELLO case and he recalls that FERRIE and others connected with the case were at the Royal Orleans Hotel on the evening of the day President KENNEDY was slain.

GILL was shown a photograph of LEE HARVEY OSWALD at which time he advised that he does not ever recall having seen the man in person.

GILL advised that he has never heard FERRIE make any statement or remark which would indicate that his feelings against any political figure were strong enough to precipitate physical action against that figure.

LIONEL HAMPTON MITCHELL, rear apartment, Second floor, 1321 Decatur Street, New Orleans, Louisiana, advised that he is a member of the New Orleans Council for Peaceful Alternatives, and that he last attended a meeting of this organization in May, 1963, at Tulane University in New Orleans. He knew everyone at the meeting and also at previous meetings and could not recall seeing LEE HARVEY OSWALD at any of these meetings, or meeting him personally. He has had no association with OSWALD or JACK RUBY and knows nothing concerning their personal conduct or activities other than what he has read in the newspapers and heard through other news media. He further advised that the photograph of LEE HARVEY OSWALD was unfamiliar to him as well as that of JACK RUBY.

He had no personal knowledge concerning the Fair Play for Cuba Committee and said he had read of it either in the "Nation" or the "Progressive" and he knew of no organization as the Fair Play for Cuba Committee being active in New Orleans. He said he had read after the assassination of the President that OSWALD had been handing out leaflets in New Orleans for the Fair Play for Cuba Committee.

He stated that a few nights ago he had been talking with a friend, BRIAN AMPOLSK, about 20 years of age, a senior at LSU, New Orleans, majoring in philosophy and AMPOLSK said he had met OSWALD at a lecture where OSWALD had been the speaker. MITCHELL thought this would have been in April, May or June of 1963. AMPOLSK described OSWALD to MITCHELL as a "crackpot" rather than as a Marxist.

MITCHELL voluntarily furnished the following information concerning himself and stated that he "might as well tell you as you would find out about it anyway":

He said his personal philosophy is that he is opposed to an invasion of Cuba and is for disarmament.

He said at one time he almost duplicated OSWALD's actions, not in the assassination of the President, but rather he had been arrested in about November, 1962, by the New Orleans police for contributing to the delinquency of a

minor and he had become very disenchanted with America and himself, and as a result had written a letter to the Russian Embassy in either Washington, D.C., or New York City, making vague allusions that he would consider giving up his American citizenship. MITCHELL said he never wanted to be a Communist or a member of the Communist Party of the USA and said he now regrets this foolish move he had made and that he has since matured.

He received a reply to his letter which suggested to him that he apply for the student exchange program and they furnished the name of a professor at the University of Indiana who was the Administrator of the exchange program as the person to contact.

MITCHELL said he never followed up on this suggestion and did not acknowledge the letter, and as far as he was concerned it was the end of it.

In addition, MITCHELL said his friends have referred to him as a "left winger."

The following description of MITCHELL was obtained through observation and interview:

MELVIN STACEY COFFEY, 618 North Pierce Street, who is employed by Chrysler Corporation, Michoud Plant, New Orleans, Louisiana, advised that he has lived in New Orleans most of his life. COFFEY said he has known DAVID WILLIAM FERRIE for the past eight or nine years. He related that in 1953 he started hanging around the CAP Squadron at Moisant Airport, but at that time was too young to join the unit. He said that he finally joined the Moisant Squadron of CAP in early 1954 and at that time either JOE LISMAN, an employee of Delta Airlines, or a Captain YOUNG was the Commandant. COFFEY said that later, during the time he was a member of the Moisant Squadron, the Commandant changed, but he does not recall the identity of this individual.

COFFEY said that when he first joined the Moisant Squadron, the entire membership, including cadets and senior members, was small, totaling approximately 15. He said that the membership of the squadron wavered between 15 and 30 members until 1956 when it grew to 50 - 70 members. COFFEY said he left the squadron in August or September, 1957.

COFFEY said that DAVID FERRIE was never directly associated with the Moisant Squadron, but FERRIE was a member of the New Orleans Squadron at the New Orleans Airport. He advised that the only time in his recollection that FERRIE had any direct association with the Moisant Squadron, was on one weekends when FERRIE coordinated a bivouac.

COFFEY stated that he entered the U. S. Army in November, 1958, and was honorably discharged in February, 1962, and that during the time he was in the service he saw DAVID FERRIE only on occasions when he was home on leave.

COFFEY said beginning in February, 1962, he started visiting DAVID FERRIE's home about once a month and during the intervening year it has finally built up to the point where in the past six or seven months he has visited FERRIE's home approximately two or three times each week. COFFEY stated that he does not recall anyone by the name of LEE HARVEY OSWALD as a member of or attending any meetings or activities of the Moisant Squadron of CAP. A photograph of LEE HARVEY OSWALD was exhibited to COFFEY at which time he advised that he does

now know OSWALD and he is unable to associate the photograph of OSWALD with any individual he knows. COFFEY further stated that he has never met anyone at DAVID FERRIE's home, nor has he been introduced to anyone by DAVID FERRIE by the name of LEE OSWALD and he has no recollection of FERRIE ever having mentioned anyone by that name. COFFEY stated that he has never met anyone at the home of DAVID FERRIE or been introduced to anyone by DAVID FERRIE by the names of V. T. LEE, O. H. LEE, ROBERT HIDELL, A. J. HIDELL, or ALEK JAMES HIDELL.

COFFEY informed that DAVID FERRIE owns a Stinson High Wing Monoplane which accommodates four passengers. He said that FERRIE's plane is located at the New Orleans Airport and to the best of his knowledge this plane has not been airworthy for quite some time. He stated that the wings of the plane needed to be re-covered. COFFEY stated that he does not know exactly the period of time FERRIE's plane has been laid up and does not recall the last time FERRIE used his plane. However, he heard ALVIN BEAUBOUEF talking about a flight he and FERRIE made around the New Orleans area either during Mardi Gras, 1963, or a year ago. COFFEY said he has never known FERRIE using his plane to fly to Cuba nor does he have any knowledge of FERRIE using any other plane for a trip to Cuba.

COFFEY stated on November 20, 1963, ALVIN BEAUBOUEF mentioned to him that he and FERRIE planned to take a trip, possibly to Houston, Texas, for the purpose of relaxing and inquired as to whether he would be interested in accompanying them. COFFEY stated that he contacted his supervisor and made necessary arrangements to make the trip with BEAUBOUEF and FERRIE. He stated that at the time they were undecided as to whether they would go to Houston, Texas, or to Florida. However, DAVID FERRIE and BEAUBOUEF were particularly interested in ice skating and for that reason they were in favor of going to Houston, Texas. COFFEY said that to the best of his knowledg DAVID FERRIE placed a call to an ice skating rink in Houston, Texas, on Thursday night, to determine whether there was an ice skating rink in Houston and whether it was open at that time.

COFFEY stated that FERRIE picked both he and BEAUBOUEF up on Friday evening, November 22, 1963, and they left New Orleans in FERRIE's Comet station wagon and droved to John Paul's Restaurant in Kenner where they ate supper. He said they left Kenner between 9:00 and 9:30 PM that night and traveled by way of Baton Rouge, Lafayette, Lake Charles and on to Houston, Texas.

COFFEY stated that they arrived in Houston, Texas, at approximately 4:30 AM, November 23, 1963, and checked into the Altamotel. He stated that they did not leave the motel that morning, but retired shortly after their arrival. He stated that to the best of his recollection, they arose at approximately 2:00 PM and that the three of them went to Sears, Roebuck and Company where they purchased jackets and sweaters. COFFEY stated that they then went to Winterland Skating Rink where they went ice skating for a while and later contacted the owner of the skating rink. COFFEY related that FERRIE was interested in the possibility of opening a skating rink in New Orleans and talked to the owner of the Winterland Skating Rink concerning the cost of installation and operation of a skating rink.

After leaving the skating rink, they returned to the motel where they remained until approximately 7:30 or 8:00 PM, at which time they checked out. They stopped to eat at an unknown restaurant and then proceeded to Galveston, Texas. He stated that they arrived at Galveston, Texas, at approximately 11:00 or 11:30 PM and checked into the Driftwood Motel and retired for the night.

COFFEY stated that they arose early on the morning of November 24, 1963, and after having breakfast, drove to Port Arthur, Texas. He said that they purchased a set of spark plugs for the Comet station wagon at an unknown service station in Port Arthur, Texas. They then drove through Orange, Texas, and after crossing the Louisiana State Line, stopped at a bar and restaurant operated by an individual known only to him by the name of BUSTER. COFFEY said that FERRIE knew BUSTER and that after FERRIE had conversation with BUSTER of approximately one-half hour, they proceeded to Alexandria, Louisiana.

NO 89-69
ECW:cgw
4

COFFEY stated that ALVIN BEAUBOUEF had relatives in Alexandria and that they planned to "socialize" while in Alexandria and then return to New Orleans. He said that after arriving in Alexandria, DAVID FERRIE attempted to contact Attorney G. WRAY GILL, but was unsuccessful in contacting him. FERRIE then called his home and learned from LAYTON MARTENS that allegations had been made involving FERRIE in the assassination of President KENNEDY. COFFEY said that after learning this, they immediately returned to New Orleans and that on arrival in New Orleans FERRIE dropped him at his home.

COFFEY stated that he has never heard DAVID FERRIE make any statement that he thought President KENNEDY should be killed and has never heard him outline any plans or make any comments as to how this could be done or how should do it.

She enclosed a letter she had received from a Mrs. RUTH PAINE, Irving, Texas, which asked for assistance to Mrs. LEE OSWALD. The letter also mentioned that Mrs. PAINE had called Mrs. RUTH KLOEPFER about Mrs. OSWALD, so he talked to Mrs. KLOEPFER about the matter. Mrs. KLOEPFER said she had already talked with the OSWALD family once and would do so again, taking along her two daughters who could speak Russian. He pursued the matter no further and never met the OSWALD family. He said he knew of no one in his Church other than Mrs. KLOEPFER, who knew the OSWALD family or ever talked to them.

BRIAN AMPOLSK, 1418 Haring Road, Metairie, Louisiana, appeared at the New Orleans Office on November 29, 1963 and furnished the following information:

He met LEE HARVEY OSWALD one or two days before OSWALD was arrested for handing out literature of the Fair Play for Cuba Committee on Canal Street, in New Orleans. AMPOLSK described his conversation with OSWALD as one dealing with the situation in Cuba. He said that he and OSWALD merely spoke in a general way concerning this situation. He recalled that he did not agree with OSWALD's views concerning Cuba and described OSWALD as a member of the "fanatic fringe". He advised that he considered all members of the Fair Play for Cuba as members of the "fanatic fringe". While he was conversing with OSWALD, he was aware that there were one or two other persons also handing out literature, but he paid no attention to them and does not recall what they looked like. He said that he had not known OSWALD before this chance meeting and had no contact with him after this meeting. He advised that he would not have remembered OSWALD at all unless the shooting of the President occurred. He said he was not too impressed with OSWALD and felt that OSWALD was not a sincere Marxist. In his opinion, OSWALD only wanted attention, which may have been due to the fact that his father died when he was very young. AMPOLSK stopped to talk with OSWALD while OSWALD was passing out literature on Canal Street. He was not introduced to OSWALD by anyone.

AMPOLSK said that OSWALD was bitter about the U.S. Blockade of Cuba in late 1962 and that he agreed with him, but he was not bitter in his attitude as OSWALD was. He said that he could not recall any more concerning his conversation with OSWALD as the whole conversation only lasted about five minutes.

AMPOLSK defined "fanatic fringe" as those persons who lose sight of definite goals because their thinking becomes warped by hatred.

PAUL EDWARD MURPHY, 1706 South Evergreen Street, Apartment C, Santa Ana, California, advised as follows:

MURPHY is employed as a planner by the Hughes Aircraft Corporation, Ground Systems Division, Fullerton, California. MURPHY was in the U.S. Marine Corps from June, 1956, to September, 1959.

While stationed at Atsugi, Japan in mid 1958, MURPHY was assigned to Marine Air Control Squadron-1 (MACS-1). LEE HARVEY OSWALD was also assigned to MACS-1 and was a Private First Class Radar Operator. MURPHY got to know OSWALD casually as a military acquaintance for about two or three months but did not know OSWALD well personally. OSWALD was a very self-contained individual and had no close friends or associates. When he went on liberty he went by himself. At this time, OSWALD was reportedly studying Russian. The reason OSWALD studied Russian is unknown to MURPHY.

OSWALD was exceedingly resentful of any authority and seemed to resent being ordered around by anyone. He followed orders however, and seemed resigned to serving his time in the Marine Corps. MURPHY has no recollection that OSWALD ever made any threats against his superiors or anyone else. OSWALD did not normally expound his political or ideological views; however, on one occasion in a general discussion in the barracks in Japan, OSWALD expressed pro CASTRO views. MURPHY could not now recall any exact expressions of OSWALD. MURPHY, to his recollection, stated that OSWALD seemed very intense in his convictions.

One night in the barracks in Japan, MURPHY heard a shot in an adjoining cubicle. MURPHY rushed into the cubicle to find OSWALD sitting on a foot locker looking at a wound in his left forearm. MURPHY excitingly asked what had happened and OSWALD very unemotionally replied, "I believe I have shot myself". OSWALD at that time was in possession of a small caliber Derringer type pistol which he was not authorized to possess. Some official investigation was made of this incident, the results being unknown to MURPHY.

LA 89-75
JEM:ism

In late 1958, MACS-1 was transferred to Formosa. MURPHY remained behind in the brig serving a 90 day sentence imposed on him by a Court Martial for wrongful appropriation of a camera.

In early, 1959, MURPHY returned to the United States and was assigned to Marine Air Control Squadron - 9 (MACS-9) in the Marine Corps Air Facility, Santa Ana, California. Shortly thereafter, OSWALD joined MACS-9 and again MURPHY knew OSWALD slightly until MURPHY got out of the Marines in August, 1959. While at the Marine Corps Air Facility in Santa Ana, OSWALD again had no close friends or associates. MURPHY said that while at the Marine Corps Air Facility in Santa Ana, OSWALD received a paper believed by MURPHY to be "The Worker". He also received other literature of a Socialist nature, the names of which are unknown to MURPHY. OSWALD's receipt of this literature was well known to personnel in the squadron. It was also common knowledge that OSWALD was interested in the study of the Russian language.

While in the Marine Corps Air Facility in Santa Ana, OSWALD lived in small quonset hut barracks with about four other men in his part of the hut. MURPHY said he believes the men who resided with OSWALD were BOB ALLEN, who was from near Providence, Rhode Island, and NEIL D. TESSEM, who was from Oregon, and a DONALD OSBORNE who was from Lubbock, Texas. MURPHY heard that OSBORNE had gone to Texas Tech in Lubbock, Texas, and intended to return to school there after getting out of the Marine Corps. MURPHY could furnish no further identifying data concerning ALLEN or TESSEM or their present whereabouts.

The following investigation was conducted by SAs JEROME E. MEINERT and PHILIP P. HANLON at Santa Ana, California:

BUDDY ALLEN SIMCO was located at 426 Linwood Street, Santa Ana, on November 25, 1963, and advised that in early 1958 he was in the U. S. Marine Corps Air Control Squadron (MACS) #9 at the Marine Corps Air Facility (MCAF), Santa Ana, California, as a radar operator but worked at the Squadron Office in General Administration. He advised there were about 80 men in this unit and that LEE HARVEY OSWALD was in S-3 Operations Unit of MACS #9 as a radar operator. He advised he was not a personal friend of OSWALD's and could not recall any conversations with him. He added, however, it was common knowledge in their unit that OSWALD was studying Russian at that time, reason unknown to SIMCO.

He related OSWALD allegedly had a fair knowledge of Russian and at one time he witnessed OSWALD practicing Russian on a tape recorder. He stated he vaguely recalled that OSWALD subscribed to some Russian literature in the Russian language but could not be more specific in this regard.

SIMCO stated OSWALD received this literature which was mailed to him through Squadron S-3 Operations Office and that a Lieutenant MICHAEL DE PADRO of this unit was upset by the literature OSWALD was subscribing to and asked him why he did subscribe to this literature. SIMCO stated it was reported to him that OSWALD told the Lieutenant that it was just to practice Russian and added that DE PADRO's present whereabouts is not known to him, SIMCO.

SIMCO described OSWALD as a self-contained, self-sufficient individual who lived unto himself and appeared to have no close personal associates.

In July, 1959, SIMCO related that he, SIMCO, went to Japan with another Marine KERRY W. THORNLEY and while there SIMCO recalled reading an article in the "Stars and Stripes" Service newspaper, in early 1960 which said something like "L. H. OSWALD, the former Marine, had gone to Russia to defect or to give up his U. S. citizenship." THORNLEY at that time indicated he had known OSWALD in MACS # 9 at the MACF, Santa Ana, but apparently did not know him any better than SIMCO.

THORNLEY appeared very interested at this time as to why OSWALD went to Russia. SIMCO related THORNLEY got out of the Marine Corps in 1960 and resides at 1824 Dauphin Street, New Orleans, Louisiana. SIMCO did not know whether THORNLEY and OSWALD had any contact in New Orleans, [illegible]

SIMCO stated that his friend, LARRY DAWSON, has a brother, JAMES W. PRITCHETT, a patrolman on the Dallas or Grand Prairie, Texas, Police Department. SIMCO stated he called PRITCHETT Saturday, November 23, 1963, and furnished him with his above information of OSWALD.

SIMCO stated another individual who may have known OSWALD in MACS #9 is ERWIN DON LEWIS, 9682 Mystic Lane, Anaheim, California, but he, SIMCO, could furnish no further information.

LA 89-75
SJS:ML

On November 25, 1963, Mr. ERWIN DONALD LEWIS, 9862 Mystic Lane, Anaheim, California, (774-2503), advised SA SAM J. SHOEMAKER as follows:

During 1958 and 1959, he had been a sergeant assigned to Marine Air Control Squadron 9, Marine Corps Air Facility, Santa Ana, California. In approximately October or November, 1958, LEE HARVEY OSWALD was transferred to this unit from Japan, from then until June, 1959, when he (LEWIS) was discharged, they knew one another casually as working acquaintances.

OSWALD, who was a radar operator, was an introvert. He was very quiet, kept to himself, and did not appear to have any close friends, and very seldom left the base. It was a matter of common knowledge among squadron members that he could read, write, and speak Russian, and that he read the "Daily Worker."

A Lieutenant MICHAEL DE PADRO (ph.), location unknown, assigned to Control Squadron 9, questioned OSWALD about his interest in reading the "Daily Worker." DE PADRO later told him (LEWIS) that OSWALD's answer was that he was interested only because he understood the Russian language, and was therefore interested in Russian affairs and Russian history.

ALLEN D. GRAF, ASSOCIATE OF LEE HARVEY OSWALD

AT BUFFALO, NEW YORK

The following investigation was conducted by SA BIRL WILSON:

At 9:45 P.M., November 24, 1963, ALLEN D. GRAF, 31 East Utica Street, Buffalo, telephonically contacted the Buffalo Office and stated he desired to see an agent.

GRAF was interviewed at his residence the evening of November 24, 1963. At the time of Agent WILSON's arrival, GRAF's wife said she was fixing some food for GRAF to "sober him up." GRAF admitted he had been drinking.

GRAF advised that from 1948 to 1961 he served in the United States Marine Corps. At time of discharge he held the rank of Corporal E-4. His service number was 1071533. He is presently unemployed, but formerly worked as a salesman for the Tilo Company, 23 Dick Road, Depew, New York.

GRAF advised that for a period of six to eight months during 1956 and 1957 he was stationed with Marine Air Control Group #3, El Toro, California, as Platoon Sergeant. One of the members of his unit was Private First Class LEE HARVEY OSWALD, then a radio operator of Marine Air Control Group #3. GRAF said that OSWALD talked with him several times about gripes he had about the service and expressed himself as disliking military authority and rank, claiming he could not see any reason for it. He stated OSWALD appeared disorganized in his thoughts, was not rational and, according to GRAF, talking to OSWALD was like "talking to a stone wall." OSWALD always seemed to rebel when given an order, but if the order was given in the form of a request he would cooperate. OSWALD did not have any close friends in the group and stayed by himself most of the time. Whenever the men started discussions in the barracks OSWALD would get up and walk out. GRAF advised that on one occasion he asked OSWALD why he had such a bad attitude toward military service and OSWALD's reply was, "My mother had such a tough time during the depression." He made no further explanation, and did not discuss his home life. In conversations which GRAF had with OSWALD, there was no indication by OSWALD that he favored Communism or disliked the capitalist system. GRAF considered OSWALD's gripes as being similar to those of other men in the service.

GRAF advised that he gave a taped interview to WKBW-TV, Buffalo, concerning the above, and also that an interview with him regarding his observations concerning OSWALD by a reporter of the Courier-Express, a Buffalo daily newspaper, appeared in the November 23, 1963, issue of the paper.

;RMM

GRAF said that in view of newspaper reports that OSWALD spent three years in Russia, he is of the opinion OSWALD was trained by the Russians as an assassin and was given the assignment to return to the United States and assassinate President KENNEDY. As a result of conversations with OSWALD, GRAF does not believe that OSWALD is intelligent enough to have figured out a plan for the assassination of President KENNEDY and that the assassination was planned by some other person or persons. GRAF stated the above is only an assumption on his part and that he does not have any information to substantiate his allegation.

GRAF advised that he had attended firearms training with OSWALD and others when stationed at El Toro and that at that time OSWALD was rated a marksman. GRAF felt that with additional training OSWALD could easily qualify for expert, and therefore, would be capable of carrying out the plan for President KENNEDY's assassination.

GRAF said that if his theory is true he feels that possibly his life or the life of his family is in danger because of observations concerning OSWALD which he furnished TV newspaper reporters. He said he was giving consideration to purchasing a firearm of some type for protection and requested advice as to his taking such a precaution.

He was told that no advice could be given to him concerning any measures he regarded as necessary for his protection, but that should he acquire any firearms he should comply with existing state and local regulations regarding the acquisition and maintenance of personal firearms.

GRAF advised that he has had no contact with OSWALD since leaving El Toro in 1957.

The Buffalo Courier-Express, November 23, 1963, issue carried the following article:

"LOCAL MAN KNEW OSWALD AS 'HATER'
IN MARINES"

"Lee H. Oswald, arrested in Dallas, Tex., in the aftermath of President Kennedy's assassination, was described here Friday as 'a lonely, introverted, aloof boy' by Allen D. Graf, of 31 W. Utica St., who served with Oswald in the Marine Corps.

"'He always said he hated the outfit,' Graf recalled. 'And he said he was bitter about the tough time his mother had during the Depression.'

"'We all thought it was the usual gripes of a man in the service,' Graf added.

"Graf said he and Oswald served in the same Marine unit at El Toro, Calif., in 1954-55.

"'He was somewhat of a problem boy then,' Graf said.

"Recognized His Picture

"Oswald stayed by himself much of the time, seeming reticent and indifferent, Graf said, but never openly spoke against the country or the President at that time.

"Graf said he thought it was the same Oswald when early reports of the arrest were made, 'but I was positive when I saw his picture in The Courpier-Express.'"

Mrs. VERNA DEANE BROWN, 2316 Rose Hill Drive, Alexandria, Virginia, advised as follows:

In March, 1960, she traveled to Moscow, Russia, with her husband, G. STANLEY BROWN, who is employed by the U. S. Department of Agriculture.

After arriving in Russia, in March, 1960, she obtained employment in the Consular's Office of the American Embassy in Moscow as a secretary.

She recalled reading from the files in the Consular's Office of the American Embassy regarding one LEE HARVEY OSWALD having come to Russia from the United States and subsequently denouncing his American citizenship, turning in his American passport and requesting Soviet citizenship.

She further recalled that there followed a number of letters between OSWALD and the U. S. State Department regarding OSWALD desiring to return to the United States.

She recalled that OSWALD visited the American Embassy in Moscow on at least two occasions. She never interviewed OSWALD in an official capacity, but did carry on social conversation with OSWALD on the visits to the American Embassy in Moscow. She recalled that OSWALD was considered "an immature kid" by the employees of the Consular's Office of the American Embassy.

She left Moscow previous to the time that OSWALD was successful in returning to the United States; that it was her understanding that the U. S. State Department had agreed to return OSWALD to the United States under the cheapest mode of transportation.

Miss VEREEN ALEXANDER, 101 Montrose Drive, advised that while she attended Sophie Newcomb College, Girls' Division, Tulane University, New Orleans, Louisiana, she met JOHN BASS, 2225 Jena Street, Apartment C; ED CLARK; AL PECCARERO (phonetic); and LIONEL HAMPTION (last name not certain).

On an average of once per week during the past year the above group discussed politics at the University Center at Tulane University. On May 23, 1963, the discussion concerned the attempted assassination of President DE GAULLE of France, with the conversation shifting to the question as to how one would go about the assassination of the President. President KENNEDY's name was not mentioned in the discussion.

Miss ALEXANDER advised that the above listed four individuals have strong Marxist and Pro-Cuban feelings.

Miss ALEXANDER said that she, along with ROBERT HOFFMAN, published a newspaper called "The Reed," which she described as "a very liberal paper."

She advised that ROBERT HOFFMAN's brother, DAVE HOFFMAN, held a party during the summer of 1963 in his apartment near Slogan's Bar in New Orleans. At his party BASS, CLARK, PECCARERO and HAMPTION were present, along with PATTY HAHN, BEN HOGAN and others. Miss ALEXANDER had the strong belief that LEE HARVEY OSWALD was also possibly present at this party.

She stated that PECCARERO is a leader or a member of a local Socialist group in New Orleans.

Norman, Oklahoma

PAUL GREGORY, 1318 1/2 Garfield Street, advised he is a graduate student at the University of Oklahoma, Norman, Oklahoma, and is majoring in the Russian Department. GREGORY stated that in approximately June, 1962, LEE HARVEY OSWALD contacted GREGORY's father, PETER PAUL GREGORY, 3513 Dorothy Lane South, Fort Worth, Texas. GREGORY explained that his father is a native of Russia and teaches Russian classes in the Public Library of Fort Worth, Texas, and OSWALD contacted Mr. GREGORY in order to obtain a letter of proof from Mr. GREGORY that he, OSWALD, was proficient in the Russian language. GREGORY stated that at that time he was studying Russian affairs in college and when he learned of OSWALD's contact with his father and the fact that OSWALD had recently returned from Russia, he made arrangements to meet OSWALD and his wife who were then staying at the home of OSWALD's brother, ROBERT OSWALD, in Fort Worth.

After meeting LEE and MARINA OSWALD, GREGORY suggested to them that the three of them have frequent meetings during the summer school and vacation months in 1962, in order that GREGORY might learn more of the Russian language and further his knowledge in Russian, which he felt would be of assistance to him in school. These informal meetings were set up as lessons and in about August or early September, 1962, GREGORY paid MARINA OSWALD $35 for these lessons.

GREGORY stated on each occasion when he was at OSWALD's residence, both LEE and MARINA OSWALD were present and the three of them engaged in general conversation. The conversation often dealt with political affairs and OSWALD often expressed his feelings of dissatisfaction with both the American system and the Russian system of government. GREGORY stated at that time he felt that OSWALD was most critical of the Russian government. OSWALD also made the statement several times that he did not feel the world situation was due to the people in the world but was caused by the leaders of the various countries. At no time, however, did he specifically indicate any particular dislike for Premier KHRUSHCHEV or President KENNEDY.

GREGORY further advised that during his contacts with OSWALD, OSWALD had at no time made any mention of any organizations and from all information available to GREGORY, OSWALD was strictly a loner, did not associate with other persons, and was not affiliated with any organization of any type. GREGORY stated the only friends OSWALD had ever mentioned, whose names GREGORY did not recall, were persons in Russia with whom OSWALD was then corresponding. GREGORY added however, that at the time, OSWALD had just returned from Russia and the correspondence with the Russian citizens apparently had been some of OSWALD's associates in that country. GREGORY stated he knew of no associates whatsoever of LEE or MARINA OSWALD in the United States.

GREGORY was asked if OSWALD had ever expressed any indication of possible violence and GREGORY advised that he considered OSWALD a quiet individual and one who would never commit an act of violence. He stated he was completely shocked when he learned that OSWALD was involved in the assassination of President KENNEDY.

GREGORY stated that he has never heard OSWALD mention JACK RUBY and to the extent of his knowledge, OSWALD was not associated with any persons who would likewise be associated with RUBY. GREGORY added that OSWALD was not known to drink, spent most of his time at home, and to the extent of his knowledge, did not associate with any other women. GREGORY stated that OSWALD had never mentioned guns to him nor had he, GREGORY, ever observed any guns in OSWALD's possession.

GREGORY stated he was unable to furnish any additional information concerning OSWALD but in the event the FBI had any further questions for him at a later date, he would be glad to cooperate with the FBI in any way possible.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORT

Date 11/27/63

SPAS THEODORE RAIKIN, Assistant Professor, Social Science Department, Rio Grande College, Rio Grande, Ohio, was interviewed at his residence.

Mr. RAIKIN said that he was a case worker for Travelers Aid in New York City in 1962 and resigned in September of 1963. He worked under the supervision of Mrs. EDNA NORMAN, 204 E. 39th Street, New York City.

On Friday, November 22, 1963, he saw a television program concerning the assassination of the Late President KENNEDY and during the program, observed a picture of LEE OSWALD and recalled that he had talked with OSWALD when he, RAIKIN, worked as a case worker.

As Mr. RAIKIN now recalls, he was assigned by Mrs. NORMAN to meet the Holland-American Ship "Maasdam", which docked at Hoboken, New Jersey. In his capacity as a case worker, he regularly met persons arriving on ships who needed financial assistance and OSWALD was in this category. It is his recollection that OSWALD came to the attention of Travelers Aid from the Health, Education and Welfare Department, who probably learned of OSWALD through the State Department of the United States.

Mr. RAIKIN went to the Holland-American Pier in Hoboken, New Jersey, on June 13, 1962, which date he learned from the television program, where he boarded the above referred to ship, "Maasdam". As was his custom, he immediately went to the Immigration and Naturalization Service to request them to refer OSWALD to him. At that time, he learned that OSWALD had already been cleared since he was a citizen of the United States. He next attempted to contact OSWALD by having him paged some three or four times over a period of approximately one hour over the ship's paging system. He feels confident that OSWALD heard the paging but OSWALD did not respond and he does not know why. . . Being unsuccessful in locating OSWALD through this medium, he next went to the Customs baggage collection point, where the baggage is assembled alphabetically, and located

OSWALD's baggage, where he waited until OSWALD arrived with his wife and child. Mr. RAIKIN said that he spoke to OSWALD's wife in Russian, which language RAIKIN speaks, and that she greeted him, but that she stayed in the background and did not speak further. He then talked with OSWALD and recalls asking him why he returned to the United States and OSWALD replied in general terms something that now Mr. RAIKIN recalls as having to do with OSWALD being disillusioned with life in Russia. This point was not pursued further. Mr. RAIKIN said he was primarily concerned with furnishing OSWALD financial assistance to his destination, which he now recalls to have been Ft. Worth, Texas, where he was to live with his mother or brother. OSWALD told RAIKIN that he had some money, but not sufficient to get to his destination. Mr. RAIKIN did not recall the amount, but said that a reporter from "The New York Times" had suggested to him the amount of $46.00, which he feels is possibly accurate.

He filled out his reports and assisted OSWALD and family to board the Holland-American Boat, which took them from the Pier in Hoboken, New Jersey, to the Port Authority Building in New York City, where they were met by his fellow case worker, Mr. F'PIERRE. He believes that Mr. F'PIERRE would then have either taken or arranged for transportation of the OSWALDS to the New York City Welfare Department.

Mr. RAIKIN said that he made a complete report at that time, he feels certain, and that this report would be on file at the Travelers Aid Office at the above address. As he recalls, the reports are normally destroyed after one year except in special cases and he believes that this was that type of case since it was referred to Travelers Aid by the Health, Education and Welfare Department, and that this report should still be on file.

Mr. RAIKIN never met or heard of OSWALD prior to the date on which he met him at the Hoboken, New Jersey, Pier, never saw him or heard of or from him since that time. He does not know any members of his family or any of his associates, nor does he have any information concerning the political affiliations or philosophy of OSWALD.

Airman Second Class PALMER E. McBRIDE was interviewed at Air Police Headquarters, Patrick Air Force Base, Florida, and furnished the following signed statement:

"Patrick Air Force Base,
Florida
November 23, 1963

"I, PALMER E. McBRIDE hereby furnish the following free and voluntary statement to JOHN R. PALMER who I know to be a Special Agent of the FBI. I have been advised that this statement can be used in a court of law. No threats or promises have been made to me.

"I was born on November 29, 1937, at New Orleans, Louisiana. I enlisted in the United States Air Force on November 25, 1960, and since June 15, 1961, I have been assigned to Patrick Air Force Base, Florida. I am presently an Airman Second Class assigned to the 6550th Maintenance Group with Air Force Serial Number AF 25589222.

"In about June, 1955, I went to work as a dental messenger for the Pfisterer Dental Laboratory Company in the 200 block of Dauphine Street, New Orleans, Louisiana. In about December, 1957, a young man named LEE OSWALD was employed in the same capacity. Because we both enjoyed classical music I invited him to my home at 1416 Baronne Street, New Orleans, and he did visit my home perhaps two or three times. I was living with my parents at that time, and during his visits we would listen to records in my room.

"During his first visit to my home in late 1957 or early 1958 the discussion turned to politics and to the possibility of war. At this time I made a statement to the effect that President DWIGHT EISENHOWER was doing a pretty good job for a man of his age and background, but that I did feel

more emphasis should be placed on the space program in view of Russian successes. OSWALD was very anti-Eisenhower, and stated that president EISENHOWER was exploiting the working people. He then made a statement to the effect that he would like to kill president EISENHOWER because he was exploiting the working class. This statement was not made in jest, and OSWALD was in a serious frame of mind when this statement was made.

"LEE OSWALD was very serious about the virtues of Communism, and discussed these virtues at every opportunity. He would say that the capitalists were exploiting the working class and his central theme seemed to be that the workers in the world would one day rise up and throw off their chains. He praised KRUSHCHEV's sincerity in improving the lot of the worker.

"In early 1958 I took OSWALD with me to a meeting of the New Orleans Amateur Astronomy Association at the home of WALTER GEHERKE, 208 Hector Ave., Metairie, Louisiana. This meeting was presided over by the Association president, WILLIAM EUGENE WULF, JR., 2107 Annunciation Street, New Orleans. At this meeting I recall that Mr. WULF told OSWALD that if he liked Russia so damn much why didn't he go over there. I do not know what OSWALD had said to bring forth this remark from WULF.

"On one occasion I took OSWALD to the WULF residence. OSWALD and Mr. WILLIAM EUGENE WULF, SR., a naturalized citizen of German origin, argued because OSWALD was telling him of the glories of the Worker's State and saying that the United States Government was not telling the truth about Soviet Russia.

"In another conversation OSWALD stated to me he was not a member of the Communist Party but he suggested that both of us should join to take

advantage of their social functions. I did not join the Communist Party, but I do not know whether he did or not.

"During the period I knew OSWALD he resided with his mother in the Senator Hotel or a rooming house next door to the Senator Hotel in the 200 block of Dauphine Street, New Orleans. I went with him to his room on one occasion, and he showed me copies of 'Das Capital' and the 'Communist Manifesto'. OSWALD stated he had received these books from the public library, and seemed quite proud to have them.

"In April or May, 1958, OSWALD stated he was moving to Ft. Worth, Texas, with his mother. In about August, 1958, I received a letter from him saying he was employed as a shoe salesman in Ft. Worth. In this letter he also stated he had gotten mixed up in an anti-Negro or anti-Communist riot on a high school grounds in Ft. Worth, Texas. OSWALD did not elaborate on this statement.

"I did not answer this letter, and I have not had further contact or communication with OSWALD.

"On the evening of November 22, 1963, I heard a radio commentator state that LEE OSWALD had been arrested as a suspect in the assination of President J. F. KENNEDY. Upon hearing the name I recalled my association with a LEE OSWALD in New Orleans, and upon seeing a full face photograph of LEE HARVEY OSWALD in the November 23, 1963, issue of 'The Miami Herald' newspaper I am now quite certain that they are one and the same individual. I particularly recall the large ears, the mustache, and the receding hairline.

"I also recall that OSWALD made statements favoring Russia and Communism to other employees at the Pfisterer Dental Laboratory Company. I do not recall specific statements but his central theme always concerned the workers throwing off their chains.

"I have read and initialled each page and all corrections on this six page statement. I declare that it is true and correct to the best of my knowledge and belief.

"/S/ PALMER EDWIN McBRIDE

"Witness:

"/S/ WILLIAM J. SIMS, S/A, OSI, 23 Nov 63

"/S/ JOHN R. PALMER, Special Agent, FBI
Cocoa, Florida, November 23, 1963."

Airman McBRIDE said he made no report of OSWALD's statement concerning President EISENHOWER to any law enforcement agency. McBRIDE now assumes that at the time he felt the statement was made by OSWALD to emphasize his anti-EISENHOWER feelings and not made in the nature of an actual threat on the life of the President.

McBRIDE stated that Mr. LAWRENCE WILLIAMSON, Bookkeeper, and Miss AMELDA (Last Name Unknown), Secretary at Pfisterer Dental Laboratory Company, would probably recall remarks made by OSWALD favoring Russia and Communism. Other company officials or employees named LEVEQUE, CAGLE, BISCHOFF and KLIEN would probably recall his remarks. He also stated that he was not acquainted with OSWALD's close associates and never attended any type of meeting with him except the one meeting of the Astronomy Association.

LILLIAN LANGENSTEIN, 423 State Street, advised that she is bookkeeper at Crescent City Garage, 618 Magazine Street, and that while several of the employees of the Reily Coffee Company, next door, come to the garage to get soft drinks and read magazines during their lunch hours, she has no recollection of ever having observed an individual who resembles the photograph of LEE HARVEY OSWALD. She advised that the name OSWALD and the name HIDELL is not familiar.

She stated that she recalls a young man who patronizes the garage by the name GIBSON, who either works for the Border Patrol or the Harbor Patrol, who has a wife who is blonde and is definitely of German descent. This German woman speaks very little English and has a baby girl and are probably the individuals referred to by her employer as coming to the garage office about two months ago. She advised that she conversed with GIBSON about ten days ago and he at that time stated that the little girl was quite ill. She said GIBSON does not resemble the photograph of LEE HARVEY OSWALD.

JESSE PATRICK McNEIL, 4424 South Rocheblave Street, New Orleans, Louisiana, advised he is employed at the Crescent City Garage, 640 Magazine Street, New Orleans, on alternate Saturdays only at which time he relieves the owner, ADRIAN ALBA. He advised a number of magazines are maintained in the lobby of the office for the use of customers. About 9:00 A.M., November 23, 1963, a lone white male in his early 20's, short and of average build, came to the office and told McNEIL, "Im one of ADRIAN's very best friends." and wanted to borrow some sports magazines. McNEIL stated he went back to work at the desk behind the counter which blocks his view of the magazine table, after telling the man to help himself and knows nothing further about what happened. He stated the man did not ask for any particular magazine or any particular type of magazine and only remained in the office at most two minutes and certainly did not have time to search through any number of magazines and asked no questions about them. He stated he did not recognize the man as anyone he has seen in the neighborhood, but emphasized that he is only at the garage every other week and does not know many people in the area.

McNEIL said he had no further conversation with the man and did not detect any accent and could only describe him as wearing a medium gray sports coat and having black hair. He could not recall any further details or description. He said he would not be able to identify this man if he were to see him again.

Mr. McNEIL advised that he knows no one by the name of LEE OSWALD or HIDELL and recalls an FBI Agent making inquiry about OSWALD on November 23, 1963, but the man he had just mentioned above had visited the garage prior to this interview and he did not attach any significance to it until he had had an occasion to discuss it with ADRIAN.

Mr. ADRIAN T. ALBA, residence 624 Focis Street, Metairie, Louisiana, advised that he owns and operates the Crescent City Garage, 618 Magazine Street, New Orleans, Louisiana.

Mr. ALBA advised that he knew LEE OSWALD while OSWALD was employed at the William B. Reily and Company, Inc. next door to his garage. He stated that employees of the latter company would occasionally get cold drinks from the dispensing machine at his place of business and would sit in the waiting room of his office, drink their soft drinks and look at magazines which he maintained there. He explained that he, ALBA, was a gun collector and recalled that OSWALD showed an intense interest in guns and talked freely about guns. He stated OSWALD seemed to have quite a good knowledge of firearms. He recalled that on one occasion, the exact date of which he could not set, he had ordered a carbine from the National Rifle Association at a cost of $30.00. In discussing this, OSWALD wanted to know if ALBA could get one for him also. Mr. ALBA stated he advised OSWALD that he could get this gun at this price as a member of the National Rifle Association and each member was allowed to purchase only one. He continued that OSWALD told him to go ahead and get the carbine and that he, OSWALD, would make an offer on the gun that Mr. ALBA could not afford to turn down.

Mr. ALBA stated he did not sell this or any other gun to OSWALD nor has he ordered a gun of any type for OSWALD.

He further recalled that OSWALD showed an intense interest in a Japanese rifle that Mr. ALBA had had customized as a part of his gun collection. He recalled that OSWALD was interested in the number of inches that had been cut from the barrel of this gun and was interested in the twist of the rifling. Mr. ALBA pointed out that he usually cleaned his guns at his office to avoid any accident to his children at home, and this is why OSWALD knew of his guns and saw some of them. He recalled that OSWALD would "bury himself" in the gun magazines kept on the coffee table in the waiting room of the garage and otherwise seemed very quiet and smug.

Mr. ALBA recalled that on one occasion, the exact date of which he could not set, OSWALD asked to borrow one of his gun magazines and took it with him. He could not identify the magazine which OSWALD borrowed recalling that OSWALD was reading it and had it open at the time he asked to borrow it. He therefore did not see the magazine cover and did not ask OSWALD which magazine he was referring to. He further recalled that a few days later OSWALD mentioned to him that he had returned the magazine indicating he had replaced it on the coffee table. Mr. ALBA stated he did not see OSWALD return the magazine or check concerning it. He advised he in fact maintained no check on the magazines which he gets by subscription and by purchase from magazine counters and keeps no track of persons who read them.

In order to determine if he was talking about the right man, Mr. ALBA checked the photograph of LEE HARVEY OSWALD in the November 23, 1963, issue of the Times-Picayune, New Orleans newspaper. Upon looking at the photograph of OSWALD who was described as being in custody at Dallas, Texas, in connection with the assassination of President JOHN FITZGERALD KENNEDY, Mr. ALBA stated that this was a photograph of the LEE OSWALD he was referring to and the person who borrowed his gun magazine.

Mr. OSWALD made available his supply of gun magazines which were maintained in the waiting room of the Crescent City Garage referred to above. These consist of the following:

June, 1963 issue of "The American Rifleman"

July, 1963 issue of "The American Rifleman"

September, 1963 issue of "The American Rifleman"

October, 1963 issue of "The American Rifleman"

CHARLES HALL STEELE, JR. appeared at the New Orleans Office November 24, 1963, in the company of his father. He stated he is 20 years of age, having been born November 5, 1943, and is a student at Delgado Trades School, and works part-time at Muller's Shell Service Station, Paris Avenue and Robert E. Lee Boulevard, New Orleans.

Tenn

STEELE stated that on Friday, August 16, 1963, he took his girl friend, CHARLENE STOUFF, 2056 Brutus Street, New Orleans, to the Louisiana State Employment Service, for the purpose of her taking a typing test in connection with her application for employment by the Orleans Parish School Board. He stated he can fix this date specifically because his father was on active duty at Fort Polk, Louisiana, returning August 10, 1963, and he, CHARLES JR., left New Orleans August 21, 1963, for a visit to Gatlinburg, Tennessee. He stated he knows that the date he went to the Louisiana State Employment Service was the Friday between August 10, and August 21, 1963. DPOB: 2/26/45 New Orleans, La

STEELE related that while his girl friend was taking the typing test, he sat in the reception room waiting for her. He noted an individual talking to various people in the waiting room and overheard him asking an unidentified individual sitting next to STEELE if this person would be interested in making about $2 by distributing some literature. The unidentified man told this person the job would require a few minutes at noon and the person sitting next to STEELE replied he had to be someplace at noon.

STEELE stated that this man who he believed gave his name as OSWALD, then approached him, STEELE, and asked if he would be interested in making $2 for about 15 to 20 minutes work distributing leaflets. STEELE stated he agreed and arranged to meet this person at noon in front of the International Trade Mart building located at Camp and Gravier Streets. STEELE stated that he, STEELE, arrived first and OSWALD walked up with the leaflets in his hand and carrying a briefcase. STEELE stated OSWALD was accompanied by another person whom he described as a white male, 19 - 20 years of age, about 6 feet, slender build, dark hair, olive complexion. He could recall no further

descriptive data and stated he would not be able to identify this person should he see him again.

STEELE related that OSWALD gave him some of the leaflets and STEELE started handing them out to passers by. He did not look at the leaflets and at the end of about 15 minutes when he had exhausted his supply, he walked back to OSWALD and OSWALD gave him some more leaflets. STEELE stated at this time he looked at the leaflets and noted that they bore wording similar to "Hands Off of Cuba".

STEELE stated he then threw the leaflets in a waste can, walked back to OSWALD and told him he wanted to talk to him. He stated that they went into the foyer of the International Trade Mart building, where he asked OSWALD if the leaflets were connected with communism. STEELE stated OSWALD repled that they were not, but that it was a group connected with Tulane University. STEELE stated he told OSWALD he did not want to have anything further do so with it, at which time OSWALD took $2 from his pocket, handed it to STEELE and STEELE walked off.

Concerning the individual who arrived at the International Trade Mart with OSWALD, STEELE stated it was his impression that this person had also been hired to hand out the leaflets since OSWALD had no conversation with this individual.

STEELE stated the name HIDELL means nothing to him and he does not recall ever having heard this name. He identified a photograph of LEE HARVEY OSWALD as being the individual for whom he distributed the leaflets.

STEELE informed that CHARLENE STOUFF, his girl friend, told him she observed motion pictures of STEELE on television during the evening of August 16, 1963, assisting OSWALD in handing out leaflets. As a result he anonymously contacted the New Orleans Office of the FBI by telephone for assistance in having the motion pictures removed from the television station. He said he was informed that the FBI had no control over the news media and as a result he contacted the television station requesting that the motion pictures not be shown.

She said that in August, 1963, exact date unknown, but believed to be a Friday, she went to the U. S. Employment Service (USES), Canal Street, New Orleans, with CHARLES HALL STEELE, JR., her boyfriend. She said he drove her there in his automobile and they arrived some time before 10:00 AM. She said her purpose in going there was to take a typing test for employment with the Orleans Parish School Board. Mr. KERRY WENDELL THORNLEY, 1824 Dauphine Street New Orleans, Louisiana, was interviewed at his place of employment, Arnaud's Restaurant, 813 Bienville Street, New Orleans, Louisiana.

He advised that he knew LEE HARVEY OSWALD for a period of three or four months in 1959 when they were both stationed at the El Toro Marine Base, which is located in California. He advised that OSWALD was a "lone wolf" type of individual who never associated with the other members of the Marine Corps and had very few close friends on the Marine Base. He never heard OSWALD discuss anything about his background or his family and believed that at that time OSWALD was single. He stated that OSWALD did express admiration for the Soviet form of Government and that he spoke Russian. He was of the opinion that OSWALD took Russian lessons in Japan during the time he was stationed there with the Marine Corps. He also said that he never heard OSWALD mention anything about going to Russia.

THORNLEY stated that he believed that OSWALD was a marksman in the use of firearms while stationed at the El Toro Marine Base, which is the lowest of the three firearms designations, they being namely marksman, sharpshooter and expert. He stated that he had heard from an unrecalled source that OSWALD had taken firearms training from a private gun club. He did not know the location of this gun club.

THORNLEY stated that his association with OSWALD was suddenly terminated at the Marine Base when one day he told OSWALD that he was "a Communist and that things would be different when the revolution came." He stated that OSWALD made the statement "not you too," and turned around and left. OSWALD never associated with him or talked to him after this incident.

One BUD A. SIMCO who was in the same outfit at the Marine Base as OSWALD, was stated by THORNLEY as an individual possibly having information regarding OSWALD and his background. He stated that SIMCO lived either on Wayfield Street or Wayfield Avenue in Orange, California, and that

he is listed in the telephone directory as B. A. SIMCO. THORNLEY stated that he believed that one of OSWALD's favorite books was "1984" which was written by GEORGE ORSWELL.

THORNLEY advised that he left New Orleans, Louisiana, on May 1, 1963, by Trailways Bus, proceeded to Whittier, California, where he visited his parents for a short period of time and then proceeded by bus to TiJuana, Mexico, Mexico City, where he stayed for a short period of time and returned to the United States by bus through Matamoros, Mexico, which is opposite Brownsville, Texas. He returned to New Orleans by bus and arrived in New Orleans on August 1, 1963. He stated that he made this trip by himself and emphatically denied that OSWALD had accompanied him from New Orleans to California or from California to Mexico. He advised he did not know OSWALD was in New Orleans in the early part of 1963 and that OSWALD had never contacted him or attempted to contact him when he was in New Orleans.

She said she did not know him well enough to even speak to him but seems to recall that he may have been in her home room as the tenth grade was set up alphabetically. She does not recall having any classes with him. She did state, however that he was always alone and did not appear to have any friends. She said she never saw him with ED VOEBEL although she was acquainted with VOEBEL during this time. She said she never heard him make any statements nor saw him do anything, nor did she ever hear anything about him which would indicate that he had any bitter feelings toward the United States or the President nor did she ever hear of him discussing Marxism or Communism. She stated she had no personal contact with him and did not know where he lived. She said the only thing she was able to recall was that he wore an old vest-type sweater all the time and she noted that she could never remember seeing him smile.

Mrs. ZIMMERMAN said he did not appear to be close to any teacher and did not participate in any athletics, clubs or any activities.

She stated that JOHNNY NEWMEYER was also in her room at Beauregard Junior High School. She said that the last she heard NEWMEYER was the operator of the Sands Lounge which is located on Jefferson Highway near the approach to the Huey P. Long Bridge. She said that he was not a social acquaintance of hers and did not appear to have any friends, except ED VOEBEL. She said there was another boy at the school named BOBBY NEUMANN who may have been an associate of OSWALD but she was not sure. She said OSWALD did not date any girls that she knew of, participated in no sports or other activities at the school and did not have a part time job. She did recall that one day at the school he had a fight. She thought this fight may have been with a boy named ROBIN REILLY who at that time resided in the French Quarter. Mrs. SMITH thought REILLY has a sister JEAN REILLY who paints for a living and who is still possibly living in the French Quarter at the present time.

Mrs. SMITH stated REILLY did not attend Beauregard Junior High School but was seen on various occasions visiting friends at the school. She recalls REILLY moved to Hollywood, California. She recalled she viewed him on the television show "George Montgomery Presents" where he played a small part as an actor. She noticed that he used his true name when the names of all the actors were given at the end of the program. Mrs. SMITH said she saw this program approximately 3 years ago.

Mrs. SMITH described OSWALD as being a rather peculiar type of individual who was a "loner" preferring not to mix with other classmates and who kept to himself. She recalled that his dress was always neat and can recall specifically him wearing a sweater-vest at practically all times, indicating to her that he came from a rather poor family. Mrs. SMITH was under the impression that OSWALD was never accepted by the other students as she can recall him at various occasions being the subject of criticism and at other times being bullied and pushed around by the boys.

Mrs. SMITH stated she could not recall OSWALD ever making any statements regarding his political affiliation nor did she recall him ever making any remarks or discuss Marxism, Communism or any other political philosophy.

Mrs. SMITH further advised that since the last time she saw OSWALD at Beauregard Junior High School, which was approximately eight years ago she has not seen nor heard of him since that time prior to reading about him in the newspapers a few days earlier. She further advised she could furnish no further information regarding possible acquaintances, associates, or other pertinent background data regarding OSWALD.

Mrs. ANNA LANGLOIS, nee Alexander, 2134 Metairie Road, Metairie, Louisiana, advised as follows:

She attended Beauregard Junior High School, 4621 Canal Street, New Orleans, Louisiana, and graduated in 1955. She recalls that she could recognize LEE HARVEY OSWALD by sight and that he attended Beauregard for one year, 1954-55, but that she was not personally acquainted with him. She had no contact with him and knew nothing concerning his personal habits and beliefs other than to say that he had no friends that she knew of. He belonged to no organizations and was not a popular individual to the best of her recollection.

Mrs. LANGLOIS could not recall anyone dating OSWALD as he was a person who spent most of his time by himself. He was not active in sports she recalls. She could not recall whether she had attended any classes with him.

Mrs. LANGLOIS said she had not had any contact with him and has heard nothing concerning his movements since 1955 until the present.

1 Ed Voebel Date 11/25/63

EDWARD VOEBEL, 4916 Canal Street, (Quality Florist Company), New Orleans, La. furnished the following information:

VOEBEL advised that he knew LEE HARVEY OSWALD around 1954-55 when he and OSWALD attended Beauregard Junior High School in New Orleans. VOEBEL recalled that OSWALD had a fight at the school with two brothers named JOHN and MIKE NEWMEYER. VOEBEL stated that the NEWMEYER brothers arranged for someone from another school to come to Beauregard Junior High School and wait for OSWALD the following day and when OSWALD came out from school this other individual stepped out and hit OSWALD in the mouth. VOEBEL remembered that when OSWALD was struck his tooth pierced his lip. VOEBEL said that OSWALD never told him what the fight was about and VOEBEL does not know the identity of this individual who struck OSWALD on this occasion.

VOEBEL stated he got some ice to put on OSWALD's lip and apparently because of this act OSWALD became friendly toward him.

VOEBEL stated that during the time he and OSWALD attended Beauregard Junior High School there was a pre-high school program being conducted at Easton High School and OSWALD asked VOEBEL if he knew how to play pool. When VOEBEL applied in the affirmative OSWALD invited him to shoot pool at the pool room near OSWALD's home. VOEBEL stated that OSWALD was at this time living in an upstairs apartment at 126 Exchange Place in New Orleans, which was located either above or adjacent to a pool room. VOEBEL stated that he, VOEBEL, was taking music lessons at Werlein's which was in the vicinity of Exchange Place and therefore, he stopped by OSWALD's house on several occasions and visited with him. VOEBEL recalled that he would stop by OSWALD's nearly every time he went for his weekly music lesson and either visit or shoot pool with OSWALD.

VOEBEL stated that OSWALD appeared interested in guns and since VOEBEL was interested in frontier type and military type weapons OSWALD would discuss guns with him.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

VOEBEL recalled that on one occasion OSWALD showed him a plastic model of a .45 caliber automatic that was very realistic and could be taken apart. OSWALD told him at this time that he would like to have a real gun and told VOEBEL of a plan he had to steal one. VOEBEL stated OSWALD showed him a box in which he had a piece of silk and a glass cutter and OSWALD actually took him to a store in New Orleans and showed VOEBEL the gun in the window that he intended to steal. OSWALD said his plan was to cut the screen in front of the window and then cut out the glass.

VOEBEL showed OSWALD the metallic decoration around the window and explained that this was part of an ADT Burglary Alarm System and that if he cut the glass the alarm would ring. OSWALD had thought this was just a decoration and after learning it was part of a burglary alarm decided not to steal the gun. VOEBEL said that to the best of his recollection this store was the third establishment from the Walgreen's Drug Store on S. Rampart Street.

VOEBEL said OSWALD never told him why he wanted to steal this particular gun which VOEBEL believes was a small automatic. VOEBEL never knew OSWALD's motivations for having an interest in guns but it did not appear to be the same type interest that VOEBEL had, that is his interest in the mechanical action of different types of weapons. VOEBEL said that OSWALD never discussed politics with him, never made any comments concerning Marxism or Communism and never made any comments detrimental to the United States Government or President KENNEDY. VOEBEL was of the opinion that information he has heard that OSWALD was studying communism when he was fourteen years old is a "lot of baloney". VOEBEL said that OSWALD read quite a lot but that the books he read were paper back trash.

VOEBEL said that in his opinion OSWALD was bitter since his father died when he was very young and OSWALD felt he had a raw deal out of life. He said this bitterness on the part of OSWALD seemed to be that he felt he had been deprived of many things and was not directed toward any one individual or any group. He said OSWALD did not like to be pushed around and therefore got into many fights.

NO 3 89-69) /jab/sw

VOEBEL stated that he and OSWALD were members of the Civil Air Patrol in New Orleans with Captain DAVE FERRIE during the time they were in school. He stated that one ROBERT ESTAV (phonetic) who lived on South Hennessey Street, was in the same class with him and OSWALD at Beauregard and was also in the Civil Air Patrol. VOEBEL stated that OSWALD did not really reveal anything about himself to anyone, not even to his mother unless it was something he specifically wanted to say.

VOEBEL stated that OSWALD did not tell him when he was leaving town. He stated that one day he stopped by OSWALD's apartment on Exchange Place and OSWALD was gone. This was sometime around 1955. VOEBEL stated he has had no contact with him in any way, nor did he receive any information concerning him until a few days ago when OSWALD was arrested in connection with the shooting of the President. VOEBEL explained that he was in Mexico on the Yucatan Peninsula with a group from Louisiana State University during August of this year at the same time OSWALD was in New Orleans and was receiving publicity concerning the Fair Play for Cuba Committee. VOEBEL stated that he did not even know OSWALD had been in New Orleans this summer until he saw it a day or two ago on television. VOEBEL said that while at school OSWALD did not engage in any activities or athletics and had no other friends or associates except himself.

VOEBEL said that the NEWMEYER brothers to the best of his recollection, were recently arrested in New Orleans on narcotics charges outstanding against them. VOEBEL was unable to recall any additional information concerning OSWALD.

1 Date 11/26/63

DAVID WILLIAM FERRIE was interviewed at the First District Station, New Orleans Police Department. FERRIE was advised of the identity of interviewing Agents. At the outset of the interview he was advised he did not have to make a statement, that any statement he did make could be used against him in a court of law and that he had the right to the advice of an attorney.

FERRIE advised he was born March 22, 1918, at Cleveland, Ohio. His parents JAMES HOWARD and BURDETTE C. FERRIE are both deceased. FERRIE said he received a B.A. Degree from Baldwin-Wallace College, Berea, Ohio, in 1941. He also received a Ph. D. Degree from Phoenix University of Bari, Bari, Italy in 1957. FERRIE stated that his present address is 3330 Louisiana Avenue Parkway, where he has been residing since March, 1962.

FERRIE stated that in 1952 he became a member of the Civil Air Patrol (CAP) in New Orleans, serving in the capacity of an instructor. He stated that in approximately 1953 he became Commandant of the CAP Squadron in New Orleans, continuing in this capacity until he resigned from the CAP in 1955 with the intention of returning to school. FERRIE related that the New Orleans Cadet Squadron of the CAP functioned at the Lakefront Airport. He stated that the squadron was usually made up of approximately 75 boys and the attrition rate in the squadron was approximately 20%. FERRIE stated that the squadron met twice a week. He stated that during the period he was Commandant of the squadron, JERRY C. PARADIS was the recruit instructor and took all of the squadron recruits through their training. FERRIE said that PARADIS presently has offices at 225 Baronne Building and resides at 5704 Prytania Street, New Orleans La.

FERRIE stated that during the period 1952-1955 he does not recall taking any recruit class through their training program. After he became Commandant he is certain he did not instruct the recruits. FERRIE stated that he never at any time instructed either the recruits or the regular squadron members in the use of firearms, or afforded them any type of firearms training for the reason he was

always able to secure the service of a qualified instructor in this type training. FERRIE related that the cadets in the squadron were instructed in the use of .22 caliber rifles with adjustable rear sights, but these rifles were not equipped with telescopic sights. He stated that the cadets received instruction in the firing of .22 caliber rifles approximately four times each year. In addition, at the annual encampment of the CAP which was held outside of the New Orleans area the cadets were permitted to fire M-1 rifles under the supervision of a qualified instructor.

FERRIE said he has never owned a telescopic sight or a rifle equipped with a telescopic sight, and to the best of his recollection he has never used a weapon equipped with a telescopic sight and would not know how to use one.

FERRIE stated that he does not know LEE HARVEY OSWALD and to the best of his knowledge OSWALD was never a member of the CAP Squadron in New Orleans during the period he was with that group. FERRIE said that if OSWALD was a member of the squadron for only a few weeks, as had been claimed, he would have been considered a recruit and that he (FERRIE) would not have had any contact with him. FERRIE stated, that he was succeeded as Commandant of the New Orleans Squadron of the CAP by a man named KINTON. LA

FERRIE stated that he was again associated with the CAP in New Orleans from 1958 to the end of 1960 or the beginning of 1961, serving in the capacity as instructor and later as executive officer. He said that Major BOB MORRELL was the Commandant. FERRIE stated that his applications with the CAP covering both periods he served with that unit should be on file with the CAP at Ellington Air Force Base, Houston, Texas. FERRIE related that there was a period during 1958, exact dates not recalled, in which he instructed at the CAP Squadron before he submitted his application. La

FERRIE said that to the best of his knowledge he does not know any individual named LEE HARVEY OSWALD nor has he ever known the individual represented by photograph presented to him as that of LEE HARVEY OSWALD in the CAP, in any business connection or in any social capacity. He said that he does not recognize the name or the photograph as being anyone he has ever had any contact with at any time.

A photograph of LEE HARVEY OSWALD, New Orleans Police Department Number 112723 taken on August 9, 1963, showing a profile, full face and full length photograph of OSWALD was exhibited to FERRIE. FERRIE upon viewing the photograph stated that the profile view of the photograph of LEE HARVEY OSWALD has a very vague familiarity to him but the full face and full length photographs of OSWALD are not familiar to him.

FERRIE informed that since March, 1962 he has been employed by Attorney G. WRAY GILL in New Orleans as an investigator and law clerk. He said that since the end of August, 1963 and up until November 22, 1963 he has been working on a case involving CARLOS MARCELLO who was charged in Federal Court in connection with a fraudulent birth certificate. FERRIE stated that the trial of MARCELLO began in Federal Court in New Orleans, Louisiana on November 4, 1963 and ended on November 22, 1963 and that he was in New Orleans working with Attorney G. WRAY GILL on the case during this period. He stated that on November 9 and November 16, 1963 he was at Churchill Downs, which is a farm owned by CARLOS MARCELLO, mapping strategy in connection with MARCELLO's trial. He informed that on November 11, 1963 he was in New Orleans, during the entire day and did not leave the city.

FERRIE stated that from October 11 to October 18, 1963 he was in Guatemala and again from October 30, 1963 to November 1, 1963 he was in Guatemala in connection with investigation of the MARCELLO case.

FERRIE said that prior to a very recent trip he was last in the state of Texas in August, 1962 at which time he was in Orange, Texas. FERRIE said that he had planned during the trial of the MARCELLO case that immediately upon the conclusion of that case he would take a trip for the purpose of relaxing.

He said that he left his home at 3330 Louisiana Avenue Parkway, New Orleans, on November 22, 1963, roughly at 6:30 PM in his 1961 light blue Comet four-door station wagon which he purchased from the Delta Mercury Company in New Orleans within the past month. He stated that CHARLES GRAHAM a salesman at Delta Mercury Company sold the Comet station wagon to him.

NO 9-69/jab

FERRIE related that on leaving his home he drove to the homes of ALVIN BEAUBOUEF and MELVIN COFFEY and picked them up in order that they might accompany him on the trip. He stated that at the time he left his home he did not know where he was going. He said that the purpose of the trip was to merely relax and at that time he did not know whether he was going "hunting, drinking or driving". FERRIE stated he did not take any firearms with him when he left his home because he thought he might go out of the state of Louisiana and he did not know what the hunting seasons were in other states and he was also concerned about transporting firearms across the state line.

FERRIE said that he had been considering for some time the feasibility and possibility of opening an ice skating rink in New Orleans. He claimed that he made a telephone call, possibly from MELVIN COFFEY's home to CHUCK ROLLAND at the Winterland Skating Rink in Houston, Texas. He advised that this call to ROLLAND was charged to either telephone number 899-3598 or 486-3127. FERRIE claimed that he had no prior acquaintance with ROLLAND but had knowledge of the fact that the Winterland Skating Rink was located in Houston.

FERRIE related that he left MELVIN COFFEY's home between 6:30 and 7:00 PM accompanied by BEAUBOUEF and COFFEY and drove to John Paul's Restaurant, Kenner, Louisiana, where they stopped to eat. He said that at approximately 9:00 PM or shortly after 9:00 PM, November 22, 1963, he, BEAUBOUEF and COFFEY left John Paul's Restaurant to go to Houston, Texas. He informed that the route traveled was through Baton Rouge to Lafayette, Louisiana and through Lake Charles, Louisiana to Houston, Texas. FERRIE claimed they arrived in Houston between 4:30 and 5:30 AM and went directly to the Alamotel located on South Main Street, six to ten blocks south of the Shamrock Hilton Hotel, where they checked into Room 19. He stated that the three of them registered on the same card at the motel. After registering they retired for the night.

FERRIE claims that he had left a call at the motel office for 8:30 AM and another call for 10:30 AM but has no recollection of receiving a call from the motel office at either time. FERRIE said he had left the calls so that he could call Attorney G. WRAY GILL in New Orleans to tell him

he had left New Orleans and was on a vacation trip. FERRIE stated that he and his companions awakened roughly at noon and after having breakfast he went down Main Street to Sears, Roebuck and Company where he purchased a jacket, a sweater and several other items. After leaving Sears, they drove directly to the Winterland Ice Skating Rink, 2400 Norfolk, which he had learned opened at 3:30 PM and closed at 5:30 PM.

FERRIE said he rented skates and skated at the rink for a while looking the situation over and also taking into consideration the amount of business at the rink. He stated that he then introduced himself to CHUCK ROLLAND and spoke with him at length concerning the cost of installation and operation of the rink. FERRIE exhibited a leaflet of the Winterland Ice Skating Rink, 2400 Norfolk, Houston, Texas, which he had in his possession. FERRIE stated that during the time he was talking to CHUCK ROLLAND other employees of ROLLAND were present at the rink. He recalled specifically there was a young boy who was passing out skates and an older man who was on duty at the rink but he does not recall whether he was introduced to these two individuals or not. FERRIE claimed that he remained at the Winterland Skating Rink for a period of approximately two hours and after leaving there he returned to the motel.

After arriving at the motel he placed a telephone call to Attorney G. WRAY GILL but was unable to complete this call. He placed a second call to the Town and Country Motel in an effort to determine whether Attorney GILL was located at the Town and Country Motel. FERRIE further related that ALVIN BEAUBOUEF may have made a telephone call to his home. He said that later they checked out of the Alamotel and went to the Bellaire Skating Rink on Chimney Rock Road in the Belleview section of Houston, arriving there between 7:30 and 8:00 PM. FERRIE stated that he looked the skating rink over and tried to locate the owner but the owner was unavailable. He said that he remained at the Bellaire Skating Rink for approximately 45 minutes to 1 hour. On leaving the skating rink they drove out Old Spanish Port Trail and stopped at a restaurant near Telephone Road. They left this restaurant at approximately 9:00 or shortly after 9:00 PM and decided to drive to Galveston, Texas. He said that while enroute to Galveston, Texas, they stopped at the Manned Space Craft

Center and looked around for about 20 minutes. They then proceeded to Galveston, Texas, arriving there between 10:30 and 11:30 PM. They immediately checked into Room 117 at the Driftwood Motel, 3128 Seawall Boulevard, Galveston. After checking into the motel they drove around in the vicinity of some old clubs in Galveston, Texas, returning to the motel sometime after midnight and it could possibly have been as late as 1:00 AM.

FERRIE stated that they arose around 8:00 or 8:30 AM on November 24, 1963. After having breakfast they took the ferry across the bay to pick up the road to Port Arthur, Texas that runs along the coast. FERRIE stated the first stop they made after reaching Port Arthur was at the Gulf Service Station on the left hand side of the highway in Port Arthur, Texas where they purchased a new set of spark plugs for the Comet station wagon. He stated that there was a television set in this station and as he walked into the station there was a picture on the television set showing the shooting of LEE OSWALD in the basement of the Dallas City Jail. FERRIE said he presumed he was looking at the original live broadcast of the shooting and that this was in the vicinity of 12:00 Noon on that date. He said that after changing the spark plugs in the station wagon he ran the car up on the rack in order that the attendant could check the transmission and differential. FERRIE estimated that he remained at this service station for approximately 20 to 30 minutes. They then left Port Arthur and drove to Orange, Texas and after crossing the Louisiana state line they stopped at Buster's Bar and Restaurant. He stated that the operator of Buster's Bar and Restaurant is MARION JAMES JOHNSON who is a client of Attorney G. WRAY GILL. He stated that he contacted JOHNSON at the bar and restaurant and talked to JOHNSON for approximately 30 minutes discussing the status of an appeal on a perjury conviction of JOHNSON in connection with an income tax case on Sheriff REID at Lake Charles, Louisiana.

On leaving Buster's Bar and Restaurant they drove to Alexandria, Louisiana, arriving there at approximately [redacted]:00 PM. FERRIE informed that ALVIN BEAUBOUEF has relatives in Alexandria. FERRIE also said that he had tentatively planned to attend a party in Alexandria and that his plans were tentative because he did not know whether or not

he would be needed in New Orleans on November 25, 1963 in connection with the trial of a murder case which was scheduled to begin on that date. He stated that to ascertain whether he would be needed in New Orleans he made several pre-paid long distance telephone calls from a gas station trying to reach Attorney G. WRAY GILL's office, but was unsuccessful. He stated that he then telephonically contacted his home and talked to LAYTON MARTENS who at that time informed him that two WWL-TV representatives had been making inquiries at his home and in the neighborhood and he learned that he was being accused of being implicated in the assassination of President KENNEDY.

FERRIE said that as a result of the information furnished by LAYTON he was very much disturbed over the fact that he was being accused of being implicated in the assassination of the President and that he left Alexandria, Louisiana between 4:00 and 5:00 PM, possibly close to 5:00 PM. He said that he stopped at several service stations along the way to use the telephone in an attempt to reach Attorney G. WRAY GILL. He said that he was finally successful in contacting Attorney GILL by telephone and that Attorney GILL informed him that HARDY DAVIS, a former bondsman in New Orleans, had telephonically contacted GILL stating that DAVIS had been contacted by JACK S. MARTIN who claimed he had tied FERRIE in with the killing of President KENNEDY and had tipped off the Orleans Parish District Attorney's office, the FBI, the Secret Service, newspapers and radio stations. MARTIN claimed that FERRIE knew OSWALD, had trained OSWALD and had flown OSWALD to Dallas, Texas. FERRIE said he asked Attorney GILL if he had made any attempt to verify any of this information and if he thought there was any substance to it. FERRIE said he told Attorney GILL what LAYTON MARTENS had told him about the inquiries of the WWL-TV representatives and asked Attorney GILL for his advice. Attorney GILL advised him to continue with his plans and to return to New Orleans in keeping with his original plans. FERRIE said that he proceeded directly to New Orleans, stopping at a restaurant on the west side of the highway at Baton Rouge, Louisiana, which restaurant is located between the Mississippi River Bridge and the Hammond Circle. He stated that this restaurant has several rooms and that one of the dining rooms is for formal attire and one is for informal attire and that this restaurant

specializes in steaks. He said that after eating they drove on to New Orleans, arriving at about 9:30 PM. He stated that he dropped ALVIN BEAUBOUEF in the vicinity of his (FERRIE's) home in order that BEAUBOUEF could check his home to see if anyone was waiting for him. He then drove to MELVIN COFFEY's home and dropped him off. FERRIE said that he then telephonically contacted Attorney GILL for the purpose of trying to get GILL to obtain more information concerning the accusations made against him. He stated that after talking to Attorney GILL he drove to Hammond, Louisiana by way of Baton Rouge, Louisiana, and upon arriving in Hammond contacted a friend, THOMAS COMPTON at the Holloway-Smith Hall at Southeastern Louisiana College. He said that COMPTON is doing research at this school. FERRIE claimed that he spent the balance of the night at Holloway-Smith Hall and remained in Hammond until 1:00 or 1:30 PM, November 25, 1963.

He stated that he then drove to New Orleans and went directly to his home where he obtained a clean shirt and then proceeded to the office of Attorney GILL. He stated that from there he went to the District Attorney's office accompanied by Mr. GILL where he surrendered to the District Attorney.

FERRIE said that while in Texas he had talked to waitresses, service station people, clerks, and operators of motels, and that during these conversations he had speculated concerning the assassination of the President and had speculated as to whether the police had arrested the right man, whether the press was giving the complete story and had speculated as to the leftist tendencies of LEE OSWALD and his theory of why OSWALD shot President KENNEDY. He said that it was his theory that LEE OSWALD was paranoidal, probably on the psychotic side and that this act was his attempt to redress the imagined wrongs done OSWALD in the service and was accomplished by destroying the very root of the authority he, OSWALD "bucked".

In regard to JACK S. MARTIN, FERRIE said that he also knew MARTIN had used the names of SUGGS and SCROGGS and that MARTIN lives in the 1900 block of North Prieur on the corner of North Prieur and Esplanade and that the house is located on the southwest corner of that intersection. FERRIE claimed that JACK S. MARTIN was a private detective

NO 9-69/jab

who he first met in the Fall of 1961. He said that since that time MARTIN has attempted to insert himself into his, FERRIE's personal affairs. He claimed that at the time he first met MARTIN, MARTIN was working for a woman in the Department of Health, Education and Welfare, named CATHERINE WILKERSON or WILKINSON or some similar name. He stated that MARTIN was endeavoring to expose various frauds in the Diploma Mills and Ecclesiastical Mills and was particularly interested in CARL J. STANLEY of Louisville, Kentucky who called himself CHRISTOPHER MARIA. He stated that MARTIN was desirous of obtaining some of the phony certificates of ordination and consecretion used by STANLEY and to forward them to Washington, D. C. He said that MARTIN asked his assistance in this investigation and that he accompanied MARTIN to Louisville. He stated that he received only part of his fee for the investigation conducted with MARTIN. FERRIE said that he was slow in catching on to MARTIN but determined that MARTIN was dealing in phony certificates. He said that he regarded MARTIN as being an unethical and dangerous person. FERRIE claimed that in 1962 MARTIN disappeared from the scene and after several months suddenly re-appeared. He stated that MARTIN began visiting him at the office of Attorney G. WRAY GILL and that Mr. GILL did not want MARTIN hanging around his office. FERRIE claimed that in June of 1963 he put MARTIN out of Mr. GILL's office in an undiplomatic manner and that since that time MARTIN has bedeviled him in every manner possible.

FERRIE said that he had learned that some time after he put MARTIN out of Mr. GILL's office MARTIN was moving around to various parts of the United States contacting first one clergyman and then another who were connected with the old Catholic Church trying to get ordained and gave FERRIE's name as a character reference. He further determined that MARTIN was making long distance telephone calls charging these calls to Attorney GILL's office and the office of GUY BANISTER, Guy Banister Associates. FERRIE further informed that he determined that MARTIN had previously been admitted to the psychiatric ward at Charity Hospital where he was diagnosed as a paranoid. FERRIE said he had also learned that MARTIN had been a sergeant in the U. S. Army and while in service had been mixed up in obtaining phony degrees in medicine, chiropractic and naturopathy by finding a college that was not in operation but whose charter was not defunct.

NO 89-69/jab

FERRIE informed that he had also determined that MARTIN had been charged with murder in connection with the illegal practice of medicine in Houston, Texas. However, he believes that this charge was later dismissed.

FERRIE said that he had learned through interviews with other officers that one of the allegations made against him was that when OSWALD was arrested he had his (FERRIE's) library card in OSWALD's possession and that it had been alleged that OSWALD had been using FERRIE's library card to get books at the New Orleans Public Library. FERRIE said that in his personal property located in the Property Room at the First District is his library card which expired March 13, 1963. FERRIE said that he has not made application for a new card since the above card expired and that this card has been in his possession at all times.

FERRIE informed that he has owned a Stinson 150 single engine, blue and white four passenger monoplane, registration number 8293K, since 1948. He stated that this aircraft has not been airworthy since the license expired in April, 1962. FERRIE said that this information can be verified through the FAA Department of Airworthiness Certification in Oklahoma City, Oklahoma. FERRIE informed that he has never flown this plane to Cuba and that it has been only as far south as Miami, Florida. He claimed that the plane was flown to Dallas, Texas one time since he purchased it, which was during the year 1949.

FERRIE stated that from approximately November, 1960 until August, 1961 he was associated with the Cuban Revolutionary Front in New Orleans, Louisiana. He stated that he had been actively engaged in working for the Cuban Revolutionary Front collecting food, money, medicine and clothing for the organization as well as giving talks before various citizen's groups. He stated that at the time he was associated with the Cuban Revolutionary Front the office of the organization was located in the Balter Building and that SERGIO ARCACHA SMITH was the head of this organization in New Orleans. FERRIE said that he has never known of the Cuban Revolutionary Front maintaining an office at 544 Camp Street, nor does he have any knowledge of SERGIO ARCACHA SMITH maintaining an office at that address during the time he was head of the organization and later after he was replaced.

NO 89-69/jab

FERRIE said that the Cuban Revolutionary Front was definitely an anti-Castro organization and that all persons connected with the organization were violently anti-Castro. FERRIE stated that he has not had any connection with the Cuban Revolutionary Front or any other anti-Castro organization since August, 1961. He stated that after disassociating himself with the Cuban Revolutionary Front he continued to have contact with SERGIO ARCACHA SMITH which was purely social in nature. He stated that some months after he ceased his activities with the organization, SERGIO ARCACHA SMITH gave up the leadership of the organization and was replaced by an individual named RABEL. FERRIE related that SERGIO ARCACHA SMITH then went into the advertising business in New Orleans and that he had assisted SMITH in preparing letters in connection with his advertising business. FERRIE said that in 1962 SERGIO ARCACHA SMITH attempted to organize a fund-raising committee, the name of which he does not recall, but he does not believe this organization ever materialized. He stated that SMITH was interested at that time in issuing a commemoration coin depicting the Bay of Pigs Invasion which was to be sold to a coin company. He stated that SMITH's plan provided that for a certain amount donated by an individual the donor would receive one of the commemorative coins from the coin company. FERRIE related that in connection with this plan SMITH obtained vendor's license from the City of New Orleans. FERRIE said that he does not believe that this plan was ever placed into effect by SMITH and it is his belief that SMITH subsequently abandoned this idea.

FERRIE said that he does not have any recollection of any organization in New Orleans named the Fair Play for Cuba Committee and has never had any connection with any individual representing an organization by that name.

FERRIE recalled that the following individuals were connected with the Civil Air Patrol during the period 1954 to 1955:

LEON GUIDRY, Cadet Commander
BOBBY RADELAT, Cadet Executive Officer
TOMMY McKIBBEN, Flight Leader
GEORGE BOESCH, Flight Leader
ROY CLEMMENS (or CLEMMENTS), Rifle Instructor

MELVIN COFFEY;
ALVIN BEAUBOUEF;

JIM LEWALLAN, 1309 Dauphine.

FERRIE exhibited U. S. Passport Number B085860 in the name of DAVID WILLIAM FERRIE issued September 18, 1961. This passport reflected that visa number 1236 was issued by the Consulate General of Guatemala of New Orleans, Louisiana, September 25, 1963. The passport shows that FERRIE entered Guatemala in October 11, 1963 and departed October 18, 1963. The passport shows that FERRIE entered Guatemala on October 30, 1963 and departed November 1, 1963.

New Orleans, La.

Mr. ALEC GIFFORD, WDSU-TV, New Orleans, informed that on the night of October 24, 1963, Mr. DON MITCHELL of New Orleans, who is connected with Walker-Saucy Advertising Company in New Orleans, informed him that his roommate, JERRY STEIN, also an employee of Walker-Saucy Advertising, had received a telephone call from an individual known to MITCHELL as JACK (last name unknown). He stated this individual JACK provided STEIN with information concerning an individual by the name of DAVE FERRIE who allegedly was formerly connected with one of the airlines in New Orleans and who was presently living in New Orleans at 3330 Louisiana Parkway. GIFFORD stated that he understood from what was told STEIN by JACK that FERRIE had been very friendly with LEE HARVEY OSWALD of Dallas, Texas and who had been charged with the assassination of President JOHN F. KENNEDY. JACK related to STEIN that FERRIE was supposedly the individual who had showed OSWALD how to shoot a rifle with a telescopic sight. He also had apparently been with OSWALD in Dallas, Texas sometime within the last ten days or two weeks.

GIFFORD stated that based upon the information from MITCHELL he informed Mr. JOHN RICE of the U. S. Secret Service in New Orleans of this information and at that time told RICE that he intended to personally interview DAVE FERRIE at his residence to find out whether there was any basis, in fact, concerning this information.

He stated he went to 3330 Louisiana Parkway in New Orleans for the purpose of contacting DAVE FERRIE but did not find him at home. He stated as a result of this, he inquired of two different neighbors in the area concerning FERRIE and at that time learned that one of the neighbors thought that FERRIE was a psychiatrist and that the other was sure that he was a psychiatrist. They stated FERRIE was doing private psychiatric work in the neighborhood and was believed to have a clinic or an office in downtown New Orleans, however he could not determine where this office was. He stated FERRIE had been living at this address on Louisiana Parkway for over a year and that FERRIE had allegedly studied psychiatry or psychology in Italy. One of the neighbors told him that most of FERRIE's patients were young men usually

between the ages of 18 and 24 and that he had an almost continuous stream of patients coming to his apartment. They stated that FERRIE usually discussed their problems with these young men for an hour or two at a time. They informed also that they believed FERRIE was possibly a hypnotist or practiced hypnotism, which may have some connection with his psychiatric practice.

He stated he learned also that FERRIE owns a motorcycle and that this is apparently his only means of transportation.

GIFFORD stated he has been of the impression since making these inquiries and talking to MITCHELL that FERRIE is apparently a homosexual and has tendencies along this line.

While at the address of FERRIE on Louisiana Parkway he, GIFFORD, met Mr. RICE of the U. S. Secret Service who was also attempting to contact FERRIE and gathered that the Secret Service was interested in this information and would undoubtedly be interviewing FERRIE.

JERRY PHILLIP STEIN, 1501 General Taylor, advised that Sunday morning, November 24, 1963, at approximately 10:00 AM, he received a telephone call from an individual who identified himself as JACK and gave his last name, although he cannot remember it. JACK asked to speak to HERMAN KOHLMAN, STEIN's former roommate. JACK said he wanted to tell KOHLMAN about an individual, DAVE FERRIE, on whom KOHLMAN had written an article during the time KOHLMAN was employed as a reporter by the New Orleans Times Picayune Newspaper. JACK told him that FERRIE was in Texas at this time and asked STEIN if he knew that FERRIE had taught LEE HARVEY OSWALD to fire foreign weapons and had also been instrumental with OSWALD in the distribution of literature, which he did not identify. STEIN said that JACK implied that FERRIE was a homosexual.

STEIN informed JACK that KOHLMAN no longer was his roommate and gave him KOHLMAN's phone number. He said that in a few minutes JACK called him back and said the number he had given him was the wrong one, but STEIN told him it was the correct number, and JACK hung up. STEIN then called KOHLMAN at his residence and told him that JACK was going to call him and give him some information about a fellow named DAVE FERRIE. STEIN said this is all the information he has regarding these phone calls and can furnish no further information regarding the identity of JACK or the relationship between FERRIE and OSWALD.

STEIN said he did not know OSWALD or FERRIE, and although he may have met JACK in the past, STEIN could not recall him.

HERMAN KOHLMAN, Assistant District Attorney, Parish of Orleans, advised that he is familiar with DAVID FERRIE from his past experience as a news reporter. KOHLMAN said he prepared a feature story on FERRIE's activities several years ago. He advised that he heard that FERRIE was mentioned in connection with being associated with LEE HARVEY OSWALD, and he talked to JACK MARTIN, a private investigator who "refreshed his memory" about FERRIE. Based upon these facts, the District Attorney's Office instituted an investigation involving FERRIE. He advised that FERRIE was interviewed by members of the District Attorney's staff and denied knowing LEE HARVEY OSWALD or having any information about OSWALD's being in the Civil Air Patrol.

KOHLMAN stated that the District Attorney's Office had received information from the Intelligence Unit of the New Orleans Police Department who had previously conducted inquiries regarding FERRIE's connection with Cuba or Cuban activities. An unknown police officer had told the Intelligence Division of the New Orleans Police Department that he was in the Civil Air Patrol with LEE HARVEY OSWALD and that FERRIE knew OSWALD.

KOHLMAN advised that because FERRIE must have known OSWALD and because it appeared he had lied when he denied knowing OSWALD, FERRIE was arrested.

Layton Martens ... exa ... AFS

LAYTON PATRICK MARTENS, age 20, was interviewed outside the Second District of the New Orleans Police located at the corner of Magazine and Napoleon Streets, New Orleans, Louisiana. La Cuban Revolutionary Front

MARTENS gave his home address as 3330 Louisiana Avenue Parkway New Orleans, and advised that his mother, Mrs. E. C. MARTENS lived at 5516 Camp Street, New Orleans, La. He said he had lived at the 3330 Louisiana address which is the home of DAVID FERRIE since Sunday, November 17, 1963, after having been "kicked out" of his mother's residence. He also stated that ALVIN BEAUBOUEF had stayed at the FERRIE residence on Monday and Tuesday nights, November 18 and 19, 1963.

MARTENS said FERRIE was a family acquaintance and that he had known him for approximately five years and had known BEAUBOUEF about one year. He first became acquainted with FERRIE in 1958 in the Civil Air Patrol where he, MARTENS, was a cadet from August, 1958, to June, 1961, under the leadership of Captain FERRIE.

He said FERRIE is currently employed as a research librarian for G.WRAY GILL, a New Orleans Attorney and that he is also a psychologist.

When he was "kicked out" of his mother's place, FERRIE suggested that he come to live with him until he could find a place to live. MARTENS is currently employed as a Photostat Technician for the New Orleans Blueprint Company, 824 Union Avenue.

Through his association with FERRIE, he became associated with the Cuban Revolutionary Front on about April 17, 1961, until the latter part of August, 1961, when he left to go to college at the University of Southwestern Louisiana, Lafayette, Louisiana. MARTENS' job with the organization was a voluntary one and he visited consulates and local businessmen to secure funds to finance the organization. He said it was run under the leadership of ARCACHA SMITH whom he described as the third ranking delegate in the Provisional Government of Cuba and that the organization was anti-CASTRO.

The office was located on the second floor of the Balter Building located on Carondelet Street.

On August 29, 1961, he, along with FERRIE, MELVIN SEELING, age 24, whose mother lives in Gretna, Louisiana, and who is probably employed as an airport control tower operator in Corpus Christi, Texas, ANDREW BLACKMON, age 22, who was attending Perkinston Junior College in Mississippi, were arrested by the Jefferson Parish, Louisiana, Sheriff's Office and FERRIE was charged with Crime Against Nature and he, MARTENS, was charged with Vagrancy. MARTENS said they were released and does not believe anyone was convicted as a result of the charges made against them. Another member of the Cuban Revolutionary Front was LAWRENCE FOX, about 25 years of age, who had been born in a Latin Country, but lived in New Orleans for most of his life.

About 1:00 PM, November 24, 1963, G. WRAY GILL stopped at 3330 Louisiana Avenue Parkway, the residence of FERRIE and said he was looking for FERRIE, but MARTENS, who was home alone, said he was not in. GILL stated that he had gotten word that LEE OSWALD, when he was picked up, had been carrying a library card with DAVID FERRIE's name on it and that FERRIE should contact him, GILL, and he would represent him as his attorney. In addition, GILL said that JACK MARTIN, an ex-policeman and private detective in New Orleans, who MARTENS knows to be a personal enemy of FERRIE, had gone to the police and the FBI and said that FERRIE had stated in his, MARTENS' presence, that the President should be killed and outlined plans to this effect.

MARTENS said GILL was there approximately five to ten minutes and left.

At about 3:00 PM, on November 24, 1963, he received a call from FERRIE who said, after MARTIN had related the above information to him, that he had talked with GILL and there was nothing to worry about. MARTENS said he did not know if the call was local or long distance and that he made an inquiry concerning this and FERRIE replied something to the effect that it was none of his business. During the conversation, FERRIE stated that the name of OSWALD did not ring a bell with him and that he did not know him.

MARTENS said during his association with the Civil Air Patrol that, under the supervision of FERRIE, the group had built a telescope to be used for Astronomy, but that to his knowledge, FERRIE did not possess a telescope of his own. He said FERRIE owned a .38 caliber revolver and a short 30.06 caliber Mauser which had "peep" sights and no telescopic sights.

MARTENS said he knows FERRIE to be a great admirer of President KENNEDY and that he would classify him as a desegregationist.

In addition, MARTENS said he graduated in June, 1961, from Fortier High School located at the corner of Nashville and Freret, New Orleans, and had attended McMain Junior High School located at the corner of Nashville and Soth Claiborne, New Orleans.

MARTENS said LEE HARVEY OSWALD was unknown to him until the assassination of the President of the United States and that he has no knowledge which would shed any light concerning the assassination other than what he has read in the newspapers and heard through other news media.

To his knowledge there has been no association between FERRIE and OSWALD.

DEAN ANDREWS, Attorney at Law, Audubon Building, New Orleans, presently confined Hotel Dieu Hospital, New Orleans, Louisiana, advised that he met LEE OSWALD shortly before July 4, 1963. He estimated the time of this meeting as late in the month of June, 1963. He stated that OSWALD appeared at his office with several individuals who impressed him as being homosexuals. ANDREWS stated that he could not remember the identity of the people who came to his office with OSWALD. He stated that he did not open a file on OSWALD and further that OSWALD did not pay him for any legal service. ANDREWS stated that OSWALD was concerned because he could not obtain employment and inquired of him if it would be possible to reopen his bad conduct discharge with the United States Marines. ANDREWS also stated he was interested in the immigration status of his wife and was concerned with the legal question of his citizenship status and whether he had lost his American citizenship in Russia. ANDREWS stated that he talked to OSWALD two or three times and asked OSWALD to bring his military discharge papers and his wife's passport and any other documents he might have to his office, but OSWALD never produced the papers. ANDREWS stated that it would cost $25 or $30 to obtain the necessary military records of OSWALD and as OSWALD did not produce the money to cover this initial expense, no action was taken by him.

ANDREWS advised that he has searched his mind in an effort to identify the persons who came to the office with OSWALD and he cannot recall them. He stated that he recalled one person whom he described as a Mexican who claimed he was born in Texas. From the appearance and demeanor of this person, ANDREWS stated he thought him to be a homosexual. ANDREWS stated that he never knew this individual's name but that he would sit outside of ANDREWS' office and wait for OSWALD.

He recalled another individual whose name he believes to be CLAY BERTRAND accompanied OSWALD to ANDREWS' office. He remembers this person as a youthful appearing person age 22 - 23, 5'7", 160 pounds, blonde hair and crew cut. ANDREWS stated that although he has associated the name CLAY BERTRAND in his mind with the individual described who appeared at ANDREWS' office with OSWALD, he cannot be sure this individual was in

[redacted] ANDREWS advised that he was in Hotel Dieu under sedation and asleep sometime Saturday night when the telephone rang and a person who said his name was CLAY BERTRAND asked him if he would be interested in handling the defense of LEE OSWALD in Dallas, Texas, for the murder of President KENNEDY. ANDREWS stated that he told the person that he would have to consider this matter and made no notes regarding the call. He stated that BERTRAND did not leave a telephone number but told him he would call him back.

ANDREWS stated that on Sunday he spoke with SAM "MONK" ZELDEN, a New Orleans attorney and asked him if he would be interested in assisting in the defense and while talking to ZELDEN a news report came in that OSWALD had been shot.

ANDREWS stated that it was his belief that CLAY BERTRAND was one of the individuals that had been in his office with OSWALD and the name seems to be familiar but he has no idea who CLAY BERTRAND is or how he came to contact him. ANDREWS stated that he has no file in his office on either OSWALD or CLAY BERTRAND and he has had his secretary make a thorough search of his records with negative results.

ANDREWS stated that for the past several years he has represented a number of homosexuals that have been involved in minor local violations and he feels that he is well known to most of the homosexuals in the French Quarter. He stated that he had no information that OSWALD was a homosexual. ANDREWS stated that he would continue efforts to recall any additional facts which would enable him to identify CLAY BERTRAND as a possible associate of LEE OSWALD.

ANDREWS stated that it is well known that he has been in Hotel Dieu since Thursday, November 21, 1963. He stated that he has had to continue a number of Municipal Court cases and that anyone with connections among the homosexuals in New Orleans could have known his location. He stated that BERTRAND could not have contacted his wife or [redacted] office and obtained this information.

ALVIN ROLAN BEAUBOUEF, 2427 Alvar Street, New Orleans, Louisiana, was contacted at the Second District Police Station, at Napoleon Avenue and Magazine Street. BEAUBOUEF advised that at approximately 1 a.m., November 25, 1963, he had gone to DAVID WILLIAM FERRIE's apartment at 3303 Louisiana Avenue Parkway to obtain a book from him and shortly after his arrival some New Orleans Policemen some how connected with the District Attorney's Office came in and arrested FERRIE, a boy named MARTINS and himself, after which he was taken to the Second District Police Station.

BEAUBOUEF stated that he had met FERRIE approximately three years ago when he used to play hockey. It was his understanding that FERRIE was in some way connected with the Civil Air Patrol in New Orleans, and was a learned individual. BEAUBOUEF stated that he had been attending the John Curtis Christian High School and since he was falling behind in his subjects FERRIE had been tutoring him in his school work. He stated that he guessed since his arrest he would be kicked out of school and appeared to be extremely concerned over this. When asked why he had gone to FERRIE's apartment at 1 a.m. in the morning, he continued to state he had just gone for a book. He was then asked about his whereabouts for the past two or three days and as to whether he knew LEE HARVEY OSWALD at which time he stated that he did not want to answer any more questions until he had consulted with his attorney, G. WRAY GILL, and wanted to know if he was free to leave. Date November 25, 1963

JACK S. MARTIN, 1311 North Prieur Street, New Orleans, Louisiana, advised that he was listening to a TV program on WWL-TV reporting the life of LEE OSWALD and reporting various interviews with people in New Orleans that were acquainted with LEE OSWALD. MARTIN stated that one of the people interviewed whose name he does not know who he described as a white male, age early 20's, wearing horn rimmed glasses, recalled that OSWALD had been active in the Civil Air Patrol with DAVID FERRIE. MARTIN stated that when he heard this he "flipped". MARTIN advised that in his occupation as a private investigator he has had occasion to develop considerable information about FERRIE and reported it to RICHARD E. ROBY, Special Agent, Investigative Division, Office of Compliance and Security, Federal Aviation Agency, Washington, D. C., who must have a big file on FERRIE as they conducted a complete investigation of his activities in New Orleans several years ago. MARTIN advised that he called WWL-TV Station and furnished the station with background information about FERRIE, particularly his homosexual tendencies and the fact that he formerly operated the Civil Air Patrol. He also told them that FERRIE was an amateur hypnotist and that it was his idea that FERRIE may have hypnotized LEE OSWALD and planted a post-hypnotic suggestion that he kill the President. [illegible]

MARTIN stated that he has visited in the home of DAVID FERRIE and he saw a group of photographs of various Civil Air Patrol cadet groups and in this group he is sure he saw several years ago a photograph of LEE OSWALD as a member of one of the classes. He stated he did not recall the group that OSWALD was in or any other details. In addition he stated that FERRIE conducted military type drills with rifles, fatigue clothes and helmet liners of the Civil Air Patrol Cadets and he recalled that FERRIE claimed to have taught these cadets how to shoot. MARTIN stated that he has observed in FERRIE's home a number of foreign made firearms and it is his opinion that FERRIE

could have taught OSWALD how to purchase a foreign made firearm or possibly have purchased the gun that was shown on television. He advised that he saw similar type weapons at FERRIE's home when he visited there two years ago.

MARTIN advised that FERRIE discussed with him the charges of crime against nature which resulted in his arrest by Jefferson Parish authorities and he recalled that FERRIE had told him that one of the "kids that was a witness against him" had moved to Mississippi from New Orleans and subsequently joined the United States Marine Corps. He heard on television that OSWALD had been in the Marine Corps therefore he surmised that OSWALD was that "kid", that he was a witness against FERRIE in the crime against nature charge that had joined the Marine Corps. MARTIN explained it might have been the same individual or a very close coincidence.

MARTIN advised that he has reported this matter to Major TROSCLAIR of the New Orleans Police Department, Intelligence Division, and he felt that Major TROSCLAIR was not giving the matter sufficient concern so he called Assistant District Attorney HERMAN KOHLMAN who was a former newspaper reporter and who was very familiar with the FERRIE case as he had written various feature stories about FERRIE. MARTIN stated that he explained all of his ideas and suspicions to KOHLMAN.

MARTIN advised that he was really suspicious of FERRIE's activities when he received a report from W. HARDY DAVIS, a New Orleans Bail Bondsman, who told him that G. WRAY GILL, New Orleans attorney and employer of FERRIE had called him to locate FERRIE who lives down the street from him and at the same time had denied to the TV station that FERRIE was an employee of GILL's Office. DAVIS furnished MARTIN information that FERRIE had left town for Texas on Friday evening, November 22, 1963, which information he

also made available to Mr. KOHLMAN of the District Attorney's office. MARTIN stated that FERRIE is a completely disreputable person, a notorious sex deviate with a brilliant mind being highly trained in mathematics, sciences, several foreign languages including Latin, modern Greek and ancient Greek. MARTIN advised that FERRIE had been educated in a seminary and subsequently expelled from the Catholic Church and he, MARTIN, suspected him of being capable of committing any type of crime.

MARTIN stated that he felt that FERRIE's possible association with LEE OSWALD should be the subject of close examination as he personally believed that he could be implicated in the killing of President JOHN F. KENNEDY.

HAROLD N. HENDERSON, residence address 1137 North White Street, employed by Auderer Dental Company, Inc., 500 Hayan Street New Orleans, La. furnished the following information:

He worked as an outside salesman in 1956 for Pfisterer Dental Laboratory Company, 227 Dauphine Street. The name LEE OSWALD seemed to be familiar but that is all. He did not recognize photographs of OSWALD taken while he attended 9th grade at Beauregard School in New Orleans, and when he was arrested on November 22, 1963, for the assassination of President KENNEDY. HENDERSON advised his wife died in March, 1956, and his mother in May, 1956, and he therefore was absent from work a great deal during this period and ordinarily would not have paid much attention to messengers who usually stay for only a short period.

New Orleans La

EDWARD VOEBEL, 4916 Canal Street (rear of Quality Flower Shop), was recontacted. VOEBEL stated that he had just been advised by BILL SLATTER of WDSU Television that DAVE FERRIE, who was commander of a Civil Air Patrol (CAP) Unit at New Orleans in which VOEBEL was a member, was a homosexual. VOEBEL stated that now that he thinks about this situation, he recalled that FERRIE seemed to be an "odd ball" who rode a motorcycle and appeared very emotional. VOEBEL recalled that on one occasion FERRIE cried while listening to some music.

VOEBEL stated that during the 1955 school year at Beauregard Junior High School he joined the CAP. He stated that a fellow student, ROBERT ESTAVE (PH), wore a CAP Uniform to school and told VOEBEL about the CAP and invited VOEBEL to join. VOEBEL remembered that he went with ESTAVE to Moisant Airport in Kenner, Louisiana, to a CAP meeting in the Eastern Airlines Hangar. VOEBEL stated that the meetings were held in a room located upstairs in the hangar. He stated that DAVID FERRIE was not commander of this CAP Unit at that time, and he was unable to recall the identity of the commanding officer of this unit. He recalled having to fill out an application and having it signed by his mother but could not remember whether he was given an oath when he joined.

VOEBEL stated that the unit held meetings on Sundays and sometimes on a week night. As best he could recall, the meetings were held about once a week. He said there were two "Wings" which totalled roughly 20 to 25 members, including a section for girls. He said he could not remember what the official designation was for the unit other than being the Moisant Airport Group. VOEBEL said he remained in this group for about one year and quit while he was attending Fortier High School sometime in 1956. He recalled that they attended classes in Meteorology, Engine Mechanics, Flight Instruction, Aerodynamics, Reading of Weather Reports, and Drills. He stated that the group never received any firearms training of any kind while he was a member.

He recalled that after he had been a member for approximately six months Captain DAVE FERRIE took over command of the unit. VOEBEL stated that FERRIE was reportedly very intelligent with several degrees, including a PhD in English, and was either a pilot or co-pilot for Eastern or Delta Airlines. He believed FERRIE resided in Airline Park, Jefferson Parish, Louisiana, at this time. VOEBEL stated that the people giving instructions in this unit prior to FERRIE taking command taught their classes like regular school teachers. He said that under Captain FERRIE the training became more severe and drills were intensified and on occasion Captain FERRIE used strong language. VOEBEL stated that he began to lose interest when FERRIE took command as they began to drill in rifle squad formations using regular wooden drill rifles and he felt that this instruction had no bearing on the activities of the CAP. VOEBEL stated that he persuaded LEE HARVEY OSWALD to join this same CAP Unit and took OSWALD with him one time on the bus to attend the meeting. VOEBEL assumed that OSWALD completed an application for membership at this time but could not say he did so for sure. He stated that OSWALD attended two or three drills and possibly four drills at the most. He stated that it seemed funny, but he could remember OSWALD joining the unit but could not remember him as ever being there. He said OSWALD had a knack for being there and not being noticed. He said that OSWALD told him that the trip to Moisant Airport was too far to go to attend meetings and he had decided to join a CAP Unit which met at New Orleans Municipal Airport on the Lake Front.

C.A.P. Unit Air Patrol

VOEBEL stated that he later had a discussion with DAVID VERRETT, who was a member of the CAP Unit at New Orleans Municipal Airport, and VERRETT told him OSWALD had never attended meetings at that unit. VOEBEL stated that he was acquainted with VERRETT as VERRETT was taking music lessons on the saxaphone and clarinet with the same instructor at Werlein's Music Store that VOEBEL took lessons from. VOEBEL identified this music instructor as HOWARD VORRHIES who is now the band

La.

leader for Post 125 of the American Legion.

VOEBEL stated he believes that OSWALD never intended to remain in the unit at the New Orleans Municipal Airport and used this as an excuse to get out of the CAP. VOEBEL explained he did not believe OSWALD liked authority nor did he like drilling and he did not really want to be a member of the CAP but he, VOEBEL, talked OSWALD into joining. VOEBEL stated that he could not recall if Captain DAVE FERRIE was commander of the unit at the time OSWALD attended meetings or whether OSWALD attended meetings prior to Captain FERRIE taking command.

VOEBEL stated that the only other person he could recall as a member of the CAP Unit at Moisant Airport was (First name unknown) RONDELL (PH), who was a radio man. He recalled that RONDELL's father had a radio license and expected that his son through code training at the CAP would get a license, too. VOEBEL stated he had no contact with FERRIE other than at meetings with the CAP. He stated that FERRIE never indicated to anyone that he was fond of guns and appeared to be a music lover of sorts.

VOEBEL recalled that one time there was a big meeting scheduled for the CAP at Alexandria, Louisiana, and in order to get some training for the unit before going to this meeting, Captain FERRIE arranged for a one night bivouac. As best as VOEBEL can recall, this bivouac was held on a farm in Kenner, Louisiana, near Jefferson Highway, which belonged to a father of a member of the unit. He stated that they set up bunks in a barn. He recalled that Captain FERRIE told them they were going to have some rifle shooting practice and requested each member bring his own gun. VOEBEL stated he took his own personal .22 caliber rifle with him but it rained and they did not shoot. VOEBEL stated that OSWALD was not along on this bivouac as OSWALD had quit the unit sometime before this outing occurred.

NO 89-69/sab

VOEBEL stated that after he quit the CAP in 1956 he learned that the Patrol was meeting in Kenner, Louisiana, near Williams Boulevard and Third Street. He recalled that he attended one meeting and noted there was an old fighter plan nearby which was property of the CAP. He stated that this was also during 1956, exact date unrecalled; and Captain FERRIE was no longer commander of this unit. He stated this was the last time he attended CAP meetings.

During the interview with VOEBEL, he received a crank-type telephone call from an unidentified woman who admonished him for giving information over television which tended to bring a bad reputation to New Orleans and Beauregard Junior High. VOEBEL stated that he had also been frightened by a visit from someone who led him to believe he was from Associated Press but acted very suspicious. VOEBEL was advised of the jurisdiction of the FBI and that the FBI was not in a position to offer him any protection. He was advised that should he feel he needed protection he should contact the New Orleans Police Department.

Officer FRED O'SULLIVAN, 413 Heritage, Gretna, Louisiana, New Orleans Police Department, Vice Squad, advised that he attended Beauregard Junior High School in New Orleans, Louisiana, contemporarily with LEE H. OSWALD. He said that during this time, in 1955, he, O'SULLIVAN, was a cadet in the Civil Air Patrol (CAP) at New Orleans Airport. He stated that he prevailed upon two other schoolmates, JOE THOMPSON and ED VOEBEL, and OSWALD to consider joining the CAP Cadets. He said that he and the others were about 15 years of age at the time. He advised that THOMPSON joined the CAP Cadet Squadron at New Orleans Airport and that VOEBEL and OSWALD came to one or two meetings, but did not join. He thinks they considered the airport location was too remote, and that they then went to the CAP Squadron at Moisant Airport. It was O'SULLIVAN's recollection that VOEBEL joined the CAP Squadron there.

Regarding DAVID W. FERRIE, O'SULLIVAN stated that FERRIE was Squadron Commander at this approximate time at New Orleans Airport, but he could not say for certain that OSWALD ever met FERRIE. He stated that FERRIE left the squadron at this approximate time and started his own squadron at Moisant Airport.

O'SULLIVAN stated that he had furnished this information to the Intelligence Squad of the New Orleans Police Department. He stated that he had but little association with OSWALD at Beauregard Junior High School, and knows nothing about him.

He said that he believes he recognized LEE H. OSWALD's photograph, which appeared in the newspaper, but was unable to state under what circumstances, if any, he had associated with the man. Mr. ADRIAN ALBA, 624 Focis Street, Metairie, Louisiana, who operates the Crescent City Garage, 618 Magazine Street, New Orleans, advised that he now recalls an additional conversation he had with LEE H. OSWALD who was formerly employed at William B. Reily and Company, Inc. Coffee Plant next door to his garage. He explained that being a gun collector, he, ALBA, had one of his rifles at the garage office, cleaning it, and OSWALD saw it. He was interested in the gun and during conversation concerning it spoke about and discussed the merits of small caliber and larger caliber bullets. He recalled that OSWALD mentioned that a smaller caliber bullet was more deadly than a larger one, to which point ALBA agreed.

Mr. ALBA stated that in the several conversations he had with OSWALD concerning firearms, OSWALD was only interested in rifles. He explained that OSWALD never spoke of pistols or other guns but on one occasion commented that the carbine was indeed the finest of all rifles. He believed that OSWALD preferred the carbine over any gun made, although he did show interest in other type rifles such as a Japanese rifle ALBA had at his office on one occasion cleaning it.

Mr. ALBA expressed the opinion that OSWALD would necessarily have had a great deal of practice in firing a rifle with a scope sight to have been able to "get off as many shots" as he did during the assassination of President KENNEDY at Dallas, Texas. He further explained that having had experience in shooting rifles with scope sights he knows that it takes a period of time for one to adjust his eyesight to the image at which he is firing after each shot. He added that this is not as easy as an open sight and that a bolt action rifle would add to the time necessarily consumed in firing such a rifle. He therefore believed that OSWALD had much practice in firing a gun of this type.

Mr. ALBA advised, however that he knew of no rifle practice which OSWALD had engaged in while in New Orleans, adding that from his conversation with OSWALD he did not believe that OSWALD belonged to any of the local gun clubs. He added that it would have been almost impossible for OSWALD to practice with a rifle around New Orleans unless he belonged to a gun club.

JULIAN EVANS, 1910 Prytania Street, New Orleans, Louisiana, was interviewed at his place of residence, and supplied the following information:

The first time that EVANS met the OSWALD family was one day, exact date and time unknown, while EVANS was in the Covington area. He said that at that time LEE HARVEY OSWALD was approximately seven years old. EVANS and his wife, MYRTLE EVANS, maintained a friendship with the OSWALDs, who, at that time he believed resided in a house on Alvar Street, New Orleans, which was owned by Mrs. OSWALD. Subsequently, Mrs. OSWALD sold her house at Alvar Street he believed, and then moved in with her sister, address unknown. He advised that in approximately May of 1954, Mrs. OSWALD and her son, LEE HARVEY OSWALD, moved into 1454 St. Mary Street, apartment six, where they resided until approximately November, 1954. He stated that at that time, namely May, 1954, Mrs. OSWALD decided to move from the upstairs apartment because the rent was too high. He advised that she took an apartment next door at 1452 St. Mary Street and resided in that apartment until approximately May, 1955. He advised that at the time OSWALD lived at the above residences, which are owned by him, LEE HARVEY OSWALD appeared to be a head strong, boisterous individual. He stated that on occasions he would holler in a loud tone of voice to his mother. He advised that he could not recall, nor could he make out the exact language he did use when he had arguments with his mother.

He advised generally OSWALD appeared to be a quiet fellow who did not associate much with the neighbors. He said he could not remember any close associates which OSWALD had during the period of time he resided at 1454 and 1452 St. Mary Street. He advised that recently he mentioned to some of the neighbors in that area, as well as the grocery store owners, that OSWALD had resided at the above addresses, but none of these people could recall him. He advised that he never noticed any of the literature which OSWALD did read, nor did he ever hear him make any comments regarding either the Communist or Marxistphilosophy. He advised he never knew of any incident where OSWALD was involved in any fights in the neighborhood, although he recalls one time when OSWALD came home from school apparently suffering from an injury which he assumed OSWALD suffered as a result of a fight.

EVANS advised that he had no indication from any of OSWALD's actions while he was a young boy, that he was in any way disloyal to the United States.

EVANS recalled that his wife had told him that MARGURITE OSWALD was married twice. He recalled that his wife informed him that at the time LEE HARVEY OSWALD's father, who was MARGURITE's second husband, died, MARGURITE OSWALD was about seven months pregnant with LEE HARVEY OSWALD. He advised that his wife also had told him that when MARGURITE OSWALD went out for an evening, she would leave LEE with a babysitter (name and address unknown), and when Mrs. OSWALD would return, she would notice that LEE had welts on his body which he apparently received as a result of a beating.

EVANS advised that in approximately May of 1955, the OSWALD family moved from the apartment they occupied at 1452 St. Mary Street, and moved to an apartment on Exchange Place in New Orleans, exact address unknown. He advised he hadn't seen LEE HARVEY OSWALD from the time that he left 1452 St. Mary, until about the Spring of 1963, exact date unknown, when OSWALD returned to New Orleans.

In the spring of 1963, exact date unknown, LEE HARVEY OSWALD came to his home looking for an apartment. He stated that his wife, MYRTLE EVANS, answered the door and asked him if he recalled LEE HARVEY OSWALD. He advised that he did remember the boy and was surprised to see him again. EVANS advised that his wife told OSWALD that she had no apartment currently available, at which time they conversed for about an hour in the house. EVANS advised that during that brief period of time OSWALD mentioned nothing concerning his association or activity with the Fair Play for Cuba Committee or any attachment with any other official organization. He advised that OSWALD had told him that he had married while he was in Russia and when MYRTLE EVANS queried him as to whether OSWALD had given up his United States Citizenship,

OSWALD replied in the negative. EVANS stated that he did not notice at that time whether or not OSWALD had any baggage with him. He advised that to the best of his recollection, OSWALD arrived at his home by public transportation. He advised that in March of 1963, OSWALD was working for the Reily Coffee House in New Orleans, but cannot definitely be sure.

EVANS stated that after this brief conversation, MYRTLE EVANS accompanied OSWALD in his search for an apartment. He advised that it took them approximately one-half day to find the apartment on Magazine Street, exact address unknown. He stated that his wife informed him that OSWALD seemed pleased with the apartment at that time, but said that he did not believe his wife would like it because while OSWALD and his wife were in Russia, they lived in a new apartment. OSWALD, advised EVANS, had also mentioned that he was going to establish an apartment in New Orleans and then send for his wife, who he believed at that time was in Russia.

EVANS advised that during the time he has known LEE HARVEY OSWALD, he cannot recall any mention on the part of OSWALD to assassinate President KENNEDY. He stated that from his association with OSWALD, he did not think that OSWALD would be the type to assassinate President KENNEDY. He based this conclusion on the fact that he felt that OSWALD was an introvert and a a recluse individual, who did not have time to associate generally in social circles. He advised that he could be wrong in his opinion.

JULIAN EVANS advised that he recalls that sometime, exact date unknown, MARGURITE OSWALD worked in a stocking place on Canal Street near the Audubon Building as a manager and buyer.

He stated that he cannot recall the exact name or location of this particular establishment. He further advised that he does not have any records available concerning the occupant of 1454 St. Mary Street and 1452 St. Mary Street, New Orleans, during the period May, 1954, and 1955. He stated that the present occupants of these residences are fairly current and would not have any knowledge concerning OSWALD. He advised that his memory fails him as to the name of the people who occupied the building during the above period.

NO 89-69 /ojo

JULIAN EVANS stated that his recollection of the OSWALD family and their activities is not too clear and complete. He stated that his wife, MYRTLE EVANS, would be in a better position to know more about the OSWALDs since she had been in closer contact with them than he.

KERRY WENDELL THORNLEY, 1824 Dauphine Street, New Orleans, Louisiana, voluntarily appeared at the New Orleans office at 12:30 PM, November 26, 1963, and advised that he would like to offer his services in any way to determine the guilt or innocence of LEE HARVEY OSWALD. THORNLEY stated that he was formerly in the U. S. Marine Corps, 9th Marine Air Control Squadron, stationed at El Toro Marine Base, California. He stated for approximately four months he was associated with LEE HARVEY OSWALD during 1959. He advised that his association with OSWALD was terminated when he, THORNLEY, was transferred overseas, being assigned to the First Marine Air Control Squadron, stationed in Japan, the Phillippines, and Formosa area.

THORNLEY stated that LEE HARVEY OSWALD had been assigned overseas in Japan and had returned to the United States prior to the time he had met him and it was his recollection that OSWALD had become interested in Russia and had studied the Russian Language while living in Japan. THORNLEY stated that it was his opinion that OSWALD was not a Communist while he was assigned to the El Toro Marine Base.

THORNLEY stated that through news media he had learned that OSWALD had gone to Russia to live and through the same news media, had learned that he had returned to the United States, disillusioned about Communism. THORNLEY stated that he had not seen or talked to OSWALD since 1959 and his knowledge of OSWALD since that time has been from news media. He stated that he has been interested in OSWALD as a person and is planning to make him the central figure of a fictional book he is writing, using OSWALD's background as a theme for the book. Regarding [illegible] advised that

THORNLEY stated that he was not aware that OSWALD was in New Orleans and had no contact with him. He stated that on May 1, 1963, he took a six day trip to California and approximately July 25, 1963, he took a six day trip into Mexico, to Mexico City, and returned. reports after OSWALD was implicated in the murder of President KENNEDY.

THORNLEY furnished the following personal information regarding himself:

He stated that he had made no secret that he was not particularly disturbed over the death of President KENNEDY, although he does not approve of assassination nor does he approve of the subsequent murder of OSWALD. He stated that the time that he was in California in the U. S. Marine Corps, he adopted an extremely liberal point of view attending the Los Angeles Unitarian Church with a girl named SYLVIA BARTIN who was a student at the UCLA. He stated that he understands that she is now married to a man named UNAME (phonetic), who is now residing and studying in Havana, Cuba. He advised that he and SYLVIA BARTIN shared the same general social view. He advised that SYLVIA BARTIN went to Mexico, exact date he does not recall, and when she returned, he heard that she had adopted the Communist philosophy. He stated that while he himself was liberal when he left the United States, his experiences overseas caused him to change his opinion and at the present time he would term himself to be somewhere between the Communist Left and John Birch Right.

THORNLEY advised that OSWALD, as he recalled, rarely left the Marine base and had no close personal friends. He stated that a CHARLES WIER (phonetic) or BUD SIMCO, who were in the 9th Marine Air Control Squadron in 1959, might have some personal information regarding OSWALD. He advised that while OSWALD was in the Marine Corps he subscribed to a Russian Language Newspaper and this fact aroused the suspicion of a lieutenant, whose name he does not recall, and there may have been an investigation regarding this incident.

THORNLEY advised that at no time was he ever aware that there was a Communist Party cell or Communist group within the U. S. Marine Corps. He stated that generally speaking, the opinions of members of the Marine Corps directed to the minor day to day problems of the men rather than any broad political opinion such as Communism. THORNLEY advised

that in the time he associated with OSWALD, he exhibited no evidence of homosexual tendencies, nor at the same time did he exhibit any interest of social affairs outside of the Marine Corps.

THORNLEY advised that during the time that he was in Mexico City, he was sight-seeing, staying in Mexico City approximately two days and then returning to the United States. He stated that he had no knowledge of any consular offices of any government in Mexico.

THORNLEY advised his Marine Corps Serial Number was 167334.

Mr. ALFRED A. CLAUDE, JR., 2905 Buffon Street, Chalmette, Louisiana, telephone number 271-3281, was interviewed at his place of employment Chrysler Aerospace Division, National Aeronautics and Space Administration (NASA), Michoud, Louisiana.

Mr. CLAUDE stated that he recalled LEE H. OSWALD in that while he was in the personnel department of the William B. Reily and Company, Inc., 640 Magazine Street, New Orleans, Louisiana, OSWALD answered an advertisement which was run in the local newspaper for maintenance employees. He stated that he could not recall the exact date but it was exactly four weeks prior to the time that he, CLAUDE, resigned his position with the William B. Reily and Company, Inc. which was on July 2, 1963. He stated that he did not have much contact with OSWALD but that he talked to him at the time he filed his application, checked over his application form, and noted that he had stated thereon that he had just recently been discharged from the U.S. Marine Corps. He stated that he was satisfied with the application filled out by OSWALD and his brief conversation with him and recommended that he be hired as an oiler. He stated that OSWALD's job as an oiler was to see that the machines were kept oiled and that he was also responsible for keeping the machines clean.

He stated that OSWALD did not associate with the other employees but seemed to stay by himself most of the time even during the coffee breaks and during the lunch period. He also advised that the only argument he ever had with OSWALD was when he put OSWALD on a late shift so that the machines could be oiled and cleaned after they had been used during the day and that OSWALD complained that he did not like to work on the late shift and he was advised by Mr. CLAUDE that he would see what arrangements could be made to again place him on a regular shift.

Mr. CLAUDE also advised that the work performed by OSWALD was very poor and that he had been on the verge of firing him on several occasions and the only reason he did not fire OSWALD was in view of the fact that the

FREDERICK O'SULLIVAN, 413 Heritage, Detective, Vice Squad, New Orleans Police Department, advised that LEE HARVEY OSWALD was in his homeroom when both attended Beauregard Junior High School in either 1954 or 1955. O'SULLIVAN advised that he vaguely recalls OSWALD as he, OSWALD, was a rather strange individual. O'SULLIVAN explained that OSWALD was a loner and not the type of individual who attempted to make friends. About the only classmate that OSWALD seemed friendly with was an EDWARD VOEBEL, who presently works at the Quality Flower Shop on Canal Street. O'SULLIVAN knew nothing regarding OSWALD's habits, part time jobs or even where he was living while attending school. About the only other pertinent fact he could recall regarding OSWALD was that OSWALD was a member of the Civil Air Patrol (CAP).

O'SULLIVAN advised that he had joined the CAP in 1953. In New Orleans, the CAP was divided into two groups, one which met at Moisant Airport and the other held meetings at the New Orleans Airport. A Captain DAVE FERRIE was in charge of the group which met at New Orleans Airport during 1953. FERRIE then transferred and assumed command of the CAP at Moisant Airport at about the same time O'SULLIVAN thought OSWALD might have joined. Assisting FERRIE at that time was a woman by the name of GLADYS DURR, whom O'SULLIVAN believed was still living in New Orleans.

In discussing Captain DAVE FERRIE, O'SULLIVAN advised that he had recently learned that FERRIE was a homosexual. He suggested if the FBI wished additional background information regarding FERRIE they contact MORRIS BROWNLEE, Jefferson Highway, who was a good friend of FERRIE and who was recently arrested on a morals charge.

In further discussing FERRIE, O'SULLIVAN stated that he can recall an incident which occurred approximately eight years ago when FERRIE was in charge of the CAP at Moisant Airport. FERRIE had acquired a reputation for being able to hypnotize people and after one of the CAP meetings, he demonstrated his ability by hypnotizing a ROBERT RADELET (phonetic) currently employed for IBM.

O'SULLIVAN further advised that in making inquiry regarding Captain FERRIE after learning of FERRIE's possible friendship with OSWALD, he learned that the following individuals also were members of the CAP possibly at the same time OSWALD was a member.

THOMAS M. COMPTON
WILSON A. DUPLANTIS, JR.
HARRY A. ESTEVE, JR.
MELVIN COFFEY
WILLIAM D. HARDEN, JR.
JOSEPH THOMPSON

O'SULLIVAN stated that he did not know the exact address of these individuals or whether they were still living in New Orleans.

O'SULLIVAN advised that if OSWALD remained in the CAP long enough to be eligible for an identification card, he would have been issued one and a record of this could probably be obtained at CAP Headquarters, Masonic Temple Building, New Orleans, Louisiana.

Mr. JOSEPH W. EHRLICKER, Commander of Louisiana Wing, Civil Air Patrol (CAP) advised that he was unable to find CAP applications identifiable with LEE H. OSWALD; however, he did locate a record reflecting that OSWALD was enrolled as a CAP cadet on July 27, 1955, at which time he was given Serial Number 084965. EHRLICKER stated that OSWALD was enrolled in the cadet squadron at Moisant Field in New Orleans. The file did not reflect OSWALD's termination date, but EHRLICKER noted that his term would have expired on December 31, 1955 if not renewed.

EHRLICKER noted that records ordinarily were not kept beyond four years past termination. In accordance with this policy older records pertaining to DAVID W. FERRIE have been destroyed. EHRLICKER was able to determine that FERRIE's first period as Squadron Commander was terminated December 31, 1954. He was working at Moisant Airport at this time. It was later found out that FERRIE subsequent to this date was working with the squadron at Moisant without official connection with the CAP. As of late 1955 he was no longer with the squadron. In late 1958 FERRIE again became officially connected with the CAP and he was terminated on December 31, 1960. Subsequent to this date FERRIE set up a "spurious" CAP squadron with no connection with, or recognition by, the CAP. EHRLICKER stated that a voluminous file was available pertaining to FERRIE's most recent CAP employment.

EHRLICKER does not know OSWALD.

MICHAEL PATRICK NEUMEYER, 1541 Franklin Avenue, New Orleans, advised that he vaguely recalls LEE HARVEY OSWALD from Beauregard Junior High School. NEUMEYER advised that he is about three years younger than OSWALD and was probably in the sixth grade at the time OSWALD was in the ninth grade at Beauregard Junior High School. NEUMEYER knew nothing regarding OSWALD's friends, interests, or other pertinent background data. The only incident he could recall which ever involved him and OSWALD was a fight between his brother, JOHN NEUMEYER and OSWALD, which occurred while both his brother and OSWALD were in either the eighth or ninth grade. MICHAEL NEUMEYER recalls that one day OSWALD began picking on him at which time his brother JOHN had a fight with OSWALD. MICHAEL could only recall that JOHN won the fight and could not remember any further details.

MICHAEL NEUMEYER stated that his brother JOHN who was in OSWALD's homeroom, might possibly recall OSWALD and be able to furnish more information than he could. He advised that JOHN owned The Sands Motel, 801 Jefferson Highway and resided at 1541 Franklin.

Mr. JOHN D. KILGORE, 2830 Chapman Street, Shreveport, Louisiana, advised as follows:

He recognized a photograph of LEE HARVEY OSWALD in a Shreveport newspaper as a man known to him as LEE OSWALD who worked for V. C. Bilbo Trucking Company, Dallas, Texas, when KILGORE also worked for that company. KILGORE started working about four and a half months ago as a truck driver and understood that OSWALD had been working about six months as a truck driver at the time he started. KILGORE was laid off about September 1, 1963, and he believed OSWALD may have been laid off prior to that time because he did not see OSWALD for a week prior to his discharge. However, he recalled that on the day of his discharge he saw OSWALD going into BILBO's office.

KILGORE stated OSWALD seldom went out on a driving assignment for BILBO and that he, KILGORE, was usually sent out in his place. He advised that on several occasions he observed three unknown men come to BILBO's office and on two of these occasions he observed these men leave BILBO's office in the company of BILBO and OSWALD. On both occasions the three men and BILBO returned to the office about an hour later but without OSWALD. On other occasions he saw these three men in the office with BILBO only. He described these men, names unknown, as follows:

Sex	Male
Age	45-46
Height	6'2" to 6'3"

He stated one of these men had a blue 1962 Chevrolet, Texas license plates and another had a black 1960 Ford, Texas license plates. He was unable to state which man owned which car. He stated the Number 1 man seemed to know OSWALD fairly well and seemed to talk to him quite a bit. He advised he never overheard their conversations because he was outside the office and they were inside the office. He stated; however, that on one occasion he overheard a conversation between BILBO and OSWALD when they were in the office and he was standing outside an open window, and he heard BILBO remark "Whenever the time comes-you be there and everything will be ready." He said he did not understand this remark and was unable to hear further conversation because BILBO and OSWALD saw him and closed the window. He stated on

several occasions he saw BILBO give OSWALD money, recalling that he gave him $5 on one occasion and $10 on another occasion, reason unknown.

KILGORE stated he has not seen OSWALD since he, KILGORE, was laid off by BILBO in September, 1963. He stated he has not seen the three men described above since then. He advised that one EARL FRANCIS, telephone number FE 9-9485, Dallas, a mechanic employed by BILBO, may be able to verify the information furnished by him.

KILGORE stated his wife and children have resided in Shreveport for about nine years and did not live with him in Dallas during the above mentioned employment. He stated he has been unemployed since working for BILBO except for two weeks employment with a trucking company in Shreveport. He admitted having been arrested at Bossier City, Louisiana, in 1960 on a worthless check charge and being sentenced to one year in the Louisiana State Penitentiary. He would not admit to any other arrests.

KILGORE was observed to be about 45 years old, 6'5", 225 pounds, brown hair, blue eyes and ruddy complexion.

Mr. BRANYON stated that he was acquainted with LEE H. OSWALD inasmuch as he was then working for the William B. Reily Company, Inc., 640 Magazine Street, New Orleans, Louisiana, when OSWALD was hired in the maintenance department around June 1, 1963.

Mr. BRANYON stated that OSWALD was the "lone wolf" type always staying aloof from the other employees and never associating with them during the coffee breaks or lunch period. He stated that he had very little conversation with OSWALD but recalled that OSWALD told him that he was married, that he was an ex-marine, and that he was living with his folks. He stated that he did not recall if OSWALD furnished any address for his residence.

He stated his job was to insure that the machines were kept oiled at all times and that he was also responsible for cleaning the machines after they had been used during the day. MIGUEL MARIANO CRUZ, also known as MIGUEL MARIANO CRUZ ENRIQUEZ, was interviewed at his place of residence, Apartment C, 2526 Mazant, home telephone 943-0082. He stated that on August 9, 1963, he was visiting a friend, CARLOS J. BRINGUIER, at a clothing store operated by BRINGUIER. He said that they were joined by a mutual friend, CELSO M. HERNANDEZ, who said that he had observed an individual passing out leaflets on behalf of the Fair Play For Cuba Committee, in the 700 block of Canal Street.

He continued that all three thereafter went in search of this individual, later determined to be LEE HARVEY OSWALD.

CRUZ said that they found OSWALD in the 700 block of Canal, and that he was wearing a sign fixed to his chest, which stated "Viva Fidel." CRUZ said that he had also taken a sign with him when departing from the store and at this point exhibited it. He said it read "Danger only 90 miles from U.S.." He informed that the sign bore additional statements, now unrecalled.

On arrival, BRINGUIER recognized OSWALD as a person who had come to the clothing store a few days previously to offer his assistance in working in the Anti-Castro movement. At this point, CRUZ advised that BRINGUIER is a member of the Cuban Student Directorate. CRUZ said that BRINGUIER called OSWALD a traitor to his country and there was thereafter an exchange of heated remarks. He said that he did not readily understand all of the comments passed due to his limited knowledge of the English language. He continued that during the arguments, a crowd gathered and someone pushed OSWALD, who dropped leaflets he was carrying. He said OSWALD placed his hands behind his back and told BRINGUIER to hit him. He said BRINGUIER refused and that it was approximately at this point that the New Orleans Police arrived on the scene.

CRUZ said that he did not know anyone in the crowd that gathered. He actually never spoke to OSWALD and had never seen him nor had heard of him prior to that date. He said that HERNANDEZ did not know OSWALD and had never conversed with him in that HERNANDEZ does not speak English. CRUZ said that OSWALD was not seen by him after they were booked by the police for Disturbing the Peace by Creating a Scene.

CRUZ described the sign worn by OSWALD as black lettering on a white background, which in turn was mounted on a large piece of cardboard. He informed that at the time BRINGUIER was contacted by OSWALD he was given a Marine textbook on the operation of various weapons by OSWALD.

CRUZ said he is currently 19 years of age and was born September 27, 1944, at Camaguey, Cuba. Mrs. JOAN JOFFRION, Secretary to Major DOMINIC ALMISANO, current Supervisor, Traffic Division, New Orleans Police Department, stated that she had no recollection of three people coming into the Traffic Division about a year to a year and a half ago, requesting a parade permit which was not approved.

Mrs. JOFFRION reviewed all of the approved and disapproved parade applications for as far back as 1959 and could not locate any one showing the approval or disapproval for anyone connected with Cuban matters.

Mrs. JOFFRION was shown a photograph of LEE HARVEY OSWALD taken August 9, 1963, by the New Orleans Police Department, their number 122 723. She said that she had never seen this individual in the Traffic Division, as far as she could remember.

1 JOHN J. BECKER, 4770 Overton Street, advised that he recalled two Cubans and an American coming into the Traffic Division while he was in charge for the purpose of securing a parade permit. He placed the time that this incident occured as being in March, 1962. He pointed out that he retired shortly after this. He further stated that he remembered discussing this situation with Captain WILFRED A. GRUSICH, SR., who was then his deputy in the Traffic Division, and it was agreed that no permit would be given to this group, since they were controversial in nature. It was his definite recollection that these individuals claimed to represent Cubans in exile in the United States, and they were attempting to raise funds to help Cubans in Cuba fight FIDEL CASTRO.

Mr. BECKER stated that he had seen photographs of LEE HARVEY OSWALD and although he saw the individuals who had applied for the permit, he could not say that one of them had been OSWALD.

Mr. BECKER could not recall if these individuals had actually prepared an application for a permit to parade or had merely come to discuss the possibility of filing an application. He suggested, however, that his secretary at that time, Mrs. JOAN JOFFRION, who is still secretary to the supervisor of the Traffic Division, be contacted, as she had handled the paper work and filing of these permits and in most instances saw the individuals who were requesting parade permits.

1 Captain WILFRED A. GRUSICH, SR., Deputy Commander, Traffic Division, New Orleans Police Department, advised that following the arrest of LEE HARVEY OSWALD by the Dallas, Texas, Police Department on November 22, 1963, and the showing of his picture on television, he recalled that an individual generally fitting the facial characteristics of OSWALD had been in the Traffic Division with some Cubans to apply for a permit to parade.

Captain GRUSICH stated he has been handling all applications for parade permits for some time. Before a parade can march in the streets of the City of New Orleans, a permit must be secured. Approval must come through him first before it is approved by the superintendent of police and the mayor of the City of New Orleans.

Captain GRUSICH stated as best he can recall, sometime in March, 1962, three individuals came to his office to secure a parade permit. Two of these persons were, as he remembers, Cubans who spoke very little English; the third individual was an American who acted as the spokesman. As best he can remember, these people represented the Cubans in exile in the United States, and it was their desire to stage a parade for the purpose of raising funds to aid Cubans in Cuba to resist FIDEL CASTRO and his regime. Captain GRUSICH stated that since this was a controversial sort of a situation, he discussed the situation with the Superintendent of Police JOSEPH I. GIARUSSO, and it was felt that such a parade could possibly create trouble.

Captain GRUSICH could not remember specifically if these individuals submitted an application to parade. Captain GRUSICH reviewed all parade applications for as far back as 1959, and was unable to identify any, either approved or rejected applications, which he could tie in with this incident.

Captain GRUSICH said that he had discussed this incident with Sergeant GEORGE DE DUAL who is assigned to the Traffic Division, and DE DUAL felt that he had also seen either OSWALD or someone who closely resembled him in the Traffic Division, attempting to secure a parade permit.

DU DUAL told him, however, that he could not remember wh this person wanted the parade permit or just when this incident occurred.

Captain GRUSICH was shown a photograph of LEE HARVEY OSWALD taken August 9, 1963, by the New Orleans Police Department, Number 112 723. Captain GRUSICH stated that although he still felt that OSWALD had been the one he was referring to as having been there with the Cubans, he could not state this to be a fact.

Captain GRUSICH said that inquiry through DENNIS LACEY, Aide to the Mayor of the City of New Orleans, may reveal further information regarding this parade permit, since all permits must be given final approval by the Mayor's Office, and Mr. LACEY is the one who would handle this. He further said that the Bureau of Treasury for the City of New Orleans may have some information with respect to this permit.

It was pointed out by Captain GRUSICH that it would be necessary to secure a permit if one was to distribute literature in the streets of New Orleans. This would not be within his jurisdiction but would be in the City Permit Office, which would be under the Bureau of Treasury.

Captain GRUSICH said that the incident with respect to the three individuals coming to the Traffic Division to secure a parade permit was during the period of time when JOHN J. BECKER was in charge of the Traffic Division. He is now retired and is residing at 4770 Overton Street, New Orleans.

Patrolman FRANK HAYWARD, currently assigned to the First District, New Orleans Police Department, informed that he resides at 1125 Tennessee Street, New Orleans, La., home telephone number 947-1020.

He continued that on August 9, 1963, he was riding in a patrol car with Patrolman FRANK D. WILSON. He said they received a call that a crowd had gathered in the 700 block of Canal Street. He said that on their arrival, an individual later identified as LEE HARVEY OSWALD, was observed to have been passing out leaflets concerning the Fair Play for Cuba Committee. He said the crowd was in an agitated mood and that OSWALD and three Cubans with whom he appeared to be arguing were arrested. He said there had been no fight but that heated words were being exchanged among OSWALD and the three Cubans. He said numerous leaflets were strewn about on the street and sidewalk.

Patrolman HAYWARD continued that OSWALD appeared calm about his arrest and gave him the impression that he (OSWALD) was almost enthusiastic about going to jail. Patrolman HAYWARD said he was present during a brief period of time following the booking of OSWALD at the First District but that OSWALD had never stated he was a communist. On the contrary, Patrolman HAYWARD said that OSWALD claimed that he was not. He said that OSWALD was noticeably evasive to various questions concerning his political beliefs, the Fair Play for Cuba Committee and various other questions directed at him. He said OSWALD's answers in many respects seemed rehearsed and did not even relate to the questions asked. He said OSWALD gave the impression he wanted to cooperate with the police but was actually noncommittal and of little help. He said that OSWALD advised he was then unemployed and that Patrolman HAYWARD did not have any recollection of any statement made by OSWALD to the effect that he had been paid to distribute the leaflets.

Patrolman FRANK D. WILSON, First District, New Orleans Police Department, advised that he currently resides at 5714 St. Claude, home telephone number 944-8025.

He stated that on August 9, 1963, he and a fellow patrolman, FRANK HAYWARD responded to a call about a disturbance in the 700 block of Canal Street. Upon arrival, he observed an individual later identified as LEE HARVEY OSWALD and three Cubans exchanging heated words. He said that OSWALD had been carrying a placard which stated "Viva Fidel". He said OSWALD and the three Cuban individuals were arrested and the spectators disbursed.

He stated that in subsequent conversation with OSWALD, he (OSWALD) commented that communism is a "great rule of government". He said that OSWALD refused to state whether he was or was not a communist. He said OSWALD did acknowledge to the arresting officers that FIDEL CASTRO is a communist and has a cause. OSWALD was said to have stated that he would not bear arms against Cuba on behalf of the United States and that he believes in the communist philosophy. Patrolman WILSON pointed out that, on the contrary, OSWALD later stated that he is an ex-Marine and not a communist.

He said OSWALD was evasive and seldom answered questions in a direct manner and frequently changed the subject.

He said that OSWALD had been distributing leaflets concerning the Fair Play for Cuba Committee and that at the time of his arrest, many leaflets were torn and thrown about on the street and sidewalk by persons present in the crowd that had gathered.

With regards to the leaflets, Patrolman WILSON said that he had no knowledge that OSWALD had made a statement to the effect he had been paid to distribute these leaflets.

Warren Roberts

Patrolman WARREN H. ROBERTS, JR., advised that he is currently assigned to the First District, New Orleans Police Department, having been formerly assigned to the Intelligence Unit. He said he resides at 7754 Alabama Street, home telephone number WH 3-6174.

New Orleans La

Patrolman ROBERTS said that he was one of the several officers who attempted to interview OSWALD at the First District Station following the arrest of OSWALD on August 9, 1963 for disturbance. He said OSWALD was not interviewed separately but in the presence of the three Cubans also arrested and the arresting officers. He said he was actually present with OSWALD for approximately 15 minutes and that in his opinion, the interview was highly unsatisfactory due to the numerous individuals present and the confusion of the moment.

Patrolman ROBERTS stated that he did recall OSWALD answering questions in a mechanical manner, much like a machine that could be turned on and off. He said he was frequently evasive and would not answer questions directly. He stated OSWALD refused to furnish information about members of the Fair Play for Cuba Committee in the New Orleans area and would not, in the presence of Patrolman ROBERTS, state whether he was or was not a communist. He said he recalled OSWALD stating something to the effect that he (OSWALD) could not understand the attitude of the United States towards Cuba. In this regard, OSWALD was said to have indicated he had joined the Fair Play for Cuba Committee to help foster "good relations", between these two countries. He said OSWALD had informed that he paid a $5.00 membership fee to join the Committee and did have some form of membership card in the Committee which Patrolman ROBERTS vaguely recalls to have borne the name LEE.

He said OSWALD informed he was then unemployed having been laid off from his employment with Luzianne Coffee Company. Patrolman ROBERTS concluded by saying that he did not recall OSWALD to have stated he had been

The following investigation was conducted by SA JOHN L. QUIGLEY at New Orleans, Louisiana, November 29, 1963:

On August 10, 1963, Lieutenant FRANCIS L. MARTELLO, Platoon Commander, First District, New Orleans Police Department, advised that on August 10, 1963, he interviewed LEE HARVEY OSWALD at the First District Station, New Orleans Police Department, following his arrest on August 9, 1963, for creating a disturbance while distributing Fair Play For Cuba Committee literature on Canal Street, New Orleans.

Lieutenant MARTELLO stated during the questioning of OSWALD, he examined contents of his wallet. Among items found in the wallet was a piece of paper which, upon examination, disclosed handwriting and handprinting in Russian as well as in English. At the conclusion of the interview, this piece of paper became mixed up in his notes and it was never returned to OSWALD since he did not discover it until after OSWALD's release.

Lieutenant MARTELLO stated the original of this piece of paper had been turned over to the Secret Service, New Orleans, Louisiana, however, he had made an exact reproduction of the contents of this piece of paper and which he furnished to Agent.

A review of this document reflected among other notations thereon, the name of ROBERT, 7313 Davenport Street and 757 French Street, Murret.

A review of New Orleans FBI files discloses that the address 7313 Davenport Street was the former address of ROBERT LEE OSWALD, brother of LEE HARVEY OSWALD, as furnished to FBI New Orleans by FBI, Dallas, on August 14, 1962.

The address 757 French Street, according to FBI, New Orleans files, is that of Mrs. CHARLES MURRET, who is the aunt of LEE HARVEY OSWALD.

It should be noted on this document appearing in English was "United Press 72668", behind it the names GOLDBERG and MOSBY, and "Ass. Press 776430", followed by the name "JOHNSON".

Lieutenant MARTELLO advised that at no time during his two interrogations of OSWALD did OSWALD tell him that he was being paid $25 for the distribution of Fair Play for Cuba Committee literature, or that he was being paid anything for the distribution of this literature.

Date November 29, 1963

1 New Orleans La.

Lieutenant FRANCIS L. MARTELLO, Platoon Commander First District, New Orleans Police Department, advised that on August 9, 1963 Lieutenant WILLIAM GAILLOT and Patrolmen FRANK HAYWARD and FRANK WILSON arrested LEE HARVEY OSWALD in the 700 block of Canal Street and charged him with violation of the City Ordinance relative to disturbing the peace by creating a scene. Arrested at the same time were CELSO MACARIO HERNANDEZ, CARLOS JOSE BRINGUIER and MIGUEL MARIANO CRUZ. William K. Gaillot

On the following morning about 10 a.m., August 10, 1963, Lieutenant MARTELLO noted a placard and some handbills which pertained to the Fair Play for Cuba Committee. He determined that it was the property of an arrested subject by the name of OSWALD. He asked the doorman to bring OSWALD in for an interview.

Lieutenant MARTELLO stated that as a result of this interview with OSWALD, he had made some detailed notes, which he still has in his possession, although he had not at any time dictated a report as a result of this interview. Lieutenant MARTELLO furnished the following memorandum concerning his interview of OSWALD on August 10, 1963, which he prepared as a result of a refreshment of his recollection from his original notes. Lieutenant MARTELLO remarked that his interview of OSWALD was merely for his general information and not in the nature of an official interrogation since he had been previously interviewed by the Intelligence Unit of the New Orleans Police Department.

Re Interview of LEE HARVEY OSWALD at First District Station, New Orleans Police Department on August 10, 1963:

"About 10 a.m. on Saturday, August 10, 1963, I observed a placard and handbills which had been placed into evidence against an accused person. This placard contained information concerning the Fair Play for Cuba Committee. I determined that a subject by the name of LEE HARVEY OSWALD was arrested on Friday, August 9, 1963 when he was passing out handbills on Canal Street and was carrying this placard about his person.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

"Prior to being assigned to the First District, had worked with the Intelligence Unit for two years and since I was generally familiar with various groups and organizations that demonstrate or picket in the city, I decided I would question this individual to see if I could develop any information which would be of value and to ascertain if all interested parties had been notified.

"I requested the doorman to bring LEE HARVEY OSWALD into the interview room. I then took the material which was to be used as evidence into this room. At the same time I reviewed the arrest record on OSWALD and determined that while he was distributing Fair Play for Cuba literature on the street, he became involved in a disturbance with CELSO MACARIO HERNANDEZ, CARLOS JOSE BRINGUIER and MIGUEL MARIANO CRUZ.

"When OSWALD was brought into the office, I introduced myself to him as Lieutenant FRANCIS L. MARTELLO and I was in uniform at the time.

"I asked OSWALD if he had any identification papers. At this time OSWALD produced his wallet. Upon my request, he removed the papers and I examined them. He had in his wallet a number of miscellaneous papers, cards and identification items. The only ones that I felt were of any significance were the following, which I made note of:

"1. Social Security Card bearing #433-54-3937 in the name of LEE HARVEY OSWALD;

"2. Selective Service draft card in the name of LEE HARVEY OSWALD bearing #41-114-395-32, classification - 4A.
(I do not know what draft board was registered with.)

"3. Card bearing name LEE HARVEY OSWALD reflecting he was a member of the Fair Play for Cuba Committee; address listed as 799 Broadway, New York 3, New York; telephone #ORegon 4-8275, headquarters for Fair Play for Cuba Committee. Card was signed by V. T. LEE, Executive Secretary; card issued 5/28/63.

DRB 9-15-62 Minsk, USSR

"The notes of my interview reflect that OSWALD gave his date of birth as October 18, 1938 at New Orleans, Louisiana; that he served three years in the U. S. Marine Corps and stated he was honorably discharged on July 17, 1959 from Santa Ana, California. His wife's name was MARINO PROSSA, a white female, age 21. OSWALD stated he had one daughter, JUNE LEE OSWALD, white female, 17 months of age, and he had been residing at 4907 Magazine Street with his wife and daughter for the past four months. OSWALD said that since 1959 he resided at 4709 Mercedes Street in Fort Worth, Texas and had also lived in Arlington, Texas. OSWALD said his mother's name was MARGARET OSWALD, his father, ROBERT LEE OSWALD, being deceased. He told me he had two brothers, ROBERT OSWALD, living in Fort Worth, Texas, and JOHN OSWALD, Arlington, Texas. He also stated he lived somewhere on Exchange Place in New Orleans but could not remember the address, and that he had attended Beauregard Junior High School and Warren Easton High School, both in New Orleans, and that he attended Riegeala West Elementary School in Fort Worth, Texas. OSWALD told me he had moved to New Orleans from Fort Worth about four months ago.

Born 1931

"When questioned about the Fair Play for Cuba Committee, OSWALD stated that he had been a member for three months. I asked how he had become affiliated with the Fair Play for Cuba Committee and he stated he became interested in that Committee in Los Angeles, California in 1958 while in the U. S. Marine Corps. The facts as to just how he first became interested in the Fair Play for Cuba Committee while in the Marine Corps are vague, however I recall that he said he had obtained some Fair Play for Cuba Committee literature and had gotten into some difficulty in the Marine Corps for having this literature.

"OSWALD was asked how many members of the Fair Play for Cuba Committee were in the New Orleans Chapter and he stated there were 35. I asked him to identify the members of the Fair Play for Cuba Committee in New

Orleans and he refused to give names of the members or any identifying data regarding them. OSWALD was asked why he refused and he said that this was a minority group holding unpopular views at this time and it would not be beneficial to them if he gave their names. OSWALD was asked approximately how many people attended meetings of the New Orleans Chapter of the Fair Play for Cuba Committee and he said approximately five attended the meetings, which were held once a month. He was asked where and he said at various places in the city. He was asked specifically at what addresses or locations were the meetings held and stated the meetings were held on Pine Street. He was asked at whose residence the meetings were held and he refused to give any further information. It should be noted at this time during prior investigation conducted, while I was a member of the Intelligence Unit, information was developed that Fair Play for Cuba Committee literature was found in the 1000 block of Pine Street, New Orleans, which was near the residence of Dr. LEONARD REISSMAN, a professor at Tulane University. This investigation was conducted by me. 1121 Pine St. New Orleans, La.

"As I remember, Dr. REISSMAN was reported to be a member of the New Orleans Council of Peaceful Alternatives which is a 'ban the bomb' group recently established in the city and had conducted meetings and two or three demonstrations in the city. Knowing that Dr. REISSMAN was reportedly a member of the New Orleans Council of Peaceful Alternatives I thought there might be a tie between this organization and the Fair Play for Cuba Committee.

"When OSWALD stated that meetings of the Fair Play for Cuba Committee had been held on Pine Street, the name of Dr. REISSMAN came to mind. I asked OSWALD if he knew Dr. REISSMAN or if he held meetings at Dr. REISSMAN's house. OSWALD did not give me a direct answer to this question, however I gathered from the expression on his face and what appeared to be an immediate nervous reactions that there was possibly a connection between Dr. REISSMAN and OSWALD; this, however, is purely an assumption on my own part and I have nothing on which to base this. I also asked OSWALD if he knew a Dr. FORREST E. LA VIOLETTE, a professor at Tulane University. 1307 Pine St. New Orleans La

I asked him this question because I remembered that LA VIOLETTE allegedly had possession of Fair Play for Cuba literature during the year 1962. I cannot remember any further details about this nor do I have any information that he is or was connected with the Fair Play for Cuba Committee in New Orleans. OSWALD became very evasive in his answers and would not divulge any information concerning the Fair Play for Cuba Committee, where the group met, or the identities of the members.

OSWALD was then asked what religion he practiced and he stated he was a Lutheran and also that he was presently unemployed but had worked at William B. Reily Coffee Company, New Orleans, about three months, working on heavy machinery and earned $60 per week. He worked from May to July 17, 1963 at that company. He further stated that he worked for Jax Brewery approximately 1½ months ago.

"I asked him again about the members of the Fair Play for Cuba Committee in New Orleans and why the information was such a big secret; that if had nothing to hide, he would give me the information. OSWALD said one of the members of the Fair Play for Cuba Committee in New Orleans was named 'John' and that this individual went to Tulane University. He refused to give any more information concerning the Fair Play for Cuba Committee in New Orleans.

"Since he did not appear to be particularly receptive at this time, the interview was concluded and he was returned to the cell block. Prior to entering the cell block, OSWALD was again allowed to use the telephone.

"Several hours later after OSWALD was interviewed by a Special Agent of the Federal Bureau of Investigation, a white female came to the station and identified herself as Mrs. MURAT, who stated she was a relative of OSWALD and lived on France Street. She stated she wanted

NO 89-69
6

to know the charge against OSWALD and I told her, explaining to her the procedure whereby OSWALD could be released. She became very reluctant to become involved in the release of OSWALD as she stated since he was involved with the Fair Play for Cuba Committee, she did not want to get mixed up with it in any way. I spoke to her concerning OSWALD's background and she stated OSWALD had a hard time coming up insofar as his family life was concerned and she felt that this had a direct bearing on his actions and that he had gone to Russia and stayed over there for a few years; he married while in Russia and came back to the United States with his wife. She stated OSWALD did not allow anything but Russian to be spoken in his home. She was asked why he did not allow English to be spoken and she related she had spoken to OSWALD's wife about this and she said this was his desire. She further stated she had asked OSWALD's wife if she liked America and the wife answered 'Yes I do' but said her husband (OSWALD) did not like America. I did not question her any further.

"After Mrs. MURAT left, I decided to further question OSWALD and had him again brought out of the cell to me. I then asked if he had given me all of the needed information about his background and he said he had. I asked him if he lived in Russia and he stated that somebody had told me this. He then admitted he had lived in Russia for 2½ years, going there by "slow boat to Europe." I asked him how he got over there and he related he left Fort Worth, Texas, stayed in New Orleans a few days and then took the "slow boat to Europe." He took a tour of Europe and wound up in Russia. He lived in Moscow and Minsk, Russia and told me he lived there from October, 1959 to July, 1962. I asked him if his wife was Russian and he said yes. He said her true name was MARINO PROSSA and that it was an abreviation of her name, MARINO PROSSAKAYA; he said she was an alien M-1. I then asked him if he was a communist and he said he was not. I asked him if he was a socialist and he said 'guilty.' We then spoke at length concerning the philosophies of communism, socialism and America. He said he was in full accord with the book, Das Kapital,

NO 89-69

which book was written by KARL MARX. I know that this book condemns the American way of government in entirety. I asked him if he thought that the communist way of life was better than the American way of life and he replied there was not true communism in Russia. He said that Marx was a socialist and although communism is attributed to MARX, that MARX was not a communist but a socialist. He stated this was the reason he did not consider himself to be a communist. I asked him what his opinion was of the form of communism in Russia since he had lived there for two years and he replied 'It stunk.' He said they have 'fat stinking politicians over there just like we have over here' and that they do not follow the great concepts of KARL MARX, that the leaders have everything and the people are still poor and depressed. I asked OSWALD why he would not allow members of his family to learn English as this would be required to educate his children and communicate with people. He stated the reason why he did this was because he hated America and he did not want them to become 'Americanized' and that his plans were to go back to Russia. He stated he had already applied to the State Department for a visa to go back by using the excuse that his wife was a Russian. I asked him what he thought about President JOHN F. KENNEDY and NIKITA KHRUSHCHEV. He said he thought they got along very well together. I then asked him if he had to place allegiance or make a decision between Russia or America, which he would choose and he said "I would place my allegiance at the foot of democracy." I then asked him if he would consider himself a VIA 'student of the world', explaining that I meant by this a person who attempts to find a Utopia on earth' and that he said he could be classified as such an individual. I asked him if he had any religious convictions and whether he believed in God since KARL MARX did not believe in God. I was trying to find out if he was an atheist. His answer to me was that he was christened as a Lutheran but that he has not followed any religion since youth. I asked him if he was an agnostic and he said he could be classified as a Marxist in his beliefs. I spoke to him about the Fair Play for Cuba Committee again and

asked him if he knew that CASTRO had admitted that he was a Marxist-Leninist and he said he did. He was then asked if he truly believed CASTRO was really interested in the welfare of the Cuban people and he replied that he was not going to discuss the merits and demerits of CASTRO but was primarily concerned with the poor people of Cuba and that if this country would have good relations with the poor people of Cuba and quit worrying about CASTRO, that was his main concern; he stated this was the reason he was interested in the Fair Play for Cuba Committee.

"OSWALD was then returned to the cell block.

"I then took my notes, along with several copies of the literature of OSWALD, and placed them in a file folder, in the file cabinet.

New Orleans LA

"The day after the assassination of President JOHN F. KENNEDY, Mr. ADRIAN G. VIAL, U. S. Secret Service, who had spoken to me earlier at about 3 a.m. Saturday morning, November 23, 1963, wherein he had obtained information regarding my interview with OSWALD, came to the First District Station on Saturday, November 23, 1963 at about 3 p.m. and told me the Secret Service was conducting an official investigation regarding the assassination of the President of the United States. At the outset of the interview I got out the original file folder on LEE HARVEY OSWALD, opened it and gave Mr. VIAL all of the literature I had obtained from OSWALD, which consisted of some pamphlets, leaflets and booklets put out by the Fair Play for Cuba Committee headquarters. Upon going through these pamphlets I discovered a photograph of LEE HARVEY OSWALD which appeared to be a passport photograph, and a small piece of white paper containing handwritten notes on same. This photograph and paper had inadvertently become misplaced with the literature during the interview I had with OSWALD. This piece of paper, which was folded over twice and was about 2" by 3" in size, contained some English writing and some writing which appeared to me to be in a foreign language which I could not identify. Before I gave

On August 9, 1963, LEE HARVEY OSWALD was interviewed at the First District Station, New Orleans Police Department by Sergeant HORACE A. AUSTIN and Patrolman WARREN ROBERTS, Intelligence Unit, following his arrest on that date for creating a disturbance on Canal Street, New Orleans, while distributing Fair Play for Cuba Committee literature. The results of this interview were placed in a memorandum from these officers to Major PRESLEY J. TROSCLAIR, JR., Commander, Intelligence Unit, dated August 12, 1963.

During the questioning of OSWALD, the memorandum stated he had commented that he had talked to Major TROSCLAIR about getting a permit for the Fair Play for Cuba Committee to hold a parade in the City of New Orleans and that the Major had advised him to consult his, OSWALD's, attorney. OSWALD was reported to have said that he never did go and see about getting a permit at the City Hall.

Major PRESLEY J. TROSCLAIR, JR., advised that it was his recollection that some time prior to the arrest of LEE HARVEY OSWALD on August 9, 1963, specific date unrecalled, he did receive a telephone call from OSWALD who asked him concerning the securing of a permit to parade in the City of New Orlans, which parade would be sponsored by the Fair Play for Cuba Committee. As best he can remember, he informed OSWALD, who had identified himself as such, on the telephone to get in touch with his attorney with reference to this matter.

Major TROSCLAIR said that he had no additional information regarding this matter and did not pursue it further. However, he was under the impression, source not recalled, that OSWALD did apply for a parade permit through the Traffic Division of the New Orleans Police Department, adding that if any group desired to secure a parade permit for the City of New Orleans, it would be necessary to obtain such a permit through the Traffic Division of the New Orleans Police Department.

Major TROSCLAIR said that his file on OSWALD did not contain any data with respect to this telephone call from OSWALD, however, it is a possibility that he may have made such a memorandum which would be retained in his personal confidential files which are at this time voluminous. He said he would make

Captain JAMES ARNOLD, Commander, First District Station, New Orleans Police Department, advised that on August 9, 1963, he was aware of the fact that Lieutenant WILLIAM GILLIOT, Patrolmen FRANK HAYWARD and FRANK WILSON, had arrested LEE HARVEY OSWALD on Canal Street because he became involved in a disturbance with three Cubans while he, OSWALD, was distributing Fair Play for Cuba Committee literature. Shortly after OSWALD was booked at the district, he stated that Sergeant HORACE J. AUSTIN and Patrolman WARREN ROBERTS of the Intelligence Unit of the New Orleans Police Department came to the district and interviewed OSWALD as well as the other three Cubans who were arrested with OSWALD.

At the outset of this interview with OSWALD, Captain ARNOLD advised he was present and since he was merely there as an observer, he made no notations and did not submit any report or results of the interview since this was the responsibility of AUSTIN and ROBERTS.

As best he can remember, Captain ARNOLD said that the beginning of the interview dealt with general background of OSWALD, such as place of birth, where he lived, who his family was, his employment, etc.

Captain ARNOLD remembered that he asked OSWALD if he knew CARLOS LAMONT, who, according to information he, ARNOLD, possessed was considered to be a Communist. OSWALD responded by saying that CARLOS LAMONT was not a he but was a she and that he had read some of the material written by this female and he did not consider LAMONT to be a Communist. He further commented that he, himself, OSWALD, was not a Communist.

Captain ARNOLD said that he remembered from past knowledge that the name of Professor LEONARD REISSMAN of the New Orleans Council for Peaceful Alternatives, who resided at 1121 Pine Street, New Orleans, had been mentioned as being possibly affiliated with the Fair Play for Cuba Committee, although he did not have any first hand information to the effect that REISSMAN was so connected and when he, OSWALD, mentioned during the interview that some of the meetings of the Fair Play for Cuba Committee had been held on Pine Street,

he immediately recalled the name of REISSMAN. He said that he asked OSWALD if REISSMAN was a member of the Fair Play for Cuba Committee. OSWALD did not give a verbal answer to this question, but Captain ARNOLD said he gathered from the expressions appearing on OSWALD's face and from words he uttered at that time, which he could not recall at this time, that OSWALD knew or was acquainted with REISSMAN. He said that he attempted to pursue this further, but OSWALD refused to admit any knowledge of REISSMAN or ever having been at REISSMAN's home. Captain ARNOLD said previous to this OSWALD had admitted to him that he was a member of the local chapter of the Fair Play forCuba Committee and he was trying to tie OSWALD and REISSMAN together, but was unsuccessful.

At no time during the period when he was present during the interrogation of OSWALD, did OSWALD mention being paid any amount of money for the distribution of Fair Play for Cuba Committee literature.

Captain ARNOLD said that he could not remember any additional details with respect to questioning of OSWALD.

Sergeant HORACE J. AUSTIN, Intelligence Unit, New Orleans Police Department, advised that on August 9, 1963, he was advised by Major PRESLEY J. Major TROSCLAIR instructed that AUSTIN and Patrolman WARREN ROBERTS, assigned to the same unit, interview OSWALD at the First District.

AUSTIN related that he and ROBERTS went to the First District and determined that three Cubans had been arrested with OSWALD as they were involved in a disturbance on Canal Street. These Cubans were CELSO MACARIO HERNANDEZ, CARLOS JOSE BRINGUIER, and MIGUEL MARIANO CRUZ. AUSTIN said that he conducted the interviews of BRINGUIER and CRUZ, and ROBERTS conducted the detailed interviews of OSWALD and HERNANDEZ. Lieutenant WILLIAM GAILLOT, 5th District, New Orleans Police Department, advised as follows:

On August 9, 1963, he participated in the arrests of LEE HARVEY OSWALD and some Cubans who were involved in a peace disturbance involving the distribution of leaflets. He does not recall much of the details concerning the arrests and the conversations which took place thereafter but did have some conversation with OSWALD at the 1st District before other police officers took over the questioning.

He asked OSWALD as to how he supported his family and OSWALD replied that he was not working but was drawing unemployment compensation. He indicated he had no other source of income. OSWALD said specifically that he was not being paid to distribute the leaflets and that he was doing it only because he "enjoyed doing it." Concerning the source of the leaflets OSWALD said that everything he was passing out was sent to him from New York City. Since there was a New York City address on the leaflets it was assumed by the arresting officers that it was from this location that OSWALD received all of his material.

MILITARY ACQUAINTANCE OF LEE HARVEY OSWALD

The following investigation was conducted by SAs THOMAS R. MADIGAN and GENE D.B. ROBERTS at West Haven, Connecticut, on November 25, 1963:

PETER FRANCIS CONNOR, 27 Flaum Drive, West Haven, was interviewed in relation to his knowledge of LEE HARVEY OSWALD. CONNOR said he was a member of Marine Air Control Squadron One, Marine Air Group 11, First Marine Air Wing, at the Naval Air Station at Atsugi, Japan, during 1957-1958. He said OSWALD was also stationed there and lived in his barracks. CONNOR, whose service number is 1595596, said OSWALD was not a friend of his and he did not have a close knowledge of him. He said he was a trouble-maker and was engaged in "a few fights". One of these fights, CONNOR said, was with a ROBERT DEMURS, whom CONNOR believes resides in Lewiston, Maine.

CONNOR reported OSWALD had a privately owned Derringer in the barracks at Atsugi, which discharged at one time; and according to CONNOR, OSWALD was grazed with the bullet. CONNOR said he thinks OSWALD was later courtmartialed for having the unauthorized pistol.

CONNOR described OSWALD as a "real sloppy Marine...but he had the reputation of being a pretty good worker". He said he remembered OSWALD wearing an expert rifleman's medal.

CONNOR said the commander of his outfit was Lieutenant Colonel N. D. GLENN.

CONNOR stated that there were over 100 Marines quartered in this barracks, where he and OSWALD were located. He did not know of any close personal friends of OSWALD. He said he never heard anyone state that OSWALD had any anti-American or pro-Communist sentiments or that he ever made any statements indicating this tendency.

He advised OSWALD was still in Japan when he left there, and he has never been contacted since that time by OSWALD or anyone else inquiring about OSWALD until a close friend of his, JERRY E. PITTS, Memphis, Tennessee, apparently furnished his name to the press in Memphis. Since then, he has been contacted by the press and the local television station regarding his knowledge and association with OSWALD.

CONNOR was discharged from the Marine Corps, Parris Island, on April 1, 1959. He is presently employed as an apprentice iron worker with Connecticut Valley Contractors, East Berlin, Connecticut.

PATRICIA LA CAZE, 4909 Danneel Street, New Orleans, Louisiana, advised that she has been engaged to ROGER J. HAYDEL, JR., 1935 Upperline Street, for the past two years. She said that she met HAYDEL in November, 1961, just after his release from Angola or the Orleans Parish Prison, where he had served eight months for bad checks. She said that they had been steady companions since that time. She said that she was residing at 311 Lopez Street at the time she met HAYDEL and moved to 5003 Magazine Street a month later. She said she stayed there a short time and them moved to her present address. She stated that HAYDEL operates his business, R. J. Electrical Service, from her residence (telephone 891-5365) for approximately two years.

She said that she has an invoice, Number 18643, from the Lee Rubber and Tire Corporation, 1530 Carondelet Street, showing that R. J. Electrical Service purchased four ultra nylon white tires, .800 x 14, amounting to $101.60 on November 21, 1962. She said that HAYDEL went to the Lee Rubber and Tire Corporation personally to purchase these tires and had to open up a charge account in order to pay for them. She said that she knows all of HAYDEL's friends and is sure that LEE HARVEY OSWALD is not one of them. She said that she believes HAYDEL had never seen OSWALD until his picture appeared in the newspapers and on television during the investigation of the assassination of President KENNEDY.

She said HAYDEL signed several forms at the Lee Rubber and Tire Corporation at the time he opened this account and was sure that his handwriting could be verified in order to definitely establish that it was he who bought the tires at that establishment and not anyone else.

1 JOHN E. HEVRON, Assistant Secretary and Treasurer, New Orleans Public Service Company, 317 Baronne Street, advised that it would be impossible to check listings for names of persons only without addresses, as records of hundreds of thousands of New Orleans residents would have to be searched. He advised, however, that it was possible for him to check records of a deposit ledger kept by this Company in name only and added that the following names had been searched through this file, and no listing identifiable with the following-named persons had been located therein:

A. J. HIDELL

ALEX HIDELL

ANA HIDELL

JACK RUBENSTEIN

JACK RUBY

HEVRON stated that during the search he noted that all variations in spelling of the above names were searched.

HEVRON stated for information of the Federal Bureau of Investigation that during the afternoon of November 25, 1963, a Secret Service Agent by the name of ROBERT VIAL had contacted him and requested a record check through his files for one R. J. HAYDEL, JR., at an address listed as 1935 Upperline Street, New Orleans, Louisiana. HEVRON advised that a check of his records revealed that one ROGER J. HAYDEL, SR., lived at this address and not only held an account with the utility company but was employed as a bus driver with this Company. HEVRON stated to his knowledge ROGER J. HAYDEL, SR., had been employed in the 1920's with this Company and terminated his employment at that time to be re-employed as a bus driver on June 5, 1945, and continues to be employed in this capacity at the present time. He stated this employee's date of birth was listed as June 5, 1945 and a previous address for HAYDEL, SR., was listed as 331 Octavia Street, New Orleans.. He explained that he was

not in a position to furnish any more identifying data concerning this employee without examining his file.

HEVRON stated that to the best of his knowledge, Secret Service Agent VIAL informed him that supposedly R. J. HAYDEL, JR., was connected with the R. J. Electric Company at 4909 Daneel Street, New Orleans, Louisiana, and requested that this address and name be searched through Public Service files to determine if any record might be found of service at this location. HEVRON stated that a check revealed that no service had been installed at 4909 Daneel Street, however, application for installation of such service had been made on March 22, 1962, by a person who listed his name as J. LACAZE, 4909 Daneel Street, who identified his former residence as 5306 Magazine Street, Apartment 7, and furnished the following telephone numbers:

895-7874
TW. 9-0334

HEVRON stated that the subject of the assassination of President JOHN F. KENNEDY had such a profound effect upon him that he had followed very carefully all newscasts and newspaper accounts and added that if he was not mistaken, he recalled hearing a report somewhere that circulars bearing the words "Hands Off Cuba" had been passed out at New Orleans, Louisiana, by OSWALD sometime in August, 1963, and some of these circulars bore the name ~~HYDEL or~~ HAYDEL with a Post Office Box at New Orleans, Louisiana, of 30016.

Mrs. JUBIN advised many times that people not eligible for benefits from the Louisiana Department of Welfare were referred to her to determine what, if any, agency such people could receive aid from. Mrs. JUBIN pointed out that OSWALD would not have qualified for benefits from the Louisiana Department of Public Welfare and she was of the opinion that the Traveler's Aid Society would have been the most likely agency that she would have referred OSWALD to had he come to her for counsel. Mrs. JUBIN advised she generally makes a record of all individuals coming to her service but on occasion when her only connection was simply to refer a person to another agency that no record would be kept.

GEORGE MANNING, Manager, American Express Co., 143 Baronne Street, advised that he had made a check of his records for the months of August and September, 1963 but found no record of a sale of checks to anyone named OSWALD or HIDELL. He said he had called their New York Office about the matter, thinking New York might check their records of cash sales in the above names. His New York Office advised him they could not make such a search, that they could not make a search by name, adding their records are kept by money order number, and they would need a money order number to assist in this matter.

He added that money orders were also sold at bus stations, railway stations, banks, and by Western Union Offices. These places keep their own records and the records are not sent to American Express here or in New York.

HENRY COE DESMARE, 2635 Ursuline Street, New Orleans, Louisiana, advised as follows:

He is the investigator for the Retail Credit Company, New Orleans.

After viewing a copy of a report dated May 16, 1963, concerning LEE HARVEY OSWALD, 757 French Street, New Orleans, he said he had conducted the investigation concerning OSWALD under Account No. 6605, which is the number for Standard Coffee Company, New Orleans. He stated that the notation at the top of the report "intv Aunt and two personal associate of subject" made reference to the fact that he had interviewed OSWALD's aunt in addition to two personal associates.

Under Item No. 1 "informants", the notation "1½ yrs-2y" meant the two associates he interviewed knew OSWALD for 1½ years and two years respectively.

He said he had no recollection concerning the identities of the associates but that the aunt's name was something like MUREL and lived on French Street, New Orleans.

DESMARE said the requesting company, in this case Standard Coffee Company, sends a card listing the names of references and associates which he assumed were taken from application forms. It was his opinion that the names of the associates he interviewed were probably on the application in the files of Standard Coffee Company.

It was later brought to his attention that the two associates listed on the application were Sgt. ROBERT HIDELL, on active duty with the U. S. Marines and Lt. J. EVANS, on active duty with the U. S. Marines, in addition to JOHN MURRETT, 757 French Street, New Orleans.

DESMARE said the names of the Marines were not familiar, and he could not recall whether he interviewed them or someone else in the neighborhood of 757 French Street. DESMARE was reminded that OSWALD had not lived

at that address but used it as a mailing address and had used it beginning in May, 1963. DESMARE was of the opinion he may have contacted the personal associates of OSWALD in the neighborhood, but it was pointed out to him that they were supposed to have known OSWALD for 1½ and two years respectively and that he had not lived in the neighborhood.

DESMARE said he was unable to explain this other than to say that he must have interviewed someone at some place or he would not have reported it.

He said if he had interviewed the Marines he could not recall where it might have been other than possibly the Custom House in New Orleans.

Miss CECILE GARDNER, Supervisor of File Unit, New Orleans Retailers' Credit Bureau, Masonic Temple Building, advised her records reflect a file on a Mrs. MARGUERITE OSWALD.

Miss GARDNER related that on May 17, 1954, Maison Blanche Department Store, New Orleans, requested a credit clearance on Mrs. OSWALD. At this time the credit bureau's file failed to reveal any previous record for this individual.

A telephonic inquiry was made by Operator 32 which developed the following information:

Mrs. OSWALD was described as a white female, 40-45 years of age, and a widow. Her dependent at that time was shown as one son "not further identified". Her employer was listed as Burt's Shoe Store; 1117 Canal Street, New Orleans, Louisiana, which business was a shoe store. Mrs. OSWALD was reported to have been a saleslady at that store and had been employed in that capacity for a two month period. The report showed that Mrs. OSWALD had a record of steady employment. Further that her character, habits and morals were well regarded. In addition to this, no information was developed indicating any illegal practice on the part of Mrs. OSWALD at any time. Her income was shown as $40.00 per week and that she rented.

Miss GARDNER further stated that the following comments were made with reference to Mrs. OSWALD at this time:

"Subject came to this city years ago and has resided at the above address for two months. She was formerly employed by Lady Oris Hosiery Shop, NY Co. for 9 months as a saleslady but for the past 2 months has been employed as above. Subject also has 2 sons in the service".

Mrs. EARLINE DOBRONICH, Credit Manager, Bennett's Photographic Store, 320 Baronne Street, advised that when picture of LEE HARVEY OSWALD was shown on television she said to herself she had seen that individual before. She related that it was her recollection that either two or three months ago, date unrecalled, and no way to pinpoint the date, this individual had come to her department and submitted a credit application. She said that the reason she remembered it so well was that the person who had applied for credit had the last name of OSWALD. What this person's first name was she could not say. Why the person was applying for credit, she could not recall, but added it must have been for supplies since it was her recollection that the credit card which was partially filled out was yellow in color. This is the type of card that would be used for supplies rather than credit for equipment. Mrs. DOBRONICH said this person left, but did not return. She kept the partially completed application on her desk for sometime. When she decided that the person apparently was not coming back she did something with the application, but could not recall what. She said that she had looked through all of her records but was unable to locate the application. She said there was a possibility that she had destroyed this application.

Mrs. DOBRONICH could not recall any of the details that were on the application and since she could not find the application, she now questioned in her own mind whether the person's name was actually OSWALD.

Since she could not locate this application she said that she called the New Orleans Retailers Credit Bureau and inquired as to whether or not BENNETT's even made an inquiry concerning LEE HARVEY OSWALD and was informed that they had no record whatsoever of OSWALD. Mrs. DOBRONICH said that it is a normal procedure when she makes an inquiry with reference to someone in the Credit Bureau that even though a record is not found, the Credit Bureau does prepare a card on the individual indicating that an inquiry had been received by BENNETT. She added that if she had been able to locate any record on OSWALD it was her plan to call the FBI, but since she could locate nothing in her files, she did not contact the FBI since the question in her mind now was whether or not the individual she had in mind was actually named OSWALD.

He likewise advised Public Health Service Form 731 (Revised January 1, 1957) was again revised on June 1, 1961, and that all copies of the old form have been destroyed. He continued by saying primary vaccinations are given for smallpox but that only legal beneficiaries are entitled to receive them at the Public Health Service Hospital. He pointed out, however, that anyone can obtain a blank Form 731 through the following sources: Government Printing Office, Washington, D. Date 11/27/63

MR. HAROLD J. STAFFORD, Regional Attorney, Room 901, 1114 Commerce Street, Department of Health, Education and Welfare (HEW), Dallas, Texas, advised that one of the programs of the Social Security Administration is the arranging for providing temporary assistance to United States citizens and their dependents who have returned from a foreign country and are without available resources. The program is financed with Federal funds.

MR. STAFFORD informed that the Dallas files reflect several pieces of correspondence under the caption "RE-PATRIATION - OSWALD, LEE and family." On June 13, 1962, OSWALD, the repatriate, his wife MARINA, age 20, and baby named JANE, four months old, arrived in New York City aboard the S/S MAASDAM from Moscow. The passport was issued at Los Angeles September 10, 1959. A letter states that on arrival the family had only $63.00, which was not sufficient for transportation to Texas. His brother, ROBERT OSWALD, living at 7313 Davenport, Fort Worth, Texas, forwarded $200.00, thereby providing sufficient money for transportation for the family to Fort Worth, Texas.

MR. STAFFORD advised correspondence from the New York Office indicates that OSWALD served in the U. S. Marine Corps and went to Russia with the State Department's approval to accept employment as a radar specialist. Specifically, he was there for 2 1/2 years and married a Russian girl.

MR. STAFFORD advised that a letter dated June 22, 1962, from MARCELLE CLARK, Assistant Chief, Division of Program Operations, to the Dallas Regional Office of HEW, instructed that arrangements be made by the Dallas representatives of HEW for the family following arrival in Texas. It was not known whether an expenditure by HEW would be necessary but that HEW should be on a "standby basis" for the purpose of assistance in event of need. This letter reflects that OSWALD apparently went directly overseas following his discharge from the U. S. Marine Corps and eventually studied as a veteran under the GI Bill in Switzerland. Subsequently he lived in Russia and married a Russian woman. No dates or further information is contained in the Dallas HEW files.

He did state, however, that undoubtedly the New York and Washington Headquarters' files would reflect considerably more information in detail and that he was providing the above information with a view to the the FBI's interest in LEE HARVEY OSWALD.

Detective R. D. LEWIS, polygraph operator, Dallas, Texas, Police Department, stated that he ran a polygraph of BUREL WESLEY FRAZIER, and while he was running the polygraph, FRAZIER was shown what appeared to be a home made brown, heavy paper gun case. He stated that FRAZIER said that it was possible that this was the case, but he did not think that it resembled it. He stated that the crinkly brown paper sack that OSWALD had when he rode to work with him that morning was about two feet long. (LEWIS refers to the brown, heavy paper gun case. LEWIS refers to the paper in this manner because of the fact that the Dallas Police Department is of the opinion the brown, heavy paper was used by OSWALD to carry the rifle into the building where he was working. The paper referred to by LEWIS is not a gun case at all).

Detective LEWIS stated that if this was not identical with the sack that was turned over to the Bureau, it is possible that OSWALD may have thrown it away. The police have turned over everything that they have in the Crime Laboratory to SA DRAIN. This has been stated by Captain GEORGE DOUGHTY, Head of the Crime Laboratory, Lieutenant CARL DAY of the Crime Laboratory, and R. D. LEWIS, polygraph operator in the Crime Laboratory. These individuals state that as far as they know, the paper sack of the type described by FRAZIER was not recovered by the Police Department. It is possible, but improbable, that it was recovered by the Homicide Bureau. If so, they do not know anything about it in the Crime Laboratory of the Dallas Police Department.

ROLAND J. MARTIN, 701 Tchoupitoulas Street, after viewing a photo of LEE H. He further stated that he could have cashed the payroll checks for LEE H. Reily and Company, Inc., employees.

Mr. MARTIN, after viewing the endorsements on the payroll checks of LEE H. OSWALD, advised that the second endorsement of seven of his checks bore his restaurant stamp endorsement, two, personal signature endorsement and one bears an endorsement causing him to assume that he received it from OSWALD and then used it to pay a bill to the Foltz Tea & Coffee Company, Inc., without adding his own personal endorsement. He did not believe that he had received one of the payroll checks, which is dated July 22, 1963, as it bears nothing in the way of endorsement that is familiar to him. She said that she or her husband may possibly have cashed checks for OSWALD and not have recalled the incident as they cash checks for all neighborhood firm employees and require no identification on payroll checks.

Mrs. MARTIN further stated that this included cashing checks for employees of William B. Reily and Company, Inc.

Mrs. MARTIN advised that she seemed to recall that a customer with the last name HYDELL had cashed checks there in the past but she could not be sure. She stated it seemed that a man by this name, whose first name she did not recall, had cashed checks and had possibly worked at Foster Awning Company on Notre Dame Street around the corner from their restaurant. Mr. RICHARD R. FOSTER, Foster Awning Company, 430 Notre Dame, advised that employment records of his company revealed that there had never been anyone by the name of HIDELL, HYDELL, or HADEL employed by his company.

Mr. FOSTER stated that he did find that one LEAH ANN HEIDEL was employed by his company as a telephone solicitor in selling metal awnings from March 29, 1961 until April 18, 1961. He continued that his records revealed that Miss HEIDEL's residence address was 1322 Spain Street, New Orleans, and her telephone number was WHitehall 4-3628. She was described in his file as being a white female, born April 11, 1935, 5'2", 100 pounds. Her Social Security Number was listed as 437-44-4904 and her next of kin was listed as her mother, Mrs. LUCIEN C. TRISHE.

He stated these employment records revealed that she was formerly employed by Russo Real Estate, 1240 Dumaine Street doing telephone work, the nature of which he did not know, with Arthur Murray, 842 Gravier Street as a telephone sales lady and at Charity Hospital from 1953 to 1955 as a clerk.

Mr. FOSTER did not recall Miss HEIDEL and stated there was nothing in her file that indicated she was related or associated with LEE H. OSWALD.

MANUEL GIL, employee, Information Council of the Americas, Inc., 620 Gravier Street, New Orleans, Louisiana, advised he did not know LEE HARVEY OSWALD personally and could not say that he had ever personally conversed either in person or by telephone with OSWALD. GIL stated he had become aware of OSWALD in approximately August, 1963 at which time OSWALD had been arrested by the New Orleans Police Department in connection with the passing out of leaflets by OSWALD and a fight which had developed between OSWALD and other individuals at that time. GIL stated subsequent to the arrest of OSWALD the Information Council of the Americas, Inc., had prepared a tape of a debate or interview between OSWALD, EDWARD BUTLER, Staff Director of the Information Council of the Americas, Inc., and other individuals. GIL stated the tape which they had prepared was for dissemination use in Central American countries and the debate or interview had actually occurred on a radio program, New Orleans radio station WDSU. Edward Scannell Butler

GIL stated there was a time when he thought an individual who had made numerous telephone calls to him was OSWALD and at that time he had related his suspicions that the person who had made the telephone calls to him was OSWALD to Mr. EDWARD BUTLER. GIL explained that the reason he had felt that the person making the telephone calls was OSWALD was simply on the basis that the voice of OSWALD which he had heard at the time of the interview, sounded very similar to the voice of the individual who had made the telephone calls to him previously.

GIL stated the person making the telephone calls to him had a first name of STEVE, but he could not recall what the last name had been. GIL advised that STEVE had first started making telephone calls to him in approximately November or December, 1961 and continued to make telephone calls until approximately January, 1962. GIL stated he had considered STEVE a "crack pot" but STEVE had called him so many times requesting that he, STEVE, be put in touch with the head of the "Cuban Resistance Group" that he, GIL, had finally referred STEVE to SERGIO ARCACHA, who was "head of an anti-Castro Cuban organization" in New Orleans, Louisiana. GIL stated he had referred STEVE to ARCACHA merely as a means of getting rid of STEVE's nuisance calls.

GIL advised that STEVE had related his, STEVE's, plan to free Cuba was simply that STEVE wanted an organization to drop him into Cuba and he, STEVE, would kill Castro by means of a rifle with a telescopic site.

GIL pointed out that since seeing the recent newspaper publicity concerning LEE HARVEY OSWALD which indicated OSWALD had been in Russia during the period of the telephone calls from STEVE, he, GIL, had changed his mind as to the source of the calls but prior to that time had been of the opinion that they were probably from LEE HARVEY OSWALD.

GIL stated he was sure that SERGIO ARCACHA, who he, GIL, understood was presently in Houston, Texas had interviewed STEVE and ARCACHA would probably have additional information on STEVE.

GIL stated he seemed to recall that STEVE had furnished him a telephone number which was at the New Orleans Greyhound Lines Terminal and he recalled having reached STEVE through this number on at least one occasion. GIL advised that he did not necessary believe that STEVE was an employee at the New Orleans Greyhound Terminal but STEVE just seemed to hang around the area of the telephone number he furnished.

GIL advised it was possible that he had STEVE's telephone number and last name among numerous papers which he, GIL, had at his home and on completion of his appointments for the day would check the papers at his home and advise the New Orleans Office of any additional information he could determind.

GIL stated, after giving due thought as to possible logical contacts for LEE HARVEY OSWALD, that LUIS CERVIGON was a "pro-Castro" individual who is currently teaching high school Spanish in the St. Claude area of New Orleans and in his, GIL's, opinion would have been a logical contact for OSWALD.

GIL stated he knew that LUIS CERVIGON had contacts in Cuba because prior to engaging CERVIGON in an argument after a public address which he, GIL, had made, all of his mail going into Cuba had been opened prior to delivery and this had not happened prior to the time of the argument. GIL stated the only other information he knew concerning LUIS CERVIGON was that CERVIGON had a brother named CARLOS CERVIGON.

A person, who identified herself as Miss ARDEN F. GIBBS, 1119 Chartres, Apartment 3, New Orleans, advised that she had a friend who was presently out on parole from the Louisiana State Penitentiary, Angola, Louisiana, who had imparted information to her over the past weekend, concerning LEE HARVEY OSWALD, the suspected assassin of President JOHN F. KENNEDY. She said this individual in providing this information, had swore Miss GIBBS to secrecy, as he apparently did not want to become involved with any law enforcement officials because of his parole status and the possible stigma of his association with OSWALD. Miss GIBBS said she was providing this information, as she considered it her patriotic duty to do so, however, did not wish to divulge the name of her friend.

She advised as follows:

On or about November 23, 1963, Miss GIBBS was talking with her friend, who commented he had been watching television and newspapers concerning the President's assassination and on observing LEE HARVEY OSWALD on this news media, kept trying to recall where he had seen this individual before, and finally realized that he had seen this individual in the Exchange Alley area of the New Orleans French Quarter in the Spring of 1963.

Miss GIBBS' friend indicated that OSWALD was a homosexual and had recalled a specific conversation with OSWALD during which OSWALD wanted to know where he could obtain some weapons to ship to Cuba, remarking that the Cubans paid good money for weapons.

Miss GIBBS stated her friend had apparently received the impression from OSWALD that OSWALD was greedy and would do anything for money.

According to Miss GIBBS, she believes that her friend had only a limited association with OSWALD and supposedly OSWALD was known to hang around the area of

Miss GIBBS stated she had never seen OSWALD nor had she heard of any of his activities prior to the time of his notoriety in connection with the president's assassination.

At this point in the interview, the importance of obtaining all information possibly relating to the assassination of the President was explained to Miss GIBBS and she said she would provide the name of her friend, provided he be contacted in such a manner as not to disclose her as the source of information and in such a way not to injure his reputation. She said this person's name was ROBERT SANTOINE, who she described as a "ne'er-do-well" nephew of Mrs. ELVA SANTOINE, a socially prominent woman in New Orleans, who resided at 3023 Esplanade, telephone HU 2-4451. She said ROBERT SANTOINE resided in an apartment in the rear of Mrs. SANTOINE's residence which would face on Grand Route St. John.

Mr. G. W. SMITH, Plant Manager, Vickers, Inc., 5353 Highland Drive, was advised of the identities of the interviewing Agents. He was informed that information had been received to the effect that a meeting had been held at this plant the night of Thursday, November 21, 1963 at which time a statement was made to the effect that JOHNSON would be President of the United States by December 1, 1963. Mr. SMITH was requested to advise if any meeting had been held on that date.

Mr. SMITH, after checking, stated that no meeting had been held the night of Thursday, November 21, 1963 or any other time on that date. SMITH said that on each Thursday there is a conference of all Production Supervisors of the plant, held at 3:30 PM, which is attended by about 20 to 25 Production Supervisors. He said that this conference is held for the purpose of reviewing labor efficiency charts concerning the plant production. He said that charts are displayed for the supervisors to see and that the conference usually lasts about ten minutes. He said this is usually held in the plant cafeteria. Mr. SMITH said that Comptroller PAUL MC KERCHER and Budget Supervisor LEONARD LOCKLEY were present at this conference on November 21, 1963. SMITH contacted Mr. MC KERCHER and MC KERCHER said that no such remark was made while the November 21, 1963 conference was in progress or had been made to his knowledge. Mr. SMITH stated that this plant operates three shifts and was not open for any outside clubs to hold meetings there. He said that various personnel at the plant had a 30 minute lunch break on each shift and it would of course be possible for several of the employees to stand around and talk at various times, however he said there was no meeting held on the above date of which management had any knowledge.

SMITH stated that this plant produced hydraulic pumps, motors and valves for missles and aircraft. He said most of the work was military but there was some civilian aircraft work carried on there.

FEDERAL BUREAU OF INVESTIGATION

Date 11/29/63

The information set forth hereinafter was furnished by Mr. EVEN WAINWRIGHT HOLLOWAY, 3135 Pershing Street:

About 1:00 AM, approximately four to eight weeks ago an individual approached Alexandria Continental Bus Company Ticket Agent J. C. GALLUP and purchased a ticket from Alexandria to Dallas, Texas. As Mr. HOLLOWAY understands it, he got his information from Mr. J. C. GALLUP, this individual was carrying a rifle and GALLUP told him he must dismantle the rifle before boarding the bus. This individual borrowed a screwdriver from Porter SAMMY DORSAY to dismantle the rifle and he then put the rifle in a suitcase.

Mr. HOLLOWAY never saw the rifle and since this passenger was "one out of a million passengers", he could not give an accurate description. He believed the individual had recently been in a fight and that the individual commented that he had either been in a fight or an automobile accident. This individual was about 26 years old, about 5'8", about 180 pounds and had a round face. He was wearing a light colored jacket and became a little upset when after arriving at Shreveport, Louisiana, he was told that he would have to transfer to another Continental Bus to continue the trip to Dallas, Texas.

HOLLOWAY did not know the date of the above incident but was positive that it was not on a Tuesday, Wednesday or Friday, because of those days one or another of the aforesaid employees are off.

HOLLOWAY did not know if the individual in question was LEE HARVEY OSWALD and what brought this whole incident back to mind was a conversation a few days ago with Ticket Agent GALLUP.

The following description of HOLLOWAY was obtained through personal observation and interview:

Date November 29, 1963

The information set forth hereinafter was telephonically furnished by Mr. J. C. GALLUP, 5227 Sallie Street, Alexandria, Louisiana, telephone number Hillcrest 33301 (unlisted). Mr. GALLUP explained that he has a heart condition and that he had received word from his wife that the FBI was trying to locate him to obtain some information. Mr. GALLUP asked that the interview be conducted over the telephone.

The squirrel hunting season opened on October 5, 1963, and about two weeks after this date a young man came to Mr. GALLUP's ticket window at around 1:00 a.m. at the Continental Trailways Bus Depot, Alexandria, Louisiana. This young man whom Mr. GALLUP was unable to describe except to state that he had two black eyes and other cuts about his face which appeared to be two or three days old, purchased a bus ticket from Alexandria to Dallas, Texas. This young man was carrying some kind of a rifle and he asked if he could carry the rifle on the bus. Mr. GALLUP answered no and that it would be necessary to take the rifle apart and wrap it up. This young man borrowed a screwdriver from SAMMY DORSEY, a porter at the bus station, and thereafter proceeded to dismantle the rifle. Mr. GALLUP is not positive but he believes the young man took the stock off the rifle and put it in a suitcase and Mr. GALLUP understands that SAMMY DORSEY saw a telescopic sight in this suitcase. Mr. GALLUP thinks the barrel of the rifle was wrapped in some sort of old clothing.

Mr. GALLUP stated he is quite sure of the approximate date of the above incident and that just the other night he recalled this incident and mentioned it to bus driver, E. W. HOLLOWAY, who in turn said something to the effect that wouldn't it be strange if this man turned out to be LEE HARVEY OSWALD.

The information set forth hereinafter was furnished by Mr. SAMMY DORSAY, Temporary Address of 4517 Futrell Street, Alexandria, Louisiana. DORSAY is a porter at the Continental Trailways Bus Depot at Alexandria.

Sometime between 10 and 11 PM on a Sunday, about three weeks ago, a white male approached the ticket counter and asked ticket agent GALLUP what time the next bus left for Dallas, Texas. This individual was carrying a rifle and he asked GALLUP if it was all right to board the bus with the rifle. GALLUP said it was not, so then this individual tried to break the rifle down by using a nickel and then a dime; he was unsuccessful, so he borrowed a screw driver from DORSAY. The rifle was broken down into three pieces and the stock and the middle section were placed in a small brown suit case. DORSAY did not know how this individual carried the barrel of the rifle.

DORSAY did not know the make or caliber of the rifle but said it looked something like a BB Gun, because it had a handle underneath that you push down and and pull back to cock the rifle. DORSAY is not sure but he thinks there might have been a telescopic sight on the rifle in the suitcase. DORSAY described this individual as a young white male, between 20 to 25 years of age, about 5'8", 165 pounds, small build, wearing white looking jacket. This individual had numerous bandages and cuts about his face and when DORSAY questioned him as to what had happened, the individual ignored his questions.

The following description of DORSAY was obtained by observation and interview:

ROLAND BROUILLETTE, 4328 North Rampart Street, advised that sometime during the period July 22, to about August 2, 1963, he was standing at the side door of Waterbury Drug Store, Canal and Camp Streets at approximately 8:00 a.m. waiting for a bus when a group of four, possibly five, white males emerged from the side door of the drug store, the first individual backing out and at the time addressing the remainder of the group not yet through the door. This individual described as average height, about 5'9", heavy build, medium brown hair, fair complexion said, "How are you going to kill the President?". The second individual who emerged was approximately 5'9", 140 lbs., brown hair, fair complexion, and bore the general appearance of photographs in newspapers and television of LEE HARVEY OSWALD.

BROUILLETTE stated that the second individual apparently sensed that he had overheard the statement and no further comment was made. The second individual walked with the group on Camp Street four or five steps and turned and looked at BROUILLETTE, and continued walking with the group on Camp Street in a direction away from Canal Street.

BROUILLETTE could not describe any of the other individuals. He advised that he placed the group in the ages of from 25 to 35 years of age, fair complexion with brown hair, and all were wearing work-clothing, his impression being that the clothing was blue denim pants and blue denim shirts for the most part.

BROUILLETTE advised that two or three days later at the same location and at the same time he observed this group recalling in particular the heavy individual and the individual who bears the general appearance of LEE HARVEY OSWALD.

He advised that he is not positive that OSWALD was one of this group. He said he cannot be certain that he would recognize the heavy individual should he again observe him. He said he would not be able to recognize any of the remainder of the group should he again observe them.

He stated that he is basing the period of time when he observed this group as being the time he used this particular route going to work.

Mrs. CAROLYN CROSS, Apartment N, 1921 St. Thomas, New Orleans, Louisiana, advised she formerly resided at 1215 St. Andrews, Apartment F, New Orleans, in January and February of 1963. During this time, three young Cuban males resided in an apartment directly across from her. She did not know these individuals and could only describe one and she described him as a white male, in his late 20's or early 30's, 5'6", 130-140 pounds, and dark complexion.

Sometime in January, or February, 1963, she was departing her apartment on the second floor and a young white male who she described as being in his early 20's "tall", with dark hair, had aided her in descending the stairs as she was on crutches at the time. She said apparently this young man had been conversing with the young Cuban she had just described. She had not seen the young boy who had helped her down the stairs thereafter, but on viewing television concerning LEE OSWALD, the suspected assassin of President JOHN F. KENNEDY, she was reasonably certain OSWALD was identical to the young man who had helped her down the stairs.

Mrs. CROSS was exhibited photographs of WILLIAM JOSEPH DICKERSON, Mobile Police Department #91410; LEE HARVEY OSWALD, New Orleans Police Department #112-723, and a photograph of CAROL GATES, New Orleans Police Department, #109345.

Mrs. CROSS stated that neither of these photographs appeared identical to the young man she mentioned but that the photograph of CAROL GATES was the closest resemblance to this young man. She pointed to the picture of OSWALD and said this individual was definitely not the young man who helped her down the stairs.

CAROL GATES, New Orleans Police Department # 109345 is described as being a white male, born September 17, 1919, 5'9", 200 pounds, dark brown hair, dark swarthy complexion.

WILLIAM EUGENE WULF, JR., 2107 Annunciation Street, New Orleans, Louisiana, advised that in 1955 he was president of the New Orleans Amateur Astronomy Association, a high school group that usually met at De La Salle High School, New Orleans.

Sometime in 1955, the date, month or season unrecalled, WULF received a telephone call from a person who became known to him as LEE (LNU). At that time, LEE was about 16 years of age, worked at Pfister's Dental Laboratory along with a PALMER E. MC BRIDE who was also known to WULF at that time.

WULF said he was not sure what caused LEE to contact him, but it was either because of their common friend, MC BRIDE, or because of an advertisement that LEE had seen concerning the Astronomy Association in a magazine called Sky and Telescope published by Harvard University. At any rate, LEE during the conversation inquired about joining the Astronomy Association and it is his recollection that he invited LEE to attend a coming meeting. At a subsequent meeting of the Astronomy Association, date in 1955 unrecalled, held at WULF's residence, 2107 Annunciation Street, New Orleans, LEE was in attendance. After the meeting, and after the others departed, WULF and LEE conversed for about three hours in the back of the house. According to WULF, he does not recall the specifics of this conversation but remembers that LEE's comments concerning politics and economics were "left of Socialism" and that LEE was apparently sympathetic with the Red Chinese as he favored Red China's admission to the United Nations. Their conversation resulted in a long argument toward the end of which LEE had commented "if he could find a Communist organization in town, he would join it but he had not been able to find one."

According to WULF, he told LEE to leave the house on LEE's remarks that he wanted to join a Communist organization. LEE left the house and WULF has neither seen nor heard of LEE (LNU) since. WULF said that the only persons

who might have overheard this conversation with LEE would be PALMER MC BRIDE, who is presently in the United States Air Force at Cape Canaveral, Florida, and the other person would be WULF's father, WILLIAM WULF, Sr. He said, however, that he was not sure that MC BRIDE was even at the meeting that night. As to his father, WULF, Sr., he said WULF, Sr., is recovering from a heart attack and further his father's mind tends to wander because of his advanced years. Because of this, WULF felt that information provided by his father might be inaccurate. During the interview WULF selected a photograph of LEE HARVEY OSWALD, New Orleans Police Department Number 112723, taken August 9, 1963, as being a person who strongly resembled the individual LEE mentioned above.

Mr. WULF said that the name HIDELL meant nothing to him and he could not connect it in any way with the person LEE.

WALTER ALVIN GEHRKE, II, 228 Hector Avenue, advised that he is 20 years of age and attended De La Salle High School and in about 1956 became interested in astronomy and joined the New Orleans Amateur Astronomy Association. GEHRKE stated that he had never heard of LEE HARVEY OSWALD before seeing him on television and reading in the newspapers about OSWALD being charged with the assassination of the President. He stated that he could not recall OSWALD ever having attended any meetings of the New Orleans Amateur Astronomy Association.

GEHRKE stated that none of the meetings of this group were held at his residence until about 1958. Prior to that year all meetings were held at De La Salle High School and the Norman Mayer Library on St. Charles Avenue. He said there were only eight to ten active members of the group who regularly attended meetings.

According to GEHRKE, PALMER E. MC BRIDE was one of the more active members of the group and PALMER would frequently bring guests to meetings of the Astronomy Association; however, GEHRKE could not recall that MC BRIDE ever brought OSWALD to one of these meetings. GEHRKE stated that JOSEPH B. EUSTIS, 230 Vincent Avenue, Metairie, and WILLIAM P. SEARCY, III, 1821 North Turnbull Drive, Metairie, were active in the Astronomy Association from about 1956 to about 1961, when the group disbanded. GEHRKE stated RALPH HARTWELL, 600 North LaBarre Road, Metairie, was secretary of the club and should have membership records as well as minutes of the meeting.

SA H. T. BURKE, of the Austin, Texas, Resident Agency, telephonically furnished the following information, which had been confidentially obtained from Mr. JACK BURCHAM, of the Texas Employment Commission, Austin, Texas, on November 27, 1963:

A copy of an interoffice memorandum prepared by the Chief of Employment Insurance Section of the Texas Employment Commission (TEC), addressed to Assistant Administrator of the TEC, Austin, Texas, dated November 26, 1963, entitled "Unemployment Insurance Claims of LEE H. OSWALD, Social Security Number 433-54-3937.

"Set out below is the history of our claim records pertaining to this individual:

On April 11, 1963, OSWALD filed claim in our Dallas, Texas, office listing Jagger-Chiles-Stoval, 522 Browder, Dallas, Texas, as his last employer. He showed that he was separated on April 5, 1963, because "I was layed off by JOHN GRAVES, head of the Photography and Art Department, due to lack of work". He showed his occupation to be a photographer and his age to be 23. He listed his address as 214 W. Neely, Dallas 8, Texas.

On April 16, 1963, he was mailed a determination disapproving his initial claim because of insufficient wage credits. The only wage credits which were shown were from Louv-R-Pac Division, which is Leslie Welding, Inc., 200 East N. Vacek Street, Fort Worth, Texas.

On April 29, 1963, he filed a disagreement from New Orleans, La., showing he should also have wage credits from Jagger-Chiles-Stoval. These wages were found (they had been reported by the company under an incorrect Social Security Number) and a new determination approving his claim was issued on May 8, 1963. This determination approved his claim for maximum benefits of $369, payable at the rate of $33 per week. Thereafter, he filed claims as indicated below:

JACOB LEICHNER, residence, 918 City Park Avenue, part time library assistant, advised he remembered LEE OSWALD when he recognized his photograph on television on the evening of November 22, 1963. On the following morning, November 23, he telephonically contacted an assistant librarian at the Napoleon Avenue Branch of the Library and requested that she check her applications under the name LEE OSWALD, after which the assistant librarian advised him that OSWALD had a library card at that branch. Mr. LEICHNER identified the original application executed by OSWALD for a library card and advised that he furnished the application to OSWALD at the Napoleon Avenue Branch and observed that OSWALD completed the application in his own handwriting with the exception of the number N 8640 and the word Orleans which appear at the top of the application and the inked notation on the lower right hand corner of the card. Mr. LEICHNER stated that he himself wrote the number N 8640 and the word Orleans and that the inked notation at the bottom "Public Service Receipt R. J." were noted by a page named RAYMOND JACOBS who observed that OSWALD had exhibited a New Orleans Public Service receipt as identification.

He said JACOBS was a student at Louisiana State University, New Orleans, and that he no longer is employed at the library.

LEICHNER further recalled observing OSWALD in the Napoleon Avenue Branch of the library on several occasions. He was unable to recall any specific books in which OSWALD was interested, but did remember that OSWALD appeared to be interested in books in the sociological and political fields and was definitely not interested in fiction. Mr. LEICHNER recalled that on one occasion his, LEICHNER's mother, who was born in Russia, was in the Napoleon Avenue Branch of the library. She overheard OSWALD and his wife in a conversation and mentioned to him, LEICHNER, that the couple was speaking in the Russian Language. LEICHNER also recalled that on several occasions OSWALD did come to the Napoleon Avenue Branch with his young baby.

BU 62-1827

On November 26, 1963, NORMAN FETZER, Assistant Personnel Supervisor, New York State Department of Public Works, Buffalo, New York, advised that ANTHONY W. OSSWALD, born April 25, 1933, has been employed in the Department of Public Works since August 15, 1957, and that as of the present he is employed as a senior engineering technician in the Traffic Control Department. Mr. FETZER said that OSSWALD has Social Security No. 086-26-0637 and that he received four years education at Bishop Fallon High School, Buffalo, one and a half years in business administration at the University of Buffalo, and one year pre-law education at Canisius College, Buffalo, New York. Further, Mr. FETZER said that ANTHONY W. OSSWALD is a member of the United States Naval Reserve and has been for several years.

His record reflected that OSSWALD was on leave from September 20, 1963, to October 2, 1963, for a vacation period. Mr. FETZER advised further that he personally is acquainted with OSSWALD and that he had used his vacation period for a honeymoon and that part of his honeymoon was spent in Mexico. However, he did not know the details of OSSWALD's trip, nor the dates he spent in Mexico. He said that OSSWALD is a reliable and conscientious employee and that he had never heard anything of a derogatory nature concerning his reputation, character, or loyalty to the United States.

Mr. FETZER checked the records of parking permits issued to employees and ascertained that ANTHONY W. OSSWALD has a 1962 Pontiac with 1962-1963 New York Registration BL5525.

Mr. E. J. LEIBOLD, principal engineering technician in the Traffic Control Section of the New York State Department of Public Works, advised that ANTHONY WILLIAM OSSWALD is employed in his section and that he is a conscientious and reliable employee. He said he could not think of anything which could be considered derogatory concerning his reputation and character and that he is quite certain that OSSWALD is a loyal and patriotic individual. He said that OSSWALD has never been

known to him to be interested in politics of one nature or another and that he does not belong to any organizations to his knowledge.

Mr. LEIBOLD advised OSSWALD was married at the beginning of his vacation period in September, 1963, and that during his honeymoon which consisted of a leisure drive to Texas, he visited Mexico for several days before starting his return trip to Buffalo. After his return to Buffalo he mentioned on one or two occasions to Mr. LEIBOLD that it was necessary for him to obtain special insurance for his trip to Mexico because his regular car insurance did not cover him while he was in Mexico. However, he had no information concerning the time spent in Mexico nor localities visited there by OSSWALD.

On November 26, 1963, HENRY WUNDERLICH, Buffalo Police Department Auto Bureau, advised that 1962-1963 New York Registration BL5525 is listed to ANTHONY W. OSSWALD, 66 Inter Park Avenue, Buffalo, New York, an employee of the New York State Department of Public Works. Mr. WUNDERLICH stated that the registration information on this card was not in the file as of the time of inquiry.

Interview with
ANTHONY WILLIAM OSSWALD

On November 26, 1963, ANTHONY WILLIAM OSSWALD was interviewed in a Bureau car in the parking lot of the Town of Tonawanda Police Department, Tonawanda, New York, where he was engaged in a traffic survey in connection with his employment. He advised that he is presently residing at 41 Warren Street, Buffalo 12, New York, and that he was married on September 21, 1963, to IRENE RESZKA. He advised that in the late evening of September 21, 1963, he and his bride started on a honeymoon trip in his personally owned automobile, a 1962 two-door Pontiac, red with cream top, 1962-1963 New York Registration BL5525. He pointed out this car which was parked nearby.

He said that he and his wife drove leisurely, stopping at various motels along the route until they

arrived at Roma, Texas, where they crossed into Mexico. He said that in connection with this trip into Mexico he obtained insurance to cover him while he was there from the Sanborn Insurance Agency which he said was located in a small town near Roma. He said it was necessary to obtain this insurance because his regular car insurance would not cover his car if he penetrated into Mexico for a greater distance than 15 miles. He said he believes he obtained a three-day policy on about September 27, 1963, and that he left Mexico approximately one hour before the policy expired.

He said that he and his wife drove to Monterey, Mexico, where they stayed for the three days at the Anfa Motel which he said was located near a bull ring. He returned to the United States at Roma, Texas, and then he and his bride returned to Buffalo, New York. The period he spent in Mexico was spent entirely in sightseeing and visiting places of interest and that he did not visit any particular persons nor was acquainted with any individuals in that area.

Mr. OSSWALD advised that he was aware of the identity of LEE HARVEY OSWALD as a result of the publicity attendant on the assassination of President JOHN F. KENNEDY and for the first time in his life he was ashamed of his name.

He said that he had talked to his father, ANTHONY I. OSSWALD, of 66 Inter Park Avenue, and that his father had told him he was not aware of any relationship however distant to LEE HARVEY OSWALD. OSSWALD said that all of his father's relatives are residing in the greater Buffalo area with the exception of his father's sister, Mrs. LEE WILLIAMS, nee Mary Osswald, who resides at 1410 Northwest, Oklahoma City.

With regard to the spelling of his last name with two s's, he said that this is a matter of preference on the part of the OSSWALD family and that most of his

relatives residing in Buffalo spell their last name as OSWALD. However, his father and a few other members of the family have always spelled it OSSWALD.

OSSWALD said that he has one brother, CONRAD J. OSSWALD, who is two years younger than he and that he resides at 91 Spruce Street, Eggertsville, New York, and is employed as a printer by Rauch and Stoeckl Printing Company, 124 Elmwood Avenue, Buffalo, New York.

OSSWALD further advised that his father, ANTHONY I. OSSWALD, has served in the United States Naval Reserve at Buffalo, New York, since before World War II and that he had active service in the Navy during World War II and in the Korean War. In addition, he said that he himself has been a member of the United States Naval Reserve Fleet Division for the past 14 years and was on temporary active duty during the Korean War. Likewise, his brother, CONRAD, is also a member of the United States Naval Reserve at Buffalo, New York.

OSSWALD advised that he is a great admirer of the late President JOHN F. KENNEDY and that he, like many thousands of other individuals, felt a strong sense of loss as a result of his untimely death. He was unable to furnish any information whatsoever concerning LEE HARVEY OSWALD.

With regard to his marriage, OSSWALD advised that he received a marriage license on September 21, 1963, in the Town of Niagara, New York, and was married in Buffalo on the same date. He said that he and his wife applied for the license in the Town of Niagara because she is employed at City Hall in Buffalo and did not want to obtain the license there because she is acquainted with the employees of the Marriage License Bureau and did not want the information to become public.

Marriage License Records

On November 27, 1963, Mrs. MAUD FORSYTHE, Town Clerk, Town of Niagara, New York, advised telephonically

that an application was made and license issued on September 21, 1963, to ANTHONY WILLIAM OSSWALD and IRENE ESTHER RESZKA. The license was returned on September 23, 1963, with certification that this couple were married September 21, 1963, at Buffalo, New York, by the Rev. GREGORY GRABKA, a Roman Catholic priest. Mr. J. D. VINSON, Isaac Detective Agency, Room 608 Richards Building, informed that a client of his had called him on November 22, 1963 and advised he had heard over the television that the assassin of President JOHN F. KENNEDY was LEE HARVEY OSWALD. His client requested that he check his files and furnish him with any information with respect to OSWALD.

Mr. VINSON reluctantly advised that his client was JACK N. ROGERS, legal counsel for the Joint Legislative Committee on Un-American Activities for the State of Louisiana at Baton Rouge, Louisiana.

VINSON stated his files contain nothing concerning LEE HARVEY OSWALD or anything with reference to the assassination of the President. He stated that since his files did not contain any information, he decided to go to the New Orleans Retailers' Credit Bureau to check their records. He said in addition to checking the name of OSWALD, he also requested a check on ROBERT LEE OSWALD, brother of LEE HARVEY OSWALD, and the name A. J. HIDELL, Post Office Box 30016, which individual was allegedly affiliated with OSWALD, according to news releases.

VINSON said he also checked the name of CARLOS BRINGUIER, 501 Adell Street, to see if the credit bureau had anything on him since he recalled that in August, 1963, OSWALD had been involved in a fight with this individual, who was a Cuban, while OSWALD was distributing Fair Play for Cuba Committee literature on Canal Street. Mr. VINSON said he also checked the names of FORREST E. LA VIOLETTE and LEONARD REISSMAN since he had a dim recollection that sometime in 1962, date not recalled, some Fair Play for Cuba literature had been found in the street in the 1200 or 1300 block of Pine Street in New Orleans. He said he had, in the past, checked the New Orleans City Directory and found that LA VIOLETTE lived at 1307 Pine and REISSMAN resided at 1121 Pine and were professors at Tulane University. Whether these individuals were connected with the Fair Play for Cuba Committee he could not state and had no basis for belief that they were so associated; however, he felt that a credit check on them may reveal something which would be of interest to himself as well as his client, ROGERS. He maintained he had no

ED TURNLEY, Security Manager, Southern Bell Telephone and Telegraph Company, 1215 Prytania Street, advised that he determined at approximately 4:55 PM, November 29, 1963, that the current month's toll tickets for the LaCombe, Louisiana, area had been separated by IBM equipment and had been mailed to the Slidell, Louisiana, office of the Southern Bell Telephone and Telegraph Company to be forwarded to the respective subscribers. He stated he attempted to locate these bills and found that they were still enroute by mail.

Mr. TURNLEY stated that at 10:11 AM, this date, he located these bills at the Slidell, Louisiana, Office. He stated that there were between 400 and 500 subscribers and each bill would have to be checked individually to determine if there were any tolls to Dallas from the latter part of October through November 19, 1963.

Mr. TURNLEY subsequently advised that a check of all toll tickets for LaCombe, Louisiana, from October 20 to November 19, failed to reveal any toll ticket to Dallas, Texas, such as the one described by Covington, Louisiana, operator YVONNE COOPER.

On November 29, 1963, the Washington Field Office (WFO) advised that CARL ALBERT WILSON, of Washington, D. C., telephonically advised he received a letter from an uncle, WILLIAM L. CHACE, 1442 Lee Road, Shreveport 6, Louisiana, in which his uncle stated the assassination of President KENNEDY was the best news he ever heard and if he had a suitable weapon he would have helped OSWALD, RUBY and (First Name Unknown) LEACHMAN, possibly WALTER LEACHMAN, in the assassination.

WFO advised that SA MICHAEL J. MCARDLE attempted to contact WILSON on November 29, 1963, to secure the letter from his uncle and to verify the information furnished. It was determined that WILSON was unknown at 2409 Good Hope Road, S.E., Washington, D.C., and that this address is occupied by Mrs. MARGARET FITZGERALD.

WILSON furnished his home telephone number as 582-3309, which was determined to be listed to ROBERT S. MCGOVERN, 3107 W. Pl. S.E., and inquiry at that address determined that WILSON was unknown.

Attempts to contact WILSON at Room 216, General Accounting Office Building, Washington, D.C., telephone 961-2554, met with negative results.

The following investigation was conducted by SA DONALD R. BELMONT:

AT SHREVEPORT, LOUISIANA:

On November 30, 1963, a review of the current Shreveport City Directory and Telephone Directory reflected no listing for WILLIAM L. CHACE, WILLIAM L. CHASE or WALTER LEACHMAN. The city directory showed no Lee Road. It reflected a Lee Avenue, showing the street numbers running from 2205 to 2308 and none of the above listings reflected anyone named CHACE, CHASE or LEACHMAN residing there. This directory also showed a Lee Street in Bossier City, Louisiana (adjacent to Shreveport) with street numbers running from 1800 to 1920. This street also contained no listing for the above names. The Shreveport Kriss Kross Telephone Directory shows a Lee Street with numbers running from 4502 to 4511 with none of the above names reflected as residents.

On November 30, 1963, Mr. R. L. RISINGER, 4502 Lee Drive, advised this street which is only about one block long, is out of the Shreveport, Louisiana, city limits and is sometimes

referred to as Lee Road. However, he stated he had developed houses on this street in 1952 and was acquainted with every resident on the street and was not familiar with anyone named WILLIAM L. CHACE, WILLIAM L. CHASE or WALTER LEACHMAN.

Inquiry was made of the information operator of the Southern Bell Telephone and Telegraph Company, Shreveport, who advised there was no listing for WILLIAM L. CHACE, or a WILLIAM L. CHASE.

On November 30, 1963, Mrs. MYRTIS DYER, Shreveport Credit Bureau, advised she found no credit record identifiable with WILLIAM L. CHACE, WILLIAM L. CHASE, WALTER LEACHMAN or CARL ALBERT WILSON.

On November 30, 1963, Lt. CARL JARRED, Identification Officer, Shreveport Police Department and Major WILLIAM LANIGAN, Identification Officer, Caddo Parish Sheriff's Office, advised they found no arrest record identifiable with any of the above named individuals.

The following investigation was conducted by by SA WILLIAM L. NEWBROUGH:

On November 30, 1963, a check of the phone and city directory of the New Orleans area revealed no address as 412 Pine Street, nor could the name RUTH KOLPHER be identified as a resident of Pine Street.

On November 30, 1963, JOSEPH ~~J.~~ CHAPATELL, 2905 Magazine Street, advised that he is a cabinet maker and has maintained his antique restoration shop at this address for 15 years. He stated that the name CHARLES LA BLACE was unfamiliar to him and that he had never observed anyone fitting the description of LEE HARVEY OSWALD in the area of 2905 Magazine Street.

Mrs. RUTH LUCAS, Branch Librarian, New Orleans Public Library, Napoleon Avenue Branch, 913 Napoleon Avenue, advised that the Napoleon Avenue Branch had approximately 7,500 books and in order to determine if any specific individual had ever charged out any of the books it would be necessary first to know the library card number assigned to this individual and then remove each individual book and examine that specific book's charge out card, maintained in the envelope at the rear of the book and determine if the individual's library card number was noted on this charge out card.

Mrs. LUCAS explained that in the event this library card number was located on the charge out card it would have beside it a date which was the date the book was due to be returned to the library. Mrs. LUCAS stated the date the book was obtained could be determined in that books were loaned for a period of two weeks and the only exception to this would be if the date that the book was to be returned fell on a holiday which was observed by the library.

Mrs. LUCAS after observing a picture of LEE HARVEY OSWALD advised she could not specifically recall having seen or waited on this individual but understood that a prior employee of the Napoleon Branch Library, Mr. JACOB LEICHNER, had waited on OSWALD and in fact, had specifically recalled OSWALD due to hearing OSWALD converse with his wife in Russian during one of the times when OSWALD was in the library and the fact that OSWALD and his wife were conversing in Russian had been pointed out to Mr. LEICHNER by Mr. LEICHNER's mother who had been present at the library and also overheard the conversation of OSWALD and his wife. Mrs. LUCAS states she understood that Mr. LEICHNER's mother spoke and understood Russian.

ROBERT TEMPLET, Manager, Winn-Dixie Store, #39, 4901 Prytania, advised that he recalled having refused to cash a personal check for LEE HARVEY OSWALD because OSWALD had no check cashing courtesy card of that store. He could not recall the date of the refusal or if it was a salary check or otherwise. OSWALD at that time filled out an application for a courtesy card, which was issued on June 8, 1963, however, OSWALD never returned for the card, so it, along with others for that same period, has been destroyed.

Since the assassination of President JOHN F. KENNEDY and the appearance of the photographs of LEE HARVEY OSWALD in the newspapers and on television, TEMPLET said he recognized this man as being the person who applied for the above-mentioned courtesy card. He also recalled that he had cashed at least one check for OSWALD and seemed to think it was a salary check but he was unable to recall the employer's name, adding that it might possibly have been an unemployment check instead that he cashed for OSWALD.

Mr. TEMPLET said he did not know OSWALD personally and his only contact with OSWALD was as stated above. He said he had questioned his employees and none of them knew OSWALD or his wife personally.

Mr. J. S. GUILLOT, Assistant Store Manager, Winn-Dixie Louisiana, Inc., Grocery Store Number 1425, 4303 Magazine Street, examined the payroll check of WM. B. REILY and Company, Inc. payable to LEE H. OSWALD dated July 22, 1963 in the amount of $10.84. He advised that the autographic initials under the endorsement of LEE H. OSWALD on the back of this check were his initials and indicated that he had okayed this check to be cashed by one of the check-out cashiers in the store.

Mr. GUILLOT stated that he would have had the person presenting the check to endorse it in his presence and would have had him list the street address and phone number which are shown as part of OSWALD's endorsement. He advised that inasmuch as this was a payroll check he would only have required the person presenting it to satisfy him that he was the person to whom the check was payable by means of some identification. He added that this could have been a drivers license or similar card identification. He could not specifically recall how OSWALD had identified himself.

Mr. GUILLOT also stated that since the initials of a check-out cashier are not reflected on the zerox copy of this check it is possible that he, GUILLOT, cashed the check for the person presenting it but cannot be positive of this. He explained that usually checks are cashed when customers buy grocery products and then the check cashed in connection with payment for the groceries whereupon the check-out cashier would also initial the check. He explained also that sometimes the cashier neglects to do this.

Mr. GUILLOT was shown a photograph of LEE HARVEY OSWALD and he advised that OSWALD's picture seemed familiar to him although he could not state that he specifically recalled OSWALD as a person or a customer. He felt sure, however, that OSWALD was the person for whom he okayed the cashing of this check.

Date November 27, 1963

Mr. JOSEPH D. FUCHS, Store Manager, Winn-Dixie Louisiana, Inc., Grocery Store Number 1425, 4303 Magazine Street, advised that the endorsement on the back of the payroll check of H. B. REILY and Company, Inc. payable to LEE H. OSWALD dated July 22, 1963 indicated that this check was cashed at his store by "Check-out cashier", Number 4. He stated that the autographic initials which are in fact illegible, located beneath the endorsement of LEE H. OSWALD are the initials of Mr. J. S. GUILLOT, Assistant Store Manager. This autographic initial indicates that Mr. GUILLOT had okayed the check to be cashed by the check-out cashier in the grocery department.

Mr. FUCHS stated that he had no way to determine the date this check was cashed at his store or determine exactly which date it was deposited to the account of his company with the National Bank of Commerce in New Orleans. He advised that dates checks are taken in or deposited are not shown on the checks themselves. He explained that his deposit slips do not list checks individually and he therefore could not tell by checking these. He explained that he has five check-out cashiers in his store and that at the end of each day the checks taken in are gathered up from each cashier. He stated the total amount of the checks taken in by each cashier is entered on the deposit slip without any breakdown as to the number or amounts of each check. He continued that the deposits are then picked up the following morning during weekdays Monday through Thursday at approximately 8:00 A.M. by Armored Car, Inc. who transports the deposit to the main office of the National Bank of Commerce in New Orleans for deposit. He continued that on Fridays and Saturdays the Armored Car Service picks up deposits at 6:30 P.M. in addition to the 8:00 A.M. pickup. He explained that checks therefore taken in on Monday through Thursday would be deposited on the day following. Checks taken in by the store on Friday and Saturday would be sent for deposit the same day.

Mr. FUCHS advised that the paid stamp on the front of this check indicated it was deposited on Friday, July 26, and he is therefore of the opinion that it would have been cashed at his store on Thursday, July 25, 1963. He pointed out that it would not have been stamped July 26 if it had been cashed by his store on that date even though it would have been sent for

Mrs. VERDIE HARRIS, 403 Octavia Street, cashier at Winn-Dixie Louisiana, Inc., Store #1425, 4303 Magazine Street, advised that she was working at this store as Cashier #4 in July, 1963. Mrs. HARRIS was shown a Xerox copy of a payroll check of Wm. B. Reily and Company, Inc., payable to LEE H. OSWALD dated July 22, 1963, in the amount $10.84. She identified the rubber stamp endorsement on the back of this check as being the endorsement stamp of Cashier #4, which was her register during July, 1963. She stated that she cashs checks for customers only after they have been okayed by either the store manager or assistant manager. She pointed out that the endorsement on this check reflected that it had been okayed for payment by the assistant store manager, Mr. J. S. GUILLOT. She continued that when she cashs a check for a customer or takes it in in connection with payment for merchandise purchased, she first stamps an endorsement "For Deposit" with the rubber stamp, showing it to be Cashier #4 and then initials the check with a pen or pencil. She stated seldom, if ever, she neglects to initial a check cashed. She stated that she, therefore, could not say that she had cashed this check inasmuch as her initials are not on the back of the check along side the rubber stamp endorsement. She admitted that it was possible but felt that perhaps what actually happened was that the assistant store manager cashed the check with funds from her register and had her place the rubber stamp endorsement on the check and included it in the deposits from her register.

A photograph of LEE HARVEY OSWALD was exhibited to Mrs. HARRIS. She stated she could not recognize him as anyone she knew as a customer of that store. She further stated she could not connect OSWALD with the cashing of this particular check.

Check payable to LEE H. OSWALD by Wm. B. Reily and Company, Inc., New Orleans, dated July 22, 1963 in the amount of $10.84.

He advised that although part of the endorsement stamp is illegible, he is able to determine that this is the stamp of the Winn-Dixie Company Store, #1425, located at 4303 Magazine Street, New Orleans, Louisiana, a customer of his bank.

Mr. MASILLA stated the stamp on the front of the check -- "7/26/63 paid 14-2" indicated date his bank had paid the amount of the check to their customer, namely Winn-Dixie stores. VANCE BLALOCK, 5708 Boutall Street, Metairie, Louisiana, furnished the following information:

BLALOCK viewed a photograph of LEE HARVEY OSWALD, after which he stated he was certain OSWALD was identical to the individual whom he conversed with briefly at the Cuban Student Directorate (CSD), 107 Decatur Street, New Orleans, Louisiana. BLALOCK advised that he and a friend, PHILIP GERACI, went to the CSD to inquire about its activities as he had heard it was an anti-CASTRO Cuban student organization. BLALOCK advised that when he and GERACI arrived at the CSD, located at the Casa Roca Store, 107 Decatur Street, they talked with a CARLOS BRINGIUS (phonetic) who seemed to be the leader of the CSD. While discussing the purposes and activities of the CSD, an individual whom BLALOCK identified as being OSWALD arrived at the store. BLALOCK recalls OSWALD inquiring about the CSD and expressing an interest to become a member and to learn all he could about the organization.

BLALOCK advised that he and his friend, GERACI, had a brief conversation with OSWALD, regarding guerrilla operations. OSWALD informed BLALOCK that he was a former Marine; that he had a Marine Guide Book which he had read and in which he learned all about guerrilla operations and tactics. BLALOCK recalls OSWALD describing to him how easy it would be to derail a train. OSWALD told him that this could be accomplished by securing a chain with a lock and wrapping it around railroad tracks. BLALOCK also recalls OSWALD mentioning that he knew how to blow up bridges and also he knew how to make gun powder and a "ZIP" gun. In addition, OSWALD mentioned that he knew all about guns but BLALOCK could not recall the exact details of what was discussed on the subject of guns.

BLALOCK advised that his conversation with OSWALD lasted probably about fifteen minutes, and that OSWALD never discussed Communism, Marxism or any other political philosophy. OSWALD appeared to him as being well educated and well read. Just prior to OSWALD leaving, he promised BLALOCK and GERACI that in the near future he would let them borrow his Guide Book for Marines in which

they could obtain all the information they wanted regarding guerrilla warfare. The last thing BLALOCK could recall regarding his conversation with OSWALD was OSWALD mentioning the new M-14 rifle which OSWLAD described to BLALOCK and informing BLALOCK that most of the Armed Services had this gun at the present time. Finally, BLALOCK stated he recalls OSWALD making some reference to Florida, but could furnish no details regarding comments OSWALD made in this regard. BLALOCK seemed to remember OSWALD mentioning something about him recently visiting the Casa Nostra (phonetic) a Cuban organization in Florida, but his recollection was vague regarding further details in this matter.

BLALOCK stated that he has not seen OSWALD since his brief meeting with OSWALD in the latter part of July, 1963, and could furnish no additional information of any kind regarding OSWALD.

PHILIP GERACI, 2201 Green Acres Road, furnished the following information:

GERACI viewed a photograph of LEE HARVEY OSWALD and stated OSWALD was identical to an individual with whom he had a brief conversation lasting about ten minutes, which took place at the Cuban Student Directorate (CSD), 107 Decatur Street, New Orleans, in the latter part of July, 1963. GERACI, age 15, a sophomore at East Jefferson High School, Metairie, Louisiana, advised that at the time he met OSWALD at the CSD he, GERACI, was visiting that place for the first time for the purpose of obtaining information regarding the CSD, which he had heard was an anti-CASTRO Cuban organization. GERACI stated that he discussed anti-CASTRO activities with a CARLOS BRINGIUS (phonetic), who owned the Casa Roca Store, 107 Decatur Street, which was the headquarters for the anti-CASTRO organization, known as the CSD. Accompanying GERACI at that time was a friend of his, VANCE BLALOCK, 5708 Boutall Street, Metairie, Louisiana.

While talking with CARLOS BRINGIUS, an individual whose photograph GERACI advised was identical to LEE HARVEY OSWALD, came into the store and made inquiry of BRINGIUS regarding anti-CASTRO literature. OSWALD expressed an interest in learning all about the CSD and indicated a desire to join the organization. Following a brief discussion of the CSD, its purposes and objectives, OSWALD became engaged in another conversation with GERACI and his friend, BLALOCK. GERACI recalls OSWALD mentioning that he had in his possession a Marine Guide Book which contained information regarding guerrilla tactics, firearms and other subjects. GERACI recalls mentioning to OSWALD that he, GERACI, had done a little reading regarding guerrilla warfare, after which OSWALD informed him that he was familiar with various types of guerrilla tactics. OSWALD informed GERACI that he knew enough about explosives to be able to blow up the new bridge which crossed the Mississippi River from New Orleans to Algiers, Louisiana. OSWALD also mentioned that he knew how to derail a train which could easily be accomplished by placing a chain around the railroad tracks and securing it with a lock.

Miss PAULINE VIRGINIA BATES, nee Bond, (dicorcee, Apartment 6, 1422 College, Avenue, Fort Worth, Texas, stated she is a public stenographer with offices in the Burkburnett Building.

BATES advised that on June 18, 1962, LEE OSWALD came to her office. She stated he got her name out of the phone book. OSWALD stated he had just returned from a 3-year stay in Russia and had kept a diary on his experiences and statements of people he met while in Russia. His diary consisted of hand-written and typed notes on all sorts of paper. He requested her to type his notes so he could use the material to compile a book. He told her a Fort Worth engineer, name not recalled, had read his notes and was interested in helping him compile the book. He told her he had $10 and when she typed $10 worth of material, to stop. Most of the material was in English but some of it was in Russian and he interpreted it for her. He remained in her office at all times while she was typing and was very careful to insure that she did not take or lose any of his notes. He came to her office on June 18 and 20, 1962. She typed 10 pages, single spaced, on letter-sized paper, making an original and one copy. She estimated there were 500 words to a page for a total of 5,000 words. He had his notes in a manilla envelop about 10"x11" in size. She estimated that she typed about one third of his notes. Most of the material was about his day to day experiences and people he met and statements made by them. All of it was critical of Russia and set out such statements as long work day, poor food, and no vacations.

OSWALD talked very little while in her office and confined it mostly to interpreting his notes. He did mention while working in a factory in Minsk, he met and married his wife. After about two years he decided to return to the United States and it was a year before the Russian government would agree for him to take his wife with him to the United States. He was bitter toward Russia for this delay. She asked him why he went to Russia. He stated he took an elementary course in the Russian language and became interested in going to Russia to see what the actual living conditions were like in that country. He also stated he had been in the United States Marines for two years.

After typing the 10 pages, she told him she had typed $10 worth of material and would be glad to type the remainder of his notes on credit. He was not agreeable to this and picked up his notes and typed pages, paid her with a $10 bill and left. He never returned.

After typing the notes, she mentioned this to her friend, CAROLINE HAMILTON, who is a reporter for The Fort Worth Press. Later, CAROLINE HAMILTON told her her people had tried unsuccessfully to contact LEE OSWALD regarding his diary.

After President KENNEDY was assassinated, she was contacted by CAROLINE HAMILTON. This was the first time she had tied up LEE OSWALD with the assassination.

On the afternoon of November 29, 1963, she had a recorded interview with the television network in her office. She pointed out the story by CAROLINE HAMILTON which appeared in the Fort Worth Press on November 29, 1963 is currect in every detail with the one exception that LEE OSWALD never stated he was working for the United States State Department. She explained LEE OSWALD stated the State Department was reluctant to give him a visa and told him he would be on his own while in Russia. From this statement she at first assumed he was working with the State Department but later realized her assumption was false.

About 3:30 PM, November 29, 1963, she received a phone call at her office from a woman who stated she was Mrs. OSWALD, mother of LEE OSWALD. Mrs. OSWALD stated "I cannot tell you where I am because I am under tight security. I heard an interview of your on the radio regarding typing LEE's diary. I remember him saying he had a public stenographer type some of his notes. I wish you wouldn't talk with anyone about this until I can talk with you. Otherwise you may hurt his widow and the children."

BATES stated she explained to Mrs. OSWALD she had originally been interviewed by a television network and had received almost 100 telephone calls from the news media from all over the United States. She also pointed out there was nothing of a derogatory nature in any of her statements to the press and television people. Mrs. OSWALD never mentioned if she knew where

the diary might be located.

BATES stated LEE OSWALD was a very nervous individual and paced up and down in her office. He moved very quickly in all his actions and he walked at a very fast pace. He impressed BATES as being very alert in his mental processes. BATES stated she did not keep any notes on the material she typed and everything is from memory except the dates on which she typed the material.

FD-302 (Rev. 3-3-59) FEDERAL BUREAU OF INVESTIGATION

Date November 29, 1963

Mrs. MARINA NIKOLAEVNA OSWALD, nee PRUSAKOVA, was interviewed at the Inn of the Six Flags, Dallas - Fort Worth Turnpike, in the Russian language. SA BOGUSLAV did the actual conversing with Mrs. OSWALD.

Mrs. OSWALD appeared rather tired, her face was drawn, and there was a look of fatigue in her eyes. She expressed great concern for her babies, and at the outset of the interview said that if it would be all right she would like to leave the interview for whatever time it might take to take care of her babies if they needed her. It was agreed that she would be allowed to leave for this purpose at any time.

She said that due to the events of the past few days, she had become extremely tired and on the day before, particularly November 27, 1963, she had been very irritable, but now on reflection felt that she would like to talk to the FBI and be of any assistance that she could be in this regard.

From the outset of the interview, Mrs. OSWALD appeared to be friendly and cooperative and she answered each of the questions asked her freely. If she did not understand the question, she was not hesitant in asking for a clarification. She expressed concern at one point that the interviewing agents did not like her. She was assured, however, that there was no personal animosity toward her by the interviewing agents or the FBI, and she seemed satisfied with this explanation.

She was interviewed from approximately 9:20 p.m. until 11:30 p.m.

She advised she had married LEE HARVEY OSWALD in Russia, and they had returned from Russia to the United States on June 13, 1962, and had thereafter arrived in Fort Worth, Texas, on June 14, 1962. She said that following their return to Fort Worth, they had resided in Fort Worth, where OSWALD had been employed for awhile and then they had resided at Dallas, Texas. They lived in Dallas, Texas, until sometime in May, 1963. In early May, 1963, OSWALD left Dallas and went to New Orleans, Louisiana, to find work. He said he

would send for his wife and child upon finding work. After he had been in New Orleans for a few days, Mrs. OSWALD and her child were taken to New Orleans by Mrs. OSWALD's friend, Mrs. RUTH PAINE, in PAINE's station wagon. She does not recall the exact date they arrived in New Orleans but believes it was during the latter part of May, 1963. She said OSWALD had a job upon their arrival with the Louisiana Coffee Company on Magazine Street. She said OSWALD had rented an apartment at 4907 Magazine Street and that is the address where they lived during this period of time in New Orleans. They lived at no other address.

At this point, Mrs. OSWALD said that she did not like New Orleans and did not want to return there. She said that it was a good place for tourists to go as there were a lot of bars where nude women danced, but that she did not like the town and would rather have the baby born in Texas.

She said Mrs. PAINE had written a Quaker friend who lived in New Orleans, and this friend, whose name Mrs. OSWALD does not remember, dropped by their apartment shortly after Mrs. OSWALD arrived to pay her respects, but she did not return.

Mrs. OSWALD said she did not speak English and understood very little English and for that reason she did not make any friends herself in New Orleans. She said her husband was very retiring, quiet, and secretive and did not make friends, and for that reason they had no friends at New Orleans, and she does not recall anyone dropping by their apartment. She said that she had told OSWALD on occasion that she would appreciate it if he would become acquainted with any Russians in New Orleans in order that she could have friends and someone with whom to converse. She said that OSWALD had not done this, however.

Mrs. OSWALD said OSWALD had worked at the coffee company until about the middle or latter part of August, 1963, at which time he had lost his job. He had been earning about $1.35 or $1.50 per hour at the job. After he lost this job, he made application for unemployment compensation with the unemployment office in New Orleans and had thereafter begun to receive regular weekly unemployment checks in the amount of $33.00 each until she left New Orleans.

She said that her husband had always handled the family finances and that she was not allowed to handle money.

She said they had talked of saving money for the coming baby which was due in October, 1963, but she does not know how much money OSWALD had saved. She said OSWALD had a wallet which he kept in the apartment in New Orleans with this money that he was saving. She said the money that was saved came from his pay check from the coffee company and from the unemployment check. When asked how much this money amounted to, she replied that it might be $100.00 or $200.00, or maybe less, but that it was not very much. She said they had no bank account or safe-deposit box in New Orleans or any other place that they had lived. She said that she does not know of any other moneys OSWALD ever had besides that which he had earned from his jobs or unemployment compensation and that he had no other sources of income. She said that OSWALD felt it was a shameful thing for him because he could not support his wife and family. She said she realized that OSWALD felt shame about this, and as a consequence she very seldom spoke to him about finances or money or finding a job.

After he lost his job at the coffee company in August, 1963, they talked about what they should do because Mrs. OSWALD was due to give birth to a baby in October. It was decided that they would see if Mrs. PAINE would keep Mrs. OSWALD during the time the baby was due. Mrs. PAINE agreed to do this and wrote them a letter that she would be in New Orleans to pick up Mrs. OSWALD and the older child and take them back to Dallas.

Mrs. PAINE arrived in New Orleans on about September 20, 1963, although Mrs. OSWALD does not remember the exact date. She said Mrs. PAINE keeps a meticulous diary, and she undoubtedly would know the date she had arrived in New Orleans. Mrs. OSWALD recalls that on the date Mrs. PAINE arrived, she and OSWALD had waited at the house for Mrs. PAINE because they knew this was the day Mrs. PAINE was to arrive. She said that on the previous night she and OSWALD had gone to the grocery store to pick up some groceries, and having realized on the day of Mrs. PAINE's arrival she had forgotten something, she went back to the grocery store and upon her return to the apartment, Mrs. PAINE had arrived. Mrs. PAINE's arrival time on that date, believed to be September 20, 1963, was about 2:30 or 3:00 in the afternoon.

Mrs. PAINE stayed in New Orleans at the OSWALDS' house for about four or five days, and then she left with

Mrs. PAINE and her older child on about September 24 or 25, 1963, in the PAINES' station wagon.

Mrs. OSWALD said that on the day immediately prior to Mrs. PAINE's arrival that she had stayed in the house all day with her child and that she does not exactly recall what OSWALD did but knows that he was in the house at least part of the time and certainly spent the night at the house. It was on that evening (the day before Mrs. PAINE's arrival) that they went to the grocery store together. She said that OSWALD generally would go to town during the day, and when he did, he was gone about two hours as it took one-half hour to ride on the bus each way.

She said that two days before Mrs. PAINE's arrival, OSWALD was also at the house and it was the usual day. She said she could not recall exactly what he had done but knows he was there at least part of the day and spent the night at the apartment.

She said OSWALD had been at the apartment each day during Mrs. PAINE's stay with them at this time and had spent each night at the apartment.

Mrs. OSWALD advised that upon her departure from New Orleans with Mrs. PAINE, it was agreed by her and her husband that OSWALD would remain in New Orleans to find work and if he could not find work, he would return to Dallas. OSWALD also made a statement that he had a friend in another city and that he might contact this friend to see if he could find work. Mrs. OSWALD said she did not think that this was true -- she did not believe OSWALD had a friend anywhere. She said that it is possible that Mrs. PAINE would know who this friend was and what the name of the city was. She said she could not remember.

When asked what the arrangements were at the time she left New Orleans, Mrs. OSWALD said that her husband was to remain there in New Orleans or return to Dallas, but no arrangements were made for him to go to Mexico City. Inasmuch as Mexico City had not been mentioned, she was asked why she had said no arrangements had been made for OSWALD to go to Mexico City. She replied she had been looking

at television the past few days and had seen or heard that OSWALD had been in Mexico City. She said she was only trying to be helpful and that is the reason she had mentioned Mexico City as she did.

Mrs. OSWALD said that she did not know anything about any trip that OSWALD may have made to Mexico City. She said that upon OSWALD's return to Dallas, which was in early October, 1963, that she had not asked him where he had been or what he had done since she had left him in New Orleans because she knew that he had not found work and that it would only embarrass him to ask. She said that OSWALD had not volunteered any information about where he had been or what he had done.

Mrs. OSWALD was asked what OSWALD did during the time he was unemployed. She said he sat around the house all day reading. She said he read so much she often wondered why he did not get sores from sitting down so much. She said OSWALD visited the library regularly at New Orleans, where he checked out mostly books on history, but he also read books by HEMINGWAY, JACK LONDON, and REMARQUE. She said that she cannot accurately recall, but she believes that OSWALD went to the library and checked out books the day before Mrs. PAINE arrived. She said OSWALD went every Tuesday to pick up his unemployment check.

She said they did not make plans very far ahead at the time she left New Orleans to have the baby in Texas because it was not known whether or not OSWALD would find a job, and if he did where it would be.

She advised OSWALD had come to Dallas early in October, 1963. She could not remember the exact date and again said that Mrs. PAINE would probably know the exact date because she kept a meticulous diary. She advised OSWALD had called her at Mrs. PAINE's residence and told her that he had arrived in Dallas the day before and had rented a room. He left a telephone number where he could be contacted. Mrs. OSWALD said she did not have this number but felt sure Mrs. PAINE had it in her diary.

Mrs. OSWALD was asked if OSWALD had used any other names, and she replied that he had not to her knowledge. She was then asked if he had not used a different name in

Dallas when he had rented a room upon his return to Dallas on October 3, 1963, and she said that she now recalled OSWALD had used another name. She said that on one occasion Mrs. PAINE had telephoned the place where OSWALD was staying and had asked to speak to Mr. OSWALD, and the man who answered the phone said there was no one by the name of OSWALD at the place. Mrs. OSWALD said she herself called this number and talked to OSWALD, at which time he said he had been there the day before when someone had called and asked for Mr. OSWALD, but that he was using another name at the house and had not answered to the name OSWALD. He told Mrs. OSWALD he was using another name because he did not want any questions asked about himself.

Mrs. OSWALD was asked if OSWALD could drive a car, and she replied that he did not have a driver's license. She said Mrs. PAINE had taught him something about driving a car after he returned to Dallas in October, 1963. She said also that OSWALD's cousin who lived on French Street in New Orleans had taught him something about driving. She said she believes OSWALD could have passed a driver's test.

FEDERAL BUREAU OF INVESTIGATION

Date December 1, 1963

(1)

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar Street, Dallas, Texas, telephone DAvis 7-6569.

She advised that after OSWALD returned to Dallas in early October, 1963, and found a room in Oak Cliff, he had called her an average of twice a day to inquire about her condition as her second child was due on about October 8, 1963. She said OSWALD found a job at the Texas School Book Depository on October 15, 1963. She said Mrs. PAINE had talked to one of her neighbors about OSWALD needing a job and a woman neighbor said there was a vacancy where her brother was employed, and suggested that OSWALD contact this place. Mrs. OSWALD does not recall the name of the neighbor, except that she is called LENNIE. Texas Mrs. PAINE found that the place of employment of this neighbor's brother was the Texas School Book Depository and she called that place several times asking for the person it had been recommended that she call, but she could not locate this person. She finally was able to locate this person by telephone, and upon inquiring about possible employment for OSWALD was told that OSWALD should call about the job. MARINA said that the date of contact by Mrs. PAINE of this person at the Texas School Book Depository must have been on Monday, October 14, 1963, as she knows OSWALD went to the Texas School Book Depository on the following day, which was October 15, 1963, and got a job.

The second weekend following his return to Dallas, which was the weekend of October 11-13, 1963, OSWALD had no job. He spent that weekend at the PAINE residence and MARINA believes it was during that weekend sometime that Mrs. PAINE talked to her neighbor, LENNIE, about the job for OSWALD.

She recalls he came to the PAINEs for the weekend on October 18, 1963, as this is OSWALD's birthday. He spent the night of October 18th at the PAINE house, spent all day Saturday and Saturday night, and then on October 20, a Sunday, Mrs. PAINE took MARINA to the Parkland Hospital as her baby was due. OSWALD stayed with the children at the PAINE house. She was released from the hospital on Tuesday morning, October 22, and PAINE brought her back to her house. When she returned to the PAINE home, OSWALD was at work.

While she was in the hospital, OSWALD visited her on Monday night, October 21, with Mrs. PAINE and the children, but only OSWALD was allowed to see her and the newborn baby. She believes that he came about 7 or so in the evening and stayed for about 1½ hours. She said that after his visit OSWALD returned with Mrs. PAINE and the children to the PAINE residence where he stayed overnight.

Following her return from the hospital to the PAINE home, OSWALD visited her each weekend, with two exceptions, and would usually call her at least once a day. He usually came on Friday, after work, with the neighbor who worked at the School Book Depository and would return to work on Monday morning with this same neighbor. On the two exceptions noted, one occurred when OSWALD called her from work on a Friday, exact date not remembered, to inform her that he had an appointment to see about another job the next day, Saturday, and therefore would not be at the PAINE residence that night, Friday. He said that he did not like the work at the Texas School Book Depository and wanted to try to find another job, but did not want Mrs. PAINE to know it as she had helped him get the job at the School Book Depository. He said he had seen an ad in the newspaper and was going to answer that ad. MARINA advised that the ad was by some photographic concern. She said OSWALD had appeared at the PAINE residence on that Saturday, and said that he had applied for the job but had been unsuccessful. He arrived at the PAINE residence on that day before lunch.

Concerning his job at the School Book Depository, OSWALD told MARINA that his job was to fill out orders and pack them in boxes. He said he did not like his work and it was for that reason that he was looking for other work.

MARINA asked OSWALD about the people at the School Book Depository and each time she would try to engage him in conversation about his fellow employees, he would turn her questions aside and say that he was not interested in any of them. She asked him about his boss and he said the boss was a nice man. She said she told OSWALD that he should make friends at the School Book Depository but she knew that he was not interested in making friends. OSWALD mentioned to her that they had coffee breaks at the Depository and that the atmosphere down there was very congenial. He did not tell MARINA on which floor he worked.

The other weekend on which OSWALD did not visit the PAINE residence occurred on November 15-17, 1963. On this Friday, November 15, 1963, OSWALD called MARINA and she told him not to come that weekend because one of the PAINE children

DL 89-43
(3)

was having a birthday and Mr. PAINE would be over and it was not convenient for OSWALD to spend the weekend. He did not come to the PAINE house that weekend. MARINA advised she became lonesome that weekend and on Sunday, November 17, 1963, had Mrs. PAINE call the telephone number where OSWALD was staying as she wanted to talk to him. Mrs. PAINE called the number and asked the person who answered the telephone for LEE OSWALD, but could not locate OSWALD at that number. She advised the next day, Monday, November 18, 1963, OSWALD called her about 3 o'clock in the afternoon. She told him that she had tried to locate him the day before and had Mrs. PAINE call the number he had left. OSWALD then became angry and told MARINA that Mrs. PAINE should not have called for him under his right name, LEE OSWALD, because he was staying there under another name. MARINA asked him why he was staying there under another name and he replied that he did not want people asking questions. MARINA became mad at OSWALD because he was staying at this house under another name. OSWALD also was mad. He told MARINA to tear his telephone number out of Mrs. PAINE's book and MARINA refused to do this. She then hung up the telephone on OSWALD.

On Thursday, November 21, 1963, OSWALD appeared unannounced at the PAINE residence, at about 5:45 p.m., with the neighbor boy who worked at the School Book Depository and with whom he usually caught a ride. She asked him why he had come and he replied that he had gotten lonesome. He wanted to make up with MARINA. She said that she was still mad at him because he was staying at his rooming house under a false name. Even though OSWALD wanted to make up, she did not make up, and as a consequence did not talk to him much during that evening of November 21. She said that OSWALD had played with the children outside for a while and then had gone to bed about 8:30 in the evening. She said that she retired about midnight. She advised that she did not know if OSWALD went to the PAINE garage that night, but advised he could have easily done so because he was outside with the children a good deal. She said that generally OSWALD would go to the garage on the weekends because many of their things were stored there and she would ask him to get something for her from these things. She said she did not pay any particular attention to when he went or what he did if he went to the garage.

DL 89-43
(4)

On the morning of November 22, 1963, the alarm rang at 6:40 a.m. and she awoke and OSWALD remained asleep. She began feeding the baby and at about 7 o'clock she awoke OSWALD and told him he had better get up or he would be late for work. He got up and as he finished dressing, said he would take care of his own breakfast. He then went into the kitchen, but she does not believe he fixed anything because the coffee pot was not warm when she went in later, about 7:20, and she saw no signs of breakfast preparations. She said the last time she saw OSWALD was when he left her bedroom to go to the kitchen.

On November 21, 1963, the previous evening, OSWALD told her that he would not be able to come to the PAINE residence on the coming weekend, November 22-24, 1963. She asked him why and he said it was not convenient to disturb people so often. She also remembers that on Thursday, November 21, she came running from the kitchen to see OSWALD in another part of the house, and asked him how it would be to see a real live President. She was referring to the visit of President KENNEDY, scheduled for the next day. OSWALD was extremely short in his answer, said something like "I don't know," and abruptly terminated the conversation. Mrs. OSWALD said she liked President KENNEDY and JACKIE KENNEDY because both of them appeared, in their photographs, to be very sympathetic people. She said that she would often have OSWALD read the captions under photographs of President KENNEDY and JACKIE. She said she admired them both. She stated she has asked OSWALD on one occasion what kind of a President Mr. KENNEDY was and he had replied that KENNEDY was a good President. She said OSWALD never gave any indication whatsoever that he intended any harm to the President.

She said she feels intuitively that if OSWALD was trying to kill the President, that one shot would have been enough, and that she feels, therefore, that he might have been aiming at the other person (Governor CONNALLY). She said OSWALD never mentioned any possible plans that he might have about assassinating the President. She said she cannot understand this thing.

She recalled on one occasion, quite a while ago, she made the remark to OSWALD that she couldn't imagine one person

killing another. She asked him if he could kill another person and he replied "HITLER needed killing," and implied that by killing HITLER, others could be saved.

The rifle that was owned by OSWALD she had seen many times. She recalled specifically seeing it when they lived on Neeley Street, and she knows that OSWALD had the rifle in the garage at the PAINE residence. She advised she did not know that the rifle had a scope on it. She recalls that she had asked OSWALD why he had the rifle and he told her that it was for hunting purposes. She replied that he could not expect to go hunting if he did not have a car. He assured her that one day they would have a car.

MARINA advised that the only sources of income that OSWALD had, to her knowledge, were his pay for his employment and previously his unemployment compensation. She said that he was paid each 2 weeks when he worked at the School Book Depository and she believes he received about $100 each pay day. She also said OSWALD got one $33 unemployment check after he began work at the School Book Depository.

She said that when she was at the police station in Dallas, following the assassination of the President, she talked to Mrs. PAINE and asked her to bring some things to her at the police chief's residence where she spent the night. She told Mrs. PAINE that OSWALD had been saving money in a wallet which was in one of the drawers of a chest in the PAINE house and asked Mrs. PAINE to bring that to her also. She said the wallet and the other things were brought to her at the police station and she extracted the money from the wallet, counted it, and found it to be $170. A Life reporter who was standing nearby threw in $10 and that made $180. She said this is the money that OSWALD had saved, beginning in New Orleans.

Mrs. OSWALD advised she had been thinking about how OSWALD had come to the PAINE residence on the first occasion following his return to Dallas in early October, 1963. She said upon reflection she believed that OSWALD had called from the bus station, stating that he was already in Irving and asked Mrs. PAINE to pick him up. She said Mrs. PAINE was busy at the time and could not go. OSWALD later appeared at the house and said that he had hitchhiked a ride with a Negro on a truck.

Date December 1, 1963

(1)

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Ferrar Street, Dallas, Texas, telephone DAvis 7-6569.

MARINA OSWALD furnished the following background information concerning herself. She was born July 17, 1941, at Severodvinsk (formerly called Molotovsk), Arkhangel Oblast, USSR. She does not know who her father was. Her stepfather is ALEXANDER IVANOVICH MEDVEDEV. Her mother is KLAVDIA VASILEVNA MEDVEDEV. She moved from Severodvinsk while she was an infant and went to live in Arkhangelsk, Arkhangel Oblast, where she lived with her maternal grandmother, TATIANA YAKOVLEVNA PRUSAKOVA, now deceased, and her grandfather, VASILI PRUSAKOV (sometimes spelled PROOSAKOV). She remembers her grandfather wore a uniform and her mother always told her that he was a Captain First Class. Her grandfather died when she was about 4 or 4½ years old and she continued to live with her grandmother until she was about 7 years old. When she was 7, she went back to live with her stepfather and mother at Zguritza, Moldavian, SSR (formerly called Besarabia). A half-brother, PIOTR ALEXANDROVICH MEDVEDEV, was born at Arkhangelsk in 1945 or 1946, and a half-sister, TATIANA ALEXANDROVNA MEDVEDEVA, was born in 1949.

At Zguritza she went to school for 4 years. Then the entire family moved to Leningrad in 1952 where she entered the 5th grade. It was in this town that her stepfather was born and he had now returned home. Her stepfather was by training and profession an electrical worker. He was skilled, and in Leningrad at this time had a job maintaining equipment in a gas producing plant. He had, before the war, been employed in the Moldavian SSR at an electrical station. During the war he was mobilized and had spent the war at the front. She believes he was some sort of an Army Officer. Meanwhile, her mother worked in a hospital. She does not know where.

She attended the fifth, sixth, and seventh grades of a ten-year school called the 374th Woman's School at Leningrad. At the conclusion of her seventh grade she wanted to go to a specialized school because her mother was quite ill and she felt that she might need a specialty in order that she

might be independent. She was allowed to enter a specialty school, which she did following the conclusion of her seventh grade work. She entered the Pharmacy Technicum at Leningrad in 1955 and graduated with a diploma as a pharmacist in June, 1959.-- During her last year in pharmacy school she had also worked in a drug store in Leningrad. This drug store was a central drug store located on Nevsky Prospect (a main street in Leningrad). Her mother died when she was in the second year of pharmacy school. She continued to reside with her stepfather although she felt like a stranger in the house. She explained that she and her stepfather did not get along well together and that this had been a situation of long standing. She explained that this situation was probably more due to her actions than to those of her stepfather. She said she had been "fresh" with her mother, particularly, and the stepfather had not liked this. She said she was not amenable to discipline and was generally a source of concern to her stepfather.

She advised that during this time while she was attending pharmacy school after her mother died she took meals away from the stepfather's home although she slept there. She explained that upon the death of her mother the children had come into a pension, and that this was divided three ways.

MARINA said she did not feel that her childhood was a happy one because of the friction between herself and her stepfather.

Upon graduation from pharmaceutical school in June, 1959, she was assigned work in a pharmaceutical warehouse in Leningrad. This work consisted of packing and preparing pharmaceutical orders. She did not like the work and quit after one day. She explained that generally a person had 3 days in which to decide whether or not to retain a professional type job and that it was not a black mark to quit a job during this first three days. After quitting this job, she took a two months' vacation, and just enjoyed herself. She was residing in her stepfather's house in Leningrad.

Toward the end of August, 1959, she bought a railroad ticket to Minsk, Belorussia, SSR, as she had decided to go live with her aunt and uncle who reside in Minsk. Minsk is a 24-hour railroad ride from Leningrad. This uncle is ILIA VASILIEVICH PRUSAKOV, who is now about 52 years of age, and the aunt is VALENTINA GURIEVNA PRUSAKOVA, who is now about 37 years of age. This aunt and uncle had lived in Arkhangelsk when she lived there. Her grandmother had lived with this aunt and uncle for a while prior to her death. There was a mutual liking between this aunt and uncle and MARINA. This uncle had graduated from college as an engineer, specializing in lumber. He had been in the Armed Forces in World War II and after the war was assigned to the Ministry of Internal Affairs of Belorussia, in Minsk, and is presently in charge of the department which deals with lumber. Although he works as an engineer, he has the rank of a Colonel or Lieutenant Colonel and always wears a military uniform. Everybody in this ministry wears a uniform. For example, a medical doctor who lives in the same apartment house as does her uncle and who works in this ministry also wears a military uniform.

Her aunt, VALENTINA, had no children, and she spent her time at the apartment.

When she arrived at the apartment of her aunt and uncle, they had a general discussion about her, MARINA's, future, and it was agreed that she could remain at the apartment if she wanted to do so. MARINA said that she was going to look for a job. The aunt said that MARINA would probably get married soon, but the uncle was opposed to an early marriage by MARINA. MARINA was 18 at this time. MARINA said she herself was opposed to marriage at this time and desired only to get a job and go to work.

She had previously had male admirers in Leningrad and had only recently broken up with one particular boy. This boy's mother was very interested in her son marrying MARINA, but neither the boy nor MARINA felt that their relationship was close enough for marriage. MARINA refused to give the name of this boy at this time.

DL 89-43
(4)

Concerning the uncle's apartment, MARINA said it was one of the best in the apartment house, which was for the employees of the Ministry of Internal Affairs. It was located on the 4th floor and had a kitchen, one bath, a foyer, a study, one bedroom, and a combination living room and dining room. The rooms were large although the kitchen was rather small.

In October, 1959, MARINA went to work in the drug section of the Third Clinical Hospital in Minsk, which is located on Lenin Street, in the central section of Minsk. She worked there for one year, until October, 1960, at which time she had earned a month's vacation. She took this vacation in a rest home near Leningrad. This rest home had several cottages in forest-like surroundings. The sexes were separated. The persons at the rest home ate, slept, relaxed, and had fun.

Concerning her social life, MARINA said, as stated before, that she had had several male admirers in Leningrad but had not been interested in matrimony. She pointed out, parenthetically, that at that time her teeth were in good condition and she took pains with her appearance and she believed that she was attractive to men. She said that at the present time she has lost several of her teeth as a result of her two pregnancies and does not feel that she is as attractive as she once was.

She advised that while living in Leningrad she had visited Minsk on vacation on several occasions. On one of these occasions her uncle had introduced her to a young man who lived in the same apartment as did her uncle. This young man, in turn, introduced her to another young man. Then this last young man introduced her to many young men and women with whom he associated socially. These young people were for the most part students in the schools of architecture, medicine, and engineering . Their social life was taken up, in good part, by getting together in cafes where they would sip coffee, exchange gossip, and read newspapers. Also, very heated discussions were carried on among the students about different architectural designs or other professional topics. Also, on occasion various young people would get together at someone's house and listen to records. She said that the crowd more or

less ran together and that she, MARINA, did not desire to pair up with any particular boy friend. This was an enjoyable period of her life and she found her social associations very pleasant.

Concerning the two young men to whom she was first introduced, MARINA advised that she did not care to divulge their names. She said that the first young man to whom she had been introduced by her uncle and who resided in the same apartment house as her uncle spent his vacations in Minsk although he studied in Leningrad. The second young man to whom she was introduced by the first young man is a student at Minsk at some technical institute. The first boy's father is an engineer in the Ministry of Internal Affairs and the father of the second boy is a professor of Science in a technical institute in Minsk.

She advised that she once was invited by some medical student friends to attend an affair which was a combination social and cultural event to be held at the Palace of Culture. She stated that the Palace had been evidently rented by the medical institute for this purpose. She said she decided to go to this affair and spent a good deal of time dressing and preparing for it. When she finally was ready to go she decided not to go. Then her uncle said that as long as she was already dressed and ready that she should go, so she went. She said that she arrived at about 10 o'clock, which was three hours after the affair had started. MARINA pointed out that the first part of the evening had been devoted primarily to a lecture by a Russian woman who had visited the United States as a tourist. Her lecture had dealt with her impressions of the United States. MARINA arrived too late to hear this lecture. The woman lecturer had a son who was a medical student in Minsk and this son was in attendance at this affair on this occasion. This son was an acquaintance of LEE OSWALD.

When MARINA arrived at the affair, as she described it, well dressed and pretty, LEE OSWALD almost immediately saw her and told his medical student acquaintance that he would like to meet her. She was introduced to OSWALD by this medical

student and OSWALD immediately asked her to dance. She accepted OSWALD's invitation and they spent much time together that evening.

-- She said that OSWALD's Russian, although good, bore a definite accent. She thought that he probably had come from one of the Russian speaking Baltic countries.

At this point MARINA interposed that she had attended this affair about the middle of March, 1961, and she had married LEE OSWALD on April 30, 1961.

Date 12/2/63

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar.

She took employment at Minsk, at the Third Clinical Hospital on Lenin Street, in October, 1959, and her last day of work at this place was in December, 1961. She explained that she married OSWALD on April 30, 1961, and beginning in late December, 1961, went on maternity leave, which would normally end two months after the birth of the child. Her first child, JUNE, was born on February 15, 1962, (which was two weeks earlier than scheduled) which would mean that she would normally be entitled to maternity leave which would end approximately April 15, 1962. She, however, did not return to work after the birth of her child.

Her duties at the Third Clinical Hospital consisted of filling prescriptions. She explained that the work would vary. One week she would work on liquid prescriptions, the next week on powder prescriptions, and next on medicines for external use. She said a woman was in charge of her section. When asked for this woman's name, MARINA refused to give it. She explained her pay was 45 rubles per month. She was paid every two weeks. She was allowed to use all of her money for her own purposes, as her uncle and aunt refused to take any money from her.

She met OSWALD in the middle of March, 1961, as she has previously explained, at a social function at the Palace of Culture for Professional Unions. At this first meeting, OSWALD evidently took a fancy to her and asked if he could see her again. She stated that she was evasive at this point, and then OSWALD asked if she would be coming again to the Palace the following weekend. She replied that she perhaps would return the following weekend. However, no definite date was made. She explained that each Saturday and Sunday dances and other events were held at the Palace, and that one could buy tickets to attend these events.

She said a week later, on either Saturday or Sunday, she does not remember which, she and a girl friend, whose name she declined to give, went to the Palace to attend the

dance. Upon entering the hall, she saw OSWALD waiting for her. She and OSWALD joined company and spent the evening dancing at the Palace and following that, she allowed OSWALD to take her home. He took her to the apartment house of her uncle, but did not enter the house, leaving her at the entrance. She pointed out that the girl who had accompanied her to the dance had had a boy friend in the orchestra. This girl friend and her boy friend kept company and were not with OSWALD and MARINA during the evening.

Upon questioning, MARINA said she felt that OSWALD would be at the Palace that evening, and that was the purpose in her returning. She said she did not tell her girl friend who accompanied her about OSWALD because she did not want to feel silly if OSWALD were not there.

She said that she had introduced OSWALD to the girl friend that accompanied her.

She advised she had made arrangements with OSWALD to meet the following Friday on a certain street corner in Minsk, although no definite arrangements were made concerning what they would do.

During that week, on about Tuesday or Wednesday, her aunt told her that a boy named ALIK (ALECK) had called her on the telephone and said that he could not keep the appointment for Friday; although he did not leave his last name, MARINA knew to whom her aunt referred. MARINA pointed out that ALIK in Russian is a nickname for ALEXEI, which the Russians called OSWALD in preference to LEE. The pronunciation of the name LEE is foreign to the Russian ear. The aunt advised that ALIK had said he was in the Fourth Clinical Hospital, at the Eye, Ear, Nose and Throat Department. This hospital was located on the outskirts of town. ALIK told the aunt that he could be visited Sundays. By way of explanation, MARINA said that she had not been at the apartment to receive the telephone call as she had dates with two different young men that week, and it had also been necessary to spend some time with other friends.

She visited OSWALD at the Fourth Clinical Hospital on Sunday at 3:00 PM. He was in the hospital for ear trouble, which later developed into glandular trouble. OSWALD was in

the hospital for ten days. She visited him every day, although visiting hours were only on Sunday. She explained that because she wore a white uniform in her work, she was able to pass right through into his room and see him.

On her first visit to the hospital to see OSWALD, she asked him some questions about America. OSWALD said he preferred America to Russia because he could not take hard winters. OSWALD said he did not think he could live through another hard Russian winter. MARINA said that later when OSWALD left the hospital, they would take walks and OSWALD would get so cold that he would dodge into door entrances to warm up.

She asked him why he had come to Russia, and he replied that as Russia was considered the leader of the Socialist world, he wanted to see it. He did not say how long he was going to stay in Russia. She asked him on this first visit to the hospital if he could return to the United States, and he said no, he could not return. He said he had given up his American documents to the American Embassy, and told the American officials that he would never return to America. She asked him if he was an American or a Soviet citizen. It was in answer to that question that he told her he could not return to the United States. She said that later, after they were married, he said he had been offered Soviet citizenship prior to their marriage, but he had refused it.

She said she had found out that OSWALD was an American, at their first meeting at the Palace, through a third party.

She said that OSWALD never definitely told her that he had lost his United States citizenship. He gave no other reasons for coming to Russia other than that mentioned above. She believes that he was sorry that he had come to Russia.

MARINA advised that she was interested in the United States while she lived in Russia as she was interested in all foreign countries. She said that she knew that OSWALD could not return to the United States because he had said he could not return. At this point, she volunteered the statement that she had married OSWALD because she loved him, not because he was an American or for the purpose of going to the United States.

She stated on one of her visits to the hospital, OSWALD had asked her if she would be his fiance, and not go around with other boys. She said she would consider this.

Following his release from the hospital, OSWALD began visiting MARINA at her uncle's apartment. She introduced him to her uncle and aunt. She said at this time she still saw on occasion another boy, but this was without the knowledge of OSWALD. She said this other boy objected to her becoming serious about OSWALD. When asked for the name of this young man, she replied that his first name was ANATOLI. ANATOLI was finishing medical school, and he probably is a physician by now. She said she could not remember his last name. RUSSIA

MARINA advised her uncle and aunt did not disapprove of OSWALD and, in fact, were glad that she had reduced the number of her boy friends to almost one. They offered no objections to OSWALD and told her it was her decision to make. The fact that OSWALD was an American made no difference to them. They did ask her if OSWALD could return to the United States, and she replied to the negative. Following his release from the hospital and during his courtship, he continued to ask her to be his wife and she continued to occasionally see ANATOLI up until April 20, 1962. On that date, she agreed to marry OSWALD, and together they went to the registrar to file their intent to marry. They were told that it would take her seven days to obtain permission to marry a foreigner. Permission was granted for the marriage in seven days, and it was thereafter necessary to only wait three more days to fulfill the required ten-day waiting period. They were certified as married by the registrar on April 30, 1962.

On the date that they were certified as married, her aunt and uncle had a reception for them in their apartment. Their mutual friends were invited.

She advised she was not interviewed by any official and that the only documentation necessary for this marriage was registration of intent and the certification of the marriage ten days later.

Concerning OSWALD's work in Minsk, MARINA said he had worked as a metal worker in a radio factory. He was an unskilled worker and earned between 80 and 90 rubles a month.

The discrepancy in her pay as a skilled professional of approximately 45 rubles a month, and his pay as a non-skilled worker of 80 to 90 rubles per month was discussed with MARINA. She said she could not explain this discrepancy. She volunteered the information that she knew licensed, medical doctors who earned not more than 65 rubels a month.

She was asked why OSWALD was employed in Minsk. Her reply was that he had been sent from Moscow to work in Minsk.

With regard to her earlier comment that ALIK had called her aunt to say he could not keep the Friday appointment, she was asked if it was the usual thing to have a telephone in Minsk. She said that only high officials had telephones, as they were rather hard to get. She said that having an important position certainly helped. She said that bribery was also used to obtain telephones.

During the questioning concerning her first visit with OSWALD in the hospital, MARINA made the remark that OSWALD in Russia did not smoke or drink or discuss politics with her, or, to her knowledge, with other persons with whom he associated.

FEDERAL BUREAU OF INVESTIG.

1 Date 11/29/63

Mrs. MARINA NIKOLAEVNA OSWALD was interviewed at the Inn of Six Flags. She advised that OSWALD had arrived in Dallas, Texas, in early October, 1963. She cannot remember the exact date but knows it was prior to October 8, 1963, which was the date that she was expecting her second baby to arrive. She also pinpoints the date by the fact that OSWALD found work in Dallas on October 15, 1963, and she knows he had arrived in Dallas over a week before that. She said her husband called her on the phone at the PAINE residence sometime during the day after he had arrived and mentioned that he had arrived the evening before. She asked him why he had not called when he arrived, and he said he did not want to disturb her.

Mrs. OSWALD was asked where OSWALD had stayed the night of his arrival, and she replied that she did not know, but she presumed that he had stayed at the YMCA or some room. On this first telephone call to her, OSWALD said he was already in Irving, Texas, and asked that Mrs. PAINE come to pick him up at the bus stop. This bus stop is about a twenty minute walk from the house. Mrs. PAINE left immediately and picked OSWALD up at the bus stop and brought him back to her house.

OSWALD stayed at the PAINE residence that afternoon and night and then the next morning Mrs. PAINE and Mrs. OSWALD took him to downtown Dallas where he was let out of Mrs. PAINE's station wagon with his valise as he was to look for a place to stay and to start looking for work.

OSWALD had a medium-size valise when he arrived at the PAINE house containing both clean and dirty clothing. He gave Mrs. OSWALD his washing and extracted from his valise his shaving equipment. Mrs. OSWALD said that she did not notice anything in the valise that was out of the ordinary. She did not notice any weapons nor any money.

She said that OSWALD had some money in a wallet, and that he left this wallet at the PAINE house on the day that Mrs. PAINE took him to Dallas after extracting some

money for his own use. She said she does not know how much money was in the wallet or how much money OSWALD took but knows that it was not very much.

She stated that on the day he came to the PAINE residence, OSWALD fooled around with a typewriter with a Russian keyboard belonging to Mrs. PAINE because one of the keys was broken.

Mrs. OSWALD was asked what she and OSWALD had talked about on this afternoon and night that OSWALD had spent with her at the PAINE house. She replied that OSWALD was the type that could sit in front of a television set all day and not say a word. She said they had talked about family matters such as how she was feeling and how the child was feeling, but they did not talk too much because she, Mrs. OSWALD, was not feeling well. They also talked about a wedding in the MURRETT family that was supposed to take place on or about October 5, 1963. Mrs. MURRETT is OSWALD's aunt.

On the following day when Mrs. PAINE accompanied by Mrs. OSWALD dropped OSWALD off in downtown Dallas, OSWALD stated he was going to find a place to live, and he would then call Mrs. OSWALD. She said he called about 5 p.m. that day and said he had found a place to live in the Oak Cliff section near a lake. He furnished the telephone number where he could be reached, and Mrs. PAINE made a note of this telephone number in her diary or on some paper. Mrs. OSWALD does not remember this number. She said that thereafter OSWALD did call her about twice a day to ask her about her condition and how their child was. It was agreed that Mrs. PAINE would contact OSWALD on the telephone because the place OSWALD was staying had other people using this telephone, and Mrs. OSWALD would not be able to make herself understood.

NO T-2 informed that Mexican Tourist Card No. 24085, good for fifteen days' travel in Mexico from the date of issuance, was issued on September 17, 1963, to LEE HARVEY OSWALD, of 4907 Magazine Street, New Orleans, Louisiana. This application reflected OSWALD was 23 years of age, married, a photographer by profession, and allegedly employed at 640 Rampart Street, New Orleans, Louisiana. He showed proof of American citizenship by presenting a birth certificate and claimed to be taking $300.00 to Mexico as an in transit tourist for a period of fifteen days and that his travel would be via bus.

NO T-2 stated that the "in transit tourist travel" means that the traveler, namely OSWALD, intended to travel out of Mexico to some other country; however, his records did not reflect to what locale OSWALD would travel.

He stated two copies of the tourist card are issued, one would be picked up by Mexican Immigration authorities at OSWALD's point of entry into Mexico and the second copy would be picked up at the time he left Mexico. He suggested that if OSWALD traveled by bus, as indicated in his application, he would have entered Mexico most probably at Laredo or Roma on the Mexican border.

He stated there is no return made to the New Orleans Mexican Consulate concerning this issued tourist card but that the tourist card is returned finally to Mexican Immigration Authorities, namely Secretaria De Governacion, Calle Bucareli # 99, Mexico D.F., Mexico. He stated these records would show if OSWALD traveled to some other country after arriving in Mexico.

In addition to the fifteen day tourist cards issued by the Mexican Consulate, there are six-month tourist cards issued, which cards would be used within ninety days from the date of issuance but which are valid for a period of six months in Mexico from the date of entry. These tourist cards are issued for $3.00.

Both the fifteen-day tourist card applications and the six-month tourist card applications were reviewed and they failed to show any references to HIDELL, RUBY, or RUBENSTEIN.

In addition to the tourist card issued to OSWALD on September 17, 1963, there were nine additional fifteen-day tourist cards issued and there were nine additional six-month tourist cards issued.

On November 25, 1963, LAYMON L. STEWART, General Manager and Vice President of radio station KOPY, Alice, Texas, advised that he recognized the photograph of LEE HARVEY OSWALD as being identical to an individual who stopped at the radio station located on Highway 281 in Dallas, Texas, at about 2:00 or 3:00 p.m. on either Friday, September 28, 1963, or Friday, October 4, 1963. This individual was driving an old model 1953 or 1954 car possibly a Chevrolet sedan. He mentioned he had just come from Mexico.

This individual made no previous appointment and had no previous communication with the radio station. He inquired as to a job as radio announcer but no such job was available and no background information was taken from him.

STEWART stated that this individual was unshaven, wore blue jeans, and possibly a sweat shirt. He mentioned that his wife, who remained in the automobile, could speak no English. It was noted that there was a two year old child in the front seat of the car with him.

This individual's conversation was normal and he indicated he saw the radio station sign from the highway while proceeding north in his car on Highway 281. He asked concerning the possibility of an announcer's job at Pleasanton, Texas, and appeared interested in applying for work there. He was advised that the station in Pleasanton, Texas, was station KEOP and was operated by a lady whose name was unknown.

This individual gave no indication of where he was living, but stated he was unemployed. He left the radio station driving north on Highway 281.

Also present during this interview and also recognizing the photograph of LEE HARVEY OSWALD as identical with the individual was ROBERT JANCA, Traffic Manager for radio station KOPY

ROGER RAPP, Relief Office Manager, Union Passenger Terminal, advised that the only direct route by train from New Orleans to Mexico City is as follows:

Leave New Orleans 10:00 PM on Southern Pacific, traveling overnight to San Antonio, Texas. Change trains to Missouri Pacific, leaving San Antonio at 1:45 PM. Missouri Pacific arrives Laredo, Texas, 5:20 PM, continue on Mexican National Railways, leaving Mexican side at 6:15 PM, and arrives in Mexico City 8:10 PM the following night. He advised that another train schedule from the Mexican side of Laredo to Mexico City leaves at 4:00 AM and arrives in Mexico City at 8:50 AM the next morning.

He advised that the name of the passenger on such a trip would be unknown unless advance reservation were made. Records of reservation for the period August and September, 1963, were checked and no reservation was made in the name OSWALD, LEE or variations of the name HIDELL. These records are maintained in book designated as "YW Reservations". Outgoing telegrams requesting reservations at other points were checked for the period September 16, through September 26, 1963, and none were noted requesting reservation from San Antonio, Texas, to Mexico City, or any other continental station to Mexico City.

Mr. RAPP advised that concerning reservations made telephonically, once passenger has left New Orleans the record will not reflect the name of the passenger.

He advised that the portion of the ticket given by the passenger to the conductor on the Southern Pacific train after leaving New Orleans and before arriving at San Antonio, is air mailed by the conductor to Auditor of Revenue Accounts, Southern Pacific Company, 65 Market Street, San Francisco, California.

Mr. RAPP stated that the portion of the ticket given by the passenger to the conductor of the Missouri-Pacific Train from San Antonio to Laredo, Texas, would be forwarded to Auditor Passenger Traffic, Missouri Pacific Railroad Company, St. Louis 3, Missouri.

SAMUEL THOMAS NORTH, JR., Department of Utilities, City of New Orleans, Room 2W17, City Hall, advised he resided at 508 Madison Street, Apartment 2, New Orleans, Louisiana, and in September, 1963, took a trip to Mexico with his wife, JUDITH MARIE NORTH, nee Muth. Mr. NORTH stated he obtained the tourist permits for his wife and himself at the Mexican Consulate in New Orleans, and she did not accompany him to the Consulate. He did not recall the exact date he obtained the permits, but it was a few days before he went to Mexico and the day following a Mexican holiday as he had attempted to get them the day before and the Consulate was closed. To the best of his recollection, he went to the Consulate in the morning, possibly about 9:45 a.m. When he arrived there were two women in the Consulate, one standing at the counter and the other sitting down reading a book, and was apparently waiting for the one at the counter. While he was there an elderly man, who spoke Spanish and apparently was acquainted with the employees of the Consulate, entered the Consulate. He did not recall anyone else present during the time he was there except the Consular employees.

NORTH stated he was not acquainted with LEE HARVEY OSWALD and he does not recall ever having seen him. When he read about him and saw pictures of him on television and in the paper, he tried to recall if he had ever seen him anywhere, but feels confident that he had never seen him previously.

NORTH explained he was married on September 21, 1963 and went to Houston, Texas on that date. The following day, September 22, 1963, he and his wife entered Mexico via personal automobile at Roma, Texas and proceeded to Monterey, Mexico, where they stayed in the Ambassador Hotel for two days. They left Mexico, September 24, 1963, at Reynosa, Mexico. They stayed there less than an hour, as he recalled.

Mr. NORTH reiterated that he did not ever recall seeing OSWALD and felt sure he did not see him during this period.

WILLIAM GEORGE GAUDET, Waveland, Mississippi, P.O. Box 365 advised that to the best of his recollection in the early afternoon of September 17, 1963 he picked up his travel permit from the Mexican Counsellor's Office at the Whitney Bank Building in New Orleans. He stated that at the time he entered the Mexican Counsellor's Office, there were six or seven persons waiting to pick up permits and to the best of his recollection, LEE HARVEY OSWALD was not one of them. GAUDET further stated that he left New Orleans, September 19, 1963 via Pan American Airlines at 12:00 noon. He stated that he could not recall the flight number, but is positive that LEE HARVEY OSWALD was not one of the flight passengers in the First Class Section. He further stated that he did not observe OSWALD in the Tourist Section, although he may have been there. He stated this Pan American flight landed in Merida, Mexico and then continued on to other Central and South American countries. GAUDET stated that he did not actually enter Mexico as he was continuing on to the South and Central American countries. GAUDET further stated that he could not recall the exact date he returned, but that it was approximately three or four weeks later. He stated OSWALD was not a passenger on the return flight to the United States.

GAUDET stated in his opinion that if OSWALD was a Marxist, that he would not have gone to Merida in Mexico as this is, in his opinion, a strictly anti-communist area. GAUDET also indicated that he has in the past been an employee of CIA.

FEDERAL BUREAU OF INVESTIGATION

Date November 27, 1963

DAVID PEARCE MAGYAR, Chief Pilot, Trans Gulf Seaplane Service, Inc., New Orleans, Louisiana, advised that he obtained a visitors visa to travel to Mexico about September 17, 1963.

He advised he departed New Orleans by seaplane on September 24, 1963, and returned September 30, 1963. He was hired by the Williams - McWilliams Dredging Company of New Orleans to fly two employees to a point about 60 to 70 air miles south of Tampico, Mexico. He advised that these employees of the Williams - McWilliams firm were CARL HACKENJOS and CARL SHEARRER (Phonetic). He stated that they passed through American Customs at Brownsville, Texas, on going to and returning from Mexico. He stated that the Williams - McWilliams firm was hired by the Mexican Government to conduct an aerial survey in regards to dredging a canal in Mexico.

MAGYAR viewed a photograph of LEE HARVEY OSWALD and advised that he does not personally know OSWALD and other than viewing him on television and reading about him in the newspapers, he does not know anything else about him.

MAGYAR advised that he was personally acquainted with Captain DAVE FERRIE but that this relationship was very casual as he did not consider FERRIE to be a close personal friend. He advised that FERRIE was a former Eastern Airlines pilot who about 10 years ago was in charge of the Civil Air Patrol Unit which held meetings at Moisant Airport. He recalls that FERRIE seemed to be able to handle young boys very well but does not know whether LEE HARVEY OSWALD was a member of the Civil Air Patrol at that time. He advised that GEORGE PIAZZA, 539 Henry Clay Avenue, was one of Captain DAVE FERRIE's best friends and would probably be able to furnish any pertinent information regarding FERRIE that was needed. MAGYAR was under the impression that PIAZZA was a former member of the Civil Air Patrol and probably a member at the same time LEE HARVEY OSWALD allegedly was a member.

He also advised that a LEON GUIDRY (Phonetic) presently residing in New Orleans, exact address unknown, was in the Civil Air Patrol at the same time as Captain DAVE FERRIE. From what he could recall, GUIDRY was the Cadet Captain in the Civil Air Patrol in charge of all Cadets and would probably recall other members of the Civil Air Patrol.

MAGYAR stated that in regards to his applying for his tourist visa at the Mexican Consul in New Orleans that he personally contacted the consul office in September of 1963 but could not recall the exact date. He stated that no one was in the consul office during the time that he was there except the white female clerk who issued the tourist visa to him. He stated that it was about 2:30 p.m. when he was in the consul's office to apply for his visa and that no one entered the office while he was there.

WINSTON B. LINAM, Vice President and General Manager, KSLA-TV, Shreveport, advised that on September 17, 1963, he was in New Orleans, Louisiana, attending the Louisiana Broadcasters Association Convention. At that time he was planning a duck hunting trip to Mexico for some of his clients and in connection with this trip on September 17, 1963, he went to the Mexican Consulate in New Orleans and obtained Mexican Tourist Cards for himself, his brother HENRY EDWARD LINAM, JR., KEN DEAS and GORDON MAY. He stated the purpose of obtaining the permits at that time was to list the guns which would be taken by the party of ten on the trip. He stated the permits to enter Mexico are simple to obtain and the remaining members of the party obtained theirs at the Mexican Border at the time the trip was made.

LINAM stated they departed Shreveport, Louisiana, September 20, 1963, in two private airplanes and flew to Brownsville, Texas, where they were met by CHARLIE PHILLIPS, an employee of the "Shreveport Journal". PHILLIPS had taken a station wagon to Brownsville which contained all their equipment. From Brownsville they traveled by automobile to Matamoros, Mexico, where they stayed at the Ritz Hotel. On September 21 and 22, 1963, they hunted ducks near Matamoros and on September 23, 1963, they returned to Shreveport by the same mode of transportation by which they had come.

LINAM stated the other members of the party were CHARLIE WHITESIDES, P. J. MILLS, and BOB DRESHER. He said he could not recall the names of the other two men; however, GORDON MAY would know their names.

LINAM concluded by saying he does not know LEE HARVEY OSWALD and could not recall ever having seen him. He said to his knowledge none of the other members of the hunting party knew OSWALD either.

LINAM said it is possible that he made a mistake and put his father's name, HENRY E. LINAM, SR., on the tourist application.

Mr. REBUEN M. GAXIOLA, Mexican Consul, Mexican Consulate Room 534, Whitney Bank Building, New Orleans, Louisiana, informed that the Mexican Government has no restrictions whatsoever concerning the transportation into or out of Mexico of cameras of any type up until the size reaches 35 mm movie cameras which is a commercial size.

He stated that it is not uncommon to receive numerous inquiries, either telephonically at his office, or through personal contact with individuals, concerning Mexican Government requirements for registering cameras and other items.

He stated that it is a requirement that anyone taking a firearm into Mexico for hunting purposes obtain in conjunction with their tourist card a "good conduct certificate" which would list the type of hunting weapons by make, model and serial number going into Mexico.

He stated that this good conduct certificate would go with the particular tourist or hunter along with the tourist card to the Mexican border where Mexican Customs Officials and a representative of the National Defense Department would again check these weapons by make, model and serial number against the same weapons listed on the "good conduct certificate". He stated that after the hunter finished his hunting trip in Mexico and returned to the Mexican border, these weapons would again be appropriately checked through Mexican Customs and Defense Department in order that the serial number, make and model would tally with those listed on entry into the country.

He emphasized that in addition to LEE HARVEY OSWALD and 18 otherindividuals documented by tourist cards on September 17, 1963, there were dozens of other people in and out of the office for various reasons and it was very possible that one of those who obtained tourist cards on that date could have taken a camera or could have inquiried about taking a camera into Mexico. He stated emphatically, however, that there would be no record made of this either in his office or at the point of entry into Mexico.

HAMILTON D. REDER, 405 South Main Street, advised that he is employed by the Greyhound Bus Company, New Orleans, Louisiana, as a Ticket Agent. He recalls selling two tickets to Mexico City sometime ago, date not recalled. He said that to the best of his knowledge and recollection the person buying the tickets spoke broken English, possibly Spanish. He vaguely recalls this person was in his middle 30's, 5'6" to 5'7", dumpy build, with a round face.

Mr. REDER stated he is not sure that the above person is in any way connected with the purchase of the tickets to Mexico City. He said that he sells a large number of tickets each day and has no special reason for associating the individual with the purchase of tickets other than the fact that he was speaking broken English. He said that Wednesday before Thanksgiving he sold over 400 tickets during his tour of duty.

He does not recall selling tickets to any one resembling LEE HARVEY OSWALD.

Miss JEANNIE GORDON, Ticket Agent, Greyhound Bus Terminal, New Orleans, Louisiana, resides at 1530 Bordeaux Street, New Orleans.

Miss GORDON stated that with regard to ticket number 185 273 which ticket was sold by her at New Orleans, Louisiana on August 31, 1963 with destination Mexico City, Mexico, and used for transportation on September 24, 1963 enroute to Mexico as follows:

She has no personal recollection of the purchaser of that ticket. The ballpoint pen entry in the endorsement block of the number 4 or letter H was not made by her and she had no idea who would make such a notation inasmuch as the number 4 or letter H do not have any significance known to her. Her reply was the same with reference to the number 9418 noted on the back of the duplicate ticket by ballpoint pen.

Miss GORDON stated that she could not recall if that ticket called for routing through Laredo, Texas, but she assumed that it did not, that all Greyhound passengers are routed through Laredo enroute to Mexico City unless Brownsville, Texas is specifically requested by the ticket purchaser. Miss GORDON furnished the following general information:

The total cost of a one-way ticket from New Orleans, Louisiana to Mexico City, Mexico is $30.25; a round-trip ticket costs a total of $54.45. There were three buses leaving New Orleans daily during September, 1963 which made connections at Laredo, Texas with the Mexican Busline, Transportes Del Norte. The bus on which ticket number 185273 was used can be determined by the examination of the ticket which will indicate the driver by his destinctive punch mark.

Miss GORDON stated that she has given considerable thought to all her ticket sales involving trips to Mexico during 1963 but she could not remember selling a ticket or giving information to LEE HARVEY OSWALD. She stated that it is possible for her to have had contact with OSWALD during the course of her duties and still not be able to recall the incident because of the brevity of the individual contacts and

JOHN CALVIN BROOKS, 4451 Seminary Place, Apartment "D", advised that since September, 1962, he has held a full time job as ticket agent with the Continental Trailways Bus Company, 1314 Tulane Avenue, and added that he regularly worked from 11:00 PM until 7:00 AM at this station. He stated that in addition to this employment, he was a full time seminary student at the Baptist Theological Seminary, New Orleans, Louisiana, and added that he had little time for anything else except his work and his studies. He stated that even the circumstances associated with the assassination of President JOHN F. KENNEDY on November 22, 1963, were not known to him as he had not read any newspapers nor viewed any telecasts concerning that matter; however, he had viewed a portion of a television film wherein one JACK RUBY was shown in the act of shooting LEE HARVEY OSWALD. For background information, BROOKS stated that he has always been somewhat apprehensive as night clerk at the Trailways bus station, since he senses his responsibility keenly and naturally does not want to lose his job and his opportunity of continuing his theological studies. He stated that for the above reason he has made a habit of noting persons at this bus station who might possibly cause him difficulty and explained that on occasion he has contacted the New Orleans Police Department concerning persons in this station and likewise has been contacted himself by law enforcement agencies. He stated further that a private security patrol regularly inspects this station and he has had occasion to turn suspicious persons over to security officers.

BROOKS was asked if he might possibly recall the purchase of a ticket made at New Orleans, Louisiana, in the station where he is employed for passage of one person one way to Brownsville, Texas, on September 15, 1963. BROOKS stated that to recollect his thoughts he remembered being off work during summer session at Baptist Theological Seminary and returning to work at this station on September 4, 1963. BROOKS telephoned an employee at the Continental Trailways Bus Station and requested this employee to inform him of the number of ticket purchases that were listed on his report for the date September 15, 1963, in an effort to further assist in pinpointing this particular purchase, and stated that he was informed by an employee of this

station that the purchase of Trailways ticket # 376416 on September, 1963, for one way passage to Brownsville, Texas, was the third sale listed from the top of this page. BROOKS stated that he would interpret this information as signifying that the purchase of this ticket was made some time in the middle of the night on September 15, 1963.

BROOKS was furnished a photograph of LEE HARVEY OSWALD as well as photographs of additional persons and BROOKS selected a photograph of OSWALD, bearing New Orleans Police Department Number 112723, as bearing a definite resemblance to an individual who entered this station on or about September 15, 1963.

BROOKS stated that as he has attempted to recall the occasion in question he has also attempted to report only information which can be reasonably substantiated in his memory; and further explained that for all of the following information furnished he would vouch for the reasonable and considerable certainty that the information set out below is precisely as the happenings occurred which are described:

NO 89-69
JLP/cjo

BROOKS stated that approximately 3:30 AM on September 15, 1963, two persons entered the Continental Trailways Bus Station from the Tulane Avenue entrance and one of these persons stopped at his sales window while the other stood about the station. For the sake of identification, BROOKS named the purchaser of ticket as #1 and the non purchaser as #2, and described these persons as follows:

#1.

Race	White
Sex	Male
Age	Early 40's
Height	5'8" to 5"10
Weight	Unknown
Build	Stocky (well built)
Hair	Dark, cut medium long and unruly.
Complexion	Dark and "swarthy" looking
Dress	Wearing sports shirt and possibly pullover knit type shirt with short sleeves
Characteristics	Accent detected, but unidentified
Marks	Tattoos on forearms

#2.

Race	White
Sex	Male
Age	25-26
Weight	Approximately 150 pounds
Build	Slender
Characteristics	Restless appearing and nervous
Dress	Wearing shirt without tie, open at the neck

BROOKS stated, for information, that on an average only about three people purchase tickets from him for travel to Brownsville, Texas, approximately one year and he associated

the individual identified as #1 because of the arrival point for the ticket purchase. He stated that as he assumes responsibility for the entire station for midnight hours, he takes note of anyone moving about the station and added that the individual described as #2 attracted his attention primarily because he had come in with individual #1 and appeared to be standing about the station. He stated that the individual listed as #1 purchased this ticket using cash since he explained that he does not accept checks on his working shift and added that he is certain that this person did not furnish him with travelers checks. He explained that he noted that neither the person identified as #1 or as #2 was carrying any baggage and stated that no baggage was checked at this station to the best of his knowledge.

He advised that a short time after the ticket had been purchased, possibly twenty minutes in time, either the person referred to as #1 or #2 went upstairs to the men's room located slightly to the rear of the station and a very short time later the other individual walked to this men's room. He stated that he happened to take note of this fact since he is always on the alert to avoid any "characters" as well as any "incidents" at this station. He stated that he did not recall seeing the individual referred to as #1 about the station after this incident, but he did have ample occasion to observe the individual referred to as #2 during the following approximate two hour period. He stated that his attention had been called to the pair possibly for the reason that he had not observed the individual listed as #1 waiting about the station for the bus which was scheduled to leave New Orleans, Louisiana, at six o'clock AM, but he did observe the individual listed as #2 remain about the station until bus departure time, although he added that he did not personally observe individual #2 board the bus. He explained that it was difficult to observe anyone board a bus at this station since a partition obstructed his vision of the buses parked at the parking lot, but added that he had observed the #2 individual walking about the station and appearing to be nervous and restless. He further stated that he had not seen individual #1 in conversation with individual #2 and had not observed individual #1 give a bus ticket to individual #2, but explained that he somehow deduced in his mind that as both of these persons

entered the station together and afterwards had met in the men's room and he had observed individual #1 no longer than a period of approximately twenty minutes at the station, but had observed individual #2 for morethan a two hour period at the station, that individual #1 had very likely purchased this bus ticket for individual #2.

BROOKS reiterated that he was "reasonably sure" that all of the above information was accurately delivered and was as close an approximation to the facts as it was possible to make. He stated in his honest opinion he had not added to nor taken away from the situation which he had observed at this station.

He stated that he had not seen either of these persons before the incident referred to and has not seen them since the time referred to.

GREEN stated that the Continental Trailways Depot at New Orleans, Louisiana, was prepared to offer a traveler a ticket for passage from New Orleans, Louisiana to Mexico City, Mexico and added that for bus passage inside the country of Mexico, he issued tickets on either the Transportes Del Norte or the Autobuss Blancos Flecha Roja Lines. He stated further that it was possible to purchase a ticket at New Orleans, Louisiana for passage to Brownsville or Laredo, Texas at either of which points it was possible to purchase a separate ticket for bus passage within Mexico aboard one of the above named bus lines. He added that naturally no United States bus system operated busses which traveled directly to Mexico City, Mexico without changing to a Mexican carrier. He stated the shortest possible bus passage time between New Orleans, Louisiana and Mexico City, Mexico was approximately 30 hours.

GREEN examined his records made of ticket sales between New Orleans, Louisiana and Dallas, Texas for a period beginning September 24, 1963 and ending September 28, 1963 and listed such ticket sales as they appear below:

Date	Tickets Sold	Passage	Ticket Number
9/24/63	One	One way	377005
9/25/63	One	One way	377041
9/26/63	One	One way	377084

GREEN stated that a review of his records revealed that the tickets sold on September 24 and September 26, 1963 were sold by Ticket Agent CRAIG TAMPLAIN, residing at an unknown address in Reserve, Louisiana, who could be reached by telephone KE 6-5543 and who happened to be off from work

on November 27, 1963 but regularly worked on the day shift from 1:30 PM until 10:00 PM. He stated that the ticket sold on September 25, 1963 was sold by Ticket Agent GREGORY MC DONALD, who resides in an apartment located in the Warwick Apartments, 1315 Gravier Street, New Orleans, Louisiana and added that MC DONALD started work at 3:30 PM each day and ended his work day at midnight.

GREEN further examined his records of ticket sales made for the period of September 14, 1963 through October 1, 1963 and stated that no sales had been made by any ticket agent at New Orleans, Louisiana to Mexico City, Mexico. He stated in addition that no tickets had been purchased during this period from New Orleans, Louisiana to Laredo, Texas. He added that the following listed information represented ticket sales made for passage from New Orleans, Louisiana and Brownsville, Texas on the dates indicated:

Date	Tickets Sold	Passage	Ticket Number
9/15/63	One	One way	376416
9/25/63	One	One way	377025

GREEN stated that the ticket sold on September 15, 1963, was sold by Ticket Agent JOHN BROOKS, who resides somewhere in the 4100 block of Seminary Place, New Orleans, and could be reached through telephone 282-6051. GREEN stated that BROOKS was regularly employed from the midnight shift starting at 11:00 PM and ending at 7:00 AM. GREEN stated that the ticket sold on September 25, 1963 was sold by GREGORY MC DONALD, whose address appears above.

GREEN advised that the Trailways Bus people at New Orleans, Louisiana do not utilize the service of any dispatcher, but explained that the ticket agents named

above act as dispatchers. He stated that records would be available of Continental Trailways Drivers who operated busses between New Orleans and Dallas and between New Orleans and Brownsville, Texas on the dates indicated above, but explained that this information was not available to him as it was maintained within the permanent files of the Continental Trailways Bus System located at P.O. Box 4407 Alexandria, Louisiana. GREEN stated that this office was a main office of the Continental Trailways System and covered a nine state divisional area.

GREEN emphasized the fact that there was no way possible to determine the names of the individuals who had purchased the tickets identified above by number and added that the information above constituted all of the information available to him, except all Trailways passengers are furnished a "stub" of a ticket bearing numbers obtained by the office making the transportation sale and GREEN further explained that in the case of the above described tickets for passage between New Orleans, Louisiana and Dallas, Texas as well as between New Orleans, Louisiana and Brownsville, Texas, that the stubs placed in the passenger's possession would eventually have been turned in to the ticket office of the passenger's destination and after a short delay, would find their way into the office of Revenue and Accounting, 315 Continental Boulevard, Dallas, Texas. He added that these ticket stubs were permanently retained at this office in Dallas, Texas.

LEONARD R. HOLLAND, JR., Ticket Agent, Continental Trailways Bus System, 1314 Tulane Avenue, residence 4440 Chef Menteur Highway, advised that he was regularly employed as a ticket agent with this bus system and has worked a 3:30 PM to midnight shift during the last year.

-- He was furnished photographs, among which appeared a photograph of LEE HARVEY OSWALD, bearing New Orleans Police Department #112723 and picked out a photograph of OSWALD from having seen a picture recently displayed on television and newspapers. He explained that he did not recall seeing this person at any time in the Continental Trailways Bus Station and added that if a one way ticket was purchased from him on September 6, 1963, for passage from New Orleans, Louisiana, to Brownsville, Texas, that he would not be able to identify the person who purchased this ticket as he saw so many persons each day and could not remember making this sale.

HOLLAND stated he could furnish no additional information relative to LEE HARVEY OSWALD.

FEDERAL BUREAU OF INVESTIGATION

Date 11/29/63

1 The information set forth hereinafter was furnished by Mr. ELMER E. BILBRAY, Supervisor of Revenue Accounting, Continental Trailways Bus System, General Office, 425 Bolton Avenue, Alexandria.

By way of illustration as to the procedure followed when a Continental Trailways (Continental) ticket is issued from New Orleans, Louisiana, to Dallas, Texas, the following illustration is set out:

The selling agent in New Orleans issues a ticket showing "from" and "to" and the fare. One part of this ticket goes to the purchaser who must exhibit the ticket at various points along the travel route to the bus driver, who punches a numbered circle on the bottom of the ticket and then gives this ticket back to the passenger. The final-destination bus driver picks up the ticket from the passenger and punches it three times across the face and then he puts the collected tickets in a yellow envelope, known as a trip report and time slip. This report shows the ticket stubs picked up from the passengers, the number of passengers on the bus, and the number of passengers getting on and off at any given point along the route traveled.

This trip report and time slip is turned over by the final-destination bus driver to the Dallas Office of Continental, and this office at the end of the month sends to Alexandria, Louisiana, these passenger tickets. Alexandria Continental takes a representative sample of these passenger tickets and checks them against the New Orleans, Louisiana, agents ticket report, which is made up each day.

This agent's ticket report shows the ticket number, the cost of the ticket, and the ultimate destination. With this agent's ticket report there is enclosed the various ticket stubs sold by the selling agent in New Orleans. It is this agent's ticket report which is checked against the purchaser's ticket that was picked up by the final-destination bus driver. The selling agent's stub in most instances does not contain any additional information beyond that shown on the agent's ticket report. On occasion, the selling agent on this ticket stub might show the routing; that

is, one traveling to Dallas via Continental could go one of two ways. One could travel from New Orleans to Houston to Dallas, or from New Orleans to Shreveport, Louisiana, to Dallas.

-- The third portion of the ticket is kept by the passenger for identification, should he need it when he gets off the bus at various rest points and then has to identify himself before getting on the bus again.

The normal Continental route to Mexico City from New Orleans is through Houston and not Dallas, Texas, although it is possible to pay a little extra money and be routed through Dallas, Texas.

The route to Mexico City is through Laredo, Texas, and if the final destination is Mexico City, the final-destination bus driver picks up the passengers' tickets and punches them as described before, and these passenger tickets are sent to Dallas on a Reclaim Form to Dallas Continental General Office, 315 Continental Avenue. Dallas Continental keeps these passenger tickets on file at 2805 Logan, Dallas, Texas, under the supervision of Mr. C. WALTERS.

As stated above, the New Orleans Office of Continental makes up a daily agent's ticket report because volume is such to warrant a daily report; however, there are four travel bureaus in New Orleans which sell Continental tickets and who make up an agent's ticket report, but this report is not made on a day-to-day basis because volume does not warrant a day-to-day report. The four travel bureaus in New Orleans which sell Continental tickets are:

FEDERAL BUREAU OF INVESTIGATION

Date November 30, 1963

Mr. E. A. REIMHERR, Terminal Manager, Greyhound Bus Terminal, 1710 Tulane Avenue, furnished the following information regarding transportation from New Orleans to Mexico City via Greyhound lines.

The one-way fare is $30.25 using ticket form #3, and the round-trip fare is $54.45 using ticket form #6. The route to Mexico City consists of leaving New Orleans with stops at Lake Charles, Louisiana; San Antonio, Texas; Laredo, Texas; ending in Mexico City. This trip takes a total of about 44 hours, however, a bus rider has "stop-over" privileges at any point.

A trip to Mexico City involves three separate bus lines, Southern Greyhound, from New Orleans to Lake Charles; Central Greyhound from Lake Charles to Laredo, Texas; Transport Del Norte, the Mexican bus line from Laredo, Texas, to Mexico City. The time element for a valid ticket is six months on a one-way ticket and one year on a round-trip per tariff regulations, however, the Greyhound very seldom questions the date of issue on a ticket.

To make a trip to Mexico City it is necessary for a purchaser of a ticket to obtain a tourist card and vaccination certificate. The purchaser must present his birth certificate on obtaining this tourist card or vaccination certificate. The tourist card and vaccination certificate may be obtained in New Orleans from the Mexican Consul or the Mexican Government Tourist Office, which office is located on St. Charles Avenue in the Sheraton Charles Hotel Building.

The following are the times for the two Greyhound buses leaving New Orleans for Mexico City each day which times were in effect during the month of September, 1963.

Location	1st Departure	2nd Departure
New Orleans (leave)	12:45 a.m.	5:45 p.m.
Lake Charles (arrive)	7:00 a.m.	12:50 a.m.
Lake Charles (leave)	7:30 a.m.	1:00 a.m.

Laredo (leave)	10:45 p.m.	4:30 p.m.
Mexico City (arrive)	7:30 p.m.	11:30 a.m.

Each of the above schedules takes approximately 44 hours with the first departure leaving at 12:45 a.m. ending the next day 7:30 p.m. and the second departure leaving 5:45 p.m. ending on the second day 11:30 a.m.

Mr. REIMHERR advised that the original ticket does have a space for "endorsement" in the lower right hand corner. This endorsement should only be used by the issuing ticket agent when reason for issuance of ticket is not normal such as if a Government Transportation Request is used or a special fare is given such as in charity cases. This endorsement space is not for use by the purchaser and should not be used except by the original issuing ticket agent, however, he pointed out that this does not preclude the purchaser, other ticket agents, or bus drivers from writing in this endorsement space. He was of the opinion if such a writing is noted after ticket has been returned to the accounting department and it is determined that the issuing ticket agent did not make such a notation that any such writing was probably made by the accounting department.

With regard to the above buses going to Mexico City, Mexico, Mr. REIMHERR added that during September, 1963, there was an additional bus departing New Orleans, Louisiana, at 2:15 a.m., an express bus, which overtook the 12:45 a.m. bus at Houston, Texas, and thereafter the schedules of the two buses coincided.

Mr. GAXIOLA made available for copying the application for permit for travel into Mexico of persons making this application during the months of September and October, 1963.

He stated that although the application for tourist card to visit Mexico has a notice in the lower left-hand corner stating the card must be used within 90 days and is valid for a period of six-months stay in Mexico from date of entry, that this does not mean this application is only for a six-months permit. He stated that persons requesting permission to travel in Mexico execute this form regardless of whether their intended stay in Mexico is for one day or six months.

He further stated that although the prefix FM8, which denotes a 15-day permit, and FM6, which denotes a 6-months permit, does not appear on the application for tourist card to visit Mexico, he is able to differentiate between the 15-day permit and 6-months permit by the sequence of numbers, the cost of the permit, and the filing of FM8 permits and FM6 permits in two different files.

LENUS MELVIN PLUCHE, 7221 Friscoville Avenue, advised as follows:

He is employed as a steam power operator at Kaiser Aluminum Company. In September, 1963, he and his wife decided to take a vacation trip to Mexico with their neighbors, GEORGE and FLORENCE DE MEN. The trip had first been planned by the DE MENs and when GEORGE DE MEN agreed to postpone his vacation one week it was possible for the two couples to travel together.

On a Thursday, September 19, 1963, he and his wife went to the Mexican Consulate in the Whitney Building to apply for their tourist cards. They were at the Consulate for about ten minutes at about 11:00 a.m. Among the persons being served in this office at this time were a woman and her son who spoke Spanish and another woman who apparently had a visa from some other Central or South American country and was arranging some type of travel.

They departed from New Orleans on Sunday, September 22, 1963, about 9:00 a.m. in DE MEN's car. They stayed overnight at Victoria, Texas, and on Monday, September 23, 1963, attempted to cross the border at Laredo, Texas, however, at this point they learned of road repairs ahead and detoured to Roma, Texas, and crossed the Mexican border at this place at about 7:30 p.m. After a short check with customs they proceeded to Monterey, Mexico, where they stayed in a motel. Thereafter they made daily sightseeing trips within a radius of about 50 miles from Monterey. They saw few American tourists but he recalls that at Garcia's Cave they saw two young couples from somewhere in Texas who were on a honeymoon trip.

They started their return trip on Thursday, September 26, 1963, leaving Monterey about 9:00 a.m. They crossed the border at Laredo about 3:00 p.m. and had only a short wait at the customs station. They drove past Victoria spending the night at a small town some miles beyond and eventually arrived home on

Mrs. MARIE GRACE PLUCHE nee MISURACA, 7221 Friscoville Avenue, advised as follows:

In September, 1963, upon learning that their neighbors GEORGE and FLORENCE DE MEN of 7209 Friscoville Avenue, were planning a trip to Mexico, she and her husband arranged to join them. On about September 19 or 20, 1963, she and her husband went to the Mexican Consulate on St. Charles Avenue, New Orleans, and applied for their tourist card. During this visit to this office she noticed other persons waiting which included a blond woman as well as a person she took to be Mexican who was carrying on a conversation in Spanish with the office personnel.

On Sunday, September 22, 1963, they departed with the DE MENs in DE MEN's automobile and traveled by way of Victoria, Texas. They entered Mexico on September 23, 1963, about 7:30 p.m., the name of the entry point being unknown to her other than the fact that they were required to detour from Laredo, Texas. They stayed in Monterey, Mexico, at the Super Motel. They made daily sightseeing trips in the area of Monterey and had no recalled contacts with other American tourists.

They started on their return trip September 26, 1963, leaving Monterey about 9:00 a.m.; they crossed the border at Laredo at about 3:00 p.m. and stayed overnight at someplace in Texas beyond Victoria. They continued to travel on September 27 arriving home about 8:00 p.m. Throughout their travels no one in their group was in conversation with other American tourists and she recalls seeing very few persons that she though might be from the United States. She stated that she is positive she has never seen LEE HARVEY OSWALD at any time and is certain she did not see him while they were preparing for the trip or at any point during their travels.

MITCHELL SCIBOR, Office Manager, Klein's, 4540 West Madison, provided what he described as a copy of a record which he had made upon opening gun cases on February 22, 1963, and at the same time gave an explanation as to certain notations found on this record. In the upper lefthand corner on each page of this record is a notation "RR #1243" indicating "Receiving Report" number which details the method of travel and so forth of the guns. The date immediately below this number is the date of the opening of the gun cases. The bold face numbers found upon this record are company control numbers which are assigned as the guns are taken from the case. SCIBOR stated that the serial number for each gun is visually checked and noted on the record following the appropriate company control number. A tag is also made for each weapon showing both the serial number and the company control number.

SCIBOR advised that the notations in the upper righthand corner are for his own use in filing his copy of this record. He stated that the original of this report is directed to the company recording and booking department, where it is entered into a master booking system and the original of this record is then destroyed. The copy retained by SCIBOR is used by him as an aid in handling the merchandise.

The record furnished by SCIBOR contains company control numbers 770 through 869, and company control number 836 shows a weapon serial number C2766.

The record also contains a notation on page 1, which reads as follows:

"Crescent Firearms

ROBERT E. [illegible], Vice-President, Operations Department, the First National Bank of Chicago, Clark and Monroe Streets, furnished the following information:

The bank does not microfilm either Postal Money Orders or American Express Company Money Orders. Postal Money Orders are sent to the Federal Reserve Bank of Chicago, which in turn sends them to a central processing center located in Kansas City, Missouri.

American Express Company Money Orders are returned directly to American Express Company in New York City.

A deposit made with the bank on March 15, 1963, by Klein's Sporting Goods, Inc., 4540 West Madison Street, Chicago, Illinois, in the amount of $33,827.98, included two items in the amount of $21.45 and was processed by the bank on March 18, 1963. One of the $21.45 items was an American Express Company Money Order which was mailed to the Classification Division, Central Unit, American Express Company, 770 Broadway, New York City, on March 18, 1963. The $21.45 item appeared on a tape between an item of $15.03 and an item of $14.76 and was included in a package total of $1,016.11 which in turn was included in a group total of $6,178.

The other item of $21.45 was a Postal Money Order which was sent to the Federal Reserve Bank of Chicago on March 15, 1963, which was a Saturday and, therefore, would have been received at the Federal Reserve Bank on March 18, 1963.

FITZPATRICK is of the opinion that the Federal Reserve Bank will be able to identify by number this Postal Money Order.

LESTER GOHR, Assistant Cashier, Federal Reserve Bank of Chicago (FRB), LaSalle and Jackson Streets, Chicago, Illinois, furnished the following information:

Records are maintained regarding Postal Money Orders for only six months. Mr. GOHR was accompanied to the storage area where a physical search disclosed no records regarding Postal Money Orders present prior to May 29, 1963.

GOHR stated that the FRB handles approximately 130,000 Postal Money Orders daily and as of March 18, 1963, when the Postal Money Order in question would have been received, approximately three fourths of the money orders were being sent to Washington, D.C. and the balance to Kansas City, Missouri. As of March 18, 1963, FRB had a backlog of work amounting to two or three days; therefore the money order in question probably would have been transmitted to one of the above mentioned locations on about March 21, 1963.

Postal Money Orders transmitted to Washington, D.C. are sent to the Money Order Audit Division, Post Office Department, G.A.O. Building, Stop 334.

GOHR advised that money orders transmitted to Kansas City, Missouri, are sent to Accounting and Control Section, Money Order Center, 601 Hardesty Street.

DL 100-10461
RPG/jj

Under date of October 27, 1963, New York Confidential Informant T-1 made available the contents of a letter directed to Mr. HENRY LEE of the Fair Play for Cuba Committee, New York City by LEE H. OSWALD. This letter is quoted herein below.

"Dear Mr. Lee

"I was glad to receive your advice concerning my try at starting a NO FPCC Chapter. I hope you won't be too disapproving at my innovation but I do think they are necessary for this area.

"As per your advice, I have taken a PO Box (Number 50061).

"Against your advice, I have decided to take an office from the very beginning.

"I you will see from the circular I had jumped the gun with charter business but I don't think it's too important. You may think the circular is too provocative, but I want it to attract attention, even if it's the attention of the lunatic fringe. I had 2,000 of them run off.

"The major change in tactics you can see from the small membership branch is that I will charge $1 a month dues for the NO chapter only, and I intend to issue a NO FPCC membership card also.

"This is without recourse to the $5 annual national FPCC membership fee.

"However you will lose nothing in the long run because I will forward $5 to the National FPCC for every New Orleans Chapter member who remains a dues paying member for five months in any year.

"It's just that the people I am approaching will not pay $5 all at once to a committee in New York which they cannot see with their own eyes.

"But they may pay a dollar a month to their own chapter after having received their membership card from my hand to theirs. Also I think such a dues system binds the members closer to the FPCC.

"I will promise only a membership card and a chapter vote to future members, that is, I don't expect you to send them national FPCC mailing for their $1 a month.

"As you will notice on the membership blank there is a place for those who do wish to subscribe to the national mailings for the fee of $5, that fee will go directly to you in New York.

"As soon as any member has paid dues adding up to $5 in any year I will forward that fee to you and then you may handle it as if it was a usual application for membership in the National FPCC.

"In any event I will keep you posted and even if the office stays open for only one month more people will find out about the FPCC than if there had never been any office at all, don't you agree?

"Please feel free to give advice and any other help.

"Yours truly

"Lee H. Oswald

Mr. WILLIAM CODY REEVES, 6144 Louis XIV Street, was interviewed at his office, The Enochs Sales Company, Inc., 705 Camp Street, at which time he furnished the following information:

Although he does not recall the exact date, he believes that about the middle of August, 1963, he was walking on Canal Street near Grant's Store. There was a man standing on the sidewalk at this location who was passing out some literature. Mr. REEVES said that after seeing all the television and newspaper photographs of LEE HARVEY OSWALD, the person accused of assissinating President KENNEDY, he is positive that the individual who was passing out the literature was OSWALD.

Mr. REEVES furnished the following described documents which he received from a man he believes to be LEE HARVEY OSWALD:

(1) A yellow colored throwaway with black printing, approximately 6" X 9" which reads as follows: "Hands off Cuba! Join the Fair Play for Cuba Committee, New Orleans Charter Member Branch, Free Literature, Lectures, Location: F P C C-A J. HIDELL, P. O. Box 30016, New Orleans, La., Everyone Welcome!"

(2) A white colored throwaway with black printing which reads as follows:

"The Truth about Cuba

IS IN CUBA!

"On January 16, 1961, the United States Government imposed a ban on travel by U. S. citizens to Cuba. Failure to abide by the ban is punishable by a fine of $5,000 or 5 years in jail or both. (8 USC 1185, 22 USC 225.)

"This is in clear contradiction to remarks made by President Kennedy before the United Nations on September 22, 1961, when he deplored action by any nation which 'builds a wall to keep truth a stranger and its own citizens prisoners'. It seems also to violate the spirit of the Universal Declaration of Human Rights adopted by the United Nations in 1948 which states 'Everyone has the right to leave any country, including his own and return to his country'.

"What mysterious features exist on this tiny island of 6½ million people to become so taboo for American eyes? Although the policy of the Castro government is to promote tourism everywhere in Cuba, our government innocently explains that the travel ban is to safeguard our welfare.

"Why then does it allow American citizens to travel in such trouble spots as Somoza's Nicaragua?

"Why then does it exempt Americans such as 'certain' businessmen and 'certain' reporters from the ban when they are the very ones most likely to become involved in international incidents?

"Why then do other Western countries such as Canada, Mexico, England, France, West Germany, etc., find that the safety of their nationals does not require restrictions on travel to Cuba?

"Our government states that another reason for the ban on travel is that it is in the national interest to combat Communism by preventing travel to Cuba.

"Why then is travel allowed and even encouraged to admittedly Communist countries such as Poland, Yugoslavia and even the Soviet Union?

"In short, WHAT IS THE GOVERNMENT HIDING?

"As a result of the Cuban Revolution stopping the flow of Cuban wealth to the United States, Cuban soil, industry and manpower has been put at the disposal of the Cuban nation.

"Can it be that the new schools, homes and hospitals of revolutionary Cuba might contrast severely with the Cuba that served as a U. S. plantation and might weigh heavily on the American conscience?

"Can it be that we would also see the effects of the recent invasion which was supported by 43,000,000 dollars of our tax money?

"WE MAINTAIN THAT THE TRUTH ABOUT CUBA IS IN CUBA AND THAT WE HAVE THE RIGHT TO OBSERVE AND JUDGE FOR OURSELVES WHAT IS HAPPENING THERE!

"If you agree:

"Seek permission from the Passport Office to go there. When it is denied, ask why.

"Write to the U. S. State Department and President Kennedy asking that our government adhere to concepts of justice and international law and expressing your opinion on the travel ban.

"Read books which present the side of the story you haven't been told such as
90 MILES FROM HOME by Warren Miller and
LISTEN YANKEE by C. Wright Mills.

"Both of these books are in pocketbook editions and can be purchased at the bookstands.

"FAIR PLAY FOR CUBA COMMITTEE, 799 Broadway, New York 3, N.Y."

OSCAR W. DESLATTE, Assistant Manager, Truck Sales, Bolton Ford Company, 1483 North Claiborne Avenue, advised that he recalled two men coming to Bolton Ford on January 20, 1961. He remembered the date and following information as he had in his possession a bid for purchase form made out to Friends of Democratic Cuba, 402 St. Charles Avenue, New Orleans, Louisiana, (Telephone Number JA 5-0763).

He said a Mr. JOSEPH MOORE, whose description he cannot remember, nor can he furnish any other identifying data regarding him, advised him that he and his friend, were representing the above organization and wished to purchase ten Ford Econoline Trucks. DESLATTE said MOORE listed the equipment he desired on the trucks, but he did not state whether they were for use here in the United States or were to be sent to Cuba. DESLATTE quoted him the price and advised that he would make a $75 profit on each truck. MOORE said that he thought they should get the trucks for no profit for his organization. MOORE then told him that he should change the name on the bid form from MOORE to OSWALD, no first name given. The individual with MOORE then said that was his name and it should go on the form as he was the man with the money and would pay for the trucks, if they were purchased.

DESLATTE was exhibited a photograph of LEE HARVEY OSWALD and he said he cannot recall ever having seen him before nor could he say this was the individual who had come in with MOORE. DESLATTE said he could neither describe nor identify either of the men who came in as it was almost three years ago that they were there and only spent a short time with him. He said he remembered this incident, not by the name OSWALD, but because of the name of the organization represented.

DESLATTE said that he, himself, filled out the above mentioned bid form completely and neither individual either handled it or signed it. He said that he made the original of this form available to them and retained a carbon copy of this form for his use, which he said he made available to the interviewing Agents.

SAM MIKE NEWMAN, owner of the office building located at 544 Camp Street, New Orleans, Louisiana, residence address 1337 Mithra Street, New Orleans, advised that approximately eight to nine months ago he rented office space at 544 Camp Street, which he believed was office number 6 or 7 to several Cubans, names unknown, who were with the Cuban Revolutionary Association. Mr. NEWMAN said he had seen these Cubans previously around the office of GUY BANISTER, Guy Banister Associates, but he did not know their names. Mr. NEWMAN stated he believes one of these individuals was SERGIO ARCACHA SMITH who at that time appeared to be the head of the organization but was later replaced by LUIS RABEL. He said that SERGIO ARCACHA SMITH after being replaced as head of the organization was engaged in selling life insurance in New Orleans. NEWMAN stated that LUIS RABEL could be contacted at telephone numbers WH 7-5544 and 288-7905.

Mr. NEWMAN stated the Cuban Revolutionary Association did not have any money to pay rental on the office space at the time they obtained this space but were to pay rental to him from proceeds derived from a city wide fund collecting campaign they were conducting to raise money for the Cuban people.

Mr. NEWMAN related that the Cuban Revolutionary Association occupied office space at 544 Camp Street for approximately three or four months during which time they did not pay him any rental on the office space they occupied. He said that approximately 1½ months after they moved from the premises he received a check for $100 from a Mr. GRIMALDI located in the Audubon Building, who was a volunteer bookkeeper for the organization.

A photograph of LEE HARVEY OSWALD was exhibited to Mr. NEWMAN at which time he advised that to the best of his knowledge he has no recollection of seeing OSWALD in or around the building located at 544 Camp Street and does not have any recollection of any individual by that name contacting him in regard to the rental of office space in his building.

Mr. NEWMAN further informed that he has never rented office space to the Fair Play for Cuba Committee or

anyone representing that organization. He further stated that he has not been contacted by or rented office space to anyone by the names of V. T. LEE, A. J. HIDELL, A. T. HIDELL, ALEK JAMES HIDELL or O. H. LEE.

Mr. NEWMAN recalled that not over two months ago a man telephonically contacted him wanting to rent an office in the building and at that time furnished his name and the name of the organization he represented but Mr. NEWMAN was unable to recall either name. Mr. NEWMAN stated he is certain the name of the organization had nothing to do with Cuba. The individual who telephonically contacted him wanted the office open at night for meetings of the organization and informed him all he needed was a desk and about fifteen chairs. Mr. NEWMAN stated he had no further contact with this unknown individual who had telephonically contacted him. However, he stated that he believes his janitor, JAMES ARTHUS saw this individual at the building at 544 Camp Street, and talked to him.

Mr. NEWMAN further recalled that about nine or ten months ago a tall, thin man, about 38 years of age, with dark hair contacted him and arranged for the rental of office space at the building at 544 Camp Street. This man told him that he worked as an electrician during the day and desired to teach Spanish at night. This unknown man paid one month's rent of $30 or $40 in advance. Mr. NEWMAN said this individual came back the following week and informed him that he had been unable to get enough students to enroll in the Spanish course to "justify fooling with the class" and that he had changed his mind and no longer wanted the office space. The man told NEWMAN to keep the money he had paid in advance rent. Mr. NEWMAN said that he would endeavor to locate a record of this individual's name and if successful he would furnish the name of this individual to the FBI.

CARLOS BRINGUIER, operator of Casa Roca Store, 107 Decatur Street, New Orleans, Louisiana, advised that he is active in anti-CASTRO Cuban groups in New Orleans, Louisiana. He stated that on August 5, 1963, he met LEE OSWALD when he came in the Cosa Roca Store and volunteered to assist in anti-CASTRO Cuban matters. The next day he returned and left a U. S. Marine Manual at the store, but he did not meet him.

-- On August 9, 1963, BRINGUIER stated he observed OSWALD passing out pro-CASTRO leaflets on Canal Street and he attempted to talk to him and this conversation subsequently resulted in a fist fight which resulted in his arrest and two other anti-CASTRO Cuban friends of his as well as LEE OSWALD. He advised that OSWALD appeared at Municipal Court and entered a plea of guilty and was sentenced to pay a fine of $10.00. He stated that when he appeared in Municipal Court, he took a seat among the Negroe people who were present in court and was not represented by an attorney and offered no defense. Subsequent to this arrest, BRINGUIER stated that he arranged for a debate on local radio station WDSU in which they debated the effects of CASTRO's activities in Cuba.

BRINGUIER advised that he knew of no associates of OSWALD with the possible exception of a PHILIP GERACI, III, who resides in Metairie, Louisiana. He described this person as a youth about 16 years of age who came to his store a few minutes before OSWALD appeared for the first time on August 5, 1963, and offered his services to the Cubans who were anti-CASTRO, and during the time he was in the store, he gained an impression that he might be an associate of OSWALD. The only reasons he says he is possibly an associate is because they were both in the store at the same time.

Another individual that might be an associate of OSWALD because he is connected with the New Orleans Committee for Peaceful Alternatives is a DONALD SAVERY, who lives on Alta Street in Metairie. He stated he met this individual when pro-Castros were having a rally in Jackson Square, but he did not see OSWALD at this rally.

HAROLD GORDON ALDERMAN, 6232 Delord Street, Tulane University Graduate Student, advised that in the past he has participated in Fair Play for Cuba activities in New York City, Washington, D. C., and Seattle, Washington. He said he has never been a member of the Fair Play for Cuba Committee but that during the approximate time of the Bay of Pigs Invasion he picked up literature from the Fair Play for Cuba Committee Office in New York City, and a lapel button with the words "Hands Off Cuba." Also, at the approximate time he participated in a picket line sponsored by the Fair Play for Cuba Committee in the area of of Central Intelligence Agency Office Building in Washington, D.C. Later, he was in a Fair Play for Cuba Committee picket line which picketed former President JOHN F. KENNEDY in Seattle, Washington.

ALDERMAN said that he has engaged in no activity in New Orleans in furtherance of the aims of the Fair Play for Cuba Committee, with the possible exception of the stand he took in a debate at Tulane University with writer ALEXANDER KORKE in October, 1962. He said that he is in sympathy with the aims of the Fair Play for Cuba Committee but was disappointed with the people who constituted the membership. He said that in the main, in his opinion, they are motivated emotionally rather than politically. He said he knows of no Fair Play for Cuba Committee organized activity in the New Orleans area, now or in the past.

ALDERMAN said that in the summer of 1963, possibly in July, 1963, a graduate student at Tulane, HUGH MURRAY, mentioned to him that he had picked up a Fair Play for Cuba Committee handbill being handed out on the Tulane campus, possibly in the library. ALDERMAN informed MURRAY that he would like to see the literature and later shortly thereafter, MURRAY gave it to him.

ALDERMAN said that he tacked the handbill on a door in his apartment and was surprised when the name A. J. HIDELL figured in the assassination of the late President KENNEDY. He said that this name, which he learned from the newspapers was an alias of LEE H. OSWALD, was stamped on the Fair Play for Cuba Committee literature which he had in his possession. Also, the address " P. O. Box 30061, New Orleans, Louisiana",

JESSE R. CORE, III, 3022 St. Charles Avenue, stated that he was presently Director of the Jesse R. Core Public Relations Firm located in Room 211 International Trade Mart, 134 Camp Street, New Orleans, Louisiana, and added that he was also presently doing public relations political work for his client ROBERT F. KENNON, Candidate for Governor, State of Louisiana.

He stated that sometime during the middle of the month in September, 1963 when he was conferring with political associates at the Roosevelt Hotel, New Orleans, Louisiana, he heard a rumor that someone was picketing the International Trade Mart and telephoned radio station WDSU to inquire if the Trade Mart was being picketed. He stated that he was informed that it had been reported that pickets were located at this mart and CORE added that he was aware that this mart had previously been picketed by extremist groups, the names of which groups he had never been made aware but explained that to his knowledge they were small groups of males but predominately females who picketed both City Hall and International House at New Orleans, as these buildings had displayed the United Nations Flag.

CORE stated that he immediately went over to this mart to "see what was going on" and noted at this location two persons who appeared to be handing out leaflets bearing the notation "Hands Off Cuba" and a name stamped "L. H. OSWALD , 4907 Magazine Street, New Orleans, Louisiana ".

He stated that at this location he immediately conferred with a friend of his and Trade Mart Associate named JOHN ALICE, owner of John Alice & Company, Import Export Firm, International Trade Mart, 124 Camp Street, New Orleans, Louisiana. He stated that ALICE showed him a handbill similar to the one described above and CORE added that he was so angered with the entire idea of someone passing out such handbills, that he immediately wadded the handbill up and threw it in the face of one person passing out such handbills. CORE stated in addition he cursed this individual and called him a Communist.

CORE explained that the person at whom he threw this handbill moved his head slightly and did not speak to him but gave him a "cold and icy" stare.

CORE stated that on this occasion he did not know the name of this individual but explained that without any doubt this individual was directing the activities on this occasion at the Trade Mart and further explained that it was not until November 22, 1963 when LEE HARVEY OSWALD's picture appeared on television that he was aware that the individual who was passing out these handbills on this occasion was identical with LEE HARVEY OSWALD. He advised that neither prior to this occasion nor subsequent to it had he seen this individual with the obvious exception of seeing OSWALD's picture on television in connection with the assassination of President JOHN F. KENNEDY. He described OSWALD as approximately under 30, 5'8" tall, 150 pounds, appearing frail with his hair thinning in front and appearing dark but not black.

Shortly after the above described incident CORE stated he went to his office in the Trade Mart and while there received a telephone call from someone located at Radio Station WDSU who inquired of CORE if a cameraman had arrived at the Trade Mart and if pictures were being taken of the activity at this location. He stated that he informed the person who called from this station that while he was observing the activity at this location a photographer from this radio station was observed to be taking pictures.

CORE was furnished copies of approximately six photographs taken by Radio Station WDSU on this occasion and picked out an individual from among persons represented in these photographs as identical with the individual he saw at the Trade Mart during September, 1963 and added that this same individual was, in his opinion, identical with OSWALD.

CORE continued to examine the photographs referred to and picked out a white male described by CORE below as being an associate of OSWALD's on this occasion but added that he did not know the name of this individual.

CORE added that as he recalled only the two persons described were observed by him to pass out handbills on this occasion and he stated he saw no other person handing out these pamphlets.

From among the persons pictured in the photographs which CORE observed he identified the following named persons and added that these individuals were present on that occasion as spectators of the activity at the Trade Mart:

J. EHARA, identified by CORE as Japanese who operates an Import Export Firm named Kasuga & Co., Ltd. on the third floor of the International Trade Mart, 124 Camp Street, New Orleans, Louisiana (telephone number 525-7841).

JOHN ALICE, Owner, John Alice & Co., Import Export Firm, International Trade Mart.

Mrs. ISAAC DELORES NEELEY named by CORE as his former secretary and presently associated with the New Orleans Press Group, New Orleans, Louisiana.

CORE stated that he possibly observed the activity at this mart for approximately 20 or 25 minutes at the time in question and added that since he thought this information might be useful to the Federal Bureau of Investigation, he then telephoned that organization and reported the nature of the activity described above.

JOHN ALICE, John Alice Export Company, Room 308, International Trade Mart, 124 Camp Street, New Orleans, Louisiana, advised he had observed a photograph showing LEE HARVEY OSWALD passing out handbills or leaflets on August 16, 1963 in front of the International Trade Mart. ALICE stated he recognized his own picture in the photograph and also recognized J. EHARA, Kasuga & Company Ltd., whose office was also located in the International Trade Mart. ALICE stated on August 16, 1963, he had walked out in front of the International Trade Mart sometime around the noon lunch hour and at that time noticed either four or five men walking toward the front entrance of the International Trade Mart. ALICE stated once the men reached an area immediately in front of the International Trade Mart entrance they had started handing out handbills or leaflets to people coming out of the International Trade Mart as well as pedestrians walking on the sidewalk. ALICE stated one of the handbills had been handed to him and he noted it was captioned "Hands Off Cuba" and had additional verbiage to the effect that the United States should be more fair to Cuba and that additional trading should be done with Cuba.

ALICE stated the entire thought as expressed by the handbill was opposed to everything he believed and in no uncertain terms he had advised the individual who he now knows was LEE HARVEY OSWALD of his thoughts and in fact had balled up the handbill and thrown it into OSWALD's face.

ALICE stated he recalled that either two or three men who were with OSWALD were wearing short trousers and he recalled that one of them who was a tall slender man had a small goatee and looked like a beatnik. ALICE stated he had no recollection of having seen any of the members of the group including OSWALD at any time prior or subsequent to the time when they were in front of the International Trade Mart.

WILLIAM K. STUCKEY, The Ross Agency, Inc., 525 Gravier Street, residence address 2317 State Street, furnished the following information:

He called at the OSWALD apartment alone, 4905 Magazine Street, at about 8:00 a.m. on August 17, 1963, to invite him to appear on his radio program. OSWALD agreed and STUCKEY told OSWALD to meet him at WDSU Radio Studios, 520 Royal Street, between 4:30 and 5:00 p.m. He stated that his conversation with OSWALD took place on the front porch of OSWALD's apartment and that during the conversation, OSWALD showed him his membership card in the Fair Play for Cuba Committee, which was signed by A. J. HIDELL. He did not know anyone named PETE MOLLAR. Mr. STUCKEY advised that he had never met A. J. HIDELL and from his conversation with OSWALD, came to the conclusion that HIDELL is a fictitious name or an alias used by OSWALD.

STUCKEY stated that an unpublished and unreleased interview with OSWALD was then recorded on tape. The interview lasted for about 37 minutes. He said that officials of the radio station thought that the interview was too long for an interesting program and that he used excerpts from this taped interview on a program known as Latin Listening Post that night. He stated that he then arranged a question and answer program with OSWALD for the evening of August 21, 1963 over Radio Station WDSU. On this program, he invited EDWARD SCANNELL BUTLER, Staff Director for the Information Council of the Americas, CARLOS BRINGUIER, Director of the Student Cuba Directorate for the New Orleans area. This program was broadcasted at 6:05 p.m. on August 21, 1963, in a program entitled , "Conversation Carte Blanche". It was during the latter program that OSWALD stated that the Fair Play for Cuba Committee was not communist controlled and that he, OSWALD, was a Marxist.

CARLOS BRINGUIER, Cuban Student Directorate, Operator of the Casa Roca Clothing Store, 107 Decatur Street, advised that on August 5, 1963, OSWALD came into his store and gave him a Marine guide book, stating he was an ex-Marine who could fight against CASTRO and if needed, could help train guerrillas. He put his hand in his pocket as if to contribute money to the Cuban Student Directorate, but BRINGUIER stopped him and told him he could not accept contributions and that he was the only member of the Directorate in New Orleans. OSWALD told him not to lie about it, that "we" can infiltrate you, at which time BRINGUIER became suspicious of OSWALD and would talk no more with him.

He stated he again saw OSWALD on August 9, 1963, when OSWALD was arrested after OSWALD tried to distribute Fair Play for Cuba Committee (FPCC) handbills on Canal Street. BRINGUIER again saw OSWALD at OSWALD's trial in Municipal Court August 12, 1963, and then saw him at 6:00 PM, August 21, 1963, at the debate in which OSWALD participated over radio station WDSU in New Orleans.

BRINGUIER claims he has no information regarding anyone named HIDELL, JACK RUBY, JACK RUBENSTEIN, nor any other information regarding FPCC, New Orleans. He stated that the two anti-CASTRO Cubans arrested on August 9, 1963, in the altercation with OSWALD had only that contact with OSWALD.

BRINGUIER stated that he had learned from talking with ORESTES PENA, Proprietor of the Habana Bar, 117 Decatur Street, that OSWALD was apparently in the Bar some time between the 15th and 30th of August, 1963, with a Mexican individual, name not known. This Mexican was later seen in the Bar with another Mexican. He also said that from talking with PENA, OSWALD may have frequented the restaurant on the corner of Iberville and Decatur Streets.

Confidential Informant NO T-5 furnished the following on November 27, 1963:

He is acquainted with CARLOS BRINGUIER, Cuban Student Directorate, New Orleans, and was aware of the arrest of BRINGUIER and two other Cubans along with LEE HARVEY OSWALD on August 9, 1963, when OSWALD passed out Fair Play for Cuba (FPCC) handbills on Canal Street. Approximately a week later (August 16, 1963), he was seated in Thompson's Restaurant when the Representative of Puerto Rico, who has his office in the International Trade Mart, showed him an FPCC handbill, telling him these handbills were being passed out in front of the International Trade Mart. NO T-5 notified the police, but the police arrived too late, and the persons passing out the handbills had gone.

In order to obtain information regarding the FPCC to turn over to authorities, he drove to the address listed on the handbill for OSWALD and located the residence 4907 Magazine Street. In order to locate the actual apartment of OSWALD, he had to make inquiry at 4907 Magazine Street and learned the apartment location of 4905 Magazine. As he started to enter the yard, OSWALD stood some distance from him and said, "Don't hit me. If you're coming as a friend, come in." OSWALD had been sitting on his front porch and was talking in another language to someone inside. He told OSWALD he had picked up a leaflet at the International Trade Mart, that he was a Cuban who had been in the country for a long time, and was interested in learning about the FPCC. NO T-5 told OSWALD that he knew about the Cubans being arrested with OSWALD, and that he did not think it was right that those persons should have been freed when OSWALD was held.

OSWALD informed him that the Cubans in the United States were all criminals and sarcastically said, "We have fine laws here." He said that FIDEL CASTRO was not a dictator, and that if the United States would invade Cuba, he would fight with CASTRO against the United States. He stated further that the press in the United States is against them (not identifying "them"), that they were in the minority today but one day would be the majority, and then all of the press would be with them. OSWALD claimed to be a student of languages at Tulane University and to be the delegate for the FPCC in New Orleans.

NO T-5 informed him that he was interested in the organization but would like to read some literature before deciding. NO T-5 was given by OSWALD a booklet on Cuba and a blank application to join the FPCC in New Orleans. These are in the possession of CARLOS BRINGUIER.

NO 89-69:jas/dmm
2 LAC

OSWALD, in speaking about Latin American countries, said there was one government that should be gotten rid of, and that was the Government of Somoza.

NO T-5, on conclusion of his talk with OSWALD, informed Lieutenant FRANCIS MARTELLO, First District, New Orleans Police Department, regarding his contact with OSWALD and told him he would be willing to fill out the application and report any information obtained to MARTELLO in an effort to do away with the FPCC in New Orleans. He said he received no encouragement from MARTELLO and took no further action.

NO T-5 had no further contact with OSWALD and does not know of anyone named HIDELL, JACK LEON RUBY, or JACK RUBENSTEIN, and knows nothing further about any FPCC in New Orleans.

NO T-5 advised that when he went to see OSWALD he drove his 1958 red and white Chevrolet sedan and parked it in front of 4907 Magazine Street.

Tampa T1 advised November 22, 1963, that LILLIAN MC FARLAND, Secretary of the Tampa Bay Chapter of the Fair Play for Cuba Committee (FPCC-TP), and HAROLD WILSON, a member of FPCC-TP, were at the home of MANUEL and CRISTINA AMOR, 8407 39th Street, Tampa, on the afternoon of November 22, 1963, when news of the President's assassination was received on television. MANUEL and CRISTINA AMOR were formerly Chairman and Secretary, respectively, of FPCC-TP, and monthly meetings of that organization are held in their home. Tampa T1 said all four of the above persons appeared shocked at the news of the assassination and CRISTINA AMOR, whom he knows to be extremely nervous and excitable by nature, went all to pieces at the news.

On November 22, 1963, Tampa T2 advised that a JOHN SIDER (phonetic) was in contact with MANUEL AMOR. SIDER identified himself as a representative of "Time" magazine and said that "Time" magazine in Miami had said something to the effect that OSWALD had been attached to the FPCC in Tampa. SIDER wanted to know if this were true. AMOR stated that he did not know what SIDER was talking about. SIDER again mentioned LEE OSWALD and said he had been connected with the FPCC in New Orleans and wanted to know if OSWALD had ever been attached to the Tampa group. AMOR again stated that he did not know. SIDER then asked if Mrs. AMOR was there, to which Mr. AMOR replied she was sleeping. SIDER then asked AMOR if he was still affiliated with the FPCC, and AMOR said no.

On November 23, 1963, Tampa T2 advised that CRISTINA AMOR was in contact with LILLIAN MC FARLAND, at which time she was heard to state that she thought they should make a statement to the press. LILLIAN stated that she had made a statement to the press that the "St. Petersburg Times" had called her at 12:00 last night. CRISTINA stated that they had been contacted by someone who had talked to MANUEL, but MANUEL had thought it was only a prank. LILLIAN then said that the reporter asked her if she knew OSWALD, and she told them that she did not recognize him from the picture, and that she had never heard of him before. CRISTINA then told LILLIAN that she had drafted a letter for release to the press and wanted LILLIAN's opinion on this letter. This letter stated, in effect, that the FPCC does not condone such dastardly acts as the assassination of the President. It outlines what the FPCC is and what it stands for,

and that the FPCC resents implications by the press that the FPCC is responsible or connected with the assassination. This letter also stated that those people responsible for the President's death are sick people, just like the sick people who serve as CIA Agents in Cuba.

LILLIAN then informed CRISTINA that the reporter who called her the previous evening was named SIDER. LILLIAN stated that SIDER asked her for names of other members and she mentioned MARVIN BROWN, currently President of the FPCC-TP, but could not give other names because she did not have the list. CRISTINA then said she was very sorry over the death of President KENNEDY; that it was a very horrible thing; and LILLIAN indicates that everyone is very sorry.

Date November 25, 1963

Material in possession of the Dallas Police Department which had been seized by search warrant by that department on November 22, 1963, from 1026 North Beckley Street, Dallas, Texas, where LEE HARVEY OSWALD was residing, was reviewed and the following pertinent items relative to OSWALD's possible connection with subversive organizations were noted:

Letter by FARRELL DOBBS written on a letterhead of the Socialist Workers Party, 116 University Place, New York 3, New York, addressed to Mr. LEE H. OSWALD, Box 2915, Dallas, Texas. This letter reflected that JAMES P. CANNON was the National Chairman and FARRELL DOBBS was the National Secretary. This letter replied to OSWALD's request for membership in the Socialist Workers Party (SWP). DOBBS advised OSWALD in this letter that there must be a minimum of five members before a branch of the SWP can be formed and added that it is not the practice to take individual members where no branch yet exists. DOBBS also mentioned that there are no branches as yet in Texas. The letter suggests that OSWALD signed subscribers to the Militant and promoted the sale of socialist literature. A characterization of the Militant is set forth on the Appendix pages of this report. This letter is dated November 5, 1962.

A letter on plain paper dated December 9, 1962, written by BOB CHESTER with the address set forth in the upper right-hand corner as "116 University Place, New York 3, New York", and directed to LEE H. OSWALD, Box 2915, Dallas, Texas. This letter acknowledges receipt of OSWALD's letter as well as his reproductions. The letter states that OSWALD is apparently skilled at blow-ups, reversals and reproduction work generally. Mentioned in the letter was the fact that "We have access to a small offset shop here in New York." However, it was mentioned in the letter that in connection with long-term work that OSWALD's skills may be used. The writer inquired as to the size of OSWALD's camera and concludes by stating that if OSWALD has any questions he should feel free to contact BOB CHESTER.

DL 89-43

A letter written on the letterhead of the Communist Party, U. S. A., 23 West 26th Street, New York 10, New York, and addressed to LEE H. OSWALD, July 31, 1963, Post Office Box 30061, New Orleans, Louisiana. This letter acknowledged receipt of OSWALD's letter to the Worker, a characterization of which is set forth in the appendix section hereof. The letter states "It's good to know that movements in support of fair play for Cuba has developed in New Orleans as well as other cities. We do not have any organizational ties with the Committee, and yet there is much material that we issue from time to time that is important for anybody who is concerned about developments in Cuba." The letter concludes by stating that the writer was sending some literature to OSWALD under separate cover and is signed "ARNOLD JOHNSON, Director, Information and Lecture Bureau."

A letter from ARNOLD JOHNSON, dated September 19, 1963, and directed to LEE H. OSWALD, New Orleans, Louisiana, which sets out that his letter of August 28 to ELIZABETH G. FLYNN was turned over to him for reply. It was also mentioned that OSWALD's letter of September 1 indicated OSWALD was moving to Baltimore and suggested that OSWALD get in touch "with us" here when OSWALD moves. Reference in this letter is made to a point OSWALD made about his residence in the Soviet Union and the letter continues by stating that as an American citizen in this country he, OSWALD, has a right to participate in any organization he wants. It was stated that there are some organizations, including "Fair Play" which are of a very broad character and suggests that it is advisable for some people to remain in the background "in underground." It is suggested the matter be discussed at a later date.

A letter by JAMES J. TORMEY on a letterhead of the "GUS HALL - BENJAMIN J. DAVIS, Defense Committee, Room 1225, 22 E. 17th Street, New York 3, New York, which also reflects ELIZABETH GURLEY FLYNN as Chairman and JAMES J. TORMEY, Executive Secretary, characterizations of which are set forth in the appendix hereof. This letter is directed to "Mr. LEE H. OSWALD, Box 2915, Dallas, Texas."

717

The letter acknowledges receipt of samples of photographic work submitted by OSWALD and transmits appreciation for OSWALD's offer to perform "this type of work" as his contribution to the activities of that organization. The letter states the material is being placed on file for ready reference when need arises. The letter is dated December 13, 1962.

A characterization of the GUS HALL - BENJAMIN J. DAVIS, Defense Committee, is set forth in the appendix pages hereof.

A letter written by [redacted] FINSTOCK, General Manager of the Worker, written on the letterhead of The Worker, 23 W. 26th Street, New York 11, New York, dated December 19, 1962, and directed to "LEE H OSWALD, P O Box 2915 Dallas Texas". The letter states that OSWALD's kind offer is most welcome and said that from time to time "We shall call on you." It was mentioned that the poster like blow ups are most useful at news stands and other public places to call the attention of newspaper readers that the 'Worker' is available. The letter is dated December 19, 1962.

A letter written by V. T. LEE, National Director, Fair Play for Cuba written on the letterhead of that organization with address at 799 Broadway, New York, New York, dated May 29, 1963, and directed to LEE H. OSWALD, 4907 L/C Magazine Street, New Orleans, Louisiana, is quoted below:

DL 89-43

"Dear Friend:

"Thank you for your prompt reply. Enclosed are your card and receipt, along with our thanks and welcome.

"Your interest in helping to form an FPCC Chapter in New Orleans is gratefully received. I shall try to give you some basic information now so that you may have a better picture of what this entails.

"For one thing, I am enclosing a copy of our Constitution and By-laws for all Chapters and Student Councils. You will note that there is considerable autonomy for an organization of any size. We try and let all Chapters operate according to the local requirements. Naturally, there are minimal regulations which must be met.

"All Chapters can receive literature in bulk at a discounted rate and resell at the retail price and use the proceeds for further Chapter activities. Credit is extended and payment is not required with the order. We do expect payment within a reasonable period so that we may continue our end of the operation.

"It would be hard to conceive of a chapter with as few members as seem to exist in the New Orleans area. I have just gone through our files and find that Louisiana seems somewhat restricted for Fair Play activities. However, with what is there perhaps you could build a larger group if a few people would undertake the disciplined responsibility of concrete organizational work.

"We certainly are not at all adverse to a very small Chapter but certainly would expect that there would be at least twice the amount needed to conduct a legal executive board for the Chapter. Should this be reasonable we could readily issue a charter for a New Orleans Chapter of FPCC. In fact, we would be very, very pleased to see this take place and would like to do everything possible to assist in bringing it about. We feel that the south-east is a very difficult area to work because of our lack of contacts. Our only southeastern Chapter

DL 89-43

right now is that in Tampa, Florida which I originally organized before coming up to work in the National Office.

"I for one am convinced of the possibility of such an enterprise but know from experience that it is quite a problem and requires some sacrifice on the part of those involved.

"You must realize that you will come under tremendous pressures with any attempt to do FPCC work in that area and that you will not be able to operate in the manner which is conventional here in the north-east. Even most of our big city Chapters have been forced to abandon the idea of operating an office in public. The national office here in New York is the only one in the country today and the New York City Chapter uses our office too so it is the only Chapter with an office. Most Chapters have discovered that it is easier to operate semi-privately out of a home and maintain a P. O. Box for all mailings and public notices. (A P.O. Box is a must for any Chapter in the organization to guarantee the continued contact with the national even if an individual should move or drop out.) We do have a serious and often violent opposition and this procedure helps prevent many unnecessary incidents which frighten away prospective supporters. I definitely would not recommend an office, at least not one that will be easily identifyable to the lunatic fringe in your community. Certainly, I would not recommend that you engage in one at the very beginning but wait and see how you can operate in the community through several public experiences.

"We will be able to give you some assistence from here, but not much. It is up to the local Chapters to handle their own affairs. You should have at least access to a mimeo machine to prepare public material if you are going to operate. A good typewriter is essential and above all people that will carry out the million and one mechanical functions necessary to make it a going operation.

DL 89-43

"Note: when you contact people by mail we recommend that only first class be used and that no full name go on the return address on the outside of the envelope. You will notice how we work our's here on the national level. Many people will respond better with this type of protection against nutty neighbors and over curious postmen. These may sound like small things to you, but I can assure you that we have gone through this a thousand and more time the length and breadth of the country and have learned a great deal over the last three years through some bitter experience.

"Naturally, I would like to communicate with you a great deal more concerning yourself so that we can get to know you and possibly be of some assistence to you as we get more information.

"We hope to hear from you very soon in this regard and are looking forward to a good working relationship for the future. Please fell free to discuss this matter quite thoroughly with me.

"Fraternally,

/s/ V. T. Lee

1 1/ RAYMOND FRANKLIN KRYSTINIK, Research Engineer, Bell Helicopter Research Laboratory, 3006 Avenue E East, stated that he had been employed by Bell Helicopter since 1960 and presently resides at 2121 Greenway, Arlington, Texas. He stated that he had been born August 31, 1932, at Caldwell, Texas, and graduated from Texas A & M University with a Bachelor of Science Degree in aeronautical engineering in June, 1960. He gave the following information:

Since 1960 at Bell Helicopter, KRYSTINIK has worked in the same office with MICHAEL PAINE, also a research engineer. In addition to working together, KRYSTINIK stated he and PAINE are good friends. He stated that in conversation with PAINE, he heard that PAINE's estranged wife has taken into her home a Russian girl, the wife of a man named LEE OSWALD.

Approximately one month ago, exact date now unrecalled to KRYSTINIK other than it was the day after ADLAI STEVENSON, Ambassador to the United Nations, spoke in Dallas, KRYSTINIK and his wife accompanied MICHAEL PAINE to Southern Methodist University in Dallas, where they attended a meeting of the American Civil Liberties Union in one of the campus buildings, the name of which is unknown to KRYSTINIK. This meeting began at approximately 8:00 p.m., and there were approximately forty people present. KRYSTINIK cannot remember exactly the name of the presiding officer but believes the individual presiding was a man named PEMBERTON. When KRYSTINIK and his wife and PAINE entered the room, they sat down next to an individual whom PAINE introduced as LEE OSWALD. KRYSTINIK said that OSWALD was dressed in a beige colored windbreaker type jacket and did not wear a necktie. KRYSTINIK stated that this was the same man whom he has seen during the last two days on television who was accused of the assassination of President JOHN F. KENNEDY.

The meeting lasted approximately two hours and most of the time was taken up by the showing of a documentary film which portrayed a "smear" campaign reportedly waged against a political candidate in a recent election in the Pacific Northwest. KRYSTINIK does not recall the name of

this candidate nor the exact office he was seeking. The theme of the film was that the political candidate's wife was an ex-Communist and this fact was used against him personally by political opponents, and this resulted in his being defeated for the office he was seeking. After the film, there was a question and answer period, and the presiding officer made reference to the fact that Ambassador STEVENSON had been struck on the head by a sign poster at a meeting in Dallas the day before. LEE OSWALD jumped to his feet and interjected himself into the discussion by stating that General EDWIN WALKER was responsible for the trouble at the STEVENSON meeting and stated emphatically that General WALKER was both anti-Semitic and anti-Catholic.

KRYSTINIK, a member of the Roman Catholic faith, followed OSWALD from the room when the meeting adjourned at approximately 10:00 p.m. and began questioning him in general about the anti-Catholic allegation against General WALKER. The discussion between them became rather heated, and OSWALD told KRYSTINIK that KRYSTINIK was a "petty capitalist." This apparently arose because OSWALD had learned that KRYSTINIK had a home wood-working workshop where he manufactures birdhouses and occasionally employs three men in the manufacture of these birdhouses. OSWALD told KRYSTINIK that he was exploiting his workers. KRYSTINIK asked OSWALD about his political belief, and OSWALD stated that he was a "Marxist." KRYSTINIK then asked, "Does that mean you are a Communist?" OSWALD then said, "All right, if you want to call me that, that is what I am, I am a Communist."

KRYSTINIK then asked what OSWALD thought of the administration of President KENNEDY, and OSWALD said, "They are doing a good job as far as civil rights are concerned."

Shortly after this statement, KRYSTINIK and his wife, CHARLOTTE EMILY, left the campus of Southern Methodist University and drove to the downtown business district of Dallas. KRYSTINIK stated that he and his wife have been married ten years and that neither of them drink alcohol or smoke and they had never during their married lives been to a nightclub. He stated, however, that night he and his wife went to the Carousel Night Club in Dallas to see the floor show and at that time he saw an individual, apparently the club manager, whom he saw later on television identified as JACK RUBY, the man who shot LEE OSWALD. KRYSTINIK and his wife had no

conversation with RUBY or any other club employee while in the club. KRYSTINIK said that he did not see LEE OSWALD in the club, and as far as he knew, OSWALD had stayed behind in the vicinity of the campus of Southern Methodist University after the meeting adjourned.

KRYSTINIK said that he is not a member of the American Civil Liberties Union, and this is the first meeting he has ever attended. He stated that MICHAEL PAINE might possibly be a member of this group and might be able to identify other individuals who attended the meeting.

After the meeting, KRYSTINIK discussed LEE OSWALD on several occasions with PAINE, and in all conversations expressed to PAINE his strong dislike for OSWALD. PAINE told KRYSTINIK that OSWALD was generally considered by his associates to be obnoxious and that nine out of ten people would dislike him personally. KRYSTINIK said that PAINE comes from a Quaker background in Pennsylvania, presently attends a Unitarian Church, and KRYSTINIK received the definite impression that PAINE felt sorry for OSWALD and was trying to convert him.

During one of these conversations, PAINE told KRYSTINIK that things might be looking up for LEE OSWALD because he had been able to get a job at the Texas School Book Depository in Dallas, and it looked like he might be able to contribute to the support of his wife.

On November 22, 1963, the day of the Presidential assassination, KRYSTINIK and PAINE were in the office of the Bell Helicopter Company laboratory when they heard the news that the President had been shot. There was some discussion about the exact location of where the shooting had occurred, so they looked it up on the Dallas city map. PAINE said with surprise, "That is right next to the Texas School Book Depository building." KRYSTINIK then said, "Well, isn't that where LEE OSWALD works?" PAINE said, "Yes, but he does not even own a gun."

Later on in another broadcast, KRYSTINIK and PAINE heard that OSWALD had been arrested after shooting a Dallas police officer.

KRYSTINIK said he had not had any further discussion with PAINE for the past day or so other than the fact that he told PAINE that PAINE could bring his estranged wife to live at the KRYSTINIK residence in the event she received any threats of violence.

GUS HALL - BENJAMIN J. DAVIS
DEFENSE COMMITTEE

A source advised on March 27, 1963, that GUS HALL, General Secretary, Communist Party, United States of America, (CP, USA) stated on March 26, 1962, that the Party will form a new committee known as the GUS HALL - BENJAMIN J. DAVIS, Defense Committee, (H-DDC). The purpose of this committee is to raise $100,000 for the cause of HALL and DAVIS.

GUS HALL
BENJAMIN J. DAVIS

HALL and DAVIS were indicted by a Federal Grand Jury, Washington, D. C., on March 15, 1963, charging them with violation of Section 786(h) and 794, Title 50. U. S. Code, in that they, as General Secretary and National Secretary, Communist Party, USA, respectively and as groups of its National Board, wilfully and unlawfully failed to register for and on behalf of the Communist Party, USA, with the Attorney General.

A second source furnished information on February 12, 1963, that the H-DDC had received a total of $41,799.18 in contributions for defense as of February 12, 1963.

THE MILITANT

A source advised on April 29, 1955, that "The Militant" is staffed, controlled and published as a weekly newspaper of the Socialist Workers Party (SWP).

SOCIALIST WORKERS PARTY

The Socialist Workers Party has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

ELIZABETH GURLEY FLYNN

A source reported on May 7, 1962, that ELIZABETH GURLEY FLYNN is National Chairman of the Communist Party, USA.

JAMES TORMEY

A source advised on February 11, 1963, that as of February, 1962, JAMES TORMEY was the labor organizer of the New York District of the Communist Party.

LOUIS WEINSTOCK

A source advised on December 13, 1959, that on December 13, 1959, LOUIS WEINSTOCK elected to the National Committee of the Communist Party, USA, at its 17th National Convention held December 10 -- 13, 1959.

Masthead of The Worker dated October 18, 1963, lists LOUIS WEINSTOCK as its business manager.

APPENDIX

PUBLISHER'S NEW PRESS, INCORPORATED

It was announced in "The Worker", October 7, 1951, Section 1, page 3, that Publisher's New Press, Inc., 35 E. 12th Street, New York City, was assuming from Freedom of the Press, Inc. publication of the newspaper "Daily Worker" and its Sunday edition "The Worker".

"DAILY WORKER"

The "Daily Worker" was an east coast communist newspaper which suspended publication on January 13, 1958.

"THE WORKER"

"The Worker" is an east coast communist newspaper.

NEW CENTURY PUBLISHERS

The "Guide to Subversive Organizations and Publications", revised and published, December 1, 1961, prepared and released by the Committee on Un-American Activities, U. S. House of Representatives, Washington, D.C., contains, concerning New Century Publishers, as follows:

"An official Communist Party publishing house, which has published the works of William Z. Foster and Eugene Dennis, Communist Party chairman and executive secretary, respectively, as well as the theoretical magazine of the party known as Political Affairs and the Constitution of the Communist Party, U.S.A."

CORLISS LAMONT

On September 26, 1963, LOUIS F. BUDENZ testified before the United States Senate Permanent Investigations Subcommittee that EARL BROWDER, as head of the Communist Party (CP) in the United States, had referred to CORLISS LAMONT as one of the "four prides" of the CP because CORLISS LAMONT was ready to cooperate with any Communist front or any Communist case. BROWDER made this reference at a National Committee meeting of the CP in the early 1940's. BUDENZ also recalled that LAMONT was a member of the CP when he, BUDENZ, was a member.

"Rights", self-identified as a publication of the Emergency Civil Liberties Committee (ECLC), April, May, 1962 issue, reveals CORLISS LAMONT is Vice-Chairman of the ECLC.

FAIR PLAY FOR CUBA COMMITTEE [redacted]

The April 6, 1960, edition of "The New York Times" newspaper contained a full-page advertisement captioned "What Is Really Happening in Cuba," placed by the Fair Play for Cuba Committee (FPCC). This advertisement announced the formation of the FPCC in New York City and declared the FPCC intended to promulgate "the truth about revolutionary Cuba" to neutralize the distorted American press.

--"The New York Times" edition of January 11, 1961, reported that at a hearing conducted before the United States Senate Internal Security Subcommittee on January 10, 1961, Dr. CHARLES A. SANTOS-BUCH identified himself and ROBERT TABER as organizers of the FPCC. He also testified he and TABER obtained funds from the Cuban Government which were applied toward the cost of the aforementioned advertisement.

On May 16, 1963, a source advised that during the first two years of the FPCC's existence there was a struggle between Communist Party (CP) and Socialist Workers Party (SWP) elements to exert their power within the FPCC and thereby influence FPCC policy. However, during the past year this source observed there has been a successful effort by FPCC leadership to minimize the role of these and other organizations in the FPCC so that today their influence is negligible.

On May 30, 1963, a second source advised that the National Headquarters of the FPCC is located in Room 329 at 799 Broadway, New York City. According to this source, the position of National Office Director was created in the Fall of 1962 and was filled by VINCENT "Ted" LEE, who now formulates FPCC policy. This source observed LEE has followed a course of entertaining and accepting the cooperation of many other organizations including the CP and the SWP when he has felt it would be to his personal benefit as well as the FPCC's. However, LEE has indicated to this source he has no intention of permitting FPCC policy to be determined by any other organization. LEE feels the FPCC should advocate resumption of diplomatic relations between Cuba and the United States and support the right of Cubans to manage their revolution without interference from other nations, but not support the Cuban revolution per se.

The CP and the SWP have been designated pursuant to Executive Order 10450.

Mr. ROBERT L. STOVALL, President, Jaggars-Chiles-Stovall, 522 Browder, advised that LEE HARVEY OSWALD was employed with this company from October 12, 1962, to April 6, 1963, according to his recollection. He stated his company hired OSWALD as a trainee through the Texas Employment Commission (TEC) and that he never did show adequate improvement as a trainee and therefore was terminated. He said he was unaware that anyone in the company had come to know OSWALD very well or had developed a liking for him. He said he had heard from other employees that OSWALD was inclined at times to either talk about Russia or had a "Daily Worker" paper in his hand. He stated based upon what he had heard of OSWALD he himself had remarked to someone at one time during OSWALD's employment with the company that OSWALD might be a Communist. He said that when OSWALD came to work he gave an address in Irving which he later changed to a Post Office Box number presumably in Dallas. He said OSWALD claimed to have had an honorable discharge and a good conduct medal from the U. S. Marine Corps but these had not been exhibited to anyone at this company at the time of his application for employment or during employment.

Mr. STOVALL advised that as far as he knew no one connected with his company had any information regarding OSWALD after OSWALD terminated in April, 1963. He advised he later learned that OSWALD had sought employment with Padgett Printing Corporation, 1313 N. Industrial Blvd.; that TED GANGL, Superintendent of Padgett, had talked to him on the telephone and apparently based upon information regarding OSWALD which STOVALL relayed to GANGL at that time OSWALD was not hired by Padgett. He said he believed it was October 4, 1963, when OSWALD sought this employment with Padgett. STOVALL noted that his company acts in the capacity of suppliers to the Graphic Arts and that Padgett Printing Corporation is occasionally a customer of his company in this connection. He advised that on November 24, 1963, he turned over to two U. S. Secret Service Agents the application for employment pertaining to OSWALD which OSWALD had filed with his company. He stated on November 25, 1963, Mr. GANGL of Padgett Printing Corporation had turned over to him an application for employment with Padgett Printing Corporation which he himself turned over to the Secret Service Agents at the same time he gave them the other application for employment.

ROBERT L. STOVALL, President, Jaggars - Chiles - Stovall, 522 Browder Street, advised that his pay records reflect that LEE HARVEY OSWALD's last day of work for that company was Saturday, April 6, 1963, on which day he worked from 8:00 AM to 5:30 PM.

1 Date 12/2/63

Mr. JOHN GRAEF, Director of the Photographic Department, Jaggars-Chiles-Stovall, 822 Browder, advised his company had an opening for a new employee in about October, 1962. He said he telephonically contacted the Texas Employment Commission and talked to a lady whom through telephonic contact he had learned was familiar with the different abilities needed for employees at Jaggars-Chiles-Stovall. He said LEE HARVEY OSWALD was one of two or three individuals referred to Jaggars-Chiles-Stovall at that time and he talked to OSWALD at that time. He said the lady at Texas Employment Commission who referred OSWALD to Jaggars-Chiles-Stovall had told him that OSWALD had recently been discharged from the U. S. Marine Corps and had received a good conduct medal. He stated OSWALD indicated to him that his last occupation was words to the effect "recently discharged from the U. S. Marine Corps." He said he himself chose OSWALD for the job opening at Jaggars-Chiles-Stovall. He said that inasmuch as OSWALD was a trainee it was not expected of him that he should make any great showing at the start but that when it came time for him to show ability to produce in about the fourth month of his employment OSWALD was not making a good showing. He said his company gives trainees an opportunity to prove themselves which OSWALD did not do. He pointed out that it was entirely possible OSWALD lacked a special knack for the particular work to which he was assigned. GRAEF said he gained the impression OSWALD was trying to do his work right but just could not seem to improve.

Mr. GRAEF recalled there was no great problem with OSWALD but that he had heard of one minor misunderstanding that had arisen between OSWALD and a fellow employee wherein the fellow employee of OSWALD was using a developing tray and OSWALD appeared upset that that individual would not turn the developing tray over to OSWALD immediately. He said he had heard rumors of other disagreements but he could not recall details of these. He recalled OSWALD was apparently anxious to earn any extra money possible inasmuch as he sought Saturday work at the plant when it was available. He said he saw OSWALD reading a paper at one time during the last weeks of OSWALD's employment which OSWALD told him was in Russian language. He said OSWALD gave some plausible reason for reading this paper; that he was studying Russian and possibly had mentioned that he had become interested in Russian language in the U. S. Marine Corps.

GRAEF advised that inasmuch as the work of his company is sometimes heavier at some times of the year than others a lull came in their work at about the time he felt OSWALD could not measure up to

the job that was expected of him. He said he told OSWALD that his work was not as good as could be expected and that in view of that plus the fact he had had some friction with other employees it was best he did not continue with the company. He stated OSWALD took this calmly and made no objections.

Mr. LEONARD CALVERLEY, Foreman, Camera Department, Jaggars-Chiles-Stovall, 522 Browder, advised he was the immediate supervisor of LEE HARVEY OSWALD during OSWALD's employment with this company. He stated OSWALD came as a trainee and his work consisted of making camera enlargements and reductions. He said it was obvious after a few weeks that OSWALD was not turning out good work although he was regular in his attendance at work. He said OSWALD did not seem to like to be shown how to do his work and in this respect impressed him as being rather rebellious. He said he never heard any actual statements made by OSWALD which would have shown that he was inclined to favor Russia or Communism but that he did recall OSWALD had in his possession some sort of literature pertaining to Russia on one or more occasions. He described OSWALD as a quiet type of individual who never talked of his family or what his past activities had been. He said he gained no knowledge of OSWALD's personal life but had heard that OSWALD had a Russian wife and one child. He said he believed OSWALD had no automobile and that there was no indication he had any income except from his employment with this company.

He stated he could not recall that OSWALD had ever indicated he had been in Russia. CALVERLEY said OSWALD "fouled up" the work which was assigned him constantly and that led to his termination. He said OSWALD did not seem angry about being terminated and had no cross words with him, CALVERLEY, as a result of it.

The following investigation was conducted by SA RONALD E. BRINKLEY at Dallas, Texas:

Previous investigation has reflected that one of the payroll checks payable to LEE OSWALD while employed by Jaggars-Chiles-Stovall, Incorporated, Dallas, Texas, bore the address underneath the endorsement on the back of the check of 3519 Fairmount, no city shown. It appeared this check was cashed on or before October 13, 1962.

On November 29, 1963, Mrs. LENNIE CRAIG, Manager, Burdick's Apartments, at 3517 or 3519 Fairmount Avenue, Dallas, Texas, advised she has been manager here only since October 15, 1963. She advised she does not have records beyond this point. She stated RICHARD S. BURDICK, 3929 Normandy Street, Highland Park, Texas, would have these records. She further advised she has no recollection of LEE HARVEY OSWALD living there or has heard no rumors to that effect.

On November 29, 1963, Mr. PAUL LAWTHER, Apartment 10, Burdick Apartments, 3519 Fairmount Avenue, advised he is a long time resident of these apartments and does not remember anyone fitting the description of LEE HARVEY OSWALD living there. He stated the names HIDELL, LEE or OSWALD do not sound familiar to him. Upon observation of pictures of LEE HARVEY OSWALD and JACK RUBY, LAWTHER stated he has never seen either before.

On November 29, 1963, Mrs. JIM CROSS, Apartment 16, Burdick Apartments, 3519 Fairmount Avenue, advised she has lived here for eight months, during which time she has heard

rumors from other tenants that OSWALD lived in one of their apartments for a short time approximately one year ago. She stated that all tenants except PAUL LAWTHER have moved into the apartments since October of 1962. She advised she does not recognize the pictures of LEE HARVEY OSWALD and JACK RUBY that were displayed to her.

On November 29, 1963, E. Y. ASHCROFT, Manager, Fairmount Apartments, Dallas, Texas, advised he knows most of the tenants in the Burdick Apartments. He stated that the residents of the Fairmount Apartments are mostly aged and senile people. He further advised that none of these residents have made any reference as to knowing LEE HARVEY OSWALD. He stated that Mrs. JIM CROSS is well known for her ability to fabricate rumors of an exciting nature. He further advised he did not know OSWALD or RUBY.

On November 29, 1963, Mrs. ELIZABETH RANDALL, 3211 Beverly Drive, Highland Park, Texas, advised she was formerly manager of the Burdick Apartments for 8½ years. She stated she had a good memory of names and faces and does not recall LEE OSWALD as being one of the tenants. She advised also the names LEE and HIDELL are not familiar to her. Upon being displayed photographs of OSWALD and RUBY, she advised they were not familiar to her.

On November 29, 1963, Mrs. RICHARD S. BURDICK, 3929 Normandy Street, Highland Park, Texas, made available her book and ledgers reflecting rental payments by tenants during pertinent periods. She stated her books reflect no rent paid by OSWALD or known aliases.

It is noted on the map of the city and surrounding areas that there is a Fairmont or Fairmount Street located in Irving, Texas and Duncanville, Texas, which are suburbs of Dallas.

The following investigation was conducted by SAs RICHARD K. HARRISON and GEORGE W. H. CARLSON:

At Dallas, Texas

On November 28, 1963, Mr. MAX FACTOR, owner Mart Liquor Store, 401 S. Ervay, was contacted regarding Subject LEE HARVEY OSWALD possibly cashing his pay checks at that store received by OSWALD from the Jaggars-Chiles-Stovall Company, Dallas. FACTOR advised he cashes many payroll checks in his store on Friday evenings from various firms in that general area one of which is the Jaggars-Chiles-Stovall Company, however, he did not specifically recall cashing any checks for LEE HARVEY OSWALD and advised OSWALD was unknown to him.

She stated since she interviews all applicants, she feels that had he applied for a position, she would have recalled it.

She stated she did not know an architect in Dallas by the name of HARRINGTON and that she knew of no other person in Dallas by the name of HARRELL who is an architect other than the Mr. HARRELL of Harrell and Hamilton.

CECIL M. BURDEN, Executive Secretary, Printing Industries Association of Dallas, 334 Fidelity Union Tower, RI 7-5707, advised he received a local telephone call from GEORGE BOUHE, 401 Meadows Building, Dallas, EM 8-3538, on September 20, 1962, regarding LEE OSWALD, Fort Worth, Texas, age 22.

BOUHE said he was attempting to find a job for OSWALD doing anything that could be found in the way of work and thought Mr. BURDEN could help. Mr. BURDEN said he did not know BOUHE and has never met this individual.

In the conversation BOUHE stated OSWALD had lived in Russia several years and returned to the United States because he became "disenchanted with their way of life."

BOUHE said OSWALD was having trouble finding employment because "he was a confused young man" and he, BOUHE would like to help OSWALD get straightened out.

BURDEN explained from time to time some of the members of his association would have need for a trainee, but at the time of the above call, there was no opening of which he had any awareness, however, BURDEN informed BOUHE he call call back in case he learned of an opening for OSWALD.

Mr. BURDEN said under the circumstances, he knows he did not refer OSWALD to any printing company and concluded that he had never had any personal contact with LEE HARVEY OSWALD and has no further information to provide.

Confidential Informant Dallas T-1 furnished the following on December 2, 1963:

Dallas T-1 advised that on April 29, 1963, LEE H. OSWALD had, on April 12, 1963, initiated a claim for unemployment insurance at the Commerce Street Office of the Texas Employment Commission in Dallas, Texas, and the IB-1 Form filed on April 29, 1963, was a renewal of the claim filed in Texas.

Dallas T-1 stated that inasmuch as this case was an interstate case, an Interstate Supplementary Form, IB-10, was sent to Texas for the purpose of classifying OSWALD as to his classification assignment. He was classified in Group C, which means that it was questionable as to whether or not he would be employed soon because his work history indicated the likelihood of a continuing question as to his availability, his attachment to a particular area in the labor market, that he moved around a lot, had irregular employment.

Dallas T-1 stated that the monetary eligibility determination date was set as April 16, 1963, at which time, according to the Texas Employment Commission, he was ineligible for unemployment insurance which was later resolved by the submission of a Form IB-1, submitted to Texas dated April 29, 1963, and Form IB-14, which is a request for a re-determination of his eligibility. In Texas it was found that the question of eligibility arose because of an error in the transposition of numerals in OSWALD'S Social Security Number and he was then found to be eligible to receive $33.00 weekly as unemployment insurance compensation.

The Form IB-1 is a card on which is recorded the weekly submission of claim for unemployment insurance by the claimant which indicates the date of the claim, the type of form executed, and the claim taker's initials which is as follows:

April 29, 1963	IB-14, handled by Confidential Informant, Dallas T-6.
May 7, 1963	IB-2 and IB-10, handled by Confidential Informant, Dallas T-6.

DL 100-10461
(2)

May 15, 1963 — IB-2 handled by Confidential Informant, Dallas T-6.

A notation on the card shows that the file was inactivated on June 25, 1963, to date as of May 15, 1963. When the claim was re-activated on July 22, 1963, with the submission of an IB-1 and an Interstate Claim Supplementary IB-10 dated July 21, 1963, it was determined that the inactivated period was accounted for as a period when OSWALD worked for the William R. Reily and Company, Inc., 640 Magazine Street, from May 20, 1963, to July 19, 1963, and was laid off for lack of work at which time the claims file was re-activated. Dallas, Texas

Dallas T-1 continued, stating that the weekly visits of OSWALD after the reinstatement as shown on July 30, 1963, when a Form IB-2 was handled by Dallas T-6.

On August 6, 1963, Form IB-2 was handled by Dallas T-2.

On August 13, 1963, IB-2 was handled by Dallas T-3.

On August 20, 1963, IB-2 also was handled by Dallas T-3.

On August 27 and September 3, 1963, IB-2's handled by Dallas T-3

According to the card, the claim was inactivated on October 16, 1963, when a purge of their files made every 30 days reflected no claim form had been submitted by OSWALD since September 24, 1963.

Dallas T-6 stated that the procedure usually followed in the handling of the weekly visits by the claimant is as follows:

Claimant submits a Form IB-2 which he has executed prior to coming in with the exception of the signature. When the form is submitted to the Claims Interviewer the claimant then signs his signature to the form at which time the Claims Interviewer checks this

DL 100-10461

signature against the Form IB-1 which contains the claimant's known signature. A date and the form executed is entered onto the IB-1 Form as well as the claimant identification booklet and the information contained on the Form IB-2, then questions five through ten inclusive is executed by the Claims Interviewer and forwarded to the libel state which, in OSWALD'S case, was Texas. The claimant then obtains a blank IB-2 Form which he executes before appearing the following week.

Confidential informant Dallas T-6 on December 2, 1963 furnished the following:

T-6 could identify his initials on Form IB-1, for LEE HARVEY OSWALD, and Forms IB-14 and IB-2. He stated that according to these records, OSWALD came to his office personally on April 29, 1963; May 7, 1963; May 15, 1963; July 30, 1963; August 27, 1963; and September 3, 1963, to execute these forms. He stated that when the claimant appears at the office he is required to sign the form he is presenting in the presence of the claims interviewer, at which time the claims interviewer checks the signature against the original known signature of the claimant appearing on Form IB-1. He stated that in the weekly submission of Form IB-2 the claimant usually presents this form executed with the exception of his signature, which he also signs in the presence of the claims interviewer and is checked as described above. Dallas T-6 stated that he could identify the photograph of LEE HARVEY OSWALD as the same individual whose claims he handled in New Orleans on the dates indicated above. He stated that he recognized OSWALD from television appearances in latter November, 1963, as the same person he had waited on prevbusly.

On December 2, 1963, Dallas confidential informant T-3 furnished the following information:

According to the Form IB-1 in the name of LEE HARVEY OSWALD, which is a claim record card, he had personally waited on OSWALD on August 13, 1963; August 20, 1963; September 10, 1963; September 17, 1963; and September 24, 1963, on which dates OSWALD presented to him a Form IB-2 which is a continued interstate claim. He stated that the usual procedure, and he is certain this was followed in this case, was for the claimant to furnish the executed form with the exception of the signature and at the time the form is presented the claimant would sign it in the presence of the claims interviewer who would then check the signature against the known signature of the claimant as appearing on Form IB-1.

Dallas T-3 stated that when he saw OSWALD's picture on television and in the newspapers in connection with the assassination of President KENNEDY, he did not recognize him as being the same individual he had come in contact with as noted above. He did state, however, that he could identify the photograph of OSWALD shown to him on December 2, 1963, as being identical with the person he contacted on business as shown above.

On December 2, 1963, confidential informant Dallas T-2 advised as follows:

According to the Form IB-1, a claim record card in the name of LEE HARVEY OSWALD, he did on August 6, 1963, handle a Form IB-2 furnished by OSWALD on his weekly personal appearances at the office for his unemployment insurance claim. Dallas T-2 stated that on each occasion the claimant submits the executed form, which he signs in the presence of the claims interviewer to verify the signature from the IB-1 card. He stated that at the time this form is presented by the claimant, the claims interviewer notes the date and type of form submitted on the IB-1 card, as well as on the claimant's identification booklet. The claimant usually obtains a blank IB-2 form, which he executes for the next appearance the following week.

Dallas T-2 stated that he did not recognize the pictures of OSWALD on television and in the newspapers in connection with the assassination of President KENNEDY as the same person he had waited on; nor could he identify a photograph of OSWALD displayed to him on December 2, 1963, as this person.

Confidential Informant Dallas T-7 furnished the following on December 2, 1963:

He advised that any claimant registering in his office would have had to identify himself with some document showing his name, date of birth, and Social Security number; however, he could not recall specifically what documents LEE H. OSWALD presented on April 26, 1963, at which time he executed Form LSES-511.

He stated that he did recall that while OSWALD was in his office Dallas, Texas and upon learning that he was a photographer, he telephonically contacted the George Keppel Studio, 5220 Elysian Fields, to determine if they needed the services of a photographer. Upon learning that they needed a photographer, he directed OSWALD to report to that company for possible employment. A few days later he re-contacted the studio and learned that OSWALD had never appeared there.

Dallas T-7 stated that the handprinting contained on LSES-511 Form is entirely in OSWALD's hand printing, with the exception of three lines which Dallas T-7 wrote in the block entitled, Skills, Knowledge, Abilities, and except for the notations written by Dallas T-7 on the reverse side of the card in the block entitled, Special Information and Employment Counciling Statement. Dallas T-7 stated also that in the upper right hand corner of the reverse side of the card, he personally wrote the letters, R. I. F., which was his way of flagging the reason for OSWALD's leaving his last employment as a reduction in force.

He stated that this form further reflected that on April 29, 1963, OSWALD reported to their office on Camp Street, and that on July 22, 1963, he reported to their office on Canal Street, at which time he apparently gave a change of address as was noted in block #2 and re-activated his claim.

DL 100-10461
WCD:mam

He stated that he could not identify OSWALD from a photograph displayed to him, but did recall that when he first saw OSWALD's photograph on television in late November, 1963, he recognized him as being the same person he had dealt with previously.

Dallas T-7 stated that when OSWALD reported to their Camp Street Office, his identification booklet furnished to him on April 26, 1963, should have been taken up and a new booklet called Claimant's Identification Booklet should have been issued to him in which his weekly appearances are noted. He stated that inasmuch as OSWALD was an interstate claimant and the libel state was Texas, then his weekly appearances would be furnished to the Texas Employment Commission, Austin, Texas, who would then issue an unemployment check and which would be mailed directly to OSWALD. The weekly appearances of OSWALD were recorded by Form IB-2.

On December 3, 1963, Confidential Informant Dallas T-3 advised he could identify his handwriting on an Initial Interstate Claim Form IB-1 dated July 22, 1963 in the name of LEE H. OSWALD. He stated he executed this form on July 22, 1963 while he was employed in the same capacity in the New Orleans Office of the Louisiana Division of Employment Security and is certain that the claimant in this case, LEE H. OSWALD, signed the form on the reverse side in his presence as is the usual procedure. He stated also that usually the signature of the claimant is checked against his signature on the original IB-1 form and he had no reason to believe he did not compare the signature on that date.

He said he did not recognize pictures of OSWALD he had seen on television in late November, 1963, in connection with the assassination of President JOHN F. KENNEDY as the same person he had contact with on July 22, 1963, and was unable on December 3, 1963, to identify a photograph of LEE H. OSWALD as the same person.

He stated the records further revealed that this test was administered by Mrs. MARY MELVILLE, Test Administrator with this divisbn. Dallas T-10 stated that the official records searched for the above information consisted of registration listings for applications for employment within the three employment services of industry, service, and commercial with this division and added that a thorough search was made through this indexing system with negative results in an effort to locate a listing for one CHARLES HALL STEELE, JR.

Confidential Informant Dallas T-10 on December 3, 1963, furnished the following information:

He advised that according to the records kept by his office, LEE H. OSWALD executed application card form LSES-511 on April 26, 1963, with the aid of Dallas T-7. The card was executed in OSWALD's own handprinting and an additional card was typed by Dallas T-7 only for the purpose of filing a different job classification. He stated that if an applicant shows several different occupations of a different type, a card is prepared for each to be filed under the particular classification. He stated that at the time an identification booklet was issued to OSWALD, which he was to have presented each week when making a claim.

After the initial interview, OSWALD was sent to their office on Camp Street for further processing of his unemployment insurance claim. At that office an IB-1 Claim Card was prepared on April 29, 1963, showing OSWALD's claim was an interstate claim.

Mr. E. M. WILLIAMS, Regional Director, Region #7, AFL-CIO, 908 Gladstone Boulevard, Shreveport, Louisiana, whose office is located at Room 1015, Carondelet Building, New Orleans, Louisiana, furnished the following information:

He recalls LEE HARVEY OSWALD was in his office in New Orleans, Louisiana in about May, 1963. He does not recall the exact date and it may have been earlier than May, 1963 when OSWALD was in his office. The first contact he had with OSWALD was when he received a letter from OSWALD which letter was mailed from another state. He does not recall from where the letter was mailed but it may have been mailed in Ohio or possibly the east coast of the United States. In the letter OSWALD stated he had been raised in New Orleans but had been away for many years. OSWALD said he was returning to New Orleans shortly and would come into the AFL-CIO office to try to obtain a job. This letter was not addressed to WILLIAMS personally but was addressed to the AFL-CIO office.

Sometime, possibly two or three weeks after receiving the letter, OSWALD appeared in WILLIAMS' office and inquired as to the possibility of obtaining a job. WILLIAMS did not know OSWALD but recalls his appearance and now recognizes him as the man whose photograph has been in the newspapers recently. He recalls OSWALD was not a skilled laborer and he discouraged OSWALD's efforts to obtain a job through the AFL-CIO. He thinks he told OSWALD that OSWALD would have to join a union in order to secure a job and OSWALD said he would do so if he could get a job. WILLIAMS does not recall any other details as to his conversation with OSWALD but he believes OSWALD was alone at the time he was in the AFL-CIO office. He did not refer OSWALD to any local office of the AFL-CIO that he can recall. WILLIAMS recalls OSWALD was in his office only a short time but again returned to his office some week or two after the first visit. OSWALD was told that WILLIAMS could not help him secure a job.

There are five other employees in WILLIAMS' office and WILLIAMS does not know whether or not these employees

recall OSWALD. WILLIAMS has made a thorough search of his office in an effort to locate the letter he received from OSWALD and can not find this letter. E. [redacted] WILLIAMS, Regional Director, Region #7, AFL-CIO, 226 Carondelet Street, advised that during April or May, 1963, his office received a handwritten letter addressed to the Regional Office of AFL-CIO, from an individual named (first name not recalled) OSWALD who said in the letter that he wanted an opportunity to come to that office and talk to someone about getting a job. WILLIAMS cannot remember the contents of the letter and said he believes it mentioned in the letter that the writer, OSWALD, said he was born and raised in New Orleans. WILLIAMS said he thinks the letter was postmarked New Orleans. He said he has thoroughly searched his papers and the entire file in his office and has not been able to locate this letter. He said this is not unusual inasmuch as his usual procedure in letters not pertaining to his business is to throw them away after reading them.

WILLIAMS was shown a photograph of LEE HARVEY OSWALD taken by the New Orleans Police Department on August 9, 1963, and positively identified OSWALD as the individual who came to his office a few days after the letter signed OSWALD was received. WILLIAMS said OSWALD came into the office, spoke to his secretary, and she immediately referred him to WILLIAMS. WILLIAMS said OSWALD told him he was looking for a job and thought that maybe WILLIAMS or his organization could help him find one. WILLIAMS asked him if he was a member of the union and OSWALD told him he had never belonged to a union. WILLIAMS asked him if he had any type of skill but from his conversation with OSWALD, OSWALD indicated that he did not have any particular skill. WILLIAMS told him that he could not help him nor could he send him to anyone in the union inasmuch as he did not have a skill in any particular field.

WILLIAMS asked OSWALD if he had gone to the U. S. Employment Service (USES) and OSWALD replied that he had not. WILLIAMS said as he recalls, he did call the USES and contacted a JIMMY [redacted]SSINA and told him OSWALD was in his office and he would appreciate it if he would speak to him at the employment service and get him a job if possible. WILLIAMS said young fellows frequently come to his office for work and if they do not belong to the union or have a particular skill it is his usual procedure to refer them to the USES.

On 12/2/63 at New Orleans, Louisiana File # NO 89-69

by SA W. J. DANIELSON, JR. /jm Date dictated 12/2/63

WILLIAMS said OSWALD came in alone and remained in his office for approximately 20 minutes. He said as he recalls, OSWALD impressed him as an odd sort of person who complained that nobody wanted to help him but thought that everyone should help him to make his way in life. OSWALD had mentioned to him that he had a family but gave no further background regarding himself. He said OSWALD also left the impression that he did not want just an ordinary job, but some type of a very good job. WILLIAMS said OSWALD impressed him as having a sharp mind and certainly was sane at the time he spoke to him.

WILLIAMS said that two or three days later OSWALD again came to his office before 9:00 A.M. in the morning and no one was there but him, WILLIAMS, and OSWALD asked him if he had done anything for him. WILLIAMS advised that he believes he told him that he had not done anything for him because he had not promised to do anything for him and that his call to the USES was the best he could do for OSWALD. He said OSWALD left with this and he has not seen him since that time.

Mrs. LUCILLE LAGUILLON, U. S. Customs, Export Control Section, 300 Customhouse, advised she and other employees of that section had recently read that LEE HARVEY OSWALD, while in New Orleans, had been employed as a delivery boy for the J. R. Michels Company, in which capacity he would have made visits to the Customs office. She stated OSWALD would have come to that office with Export Declarations to be authenticated to return to the J. R. Michels Company. She said she also read that OSWALD was employed by that company approximately two weeks in 1955 or 1956.

Mrs. LAGUILLON said she and the other employees of the Export Control Section had discussed this and all stated they had seen OSWALD's picture in the newspaper and on television recently, but none recognized him and none stated they recall having seen him at any time. She stated she positively did not know OSWALD or recognize him as anyone she had ever seen.

Mrs. LAGUILLON stated that OSWALD would have had an identification photograph at the Export Control Section along with a brief file concerning him and the name of the firm he represented. She said she felt certain this file would have been destroyed after it was five years old, or about 1960 or 1961. She said that the person who would know the disposition of this file would be Mrs. DORIS M. MACCARI.

Mrs. DORIS M. MACCARI, U. S. Customs, Export Control Section, 300 Customhouse, advised that as Supervisor in Charge of the Export Control Section she would have had custody of their file on LEE HARVEY OSWALD during the time he was in the employ of the J. R. Nichols Company or any other company which did business with the Customs Office. She stated she did not recall the name of OSWALD in this connection but has seen his photograph very prominently in the recent newspaper issues, as well as on television. The name of OSWALD and his photograph "does not ring a bell" with her at all.

Mrs. MACCARI added that the customs file, which would have contained OSWALD's identification photograph and information card, would have been destroyed two years after his employment had terminated with the J. R. Nichols Company or any other company which would have employed him and which company would have done business with the Export Control Section of U. S. Customs.

The following investigation was conducted by SA ROSLEY D. MADLAND:

On November 23, 1963, M. L. CONWAY, of the Leslie Welding Company, Fort Worth, Texas, advised LEE HARVEY OSWALD was employed there from July 17, 1962, to October 8, 1962. OSWALD furnished his address as 1301 Seventh Street, Fort Worth, Texas, telephone number FE 4-5245.

On November 27, 1963, Mrs. ROBERT (CHRISTINE) YARBRO, Manager of Rotary Apartments, 1501 West Seventh Street, Fort Worth, advised that she has been the manager of these apartments since October 9, 1963. She said further that the prior managers were Mr. and Mrs. L. R. HUFFMAN, who presently reside at 1516 South Harris, San Angelo, Texas.

Mrs. YARBRO said that all records prior to October 9, 1963, of persons residing at the Rotary apparently were taken by the HUFFMANs as she has no records concerning the operation of this apartment prior to October 9, 1963.

Mrs. YARBRO said that telephone number EDison 5-0755 is a pay telephone located in the basement of this apartment house and is located near the Seventh Street entrance. She said that she understands that this telephone has been installed in this apartment for several years.

Mrs. YARBRO said that she does not know a LEE HARVEY OSWALD and never saw or heard of this person prior to seeing him on television during the past week concerning the assassination of President JOHN F. KENNEDY.

The following investigation was conducted by SA EDWIN C. DORRIS at San Angelo, Texas:

On December 3, 1963, Mr. and Mrs. L. R. HUFFMAN, 1316 South Harrison Street, advised they formerly managed the Rotary Apartments, Fort Worth, Texas. They both recalled Mrs. OSWALD, mother of LEE HARVEY OSWALD. They had no records to furnish dates from but recalled that probably in early fall

of 1962, Mrs. OSWALD moved into Apartment 101. She was a nurse, seemed to work regularly, and was gone most of the time. When she had been in this apartment about three weeks, she contacted the RUFFMANs and told of her son, his wife, and their small child and the fact the boy was out of work. She asked for permission permitting the son and his family to move into the apartment with her on a temporary basis. RUFFMAN told Mrs. OSWALD it would be all right and OSWALD, his Russian wife, and small baby moved in, perhaps in October or November, 1962.

RUFFMAN states he only saw OSWALD at a distance and never talked with him. He did recall that OSWALD reportedly secured a job at a tin shop which was located back of Montgomery Ward in Fort Worth, and as soon as he got a pay check, he, his wife and baby moved out. The RUFFMANs saw the wife once or twice, but their conversations were strictly limited as she could speak but little English. The elder Mrs. OSWALD then moved, stating she had a patient who desired Mrs. OSWALD live in the house of such patient. Probably a month or so later, Mrs. OSWALT, the mother, returned and rented a cheaper apartment numbered 301. She was there on this occasion about one month and moved when she stated she had to find a cheaper place, and they did not have a room for rent. RUFFMAN believed that LEE OSWALD moved some place on Fifth Street and near the new "Bone Clinic," but he did not know the address. Mrs. OSWALD, the mother, returned once afterwards and inquired for any mail, this being about January, 1963, but there was none and they have not seen her since. They did not see LEE OSWALD after he moved from his mother's apartment, and they knew nothing of his friends, associates, or otherwise.

Mrs. Bennie Commenge

Mrs. BENNIE COMMENGE, 111 West 28th Street, Covington La. informed that a Mrs. OSWALD had previously lived in a residence belonging to her at 600 West 24th Street in Covington. She stated that when she first met this woman that Mrs. OSWALD had only three sons and that her husband, (First Name Unknown) OSWALD was still alive. She learned sometime during this period that Mr. OSWALD had died, however, she could not recall the date of death. Mrs. COMMENGE could not recall specifically when these people resided at this location because they lived with her on several occasions over a period of years, usually just during the summer months.

Mrs. COMMENGE stated that they no longer had any specific records available and in view of the lapse of time could not be specific as to dates nor could she recall anything in particular about the OSWALD family.

She stated that she knew only that Mrs. OSWALD had a very young son, possibly four or five years of age by the name of LEE. She remembered the other two boys as being slightly older.

Mrs. A. LOGAN MAGRUDER, 321 N. Vermont Street, Covington La. formerly 311 Vermont Street, advised that for many years she has rented apartments at this residence and as such, recalled renting an apartment about 17 years ago to a MARGUERITE OSWALD of New Orleans, Louisiana, and her young son, LEE OSWALD, whom she stated was about six or seven years old at the time. She stated that the OSWALD's rented this apartment for about a year, during which time Mrs. OSWALD was a seamstress and apparently supported her sons, of which there were three, in this fashion. She stated that the other two boys whose names she did not recall, were a little older and went to some type of military school in Mississippi, and only came home to the mother periodically.

She stated that she believed that the OSWALD's had previously lived in an apartment or house belonging to Mrs. BENNY COMMENGE of Covington, Louisiana, but that this apartment was, as she recalled, too small for her and the boy, and for that reason she, Mrs. OSWALD, moved to her apartment.

She stated that she recalled nothing about these people, other than the fact that Mrs. OSWALD seemed to be a respectable woman, and LEE OSWALD seemed to be a nice young boy.

She informed that she had seen MARGUERITE OSWALD only once since they moved from Covington 16 years ago, and this was about three years ago when she saw her in Kriegers Department Store in New Orleans, where she was working in the Ladies Lingerie Department. They spoke only briefly, she stated.

GEORGE E. ADAMS, 4921 East Lorraine, Hulton City, Texas stated that while at work on November 30, 1963, in the Arlington Heights section of Fort Worth, Texas, he was approached by an individual who told him his name was CHARLES MURPHY and that he, MURPHY, was employed as a news reporter for WBAP-TV, Fort Worth, Texas. MURPHY asked ADAMS how long ADAMS had been employed as a postman on that route. ADAMS told MURPHY he had been on the route ten years. MURPHY then asked ADAMS if he had delivered mail to LEE H. OSWALD when he resided at 2703 Mercedes, Fort Worth. ADAMS said that since he had already told MURPHY he had been on the route ten years and since 2703 Mercedes is a residence serviced on his route, he admitted to MURPHY that he had delivered mail to that address. MURPHY then asked ADAMS if he had ever noticed any "subversive" literature in OSWALD's mail when he resided at 2703 Mercedes. ADAMS then told MURPHY that he could not give any information about his official duties unless he was authorized to do so by the Post Office Inspector.

After telling MURPHY that, ADAMS continued on his route and did not have further conversation with MURPHY.

RE: GEORGE B. BRAY

The following investigation was conducted by SA ROBERT E. WYATT:

GEORGE B. BRAY, Route 1, Box 144, Collinson Texas telephone number EX 8-2736, Corrigan, Texas, advised on November 30, 1963 that he and his wife, CLYDIE, resided in the downstairs apartment at an unrecalled address on West Neeley Street, Dallas, Texas from February to May, 1963. The upstairs apartment was occupied in March, 1963 by LEE HARVEY OSWALD and wife. The OSWALDS were moved into this apartment by a woman who was driving a white station wagon. This woman transported them and their personal belongings.

Mr. BRAY stated he and his wife both worked full time and had little cobtact with OSWALD. Mrs. OSWALD spoke no English and no contact was had with her. OSWALD appeared to be unfriendly and the BRAYS made no attempt to become better acquainted.

While the OSWALDS resided upstairs, they were visited occasionally by one or two young couples. No further information is known concerning these couples. OSWALD and his wife often quarreled loudly and on occasions these quarrels occurred in the presence of an unknown male visitor who utilized the back stairs to visit the OSWALDS. This man is described only as a white male having a chunky build. The OSWALDS moved out in early May, 1963 and no further information is known of them by BRAY.

M. WALDO GEORGE, 6769 Inverness Street, upon interview at 5651 North Expressway, where he is office Manager of Tucker-Manning Insurance Company, advised he was the owner of the premises located at 214 West Neeley Street. The upstairs apartment became vacant during the latter part of January and he placed a "for rent" sign in the front yard. GEORGE was on route to these premises on March 2, 1963 and on arrival his wife phoned him that an individual by the name of OSWALD called the GEORGE home inquiring about apartments and she had informed him that her husband, the owner, was at the premises. GEORGE stated on the same date, March 2, 1963, the individual who had rented the apartment, under the name of L. H. OSWALD, had met him at the premises and paid him $60.00 in cash for one month's rent in advance.

GEORGE stated that on March 4, 1963, OSWALD had called his wife and "raised cain" because the utilities were not connected at this address. In this conversation OSWALD informed Mrs. GEORGE that he had a young child and that it was necessary that the utilities be connected immediately.

GEORGE said he did nothing concerning this call, and when he next saw OSWALD on April 1, 1963 when he collected $60.00 in cash again for one month's rent, that OSWALD had made no mention of the utilities. GEORGE issued Receipt No. 9234 for this $60.00, reflecting OSWALD had paid rent in advance from April 1, 1963 to May 2, 1963. Shortly after collecting this rent, the downstairs tenants, the GEORGE B. GRAYs at this same address, called the GEORGEs and informed them that OSWALD who resided upstairs was beating his wife.

Two or three days later, Mr. and Mrs. GEORGE called on the OSWALDs at 214 West Neeley and invited the OSWALDs to attend the Gaston Avenue Baptist Church with the GEORGEs.

OSWALD informed the GEORGEs that he and his wife attended the Orthodox Russian Church but were not regular in attendance because they had to depend on their friends to take them there.

BARBARA DAUGHERTY, Clerk, Customer Service - Personal, Main Office, Lone Star Gas Company, Service Records, 301 Harwood Street, advised gas service was turned on at 214 West Neeley on receipt of a request made by LEE H. OSWALD. Miss DAUGHERTY advised that from the records she was unable to determine if this had been by phone or had been in person inasmuch as their records did not reflect the manner in which the request had been received, but stated it was the policy of the Lone Star Gas Company to connect service and then request a deposit by mail.

On the date service was connected, March 4, 1963, a letter was addressed to LEE H. OSWALD, 214 West Neeley, requesting a deposit of $10.00. This $10.00 deposit was received by the Lone Star Gas Company on March 8, 1963 and credited under Deposit No. B 91453.

No payments were ever made by OSWALD following his posting of this $10.00 deposit.

Miss DAUGHERTY advised their records reflected the following bills had been mailed to this address from the date service was connected until it was disconnected on October 11, 1963:

March	$14.15
April	2.03
May	1.53
June	1.53
July	1.53
August	1.53
September	1.53
Total	$13.83

Since no payment had been received and the unpaid bills exceeded the original $10.00 deposit, on October 11, 1963 service was disconnected and the original $10.00 deposit plus 35¢ interest which had accrued, was applied toward this $13.83 bill, leaving a balance of $3.48.

M. J. FISH, Clerk, Commercial and Industrial Accounts, Dallas Power and Light Company, 1506 Commerce, after examining the occupant slip for 214 West Neeley Street, advised that service at this address on their records had been furnished to occupant C. P. CORNETT under Account No. 700-1-40470, Meter No. 109556, until January 16, 1963, when C. P. CORNETT by phone advised the Power and Light Company that he was moving.

Service was not discontinued at this address since the policy of the company is to continue service and contact the next tenant who moves in to the premises.

On February 19, 1963, when the meter at 214 West Neeley was read, the meter reader reported the premises as vacant.

On March 20, 1963, when the meter was again read, it reflected 36 kilowatt hours had been used, however, the meter reader reported the premises vacant.

This meter was again read on April 19, 1963 reflecting 66 kilowatt hours had been used and the meter reader reported the premises as occupied.

On April 24, 1963, a letter addressed to the occupant of 214 West Neeley was sent by the Power and Light Company as a user of electricity and requesting this person to make a deposit. No response was received.

On May 1, 1963, a personal representative of the Power and Light Company was sent to the address of 214 West Neeley, at which time the letter mailed by the Power and Light Company on April 24, 1963 was observed still in the mail box. As a result, a cut off order was issued for electrical services on May 1, 1963 and service was disconnected on May 2, 1963.

FISH stated that there was a handwritten note in the Power and Light Company's file in his handwriting which reflected that on March 29, 1963, 214 West Neeley was occupied by LEE HARVEY OSWALD.

She and her husband had formerly resided at 220 West Neeley, having moved from there approximately four months ago. During their approximate six month residence there she and her husband had no knowledge of LEE HARVEY OSWALD based on name and description. Further, she and her husband had seen his picture on TV many times and they had discussed him and his activities and had agreed they had never known him. Mrs. JESSE JAMES GARNER, 4911 Magazine St., advised that OSWALD's rent for his apartment was due on the ninth of each month; however, with the exception of the payment made by him on May 9, 1963 when he rented the apartment, he was always late in paying his rent. She said OSWALD never voluntarily came to her apartment to pay his rent and that she always had to go collect the money from him. Normally she would wait one or two days after the month's rent was due, and then either she or her husband would ask OSWALD for his rent.

She recalled that one month, exact date not recalled, she went to the OSWALD apartment to collect the rent and OSWALD's wife indicated that he was not at home. Later that afternoon, she recalled that OSWALD came around

but cannot be certain that OSWALD made some mention of visiting Baton Rouge, Louisiana.

After OSWALD lost his job at the coffee company she observed him sitting around his apartment reading nearly all of the time. Occasionally, he would leave home in the afternoon and she thought for a while that maybe he had been placed on the evening shift.

Although Mrs. GARNER saw him often, she cannot be sure that she saw him on a daily basis since some days she never leaves her apartment. She repeated that the last time she saw OSWALD was the afternoon following the departure of OSWALD's wife and child, at which time he was standing on the corner between the hours of 4:00 and 5:00 PM, waiting for a bus.

Date December 3, 1963

Mrs. A. C. JOHNSON, 1026 North Beckley, Dallas, Texas, the residence wherein LEE HARVEY OSWALD had rented a room under the name O. H. LEE, was interviewed concerning a report of a long distance telephone call originating at Oshkosh, Wisconsin to HARVEY LEE OSWALD at the Beckley address sometime between 7:30 P.M. and 10:00 P.M. on November 15, 1963.

Interview of Mrs. JOHNSON failed to disclose receipt of such call based on the following information which was established:

1. OSWALD was in residence during the pertinent period, available for such call should it have been received.

a. Mrs. JOHNSON stated that in OSWALD's usual practice, he would not return to the Beckley address after work on Fridays; that he would not return until after work on the Monday following.

b. On the weekend in question, beginning Friday evening, November 15, 1963, OSWALD was in residence throughout the weekend to Monday morning when he left for work. Mrs. JOHNSON said she has a distinct recollection of this as she had checked OSWALD's room at about 6:30 P.M., Friday, November 15, 1963, to see whether the room might be available for use of her grandchildren on that weekend. She was astonished to find OSWALD there, and in her astonishment commented: "Oh! You're not going to Irving this weekend!" OSWALD did not say a word. Mrs. JOHNSON quickly withdrew from his room.

c. OSWALD's room is located on the first floor with entry from the living room, an entry which he must use, located adjacent to a room occupied by Mrs. EARLINE ROBERTS, the housekeeper. Neither saw him leave during the pertinent period, according to Mrs. JOHNSON; nor did he leave at any time later during the weekend except briefly when he was seen carrying clothing to the Washeteria or when she presumed he had gone to the Quick Service Grocery nearby for provisions.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

2. Mrs. JOHNSON advised that neither she nor Mrs. ROBERTS had taken such a long distance call for OSWALD; neither had summoned him to the telephone during the pertinent period.

a. In this respect, it had been reported that the woman answering the telephone had done so by stating: "A. M. JOHNSON residence." Mrs. JOHNSON advised that she always answers by saying only "Hello," not identifying the residence; that her name is Mrs. A. C. JOHNSON, not A. M. JOHNSON. She had determined from Mrs. ROBERTS who usually answers the phone, as her room is adjacent to the hall where the telephone is located, that Mrs. ROBERTS answers in the same manner; that occasionally she will answer with "JOHNSON residence" -- never as A. C. JOHNSON residence.

b. It is noted that the telephone number in question was a person to person call to LEE HARVEY OSWALD at the Beckley address. Mrs. JOHNSON advised that OSWALD was known at the JOHNSON residence only as O. H. LEE. Mrs. JOHNSON said that she had not associated OSWALD with her guest O. H. LEE until she had seen OSWALD on television following his arrest -- this after local officers had checked the guest register for about 30 minutes trying to identify someone among the tenants as OSWALD, and, failing to do so until his appearance on television when Mrs. JOHNSON identified him as her guest, O. H. LEE.

Based on these above circumstances, the manner in which the telephone is answered, the fact that OSWALD was only known as O. H. LEE at the residence, and the distinct recollection of Mrs. JOHNSON that no call had been received for OSWALD during the pertinent period, Mrs. JOHNSON stated that she felt she could say without question that no such call as had been described was received for OSWALD at the Beckley address.

Mrs. EARLINE ROBERTS, 1026 North Beckley, Dallas, Texas, housekeeper at the residence wherein LEE HARVEY OSWALD had rented a room under the name O. H. LEE, was interviewed concerning a report of a long distance telephone call originating at Oshkosh, Wisconsin to a HARVEY LEE OSWALD at the Beckley address sometime between 7:30 P.M. and 10:00 P.M. on Friday, November 15, 1963.

Mrs. ROBERTS advised that her room is located adjacent to that of OSWALD at the Beckley address and within about six feet of the telephone located in the hallway next to her room. She stated it is her recollection that OSWALD was in residence during the period pertinent to this inquiry; that no calls such as the one described had been received for OSWALD. She stated that she answers the phone usually by saying only "Hello," occasionally as "JOHNSON residence," and never as "A. C. JOHNSON residence." In this respect, it was noted that the woman who was said to have answered the telephone in this instance identified the number as "A. H. JOHNSON residence."

Mrs. ROBERTS stated that at this time OSWALD was known at the Beckley address only as O. H. LEE and that a call for LEE HARVEY OSWALD would have been refused under the circumstances, there having been no such person with that name known to have been in residence at that time.

LEONARD EDWIN HUTCHINSON, Scandia Apartments, Apartment 505 (RL 4-5193), 601 West Sixth Street, owner Irving Tex. and manager of Hutch's Super Market, (RL 3-5544), 2333 West Shady Grove, Irving, Texas, advised of the following concerning the report that LEE HARVEY OSWALD had attempted to cash a check in the amount of $189.00 at the store; that he frequented this store.

Since the assassination of President KENNEDY, Mr. HUTCHINSON stated that he had learned that LEE HARVEY OSWALD had resided for a time less than a mile from his grocery at 2515 West Fifth Street, Irving, Texas. He said he had identified him as a frequent customer through the appearances of OSWALD on television.

The first time Mr. HUTCHINSON could recall OSWALD's coming into the store was on a Friday afternoon between 5:30 and 6 p.m. three weeks ago. Mr. HUTCHINSON placed the date as November 8, 1963. OSWALD, he said, came to the window at the small office enclosure at the front of the store, stating "I would like to get this check cashed" and presenting the check. Mr. HUTCHINSON said he noted that the check was a two-party check in the amount of $189.00; that it was payable to "HARVEY OSWALD" written in ink and drawn on a counter check form. He did not recall the maker of the check, the bank on which it was drawn or anything by which the source of the counter check could be established. He said he did remember OSWALD's name because he considered it odd and in that having been in the grocery business forty-one years he had become accustomed to remembering the names of those tendering large checks.

HUTCHINSON said he promptly refused to cash the check for OSWALD informing him that he did not cash two-party checks. OSWALD walked out.

Thereafter, OSWALD came into the store once or

twice a week until the assassination, always he came alone apparently on foot as no car was observed, usually about 7:15 to 7:20 a.m. The store opens at 7 a.m.

There is little store traffic at 7 a.m., and usually Mr. HUTCHINSON and OSWALD were alone in this store at this time. For this reason, Mr. HUTCHINSON watched OSWALD closely and said he had attempted to make conversation with OSWALD without success. OSWALD was very tight-lipped. Mr. HUTCHINSON does not recall OSWALD's having said a word. He was not responsive even to "good day".

Mr. HUTCHINSON said he did not recall whether OSWALD had come to the store on weekends or during the course of the week.

Purchases by OSWALD always were the same--a small loaf of bread, brand not recalled, at 21¢; a package of "Mrs. BARD's Cinnamon Rolls," eight in a package at 39¢--never did he take other than cinnamon rolls; a one gallon carton of Oak Farm milk at 79¢. The total in the amount of $1.39 always was paid in cash and nearly always in change--no bills of large denomination; no checks.

On one occasion only OSWALD came to the store in the company of a woman whom Mr. HUTCHINSON presumed to have been OSWALD's wife. This was on Wednesday evening, November 13, 1963, between 6:30 and 7 p.m. Mr. HUTCHINSON said he recalled the date as he had worked that evening stocking shelves. He first noticed the two when he heard them in an adjacent aisle conversing in a foreign tongue which he could not identify. Later he took occasion to

observe them, though they were checked through the register by one of two checkers - HELEN MEASE or KAREN HOBSON - neither of whom have any recollection of this.

Date December 2, 1963

Mrs. MARIE BLACKWELL, St. Tammany Parish School Board, advised that she was in a discussion with some friends and one of her friends had stated that she had heard a family by the name of OSWALD had lived in Covington many years ago but did not know if it was the family of LEE HARVEY OSWALD or not..

Mrs. BLACKWELL stated that she was interested in OSWALD in view of his possible involvement in the assassination of President KENNEDY and consequently checked the record to see if by chance he had ever attended school in Covington, Louisiana. She stated that she did locate a record indicating that LEE HARVEY OSWALD had attended one semester in the Fall of 1946 when he was in the first grade.

She stated that she did not recall OSWALD or any members of his family and the only information she had regarding them was that contained in the records of the St. Tammany Parish School Board.

Mrs. BEVERLY RICHARDSON, St. Tammany Parish School Board, advised that one of their employees, Mrs. MARIE BLACKWELL, had heard that at one time there was an OSWALD family living in Covington and consequently they checked the school board records to determine if LEE HARVEY OSWALD attended school in Covington.

She stated they located a record for OSWALD which indicated he attended the first grade at the Old Covington Grammar School in the Fall Semester of 1946. She added that the Old Covington Grammar School had recently been changed to a junior high school. She furnished the school board records concerning OSWALD which reflected the following information:

LEE HARVEY OSWALD was born on October 18, 1939, at New Orleans, Louisiana, and entered the Covington Grammar School on September 19, 1946, as a first grade student. His mother was listed as Mrs. MARGUERITE OSWALD whose maiden name was MARGUERITE CLAVERIE and their address in Covington was 311 Vermont Street. His mother's occupation was listed as a housewife.

The file indicated that OSWALD's father was deceased and he was identified only by his last name, OSWALD. There was a space for the listing of brothers and sisters which was not filled in. The name of his teacher was not listed on the record.

The grade record indicated that LEE HARVEY OSWALD received B's including a B in conduct. He was absent eight days. The record indicated that he dropped out of school on January 23, 1947, and the notation on the card indicated "moving to Texas".

Mrs. RICHARDSON stated that there were only three first grade teachers at the time OSWALD attended the first grade and they were Miss HESTER BURNS, Miss MYRTLE MORGAN, and the late Mrs. VIOLA GALIGHER. She added that Miss MORGAN and Miss BURNS stated that they did not remember teaching OSWALD.

1 Mr. J. D. FOSTER, 511 South Vermont Street, Acting Principal, Covington Grammar School, Covington, La. advised that the only record they had for 1946 was the School Register or Record Book, which listed the students under the class registers of the teachers.

The Class Register of First Grade Teacher, Miss HESTER BURNS, reflects that LEE OSWALD attended the first grade at that School from September 19, 1946 until January 23, 1947, when he was dropped. The file did not indicate the reason for his termination, but since he had missed several days just prior to the time he was "dropped", Mr. FOSTER presumed that this was the reason for the action. He stated the records of the St. Tammany Parish School Board would be more complete in this regard.

Mr. FOSTER stated that Miss HESTER BURNS had retired from teaching several years ago but had stated that she did not recall LEE OSWALD as a student.

1 Mrs. A. LOGAN MAGRUDER, 321 N. Vermont Street, formerly 311 Vermont Street, advised that for many years she has rented apartments at this residence and as such, recalled renting an apartment about 17 years ago to a MARGUERITE OSWALD of New Orleans, Louisiana, and her young son, LEE OSWALD, whom she stated was about six or seven years old at the time. She stated that the OSWALD's rented this apartment for about a year, during which time Mrs. OSWALD was a seamstress and apparently supported her sons, of which there were three, in this fashion. She stated that the other two boys whose names she did not recall, were a little older and went to some type of military school in Mississippi, and only came home to the mother periodically.

She stated that she believed that the OSWALD's had previously lived in an apartment or house belonging to Mrs. BENNY COMMENGE of Covington, Louisiana, but that this apartment was, as she recalled, too small for her and the boy, and for that reason she, Mrs. OSWALD, moved to her apartment.

She stated that she recalled nothing about these people, other than the fact that Mrs. OSWALD seemed to be a respectable woman, and LEE OSWALD seemed to be a nice young boy.

She informed that she had seen MARGUERITE OSWALD only once since they moved from Covington 16 years ago, and this was about three years ago when she saw her in Kriegers Department Store in New Orleans, where she was working in the Ladies Lingerie Department. They spoke only briefly, she stated.

WALKER advised that a review of their files reflected that the only information therein regarding LEE HARVEY OSWALD was contained on a Louisiana Census Form which is made out for each student attending public schools. WALKER stated that this form contained basic background information regarding OSWALD. This form indicated that LEE HARVEY OSWALD was born October 18, 1939, at New Orleans, Louisiana, OSWALD's father was listed as ROBERT OSWALD and his mother given as MARGUERITE CLAVERIE, and their address was listed as 809 French Street. This form also reflected that OSWALD attended Beauregard Junior High School in 1954 and then transferred to Warren Easton High School in the Fall of 1955. No dates of attendance at these schools was shown.

WALKER further advised that no other information appeared on OSWALD's record. He stated that additional information regarding OSWALD such as grades achieved and any special tests he may have taken would have to be obtained at either Beauregard Junior High School or Warren Easton High School.

He remembered taking a photograph in English 202 in which all of the individuals in the classroom were facing away from the camera with the exception of LEE HARVEY OSWALD who turned and faced the camera in a clown-like attitude.

Mr. VOEBEL stated that he, VOEBEL, as best he can recall, was not a member of this particular class, but had been going from room to room, stopping unannounced, and taking photographs of the classes in session. He stated that he believes OSWALD may have taken the attitude he did in this photograph because he knew VOEBEL and happened to see him come into the room. Mr. VOEBEL stated that this action on the part of OSWALD appeared spontaneous and was not posed at the suggestion of VOEBEL. She said that the student whom she visited must have been attending Beauregard Junior High on a permit since Exchange Alley is located nearly four miles from Beauregard School. Mrs. MILLER said she could not recall any of the details pertaining to this visit and could not associate the visit with OSWALD other than that she remembered an Exchange Alley address. She advised that due to OSWALD's attending for such a brief period she doubted if any of the former teachers would recall him. She further advised that at the time she was principal there were over 1,200 students attending Warren Easton High School and that even though it would be difficult recalling OSWALD from among so many students, had he had any type of disciplinary problem she would have certainly recalled this. RE: JOSEPH ALLEN SKILES

The following investigation was conducted by SA TERENCE D. DINAN, on December 4, 1963:

AT HOUSTON, TEXAS

JOSEPH ALLEN SKILES, 2530 Briar Ridge, Apartment 20, Houston, Texas, advised that he is presently in his Sophomore year of dental school at the University of Texas. SKILES advised that he attended grade school at Arlington Heights Elementary in Fort Worth, Texas, and recalls that LEE HARVEY OSWALD was in the third through the sixth grades with him at that school. SKILES stated that to the best of his recollection, OSWALD always laughed a lot and was frequently laughed at by the other children in the class. He stated that the reason for this was that OSWALD was frequently summoned to the Principal's office because of arguments between himself and his teachers. He stated that most of these arguments arose during Social Studies class when the theory of Democracy was being discussed. OSWALD always questioned this theory and seemed to disagree with it. He described OSWALD as a well liked boy and also stated that he was the "toughest guy" in physical education class.

SKILES stated that he saw OSWALD on only one other occasion and that was in the tenth grade of high school when they were together for practice on the football field. SKILES stated that his football coach had a rule that whenever the players were not actually on the field they had to stand on the sidelines and were not allowed to lie down. OSWALD was visibly upset over this rule and stated that such a rule violated his constitutional rights and that this is a free country. He said that he had a pistol and, if necessary, would use it to defend his rights. Shortly thereafter, OSWALD argued with the football coach over his practice rules and again stated that he knew his rights and could lie down on the sidelines if he desired. SKILES stated that the coach then kicked OSWALD off the team. He further advised that this was the last time he saw OSWALD and had heard nothing of him since

that time until his name appeared in the newspapers in connection with the assassination of President JOHN F. KENNEDY.

SKILES stated that shortly after the assassination of the President, he was informed by his mother, ALLENE SKILES 4105 Southwest Boulevard, Fort Worth, Texas, that his uncle, HOWARD RAY PARKER, who is a social worker in Dallas, Texas, actually heard the shots fired which killed the President. He advised that PARKER supposedly remarked that he was in the building across the street from the Texas Book Depository when the President was killed.

He withdrew from school on September 28, 1956, stating he was withdrawing in order to enlist in the U. S. Marine Corps. Mr. SHARP stated the record reflects OSWALD had attended Beauregard School, New Orleans, Louisiana, from September, 1954, to June, 1955. He attended Warren Eastern High School, New Orleans, Louisiana, from September 8, 1955, to October 10, 1955. The record shows he moved to Fort Worth from New Orleans, Louisiana, on July 1, 1956.

The file also reflected that LEE HARVEY OSWALD was born October 18, 1939, at New Orleans, Louisiana. His mother was listed as MARGARET C. OSWALD, 4936 Collinswood, Fort Worth, Texas, telephone number PErshing 8-7259.

OSWALD, 602 Elsbeth, a commercial photographer for Jagger's Printing Company, 532 Browder, enrolled at their school on January 14, 1963. He advised that his age was 23 years and he had gone to high school but did not wish high school credits for this course. He enrolled in a beginner's typing course from January 28, 1963 until he stopped on April 8, 1963. He said he took the course each evening from 6:15 P.M. to 7:15 P.M., and Mrs. YOAKUM was his teacher. He said the course primarily dealt with the general knowledge of the keyboard. He said he paid a $9.00 tuition fee on January 28, 1963 under Receipt No. 24817.

Mr. BOND advised that Mr. SEALE of the Secret Service talked to them this morning about OSWALD's record and they also interviewed Mrs. YOAKUM, OSWALD's teacher, who recalled she kept a little black book on all of her class pupils, but could not recall whether or not she had commented about OSWALD. GLADYS YOAKUM, 3234 Carnes, Dallas, Texas, WHitehall 3-7673, teacher at Public Evening School, Crozier Tech High School, 2218 Ryan, advised that LEE H. OSWALD attended her typing class from January 28, 1963, until she dropped him from the rolls on April 8, 1963. She said that the class was an hour in length, from 6:15 P. M. to 7:15 P. M., on Mondays, Tuesdays and Thursdays, and they have a policy of four absences before they drop an individual from the rolls. She advised that this being the case, the last day OSWALD would have attended her class would have been March 28, 1963. She advised that Secret Service Agents had interviewed her this morning in an effort to find attendance records for OSWALD but evidently the school had thrown all the previous records away.

Miss YOAKUM advised that OSWALD was not outstanding or unusual in any way but his clothing and appearance was that of an unkempt person. She particularly noticed he always came to class with dirty fingernails. She remarked that a typing teacher would notice this. She recalled that he did not attend class regularly and he had no associates in the class of twenty-five (25) or thirty (30).

Miss YOAKUM further advised she searched her records at home but could not locate anything connected with the typing class that OSWALD attended.

Staff Sergeant JOHN EDWARD PIC, Air Force Serial Number AF 133 132 39, assigned to Wilford Hall Hospital, Medical Squadron, Lackland Air Force Base, Texas, who informed that he is a half brother to LEE HARVEY OSWALD, accused assassin of President JOHN F. KENNEDY, was interviewed at the Security and Law Enforcement Division, Lackland Air Force Base.

Sergeant PIC said he was born January 17, 1932 at New Orleans, Louisiana. He said he joined the U. S. Coast Guard at age 18, in Dallas, Texas. He thereafter entered the U. S. Air Force and from February 1, 1956 until 1958 was stationed at Mitchell Air Force Base, Hempstead, New York. In 1958, he was transferred to Japan and from November 10, 1958 until July 17, 1962, was stationed with the U. S. Air Force at Tachikawa, Japan. From there he was transferred to Lackland Air Force Base, Texas, arriving at Lackland in August, 1962, since which time he has been assigned to the Medical Squadron, Wilford Hall Hospital, Lackland Air Force Base, Texas, as indicated above. Sergeant PIC lives at 7306 Westville, San Antonio, Texas, with his wife and three small children.

Sergeant PIC stated his father was EDWARD JOHN PIC but that he does not know where or when his father was born nor whether he is living or not. He stated he does not remember his father at all, it having been his understanding from his mother that they were separated when Sergeant PIC was an infant. He also believed his mother had mentioned that his father was a stevedore.

Sergeant PIC stated his mother's maiden name was MARGUERITE CLAVERY and she was born in New Orleans, Louisiana, on July 19, year of birth unknown. He stated her first marriage was to his (Sergeant PIC's) father, EDWARD JOHN PIC, and that he was the only child born of this marriage. Sergeant PIC stated that, according to what he understood from his mother, she married, while Sergeant PIC was an infant, one ROBERT LEE EDWARD OSWALD, who died in August, 1939, and is buried someplace in New Orleans, Louisiana. To this marriage was born ROBERT

LEE EDWARD OSWALD, JR., on April 7, 1934, in New Orleans, Louisiana, whose current address, according to Sergeant PIC's latest information, is 1006 Sierra Drive, Denton, Texas, and LEE HARVEY OSWALD, born October 18, 1939, in New Orleans, Louisiana.

Sergeant PIC stated that in the summer of 1944 his mother married EDWIN EKDAHL in the vicinity of Dallas, Texas, and they were divorced during the summer of 1948 in Fort Worth, Texas. He said the last time he saw his mother was in November, 1956, in Fort Worth, Texas, where he, Sergeant PIC, and his wife and children spent a few days while en route from Mitchell Air Force Base, Hempstead, New York, under transfer to Japan. He said at this time, the personal relationship between his wife and his mother became so unpleasant that he and his family severed contact with his mother, stayed a few days at the residence of his brother, ROBERT LEE EDWARD OSWALD, JR., in Fort Worth, Texas, and then proceeded on to Japan. Sergeant PIC stated he has had no contact or communication with his mother since that time and does not know where she is living nor even whether she has again remarried.

Sergeant PIC stated the last time he had seen or had any contact with LEE HARVEY OSWALD was on Thanksgiving Day of 1962 at the residence of ROBERT LEE EDWARD OSWALD, JR. in the 7000 block of Davenport Street, Fort Worth, Texas, as discussed in further detail hereinafter. Prior to that occasion, the last time Sergeant PIC had seen LEE HARVEY OSWALD was in February, 1953. Sergeant PIC explained that in July or August, 1952, he and his wife were living at 325 East 92nd Street, New York, New York, and Sergeant PIC was at that time in the U. S. Coast Guard. He said his mother and LEE HARVEY OSWALD, then age 13, lived with him at the latter address for about six weeks. During this time, LEE HARVEY OSWALD's disrespectful attitude toward his mother was such that Sergeant PIC, at his wife's request, attempted to talk to LEE HARVEY OSWALD into adopting a better attitude toward his mother. However, LEE HARVEY OSWALD apparently had no intention of changing his attitude and shortly thereafter LEE HARVEY OSWALD and his mother moved out to an apartment somewhere in the Bronx in New York City, address unrecalled. Sergeant PIC stated he visited his mother and LEE HARVEY OSWALD once thereafter, in February, 1953. in their Bronx apartment and on this occasion LEE HARVEY OSWALD would not speak to Sergeant PIC and walked out of the apartment without even glancing at him.

From February, 1953 until Thanksgiving Day, 1962, Sergeant PIC did not see LEE HARVEY OSWALD nor have any direct communication from him. He mentioned that he was aware, from newspaper accounts and from a letter received from ROBERT LEE EDWARD OSWALD, JR., that LEE HARVEY OSWALD had gone to Russia in 1959, and had returned to the United States with a Russian wife in 1962. Sergeant PIC stated he never had any details as to what caused LEE HARVEY OSWALD to go to Russia or as to the experiences he had while in Russia, except for comments contained in a letter from ROBERT LEE EDWARD OSWALD, JR., received by Sergeant PIC while in Japan to the effect that LEE HARVEY OSWALD's action in going to Russia was not a "spur-of-the-moment" decision but rather was something which LEE HARVEY OSWALD had carefully thought out. Sergeant PIC stated he no longer has this letter of ROBERT LEE EDWARD OSWALD, and can recall nothing further as to its contents but observed that apparently LEE HARVEY OSWALD had discussed the matter of going to Russia with ROBERT LEE EDWARD OSWALD, JR.

Sergeant PIC stated that he and his wife and children went to Fort Worth, Texas, in November 1962, to spend the Thanksgiving holidays with ROBERT LEE EDWARD OSWALD and his family. At that time, ROBERT LEE EDWARD OSWALD, JR. was living in the 7000 block of Davenport Street in Fort Worth. Sergeant PIC said he and his family visited there from Thanksgiving Day, 1962 until the following Sunday when they returned to San Antonio, Texas.

Sergeant PIC stated that on the morning of Thanksgiving Day, 1962, ROBERT LEE EDWARD OSWALD, JR. informed him that LEE HARVEY OSWALD and wife and infant daughter were also coming over and at about 1:00 or 2:00 p.m. that day Sergeant PIC and ROBERT went to the Greyhound Bus Station in Fort Worth, Texas, met LEE HARVEY OSWALD and his family as they came out of the station, and took them to ROBERT's house. Sergeant PIC said he did not know where LEE HARVEY OSWALD and his family had come from, but presumed they had come over from Dallas, Texas, as he believed they were living in Dallas at that time.

Sergeant PIC stated LEE HARVEY OSWALD, his

wife, MARINA, and their young daughter stayed at ROBERT's house until about 6:00 or 7:00 p.m. Thanksgiving Day, 1962, at which time they left in company of a man, name unknown, who came by for them. PIC said he was told this man, whom he was able to describe only as white, rather tall, dark haired, dark complexion, possibly 25 to 28 years old, was studying Russian at some school in the State of Oklahoma, possibly the University of Oklahoma. PIC said this man was at ROBERT's house for only a few minutes and, while he was introduced to him, he could not recall his name. Sergeant PIC said he understood ROBERT had met this man previously and he believed ROBERT would know his name and possibly have additional information about him.

Sergeant PIC said that during the visit of LEE HARVEY OSWALD and family to ROBERT LEE EDWARD OSWALD, ...'s residence in Fort Worth, Texas, on Thanksgiving Day, 1962, LEE HARVEY OSWALD had nothing to say about his experience in Russia nor what impelled him to go there, other than to mention that he had worked in some kind of factory and had "a hard time". He said LEE HARVEY OSWALD had nothing to say regarding any kind of politics, nor did he express his feelings about Communism. Neither did he mention that he had any membership in any Communist or any other kind of organization, according to Sergeant PIC, and, specifically, Sergeant PIC said LEE HARVEY OSWALD mentioned nothing about the " Fair Play for Cuba Committee". Sergeant PIC said he was told LEE HARVEY OSWALD's wife, MARINA, had been a pharmacist in Russia but he stated she did not speak English and he accordingly learned nothing further from or about her. Sergeant PIC said LEE HARVEY OSWALD did advise that he had a Post Office Box in Dallas, Texas, where letters could be sent to him and he said LEE HARVEY wrote the number of this Post Office Box down in a little book which Sergeant PIC had. The Sergeant said he could not remember the number of the box and that he had given the little book to the U. S. Secret Service representative in San Antonio, Texas.

Sergeant PIC advised that his mother, in the years up to 1946, was quite close to her sister, Mrs. CHARLES MURRETT, who, as of 1946, was living at an address on Sherwood Forrest Drive in New Orleans, Louisiana. He

said that from something said to him when he was quite young, it is his impression CHARLES MURRETT was a gambler and bookmaker. He stated Mr. and Mrs. MURRETT had several children, recalled by him as follows:

MARILYN MURRETT, Australia, a single woman who is a school teacher. Sergeant PIC stated MARILYN MURRETT was teaching school in Japan in 1959 and he talked with her several times. He stated she mentioned being aware of LEE HARVEY OSWALD's being in the U. S. Marine Corps, apparently doing well in that service, from which Sergeant PIC assumed MARILYN MURRETT had kept informed at least in some way as to LEE HARVEY OSWALD's activities. He stated he does not know where MARILYN MURRETT now is, but is of the belief she may be teaching school in Australia.

CHARLES MURRETT, JR., a dentist and graduate of Louisiana State University, location unknown.

JOYCE MURRETT, believed to have married a Texas physician, location unknown.

GENE MURRETT, a Roman Catholic priest of the Jesuit Order, location unknown.

"BOOGIE" MURRETT, believed to be playing professional baseball with some farm league in Texas.

Sergeant PIC mentioned the MURRETTs because he supposed that, due to his mother's past close connection with them, they or at least some of them may have maintained contact in some way with LEE HARVEY OSWALD or the latter's mother over the years.

Sergeant PIC said he believed his mother's deceased husband, ROBERT LEE EDWARD OSWALD, SR., had a brother, HARVEY OSWALD, who years ago lived in New Orleans, Louisiana, but that he really did not know whether HARVEY OSWALD is still alive.

Sergeant PIC advised he was unable to recall any other relatives of his mother.

Sergeant PIC expressed the opinion that

ROBERT LEE EDWARD OSWALD, JR., believed now living at 1006 Sierra Drive, Denton, Texas, would know considerably more about LEE HARVEY OSWALD than he (Sergeant PIC) knows. He stated he had no other information whatever as to the location or activities of LEE HARVEY OSWALD in September, October or November, 1963.

Joyce Murret

Mrs. Charles Murret

Mrs. JOYCE O'BRIEN, nee Murret, born February 23, 1927 at New Orleans, Louisiana, residence 1615 Fairway Street, Beaumont, Texas, advised that when visiting her mother, Mrs. CHARLES MURRET, 757 French Street, New Orleans, Louisiana, in August, 1963, she received a telephone call from LEE HARVEY OSWALD in jail in New Orleans, requesting that she post $25.00 bond to permit him to get out of jail. She went to the New Orleans Police Department and was informed by a police officer that OSWALD was charged with disturbing the peace for carrying a poster. She was shown a homemade cardboard on a stick with the words "VIVA CASTRO" and pamphlets attached, which she did not read. She thereupon decided against the bond and went to a hospital where her mother had an eye operation that morning.

Later, because of the circumstances of OSWALD's wife, she decided to return to the police department and she talked to an officer who advised her against providing the bond because OSWALD might not appear for trial. He also advised that OSWALD could be released without bond upon the request of a politician or elected official.

Mrs. O'BRIEN returned to her mother's home where she received another call from OSWALD inquiring about the delay in his release. She told him she did not have the money and that possibly he could be released upon request of an elected official. OSWALD rejected the proposal and asked her to contact his wife, who had the money.

Texas

Mrs. O'BRIEN then telephoned a Mr. EMILE BRUNEAUX, who had been a friend of her father, and advised him of OSWALD's situation and he agreed to help. Mr. BRUNEAUX later called and advised he had contacted a politician or official, name not recalled, and that OSWALD had been released. Soon afterwards, OSWALD called thanking her for obtaining his release. He was not told who secured his release but was aware that it was a special favor. OSWALD promised to appear in court.

Mrs. O'BRIEN left New Orleans for Beaumont the following day, a Sunday, and heard nothing from OSWALD or concerning the disposition of the charges against him. She had been in New Orleans several days but never actually saw OSWALD on that trip.

Mrs. O'BRIEN advised that she has known her cousin, LEE HARVEY OSWALD, since he was a very small child, noting that she was several years older than he. Mrs. O'BRIEN vaguely recalled that her mother met her sister, Mrs. MARGUERITT OSWALD, in New Orleans when LEE HARVEY OSWALD was two or three years old and because of Mrs. OSWALD's poor circumstances, LEE resided with Mrs. MURRET for some time, perhaps a year or two. Later, Mrs. OSWALD married a man, name unknown, who is now deceased, and moved to some place in Texas, taking LEE HARVEY OSWALD with her. At that time, OSWALD was still pre-school age. Thereafter, Mrs. O'BRIEN had little contact with the OSWALD family. She recalled that on an occasion when his brother, ROBERT OSWALD, was hospitalized in Texas for surgery, LEE HARVEY OSWALD visited the MURRET family in New Orleans for about a week. OSWALD was then a young boy of about junior high school age.

Mrs. O'BRIEN advised that after LEE HARVEY OSWALD left school she knew very little about his activities. She and her husband learned through news media that he had gone to Russia but did not know of his return until the summer of 1963. About July, 1963 Mrs. O'BRIEN was visiting her mother in New Orleans when OSWALD called Mrs. MURRET and he brought his Russian wife, who was pregnant and their small child, to Mrs. MURRET's home for a visit of a few hours. At that time, OSWALD did little talking and volunteered no information concerning his past activities or associations. He left the impression that he was pleased to be back in the United States. When Mrs. LEE HARVEY OSWALD was asked how she liked America, she stated "Me like America. Lee no like Russia. Lee no like America. Lee like moon."

Mrs. O'BRIEN advised that as a small child OSWALD was outgoing and friendly. It was her understanding that after moving to Texas, his mother was employed and required him to stay home alone. She recalled that during his visit to New Orleans as a young boy of junior high school age, he stayed inside and watched television and read, which was not considered normal for a boy of that age. Mrs. O'BRIEN expressed the belief that OSWALD lived completely within himself and had built up strong personal beliefs within himself and was "against everything". She was unable to furnish any information or explanation concerning OSWALD's involvement with the Cuban groups, either pro-Castro or anti-Castro.

Mrs. O'BRIEN advised that her husband, EMILE O'BRIEN, is employed as a high school coach and teacher and that they are active in the Catholic church. Friends and associates in Beaumont are not aware of her relationship to OSWALD.

New Orleans La.

CHARLES P. MURRET, residence address 757 French Street, employed as a clerk on the Mississippi River front, working under a Permit issued by the Clerks' & Checkers' Union Local 1497, furnished the following information:

LEE HARVEY OSWALD is his nephew, by virtue of the fact OSWALD's mother, MARGUERITE, is a sister to MURRET's wife. He first met MARGUERITE in about 1925. She married EDDIE PIC. A son, JOHN EDWARD PIC, was born of this marriage. She apparently then divorced PIC because she subsequently married LEE OSWALD and had two sons by this marriage, namely ROBERT and LEE. MARGUERITE's husband died before LEE was born. MURRET could not recall any years in which these events took place. LEE lived in the MURRET home for some months, which may have been almost a year, when he was a baby. MURRET does not recall when MARGUERITE and her children left New Orleans. He remembers being told by his wife that MARGUERITE had married a third time, but he does not know what her third husband's name was.

MURRET does not know when MARGUERITE and LEE returned to New Orleans and does not know where they lived before they returned. He does recall LEE attended Beauregard Junior High School in New Orleans while he and his mother lived in Exchange Alley, but he does not know for how long. He has no idea when LEE and his mother left New Orleans at that period of time. He does not know any friends or associates of LEE.

MURRET did not see LEE when he visited Mrs. MURRET at the time LEE was in the U. S. Marine Corps.

MURRET recalled that he heard somewhere, but he did not recall where that there was an item in the newspaper that LEE OSWALD was in Russia and wanted to give up his U. S. citizenship. He did not recall what year that occurred. He did recall that his wife received a Christmas card from LEE while LEE was in Russia and this card apparently was torn up by the grandsons because when his wife wanted to send the card to their son, EUGENE, it could not be found.

by SA's EUGENE F. BLOCH & JOSEPH G. Date dictated 12/4/63

The next time he knows anything about LEE OSWALD was when he arrived home from work one day in the spring of 1963, and LEE was there. He gave LEE permission to give the MURRET telephone number to employment agencies or prospective employers. MURRET, personally never received any calls because he was at work.

LEE borrowed $50 from MURRET at the time he went to look for an apartment. He returned it before he received his first pay from the Reily Coffee Co., where he started to work after being in New Orleans about a week. MURRET is of the opinion he merely wanted to have the money on hand in the event it was needed for a deposit on an apartment, and apparently he did not need it.

He never had any discussions with LEE concerning LEE's views on anything and in fact had very little conversation of any kind.

MURRET did not talk to the woman who brought LEE's wife and child from Texas. He arrived at his home and everyone was in the station wagon ready to leave. He did not know if anyone other than the woman driver and LEE's wife and child were brought to New Orleans. He offered to drive his car and lead the way to the apartment LEE had rented on Magazine Street and did so. He did not go into the apartment but merely guided them there.

LEE and his family visited the MURRET home on about three occasions. At no time was there any discussions of political views. He probably picked up LEE and his family one time at their apartment, the address of which he does not know, but does know the location. He probably took them home several times. He used either his 1950 Plymouth, grey color, two-door, or his 1956 Mercury, green color, four-door.

MURRET drove his wife, his daughter JOYCE, and LEE's family to Mobile, Alabama, where MURRET's son, EUGENE, is studying at the Jesuit House of Studies, Springhill College. EUGENE had invited LEE to give a talk to the students on conditions in Russia.

MURRET did not recall the exact week end that this trip was taken; but it was subsequent to the return from Beaumont, Texas, of his wife with his daughter JOYCE, in July, 1963, and before August 8, on which date his wife went into the hospital for an ear operation. MURRET did not listen to the talk LEE gave, and did not ask LEE anything about the talk. He asked EUGENE, and EUGENE told him that the students seemed interested in what LEE had told them.

MURRET was out of New Orleans, Louisiana, from August 8, to 11, 1963. When he returned, his family told him that LEE had been arrested by the New Orleans Police Department for distributing leaflets pertaining to the Fair Play For Cuba Committee and that he had been released from jail at the request of a friend of MURRET's, who was called by his daughter JOYCE. He wanted to impress upon LEE the necessity of appearing in court on the following day; and, therefore, went to LEE's apartment on the late evening of August 11. He asked LEE if anybody was going to represent him in court. LEE did not give a direct answer to this question, nor to any of the other questions, which MURRET asked him; and MURRET received the impression that LEE felt it was none of MURRET's business. LEE was alone with him in the room, and MURRET was trying to find out if LEE belonged to any Fair Play For Cuba Committee, if there was any such committee in New Orleans, and if there was, why nobody had appeared to parole him after he was arrested. LEE did not give a direct answer to any of these questions; and MURRET therefore assumed that there was no such organization in New Orleans, and asked LEE, "What are you trying to do, start an organization of your own around here." LEE did not answer.

LEE did not make any statement one way or another as to whether there was a Fair Play For Cuba Committee in New Orleans, whether he was an officer or not, or whether even a member. Because of the manner in which LEE acted and the fact no one came to his assistance when he was arrested, Mr. MURRET was of the opinion that LEE was acting on his own in whatever he was doing. He was at LEE's apartment not more than ten minutes.

NO 89-69/cay

There was a picture of FIDEL CASTRO, not framed, on the mantle. MURRET did not know if it was a photograph cut out of a magazine and pasted on some cardboard, or whether it was a drawing or painting of CASTRO.

MURRET recalled that LEE telephoned the house prior to a radio debate and suggested the family listen to the debate. MURRET heard very little of the debate and never questioned LEE subsequently about it. MURRET stated that one time he asked LEE why he did not teach his wife English, and he did not receive any answer from LEE. MURRET recalled that once or twice, he asked LEE's wife how she liked America, and she smiled and said, "Like America." The last time MURRET saw LEE and his family was on Labor Day, 1963. He did not know when LEE and his family left New Orleans, and he received no communication of any type from LEE after Labor Day.

He advised that LEE HARVEY OSWALD and his family arrived at the Greyhound Bus Station at approximately ten a.m. and that they remained at his home until approximately four p.m. He stated that at this time either Mr. PAUL GREGORY or his son, PAUL GREGORY, JR., came by and picked up LEE HARVEY OSWALD and his wife and children and they left presumably to return to their Dallas address.

ROBERT LEE OSWALD, 1009 Sierra Street, employed Sales Coordinator, Acme Brick Company, Denton, Texas, in reinterview advised that in 1945 he would have been only eleven years of age but that he did recall he and his family lived at 4801 Victor Street, Dallas, in 1945. He stated that his mother remarried in either April or May, 1945, to EDWIN E. EKDAL, in Dallas, and as he remembered moved shortly thereafter to Boston, Massachusetts. He stated Mr. EKDAL was an electrical engineer and is now employed by the Texas Electrical Company, Fort Worth, Texas.

OSWALD advised that in September, 1945, he and his brother, JOHN EDWARD PIC, were sent to the Chamberlain-Hunt Military Academy, Port Gibson, Mississippi, and advised that they attended this school until June, 1948. He stated that in June, 1946, at the end of the 1945-46 school year he returned to his mother's home which was then located in Benbrook, Texas. He advised that he could not furnish an address in Benbrook stating that all he remembered about this address was that his mother lived in a house with rock siding. He stated that during the summer of 1946 his mother moved to either 1508 or 1805 Eighth Avenue, Fort Worth, Texas, and advised that in 1953 his mother moved from Fort Worth, Texas, to New York and stated that this was while he was in the Marine Corps. He stated that in February, 1954, he was sent overseas and that his mother and brother, LEE HARVEY OSWALD, were then living in New Orleans, Louisiana.

Date December 2, 1963

Mrs. CHARLES F. (LILLIAN) MURRET, 757 French Street, New Orleans La. advised that LEE HARVEY OSWALD's mother, whose maiden name was MARGUERITE CLAVERIE, first married ED JOHN PIC and had one son born of this marriage named JOHN EDWARD PIC. Mrs. MURRET related that ED. JOHN PIC did not want to have any children and that when her sister became pregnant, PIC refused to support her sister and the child and left her. Her sister obtained a divorce from PIC and when JOHN EDWARD PIC was approximately two years of age, married LEE OSWALD, father of LEE HARVEY OSWALD. Mrs. MURRET explained that she did not know OSWALD's full name and he had always been referred to as LEE. Mrs. MURRET further informed that her sister's husband worked for the Metropolitan Insurance Company for years and years. She said the first child born to her sister of this marriage was ROBERT OSWALD and that when ROBERT was approximately five years of age, LEE HARVEY OSWALD was born of this marriage. Mrs. MURRET stated her sister's husband died when she was pregnant, approximately two months before LEE HARVEY OSWALD's birth. While her sister was married to OSWALD, they purchased a home on Alvar Street, where they were living at the time of Mr. OSWALD's death and her sister continued to live at that address. Her sister lived in New Orleans until LEE HARVEY OSWALD was approximately two years of age and during this time the older boys were placed in a boarding home, name not recalled, and she (Mrs. MURRET) took care of LEE HARVEY OSWALD for an unrecalled period of time which, to the best of her recollection, was less than one year.

MARGUERITE then moved to Fort Worth, Texas, taking LEE HARVEY OSWALD and her two other sons. Mrs. MURRET said that MARGUERITE married for the third time to ED ECKDAHL (phonetic), who was a research man and whom she believes was employed by the Texas Electric Company, but does not know whether they were married in New Orleans or in Texas. She has never met ECKDAHL and knows nothing about him other than the fact that he was making a fabulous salary reported to be $1,000 per month and that her sister traveled to various towns with him in connection with his business, taking LEE HARVEY OSWALD with her. She related that the two older boys, JOHN EDWARD PIC and ROBERT OSWALD, were attending Chamberlin Hunt Academy near Natchez, Mississippi during that period.

On 12/2/63 at New Orleans, Louisiana File # NO 89-69

by SAs ERNEST C. WALL, JR. and JOSEPH G. ENGLEHARDT /lrc Date dictated 12/2/63

Mrs. MURRET said that she met her sister, MARGUERITE, on the streets of New Orleans, date not recalled, but sometime after she had moved to Texas, and that MARGUERITE told her at that time that she was living in Covington, Louisiana.

Mrs. MURRET said that to the best of her knowledge, her sister did not own any property at Covington, Louisiana and in all probability, rented a house for the summer, which carried into the school year and it is possible that LEE HARVEY OSWALD entered school at Covington because he was approximately of school age at that time.

Mrs. MURRET related that her sister, upon leaving Covington, went back to Fort Worth, Texas and moved into a duplex she had purchased in that city. Upon arriving in Fort Worth, her sister introduced herself to another tenant in the building and that this woman informed her sister she was not the Mrs. ECKDAHL she knew. Her sister conducted a check based on the information furnished by this woman and discovered ECKDAHL in the apartment of another woman and subsequently obtained a divorce from him. A short time after this divorce ECKDAHL died, leaving her sister without any funds whatsoever.

Mrs. MURRET said that when LEE HARVEY OSWALD was about 12 to 13 years of age, her sister returned to New Orleans to live. She claimed she had no knowledge of where her sister had lived during the intervening years. Mrs. MURRET said she has no recollection of LEE HARVEY OSWALD and his mother living in her home during this period while they were attempting to locate a place to live or while they were getting settled. However, there is a possibility they may have stayed at her home for a day or two during this period. OSWALD and his mother lived on Exchange Place at this time and may have given Mrs. MURRET's address because he knew it was a more permanent address than the one he and his mother would have.

Mrs. MURRET stated she knew that JOHN EDWARD PIC had lived in New York and while there, joined a branch of the service which she believes was the U. S. Coast Guard. JOHN EDWARD PIC has made the service his career and the last she knew he was still in service and she believes he was stationed

somewhere in Texas. She recalls that her sister, MARGUERITE, has said that JOHN EDWARD PIC is a pharmacist. ROBERT OSWALD joined the U. S. Marine Corps and it is her recollection he was discharged from the Marine Corps while her sister was living on Exchange Place in New Orleans.

Mrs. MURRET informed that during the time her sister was living on Exchange Place, she and LEE HARVEY OSWALD visited her (Mrs. MURRET's) home very seldom. She stated she did not know when her sister and her family left New Orleans. According to Mrs. MURRET, her sister thought that ROBERT OSWALD would want to settle in New Orleans, but ROBERT said all of his friends were in Texas and he wanted to settle in Fort Worth, Texas.

Mrs. MURRET stated they did not hear from her sister MARGUERITE for quite some time and that sometime later, exact date unknown, her son-in-law, EMILE O'BRIEN, was attending a coaching school in Dallas, Texas. While there, he contacted MARGUERITE by telephone and she informed EMILE she had had an accident at the place where she was working and that as a result of this accident, it was necessary for her to sell everything she had and she was in a destitute condition at that time. Mrs. MURRET said she and her daughter sent a package to her sister around Christmas and that she later received a letter from MARGUERITE saying she had not written to her because all she knew was trouble.

Mrs. MURRET related that on a Saturday, date not recalled, LEE HARVEY OSWALD came to her home dressed in a Marine Corps uniform and advised her that he was stationed at Biloxi, Mississippi. She said that she and MARILYN took LEE HARVEY OSWALD to either Morrison's Cafeteria or Gluck's Restaurant for lunch and then took him to the bus station for him to return to Biloxi, Mississippi. She said this was the first time she knew he had joined the Marine Corps. She invited LEE HARVEY OSWALD to visit her home on weekends because he was stationed so close to her but he did not visit her at any later time.

Mrs. MURRET did not hear from LEE again until she received a Christmas card from him which was mailed in Russia. LEE had his address on the card and asked her to write his mother, furnishing his mother's box number.

wife and spoke with her in Russian. Mrs. MURRET said that in all probability, the woman with whom OSWALD's wife had been living in Texas placed the call for her because MARINA OSWALD spoke very little English. LEE also received a letter from his wife, MARINA, while at her home.

Mrs. MURRET stated that on the Saturday after LEE OSWALD rented the apartment on Magazine Street, he came to her home to await the arrival of his wife and daughter. She said that around or between 2 and 3 p.m., on that date, MARINA OSWALD and her daughter came to her home with a woman driving a station wagon accompanied by the woman's two young daughters. Mrs. MURRET said this woman was introduced to her by name but she does not recall what her name was, however, she was told that this is the woman with whom MARINA and her daughter had been living in Texas. Mrs. MURRET advised that she did not have any lengthy conversation with this woman and that they remained at her home only a short period of time because the children were restless and they immediately departed to go to the apartment on Magazine Street. Mrs. MURRET said she did not have any discussion with this woman concerning Doctor LEONARD REISSMAN and that she (Mrs. MURRET) does not know Doctor REISSMAN. She recalled that while LEE HARVEY OSWALD and his family were living on Magazine Street, OSWALD called her on the telephone occasionally and during one of these calls, told her that this woman from Texas knew a party who was teaching at Tulane University but she does not recall whether LEE mentioned the name of this person. LEE informed her they had visited this person or that this person had visited LEE's apartment and they had looked at slides or film of Russia. LEE told her this person who taught at Tulane University had a daughter who was attending a university in Russia.

Mrs. MURRET said that LEE HARVEY OSWALD and his family visited her home on three or four occasions while living in New Orleans. She recalled that the first visit occurred on Saturday morning, approximately two or three weeks after his family came to New Orleans. They came to her apartment by bus and upon arriving there, LEE expressed a desire to go crabbing. Her daughter, MARILYN, took LEE

and MARINA crabbing along the lakefront for at least a couple of hours.

Mrs. MURRET said that she visited her daughter, JOYCE O'BRIEN, in Texas during the early part of July, 1963 and returned to her home with JOYCE on July 14, 1963. She stated that a week or two after she and JOYCE returned from Texas, LEE OSWALD telephonically contacted her one morning and wanted to come over. She said that LEE, MARINA and their daughter came by bus and remained at her home until 9 p.m. Mrs. MURRET said they drove LEE and his family back to their apartment on Magazine Street.

Mrs. MURRET said she planned to have an operation on August 8, 1963 and that between the time of the preceding visit and the time she went into the hospital, LEE OSWALD and his family again visited her home. She said they came to her home between 5 and 6 p.m. and stayed until approximately 9 p.m.

She said that on a Saturday, between July 14, 1963 and the Saturday before her operation on August 8, 1963, she and her husband, JOYCE O'BRIEN and her two children and LEE and MARINA OSWALD and their child drove to Mobile, Alabama in the MURRET family car. She said the purpose of the trip was to see her son, EUGENE MURRET, who is at the Jesuit House of Studies, Springhill College, Mobile, Alabama, and for LEE OSWALD to make a talk to the students at the Jesuit House of Studies on "Conditions in Russia", which he was to make at the request of her son, EUGENE. She said they arrived in Mobile, Alabama about 2 p.m. and checked into a motel, name not recalled, which is located on Azalea Road. Mr. MURRET paid the room rent for LEE OSWALD and his family as well as his own at the motel and financed the entire trip. Mrs. MURRET said she and MARINA OSWALD were not permitted to attend the talk LEE OSWALD made to the students as females are not allowed on the premises so they walked to the chapel located in the vicinity of the school. At the chapel they met a young man who was a student at the school who was studying Russian. This young man talked to MARINA in Russian and determined she had been of the Russian Orthodox religion during her early years but later on had not attended any type of church service.

This young man showed them the chapel and during this time the young man had conversation with MARINA in Russian. Mrs. MURRET said before returning to the motel, they asked MARINA to attend church with them on the following morning and that MARINA expressed a desire to do so but said she would have to talk to LEE HARVEY OSWALD. MARINA did attend mass with JOYCE and Mrs. MURRET the following morning. Mrs. MURRET said they checked out of the motel after lunch and returned to New Orleans.

Mrs. MURRET said that LEE HARVEY OSWALD and his family again visited her home on Labor Day, 1963. She said he telephonically contacted her on that morning advising that MARINA wanted to come over to her home that morning. She informed LEE they should come over around 4 p.m. and they arrived at approximately that time. She related that Mr. MURRET, who was on his way home, picked LEE OSWALD and his family up at the end of the street car line on Canal Street and gave them a ride to her home. She said they remained at her home until about 9 p.m. and that her son, JOHN MURRET, drove them to their apartment and enroute showed them the church where he was to be married as well as the place where the reception was to be held.

Mrs. MURRET advised LEE OSWALD visited her while she was in the hospital recuperating from an operation on August 9, 1963. She said she learned through her daughter, JOYCE O'BRIEN, that LEE OSWALD had apparently been arrested on that same date for disturbing the peace and was lodged in the city jail. JOYCE O'BRIEN was instrumental in securing his release on parole through a friend of the family. Mrs. MURRET said that Mr. MURRET was on a retreat over that weekend and upon his return to New Orleans on Sunday, August 11, 1963, he was informed of OSWALD's arrest and release on parole. On the late evening of August 11, 1963, Mr. MURRET visited LEE OSWALD at his apartment to impress upon him the necessity of appearing in court the following day. During this contact Mr. MURRET asked LEE OSWALD if he was an officer in the Fair Play for Cuba Committee and at that time LEE denied that he was.

Mrs. MURRET said that sometime after LEE OSWALD's arrest, she commented to him that he was "stupid" to be used as a "dupe." LEE OSWALD at that time told her he knew too much to be a "dupe."

NO 89-69
6

Mrs. MURRET further said that subsequent to the arrest of LEE OSWALD, on the day he had a debate on the radio with other individuals, he telephonically contacted her home and told them to turn the radio on and listen to the debate. Mrs. MURRET said she listened to part of this debate. Mrs. MURRET said there was nothing said to LEE OSWALD subsequently concerning this debate or anything concerning the ideas he expressed at that time.

Mrs. MURRET said that the time LEE OSWALD stayed at her home and while living in New Orleans, he did not appear to have very much money. She said when he first arrived in New Orleans, he told her he had been working for a printing company in Texas and had a very good job but that the company had discharged him because they did not need three operators on that particular job. He informed Mrs. MURRET he had borrowed $435 from the American Embassy in Russia for his passage back to the United States and that he had been able to repay the money he had borrowed and had a few dollars saved up.

Mrs. MURRET said that OSWALD did not mention at any time how he went to Russia, did not discuss his life in Russia to any extent or how he returned to the United States or when he returned to the United States. She said the only thing he told her was that he had been employed in a factory at Minsk, Russia.

Mr. PHILO B. WATERS, Branch Manager, The National Life and Accident Insurance Company, 504 Bailey Street, Fort Worth, Texas, advised that this date the home office of the National Life and Accident Insurance Company had made the following press release:

"In April, 1945, the National Life and Accident Insurance Company issued a $1,000 Twenty-Payment Life Juvenile Policy through our Dallas, Texas, office on the life of LEE OSWALD, who at that time was six years old. The policy was bought by his mother, Mrs. MARGURITE C. OSWALD, who was the owner and beneficiary. In April, 1957, a small loan was made on the policy. The policy stayed in force until April, 1959, when it lapsed for failure to pay premiums. The Non-Forfeiture values under the policy, however, were sufficient to provide Expended Term Insurance amounting to $863.00, (the face amount less the loan) which did not expire until September, 1957".

Mr. WATERS stated that he had no knowledge of this policy until December 2, 1963, and there was no inquiry or claim made by Mrs. OSWALD. He stated that the number of the policy is 942157.

Mr. WATERS stated that on December 3, 1963, he had gone to Mrs. OSWALD's home at 2220 Thomas Place, Fort Worth, Texas, with the check in the amount of $863.00. He stated that Mrs. OSWALD had declined to accept the check stating that she was entitled to double indemnity under the policy provisions.

WATERS stated that Mrs. OSWALD also claimed that only one payment had been missed.

WATERS stated that Mrs. OSWALD indicated that she was going to contact the home office of the National Life and Accident Insurance Company in an effort to obtain double indemnity under the policy.

ROY TELL, JR., 304 Zinnia Street, Metairie, Louisiana, appeared at the New Orleans Office of the FBI and advised that he had been in the Civil Air Patrol (CAP) at Moisant Airport from approximately September, 1955 to January, 1958. He said the name OSWALD is vaguely familiar to him but he could not place him from the recent photo of OSWALD in the newspapers.

TELL was shown a photograph appearing in the New Orleans States-Item on November 23, 1963, Page 1, which was a photograph of LEE HARVEY OSWALD taken in approximately 1954. TELL, upon looking at this photograph, said he believes OSWALD was in the CAP at the same time he was, but he cannot be sure of this. TELL said that he, TELL, was a drill sergeant in 1956 and 1957 and it was during this time that he might have seen OSWALD. He said if his memory is correct and the individual he is thinking of is identical to OSWALD, he remembers seeing him only three to five times at any of their meetings. TELL could furnish no information regarding the background of OSWALD, nor could he say who his friends might have been while in the CAP. TELL said the following individuals were in the CAP at the same time he was, and that they may possibly know something more regarding OSWALD:

ANTHONY ATZENHOFER, 2820 Cleveland Avenue; New Orleans, La.

LC JOHN CERAVOLO, address unknown, a friend of ATZENHOFER;

LA JOE LISBON, employed at Delta Air Lines as a ticket agent;

LARRY ANDERSON, Texas LA also employed at Delta Air Lines;

LA OLIVER ST. PE', whose mother owns The Lucy Clothing Shop on Jefferson Highway;

LA RICHARD MARSHALL, who he believes is in the Army in Germany;

LA GENE MARSHALL, RICHARD MARSHALL's brother, who he believes lives on Suave Road in Jefferson Parish.

DANIEL PATRICK POWERS, Marine Serial Number 1497089 and who resides at 401-12th Avenue, West, Menomonie, Wisconsin, advised that he entered the Reserves in the Marine Corps on December 18, 1954 and served on active duty in the Marine Corps from November 1, 1956 to October 31, 1958.

POWERS advised as follows:

He first met LEE HARVEY OSWALD at the Midway Barracks in the Marine Aviation Detachment, Naval Air Technical Center, Jacksonville, Florida, sometime in June, 1956. It was in June, 1956 that POWERS as senior marine was assigned the following individuals, including himself, on transfer from Jacksonville, Florida to Biloxi, Mississippi: EDWARD J. BANDONI, Number 1551427, residence believed Boston; JAMES M. BRERETON, Marine Serial Number 1644586, residence believed Brooklyn; DONALD P. CAMARATA, Number 1652220, residence believed Cedar Rapids, Iowa; MARTIN E. CROUD, Number 1639694, residence unknown; LEE H. OSWALD, Number 1653230, residence believed Texas.

He informed that this group remained in Biloxi, Mississippi until about June 4, 1957. While at Biloxi, OSWALD remained "the loner". He never went out on Liberty with the rest of the group and it was believed, however, that he spent some time on leave at home in New Orleans just prior to the time that this group left Biloxi en route to El Toro, California.

On June 4, 1957, the same group left Biloxi via a plane for the Marine Corps Air Station at El Toro, California. Leave was granted this group which had left Jacksonville,

Florida and it was not necessary for the group to report at El Toro until July 12, 1957. It was at this time that it was believed by POWERS that OSWALD took his leave to spend the time in New Orleans.

The group remained at El Toro, California until August 15, 1957 when they went by ship, the name of which was unknown, to Japan, arriving in Japan at either Yokohoma or Youkoska (phonetic). This group then, which included OSWALD, were transferred to the Marine Air Control Squadron Number 1 (MAX) at Atsugi, Japan.

While on ship en route to Japan, OSWALD and POWERS played chess and POWERS got to know OSWALD quite well. He recalls that OSWALD read a lot on board ship including such books as "The Leaves of Grass" by WALT WHITMAN and another book entitled "Age of Reasoning". He recalls further that OSWALD stated on board ship that the Marine Corps teaches only to kill and that one could be a good gangster later on in life. On board ship OSWALD played cards occasionally, believed poker, gambling for small stakes, but POWERS recalls that OSWALD was not particularly interested in this type of activity preferring to remain alone and reading.

After their arrival at Atsugi, POWERS played football while the rest of the squadron including OSWALD went to the Phillippines on maneuvers.

In January, 1958, POWERS rejoined the squadron which included OSWALD at Cubi Point in the Phillippines and according to POWERS, it was here that MARTIN E. SHROUD was shot while on guard duty. POWERS stated that actually from

firsthand information, he knows nothing of this but was advised from other individuals that there was some question concerning the shooting of SHROUD. He recalls that Marines assigned guard duty utilized a pump shotgun and were given three slugs for the gun. The instructions were that the chamber of the gun was to be kept empty until necessary. He stated that it was his understanding that Marine SHROUD was shot through the left side of the chest, the bullet piercing the body and coming out on the opposite side. He also recalled that the squadron's gear was kept in an airplane hangar which housed the plane, the nature of which he did not know at that time, but which he now knows to be a U-2. He stated that he does not know whether Marine SHROUD was assigned the specific duty of guarding the hangar which housed the U-2, and he is not aware as to the circumstances surrounding SHROUD's death, learning this only from hearsay the following day.

POWERS recalled that OSWALD and the squad were then put aboard a Phillippine LST en route to Corrigidor where they remained for two or three months during which time OSWALD was on mess duty.

He recalled that OSWALD, POWERS and the group, in March, 1958, returned via the LST to Cubi Point in the Phillippines. POWERS remained at Cubi Point while OSWALD continued on to Japan. In May, 1958, POWERS left by plane from Cubi Point to Atsugi where he rejoined the squad and again saw OSWALD. It was at Atsugi that OSWALD shot himself in the leg. POWERS states that from hearsay, OSWALD shot himself with a .22 which is not a GI issue and there was some

rumor to the effect that OSWALD tried to get out of the Marine service by wounding himself. POWERS also stated that by rumor, it was reported that OSWALD was tried at a court martial hearing for malingering. He also stated that he had heard that OSWALD was examined at a psychiatric ward, exact place unknown. He informed that the last time he saw OSWALD was in May, 1958 when OSWALD was returned to the United States.

POWERS states that he believes OSWALD had a Japanese girl friend while at Atsugi, possibly a Japanese prostitute. He stated that he recalls that liberty was given to the group from 5:00 p.m. to 6:00 a.m. each night and that the group was also given liberty two out of every three weekends. He stated that he cannot recall that OSWALD spent his time in the barracks while on duty, but he is of the opinion that OSWALD took all the liberty he could get.

He stated that he also vaguely recalls that while at Atsugi in Japan, OSWALD was studying Russian and he vaguely recalled that OSWALD carried with him a dark blue or a black book which POWERS believed to be a Russian language book.

POWERS also recalled that OSWALD was believed to have received a court martial for striking a non-commissioned officer, this possibly occurring in Biloxi, Mississippi.

POWERS concluded by informing that OSWALD was a "loner". He stated that OSWALD never expressed sympathy toward the Communist Party, Communist principles or Marxist doctrines. He was antagonistic toward discipline, was not in complete sympathy with the esprit de corps of the Marine

Corps. POWERS informed that he cannot recall that OSWALD ever mentioned being in Chicago or Milwaukee or ever mentioning the name RUBY or RUBENSTEIN. He informed that from his observation, OSWALD was not particularly interested in gambling but would prefer remaining to himself.

MACK OSBORNE, 2816 43rd Street, Lubbock, Texas was interviewed by SAs ELLIOTT and JOSEPH H. PFIESTER on November 27, 1963.

He related that he was in the Marine Corps at El Toro Marine Corps Air Station, Marine Air Control Squadron 9, during 1959. He stated the men lived in 6-man quonset huts and he shared a room with OSWALD for a period of not more than six months prior to OSWALD's discharge in 1959. He said he cannot recall who the other men in the building were, as there were numerous changes at various times. He reported that OSWALD had returned from overseas and OSWALD revealed he had been in trouble with Marine authorities, and as he recalls, OSWALD had hit a man with a bottle and then had fought with a brig guard.

He said he never got to know OSWALD intimately, although they shared a room and a double-deck bunk. He stated OSWALD never associated with him and his friends socially or engaged in any activity which brought them close together. He advised he never met anyone through OSWALD, never went out with OSWALD, and never had any serious discussions with OSWALD. He pointed out that he was only 20 years old and OSWALD was younger, and he was not interested in anything OSWALD showed an interest in.

He advised OSWALD was interested in learning Russian and spent a great amount of his free time reading papers, printed in Russian, with the aid of a Russian-English dictionary. He reported that he asked OSWALD one evening why he did not go out like the other men, and he replied he had big future plans and implied that he would become well-known for some unspecified reason. He said he never learned anything of OSWALD's philosophy.

political or other.

He advised he believed OSWALD resented authority and was irritated when he received an order from anyone with rank in the Marine Corps.

He recalled that he learned from newspaper accounts, after OSWALD's discharge, that he had gone to Russia and had made comments that he did not like the United States and did not like the Marine Corps. He said he and other men living in the same building were interviewed, but they had no information at the time of OSWALD's beliefs and intentions. He could not recall who interviewed him and said it could have been the Base Executive Officer or an Intelligence Agent.

OSBORNE advised that due to their different natures, different activities, and their youth, he actually never learned anything of OSWALD's background, real interests, beliefs, or intentions.

He stated the following men resided in the same building at some time when he was there, but he cannot state whether they were among the ones who were there at the time OSWALD was his roommate and is certain that none of them had the opportunity to know OSWALD even as well as OSBORNE:

HENRY JOSEPH ROUSSEL, III

ALEXANDER KLEINLERER, 3542 Kent, Fort Worth Texas was interviewed at Loma Industries, Inc., Highway 81 South, where he is employed as a foreign representative for that company. KLEINLERER is a naturalized U. S. citizen, coming to the United States on May 7, 1956, from France.

KLEINLERER met LEE HARVEY OSWALD through ELENA HALL, Trail Lake Drive, Fort Worth, approximately 14 months ago. ELENA HALL was at that time divorced from her husband, JOHN HALL, and KLEINLERER was dating her at that time. ELENA HALL subsequently re-married JOHN HALL in the fall of 1962. At the time KLEINLERER met OSWALD and his wife, MARINA OSWALD, approximately September, 1962, KLEINLERER was dating ELENA HALL. The circumstances of the meeting were that a GEORGE BOUHE of Dallas brought OSWALD and his wife to Miss HALL in Fort Worth to possibly get Miss HALL to help or find some aid for Mrs. OSWALD in connection with her teeth. Miss HALL was a dental lab technician.

KLEINLERER stated that it is his recollection that Miss HALL proposed to Mrs. OSWALD that she, Mrs. OSWALD, and the baby live with her at her home on Trail Lake Drive. KLEINLERER said that OSWALD did not stay there, and it is his belief that OSWALD worked in Dallas during this time. In late October or early November, KLEINLERER received notification from OSWALD's wife that she was moving out of Miss HALL's home. Miss HALL was in New York at the time, and KLEINLERER had the key to her home and was looking after it in Miss HALL's absence. KLEINLERER went over to Miss HALL's residence to lock the doors and see that everything was all right when OSWALD came to move his wife. KLEINLERER stated that at this time when OSWALD came to move his wife, he slapped her in the face and cauhed her to go into another room crying. KLEINLERER stated that from others he got the impression that OSWALD mistreated his wife terribly. He also stated that in his opinion Mrs. OSWALD was lazy and very dirty in her housekeeping. He gained this impression from going to the HALL house ocassionally to check and see that everything was all right. On many occasions he found that Mrs. OSWALD would sleep until noon every day.

KLEINLERER stated that he met OSWALD at Miss HALL's home possibly on two occasions when he came to her house while dating Miss HALL. He said that he and OSWALD never engaged in any conversation politically, and the only conversation they had was to pass the greetings of the day, or he would talk to Mrs. OSWALD about the baby. KLEINLERER stated that he really wanted to stay away from OSWALD and no have anything to do with him. KLEINLERER said that the only other time that he met OSWALD was when he was dating Miss HALL, and it was desired to help the OSWALDs financially. He and Miss HALL took a baby bed and mattress to their home when they were living behind Montgomery Wards in Fort Worth. At that time the baby was sleeping on the floor between several suitcases. KLEINLERER pointed out that when OSWALD visited his wife at Miss HALL's, he never left her any money then or at any other time as far as he can find out. Miss HALL furnished the food for Mrs. OSWALD and other necessities.

KLEINLERER stated that he is a very good friend of MAX CLARK and his wife, who live in Fort Worth. When he saw in the paper that OSWALD was returning to the United States with his Russian wife, he spoke to MAX CLARK and his wife at that time, and he was against having anything to do with OSWALD because he said he did not trust him. He stated that at that time, MAX CLARK seemed to feel the same way but later OSWALD and his wife were brought to Fort Worth by some of the Dallas acquaintances of MAX CLARK.

KLEINLERER stated that since Miss HALL re-married and other than the above aforementioned incidents, he has had no contact whatsoever with OSWALD or his wife.

1 Alexandra Taylor Dallas, Texas Date 12/3/63

GARY E. TAYLOR, 4115 Falls Drive, telephone FE 7-8130, advised that in the Fall of 1962 when he was living at 3519 Fairmont Street, Apartment 12, Dallas, with his wife, ALEXANDRA TAYLOR, they received a telephone call from GEORGE or JEANNE DE MOHRENSCHILDT who asked ALEXANDRA if they wanted to meet a nice couple. He said he believed at the time the DE MOHRENSCHILDTs furnished background information concerning a Russian girl and a U. S. citizen who had married the girl in Russia and who eventually brought her to the United States. He said shortly afterwards he drove to Fort Worth and met LEE HARVEY OSWALD and his wife, MARINA. Present in this meeting were GEORGE DE MOHRENSCHILDT, GEORGE BOUHE, OSWALD's mother, one JOHN HALL from Midland, Texas, and a woman who intended to marry HALL. He said this meeting occurred shortly after VAN CLIBURN had a recital in the area. He said GEORGE DE MOHRENSCHILDT asked him and his wife to take MARINA into their home and that he subsequently moved MARINA from Fort Worth, Texas, to Dallas. He said he did not care for LEE HARVEY OSWALD because of his poor personal habits and his unkempt condition so LEE stayed at the YMCA which arrangements were handled by GEORGE DE MOHRENSCHILDT. He said he believed that MARINA OSWALD had stayed with them prior to the time she lived with a PAINE woman in Fort Worth. He said he had a difficult time understanding MARINA but that his wife although she could not speak Russian fluently had a knowledge of same through her parents, GEORGE and JEANNE DE MOHRENSCHILDT.

TAYLOR advised that the first discussion he had with LEE HARVEY OSWALD was the first day MARINA moved into their apartment. He stated LEE visited them that night and stayed quite late at which time they discussed philosophies of government. He said that OSWALD appeared to be looking for a Utopia and what OSWALD thought was a good government was impractical. He said no matter how much he tore down OSWALD's logic he doggedly held on to same and was quite hard-headed in his convictions. OSWALD also professed that the Russian type Government was not his ideal either because the people were suppressed by the rulers. TAYLOR advised OSWALD stated he believed people should have as much power as Presidents and Heads of State. People should live on an equal basis and receive the same amount of money for wages and live in the same size houses. Most of these discussions were quite long and drawn out and usually ended up exactly where they started.

TAYLOR advised that DE MOHRENSCHILDT and GEORGE BOUHE as mentioned previously were instrumental in getting OSWALD in at the YMCA in Dallas and DE MOHRENSCHILDT called the YMCA from the apartment.

He said that either DE MOHRENSCHILDT or DOUBE paid OSWALD's bill at the YMCA because OSWALD was in a destitute situation. He said OSWALD had very poor clothing and was making a minimum wage where he was employed. He said MARINA moved back to Fort Worth when the PAINE woman had a serious automobile accident. He said about three or four days later he picked OSWALD up at the YMCA and they drove to Fort Worth where they met MARINA, obtained OSWALD's furnishings, and he drove them back to Dallas. He said he believed they then moved into an apartment near Zangs and Davis Streets and he did not see very much of them after this move except for an occasional phone call and a visit. He believed this was some time in October, 1962. He thought that ALEXANDRA, his wife, did not see the OSWALDs after this time. He said he saw LEE OSWALD in November, 1962, for the last time but bumped into MARINA on the street in November, 1962, and he learned they were living in another apartment near the first one he had moved them into. He said he talked to MARINA with the use of the Russian-English dictionary. He said during this brief conversation MARINA mentioned LEE was studying at Crosier Tech and going to night school. He said he believed GEORGE DE MOHRENSCHILDT later mentioned OSWALD was studying photography at Crosier Tech. He said during this brief talk with MARINA he promised to visit the OSWALDs but he never saw LEE again.

TAYLOR advised he last saw MARINA in June, 1963, when they had a brief talk on the street and afterwards he left town in July, 1963, touring Texas taking films for a travelogue concern for a two month period. He said he was shocked when the President was shot and that LEE HARVEY OSWALD had been implicated in the shooting. He said in his opinion OSWALD did not appear to be the vicious type and was more of a milk toast, mild-mannered individual with the only indication of his violence being in the treatment he had given MARINA. He said in this regard he had observed MARINA with black and blue marks on her person and had learned that OSWALD had beaten her up.

TAYLOR said OSWALD did not appear to be too educated but did read a lot and he had never heard OSWALD mention the KENNEDYs or CONNALLYs or their administrations or policies. He said he never heard OSWALD say he intended to or had given up his U. S. citizenship or that the Russians wanted him to do so. He advised OSWALD had mentioned he had trouble getting out of Russia with MARINA and had mentioned he had worked as a sheet metal worker in an electronics

DL 89-43
DL 100-10461

factory in Minsk. He advised OSWALD never mentioned JACK RUBY or JACK RUBENSTEIN in his presence.

TAYLOR advised he had read in the newspaper that LEE OSWALD had traveled to New Orleans and to Mexico. He said he had no knowledge of these trips personally but was wondering where OSWALD obtained money to make these journeys. He said OSWALD was not paid very well when he worked and as he previously mentioned, OSWALD received a minimum wage and OSWALD did not remain on any one job or position very long. He said he worked for the welding company in Fort Worth a few months and later worked for a printing company which he believed to be Jaggars in Dallas for about five or six months. He said his clothing when he transported them from Fort Worth to Dallas was very poor, in a run down condition, and OSWALD often went four or five days wearing the same clothes without bathing. He added however that when photographed in New Orleans which photograph was in the paper, OSWALD was wearing a white shirt, tie, and what appeared to be form fitting trousers giving the appearance he had obtained some money. He said he had never seen OSWALD dressed up before or in decent wearing apparel until he saw him in this photograph. He said the only person he knew of that would have provided OSWALD with money would have been GEORGE DE MOHRENSCHILDT who took a great interest in OSWALD. He said that from his relationship with the two he thought OSWALD would do anything that DE MOHRENSCHILDT told him. He said if DE MOHRENSCHILDT had told OSWALD to move to Houston OSWALD would have gone. He said he knew of no other person who had more influence over OSWALD than DE MOHRENSCHILDT.

He said in regard to his former father-in-law, GEORGE DE MOHRENSCHILDT, that DE MOHRENSCHILDT preferred the Russian form of Government over the United States and stated so in his presence on a number of occasions. He also had indicated a desire to return to Russia but not because it was his home land. He said he did not believe DE MOHRENSCHILDT had any living relatives in Russia. He said the financial status of GEORGE DE MOHRENSCHILDT also varied. He said by this he meant at times DE MOHRENSCHILDT appeared to be scrimping and scraping to make ends meet and then all of a sudden DE MOHRENSCHILDT and his wife would have enough money to do as they pleased. He said he could not understand how they could travel throughout Mexico, the Caribbean, and Guatemala for fourteen months if they had been in such dire need financially. He advised that although JEANNE DE MOHRENSCHILDT, also known

as Jon Le Gon, Jean Le Gon, had worked for IKE CLARK as a fashion designer in the late 1950's and for Sanger-Harris more recently. He did not believe she made enough money to finance any trip to Mexico, Caribbean, and Guatemala. He said it was while JEANNE was working for the CLARKs that they went to Guatemala and Mexico. He said they stayed on the plantation of an acquaintance of theirs whom they had met in Tubac, Arizona. He said they met these people through ALEXANDRA's cousin, NANCY HILTON. He said he did not know how long they stayed in Guatemala on this plantation before they went to the Caribbean and eventually to Haiti but it was about 14 months before they returned to Dallas. He said when they returned DE MOHRENSCHILDT bought a new car from Ben Griffins Ford Agency. He said he thought DE MOHRENSCHILDT paid cash for the car and he felt this was certainly more money than DE MOHRENSCHILDT had when he left town on the trip.

In regard to the last trip or permanent trip, he said that JEANNE DE MOHRENSCHILDT was working for Sanger-Harris when they decided to leave for Port-au-Prince, Haiti. He said they had been scrimping and saving allegedly for this trip but he could not understand how they could manage to outfit themselves so well prior to departing for Haiti. He said they went to Haiti via Miami, Florida, some time in May or June, 1963. He said he did not get along too well with his former father-in-law so his former father-in-law corresponds with his mother and in this regard his mother received a letter from JEANNE DE MOHRENSCHILDT in care of the American Embassy, Port-au-Prince which he thought was some time in June, 1963. He advised that three weeks ago his mother received a letter from GEORGE DE MOHRENSCHILDT with a return address Box 575-1, Port-au-Prince, Haiti. He said he believes that DE MOHRENSCHILDT was arranging to operate a plantation of some kind in Haiti, for a group of financiers. He said the last letter received by his parents was within the week and it was from JEANNE DE MOHRENSCHILDT with a return address in care of American Embassy, Port-au-Prince.

TAYLOR advised that for background information concerning GEORGE DE MOHRENSCHILDT he advised he married his last wife, JEANNE, also known as Jon Le Gon, in May or June, 1959, in Dallas. He was born in Russia in the Georgian section; claimed that if the feudal system were still in effect he would have the title of Baron. He claimed he studied in Prague and taught geology at the University of Texas in 1939. He had an office in the Republic National Bank building

DL 89-43
DL 100-10461

at one time in the last five years although he did not know him to have worked very much. He said he traveled a bit and had made numerous trips to Houston, Texas, allegedly to promote work for himself and supposedly had seen GUS BROWN on these trips prior to BROWN's death. He said GUS BROWN was a partner in Brown and Root Construction Company. He said that DE MOHRENSCHILDT claimed to have worked as a consulting geologist for JAMES P. NEIL about four years ago. He said NEIL has offices in the Exchange Bank Building, Dallas. DE MOHRENSCHILDT also claimed he had a brother who is a professor at the University of Princeton and his name is believed to be VON MOHRENSCHILDT. He advised in this regard he understood GEORGE to say that his brother and he changed their name. He stated that DE MOHRENSCHILDT claimed he had worked for the State Department in the mid 1950's and in this regard DE MOHRENSCHILDT exhibited to TAYLOR photographs of the DE MOHRENSCHILDTs which photographs the DE MOHRENSCHILDTs stated were taken in Czechoslovakia and Yugoslavia.

He advised that one LOUIS McILHENY, Jr., a younger individual, more so than DE MOHRENSCHILDT, was an associate of DE MOHRENSCHILDT and a constant guest in the DE MOHRENSCHILDT residence. He stated he thought possibly DE MOHRENSCHILDT had worked for BEN GRIFFIN, a Ford dealer, where DE MOHRENSCHILDT had obtained his car. He said DE MOHRENSCHILDT claims he can speak sixteen foreign languages and can write thirteen of this sixteen. Included in this group are Chinese and Russian fluently. He said he believed DE MOHRENSCHILDT's first wife who may live in Boston had DE MOHRENSCHILDT followed by a detective agency during a custody case of one of his daughters by their first marriage. He said the woman won the suit. He advised that JEANNE was DE MOHRENSCHILDT's third wife. He advised he first met GEORGE DE MOHRENSCHILDT in the fall of 1958 when DE MOHRENSCHILDT [illegible] lived in the Maple Terrace Apartments. He said afterward they moved to a house within a block of the apartment building believed on Dickens Street and that after their return from their fourteen month trip mentioned previously they moved back to another area on Dickens Street.

He described DE MOHRENSCHILDT as a white male, 50-54 years old, 6'-6'2", 190 pounds, brown hair, dark olive complexion, robust, and athletic build, very intelligent who loves to play tennis. He stated DE MOHRENSCHILDT also had a 1962 white Ford convertible, two tone blue interior with a blue stripe inside the chrome molding on the outside of the car. He said as previously mentioned

DL 89-43
DL 100-10461

DE MOHRENSCHILDT obtained this car from Ben Griffin Ford dealer which is now defunct.

TAYLOR advised he had dated CHRISTIANA BOGOVALLENSKIA, who is the step-sister of ALEXANDRA DE MOHRENSCHILDT. He said at the time he was dating CHRISTIANA, ALEXANDRA, his former wife, was living in Paris with her mother. He said that when he met ALEXANDRA he fell in love and married her in Oklahoma in November, 1959. He said that JEANNE DE MOHRENSCHILDT, also known as Jon Le Gon, insofar as background information is concerned, was born in China, is a white female, athletic in nature, 5'2-3", 130 pounds, light brown hair, dark olive complexion, spoke with a decided French accent, and speaks and writes Russian fluently, and also is believed to speak Chinese as well. He said he does not know where she was educated but she appears to be very literate. He said she was a fashion designer for IKE CLARK in Dallas at which time she used the name, JON LE GON and also was a fashion designer for Sanger-Harris. He believed she used the name DE MOHRENSCHILDT at the time. He stated her daughter, CHRISTIANA BOGOVALLENSKIA, attended UCLA and he thought CHRISTIANA's real father, first name unknown BOGOVALLENSKIA, had been in California in a state mental hospital where CHRISTIANA used to visit him quite frequently while attending UCLA. He thought the mental hospital might be near Los Angeles in view of the above information. He stated CHRISTIANA's presently is married to an individual called RAGNAR, last name unknown, who he believes is a Russian and that at present CHRISTIANA and her husband are en route to Port-au-Prince to visit the DE MOHRENSCHILDTs.

F. ARREST DATA

NO 89-69/mh

The following investigation was conducted by SA JOHN L. QUIGLEY, at New Orleans on December 2, 1963:

Lieutenant FRANCIS L. MARTELLO, Platoon Commander, First District, New Orleans Police Department, informed that on August 10, 1963, he interviewed LEE HARVEY OSWALD at the First District Police Department after his arrest in New Orleans for distributing Fair Play for Cuba Committee literature.

During interrogation of OSWALD, Lt. MARTELLO stated he obtained from OSWALD's wallet, a piece of paper which contained handwriting and handprinting in Russian and English. One of the items appearing on this piece of paper in English was the notation: "MA PAA", followed by the numbers "33853."

Mr. PARHAM RAYMOND, Supervisor, Pan American Airways System (PAA), 709 Common Street, advised that the initials "MA PAA" meant nothing to him. Further, that the initials "MA" did not designate any Pan American flights. He could not suggest what these initials stood for.

Mr. RAYMOND further advised that the number "33853", which could possibly be a telephone number, was not the number for the New Orleans Office of PAA.

A review was made of the directory of all district sales offices for PAA, for the US, Europe, Pacific, and Latin America, which included the telephone numbers for the various sales offices, as well as the home telephone number of the ranking official of each office. There was no such number as 33853 recorded.

It was his recollection that he had discussed this matter with Captain WILFRED A. GRUSICH, SR., Deputy Commander, Traffic Division, New Orleans Police Department, where such permits are issued and GRUSICH had some months ago told him that OSWALD had obtained a permit to picket.

TROSCLAIR stated he thought possibly he may have made a memorandum of the telephone call with OSWALD, but he was not certain, adding that he had not as yet been able to locate any such memorandum.

FRITZ DIETER JAEGER, 1316 Belle Place, Fort Worth, Texas, was interviewed at the Shady Oaks County Club where he has been employed since July 30, 1963, in the kitchen Texas

JAEGER came to the United States on July 13, 1963, from Cologne, Germany.

His purpose in coming to the United States was to visit an aunt and uncle, R. R. CRUMP, 1316 Belle Place, Fort Worth Texas. He does not stay with his relatives but in a room nearby at the corner of Camp Bowie and Clover Lane. JAEGER said he liked it here in Fort Worth and recently applied for a resident visa with Immigration and Naturalization Service, Dallas, Texas.

JAEGER was in the German Merchant Marine from approximately 1960 to 1963. After getting out of the Merchant Marine, he then worked in Cologne, Germany, at the Opra Restaurant as a kitchen butcher until he came to the United States in July, 1963.

While JAEGER was in the German Merchant Marine, his ship docked in many Russian ports including Leningrad, Russia. He said that he had been to Leningrad two or three different times. To the best of his recollection, while in Leningrad during 1961, he and his shipmates visited the Inter Club. This club is known as the International Club and is set up by Russia only for foreigners. No Russian nationals were allowed at the club except for the workers. JAEGER described the club as an information center for the Russians. It consisted of a large room which has microphones throughout the club to overhear any conversations throughout the building. The drinks are free and there are Russians there to entertain, and elicit any information from foreigners by eavesdropping and questioning.

JAEGER said that on this visit to Leningrad and while at the Inter Club, he went to a cinema with someone he believed was OSWALD and identical with LEE HARVEY OSWALD. JAEGER said he was

brought together with this OSWALD because OSWALD and JAEGER were in a group speaking English. During the cinema, JAEGER sat alongside OSWALD and asked him many questions about the film which was in English, and JAEGER did not understand everything that was said.

JAEGER said he did not talk to OSWALD very much, and OSWALD never talked much with him because of microphones placed around the building. JAEGER said he did not ask if OSWALD was there as a foreigner or a Russian. JAEGER said that he did not have to ask OSWALD this because in his own mind he knew that OSWALD was a communist and working there. Further, OSWALD did not leave the Inter Club when it closed at midnight to him and his shipmates. JAEGER admitted that the possibility existed that OSWALD could have been a tourist and could have had a different type pass from what he had.

JAEGER said the Secret Service in Dallas, Texas, exhibited him a photograph of a woman which he identified as being known to him, JAEGER, as LOBUJIBXMARREKA (phonetic) and which woman he had seen in the Inter Club as an entertainer. JAEGER said he saw her talk to other people. JAEGER said that he cannot remember whether he ever talked to her, danced with her or that he saw her more than once during his visits to the Inter Club. He said this woman could have handed him a magazine, but JAEGER was not specific in any contacts with this woman whom he identified for the Secret Service.

With regard to any conversations JAEGER had with OSWALD, he said that OSWALD only asked him if he ever docked on the Gulf Coast of the United States. Before JAEGER answered, OSWALD said he knew the Gulf Coast very well.

JAEGER said that the first time that he knew that OSWALD was an American was approximately a week ago when he was accused of the assassination of former President JOHN F. KENNEDY. He related that the Secret Service had shown him a picture of a marine in a uniform, allegedly OSWALD, and he has seen LEE HARVEY OSWALD's picture on television. With regard to identifying OSWALD,

JAEGER said that he cannot say for sure that the OSWALD he met in the Inter Club is the same as LEE HARVEY OSWALD, but he is 90% sure.

JAEGER mentioned that he might have OSWALD's name in a book which he has in Cologne, Germany. He stated it was his practice to write names of people that he met at the Inter Club in this book, and he has written to Cologne for the book and will supply it to the Secret Service when he receives it.

JAEGER stated that he has been to Dallas, Texas, only to talk with the Secret Service and the other time to the Immigration and Naturalization Service Office for a resident visa.

FRITZ DIETER JAEGER was re-interviewed at the Shady Oaks Country Club, where he is employed as a Cook. He advised that on Saturday, night, November 30, 1963, he visited the High top Club, a tavern on the Jacksboro Highway. JAEGER was driving a 1956 Ford, Victoria, which he is buying from WOLFGANG H. SCHMITZ, a Chef at the Club. JAEGER admitted taking a copy of a signed statement which he had previously given the Secret Service when interviewed by them. He said that he did not read, or understand, English well and wanted someone to help him read it. Further, it was not his intention to divulge any information in discussing the statement with RONNIE (LAST NAME UNKNOWN), owner or manager of the Hightop Club, but to determine if he had done the right thing because RONNIE was his friend. He stated that he had furnished all the information he knows about OSWALD when previously interviewed and he again reiterated that he is ninety per cent sure that it was OSWALD and his wife that he saw in the Inter Club in Leningrad, Russia, when he visited the Club while in the German Merchant Marine. JAEGER again denied knowing RUBY. He says he had talked about this at the Hightop Club, but he was misquoted or misunderstood by the people there.

JAEGER indicated that he had talked to CHRISTENE GRAVES, a waitress at the Cattlemen's Restaurant in Fort Worth. It was his impression that she was going to Cologne, Germany, where she is from, and it was she who had called him asking if he had any information she could carry to his folks there in the way of greetings. JAEGER stated that he and Miss GRAVES only discussed things of common interest, namely the fact that they were both born in Cologne, Germany.

JAEGER was requested to refrain from making statements concerning LEE HARVEY OSWALD and JACK RUBY, and to furnish such information as he may have to the appropriate authorities. JAEGER agreed to furnish any additional information coming to his attention, or any recollections that he may have of his possible contacts with OSWALD to the FBI.

FREDERICK B. MYERS, Post Office Box 1126, Baton Rouge, Louisiana, telephonically furnished the following information to Night Clerk J. LEROY TONEY at 8:50 PM, November 26, 1963:

Mr. MYERS stated that he had been talking to "CHARLIE" of Charlie's Place, 620 Carondelet Street, New Orleans, and that Charlie said that he believed he saw LEE OSWALD come into his place with a girl who works at a stationery shop at 600 Baronne Street, New Orleans. Mr. MYERS did not know the name of the girl.

CHARLIE VILLAS, owner and operator of Charlie's Restaurant and Bar, also known as Charlie's Place, 640 Carondelet Street, advised SA LESTER G. DAVIS on December 2, 1963 that he recalls mentioning that he had believed he had seen LEE OSWALD come into his place with a girl. Mr. VILLAS stated that he had made this statement shortly after the assassination of President KENNEDY and before he had read very much concerning LEE OSWALD. He continued that the person he had in mind was a man older than OSWALD was at the time of the assassination of President KENNEDY and that the incidents he had in mind occurred three years ago. He continued that this man would meet a girl who worked in an office supply store on Baronne Street at the bar. He did not know the name of either person or where the man lived or worked. He continued that he has since seen photographs of OSWALD in the newspaper and on television and has read about OSWALD's age and background and now realizes that the man he had in mind was much older than OSWALD.

A photograph of LEE HARVEY OSWALD was exhibited to Mr. VILLAS and he advised definitely that the man he had in mind was not OSWALD, adding that it could not have been, since OSWALD did not live here three years ago.

RAYMOND FRANKLIN KRYSTINIK, Research Engineer, Bell Helicopter Research Laboratory, 3006 Avenue E East, stated that he had been employed by Bell Helicopter since 1960 and presently resides at 2121 Greenway, Arlington, Texas. He stated that he had been born August 21, 1922, at Caldwell, Texas, and graduated from Texas A & M University with a Bachelor of Science Degree in aeronautical engineering in June, 1960. He gave the following information:

Since 1960 at Bell Helicopter, KRYSTINIK has worked in the same office with MICHAEL PAINE, also a research engineer. In addition to working together, KRYSTINIK stated he and PAINE are good friends. He stated that in conversation with PAINE, he heard that PAINE's estranged wife has taken into her home a Russian girl, the wife of a man named LEE OSWALD.

Approximately one month ago, exact date now unrecalled to KRYSTINIK other than it was the day after ADLAI STEVENSON, Ambassador to the United Nations, spoke in Dallas, KRYSTINIK and his wife accompanied MICHAEL PAINE to Southern Methodist University in Dallas, where they attended a meeting of the American Civil Liberties Union in one of the campus buildings, the name of which is unknown to KRYSTINIK. This meeting began at approximately 8:00 p.m., and there were approximately forty people present. KRYSTINIK cannot remember exactly the name of the presiding officer but believes the individual presiding was a man named PEMBERTON. When KRYSTINIK and his wife and PAINE entered the room, they sat down next to an individual whom PAINE introduced as LEE OSWALD. KRYSTINIK said that OSWALD was dressed in a beige colored windbreaker type jacket and did not wear a necktie. KRYSTINIK stated that this was the same man whom he has seen during the last two days on television who was accused of the assassination of President JOHN F. KENNEDY.

The meeting lasted approximately two hours and most of the time was taken up by the showing of a documentary film which portrayed a "smear" campaign reportedly waged against a political candidate in a recent election in the Pacific Northwest. KRYSTINIK does not recall the name of

this candidate nor the exact office he was seeking. The theme of the film was that the political candidate's wife was an ex-Communist and this fact was used against him personally by political opponents, and this resulted in his being defeated for the office he was seeking. After the film, there was a question and answer period, and the presiding officer made reference to the fact that Ambassador STEVENSON had been struck on the head by a sign poster at a meeting in Dallas the day before. LEE OSWALD jumped to his feet and interjected himself into the discussion by stating that General EDWIN WALKER was responsible for the trouble at the STEVENSON meeting and stated emphatically that General WALKER was both anti-Semitic and anti-Catholic.

KRYSTINIK, a member of the Roman Catholic faith, followed OSWALD from the room when the meeting adjourned at approximately 10:00 p.m. and began questioning him in general about the anti-Catholic allegation against General WALKER. The discussion between them became rather heated, and OSWALD told KRYSTINIK that KRYSTINIK was a "petty capitalist." This apparently arose because OSWALD had learned that KRYSTINIK had a home wood-working workshop where he manufactures birdhouses and occasionally employs three men in the manufacture of these birdhouses. OSWALD told KRYSTINIK that he was exploiting his workers. KRYSTINIK asked OSWALD about his political belief, and OSWALD stated that he was a "Marxist." KRYSTINIK then asked, "Does that mean you are a Communist?" OSWALD then said, "All right, if you want to call me that, that is what I am, I am a Communist."

KRYSTINIK then asked what OSWALD thought of the administration of President KENNEDY, and OSWALD said, "They are doing a good job as far as civil rights are concerned."

Shortly after this statement KRYSTINIK and his wife, CHARLOTTE EMILY, left the campus of Southern Methodist University and drove to the downtown business district of Dallas. KRYSTINIK stated that he and his wife have been married ten years and that neither of them drink alcohol or smoke and they had never during their married lives been to a nightclub. He stated, however, that night he and his wife went to the Carousel Night Club in Dallas to see the floor show and at that time he saw an individual, apparently the club manager, whom he saw later on television identified as JACK RUBY, the man who shot LEE OSWALD. KRYSTINIK and his wife had no

conversation with REY or any other club employee while in the club. KRYSTINIK said that he did not see LEE OSWALD in the club, and as far as he knew, OSWALD had stayed behind in the vicinity of the campus of Southern Methodist University after the meeting adjourned.

KRYSTINIK said that he is not a member of the American Civil Liberties Union, and this is the first meeting he has ever attended. He stated that MICHAEL PAINE might possibly be a member of this group and might be able to identify other individuals who attended the meeting.

After the meeting, KRYSTINIK discussed LEE OSWALD on several occasions with PAINE, and in all conversations expressed to PAINE his strong dislike for OSWALD. PAINE told KRYSTINIK that OSWALD was generally considered by his associates to be obnoxious and that nine out of ten people would dislike him personally. KRYSTINIK said that PAINE comes from a Quaker background in Pennsylvania, presently attends a Unitarian Church, and KRYSTINIK received the definite impression that PAINE felt sorry for OSWALD and was trying to convert him.

During one of these conversations, PAINE told KRYSTINIK that things might be looking up for LEE OSWALD because he had been able to get a job at the Texas School Book Depository in Dallas, and it looked like he might be able to contribute to the support of his wife.

On November 22, 1963, the day of the Presidential assassination, KRYSTINIK and PAINE were in the office of the Bell Helicopter Company laboratory when they heard the news that the President had been shot. There was some discussion about the exact location of where the shooting had occurred, so they looked it up on the Dallas city map. PAINE said with surprise, "That is right next to the Texas School Book Depository building." KRYSTINIK then said, "Well, isn't that where LEE OSWALD works?" PAINE said, "Yes, but he does not even own a gun."

Later on in another broadcast, KRYSTINIK and PAINE heard that OSWALD had been arrested after shooting a Dallas police officer.

NY 89-43

KRYSTINIK said he had not had any further discussion with PAIKE for the past day or so other than the fact that he told PAIKE that PAIKE could bring his estranged wife to live at the KRYSTINIK residence in the event she received any threats of violence.

EDWARD A. BRAND telephonically contacted the Dallas Office, on December 2, 1963. At this time, he advised that approximately two weeks before President JOHN F. KENNEDY was assassinated in Dallas, Texas, an individual entered his insurance office, which is located at 1045 North Zangs, in Dallas. His insurance company is known as the Tower Insurance Agency. This individual identified himself as O. H. LEE and stated he resided directly across the street in a rooming house owned by A. C. JOHNSON. LEE further stated he had just moved to Dallas from San Antonio, Texas, and was inquiring regarding automobile liability insurance. BRAND inquired of LEE what type of car he owned, to which LEE replied he did not own a car, but intended to buy one in the near future. For this reason, BRAND was unable to quote any exact insurance rates, but suggested LEE return after purchasing a car.

BRAND also was of the opinion the only identification he saw of LEE's was a Texas drivers license, but did not notice if the initials were O. H., but believed the last name was LEE on this drivers license.

BRAND concluded by saying he did not immediately recognize LEE HARVEY OSWALD's photograph in the Dallas newspapers, or on television, until after reading OSWALD had in the past used the name LEE, at which time he did recognize OSWALD's photograph as being the individual who contacted him regarding insurance under the name of O. HENRY A. DIEBOLD, Tax Administrator, Bureau of Treasury, City Of New Orleans, Room 1W09, City Hall, Loyola Avenue, advised that all permits for parades are under his personal jurisdiction and he has been personally issuing such permits since 1955. In addition, he has issued over the same period of time, mayoralty permits, meaning permits issued to individuals and/or groups for the distribution of handbills and/or literature in the city.

With regards to the issuing of parade permits, he advised his records would only reflect those permits which were actually issued, but he would have no record of those permits which were denied. He said that he issued the permits after they were approved by the Superintendent of Police and the Mayor's Office in New Orleans. He commented further that frequently persons came to his office to secure applications for parade permits, however, such applications could also be secured from the Traffic Division of the New Orleans Police Department.

A photograph of LEE HARVEY OSWALD was shown to Mr. DIEBOLD, which was taken August 9, 1963 by New Orleans Police Department, their number 112 723. He said that he had never seen this individual in his office at all.

Mr. DIEBOLD reviewed his ledger reflecting the issuing of permits for the distribution of handbills and literature, which covered a period of from January 2, 1962 to date. It failed to reflect the issuing of a permit to anyone by the name of LEE HARVEY OSWALD, A. J. HIDELL, ALEX or ALEK JAMES HIDELL or O. H. LEE. He further stated that there was nothing in his records which would indicate that any permit to distribute handbills had been issued to any organization or individual having political affiliations with Cuba or any other foreign country.

Mr. DIEBOLD also reviewed approved parade permits as far back as 1961 and could locate none that had been issued to any person with the above names or any organization or individual having political affiliations with Cuba or any other foreign country.

Sergeant GEORGE B. DE DUAL, SR., advised he is Assistant to Captain WILFRED A. GRUSICH, SR., Deputy Commander Traffic Division, New Orleans, Louisiana Police Department. Sergeant DE DUAL stated in the absence of Captain GRUSICH he has the authority to approve parade permits.

As best he can remember sometime prior to April of 1962 three individuals came into the Traffic Division and informed him that they were interested in staging a parade on the streets of the City of New Orleans for the purpose of raising funds which funds would be sent to Cubans in Cuba to fight FIDEL CASTRO and his Regime. Two of these individuals who he can only describe as being of Spanish extraction, dark, and who spoke very little English were merely present, the third person in the group was an American who spoke good English. When it was determined the purpose of the parade DE DUAL stated he consulted with Captain GRUSICH and it was decided that this group would be stalled and not authorized a permit since what they wanted to do would be controversal in nature. He remembered that he helped these individuals fill out part of the parade application but at this time the individuals did not have the information with respect to the time of the parade or the route. He recalled that they wanted to have a band included in the parade which was to go into the commercial area of New Orleans. Since the having of a band in a parade in the commercial district is not permitted and would technically prevent an issuing of a permit DE DUAL said that he told the individuals that a permit could not be issued to them. It was his recollection that these individuals returned to see him on two or three different occasions thereafter still endeavoring to secure the parade permit but which was continually denied to them. After this the group never came back.

DE DUAL could not remember what happened to the partially completed parade application but it was his thought that the individuals had taken it with them. He said that he had checked the approved and disapproved parade permits as far back as 1960 and could not identify any of these permits with the one that he had in mind.

Following the assassination of President JOHN F. KENNEDY on November 22, 1963 and the showing on television of

LEE HARVEY OSWALD, DE DUAL said that he mentioned to Captain GRUBICH that he thought possibly this person could have been the same individual who had sought the parade permit as related above.

DE DUAL was shown a photograph of LEE HARVEY OSWALD taken August 9, 1963 by New Orleans Police Department Number 112 723. After studying this photograph he said that he was not in a position to say that the American that he had referred to was OSWALD although it was his thought that he generally looked similar to OSWALD. He added, however, since it has been publicized that OSWALD was not in the U. S. at this time, it obviously could not have been him.

Captain WILFRED A. GRUSICH, SR., Deputy Commander, Traffic Division, New Orleans Police Department, advised that he recalled that on or about March, 1962, he had informed Major PRESLEY J. TROSCLAIR, JR., that some individuals had wanted to secure a parade permit, which permit was denied.

He said he told him there had been three people in his office, who claimed to be representing some Cuban exiles who wanted to secure a parade permit so that funds could be raised and sent to Cuba to fight the Castro Regime. He stated he did not tell Major TROSCLAIR that a parade permit had been issued, on the contrary that it was not going to be approved. He stated further that he did not tell TROSCLAIR that LEE HARVEY OSWALD had been issued a permit to picket in New Orleans. He said there is no requirement to secure a permit to picket in the City of New Orleans.

Captain GRUSICH said that as best he can recall, he did not tell Major TROSCLAIR that one of these individuals who wanted the parade permit was OSWALD, but merely identified them as three individuals who wanted to get a parade permit.

Mr. ALVIN ~~J.~~ LIBKA advised he is the City Attorney for the City of New Orleans. He advised that any action taken against any group of citizens enjoining them in any manner would have to clear through his office. He advised that he himself has no authority to enjoin anyone, that the action would have to be initiated through the City Council, who in turn would either authorize or refuse such restraining action. He advised that he could recall no instance whatsoever of his office having become involved with any of the various Cuban groups active in New Orleans. He stated he had no recollection or knowledge of the Cuban Students Directorate and is certain beyond any doubt he would recall any contact with LEE HARVEY OSWALD. He advised that in the normal course of events these groups would become involved with the police department and handled in court there, Municipal or otherwise, and his office would not be involved, as was the case of OSWALD but he is certain OSWALD did not seek any injunctive procedure through his office.

Mrs. H. B. DILLARD, Adjustment Clerk, Dallas City Water and Sewage Department, City Hall, Room 103, advised the Dallas City Water and Sewage Department had a signed contract bearing the name L. H. OSWALD, Account No. 15-08-5675, reflecting a $5.00 deposit had been made on March 4, 1963 for services on Meter No. 42616 located 214 West Neeley, Dallas, Texas.

On March 28, 1963, a gross bill of $3.27 was mailed to L. H. OSWALD at 214 West Neeley Street, reflecting service from March 4, 1963 to March 20, 1963 when the water meter had been read. This bill bore a notice that the discount date extended to April 9, 1963 and payment before that time would be $2.97.

Mrs. DILLARD stated that the $2.97 which went through their bookkeeping system on April 4, 1963, would indicate that it was probably paid that day. She did state, however, that bills actually paid late in the afternoon of one day would be run through the bookkeeping department on the following day. Mrs. DILLARD stated there was no method whereby they could definitely ascertain whether or not this $2.97 had been paid late in the afternoon of April 3, 1963 or paid on April 4, 1963.

The next bill mailed by the Water Department to L. H. OSWALD, 214 West Neeley Street, was in the amount of $4.00 net. This bill was not paid by OSWALD. Service continued until May 20, 1963, when service was disconnected and at that time an additional $2.51 bill had accumulated for service, making a total of $6.51. At the time service was disconnected on May 20, 1963 and the $5.00 deposit was applied to this amount, the records of the Water and Sewage Department reflected $1.51 still owing unpaid.

At the time service was discontinued, the apartment was vacant, and, having received no forwarding notice, the original $5.00 deposit was applied toward the accrued water bill.

ED HERBERT, News Director, KTVT-TV, 4800 West Lancaster, stated he noticed in the Sunday, Fort Worth Star Telegram a news story alledging that LEE H. OSWALD had reportedly received Western Union Money Orders in the denominations of $10 and $20 from an individual in the State of Mississippi, who was described as being a "right winger", a "former Marine", and "may have served with OSWALD in the U. S. Marine Corps".

HERBERT said it occurred to him that BYRON de la BECKWITH, the individual charged with the murder of National Association for the Advancement of Colored People official, MEDGAR EVERS, was both a right winger and a former member of the Marine Corps. HERBERT said that he sent a query to the Associated Press in Jackson, Mississippi, asking that agency to determine whether possibly DE LA BECKWITH had sent Western Union Money Orders to OSWALD. HERBERT said apparently the Associated Press man at Jackson had misunderstood the query and had checked only at the Western Union office to find if money orders had been sent, because HERBERT's reply from the Associated Press in Jackson had said only that there was no record of money orders sent to OSWALD in the Western Union office at Jackson, and no information was set forth about DE LA BECKWITH.

HERBERT stated that the basis for his query was the newspaper story and he had done no further checking into any possible connection between OSWALD and DE LA BECKWITH.

Confidential Informant Dallas T-14 advised on December 2, 1963, that while he does not see all money orders he does not recall recently seeing any money orders being sent to OSWALD from [redacted] and has heard no comments of other clerks that they have seen such money orders. Dallas T-14 stated that records of [redacted] Dallas, Texas, could be checked for this information as money order records are filed alphabetically by the name of the recipient at the receiving office.

Confidential Informant Dallas T-16 advised that Selective Service records reflect that LEE HARVEY OSWALD registered on September 14, 1959, with Local Board 114, Fort Worth, Texas, and he has SSN 41-114-39-532. OSWALD was born October 18, 1939, at New Orleans, Louisiana, and resided at 3124 W. 5th Street, Fort Worth, when he registered. He listed as his nearest relative, a brother, ROBERT OSWALD, 7313 Davenport Street, Fort Worth. OSWALD served in the U. S. Marine Corps from October 24, 1959, to November 7, 1959, when he was honorably discharged. In the military service he was an electronics operator, and his civil occupation was that of a radio operator. On February 2, 1960, OSWALD was classified IV-A.

A newspaper clipping reflected that OSWALD attended Arlington High School one year before he entered the U. S. Marine Corps, and he went to Moscow five weeks after his discharge from the Marine Corps.

With regard to Selective Service card bearing the name LEE HARVEY OSWALD, SSN 43-354-39-37, Mrs. WILSON advised that the numeral 43 is a prefix for the State of Vermont and 354 is the indicated Local Board. The State of Vermont has only 14 local boards; therefore, this appears to be an altered card.

With regard to Selective Service card bearing the name ALEK JAMES HIDELL, SSN 42-224-39-5321, Local Board No. 4, Fort Worth, Texas, Dallas T-16 advised there is no Local Board No. 4 in Fort Worth. She stated the numeral 42 is a prefix for the State of Utah and 224 is the indicated Local Board. The State of Utah has only 39 local boards; therefore, this appears to be a fictitious registration card.

An individual who identified herself as WANDA LORMAN, Texas, owner of Wanda's Seven Seas Bar, 608 Iberville Street, telephonically furnished the following information to Supervisor LEON M. GASKILL at 12:25 PM, November 26, 1963:

Miss LORMAN stated she overheard a conversation in her bar to the effect that LEE OSWALD hung out at Jenkins Book Store, 600 Magazine Street, and that the Jenkins Book Store was known as a communist hangout. Miss LORMAN would not further explain the information she furnished. She could not or would not state from whom she had received this information. She requested that she not be contacted at her place of business concerning this, adding that if she obtained any further information she would contact the FBI.

Miss ANN MORGENSEN, Texas, Assistant Manager, The Jenkins Book Company, Inc., 600 Magazine Street, furnished the following information to SA LESTER G. DAVIS on November 29, 1963:

The Jenkins Book Company sells books on a wholesale basis only. She advised that the majority of the books were books for children, but that books for adults were carried in stock. She explained that these were in the category of library books. She continued that her company sells mostly to elementary schools, public libraries and universities.

Miss MORGENSEN stated that they have no reading room at this book company and that if anyone came in requesting to read any of the books in stock, they would be turned away as books are for sale only and in wholesale lots at that.

Miss MORGENSEN advised that her office is adjacent to the entrance to the book company and she sees practically everyone who comes into this store. She viewed a photograph of LEE HARVEY OSWALD and advised that she did not recognize OSWALD as anyone who had ever been in the book store. She stated that it was possible that he might have at some time made inquiry regarding their books, but that books would not have been sold or loaned him since the company does not do business with individuals.

WILLIAM D. HOGAN, 217½ Bourbon Street, New Orleans, La., a graduate in the Department of Sociology, presently working in the Division of Biostatistics, Tulane University Medical School, advised that he knew ROBERT HOFFMAN and had attended parties held at HOFFMAN's apartment, which was located on Robert Street, about four blocks toward the river from St. Charles Avenue. He said that HOFFMAN is presently in the University of North Carolina. He observed a photograph of LEE HARVEY OSWALD and stated that OSWALD definitely was not at any party held at HOFFMAN's apartment in which he, HOGAN, attended. He stated he is certain that if OSWALD had attended a party at HOFFMAN's apartment, that some of the other guests would have remembered him and most certainly would have called this to his attention after all the publicity which OSWALD has received.

HOGAN stated that he left New Orleans about June 11 or 12, 1963, to attend a six-week summer school session at the University of North Carolina. The summer school began on June 17 and ended on July 26, 1963. He said that on his way back to New Orleans he spent several days in Florida and actually returned to New Orleans about August 1, 1963. He said the parties he attended at HOFFMAN's apartment would have been prior to his attendance at summer school since he has been very busy at the university since his return to New Orleans and has not attended any social functions.

Mr. JAMES HERBERT MARTIN, who resides at 11611 Farrar Street, and in whose house MARINA OSWALD is residing, advised MARINA OSWALD had retained the services of an attorney on his recommendation. This attorney is JOHN M. THORPE of the firm of Thorpe & Leech, Attorneys and Counselors-at-Law, 302 W. College Street, Grand Prairie, Texas, telephone numbers AM 2-2606 - office, and AM 4-1898 - residence.

Mr. MARTIN advised that MARINA OSWALD continued to receive a number of letters containing checks and money orders for cash and that he had been handling this money for MARINA. He said that to date $5,926.15 has been received and these amounts have been deposited in a savings and a checking account in the First National Bank of Dallas. In addition, $1,000 has been collected by a Rev. Allen of the First Methodist Church in Houston for MARINA and $600 has been collected for MARINA by a group in Ft. Worth, Texas.

He stated he has a tentative appointment with a reporter representing the Huntley-Brinkley Report for December 5, 1963, concerning the appearance of MARINA in an interview on this program. He said that if arrangements can be worked out an interview with MARINA will probably be filmed at the Inn of the Six Flags, Ft. Worth-Dallas, where Mr. MARTIN is Resident Manager, sometime around December 6 or 7, 1963.

Mr. MARTIN made the statement that he had heard that Mrs. PAINE had received $5,000 for giving an article to Look magazine and that he felt MARINA should also get whatever money she could on behalf of her children. He said that he believes that MARINA should give only a copyrighted interview and for that reason he felt the services of an attorney were needed.

MARTIN said that he considers himself as the agent of MARINA.

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar Street, Dallas, Texas, telephone DAvis 7-6569.

MARINA OSWALD furnished the following background information concerning herself. She was born July 17, 1941, at Severodvinsk (formerly called Molotovsk), Arkhangel Oblast, USSR. She does not know who her father was. Her stepfather is ALEXANDER IVANOVICH MEDVEDEV. Her mother is KLAVDIA VASILEVNA MEDVEDEV. She moved from Severodvinsk while she was an infant and went to live in Arkhangelsk, Arkhangel Oblast, where she lived with her maternal grandmother, TATIANA YAKOVLEVNA PRUSAKOVA, now deceased, and her grandfather, VASILI PRUSAKOV (sometimes spelled PROOSAKOV). Russ She remembers her grandfather wore a uniform and her mother always told her that he was a Captain First Class. Her grandfather died when she was about 4 or 4½ years old and she continued to live with her grandmother until she was about 7 years old. When she was 7, she went back to live with her stepfather and mother at Zguritza, Moldavian, SSR (formerly called Besarabia). A half-brother, PIOTR ALEXANDROVICH MEDVEDEV, was born at Arkhangelsk in 1945 or 1946, and a half-sister, TATIANA ALEXANDROVNA MEDVEDEVA, was born in 1948. Russia Tatyana Aleksandrovna Medvedyeva

At Zguritza she went to school for 4 years. Then the entire family moved to Leningrad in 1952 where she entered the 5th grade. It was in this town that her stepfather was born and he had now returned home. Her stepfather was by training and profession an electrical worker. He was skilled, and in Leningrad at this time had a job maintaining equipment in a gas producing plant. He had, before the war, been employed in the Moldavian SSR at an electrical station. During the war he was mobilized and had spent the war at the front. She believes he was some sort of an Army Officer. Meanwhile, her mother worked in a hospital. She does not know where.

She attended the fifth, sixth, and seventh grades of a ten-year school called the 374th Woman's School at Leningrad. At the conclusion of her seventh grade she wanted to go to a specialized school because her mother was quite ill and she felt that she might need a specialty in order that she

might be independent. She was allowed to enter a specialty school, which she did following the conclusion of her seventh grade work. She entered the Pharmacy Technicum at Leningrad in 1955 and graduated with a diploma as a pharmacist in June, 1959. During her last year in pharmacy school she had also worked in a drug store in Leningrad. This drug store was a central drug store located on Nevsky Prospect (a main street in Leningrad). Her mother died when she was in the second year of pharmacy school. She continued to reside with her stepfather although she felt like a stranger in the house. She explained that she and her stepfather did not get along well together and that this had been a situation of long standing. She explained that this situation was probably more due to her actions than to those of her stepfather. She said she had been "fresh" with her mother, particularly, and the stepfather had not liked this. She said she was not amenable to discipline and was generally a source of concern to her stepfather.

She advised that during this time while she was attending pharmacy school after her mother died she took meals away from the stepfather's home although she slept there. She explained that upon the death of her mother the children had come into a pension, and that this was divided three ways.

MARIKA said she did not feel that her childhood was a happy one because of the friction between herself and her stepfather.

Upon graduation from pharmaceutical school in June, 1959, she was assigned work in a pharmaceutical warehouse in Leningrad. This work consisted of packing and preparing pharmaceutical orders. She did not like the work and quit after one day. She explained that generally a person had 3 days in which to decide whether or not to retain a professional type job and that it was not a black mark to quit a job during this first three days. After quitting this job, she took a two months' vacation, and just enjoyed herself. She was residing in her stepfather's house in Leningrad.

Toward the end of August, 1959, she bought a railroad ticket to Minsk, Belorussia, SSR, as she had decided to go live with her aunt and uncle who reside in Minsk. Minsk is a 24-hour railroad ride from Leningrad. This uncle is ILIA VASILIEVICH PRUSAKOV, who is now about 52 years of age, and the aunt is VALENTINA GURIEVKA PRUSAKOVA, who is now about 37 years of age. This aunt and uncle had lived in Arkhangelsk when she lived there. Her grandmother had lived with this aunt and uncle for a while prior to her death. There was a mutual liking between this aunt and uncle and MARINA. This uncle had graduated from college as an engineer, specializing in lumber. He had been in the Armed Forces in World War II and after the war was assigned to the Ministry of Internal Affairs of Belorussia, in Minsk, and is presently in charge of the department which deals with lumber. Although he works as an engineer, he has the rank of a Colonel or Lieutenant Colonel and always wears a military uniform. Everybody in this ministry wears a uniform. For example, a medical doctor who lives in the same apartment house as does her uncle and who works in this ministry also wears a military uniform.

Her aunt, VALENTINA, had no children, and she spent her time at the apartment.

When she arrived at the apartment of her aunt and uncle, they had a general discussion about her, MARINA's, future, and it was agreed that she could remain at the apartment if she wanted to do so. MARINA said that she was going to look for a job. The aunt said that MARINA would probably get married soon, but the uncle was opposed to an early marriage by MARINA. MARINA was 18 at this time. MARINA said she herself was opposed to marriage at this time and desired only to get a job and go to work.

She had previously had male admirers in Leningrad and had only recently broken up with one particular boy. This boy's mother was very interested in her son marrying MARINA, but neither the boy nor MARINA felt that their relationship was close enough for marriage. MARINA refused to give the name of this boy at this time.

Concerning the uncle's apartment, MARINA said it was one of the best in the apartment house, which was for the employees of the Ministry of Internal Affairs. It was located on the 4th floor and had a kitchen, one bath, a foyer, a study, one bedroom, and a combination living room and dining room. The rooms were large although the kitchen was rather small.

In October, 1959, MARINA went to work in the drug section of the Third Clinical Hospital in Minsk, which is located on Lenin Street, in the central section of Minsk. She worked there for one year, until October, 1960, at which time she had earned a month's vacation. She took this vacation in a rest home near Leningrad. This rest home had several cottages in forest-like surroundings. The sexes were separated. The persons at the rest home ate, slept, relaxed, and had fun.

Concerning her social life, MARINA said, as stated before, that she had had several male admirers in Leningrad but had not been interested in matrimony. She pointed out, parenthetically, that at that time her teeth were in good condition and she took pains with her appearance and she believed that she was attractive to men. She said that at the present time she has lost several of her teeth as a result of her two pregnancies and does not feel that she is as attractive as she once was.

She advised that while living in Leningrad she had visited Minsk on vacation on several occasions. On one of these occasions her uncle had introduced her to a young man who lived in the same apartment as did her uncle. This young man, in turn, introduced her to another young man. Then this last young man introduced her to many young men and women with whom he associated socially. These young people were for the most part students in the schools of architecture, medicine, and engineering. Their social life was taken up, in good part, by getting together in cafes where they would sip coffee, exchange gossip, and read newspapers. Also, very heated discussions were carried on among the students about different architectural designs or other professional topics. Also, on occasion various young people would get together at someone's house and listen to records. She said that the crowd more or

less ran together and that she, MARINA, did not desire to pair up with any particular boy friend. This was an enjoyable period of her life and she found her social associations very pleasant.

Concerning the two young men to whom she was first introduced, MARINA advised that she did not care to divulge their names. She said that the first young man to whom she had been introduced by her uncle and who resided in the same apartment house as her uncle spent his vacations in Minsk although he studied in Leningrad. The second young man to whom she was introduced by the first young man is a student at Minsk at some technical institute. The first boy's father is an engineer in the Ministry of Internal Affairs and the father of the second boy is a professor of Science in a technical institute in Minsk.

She advised that she once was invited by some medical student friends to attend an affair which was a combination social and cultural event to be held at the Palace of Culture. She stated that the Palace had been evidently rented by the medical institute for this purpose. She said she decided to go to this affair and spent a good deal of time dressing and preparing for it. When she finally was ready to go she decided not to go. Then her uncle said that as long as she was already dressed and ready that she should go, so she went. She said that she arrived at about 10 o'clock, which was three hours after the affair had started. MARINA pointed out that the first part of the evening had been devoted primarily to a lecture by a Russian woman who had visited the United States as a tourist. Her lecture had dealt with her impressions of the United States. MARINA arrived too late to hear this lecture. The woman lecturer had a son who was a medical student in Minsk and this son was in attendance at this affair on this occasion. This son was an acquaintance of LEE OSWALD.

When MARINA arrived at the affair, as she described it, well dressed and pretty, LEE OSWALD almost immediately saw her and told his medical student acquaintance that he would like to meet her. She was introduced to OSWALD by this medical

student and OSWALD immediately asked her to dance. She accepted OSWALD's invitation and they spent much time together that evening.

She said that OSWALD's Russian, although good, bore a definite accent. She thought that he probably had come from one of the Russian speaking Baltic countries.

At this point MARINA interposed that she had attended this affair about the middle of March, 1961, and she had married LEE OSWALD on April 30, 1961.

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar Street, Dallas, Texas, telephone DAvis 7-6569.

She advised that after OSWALD returned to Dallas in early October, 1963, and found a room in Oak Cliff, he had called her an average of twice a day to inquire about her condition as her second child was due on about October 8, 1963. She said OSWALD found a job at the ~~Texas~~ School Book Depository on Texas October 15, 1963. She said Mrs. PAINE had talked to one of her neighbors about OSWALD needing a job and a woman neighbor said there was a vacancy where her brother was employed, and suggested that OSWALD contact this place. Mrs. OSWALD does not recall the name of the neighbor, except that she is called ~~LENNIE~~. Texas Mrs. PAINE found that the place of employment of this neighbor's brother was the Texas School Book Depository and she called that place several times asking for the person it had been recommended that she call, but she could not locate this person. She finally was able to locate this person by telephone, and upon inquiring about possible employment for OSWALD was told that OSWALD should call about the job. MARINA said that the date of contact by Mrs. PAINE of this person at the Texas School Book Depository must have been on Monday, October 14, 1963, as she knows OSWALD went to the Texas School Book Depository on the following day, which was October 15, 1963, and got a job.

The second weekend following his return to Dallas, which was the weekend of October 11-13, 1963, OSWALD had no job. He spent that weekend at the PAINE residence and MARINA believes it was during that weekend sometime that Mrs. PAINE talked to her neighbor, LENNIE, about the job for OSWALD.

She recalls he came to the PAINEs for the weekend on October 18, 1963, as this is OSWALD's birthday. He spent the night of October 18th at the PAINE house, spent all day Saturday and Saturday night, and then on October 20, a Sunday, Mrs. PAINE took MARINA to the Parkland Hospital as her baby was due. OSWALD stayed with the children at the PAINE house. She was released from the hospital on Tuesday morning, October 22, and PAINE brought her back to her house. When she returned to the PAINE home, OSWALD was at work.

While she was in the hospital, OSWALD visited her on Monday night, October 21, with Mrs. PAINE and the children, but only OSWALD was allowed to see her and the newborn baby. She believes that he came about 7 or so in the evening and stayed for about 1½ hours. She said that after his visit OSWALD returned with Mrs. PAINE and the children to the PAINE residence where he stayed overnight.

Following her return from the hospital to the PAINE home, OSWALD visited her each weekend, with two exceptions, and would usually call her at least once a day. He usually came on Friday, after work, with the neighbor who worked at the School Book Depository, and would return to work on Monday morning with this same neighbor. On the two exceptions noted, one occurred when OSWALD called her from work on a Friday, exact date not remembered, to inform her that he had an appointment to see about another job the next day, Saturday, and therefore would not be at the PAINE residence that night, Friday. He said that he did not like the work at the Texas School Book Depository and wanted to try to find another job, but did not want Mrs. PAINE to know it as she had helped him get the job at the School Book Depository. He said he had seen an ad in the newspaper and was going to answer that ad. MARINA advised that the ad was by some photographic concern. She said OSWALD had appeared at the PAINE residence on that Saturday, and said that he had applied for the job but had been unsuccessful. He arrived at the PAINE residence on that day before lunch.

Concerning his job at the School Book Depository, OSWALD told MARINA that his job was to fill out orders and pack them in boxes. He said he did not like his work and it was for that reason that he was looking for other work.

MARINA asked OSWALD about the people at the School Book Depository and each time she would try to engage him in conversation about his fellow employees, he would turn her questions aside and say that he was not interested in any of them. She asked him about his boss and he said the boss was a nice man. She said she told OSWALD that he should make friends at the School Book Depository but she knew that he was not interested in making friends. OSWALD mentioned to her that they had coffee breaks at the Depository and that the atmosphere down there was very congenial. He did not tell MARINA on which floor he worked.

The other weekend on which OSWALD did not visit the PAINE residence occurred on November 15-17, 1963. On this Friday, November 8, 1963, OSWALD called MARINA and she told him not to come that weekend because one of the PAINE children

263

was having a birthday and Mr. PAINE would be over and it was not convenient for OSWALD to spend the weekend. He did not come to the PAINE house that weekend. MARINA advised she became lonesome that weekend and on Sunday, November 17, 1963, had Mrs. PAINE call the telephone number where OSWALD was staying as she wanted to talk to him. Mrs. PAINE called the number and asked the person who answered the telephone for LEE OSWALD, but could not locate OSWALD at that number. She advised the next day, Monday, November 18, 1963, OSWALD called her about 3 o'clock in the afternoon. She told him that she had tried to locate him the day before and had Mrs. PAINE call the number he had left. OSWALD then became angry and told MARINA that Mrs. PAINE should not have called for him under his right name, LEE OSWALD, because he was staying there under another name. MARINA asked him why he was staying there under another name and he replied that he did not want people asking questions. MARINA became mad at OSWALD because he was staying at this house under another name. OSWALD also was mad. He told MARINA to tear his telephone number out of Mrs. PAINE's book and MARINA refused to do this. She then hung up the telephone on OSWALD.

On Thursday, November 21, 1963, OSWALD appeared unannounced at the PAINE residence, at about 5:45 p.m., with the neighbor boy who worked at the School Book Depository and with whom he usually caught a ride. She asked him why he had come and he replied that he had gotten lonesome. He wanted to make up with MARINA. She said that she was still mad at him because he was staying at his rooming house under a false name. Even though OSWALD wanted to make up, she did not make up, and as a consequence did not talk to him much during that evening of November 21. She said that OSWALD had played with the children outside for a while and then had gone to bed about 8:30 in the evening. She said that she retired about midnight. She advised that she did not know if OSWALD went to the PAINE garage that night, but advised he could have easily done so because he was outside with the children a good deal. She said that generally OSWALD would go to the garage on the weekends because many of their things were stored there and she would ask him to get something for her from these things. She said she did not pay any particular attention to when he went or what he did if he went to the garage.

DL 89-43
(4)

On the morning of November 22, 1963, the alarm rang at 6:40 a.m. and she awoke and OSWALD remained asleep. She began feeding the baby and at about 7 o'clock she awoke OSWALD and told him he had better get up or he would be late for work. He got up and as he finished dressing, said he would take care of his own breakfast. He then went into the kitchen, but she does not believe he fixed anything because the coffee pot was not warm when she went in later, about 7:20, and she saw no signs of breakfast preparations. She said the last time she saw OSWALD was when he left her bedroom to go to the kitchen.

On November 21, 1963, the previous evening, OSWALD told her that he would not be able to come to the PAINE residence on the coming weekend, November 22-24, 1963. She asked him why and he said it was not convenient to disturb people so often. She also remembers that on Thursday, November 21, she came running from the kitchen to see OSWALD in another part of the house, and asked him how it would be to see a real live President. She was referring to the visit of President KENNEDY, scheduled for the next day. OSWALD was extremely short in his answer, said something like "I don't know," and abruptly terminated the conversation. Mrs. OSWALD said she liked President KENNEDY and JACKIE KENNEDY because both of them appeared, in their photographs, to be very sympathetic people. She said that she would often have OSWALD read the captions under photographs of President KENNEDY and JACKIE. She said she admired them both. She stated she has asked OSWALD on one occasion what kind of a President Mr. KENNEDY was and he had replied that KENNEDY was a good President. She said OSWALD never gave any indication whatsoever that he intended any harm to the President.

She said she feels intuitively that if OSWALD was trying to kill the President, that one shot would have been enough, and that she feels, therefore, that he might have been aiming at the other person (Governor CONNALLY). She said OSWALD never mentioned any possible plans that he might have about assassinating the President. She said she cannot understand this thing.

She recalled on one occasion, quite a while ago, she made the remark to OSWALD that she couldn't imagine one person

killing another. She asked him if he could kill another person and he replied "HITLER needed killing," and implied that by killing HITLER, others could be saved.

The rifle that was owned by OSWALD she had seen many times. She recalled specifically seeing it when they lived on Neeley Street, and she knows that OSWALD had the rifle in the garage at the PAINE residence. She advised she did not know that the rifle had a scope on it. She recalls that she had asked OSWALD why he had the rifle and he told her that it was for hunting purposes. She replied that he could not expect to go hunting if he did not have a car. He assured her that one day they would have a car.

MARINA advised that the only sources of income that OSWALD had, to her knowledge, were his pay for his employment and previously his unemployment compensation. She said that he was paid each 2 weeks when he worked at the School Book Depository and she believes he received about $100 each pay day. She also said OSWALD got one $33 unemployment check after he began work at the School Book Depository.

She said that when she was at the police station in Dallas, following the assassination of the President, she talked to Mrs. PAINE and asked her to bring some things to her at the police chief's residence where she spent the night. She told Mrs. PAINE that OSWALD had been saving money in a wallet which was in one of the drawers of a chest in the PAINE house and asked Mrs. PAINE to bring that to her also. She said the wallet and the other things were brought to her at the police station and she extracted the money from the wallet, counted it, and found it to be $170. A Life reporter who was standing nearby threw in $10 and that made $180. She said this is the money that OSWALD had saved, beginning in New Orleans.

Mrs. OSWALD advised she had been thinking about how OSWALD had come to the PAINE residence on the first occasion following his return to Dallas in early October, 1963. She said upon reflection she believed that OSWALD had called from the bus station, stating that he was already in Irving and asked Mrs. PAINE to pick him up. She said Mrs. PAINE was busy at the time and could not go. OSWALD later appeared at the house and said that he had hitchhiked a ride with a Negro on a truck.

1 Date 12/2/63

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar. 2515 W. 5th St. Irving, Texas

She took employment at Minsk, at the Third Clinical Hospital on Lenin Street, in October, 1959, and her last day of work at this place was in December, 1961. She explained that she married OSWALD on April 30, 1961, and beginning in late December, 1961, went on maternity leave, which would normally end two months after the birth of the child. Her first child, JUNE, was born on February 15, 1962, (which was two weeks earlier than scheduled) which would mean that she would normally be entitled to maternity leave which would end approximately April 15, 1962. She, however, did not return to work after the birth of her child. Texas Minsk, Russia

Her duties at the Third Clinical Hospital consisted of filling prescriptions. She explained that the work would vary. One week she would work on liquid prescriptions, the next week on powder prescriptions, and next on medicines for external use. She said a woman was in charge of her section. When asked for this woman's name, MARINA refused to give it. She explained her pay was 45 rubles per month. She was paid every two weeks. She was allowed to use all of her money for her own purposes, as her uncle and aunt refused to take any money from her.

She met OSWALD in the middle of March, 1961, as she has previously explained, at a social function at the Palace of Culture for Professional Unions. At this first meeting, OSWALD evidently took a fancy to her and asked if he could see her again. She stated that she was evasive at this point, and then OSWALD asked if she would be coming again to the Palace the following weekend. She replied that she perhaps would return the following weekend. However, no definite date was made. She explained that each Saturday and Sunday dances and other events were held at the Palace, and that one could buy tickets to attend these events. Texas

She said a week later, on either Saturday or Sunday, she does not remember which, she and a girl friend, whose name she declined to give, went to the Palace to attend the

dance. Upon entering the hall, she saw OSWALD waiting for her. She and OSWALD joined company and spent the evening dancing at the Palace and following that, she allowed OSWALD to take her home. He took her to the apartment house of her uncle, but did not enter the house, leaving her at the entrance. She pointed out that the girl who had accompanied her to the dance had had a boy friend in the orchestra. This girl friend and her boy friend kept company and were not with OSWALD and MARINA during the evening.

Upon questioning, MARINA said she felt that OSWALD would be at the Palace that evening, and that was the purpose in her returning. She said she did not tell her girl friend who accompanied her about OSWALD because she did not want to feel silly if OSWALD were not there.

She said that she had introduced OSWALD to the girl friend that accompanied her.

She advised she had made arrangements with OSWALD to meet the following Friday on a certain street corner in Minsk, although no definite arrangements were made concerning what they would do.

During that week, on about Tuesday or Wednesday, her aunt told her that a boy named ALIK (ALECK) had called her on the telephone and said that he could not keep the appointment for Friday; although he did not leave his last name, MARINA knew to whom her aunt referred. MARINA pointed out that ALIK in Russian is a nickname for ALEXEI, which the Russians called OSWALD in preference to LEE. The pronunciation of the name LEE is foreign to the Russian ear. The aunt advised that ALIK had said he was in the Fourth Clinical Hospital, at the Eye, Ear, Nose and Throat Department. This hospital was located on the outskirts of town. ALIK told the aunt that he could be visited Sundays. By way of explanation, MARINA said that she had not been at the apartment to receive the telephone call as she had dates with two different young men that week, and it had also been necessary to spend some time with other friends.

She visited OSWALD at the ~~Fourth Clinical Hospital~~ Russia on Sunday at 3:00 PM. He was in the hospital for ear trouble, which later developed into glandular trouble. OSWALD was in

the hospital for ten days. She visited him every day, although visiting hours were only on Sunday. She explained that because she wore a white uniform in her work, she was able to pass right through into his room and see him.

On her first visit to the hospital to see OSWALD, she asked him some questions about America. OSWALD said he preferred America to Russia because he could not take hard winters. OSWALD said he did not think he could live through another hard Russian winter. MARINA said that later when OSWALD left the hospital, they would take walks and OSWALD would get so cold that he would dodge into door entrances to warm up.

She asked him why he had come to Russia, and he replied that as Russia was considered the leader of the Socialist world, he wanted to see it. He did not say how long he was going to stay in Russia. She asked him on this first visit to the hospital if he could return to the United States, and he said no, he could not return. He said he had given up his American documents to the American Embassy, and told the American officials that he would never return to America. She asked him if he was an American or a Soviet citizen. It was in answer to that question that he told her he could not return to the United States. She said that later, after they were married, he ~~ex~~ he had been offered Soviet citizenship prior to their marriage, but he had refused it.

She said she had found out that OSWALD was an American, at their first meeting at the Palace, through a third party.

She said that OSWALD never definitely told her that he had lost his United States citizenship. He gave no other reasons for coming to Russia other than that mentioned above. She believes that he was sorry that he had come to Russia.

MARINA advised that she was interested in the United States while she lived in Russia as she was interested in all foreign countries. She said that she knew that OSWALD could not return to the United States because he had said he could not return. At this point, she volunteered the statement that she had married OSWALD because she loved him, not because he was an American or for the purpose of going to the United States.

She stated on one of her visits to the hospital, OSWALD had asked her if she would be his fiance, and not go around with other boys. She said she would consider this.

Following his release from the hospital, OSWALD began visiting MARINA at her uncle's apartment. She introduced him to her uncle and aunt. She said at this time she still saw on occasion another boy, but this was without the knowledge of OSWALD. She said this other boy objected to her becoming serious about OSWALD. When asked for the name of this young man, she replied that his first name was ANATOLI. ANATOLI was finishing medical school, and he probably is a physician by now. She said she could not remember his last name. Russia

MARINA advised her uncle and aunt did not disapprove of OSWALD and, in fact, were glad that she had reduced the number of her boy friends to almost one. They offered no objections to OSWALD and told her it was her decision to make. The fact that OSWALD was an American made no difference to them. They did ask her if OSWALD could return to the United States, and she replied to the negative. Following his release from the hospital and during his courtship, he continued to ask her to be his wife and she continued to occasionally see ANATOLI up until April 20, 1962. On that date, she agreed to marry OSWALD, and together they went to the registrar to file their intent to marry. They were told that it would take her seven days to obtain permission to marry a foreigner. Permission was granted for the marriage in seven days, and it was thereafter necessary to only wait three more days to fulfill the required ten-day waiting period. They were certified as married by the registrar on April 30, 1962.

On the date that they were certified as married, her aunt and uncle had a reception for them in their apartment. Their mutual friends were invited.

She advised she was not interviewed by any official and that the only documentation necessary for this marriage was registration of intent and the certification of the marriage ten days later.

Concerning OSWALD's work in Minsk, MARINA said he had worked as a metal worker in a radio factory. He was an unskilled worker and earned between 80 and 90 rubles a month.

DL 89-43

The discrepancy in her pay as a skilled professional of approximately 45 rubles a month, and his pay as a non-skilled worker of 80 to 90 rubles per month was discussed with MARINA. She said she could not explain this discrepancy. She volunteered the information that she knew licensed, medical doctors who earned not more than 65 rubels a month.

She was asked why OSWALD was employed in Minsk. Her reply was that he had been sent from Moscow to work in Minsk.

With regard to her earlier comment that ALIK had called her aunt to say he could not keep the Friday appointment, she was asked if it was the usual thing to have a telephone in Minsk. She said that only high officials had telephones, as they were rather hard to get. She said that having an important position certainly helped. She said that bribery was also used to obtain telephones.

During the questioning concerning her first visit with OSWALD in the hospital, MARINA made the remark that OSWALD in Russia did not smoke or drink or discuss politics with her, or, to her knowledge, with other persons with whom he associated.

MARINA OSWALD was interviewed at 11611 Ferrar Street.

MARINA stated that when OSWALD visited the PAINE house on Thursday evening, November 21, 1963, he did not bring anything with him when he arrived at the house. She said he had departed from his work at the Texas School Book Depository and had been driven to the PAINE house by the young neighbor of the PAINE's who also worked at the Texas School Book Depository.

She advised further that she does not know of anything that OSWALD took with him from the PAINE house to work the next morning, November 22, 1963.

SA McNEELY exhibited to MARINA the replica of the sack found at the window from which the assassination shots were fired. She examined this sack and said she had never seen anything like it and that she had not seen such a sack or such paper in the possession of OSWALD on November 21, 1963, or at any time prior thereto. She was asked if such wrapping paper or paper tape which had been used to seal sections of the sack were used around the PAINE house. She said that she had not seen any paper like this around the PAINE house. She advised she had seen paper tape like this around the house. She said that about the time of New Year's last year, OSWALD had purchased some wrapping tape at some store in Irving or Dallas. She said they had used torn-up grocery sacks for wrapping paper for any packages they mailed at that time.

MARINA reiterated that she had not seen OSWALD again after he left her bedroom on the morning of November 22, 1963, to enter the kitchen at the PAINE home.

MARINA was also shown the original paper sack found near the window from which the assassination shots were fired and she stated she had, to her knowledge, never seen this sack or one like it.

MARINA OSWALD was interviewed at 11611 Farrar Street.

She said she knew OSWALD owned a rifle. She was not aware of where he had bought it or obtained it. She said she recalled that he had it when they lived on Neeley Street in Dallas in the spring of 1963. She said that following his return from New Orleans, OSWALD kept this rifle in the PAINE garage, along with other OSWALD belongings and that the rifle was wrapped in a blanket. She described the blanket as brown with green squares. The blanket was made in Germany and purchased in Russia. She knew that the blanket with the rifle was in the garage as late as about three weeks following OSWALD's return from New Orleans in early October. This would be about October 25, 1963.

She advised she had snapped the photograph of OSWALD, showing him in a pose with a rifle in his hands and holding a paper on which the word "militant" appears and with a pistol at his waist. She said OSWALD had struck his pose and asked her to take his picture with the camera. She was hanging up diapers at the time and recalled she was real busy. She took the picture. Later, she saw it developed and saw that OSWALD had a pistol at his belt. She did not observe that when she took the picture. She recalled she asked him why he struck such a silly pose and he said he just wanted the photograph for remembrance sake. She said that they had two cameras, one Russian and one American, but she does not recall with which camera she took the photograph. The photograph was taken in the yard at their Neeley Street address toward the end of February or in early March, 1963.

DID SHE HAVE THE BELT AT THAT TIME?

MARINA said she did not recall any male individuals visiting them with any degree of regularity when they lived on Neeley Street. She said any visitors they may have had would have used the front door and not the back steps.

Date December 2, 1963

MARINA OSWALD was interviewed at 11611 Farrar Street.

Prior to her marriage, MARINA did not discuss possible domicile with OSWALD, assuming they would move into his apartment. Following marriage, they did this.

Prior to marriage, OSWALD told her he would like her to know he would not be able to provide for her as well as he would like to provide and that he would never be a rich man. He wanted her to know this and know that she was marrying him on this basis. She said that inasmuch as OSWALD did not make much money, she continued working, although OSWALD did not approve of wives working if they did heavy work. MARINA described her work as being painstaking as she had to fill each prescription accurately but it was not heavy work.

They did not take a honeymoon after their marriage and spent the three days each of them had been given as vacation in Minsk. The weather was nice. They ate in cafes and generally enjoyed themselves.

She said she had not, in fact, ever cooked meals in Russia after their marriage, as both she and OSWALD ate out nearly every meal in nearby cafes or at work.

After her marriage, she moved into OSWALD's apartment which was located at Communist Street #4, Apartment 24, in Minsk. It was in the center of the town. The apartment house was occupied by workers of the plant where OSWALD was employed. OSWALD had obtained the apartment sometime prior to their marriage. He lived there at the time they met.

In this connection, she related a coincidence, the first part which had occurred two years prior to their marriage when she had visited Minsk on a vacation. She said she was walking along the river and noticed an attractive apartment house with little balconies overlooking the river. It was discovered that this same apartment house was the one in which she lived after their marriage and she had one of the little balconies which she had admired at that time.

The apartment was on the fourth floor of the five story building. There was no elevator. The rent was 7.50 rubles per month, which included electricity, gas and water. There was no telephone. By way of comparison, she said her uncle's apartment, which was much more spacious, had rented for 30 rubles per month, which was a considerable amount to pay. The OSWALD apartment consisted of (1) a combination living, dining and bedroom, (2) a kitchen, (3) a bath and (4) a foyer. The kitchen contained a table with a space for utensils underneath, a gas stove, a sink and two chairs. They usually ate in the kitchen if they ate at home. The bathroom had a sink, a toilet and a bath tub. The big room had a sofa which opened to make a bed, a cocktail table on which they kept the record player, a combination book shelf - closet, which they used to store linens and a table and chair. The apartment was very suitable for one person, perhaps a little crowded for two, and was unsuitable when the baby came. They had a balcony which was partitioned from other apartments, entered from the living room, and was of ample size and overlooked the river. When they entertained, they did so on the balcony when possible.

The apartment house was occupied mostly by younger people up to the age of about 40. It was five stories high and was about ½ block by ½ block in size.

MARINA advised OSWALD's salary was adequate in comparison with people his age and in his line of work. She said that as an unskilled laborer working in the radio factory, he was paid by piecework and as a consequence, made more than persons paid by salary or certain professional people. She said the government had promised that such inequities were being studied and would be corrected. MARINA said OSWALD was a little bit lazy and did not have his heart in his work. She said he had been offered a transfer to another department in the factory where he could make more money but by the time he received this offer, he was thinking of returning to the United States, and there was no stimulus to him to make the change.

MARINA said that in contrast to this, OSWALD had been anxious for work in the United States and anxious for overtime.

She advised OSWALD had not been paid more because he was an American. She stated that the fact he was an American played no part in the amount of compensation he received. He was paid by what he produced.

She said OSWALD was the only American she knew to reside in

Minsk. She understood another American had resided in Leningrad. She recalled that while she was in the American Embassy in Moscow, she was told that this American had been repatriated. She said she had not heard of OSWALD before she had met him and had not heard that an American was living in Minsk.

Concerning their social friends, MARINA stated that she had girl friends visit them in their apartment and OSWALD objected to her male friends visiting there. She said there was one couple who visited on occasion a girl friend of hers and her husband. Their guests came generally after working hours or on Saturday or Sunday. Many times on Saturday or Sunday, they would gather at their apartment or one of their friend's apartment and prepare a co-operative meal. They had no friends in their apartment house. OSWALD had two friends who, on occasion, visited at the apartment. One was a medical student who was interested in learning the English language and found their association to be beneficial. A second worked in the same plant as OSWALD and attended a technical school. She declined to give the names of these two friends of OSWALD's. She said OSWALD was hospitable but was not a good conversationalist.

For entertainment, there was the opera, concerts, the circus and the films. They had no automobile and were transported by bus or taxi or walked to their destination.

MARINA stated that she was a member of the Medical Workers Union (MWU). She was considered a member of the KOMSOMOL for one year when she worked in the Drug Section of the Third Clinical Hospital but was thrown out when she failed to pick up her membership card. She attended no meetings of the KOMSOMOL and had no interest in it. She belonged to no other organization.

OSWALD may have been a member of the union at his plant. She is not sure. He belonged to no other organizations. Her uncle is a member of the Communist Party. His wife is not. Neither her stepfather nor her mother were members of the Communist Party.

OSWALD did not go out of the apartment by himself. Occasionally, a friend would visit him and MARINA would urge that they go to a concert or a film without her. This was while she was pregnant.

OSWALD's health, while not robust, was not bad. He frequently had the sniffles. She said that on one occasion, he had a heavy cold with temperature and she was afraid it might develop

into pneumonia. It did not.

She said OSWALD did not have a particularly lively personality and was on the pessimistic side rather than the optimistic. She said he was short tempered and difficult to get along with. He knew that he had a difficulty in getting along with people and he did not care. He preferred to be by himself or with MARINA. He did not care for his mother and had no son-like feelings for her. This surprised MARINA. She told him he should respect her as a mother.

She advised she loved OSWALD as a husband but did not share his political views or even understand them. Digressing, she said she recalled that OSWALD had brought home with him in New Orleans some throw-aways about Cuba. He told MARINA he wanted to help Cuba. MARINA said Cuba did not need his help. A copy of the pamphlet labeled "Hands Off Cuba" bearing the rubber stamped name and address, "HIDELL, P. O. Box 30016, New Orleans, La.", was exhibited to her. She said this was one of the throw-aways he had brought home to New Orleans. She said she did not know anybody by the name, HIDELL. She advised she thought this was a fictitious name made up by OSWALD. She ventured the thought that the name, HIDELL, was phonetic with FIDEL (meaning FIDEL CASTRO). She said OSWALD was a great admirer of FIDEL CASTRO.

After their marriage, OSWALD's proficiency in the Russian language improved. He, however, never lost his accent, nor did he always speak grammatically; she classed his Russian as good. She added he knew how to curse in Russian. His written Russian was poor.

MARINA said she never knew OSWALD to speak of or attempt suicide. She does not think that he was capable of suicide and she did not believe he had ever attempted suicide.

MARINA said she recalls seeing a scar on the inner left wrist of OSWALD after they were married. This scar was completely healed. She asked him about this and he evaded answering her.

About three months after their marriage, he spoke of his desire to return to the United States. MARINA agreed to this; thereupon, he advised the American Embassy at Moscow of his marriage and expressed his desire to return to the United States and requested permission for approval for MARINA to accompany him. She, meanwhile, wrote a government department in Minsk, requesting Russian documentation to depart for the United States. Her request was forwarded to

the Foreign Office in Moscow. She received papers from Minsk and also from Moscow to complete. She completed the papers and forwarded them as directed. She then wrote to the American Embassy, requesting permission to depart for the United States with her husband. She believed that they had written the U. S. Embassy in July, 1961, but she is not sure of the date.

Sometime after writing the American Embassy in Moscow, she and OSWALD were requested to appear for interview in Moscow. She believes it was in late summer, 1961, she and OSWALD flew to Moscow. OSWALD was interviewed by an American official at the Embassy while she waited outside. Later, she was interviewed by an American official. She advised the American official that she desired to depart for the United States with her husband.

MARINA advised she had never been contacted by any Russian Intelligence employee in Russia prior to or subsequent to her marriage in Russia, nor has she been so contacted in the United States. She advised that she has not been contacted by any other Russian officials in Russia or the United States. She said she made application with the appropriate Russian officials to obtain documentation to leave the country. She advised that she has nothing against Russia or against the United States. She said she would not carry out an espionage or intelligence assignment for either country if she were asked because she wants to lead a simple, plain life. She said she had seen a Russian official at the time of her departure from Russia and he had given her her passport. She had signed it and a Russian official wished her a pleasant trip and that was all.

She advised that she had not discussed with anyone the possible presence of an American in Minsk prior to the time she met OSWALD. She advised that after meeting OSWALD and discovering that he was an American, she was surprised. She asked him which of his parents was Russian. She did not believe he would be allowed to enter Russia otherwise. She said that she knew of no contacts of OSWALD by Russian Intelligence agencies or other Russian governmental officials and that his contacts had been known to her. She said none of OSWALD's activities in Russia or the United States would indicate that he was in contact with Russian officials, particularly, those of intelligence agencies, and she did not believe he had been given any assignments to perform, either in Russia or the United States.

She said she had not known OSWALD was an American until so informed by a friend in Minsk.

She said that following their return from Moscow where they had been interviewed by officials of the American Embassy, they had waited for their permission to depart from both governments and in due course, they received such permission. They received Russian documentation to depart sometime shortly after the birth of their first child. She said they had saved a little bit of money. The money saved was enough to purchase train tickets and visas. The American Embassy in Russia loaned OSWALD money for the boat trip to New York.

MARINA OSWALD was interviewed at 1611 Farrar Street.

MARINA advised she and OSWALD had left Minsk in July of 1961 and gone to Moscow and visited the American Embassy where OSWALD spoke to officials at the American Embassy concerning his desire to return to the U. S. She advised that she also had been interviewed by some American official at the American Embassy concerning her application for visa to go to the U. S. with her husband.

She advised she had applied in May of 1961 to the Russian officials at Minsk and Moscow for official papers which would allow her to leave Russia and depart for the U. S. They received permission from the U. S. officials first, and then they waited in Minsk for the Russian papers to arrive. The Russian permit for MARINA to depart for the U. S. arrived about New Year's of 1962. OSWALD had been granted permission by the Russian officials earlier and had been advised by the American Embassy that he could depart for the U. S. She said the American authorities had suggested to OSWALD he could depart without MARINA, but he had refused to do so as he desired to tak his wife with him when he departed. MARINA received her exit permit from the Russian government about the middle of May. They shortly thereafter left Minsk with the baby and arrived in Moscow about May 20, 1962. They spent about ten days in Moscow. While there, she stayed in the hotel and tended to the baby while OSWALD tended to the formalities which were necessary to facilitate their departure to the U. S. While in Moscow, they stayed first at the Hotel Ostankino which was quite removed from the center of Moscow. They later stayed at the Hotel Berlin which was closer to the center of town. While in Moscow, they exchanged sufficient rubles to obtain one hundred and eighty U. S. dollars. OSWALD used this money to buy rail tickets from Moscow to Amsterdam. They departed from Moscow by train about May 30, 1962 and traveled through Poland, Germany and Holland. In Holland, they boarded the ship for the U. S. They arrived in New York on June 13, 1962.

In speaking of her trip to the U. S., MARINA said she was impressed in her journey through Holland by the cleanliness of the people and of the land in general. She also furnished information that the American women appeared to be women who, if they did not have a button to push, appeared to be lost. She said that many times it was easier to do work with the hands than it was to have a machine to do it with.

She stated that both Russia and the U. S. had advantages. She said a good thing about Russia was that a man who needed a job could always have a job, but that in the U. S. it had been her experience that a man who needed a job could not always have a job. She said that her husband had been out of a job for a good part of the time that they had been in the U. S. MARINA advised that there were health benefits also in Russia, such as hospitalization and dental and medical care. She stated higher education was free in the Soviet Union.

MARINA had previously noted that she had made request to the Soviet Embassy in February and March of 1963 for permission to return to the Soviet Union. She said that since November 22, 1963 she has not given much thought to the future. She said she may stay in the U. S. because OSWALD is buried here and because the children are here.

Concerning the address of herself and OSWALD in Minsk, MARINA stated that they had lived at No. 4 Communist Street, Apartment 24 Minsk Russia She said the name of this street had been changed from Kalinin. She said that the present name of the street written in Russian would be this -- Communisticheskaya, St. Minsk Russia

MARINA OSWALD was interviewed at 11611 Farrar Street. The English translation of a letter originally written in Russian was read to her. The letter was re-translated into the Russian language as it was read by SA BOGUSLAV. This English translation had been furnished to the FBI Office at Dallas by the U. S. Secret Service. Upon the reading of the letter, MARINA stated immediately it was a letter written in the original by LEE OSWALD in the Russian language. She stated she had found the original letter in a room the former OSWALD address on Neeley Street in Dallas. She related the incident concerning this letter as follows:

One night during the spring while she and OSWALD were in residence at the Neeley Street address, she became worried about OSWALD because he had not returned to their home very late in the evening. She said OSWALD had informed her that he was going to a typewriting class at the Dallas Evening School that evening. When he had not returned by 10:00 o'clock, she went into a room in which he kept his personal things and in this room she noticed a letter hand-written in the Russian language. This is the letter which is referred to above. She stated the letter gave her certain instructions concerning a Post Office box and other family matters and appeared to be a farewell letter.

She advised that about midnight that night, OSWALD came rushing into the house in a very agitated and excited state and his face was very pale. As soon as he entered the house, he turned on the radio. Later, he laid down on the bed and MARINA again noticed how very pale he was. She asked him what was wrong and he confessed to her that he had tried to kill General WALKER by shooting at him with a rifle but didn't know whether he had hit him or not. He said he wanted to find out on the radio whether or not he had hit him. MARINA said she became angry with OSWALD for shooting at General WALKER and he replied to her that General WALKER was the leader of the fascist organization here and it was

...of the FBI. It is the property of the FBI and is loaned to

best to remove him. MARINA said she was quite relieved when she found out that OSWALD had missed General WALKER with the rifle bullet. She said she and OSWALD were listening to the radio reports about the rifle shot at General WALKER and OSWALD was translating the reports for her.

She stated OSWALD did not have the rifle with him when he returned to the house. She also advised that OSWALD to her knowledge did not take the rifle with him when he left the house that evening. She stated she thought OSWALD had used the same rifle he had at the house on Neeley Street and at the PAINE house.

She said that the following evening she talked to OSWALD about the attempted assassination of General WALKER again. OSWALD told her that he had hidden the rifle which he used to shoot at General WALKER in some bushes or in the ground, she did not remember which.

MARINA advised that she told OSWALD she was going to keep the letter written in Russian by OSWALD, which was evidently a farewell letter, in order that she could use it against him if he ever had another "crazy" scheme. She said that if OSWALD started to do anything like this, that she would go to the police with the letter. She also made OSWALD promise that he would never do anything like this again.

She advised that for a period of about a month before this attempt on WALKER's life, OSWALD had been very agitated and had closed himself in his room for long periods of time while he wrote and read. She said that it was evident that he had been thinking about the assassination attempt for some period of time. She said OSWALD did not mention General WALKER in her presence before the night of the attempted assassination. She said they did not speak of the incident again after the second night following the assassination attempt.

She said that she had insisted that they move from Dallas to another city because she felt that if they moved OSWALD would be less likely to repeat such a deed.

MARINA asked OSWALD how he had arrived at the WALKER house on the night of the attempted assassination.

He said he had gone there on foot. He said that after he fired the rifle, he ran away and that he could run very fast. He said the police thought the would-be assassin had an automobile. He came home on the bus.

MARINA OSWALD was interviewed at 11611 Farrar Street.

She stated OSWALD at the time he confessed to the attempted assassination of General WALKER was employed at a printing type company in Dallas. She does not remember the name of the company. OSWALD was also attending a typewriting class at the Dallas evening school for either two or three nights a week. On the nights that he went to typewriting class, MARINA recalls she had supper about 6:00 following which OSWALD would leave the house about 7:00 in the evening and go to class. He would generally return to the house about 9:00. During this period they were living at the Beeley Street address. Texas

On the evening that OSWALD attempted to assassinate Edwin A. Walker / Edwin A. Walker General WALKER, OSWALD came home at the usual time as best as she can remember, and on that evening he said that he was going to his typewriting class. OSWALD left at the usual time as best as she can remember. OSWALD when he came home from work that evening did not bring anything home with him. When he left supposedly for his typewriting class, he did not have a rifle or anything else with him.

She recalls he was wearing when he left the house that evening a white shirt and black or gray business type suit. She is not sure whether or not he wore a tie.

She stated OSWALD had not mentioned anything to her about General WALKER before his confession that he had tried to kill General WALKER. She said that she did not even know of General WALKER's existence before this confession.

MARINA was asked if she could now state when the photograph she had taken of OSWALD showing him in a pose with a rifle in his hand, a newspaper in his hand and a pistol at his

belt was taken in relation to the time of the attempt on General WALKER's life. She said that she can recall that she took the picture about the same general time as the attempt on General WALKER's life, that is withing a few weeks. She cannot recall whether or not the photograph was taken before the attempt on General WALKER's life or after.

She recalled that she asked OSWALD the evening following the attempt on General WALKER's life if General WALKER had a family. She was very pleased to find out that he had neither a wife nor children.

MARINA said she believes the rifle used by OSWALD in his attempt to kill General WALKER is the same rifle she had seen at the Neeley house and the rifle he had wrapped in the blanket at the garage at the Paine house. She cannot recall ever hearing OSWALD state that he was going to fire the rifle in practice or that he had fired it in practice. She said that the only time she knows that he fired the rifle was the time he confessed that he had tried to kill General WALKER by shooting at him with a rifle. She said the only time that she believes he could have practiced firing the rifle would have been when he was supposed to have been attending evening typewriting class.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA said she can recall only one occasion when she and OSWALD spent the night away from their residence in New Orleans. This was an occasion when Mr. CHARLES MURRET, the uncle of OSWALD, came to their house on Magazine Street one Saturday and took them to Mobile, Alabama. They stayed at a motel in Mobile on Saturday night and returned to New Orleans with Mr. MURRET in his car on the next day, Sunday. The reason they went to Mobile was in order that OSWALD could speak before the students of the seminary in Mobile which "GENE" (believed to be the cousin of OSWALD) attended. She cannot recall that they spent any other nights away from their residence while they lived in New Orleans.

She said the MURRETs took them out on several occasions. She can recall going crabbing with the MURRETs. She said that on one crabbing trip particularly there were a lot of mosquitoes and had bothered them while they were crabbing.

Concerning long distance telephone calls, MARINA advised she can recall only one that she received while she lived at the PAINE residence. This call was from a man in Ft. Worth. This man called MARINA at the PAINE residence and said he had been told by a friend of Mr. PAINE's, named FRANK, that a real Russian lived with Mrs. PAINE. This man said he had spent about 20 months in Russia during the war and had learned to speak some Russian and would like to become acquainted with MARINA. He asked if he could come over to see her. This man identified himself as some kind of a colonel. MARINA agreed for him to come and a date was set for a week later. MARINA is able to fix the date of this call because she recalls that the date the man was supposed to come to the PAINE house was on the Tuesday before

Mr. JAMES HERBERT MARTIN, who resides at 11611 Farrar Street, and in whose house MARINA OSWALD is residing, advised MARINA OSWALD had retained the services of an attorney on his recommendation. This attorney is JOHN M. THORNE of the firm of Thorne & Leech, Attorneys and Counselors-at-Law, 302 W. College Street, Grand Prairie, Texas, telephone numbers AN 2-2608 - office, and AN 4-1898 - residence.

Mr. MARTIN advised that MARINA OSWALD continued to receive a number of letters containing checks and money orders for cash and that he had been handling this money for MARINA. He said that to date $5,926.15 has been received and these amounts have been deposited in a savings and a checking account in the First National Bank of Dallas. In addition, $1,000 has been collected by a Rev. Allen of the First Methodist Church in Houston for MARINA and $600 has been collected for MARINA by a group in Ft. Worth.

He stated he has a tentative appointment with a reporter representing the Huntley-Brinkley Report for December 8, 1963, concerning the appearance of MARINA in an interview on this program. He said that if arrangements can be worked out an interview with MARINA will probably be filmed at the Inn of the Six Flags, Ft. Worth-Dallas, where Mr. MARTIN is Resident Manager, sometime around December 6 or 7, 1963.

Mr. MARTIN made the statement that he had heard that Mrs. PAINE had received $5,000 for giving an article to Look magazine and that he felt MARINA should also get whatever money she could on behalf of her children. He said that he believed that MARINA should give only a copyrighted interview and for that reason he felt the services of an attorney were needed.

MARTIN said that he considers himself as the agent of MARINA.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA stated OSWALD had never spoken much of his trip to Moscow when he first arrived in Russia. She said she recalls that when she and OSWALD and JUNE went to Moscow before departing for the United States they stayed at the Hotel Berlin. OSWALD remarked that he had stayed in the same hotel when he first came to Moscow. MARINA believes the Hotel Berlin is now called by another name. Russia

She does not know how long OSWALD stayed in Moscow when he first arrived in Russia. She said she, of course, cannot say why he was sent to Minsk to work. She pointed out that Minsk had the television-radio factory where OSWALD was assigned to work. She also said that Minsk has a considerable foreign population, particularly immigrants from Argentina.

MARINA furnished further information concerning the hospital stay of OSWALD in Minsk, details of which she has previously given. She recalled that OSWALD stayed in a room with two other persons. He was receiving specialized attention from an ear, eye and nose specialist, but to her knowledge received no preferred attention because he was an American.

MARINA said she and OSWALD had discussed the Cuban situation while in Russia and both had agreed that FIDEL CASTRO was a good man because he was trying to do something for the common people. She said OSWALD and she had no argument about Cuba because they were both in favor of the Cuban Government under CASTRO. MARINA pointed out that she is not interested in politics. She said she likes CASTRO and KHRUSHCHEV and that she liked KENNEDY. She likes any kind of a government as long as the common people are benefited.

MARINA advised she had told OSWALD once she would like to go to Cuba. OSWALD told her this was impossible as travel to Cuba was forbidden. Later when they were living in the United States she recalls OSWALD stating that he would like to go to live in Cuba. MARINA at this point made the parenthetical remark that she knew that OSWALD would not like Cuba and in fact the only place he would like would be the moon where there are no people.

OSWALD never stated that he was making plans to go to Cuba. He did not mention that he had made application for a visa to go to Cuba. He did not state in September when MARINA left New Orleans that he intended to go to Mexico or to go to Cuba.

She recalls that shortly after OSWALD was arrested in New Orleans for passing out throwaways dealing with the Cuban situation, that a man came to their house and asked for OSWALD. OSWALD spoke to him but she does not know what they talked about. MARINA asked OSWALD who this man was. OSWALD said the man had identified himself as a sympathizer of the Cuban Government and wanted to know about the organization that OSWALD was trying to form in New Orleans. He wanted to know how to join this organization. OSWALD told MARINA he did not believe that this man had a sincere interest in his organization. He thought the man was an FBI Agent or a man from some anti-CASTRO organization.

MARINA said this person looked like an American and not like a Cuban.

MARINA said she does not know of any Cuban friends or other connections with Cuban organizations that OSWALD had either in New Orleans, Dallas, or Ft. Worth. She said she really doesn't know anything about the organization that OSWALD was trying to form in New Orleans. She said that she knew that it was a pro-FIDEL CASTRO organization but believed that he was the only one in the organization.

She said that the "Hands Off Cuba" throwaways had been sent to OSWALD through the mail and he had received them at the mail box in New Orleans. She believes they came from New York.

She was asked if she had any suspicion whatsoever whether OSWALD was in contact with any person from Cuba or was acting on the behalf of the Cuban Government. She said she did not think so. She said his only contact with affairs of this sort was his attempt to form the pro-CASTRO organization in New Orleans.

MARINA OSWALD was interviewed at her place of residence, 11611 Farrar.

She was questioned in an effort to obtain a more accurate date for her previous statements concerning the weekend on which OSWALD did not visit her at the PAINE house until a Saturday instead of his usual Friday. She advised that she believes that this Friday on which OSWALD did not appear at the PAINE house was on November 8, 1963. She places the date of this Friday as a week before the weekend on which OSWALD was asked not to come to the PAINE house, as the PAINE children were having a birthday party, which was the weekend of November 15-17, 1963. She said that she could not recall any specific detail that would place the above-mentioned Friday on November 8, 1963, but seems to remember that it occurred the weekend before the PAINE children's birthday party.

MARINA was asked if she or OSWALD knew JACK LEON RUBY, and she said that neither she nor OSWALD knew RUBY or had ever seen him to her knowledge. She was exhibited a photograph of RUBY which was taken by the Dallas Police Department on December 5, 1954, Number 36398. She said she could not identify this person as anyone that she or OSWALD knew.

MARINA stated OSWALD did not believe in God, and as a matter of fact spoke in a very sarcastic vein of his cousin, EUGENE MURRET, from New Orleans, Louisiana, who is attending a seminary at Mobile, Alabama.

Gene Murret Gene Kinnaett

MARINA was exhibited a photograph of JOE R. FRANKLIN, photograph being taken September 26, 1960, by the Sheriff's Office, Dallas, Texas, Number 106892. She said this photograph is not of any person known to her or of any person who was known to her former husband. She did not recall this name. She specifically stated that she does not recall FRANKLIN accompanying her husband to visit her on October 19, 1962.

She was exhibited the handwritten letter, written in the Russian language, which was furnished to the FBI Office at Dallas by the United States Secret Service at Dallas on December 3, 1963. This letter has been forwarded to the FBI Laboratory for examination.

Upon viewing the letter, MARINA stated that the letter was in the handwriting of OSWALD and she knew that it had been written by him. She stated that she had found this letter in the room in which OSWALD kept his belongings in the house on Neeley Street in Dallas. She said she found the letter in this room on the night that OSWALD confessed to her that he had tried to assassinate General WALKER by firing a shot at him with a rifle.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA advised that on the evening of November 21, 1963 which was the evening that OSWALD had spent at the Paine house with her, he did not seem to be particularly excited or agitated like he was for the long period of time before he had attempted to assassinate General WALKER.

She said OSWALD had calmed down considerably after the attempt at WALKER's life and she thought that he would not be involved in any political activity again until he became involved in passing out throw-aways in New Orleans on the Cuban situation. She said, however, that she was glad that he was merely passing out pamphlets because this was like play compared to trying to assassinate General WALKER.

She stated that on November 22, 1963, which was the day of the President KENNEDY motorcade in Dallas, she and Mrs. PAINE were looking at the motorcade on television at the PAINE residence. She said while they were looking at the motorcade, it was announced on television that the President had been shot. She said that Mrs. PAINE was translating the announcements for her. She asked Mrs. PAINE who had shot the President. Mrs. PAINE said that she did not know, that it had not been announced. When Mrs. PAINE said that an announcement had been made on television that the shots at the President had supposedly come from the Texas School Book Depository building, the thought immediately entered her mind: "Did my crazy one do it?", referring to OSWALD. When this thought entered her mind she immediately went into the garage at the PAINE house, as she remembered that that was where OSWALD kept his rifle wrapped up in the blanket. She went to where the rifle was kept and saw that the blanket was in its usual place and it appeared that the rifle was in it as the blanket had the same shape as before. Then she thought to herself that maybe there was another "crazy one" in Dallas. She said that when the police came to the PAINE house to take her, MARINA, to the police station, she was

almost in a state of collapse and hoped that OSWALD was merely a suspect in the matter.

She said it was amazing how one man could leave so many unhappy people and that it had all been caused through foolishness. MARINA mentioned the President's widow and the Dallas policeman's widow.

She said that there had been many quarrels and scenes between her and OSWALD which developed because she would scream at him to try to convince him to try to amount to something. She said that she had tried for a long time to convince OSWALD that he was not a stupid man and that if he turned his attention to other things, he could amount to something.

She admitted that OSWALD had on several occasions struck her during these arguments.

She said that she had thought of going back to Russia but was afraid that if she went back to Russia, that somehow OSWALD would get her child. She said OSWALD loved the child. MARINA told OSWALD that if there was to be a divorce, that she would take the child. OSWALD told her that he would not let her take the child. MARINA said it was amazing the contrast shown here between his love for his child and his foolishness in other ways. She said that he had the potential to be a good man, but probably because of poor environment and inattention on the part of his mother, he had turned out bad.

Concerning the rifle, MARINA said that she thought that the rifle used by OSWALD in the attempt to assassinate General WALKER was the same that he had on Neeley Street and in the garage at the PAINE residence, where it was wrapped up in the blanket which she has previously described.

MARINA was asked if she could recall quarreling with OSWALD on occasion at the Neeley Street residence in the presence of another male individual. She said she could recall no such incident. She said, in fact, she could not recall any male visitors that they had when they lived on Neeley Street. She said the only man who came to see them when they lived on Neeley Street was GEORGE DeMOHRENSCHIELDT who came with his wife on JUNE's birthday and brought her a big toy. She said also that the owner of the house on Neeley Street and the owner's wife visited them once to see how they were getting along.

Texas

George DeMohrenschildt

MARINA advised she recalls OSWALD had a street map on which he marked previous places of residence, where certain acquaintances resided, and their present residence. She stated he had this map when they lived on Neeley Street and also when they lived on Elsbeth Street. She said the map had been torn by JUNE when she played with it. She stated the map had subsequently been pasted together. MARINA advised that she could not recall whether OSWALD had taken this map with him to New Orleans and had brought it back to Dallas. She said she could not recall seeing it when she lived with Mrs. PAINE.

MARINA advised that she could not recall OSWALD making application for employment at the Trans-Texas Company.

MARINA stated OSWALD did not talk much about his past military service. She said that on occasion he would talk about his service in Japan and would mention the Japanese girls. He never told her that he was a good shot with a rifle. She said that when they came to the U. S. from Russia, OSWALD's mother showed her OSWALD's medals which he had earned as a Marine and there was one for good marksmanship.

MARINA said OSWALD was right-handed and his brother, ROBERT, was left-handed. MARINA said she had never seen OSWALD practice with his rifle or any other firearm and he had never told her that he was going to practice with his rifle or any other firearm. She said that she had never seen any ammunition around the houses in which they had lived.

She said OSWALD had attended the Dallas Evening School in the spring of 1963. He had taken typewriting classes at the school. She said he did not complete his course.

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar Street.

MARINA stated that on the night of November 21, 1963, OSWALD had come unexpectedly to spend the night with her at the PAINE home. She said he had spent the night and had left the next morning as previously related by her.

She said she remembered that OSWALD had on his marriage ring on the evening of November 21, 1963. MARINA advised that on November 22, 1963, when the police came to the PAINE house and searched it, they had found OSWALD's marriage ring on a dresser in the room which she, MARINA, used. She said she had not seen his ring on the dresser before that. She advised the last time she had seen the ring was on the hand of OSWALD the evening before.

MARINA advised that Mrs. PAINE has the ring and is keeping it for her.

MARINA advised she thought it was strange that OSWALD should take the ring off his finger and leave it on the dresser as he evidently did. She said she does not know why he did it. She was asked if his leaving of the ring had any special significance or was of a symbolic nature, and she answered in the negative.

MARINA said that it may have been that OSWALD left the ring at the house because he thought that he was not coming back.

Mr. CHARLES G. STOKES, Passenger Traffic Manager, Lykes Brothers Steamship Company, Inc., Room 1300, Commerce Building, 821 Gravier Street, New Orleans, Louisiana, advised he had located what was formerly called "Passenger Immigration Questionnaire -- Leaving the United States", which was executed by LEE H. OSWALD prior to leaving New Orleans on the SS MARION LYKES, which was originally scheduled to sail from New Orleans, Louisiana on September 18, 1959.

Mr. STOKES made available the original of the aforementioned form, which is dated September 16, 1959. This form shows that OSWALD, aged 19, born October 18, 1939 at New Orleans, Louisiana, was traveling on Passport Number 1733242 issued September 10, 1959 at New Orleans, Louisiana. The form indicates the passport was valid until September 10, 1961 and OSWALD's occupation was listed as Shipping Export Agent. He indicated he planned to remain abroad for two months and gave his most recent address in the United States as 3124 West Fifth Street, Fort Worth, Texas. His temporary address was shown as Liberty Hotel, New Orleans, Louisiana. No room number for this hotel was shown. The form shows OSWALD had one suitcase and was on a pleasure trip.

Mr. STOKES did not know if all of the entries in ink were or were not filled in on the aforementioned form by OSWALD. It is noted this form bears the signature "Lee H. Oswald" in the lower right-hand corner.

Mr. STOKES also advised that often the sailing date of a freighter is postponed and in the case of the SS MARION LYKES, Voyage #110, this occurred. He advised that a notation on the passenger department's ship file for the MARION LYKES shows that the vessel actually sailed from New Orleans at 6:35 a.m. on September 20, 1959.

According to Mr. STOKES, four passengers were carried on the SS MARION LYKES, Voyage #110, on the eastbound trip. He stated after checking the steward's report that one passenger boarded at New Orleans on September 19, 1959 and disembarked at La Rochelle-Pallice, France on October 5, 1959. The steward's report also shows that three additional passengers boarded the vessel at New Orleans

Mr. STOKES made available additional information concerning the other passengers on the SS MARION LYKES, Voyage #110, eastbound, showing their names and addresses as of September, 1959, as follows:

ROBERT E. PALMER, General Vice President, Lykes Brothers Steamship Company, 1770 Tchoppitoulas Street, made available information furnished by Captain WILLIAM E. ALLEY, concerning voyage 110 of the SS MARION LYKES, in a voyage letter to Captain C. E. BIGGERS, Manager - Marine Division, Lykes Brothers Steamship Company, New Orleans, Louisiana. This letter is dated at Galveston, Texas, November 12, 1959. It sets out information including the following:

Voyage 110 S/S "MARION LYKES" under my command commenced at 12:01 a.m., September 10, 1959. Vessel at Pier 14, Galveston, Texas loading Bulk Sulphur in all hatches.

During the course of Voyage 110, vessel loaded at Galveston, Houston, Brownsville, Corpus Christi, Beaumont, New Orleans, and discharged at La Pallice, LeHavre, Dunkirk, Rotterdam, Antwerp, Bremerhaven and Bremen. Homeward cargo was loaded at Le Harve, Bremen and Southhampton.

Voyage was routine, uneventful and was accomplished without difficulty or excessive delay.

Crew paid off for coastwise voyage at Galveston September 10, 1959 and new articles opened for foreign voyage at 2 pm, effective September 11, 1959.

We made arrival at SW Pass pilot at 6:24 PM, September 17, got a pilot right away and proceeded in, docking at Celeste Street Wharf, New Orleans, Louisiana, at 3:42 am, Sept. 18. Cargo operations commenced at 8 am., Sept. 18, and ceased at 12 mignite same date.

The vessel sailed from the Army Base, New Orleans at 6:34 am., Sept., 20, departing South Pass at 8:18 pm., same date, bound for La Pallice, France.

Shortly before dark on Sept. 20 we ran into heavy rain squalls and freshening SE winds and due to impaired visibility, we were forced to proceed on reduced speed. By the time visibility improved sufficiently to allow resumption of full speed, a heavy head sea had built up and it was necessary to proceed on reduced rpms during the nite in order to avoid shipping heavy seas forward. Wind and seas moderated sufficiently by 7:40 am., Sept. 21 to permit normal full speed. The weather continued squally and threatening thruout passage across the Gulf and thru the Florida Straits.

During the nite of Sept. 22, Hurricane "GRACIE" developed in the lower Bahamas. However, by the time we received a warning on it, we were pretty well along in the Straits, and due to a large high pressure system known to exist along the Atlantic seaboard, I felt that GRACIE's progress ahead would be rather slow, allowing us ample time to pass well ahead of it and into the open Atlantic. This proved to be correct. At about 8:30 am., Sept. 23 in the vicinity of Lat 28-20 N., Long. 79-40 W., we shaped a GC (Great Circle) to Lat 42 N., Long 50 W., along which course we proceeded for the next few days, enjoying good weather and keeping well clear of the effects of Hurricane "GRACIE". In the vicinity of Lat 40-44 N., Lo. 55-19 W., we began encountering heavy swells from the NE, and it was decided to shape a Rhumb Line Course to Lat 40-55 N., Lo. 50 W., and on arrival at this point a new RL course was shaped direct to La Pallice, France.

We made arrival at La Pallice pilot at 5:54 am., Oct. 5, having logged a distance of 4613 miles from PS

to PZ at an average speed of 13.38 knots per hour. Our distance logged was 28 miles more that the GC distance for the same passage.

The vessel left dock at 5:06 pm, Oct 6, locked thru and proceeded seaward departing for Le Havre at 6:18 pm.

The vessel arrived at Le Havre pilot station at 3:48 am., Oct 8, got a pilot on at once and proceeded in, locking thru at 5:19 am, and docking at Quai Garonde #3 at 6:30 am. Cargo operations commenced at 8 am, continued until 11 pm., resuming again at 8 am., Oct 9 and completing at Noon with Vessel sailing at 2 pm, on the tide and departing for Dunkirk at 4:06 pm.

According to the letter, the vessel arrived at Galveston pilot at 8:18 am., November 10, docked at Pier 36 S. at 10:24 am, and at 9:30 am, November 12, notice was received to end Voyage 110 as of 12 midnight, November 10. The crew was paid off for Voyage 110 at 6 pm., November 10, and new articles opened for Voyage 111, effective November 11, 1959.

The letter includes information concerning passengers as follows:

PASSENGERS: Nine (9) passengers were carried this time, four (4) eastbound and five (5) Westbound. Mr. & Mrs. Geo. B. Church, Tampa, Fla., Mr. Billy J. Lord, Midland, Texas and Mr. Lee H. Oswald, Fort Worth, Texas made the eastbound passage with us. Westbound, we had Mr. & Mrs. Armando Acosta, Houston, Texas, Miss Renate Fischer, Heidelberg, Germany and Mrs. June Martenthaler, St. Petersburg, Fla., and Mr. Adrian Borden of Houston, Texas. All appeared to enjoy the trip.

ALBERTO ARCAMENDI CHAPA, Inspector, Mexican Immigration Service, advised he was stationed in Nuevo Laredo, Tamaulipas, Mexico, on October 3, 1963, and could very well have been the one who checked LEE HARVEY OSWALD at the time OSWALD was leaving Mexico, however, he has absolutely no recollection of OSWALD.

He stated he has viewed photographs of OSWALD but still cannot recall him and can recall nothing pertaining to the mode of travel used by OSWALD.

ARCAMENDI CHAPA pointed out that each Immigration Inspector checks hundreds of persons entering and leaving Mexico each day and unless some incident occurred which would impress the matter upon his mind, he would probably not remember any of them for more than a few minutes.

He stated that should he recall anything pertaining to OSWALD, he will immediately advise the FBI.

Re: DUDLEY LEE FERRELL;

On December 2, 1963, WALTER FELLERS, Sheriff, Comal County, New Braunfels, Texas, advised SA E. CLEON GLAZE that W. C. JOHNSON, New Braunfels, on November 23, 1963, came to the Sheriff's Office with newspapers containing photographs of LEE HARVEY OSWALD. JOHNSON advised that about a week before that, he believed he had seen OSWALD at the Bock Ford Motor Company at New Braunfels having his car serviced.

WALTER C. JOHNSON, 265 North Walnut, New Braunfels Texas advised SA GLAZE that he believed he saw OSWALD in New Braunfels on November 14, 1963. At the time, JOHNSON was having his car inspected at the Bock Ford Motor Company and a young man came in to have his car serviced. JOHNSON believed the car was a white 1962 Dodge or Plymouth. After leaving the motor company, JOHNSON again met this man on the street in New Braunfels, and the man asked if there was a good place to eat in town and JOHNSON pointed out two cafes. The man told JOHNSON he was en route to Dallas from someplace near New Orleans, Louisiana. Employees at the two cafes pointed out by JOHNSON were unable to recall anyone resembling OSWALD ever being there.

CHESTER PEHL, Service Manager at Bock Ford Motor Company could recall no one resembling the photograph of OSWALD having a car serviced there and after checking records for November 14, 1963, stated all customers were personally known to him except one D. L. FARRELL, Dallas, Texas, no street address. PEHL explained that there were two men in

a 1959 white Ford, one young and one old, one of whom was FARRELL who had a valve cover gasket replaced on the car. He had no license in the car and no further information regarding FARRELL.

DUDLEY D. FERRELL, 10150 San Lorenzo, Dallas, Texas, on December 3, 1963, advised SAs WILLIAM K. BOCK and JAMES R. GRAHAM, Jr., on interview at the Main Post Office, Dallas, that he was employed as a supervisor in the Superintendent of Mails Office in Dallas. On November 14, 1963, he went from Dallas to Palestine, Texas and picked up his father-in-law, one JAMES GROVER GILLIAM, Rural Route 5, Palestine, age Born Approx 1893 about 70, and they went deer hunting. He noticed his car, a 1959 white Ford four-door sedan, was losing oil and stopped at the Bock Ford Motor Company garage in New Braunfels to have it repaired. He displayed a copy of the repair ticket showing a valve cover gasket was replaced on November 14, 1963.

FERRELL advised that he recalls a white Plymouth or Dodge station wagon being serviced at the garage when the car was being repaired, but knows nothing of the owner of the car. While in New Braunfels, he had no conversation with anyone concerning the location of a restaurant, nor did he comment to anyone that he was en route to Dallas from the vicinity of New Orleans, Louisiana.

FERRELL advised he does not know OSWALD or JACK RUBY and to his knowledge has never seen them. He has no information concerning the assassination of President JOHN F. KENNEDY on November [illegible], 1963.

DL 89-43
WEB/rms

During the interview, it was noted that FERRELL bears a marked resemblance to OSWALD.

FERRELL described himself as follows:

Race	White
Sex	Male
Date of Birth	5/25/25
Place of Birth	Shreveport, Louisiana
Height	5'8½"
Weight	160 pounds
Hair	Dark, receeding
Eyes	Brown.

The following investigation was conducted by SA JOHN C. PHELPS at Miami, Florida, on November 30, 1963:

PATRICK J. HEALY, 7929 Abbott Avenue, Miami Beach, Florida, claims to have seen a man, who could be identical with LEE HARVEY OSWALD, at about 10:00 PM, November 18 or 19, 1963, at Parhams Restaurant, 73rd Street and Collins Avenue, Miami Beach, Florida. HEALY heard the man make the statement that a President died in office every 20 years. Another Miami Beach cab driver, IRVING SAKOW, was also present in the restaurant and heard the man make the same statement. The suspect was described by HEALY as being 5 feet, 10 or 11 inches tall, weight approximately 160 pounds, black hair, parted low on the left side of the head, left eyebrow swollen, apparently permanent and appeared to be about 30.

IRVING SAKOW, 150 Ocean Drive, Apartment 16, Miami Beach, Florida advised that he was in Parhams Restaurant with PATRICK J. HEALY and heard the statement made to the effect that a President died in office every 20 years. He described the man making the statement as being about sixty years old, six feet tall, 200 pounds or more. He advised that this man could not possibly be identical with LEE HARVEY OSWALD.

Mr. JEROME DOERNBERG, 1235 Westminster Drive, Cincinnati, Ohio, advised that during the latter part of November, 1963, he and CARL RUBEN, a Cincinnati attorney residing at 1231 Westminster Drive, Cincinnati, Ohio, participated in the American Contract Bridge National Tournament at Miami, Florida.

DOERNBERG stated that at about 8:00 p.m., on November 26, 1963, he and CARL RUBEN finished eating dinner at a Chinese restaurant, the name of which he could not recall. DOERNBERG stated he and RUBEN left the restaurant and walked one block to the corner of 79th Street and Collins Street, Miami. At this point they hailed a Yellow Taxicab Number 497.

They were taken by taxi to the Bess Rivage Lodge, Bal Harbor, Florida, where they were staying. During this trip, the driver of Yellow Cab Number 497 stated he could positively identify LEE HARVEY OSWALD as being in Miami, Florida, when President KENNEDY was last there for a visit. The cab driver stated he observed OSWALD on this occasion with two other men.

DOERNBERG stated he and RUBEN felt at first that the cab driver was probably not telling the truth concerning OSWALD, but upon later reflection, decided this information should be furnished to the FBI because of the importance of this situation.

DOERNBERG stated neither he nor RUBEN knew the name of the cab driver of Yellow Cab Number 497, and never saw him after the one trip on November 26, 1963.

HUEY P. NEWMAN, Night Porter, Continental Trailways Bus System, 1314 Tulane Avenue, New Orleans, Louisiana (residence 2013 North Rampart Street, New Orleans) stated he has been employed in this capacity with this company for more than two years.

NEWMAN was furnished several photographs, among which was included a photograph of LEE HARVEY OSWALD bearing New Orleans Police Department No. 112 723, and NEWMAN picked out a photograph of OSWALD as familiar to him, possibly from television and newspaper coverage of the assassination of President JOHN F. KENNEDY.

NEWMAN stated that he could not be sure but he believed he possibly had seen the person represented in the photograph, which he picked out and which was identical with OSWALD, somewhere around the Continental Trailways Bus Station during the morning hours of September 15, 1963. He stated that he recalled that his wife had given birth to a baby boy on September 16, 1963, and for this reason had remembered the previous day, which he said was a Sunday.

NEWMAN stated for information his duties consisted of carrying luggage and suitcases, transferring shipments from one bus to another, and doing general porter-duties, and advised that he regularly worked at the rear of the Continental Trailways Bus Station where buses were parked between trips. He stated as best he could recall he saw a person who resembled OSWALD for approximately a three-hour period in the early morning hours of September 15, 1963, and added that this person appeared to be passing time waiting for a bus and was "walking about quite a bit." NEWMAN stated that he recalled asking this individual if he was waiting for a particular bus and stated the individual described below appeared to be deep in thought and was not listening. He stated he believed this person eventually gave a very short answer and cut him off in conversation. He described the individual observed as follows:

LEONARD R. HOLLAND, JR., residence 4440 Chef Menteur Highway, New Orleans, Louisiana, a ticket agent at Continental Trailways Bus System, was contacted at 1314 Tulane Avenue, and requested to search the Continental Trailways Bus System records for travel between New Orleans, Louisiana, and the following-listed destinations for the entire month of September, 1963: Mexico City, Mexico; Laredo, Texas; and Brownsville, Texas.

HOLLAND stated that his records revealed no ticket sales at New Orleans, Louisiana for transportation from New Orleans to the destinations Mexico City, Mexico or Laredo, Texas, but added that the following-listed ticket sales were verified for travel between New Orleans, Louisiana and Brownsville, Texas:

September 6, 1963 - Ticket No. 355767

September 10, 1963 - Ticket No. 355604

September 15, 1963 - Ticket No. 376416

September 25, 1963 - Ticket No. 377025

HOLLAND added that the above-listed records of ticket sales were for one-way passage and stated that a thorough review of his files had failed to reveal any two-way passages between New Orleans, Louisiana and the destinations appearing above.

For additional information, HOLLAND stated that on September 25, 1963, his records revealed two separate sales of tickets from New Orleans, Louisiana to Brownsville, Texas, and explained that in his opinion his superior, MAJOR J. GREEN, possibly had failed to furnish one of these ticket sales as there was no pencil check notation by the side as there had been in all previous instances checked. He stated this one checked record showed that Ticket No. 377012 had been sold on September 25, 1963, and said this was a one-way passage from New Orleans, Louisiana to Brownsville, Texas.

For additional verification, HOLLAND checked his records of ticket sales made at New Orleans, Louisiana for travel from New Orleans, Louisiana to Dallas, Texas from September 24, 1963 through October 1, 1963, and listed the following one-way tickets as sold at New Orleans, Louisiana and explained that no round-trip tickets had been sold:

September 24, 1963 - Ticket No. 377005

September 25, 1963 - Ticket No. 377041,

September 26, 1963 - Ticket No. 377084

HOLLAND explained that it possibly might seem unusual that the Continental Trailways Bus System only sold three tickets from New Orleans, Louisiana to Dallas, Texas, during the period indicated, but added that while this bus system operated five buses daily from New Orleans to Dallas, very few ticket sales were made strictly from New Orleans, Louisiana to Dallas, Texas. He stated a number of tickets were sold each day for destination points beyond the location of Dallas, Texas, such as Houston, Texas, for example, but advised that his bus system could not compete with the extensive advertising and long period of service of which the Greyhound Bus Lines boast. He also stated that the Continental Trailways Bus System was a relatively new company at New Orleans, Louisiana, and had operated only approximately 15 years. He listed the fare with his bus lines for one-way passage between New Orleans, Louisiana and Dallas, Texas as $13.85 and cost of passage between New Orleans, Louisiana and Brownsville, Texas as $21.35, and added that no Federal or State Taxes were added to these amounts.

She stated that they traveled in their personal automobile and entered Mexico via the Laredo, Texas, border station just before noon on October 7, 1963. They traveled directly to Monterrey, Mexico. She explained that they had planned to go to Mexico City but that their car broke down enroute to Monterrey and consequently they stayed there overnight and returned to the United States the following day, October 8, 1963, re-entering the Laredo station between 2:00 and 3:00 p.m.

Mrs. RODRIGUEZ advised that there were very few cars on the road and she saw very few Americans while in Mexico. She explained that she did not speak Spanish and consequently did not enjoy being in Mexico which was one of the reasons they returned the following day.

She advised that she did not know LEE HARVEY OSWALD and felt sure that she did not see him while in Mexico. She did not recall ever seeing him or hearing about him prior to the publicity in connection with the recent assassination of President KENNEDY.

Mrs. AVIS BOVARD FAURE, West Main Street, P. O. Box 162, Houma, Louisiana, was interviewed and advised that she and her husband, Mr. EDWARD WILLIAM BERTHE FAURE, with her brother-in-law and his wife, Mr. and Mrs. GEORGE T. FAURE, 3910 Desoto Street, New Orleans, traveled to Mexico for a vacation. She advised that their travel was accomplished by means of her brother-in-law's automobile and that they crossed the border into Mexico on October 7, 1963, through Roma, Texas. She stated that they traveled only as far as Monterrey, Mexico, because of her brother-in-law's heart condition and advice of his doctor that high altitudes were not recommended due to his condition. Mrs. FAURE stated that they returned by car to the United States on October 11, 1963, crossing the border at Mc Allen, Texas.

Mrs. FAURE examined the photograph of LEE HARVEY OSWALD and stated that his face was not familiar to her and that to the best of her knowledge she had not seen OSWALD at any time during her vacation trip to Mexico. Mrs. FAURE further advised that she had no information regarding OSWALD and that the first time she heard of him was during a T, V. newscast of the weekend of November 22-25, 1963.

By communication, dated November 28, 1963, the New Orleans Office advised that a representative of the Greyhound Bus Terminal stated the records concerning tickets issued for travel from New Orleans, Louisiana, to Mexico City, and from Dallas, Texas, to Mexico City, are forwarded to the Greyhound Company, at Lexington, Kentucky, and also that some of this information was located at San Francisco, California. This communication further stated the San Francisco Division furnished information to New Orleans on November 27, 1963, concerning tickets located in the San Francisco area for the period September 15, 1963, to September 26, 1963, for Greyhound Bus tickets from Dallas and Fort Worth to Mexico City.

The following investigation was conducted at Dallas, Texas, by SAS JOHN T. MC KURRER AND LOUIS M. KELLEY:

RICHARD DRAKE and BOB NEILL, Agents, Greyhound Bus Terminal, Dallas, Texas, advised that all information concerning tickets sold at Dallas, Texas, is forwarded to H. T. DOTSON, Auditor of Revenues, Western Greyhound Lines, 371 Market Street, San Francisco, California, at the end of each month and no information is maintained at Dallas. They stated they knew of no way at Dallas to identify a person using a ticket unless the Agent who sold the ticket remembered the person, nor anyway to identify a ticket with a particular bus route. They advised the code number set forth on the ticket was the number of the selling Agent of Greyhound Bus Lines, and furnished the following names for the code numbers at Dallas, Texas:

CODE NUMBER	GREYHOUND AGENT	
01	M. C. BLACKBURN	Texas
02	EDGAR ALLEN LOVING Edgar A Loving	Texas
03	O. J. ACCORD	Texas

DL 89-43

CODE NUMBER	GREYHOUND AGENT
07	ANN BANKS Texas
08	GEORGE SHAWVER
09	BUDDY IRVIN HEELER Texas

Regarding the Greyhound Bus tickets sold at Dallas, Texas, for passage from Dallas, or Fort Worth, Texas, to Mexico City, the following were interviewed:

1) RE: Ticket number 4445783, dated September 15, 1963, sold at Dallas, code 08, bearing the number pencilled on the back, 10862. GEORGE SHAWVER advised on December 2, 1963, that he is an Agent, number 08, and that he could not recall the sale of this ticket. He was exhibited photos of JACK RUBY and LEE HARVEY OSWALD and stated that he could not identify either person as having ever purchased a ticket from him.

2) RE: Ticket number 4444462, dated September 15, 1963, sold at Dallas, Texas, code 07, pencilled notation on the back, 10683. ANN BANKS advised on December 3, 1963, that she cannot recall the sale of this ticket and that she could not recall either LEE HARVEY OSWALD or anyone person purchasing a ticket to Mexico City. She stated that she has seen JACK RUBY in the Greyhound Bus Terminal, and in fact, several months ago, sold him a ticket for a Negro girl entertainer from Dallas to Miami, Florida. She stated that the numbers pencilled on the back of the ticket sold by her did not mean anything to her, and felt that they must be something put on by the accounting office, located at San Francisco.

3) RE: Ticket number 4441802, dated September 11, 1963, sold at Dallas, Texas, code number 02, pencilled on the back 10634; and ticket number 4445833, dated September 15, 1963, sold at Dallas, Texas, code 02, pencilled on the back, 10684. EDGAR A. LOVING advised that his code number was 02 and that he was an Agent for the Greyhound Bus Lines, at Dallas, Texas. He stated he was unable to recall the sale of the above tickets, or the sale of any other ticket to a person going to Mexico City. He was exhibited a photograph of LEE HARVEY OSWALD and JACK RUBY. He advised he was unable to identify either person. LOVING further stated that the numbers pencilled on the back of the tickets meant nothing to him.

4) RE: Ticket number 0957165, dated September 6, 1963, sold at Dallas, Texas, with a return trip, code number 03, pencilled on the back 9100; and ticket number 4446355, dated September 25, 1963, sold at Dallas, Texas, bearing on the face, written in ink under the endorsement, the number 13, code 03, and pencilled on the back 10759. O. J. ACCORD advised that he did not recall selling either ticket and that he did not know LEE HARVEY OSWALD, although, he had seen his photograph on television. He stated he knew JACK RUBY because RUBY occasionally comes into the bus depot to pick up advertising material for his Carousel Club, which generally comes in by bus. He stated that he knew nothing further concerning JACK RUBY. ACCORD further advised he does not have any idea what the number 13 on the ticket meant, as he did not put it there.

5) RE: Ticket number 4446333, dated September 23, 1963, sold at Dallas, Texas, code 09, bearing pencilled on the back 0762. BUDDY IRVIN WHEELER, Agent, Greyhound Lines, advised his code number is 09, and that he does not recall selling this ticket, nor any other specific ticket to Mexico City. He stated he did not know LEE HARVEY OSWALD and

so far as he knew, had never seen him. He has met JACK RUBY because RUBY did come in occasionally either to see someone off on a bus, or to pick up advertising material which came in by bus. He knew nothing concerning RUBY.

6) RX: Ticket number 4443093, dated September 13, 1963, sold at Dallas, Texas, bearing in pencil the number 18 under the endorsement, code 01, and pencilled on the back 10651. M. C. BLACKBURN, Agent, Greyhound Lines, advised on December 2, 1963, he was unable to recall selling a ticket to Mexico City, although, he did not sell many to Mexico City, and that he did not recall seeing either LEE HARVEY OSWALD or JACK RUBY at the Greyhound Bus Terminal.

RICHARD DRAKE advised that ticket number 213935, dated September 16, 1963, was sold at Fort Worth, Texas, and that it would be necessary to obtain the information on this ticket from Greyhound Lines, at Fort Worth.

Mrs. HYMEL was employed with Continental Trailways Bus Station as a Ticket Agent in New Orleans in September, 1963 and she was so employed for about ten years. After careful thought she was unable to remember anything whatever regarding selling a bus ticket for travel from New Orleans, Louisiana to Brownsville, Texas on September 10, 1963, and she has no recollection of ever seeing anyone who might have been identical with LEE HARVEY OSWALD. She dealt with so many people in her job as a Ticket Agent for Continental Trailways at New Orleans that she does not consider it likely that she could recall any particular ticket sale. She has seen LEE HARVEY OSWALD's photograph on television and in newspapers many times in recent days but she is unable to remember seeing or dealing with anyone who might have been identical with him. She does not consider it likely that she could remember it if she had sold him a ticket while employed as a Ticket Agent at Continental Trailways Bus Station at New Orleans. She could furnish no information regarding Continental Trailways Ticket Number 355604 sold on September 10, 1963 for travel from New Orleans, Louisiana to Brownsville, Texas, except information from the record which might show that she sold such a ticket.

Date December 3, 1963

Miss JEANNIE GORDON, Ticket Agent #7, Greyhound Bus Terminal, New Orleans, Louisiana, was interviewed at her residence, 1530 Bordeaux Street, New Orleans, Louisiana.

Miss GORDON reviewed two photographs of ticket #185273 and identified her ticket agent #7 thereon indicating that she issued this ticket. She advised that these two photographs represent only a part of the ticket as there were six separate parts to this ticket. The first portion of the ticket which showed travel from New Orleans to Lake Charles;and the second portion from Lake Charles to Laredo, Texas; and the third portion from Laredo to Mexico City; the fourth portion from Mexico City to Laredo; the fifth from Laredo to Lake Charles; and the sixth from Lake Charles to New Orleans. She pointed out that the copy of the photograph with the figure "4" or "H" represents the third portion of the ticket, however, she advised that she difinitely did not write this figure in the endorsement space. She further pointed out that the encircled number "9418" on the reverse side of the fourth portion of this ticket representing travel from Mexico City to Laredo, Texas, was not written by her. She advised that these tickets are all machine issued and very seldom does she have any particular reason to make any written notations thereon. She was of the opinion that perhaps the figure "4" or "H" on the face side of the ticket for travel from Laredo to Mexico City was probably made by agent of the Del Norte lines and that the encircled number on the back side of the ticket showing travel from Mexico City to Laredo, Texas, is probably an accounting number.

Miss GORDON advised that she does not handle any of the luggage and this handling would be done at the luggage counter in the bus station. If such luggage is checked through, the luggage department would punch the original copies of ticket #185273 and this luggage would probably be checked through directly to Laredo, Texas. If then checked further from Laredo to Mexico City, this fact would be shown on the Del Norte line ticket due to the fact that no luggage can be checked straigh through to a foreign city.

Miss GORDON further pointed out from a review of the third and fourth parts of ticket 185273 that these parts of the ticket were taken up by the Del Norte ticket agent in Laredo at which time this ticket agent prepared a new round-trip ticket from Laredo to Mexico City, and return. She pointed out that this would probably account for the fact that no bus drivers punches were noted on either portion of this ticket.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

Date December 3, 1963

Mr. E. A. REIMHERR, Terminal Manager, Greyhound Bus Terminal, 1710 Tulane Avenue, furnished the following information in regard to Greyhound tickets issued from New Orleans to Mexico City particularly Greyhound ticket number 185273, dated as issued August 31, 1963, from New Orleans to Mexico City, at a total fare of $54.45.

Upon reviewing photographs of ticket #185273, Mr. REIMHERR advised that this ticket was issued on form #6 which represents there were six separate parts to this ticket. The first part representing travel from New Orleans to Lake Charles; the second part from Lake Charles to Laredo, Texas; the third part from Laredo, Texas, to Mexico City; the fourth part from Mexico City to Laredo, Texas; the fifth part from Laredo, Texas, to Lake Charles, Louisiana; and the sixth part from Lake Charles to New Orleans. He pointed out that the two photographs reviewed by him of ticket #185273 represents the third and fourth part of this ticket which represented the travel from Laredo, Texas, to Mexico City and return. He explained that each bus driver will punch that part of the ticket representing the travel under his control. The punch used by the driver is so designed that a particular driver can be identified. Further, that the driver leaving New Orleans would punch #1 space on the right side of the ticket and the #2 driver the #2 space and so on. The New Orleans Southern Greyhound driver would use #1 space on the first part of ticket #185273 and this would be the only Southern driver to punch this ticket since the Central Greyhound driver took over at Lake Charles, Louisiana. He is of the opinion that several bus drivers would be involved between Lake Charles, Louisiana, and Laredo, Texas, and that these drivers could probably be identified by reviewing the second portion of ticket #185273 since each driver upon taking over the bus would have to punch each ticket for passengers thereon.

The first part of this ticket would probably be located at the Accounting Office in Lexington, Kentucky; the second, fifth, and sixth parts of this ticket probably would be located at the office of Central Greyhound in either San Francisco or Kansas City, however, he is not

acquainted with the accounting phase of the Central Greyhound Bus Company. Mr. REIMHERR believes that all parts of this ticket, as any other ticket issued in the city of New Orleans, will eventually find its way to the Lexington, Kentucky, Southern Greyhound Accounting Office and at this late date, he is of the opinion the other parts of this ticket #185273 should be located at the Southern Greyhound Office in Lexington, Kentucky. Mr. REIMHERR advised that from a review of these photographs of the third and fourth parts of ticket #185273, it was not possible to identify any of the bus drivers nor was it possible to determine if any luggage was checked through to Laredo, Texas. He pointed out that if luggage was carried on the bus by the ticket purchaser, there would be no way to identify this fact as the tickets are not so marked. He further was of the opinion that the third and fourth parts of this ticket, which are the photographs he reviewed, were probably taken up by the Transport Del Norte Mexican bus agent in Laredo, Texas, at which time a Del Norte round-trip bus ticket was issued from Laredo, Texas, to Mexico City and return which probably accounts for the fact that none of the figures have been punched out on the right side of these tickets which would ordinarily show ticket handled by a bus driver.

Upon further reviewing photographs of the third and fourth portion of ticket #185273, Mr. REIMHERR advised he is unable to identify the "H" or "4" on the ticket listing travel from Laredo to Mexico City nor is he able to identify the circled number "9418" on the back of ticket to Laredo from Mexico City. He was of the opinion that these writings were put there by someone other than the ticket agent in New Orleans, suggesting that the "H" or "4" could probably have been placed there by the agent for Del Norte lines when a round-trip ticket was issued for the travel from Laredo to Mexico City and return.

V(sic) AUTOBIOGRAPHY

I, Oswald, Marina Nikolaevna, born Prusakova, M. N., was born July 17, 1941, in Severo-Dvinsk (former Molotovsk), Arkhangelskaya Oblast. I lived with my mother and stepfather in Leningrad, where I graduated from the secondary school and entered the Leningrad Pharmaceutical School. My mother died in 1957. On graduation from school, I was retained for work in Leningrad. Due to family circumstances, I worked for the last 2 years (up to 1962) as an assistant at the pharmacy of the 3rd Clinical Hospital in Minsk, residing at the home of my maternal uncle (Prusakov, Ilya Vasilevich), and subsequently was married. In February, 1962, a daughter, June Lee Oswald, was born to us. My husband is an American by nationality, and so we found ourselves in America. But a year later, I am applying for a visa for entry into the USSR and beg you not to deny my request. My husband remains in the U. S. A.

Consular Section,
Comrade Reznichenko

from Oswald, Marina Nikolaevna

Dear Comrade Reznichenko!

I received two letters from you in which you requested me to indicate the reason for my wish to return to the USSR.

But first of all, permit me to apologize for such a long silence on my part and to thank you for a considerate attitude toward me on the part of the Embassy. The reasons for my silence were certain family "problems" (if one can express it this way) which stood in the way. That is also one of the reaons why I wish to return to the Homeland. The main reason, "of course" (sic), is homesickness, regarding which much is written and spoken, but one learns it only in a foreign land.

I count among family "problems" the fact that in the middle or the end of October, I expect the birth of my second child. This would have probably complicated matters for me, because I would not be able to work during the first few months. And yet, I have no one from whom I could expect help, for I have no parents. My relatives were against my going to America and, therefore, I would be ashamed to appeal to them. That is why I had to weigh everything once more before replying to your letter.

But things are improving due to the face that my husband expresses a sincere wish

TRANSLATED BY:

to return together with me to the USSR. I earnestly beg you to help him in this. There is not much that is encouraging for us here and nothing to hold us. I would not be able to work for time being, even if I did find work. And my husband is often unemployed. It is very difficult for us to live here. We have no money to enable me to come to the Embassy, not even to pay for hospital and other expenses connected with the birth of a child. We both urgently solicit your assistance to enable us to return and work in the USSR.

In my application I did not specify the place in which I would like to live in the Soviet Union. I earnestly beg you to help us to obtain permission to live in Leningrad where I grew up and went to school. I have a sister and a brother of my mother's second marriage there. I know that I do not have to explain to you the reason for my whish to live precisely in that city. It speaks for itself. I permit myself to write this without any desire to belittle the merits of our other cities. Moreover, it would be easier for me to find employment in Leningrad, since there are more pharmacies there and additional personnel are needed. For instance, where I came to Minsk from Leningrad, I could not find work in my specialty for quite a long time, because they had sufficient personnel

These are the basic reasons why I and my husband wish to return to the USSR. Please do not deny our request. Make us happy again, help us to return that which we lost because of our foolishness. I would like to have my second child, too, to be born in the USSR.

Sincerely and respectfully,

/s/ M. Oswald

P. S. I enclose with this letter an application of my husband for permission to enter into the USSR.

"The Federal Bureu of Investigation is not now interested in my activities in the progressive organization 'Fair Play For Cuba Committee', of which I was secretary in New Orleans (state Louisiana) since I no longer reside in that state. However, the F.B.I. has visited us here in Dallas, Texas, on November 1st. Agent James P. Hasty warned me that if I engaged in F.P.C.C. activities in Texas the F.B.I. will again take an 'interrest' in me.

"This agent also 'suggested' to Marina Nichilayeva that she could remain in the United States under F.B.I. 'protection', that is, she could defect from the Soviet Uion, of course, I and my wife strongly protested these tactics by the notorious F.B.I.

MYRA SILVER, secretary, Jones Printing Company, 422 Girod Street, New Orleans, Louisiana, was interviewed at her place of employment and advised that her records reflect the following information:

She stated that on May 29, 1963, a person who she understood gave his name as OSBORNE appeared at the Jones Printing Company and placed an order for 1,000 copies of a handbill, a rough draft of which he submitted on a 8 x 10 looseleaf paper. She stated that the handbill read as follows:

"HANDS
OFF
CUBA!

"Join the Fair Play for
Cuba Committee

"NEW ORLEANS CHARTER
MEMBER BRANCH

"Free Literature, Lectures

"LOCATION:

"EVERYONE WELCOME!"

She advised that the order was placed on job ticket # D-7548 and promised the completed product on June 4, 1963. She advised that the business relationship was strictly cash, due to the fact that her company had never done business with OSBORNE before.

She advised that her records show that OSBORNE appeared on May 31, 1963, and placed a $4.00 down payment on his order. She stated that the handbills were made up on June 1, and locked up on June 3, 1963. She advised that

MYRA SILVER furnished the following items to SA McCARTHY:

1) Original rough draft layout for the above mentioned handbills.

2) Jones Printing Company job ticket # D-7548.

3) Three copies of finished handbill beginning, "Hands Off Cuba," which handbills were being retained as file copies by the Jones Printing Company.

DOUGLAS JONES, Jones Printing Company, 422 Girod, New Orleans, LA advised after viewing the photograph of LEE OSWALD, that although he could not positively be sure, he said he did not believe the person ordering the printing of the handbills relating to Cuba last May 29th was OSWALD. He said to the best of his recollection the man ordering the handbills was a husky type person, on the order of a laborer. He said he remembered the person ordering the handbills did not have a Cuban accent and did not look like a Cuban to him and he therefore wondered why this person would be involved with the Cubans. He again stated that he could not positively say the person ordering the handbills was not OSWALD but he did not think it was. JONES said he could not furnish any other identifying data concerning the person ordering the handbills.

GLYNN A. YOUNG, President, Direct Mail Enterprises, Inc., 424 Gravier Street, New Orleans, LA. was shown a photograph of LEE H. OSWALD taken by the New Orleans Police Department, on August 9, 1963, and he identified OSWALD as an individual who came alone to his shop and asked for an estimate on the price of printing 1,000 copies of a 4" x 9" form.

YOUNG said he gave OSWALD a price of approximately $9.00 and OSWALD said the price was too high and he wanted something cheaper. Mr. YOUNG said he referred OSWALD to a competitor, the Mailers Service Company, at 225 Magazine Street, and told OSWALD they could possibly print it at a cheaper rate.

YOUNG said JOHN I. ANDERSON, Mailers Service Company, brought the layout of the form to his shop to be typed. YOUNG said ANDERSON's mother and father were on vacation at the time, and there was no one to type it up at Mailers Service. YOUNG said he gave the layout to his typist, VALERIE PICOU, to be typed. LA

YOUNG said he recalls when OSWALD asked for the estimate he had a handwritten copy on a piece of paper. YOUNG said all he can recall of the contents on the paper was that it had something to do with "donations for Cuba."

YOUNG said he does not know what happened to the handwritten layout given to him by ANDERSON other than that he gave it to Miss PICOU.

Date December 3, 1963

LA. New Orleans LA

JOHN I. ANDERSON, son of the owner, Mailers Service Company, 225 Magazine Street, was shown a photograph of LEE H. OSWALD taken by the New Orleans Police Department on August 9, 1963, and identified OSWALD as the individual who came to ANDERSON's company on June 3, 1963, and ordered 500 offset printed copies of an application form.

ANDERSON does not remember whether the original layout was printed, typed or handwritten. ANDERSON said he has not retained the original layout which OSWALD brought in and does not know what happened to it.

ANDERSON said the name he wrote on the bill for OSWALD was LEE OSBORNE. He said he could not remember whether this was the name given to him by OSWALD or whether when given the name he misunderstood and wrote OSBORNE instead of OSWALD.

ANDERSON said OSWALD had been sent to him by Mr. GLYNN A. YOUNG of Direct Mail Enterprises, Inc., 424 Gravier Street. He said that apparently YOUNG sent OSWALD to him as his company was too busy at the time to handle the order.

ANDERSON said that at the time OSWALD came into his shop, ANDERSON's mother and father were on vacation in Miami, Florida, and he had no one to type up the paper master copy for this printing job so he took it to Mr. GLYNN A. YOUNG of Direct Mail Enterprises, Inc., who had one of his girls type it up and then the printing job was done at Mailers Service Company.

ANDERSON said the job order for the above order showed that OSWALD received the printed matter on June 5, 1963. He said he recalled OSWALD returned and picked up the package which he gave to OSWALD and OSWALD paid $9.34 cash for the order.

ANDERSON said sometime later, date unknown, OSWALD again came to his company and ordered 300 copies of a 2½" x 3½" card which appeared to be some type of membership card.

ANDERSON had retained the original printed layout for this card given to him by OSWALD. ANDERSON said that this order was typed and run off in his shop and OSWALD returned a couple of days later to pick this order up. At the time he picked the order

up, he remembers OSWALD was not satisfied with the job as he had wanted it on card type paper rather than the thick paper used. ANDERSON said, however, that OSWALD accepted the 300 copies and paid $3.50 cash at this time. He said OSWALD had not returned to his shop since that time.

ANDERSON said a complete search of the records of the business turned up no record for this sale and because of this he could not determine the date OSWALD brought in the original printed layout for this "membership card," nor could he determine the date OSWALD picked up the completed order. ANDERSON said he is fairly certain OSWALD must have come in either the latter part of June or during July or early August.

ANDERSON said OSWALD did not reorder any more copies of the application form or the membership card, nor did OSWALD place any other job orders at his shop.

ANDERSON furnished a printed copy of the application form entitled, "The Fair Play for Cuba Committee, New Orleans, La." ANDERSON also furnished the original layout of the "membership card" and also furnished a printed copy of this card.

NO 89-69

A printed copy of the application for membership form for the Fair Play for Cuba Committee has been forwarded to the FBI Laboratory for examination.

Date 12/3/63

1 Mr. JOSEPH J JOHNSON, employed by James W Trout Printing, 417 Natchez, advised he currently resides at 4855 Feliciana Drive, New Orleans, La.

He said that LEE HARVEY OSWALD came into the shop in the late part of July, 1963, and requested 3,000 copies of a handbill at a special price. Mr. JOHNSON said they did not discuss price after OSWALD showed him a hand-written sample of the handbill he desired. Mr. JOHNSON continued that the sample furnished was written in pencil on cheap paper, which appeared to be brown wrapping paper. He said he recalls that a portion read, "Hands Off Cuba." He said OSWALD wanted delivery of the order on the following day. Mr. JOHNSON said he informed OSWALD at that point that he did not desire to do the job, whereupon OSWALD asked JOHNSON to recommend a shop. Mr. JOHNSON said he refused to make such a recommendation, and that OSWALD became annoyed and left. Mr. JOHNSON said he did not know where OSWALD went or even in what direction he traveled after leaving the shop.

He continued that OSWALD had not identified himself, but that he (JOHNSON) recalled OSWALD as the man with whom he spoke following the appearance of the photographs of OSWALD in the newspapers after the assassination of President KENNEDY. Mr. JOHNSON concluded by stating that he recalled OSWALD to have been dressed in a dirty brown khaki jacket and trousers. He said from all appearance, OSWALD was traveling on foot.

FRANK GRIGO, Representative, E. S. Binning LA. Steamship Company, Inc., Room 724, Whitney National Bank Building, office telephone 529-5561, residence - 3705 Green Acres Road, Metairie, Louisiana, was interviewed at the New Orleans Press Club, International Trade Mart, 124 Camp Street, and advised that he is of Cuban origin and is familiar with many Cubans working and living in New Orleans, Louisiana, but added that he was not present at the Trade Mart during August, 1963, when LEE HARVEY OSWALD and possibly additional persons passed out handbills bearing the heading "Hands Off Cuba," although he stated he had followed coverage of this incident on television.

He was furnished photographs of LEE HARVEY OSWALD and other individuals taken by a WDSU photographer on August 16, 1963, and made available for the use of the FBI and he stated that the only persons he would be able to identify from these photographs was OSWALD as well as a friend of his, Mrs. DELORES NEELEY, who he said worked in the New Orleans Export-Import Exchange Office in the International Trade Mart. He stated that possibly one white male, pictured in these photographs as apparently holding a stack of handbills similar to those being held in these photographs by OSWALD, might bear some resemblance to an individual who worked for the Waterman Steamship Company with main offices located at Puerto Rico and employed possibly on the 11th or 14th Floor of the American National Bank Building. He added that the indiviual referred to was from Nicaragua and added he believed this person was present at the Trade Mart on this occasion.

GRIGO also stated that he believed another individual who was of Cuban origin named (FNU) GUITEREZ, employed in the Columbian Invoice Section of the United Fruit Company located at 325 St. Charles Avenue (telephone 523-2351) had been present when handbills had been passed out at the International Trade Mart. He further added it was his understanding GUITEREZ had appeared on television in Channel 4, WWL-TV, films of this incident.

MR. LAWRENCE BRIGHT, LA-, Owner, New Orleans Printing Company, 811 Camp Street, advised that he knew of LEE OSWALD. He said that three or four months ago two Cuban acquaintances of his came into his shop and were highly incensed in view of the fact that they had just come from in front of the International Trade Mart and had seen OSWALD passing out pro-Castro handbills. BRIGHT said both these men were Cuban refugees and neigher of them spoke English, but had become very angry with OSWALD and with what he was doing because they had both lost everything as a result of CASTRO coming into power.

BRIGHT said he and his two Cuban acquaintances headed toward the International Trade Mart to see what was going on. BRIGHT said OSWALD was gone when they got to the Trade Mart. BRIGHT said he saw OSWALD on the street in New Orleans on one other occasion but he could not remember exactly when.

BRIGHT said he did not know the full names of the two Cuban refugees who had come into his shop, but said one of them was named RAFAEL, who was a sailor and whom he thought sailed out of Mobile, Alabama. BRIGHT said a Father ANTHONY, at Ozanam Inn, 829 Camp Street, is acquainted with RAFAEL and could identify him. BRIGHT said the second Cuban is a tall blonde, who is employed by the REISS Candy Company, 419 Decatur Street. BRIGHT said he could not recall this man's name.

BRIGHT went on to say that he had spent considerable time in Cuba and was fluent in Spanish. He stated these two Cubans who had come to him were friends of his even though he did not know their names.

He stated that he recalls being given a hand bill at the International Trade Mart, 124 Camp Street, sometime in August of 1963 but after glancing at the contents of the hand bill immediately discarded it. He stated that he does not recall who gave him the hand bill nor does he recall how many persons were passing out hand bills at this time.

GUITEREZ stated that he did not remain in the area of the International Trade Mart after being given the hand bill and does not recall seeing anyone that he recognized in the area of the Trade Mart during the period of time that he passed by it.

GUITEREZ was shown photographs which were taken at the International Trade Mart during the period of time that LEE HARVEY OSWALD was passing out hand bills in this area. He stated that he did not recognize any of the individuals appearing in these photographs other than LEE HARVEY OSWALD. He stated that he was able to recognize OSWALD only because of the wide coverage on television being given to OSWALD regarding the assassination of President JOHN F. KENNEDY.

JUNICHI (NMN) EHARA, LA Representative, Kasuga and Company, Ltd., Import-export firm, Room 325, International Trade Mart, 124 Camp Street, advised that sometime during the middle of August, 1963, he happened to be leaving the Trade Mart during the noon hour in the company of JOHN ALICE, owner of John Alice Export Company, Room 308, International Trade Mart, when he observed at least two persons outside of this building passing out handbills. He stated that a young man handed ALICE one of these bills with the wording, "Hands Off Cuba" printed thereon, and immediately ALICE began arguing with this person.

He stated he possibly observed this activity at the location of the International Trade Mart for approximately five minutes and observed, in particular, one white male, approximately 25-30, height 5'7", weight 150 lbs., whom he afterwards recognized from television and newspaper coverage concerning the assassination of President JOHN F. KENNEDY, as LEE HARVEY OSWALD. He described the other individual passing out circulars as a white male younger than OSWALD in his early 20's, 6' tall, weighing about 200 lbs.

EHARA was furnished photographs made available to the FBI by radio station WDSU, New Orleans, representing the activity of persons passing out handbills at the International Trade Mart on August 16, 1963, and EHARA identified himself among several of the photographs and picked out the individual who was passing out handbills on this occasion, and whom he had identified as OSWALD from television photographs.

EHARA also identified JOHN ALICE from among these photographs, but added that he was unable to identify any other individuals represented in these photographs. He stated that he had not seen any of the individuals passing out handbills on any previous occasion, nor has he seen them on occasion subsequent to the one described above.

After the above incident, he stated that he went to lunch, and when he returned from lunch, no persons were seen passing out handbills at 124 Camp Street.

THOMAS J. KENNAIR, LA, owner, KENNAIR, PUBLIC RELATIONS FIRM, 3 Flamingo Street, stated that while he operates his public relations firm from an office at his residence, he nevertheless has numerous occasions during the day to meet with friends and associates at the International Trade Mart, 124 Camp Street.

He stated that he recalled an incident sometime during August, 1963, when he possibly was in the company of MRS. DOLORES NEELEY, connected with Bloomfield Enterprises with offices in the International Trade Mart, and recalled seeing two or three individuals passing out handbills around the noon hour at the Trade Mart Building.

He advised that he was aware that radio station, WDSU, as well as television station WWL, had sent photographers to this location and stated he would not be surprised to see himself represented in some of the photographs taken by these stations. He stated it was not until November 22, 1963, when he observed a photograph of LEE HARVEY OSWALD on television, that he recalled that one individual passing out handbills on this occasion was identical with OSWALD. He stated he recognized another white male with OSWALD when he passed out handbills at this Mart and stated he would be unable to describe this individual except to say he was a tall, "husky" type of individual.

KENNAIR was furnished several photographs taken by radio station, WDSU, on this occasion and made available for the use of the FBI, but he stated that he neither saw himself represented in any of these photographs, nor would he be able to identify any of the persons except OSWALD and his friend, MRS. DOLORES NEELEY, whom he said he identified among these photographs.

He stated that he regularly works from 9 AM until 6 PM and added that seldom does he leave the International Trade Mart during his working day. He stated that he recalled an incident involving several persons who supposedly were passing out handbills in front of the International Trade Mart sometime during August, 1963, but he explained that he had not observed any of these activities, and the only basis for all information in his possession was a report that a customer had given him on this occasion.

In addition, Mrs. NEELEY stated that she identified one person from among these photographs as JAMES LAWRENCE associated with Cross Country Development Company, 3355 Poplar Avenue, Memphis, Tennessee as a spectator of the activity on this occasion and explained that the company just named was a subsidiary of Bloomfield Enterprises, a company for which she was employed, and also connected with the New Orleans Export-Import Exchange. Mr. JOHN CORPORAN, WDSU-TV News Room, advised that his station made three films concerning LEE HARVEY OSWALD. He stated that one is a silent film taken on August 16, 1963, at New Orleans when OSWALD was distributing leaflets. Mr. CORPORAN stated the second was a silent film taken on the date of OSWALD's court appearance which was made outside of Municipal Court at New Orleans. The third is a sound film interview which was made August 21, 1963, at the WDSU Studios a few minutes after an audio tape had been made of a debate in which OSWALD participated.

Mr. CORPORAN stated that single-frame prints were made of parts of the silent film when OSWALD was distributing leaflets and these prints have already been furnished to the FBI and to the Secret Service. He stated that a duplicate print of the silent film of OSWALD distributing leaflets has been furnished to the Secret Service. He stated that he was arranging through his film staff to have a copy of all three film clips made today for the FBI. He stated these duplicates would be prepared by Pan American Films, 822 North Rampart Street, New Orleans, Louisiana, and could be picked up between 5 and 5:30 p.m. today.

Mr. CORPORAN furnished an 8" by 10" enlargement of a photograph of a school classroom in which OSWALD was facing the camera. Mr. CORPORAN stated that this print was made from a shapshot furnished to him by EDWARD VOEBEL, who was as associate of OSWALD during the time OSWALD was attending junior high school at New Orleans. EDWARD VOEBEL, 4916 Canal Street, New Orleans, La. telephonically advised that while he was attending Beauregard Junior High School at New Orleans he was requested to take pictures at the school to be used in the year book. Mr. VOEBEL was unable to recall the exact year that he took these pictures but believes that it was in his last year at Beauregard. He remembered taking a photograph in English 202 in which all of the individuals in the classroom were facing away from the camera with the exception of LEE HARVEY OSWALD who turned and faced the camera in a clown-like attitude.

Mr. VOEBEL stated that he, VOEBEL, as best he can recall, was not a member of this particular class, but had been going from room to room, stopping unannounced, and taking photographs of the classes in session. He stated that he believes OSWALD may have taken the attitude he did in this photograph because he knew VOEBEL and happened to see him come into the room. Mr. VOEBEL stated that this action on the part of OSWALD appeared spontaneous and was not posed at the suggestion of VOEBEL. The following investigation was conducted by SA JOHN LESTER QUIGLEY at New Orleans, Louisiana, on December 3, 1963:

Major PRESLEY J. TROSCLAIR, JR., Commander, Intelligence Unit, New Orleans Police Department, advised that he was familiar with the Cuban Student Directorate and its director, CARLOS BRINGUIER; however, he had no information regarding PHILLIP GERACI. He stated further his files did not reflect any information with respect to anyone being stopped and told they could not sell bonds for the Cuban Student Directorate without a permit.

Mr. HENRY A. DIEBOLD, Tax Administrator, Bureau of Treasury, City of New Orleans, City Hall, informed that his department normally handles the granting of permits in connection with parades and solicitation of handbills and products in the city of New Orleans; however, occasionally persons come to his office to obtain permits to solicit funds or make complaints with reference to individuals soliciting without a permit. Mr. DIEBOLD said that his files did not reflect any information with respect to anyone being stopped from soliciting funds for the Cuban Student Directorate in New Orleans. He further said the names of CARLOS BRINGUIER and PHILLIP GERACI did not appear in his files.

Mr. DIEBOLD stated if such a complaint had been received in his department he would have known about it.

JOSEPH M. ORLESH, Secretary to Director of Finance, City of New Orleans, City Hall, advised that his files reflected a notation to the effect that in August (exact date not noted) he received an anonymous telephonic tip to the effect that the Cuban Student Directorate and CARLOS BRINGUIER, whose place of business is at Casa Rocca, 107 Decatur Street, were soliciting or selling bonds for the purpose of raising funds to help people in Cuba free themselves from the FIDEL CASTRO Regime.

Mr. ORLESH stated the notation in his file showed that on August 15, 1963, he personally went to 107 Decatur Street and saw CARLOS BRINGUIER and told BRINGUIER he had received a complaint to the effect that the Cuban Student Directorate, of which BRINGUIER was understood to be the head of, had been either soliciting or selling bonds in order to raise money for Cubans to fight CASTRO. Mr. ORLESH stated that BRINGUIER told him this was not correct, and neither BRINGUIER nor the Cuban Student Directorate were selling or soliciting bonds for any purpose. Mr. ORLESH stated that he cautioned BRINGUIER about any solicitation or selling bonds without securing a permit and as he left he gave BRINGUIER an application for a permit to solicit funds.

Although he does not have any further notations with reference to this, Mr. ORLESH recalled that several days later BRINGUIER came to his office in City Hall and told him that he was not planning to file an application for the purpose of soliciting in New Orleans at that time but was going to discuss the securing of a permit with the officials of the Cuban Student Directorate in Miami, Florida, for the purpose of ascertaining if such a permit should be secured. Mr. ORLESH said that since that time he has had no contact with BRINGUIER nor has BRINGUIER or anyone representing the Cuban Student Directorate filed an application for a permit to solicit funds.

Mr. CARLOS BRINGUIER, Cuban Student Directorate, operator of Casa Rocca, 107 Decatur Street, advised that he is the head of the Cuban Student Directorate in New Orleans and is aware of its activities. Around the first part of August an American boy, age about 15, PHILLIP GERACI, came to him and asked what he could do to help. He gave GERACI some ten dollar bonds which are put out by the Directorate to raise money to help Cuban refugees. GERACI sold these bonds and came back for more. He then gave him some twenty dollar bonds. Just before LEE HARVEY OSWALD came into the store on August 5, 1963, GERACI came in and told him that he was stopped by an officer who told him that he could not sell the bonds without a permit. As a result the bond selling was then discontinued. GERACI was present when OSWALD came in the store and at the time GERACI had mentioned that he had not told his father about the work he was doing for the Directorate whereupon BRINGUIER lectured GERACI like a "Father Confessor" and told GERACI he should abide by his parent's wishes.

Mr. BRINGUIER advised that he was not served nor was the Directorate served with any papers in connection with the bond selling. He did go to the permit office and obtained a permit form but never submitted it. He said that he suspected that someone might have made a complaint to the permit office about the selling of the bonds but had nothing to substantiate this. He said they were not selling any such things as invasion bonds.

M. G. VINSON, a private detective who resides at Metairie, Louisiana. LOWMAN advised he has known VINSON several years and has had many conversations with him during this period. LOWMAN advised during the conversation with VINSON on November 26, 1963, he inquired if VINSON knew of any possible connection between LEE HARVEY OSWALD and the Southern Conference Educational Fund. VINSON replied he had no evidence of any such connection. VINSON added he had recently received information that sometime during the period when LEE HARVEY OSWALD was arrested at New Orleans, Louisiana, after passing out circulars concerning the Fair Play For Cuba Committee (FPCC) it was reported to VINSON that a number of FPCC circulars were found on the street in the 1100 block of Pine Street, New Orleans. VINSON advised LOWMAN that in connection with these FPCC circulars, he learned that the night before the circulars were found, a person believed to be a lady living in the 1100 block of Pine Street, New Orleans, became suspicious of a Ford automobile parked on this street near her home. This person reportedly took the license number of the Ford automobile. The following morning this person noted the Ford automobile had been removed from the space it occupied and that there was found on the street in this place a small pile of FPCC circulars.

VINSON speculated that the FPCC circulars had either fallen out of or been thrown out of the Ford automobile that occupied this space. VINSON also speculated that one LEONARD REISSMAN described by VINSON as a "liberal", resides at 1121 Pine Street, New Orleans, and that FORREST E. LA VIOLETTE resides at 1307 Pine Street, New Orleans. LOWMAN and VINSON discussed the fact that LA VIOLETTE is listed on Page 532 of the book entitled "6000 Educators" published by M. G. LOWMAN as having public record affiliation with the Southern Conference Educational Fund. LOWMAN stated neither he nor VINSON knew of any association or connection between OSWALD and REISSMAN or LA VIOLETTE, but speculated on the possibility that OSWALD may have been using the Ford automobile which was parked in the 1100 block on Pine Street for transportation in the distribution of FPCC circulars. Cuban political exile, JOSE ANTONIO GONZALEZ LANUSA, age 24, Intelligence Officer for the DRE at Miami, and resident at 8530 S. W. 27th Lane, Miami, Florida, stated on November 23, 1963, that on the evening of November 22, 1963, he had been in telephonic conversation with PAUL BETHEL and DIANA GONZALEZ, an officer and secretary, respectively, for the Citizens Committee for a Free Cuba, located in Washington, D. C. LANUSA said he told BETHEL that during the first week of September, 1963, FIDEL CASTRO, at a reception in the Brazilian Embassy in Havana, Cuba, had allegedly remarked to unknown diplomats that the leaders of the United States would be killed if they planned or engaged in aggression against Cuba.

USA

LANUSA denied that he had told the representatives of the Citizens Committee for a Free Cuba that "if the United States causes him (CASTRO) difficulty, he (CASTRO) has facilities to 'knock off' the United States leaders". LANUSA declined to name his source of information, claiming it was a friend who had contact with some diplomat.

On November 24, 1963, a representative of another Government agency which conducts intelligence investigations at Miami, advised that the sources of LANUSA's information regarding the alleged threat by CASTRO against leaders of the United States were the "Miami Herald", published at Miami, Florida, edition of September 9, 1963, and a weekly bulletin put out by Cuban exiles at Miami under the name "Voice of Cuba", in its edition of September 13, 1963. The representative stated that no diplomat was involved as source of the information, and the threat by CASTRO was covered by the press in the United States.

MM
DL 100-10461

The weekly bulletin report on Cuba in its issue of September 13, 1963, contained an item which translated from the Spanish, stated as follows:

"CASTRO took advantage of a reception in the Brazilian Embassy, Havana, to berate the leaders of American governments...Specifically the Red leader announced reprisals against Democratic leaders should any of his (CASTRO's) accomplices suffer personal aggressions."

EVELIO LEY, an officer in the Directorio Revolucionario Estudiantil (DRE) (Students Revolutionary Directorate), an anti-CASTRO organization with offices at 1705 S. W. 3rd Avenue, Miami, Florida, advised on November 22, 1963, that LEE H. OSWALD in August, 1963, at New Orleans, Louisiana, had offered his services to the DRE delegate at New Orleans, Louisiana, in the capacity of military instructor, based on OSWALD's former United States Marine Corps experience.

According to LEY, CARLOS BRINGUIER, DRE delegate at New Orleans, discovered OSWALD's association with the Fair Play for Cuba Committee (FPCC), and OSWALD was rejected for affiliation with the DRE. LEY stated OSWALD reportedly spoke both Spanish and Russian. Also, according to LEY, following the discovery by the DRE at New Orleans that OSWALD was a CASTRO sympathizer, he, OSWALD, engaged in a debate with CARLOS BRINGUIER over New Orleans radio station WDSU during August, 1963.

MATT WILSON, 14714 NE Hancock, Portland, Oregon, operator of the Wilson Construction Company, at the same address, advised that he attended an electrical contractors' convention in New Orleans, Louisiana, in August, 1963. He was accompanied by J. PAT DOYLE of Portland, who also is in the electrical construction business.

Both men were accompanied by their wives and children. Mr. WILSON's family consisted of his wife and two children, a daughter, MARSHA, age 13, and a son, DONALD, 11. The DOYLE family was made up of Mr. and Mrs. DOYLE and their two young children, JIM, age 14, and SHARON, 11.

In the afternoon of Friday, August 9, 1963, at about four o'clock, the two families were walking along Canal Street in New Orleans. Mrs. WILSON and Mrs. DOYLE and their two daughters were walking approximately a quarter of a block ahead of their husbands and two sons. The location of the entire group was some five blocks toward the Mississippi River from the Jung Hotel.

As Mr. WILSON and his companions reached a point about the middle of the block, they noted a young man who was wearing a yellow-colored sign on his front and carrying leaflets in his hand. The sign bore pro-Cuban wording, including the words, "Viva la Castro" or something similar. There were other words which favored Cuba, but which Mr. WILSON could not remember.

About the time that this young man was observed, a group of individuals who appeared to be Cubans approached and took issue with him. Police officers soon arrived on the scene and prevented further trouble, but not before the leaflets were torn from the man's hand and scattered on the sidewalk.

Mr. WILSON seemed to recall that during the difficulty, a placard on a stick was leaning against a light post nearby.

Mrs. MATT WILSON, 14714 NE Hancock, Portland, said that she accompanied her husband to New Orleans, Louisiana, in August, 1963. Mr. WILSON attended an electrical contractors' convention, and Mrs. WILSON and their two children, MARSHA, age 13, and DONALD, 11, made the trip with him. They were accompanied by Mr. and Mrs. J. PAT DOYLE of Portland and their two children, JIM, age 14, and SHARON, 11, since Mr. DOYLE attended the convention with Mr. WILSON.

At about four o'clock in the afternoon of Friday, August 9, 1963, the two families were walking along Canal Street in New Orleans, the two women and the two young girls preceding their husbands and the boys by about a quarter of a block. The location was approximately five blocks toward the Mississippi River from the Jung Hotel.

As the women reached a point about the middle of the block, they noticed a young man who was wearing some kind of a sign. At about the same time, a group of individuals on the sidewalk who apparently disagreed with the young man, approached him and started to argue. Since trouble appeared imminent, Mrs. WILSON and Mrs. DOYLE hurried with their young daughters on along the sidewalk, away from the immediate trouble zone. Police officers arrived almost immediately, however, and prevented further difficulty. They took the young demonstrator from the scene in a patrol car.

Mrs. WILSON said that she did not note any of the wording on the sign worn by the demonstrator.

During the incident, young JIM DOYLE took motion pictures of the difficulty.

Mrs. J. Making the trip with them were their two young children, JIM, age 14, and SHARON, age 11.

Accompanying the DOYLES to New Orleans were Mr. and Mrs. MATT WILSON of Portland and their two children, MARSHA, age 13, and DONALD, age 11. Mr. WILSON attended the convention with Mr. DOYLE.

On the afternoon of Friday, August 9, 1963, at about four o'clock, the two families were walking along Canal Street in New Orleans, some five blocks toward the Mississippi River from the Jung Hotel. Mrs. DOYLE and Mrs. WILSON, with their daughters, were walking approximately a quarter of a block in front of Mr. DOYLE, Mr. WILSON and the boys. About the middle of the block, they passed two young men who were carrying signs, which bore pro-Cuban wording. One of the men was carrying a placard on a stick and the other wore on his front, a yellow or orange colored sign which, as part of its wording, said, "Viva la Fidel." The two men also were carrying leaflets in their hands.

Shortly after the women passed these men, a disturbance started when other individuals, who had the appearance of Cubans, started arguing with the demonstrators. The placard was smashed, and the leaflets scattered on the sidewalk. Police officers soon appeared, however, and prevented further trouble. They also placed the two young men in a patrol car, along with the pieces of the placard, and took them from the scene.

During the difficulty, motion pictures were taken of the incident by young JIM DOYLE.

Since the assassination of President KENNEDY, Mrs. DOYLE and her family viewed the pictures taken by her son and had agreed that the demonstrator who wore the yellow-colored sign strongly resembled photos they had seen of LEE HARVEY OSWALD.

JOSE M. DEETJEN, 2968 Sussex Lane, Los Angeles, California, self-identified as the Delegate of the anti-Castro Cuban organization "Cuban Student Directorate" (Directorio Revolucionario Estudiantil, Headquarters address: P. O. B. #805, Miami 1, Florida)(DRE) in Los Angeles, advised SAs ROBERT H. KARL and WILLIAM J. MC CAULEY on November 27, 1963 that according to Page 3 of "The Cuban Report", English language publication, dated November 25, 1963 at Miami:

"The Cuban Student Directorate submits the following data on the background and activities of the prime suspect of the assassination of the President of the United States, JOHN F. KENNEDY. LEE HARVEY OSWALD... stayed in Russia until 1962, when he requested and obtained permission from the United States Embassy to return to the United States. Back in the United States, he lived in Fort Worth, Texas, and from there went to New Orleans to organize a delegation of the Fair Play for Cuba Committee. On August 21, 1963, OSWALD and the Cuban Student Directorate delegate in New Orleans, CARLOS BRINGUIER, held a debate through the WDSU Radio Station of that city on account of a public disturbance acurred in Canal Street a few days before. On August 9, the delegate of the Cuban Student Directorate was walking through the streets when he saw an American spreading CASTRO's propaganda and holding a sign that read, 'Hands off Cuba' and 'Send food and medicines to Cuba, not comandos'. Three days before, the same man had visited the store where the offices of the Cuban Student Directorate are located. He asked for propaganda and offered his cooperation as a trainer in military tactics, as he had once been in the Marine Corps. Because our delegate, CARLOS BRINGUIER, found him suspicious, he did not give OSWALD a definite answer. Days after, he again visited our offices where this time he left a book entitled, 'Guide Book for Marines', with his name and army serial number written inside. When our delegate found OSWALD spreading on the streets Marxist propaganda published by the Fair Play for

441

Cuba Committee, they started an argument that ended up with the arrest of OSWALD, CARLOS BRINGUIER, and his two companions MIGUEL CRUS and CELSO HERNANDEZ. They were taken to the police headquarters and released on a bail bond of $25 cash. The trial was held on August 12.

"When evidence on OSWALD's attempt to infiltrate in our organization was presented, the judge charged him with a $10 fine for public disturbance and for attempting against the dignity of the City of New Orleans. CARLOS BRINGUIER was declared innocent.

"On account of this event, a debate on WDSU Radio Station was scheduled. The debators were LEE H. OSWALD, CARLOS BRINGUIER and ED BUTLER, from the Information Council of the Americas. BILL STURKEY, acting as moderator, introduced OSWALD as the Chairman of the Fair Play for Cuba Committee in New Orleans and explained that the main offices of said organization were in New York. We have tape recording of the debate and other information that we will furnish to those who request it..."

DEETJEN pointed out that on Pages 1 and 2 of "The Cuban Report", FIDEL CASTRO is quoted as having announced on "Sunday" that: "We are prepared to fight them and answer in kind. U. S. leaders should think that if they are aiding terrorist plans to eliminate Cuban leaders, they themselves will not be safe".

DEETJEN added that a Spanish version of the above information is going to be read by himself to an expected audience of 100 Cuban refugees at a DRE-sponsored meeting in the Parish Hall of Our Lady Help of Christians, 512 South 20th Avenue, Los Angeles, on November 27, 1963.

HARRY NIER, Attorney, 515 Denver U. S. National Bank Building, 1700 Broadway, Denver, Colorado, was advised that we desired to ask him certain questions in connection with his possible knowledge of LEE OSWALD, that he did not have to make any statement, that any statement made by him could be used against him in a court of law, and that if he desired to consult an attorney prior to answering any questions, he could do so.

NIER stated that he would cooperate with the FBI in the investigation of the assassination of President KENNEDY.

NIER advised that he recalls having a heated discussion with approximately four men at a party sponsored by the Cliff Dwellers Organization at the Petroleum Club in early 1962. NIER stated that he recalls that the discussion centered around Cuba. NIER stated that he does not know the identity of the four other men involved in this discussion. NIER stated that he did not make any statements to the effect that he was going to Mexico and/or Cuba and would see a man named OSWALD. NIER stated that he has observed photographs of LEE OSWALD appearing in the local press and that he does not know this individual, nor does he know any person named LEE OSWALD.

At this point HARRY NIER advised he did not wish to furnish Agents any further information without a witness on his behalf being present or without the services of having the remainder of the conversation placed on a tape recorder. NIER was advised the only information desired by the FBI at this time was concerning his alleged acquaintance with OSWALD and that no further information was needed at this time. The interview was thereupon terminated.

FAIR PLAY FOR CUBA COMMITTEE (FPCC)
DENVER CHAPTER

A source advised on December 15, 1960, that a meeting was held at the headquarters of the Denver Branch, Socialist Workers Party (SWP), on December 10, 1960, for the purpose of establishing a Denver chapter of the Fair Play for Cuba Committee. HOWARD WALLACE acted as chairman and an organizing committee was appointed.

HOWARD WALLACE has been identified by a source as a member of the Denver Branch SWP.

The SWP has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

A source, on May 9, 1961, advised that on May 5, 1961, the Denver Chapter, FPCC, was formed with the following elected officers:

HARRY KAUFMAN NIER, Jr., Chairman
T. E. "DUKE" ROBERTSON, Jr., Secretary
NORMAN HODGETT, Treasurer

NORMAN HODGETT has been identified by a source as a member of the Denver Branch, SWP.

The Denver Chapter, FPCC, has publicly announced as its purpose to help bring to light the truth about Cuba. It has indicated the FPCC is virtually the sole organized source of critical dissent from American-Cuban policy in the United States. Announced aims of FPCC are to end the ban imposed by the U. S. Government on travel to Cuba, to present those aspects of events in Cuba which the press in this country ignores, and to work toward re-establishment of diplomatic relations and travel between the United States and Cuba.

A source advised in April, 1962, that the Denver Chapter, FPCC, had almost ceased to exist at that time, but in June, 1962, stated that at a meeting of the Denver Branch,

SWP, HOWARD WALLACE proposed to reactivate the Denver Chapter, FPCC. Source advised that thereafter the Denver Chapter, FPCC, placed an advertisement in a Denver daily newspaper on June 21, 1962, concerning the travel ban to Cuba, sponsored several open meetings concerning the travel ban to Cuba, and sponsored the appearance of VINCENT TED LEE, National Director, FPCC, in Boulder and Denver, Colorado, during April, 1963.

FAIR PLAY FOR CUBA COMMITTEE

The April 6, 1960, edition of "The New York Times" newspaper contained a full-page advertisement captioned "What Is Really Happening in Cuba," placed by the Fair Play for Cuba Committee (FPCC). This advertisement announced the formation of the FPCC in New York City and declared the FPCC intended to promulgate "the truth about revolutionary Cuba" to neutralize the distorted American press.

"The New York Times" edition of January 11, 1961, reported that at a hearing conducted before the United States Senate Internal Security Subcommittee on January 10, 1961, Dr. CHARLES A. SANTOS-BUCH identified himself and ROBERT TABER as organizers of the FPCC. He also testified he and TABER obtained funds from the Cuban Government which were applied toward the cost of the aforementioned advertisement.

On May 16, 1963, a source advised that during the first two years of the FPCC's existence there was a struggle between Communist Party (CP) and Socialist Workers Party (SWP) elements to exert their power within the FPCC and thereby, influence FPCC policy. However, during the past year this source observed there has been a successful effort by FPCC leadership to minimize the role of these and other organizations in the FPCC so that today their influence is negligible.

On May 30, 1963, a second source advised that the National Headquarters of the FPCC is located in Room 329 at 799 Broadway, New York City. According to this source, the position of National Office Director was created in the Fall of 1962 and was filled by VINCENT "Ted" LEE, who now formulates FPCC policy. This source observed LEE has followed a course of entertaining and accepting the cooperation of many other organizations including the CP and the SWP when he has felt it would be to his personal benefit as well as the FPCC's. However, LEE has indicated to this source he has no intention of permitting FPCC policy to be determined by any other organization. LEE feels the FPCC should advocate resumption of diplomatic relations between Cuba and the United States and support the right of Cubans to manage their revolution without interference from other nations, but not support the Cuban revolution per se.

The CP and the SWP have been designated pursuant to Executive Order 10450.

APPENDIX

SOUTHERN CONFERENCE EDUCATIONAL FUND, INC.

"The Southern Patriot", a monthly publication, shows that it is published by the SOUTHERN CONFERENCE EDUCATIONAL FUND, INC. (SCEF).

"The Southern Patriot" was cited as an "organ" of the SOUTHERN CONFERENCE FOR HUMAN WELFARE (SCHW) by the Committee on Un-American Activities, House Report 592, on the SCHW, June 12, 1947.

The SCHW was cited as a communist front by the Committee on Un-American Activities, House Report 592, June 16, 1947.

An amendment to the charter of the SCHW changed the name of that organization to the SCEF, and listed its purpose as being to improve the educational and cultural standards of the Southern people in accordance with the highest American democratic institutions, traditions, and ideals. The amendment was dated April 26, 1946.

A source advised on March 2, 1961, that CLAUDE LIGHTFOOT, a Communist Party functionary, stated at a meeting of the Communist Party in Baltimore, Maryland, on February 25, 1961, that the Communist Party is not connected with any progressive movement but indirectly they do have some influence in the SCEF.

A second source, who is familiar with some phases of Communist Party activity in the New Orleans area, advised on May 27, 1963, that during the time the SCHW was in existence, Communist Party (CP) members were members of and worked actively in the SCHW. However, since the formation of the SCEF, rank and file CP members have not been encouraged to work in the SCEF. The source stated that the SCEF is a progressive, liberal organization, which he considers a CP front organization because it has gone along with the Communist Party on certain issues, particularly

on the racial question.

On May 27, 1963, the second source advised that in the past he has considered JAMES DOMBROWSKI, the Executive Director of the SCEF, to be a communist, if not an actual Communist Party member, because he followed communist principles.

The second source also advised on May 27, 1963, that many people who are officials and members of the SCEF, while liberal in their views, are by no means communists.

NEW ORLEANS - INFORMATION

One copy of this report is being furnished the New Orleans Division in accordance with their request in view of considerable investigation being conducted that division.

ADMINISTRATIVE

THIS REPORT WILL SUPPLEMENT THE PREVIOUS REPORT OF SA ROBERT P. GEMBERLING, DATED NOVEMBER 30, 1963, AT DALLAS, WITH RESPECT TO INVESTIGATION IN CONNECTION WITH THE ASSASSINATION OF PRESIDENT KENNEDY.

All Agents of the Dallas Office participated in this investigation, as well as numerous Agents from other surrounding offices, and their identities are reflected in this report.

The security aspects concerning LEE HARVEY OSWALD have previously been reported in separate reports of SA WARREN C. DE BRUEYS, dated December 2 and 8, 1963.

All subsequent reports pertaining to the investigation in connection with the assassination of President KENNEDY and the security aspects with respect to OSWALD will be included in the same reports under instant caption.

It is recognized that only seven copies of this report are designated for the Bureau, although it carries an IS - R - CUBA caption, but this is due to the fact that at

COVER PAGE

100-8[illegible]-456

the time of the preparation of the various pages of this report, it was anticipated that the report would be submitted under the AFO caption. This also accounts for the fact that the majority of FD-302's bear the file number 89-43 instead of 100-10461.

In connection with this report, it should be borne in mind that the Dallas Office has a separate case in connection with the shooting of LEE HARVEY OSWALD, captioned "JACK L. RUBY, aka.; LEE HARVEY OSWALD, aka. (DECEASED) - VICTIM, CR", Dallas file 44-1639.

The overlap of the period of this report with that of referenced report of SA ROBERT P. GEMBERLING was occasioned by the fact that material from other offices was not included in the initial report.

In certain instances this report may contain information from sources, the identity of whom would ordinarily be concealed and identified in the administrative section of the report. However, due to the gravity of this matter and the fact that President LYNDON B. JOHNSON requested the FBI conduct investigation and the Governor of the State of Texas was also wounded at the time the President was assassinated, it is felt that the sources can be revealed without embarrassment in anticipation of possible dissemination of this report.

The possibility of any employee at the Texas School Book Depository (TSBD) Building seeing LEE HARVEY OSWALD with wrapping paper in the shape of a large bag on November 22, 1963, as he came to work or thereafter was fully explored

DL 100-10461

during the course of the interviews with employees at the TSBD Building.

No local dissemination of this report is being made to the United States Attorney or to the local United States Secret Service in Dallas. Extra copies of this report have been made by the Dallas Office in the event the Bureau directs that a copy of this report should be disseminated to both the local Secret Service and the United States Attorney's Office at Dallas. It is suggested that in view of the fact that considerable information is set forth in this report with respect to allegations regarding other persons (Section VIII), that the Bureau may desire to disseminate a copy of this report on a national level to the United States Secret Service Headquarters, Washington, D. C.

On page 172, certain data obtained from records of the Selective Service is set forth, and the identity of the source of such information is identified. However, in view of the fact that OSWALD had in his possession altered or fictitious Selective Service cards, it is felt that the source of such information can be revealed without embarrassment.

The source abroad referred to as having requested an examination by the FBI Laboratory, under date of December 3, 1963, is the Legat at Mexico City.

The information concerning the account of JACK and GERTRUDE ARNOLD, Hillcrest State Bank, Dallas, Texas, was furnished by Mr. DON R. PORTER, Executive Vice President, on November 29, 1963.

The information from the records of the General Telephone Company, Del Rio, Texas, was made available on November 22, 1963 by [redacted]

On December 2, 1963, Superintendent J. M. REDDING, U. S. Post Office Branch, Arlington Heights, Fort Worth, Texas, displayed to SA's JOSEPH L. SCHOTT and B. TOM CARTER the Verifax copy of the change of address order postmarked Dallas, Texas, October 10, 1962, and signed LEE H. OSWALD, directing that mail for 2703 Mercedes, Fort Worth, Texas, OSWALD's former address, be redirected to Post Office Box 2915, Dallas, Texas. This order was shown to have been made effective on October 12, 1962.

Mr. HARRY HOLMES, Postal Inspector, Terminal Annex Building, Dallas, Texas, advised that Post Office Box 1792, Dallas, had been rented on November 19, 1963, by BERNARD WEISSMAN, American Fact Finding Committee. The business was listed as "political" and the address given was 4618 Reiger Street. Mr. HOLMES stated that the rent was paid for at least a quarter of a year and that would mean that the box would expire on the last day of December, 1963.

DL 89-43
44-1639

The following investigation was conducted by SA MANNING C. CLEMENTS:

On November 25, 1963, JAMES M. COONER, Chief, Intelligence Division, Internal Revenue Service, stated he had made a search of his files for information relative to LEE HARVEY OSWALD. He exhibited the return of LEE H. OSWALD, SS 433-54-3739, 607 Elsbeth, Apartment 2, Dallas. (This address lined through with P. O. Box 2915 inserted, Dallas). OSWALD showed total income for the year 1962 as $1,354.06, his employers as Jaggers-Chiles-Stovall, Inc., 522 Browder (Dallas) and Leslie Welding Company, Fort Worth. In a communication attached to such return OSWALD wrote: "Internal Revenue Bureau, Dear Sirs, I arrived in the U. S. from an extended trip abroad on 13/6/62 with wife and child, from ie., two dependents. My total wages for 1962 therefore was $1,356.06 with three examtons.

"I believe if you check your records to substantiate these figures you will find I should get a substantial refund from the taxes taken from my wages for fiscal 1962. Signed L. H. OSWALD, s/s 433-54-3739, P. O. Box 2915, Dallas, Texas."

Mr. COONER furnished copy of payroll checks made out to LEE OSWALD in varying sums from Leslie Welding Company, Inc. (Home office 11241 West Melrose Street, Franklin Park, Illinois). The following endorsements are identifying information of possible interest and appear on such checks:

(1) LEE H. OSWALD, 3519 Fairmont (city not indicated) % Jaggers-Childs.

(2) Checks showing a passport which was exhibited for identification, no. 1733242.

(3) The name WINNIE MEDWICK on several checks along with the passport number.

(4) R. THOMPSON, along with the passport number.

(5) One check endorsed by LEE H. OSWALD and R. L. OSWALD, 7313 Davenport (Fort Worth).

Also furnished was an "Employees Withholding Exemption Certificate", showing the name LEE HARVEY OSWALD, 1501 West 7th Street, Fort Worth, Texas. An item of "Payroll Information Record" shows LEE HARVEY OSWALD was employed July 17, 1962 at the Fort Worth plant (presumably Leslie Welding Company, Inc.), as a sheet metal helper at $1.25 per hour. Mr. COONER furnished also "Application for Employment", identity of prospective employer not indicated, dated October 4, 1963, signed by OSWALD, showing his address as 2515 West 5th Street, Irving, Texas, telephone BL 3-1628. He was applying for the job of typesetter. He represented his education as

Arlington Heights High School, graduation Fort Worth and Rigealea West Junior High School; showed his previous employment record as Jaggers-Chiles-Stovall, October, 1962 to May, 1963; Photo Art Department, $1.50 per hour, reason for leaving-cut in work crew; Pour (?)-R-Pak, May, 1963 to September, 1963, Clerk, $1.35 per hour, reason for leaving - seasonal work. He listed references as follows:

ANNA MILLER, 59305 La Vista, La Vista, telephone TA 3-2219, Dallas;

GEORGE DE MOHRENSCHILDT, 6628 Dickens, telephone EM (?) 3-1365, Dallas; and

GEORGE BOUHE, 4740 Homer Street telephone TA 7-2288, Dallas.

Mr. COONER attached possible significance to the fact that JACK L. RUBY had in his 1959 tax return, filed in 1960, showed his residence address as 4749 Homer, noting the address of GEORGE BOUHE, 4740 Homer Street, as reference of OSWALD. Mr. COONER indicated this individual's name might be spelled BOUCHE, bookkeeper for DeGolyer-McNaughton and termed him a "Russian".

COONER exhibited the 1961 tax return of RUBY'S, showing his address as 3508 Oak Lawn, Dallas, return filed on behalf of RUBY by BOB WEAVER, 1706½ Forest Avenue. In a communication dated May 19, 1962, RUBY represented his income from the Carousel Club as $900.00, from the Vegas Club as $6,255.29.

He exhibited correspondence dated June 11, 1963 concerning excise tax problems of RUBY, who showed his business address as 3508 Oaklawn, telephone LA 8-4775, residence as 3929 Rawlins, telephone LA 6-6285. COONER said GRAHAM R. E. KOCH was shown as attorney and noted this individual is a former Government employee, now associated in law practice with BILL HAMILTON, former Assistant U. S. Attorney, Northern District of Texas. RUBY represented as of June 19, 1963, he was doing business with Merchants State Bank, Dallas. A document had been filed in the nature of a financial statement showing assets of $4,663.92 and liabilities as $2,794.46. He represented he was indebted to RALPH PAUL on a personal loan. RUBY furnished information concerning the Sovereign Club (Carousel) as RALPH PAUL shown as President; Vice-Presidents JOHN CHAMBLESS and SAMUEL RUBY, and JACK RUBY, Secretary-Treasurer.

[redacted] Orlando, Florida, employee of the Orange Company Welfare Department, Orlando, who requested that her name not be divulged, advised as follows:

About ten days ago (roughly November 10, 1963) one of the employees of the Orange County Welfare Department, one VIRGINIA WALDRON, stated, "Soon there will be a great tragedy that will rock the nation". No explanation was offered by Mrs. WALDRON of this remark because about that time someone interrupted the conversation.

[redacted] stated that Mrs. WALDRON is not an admirer of the late President JOHN F. KENNEDY, but, by the same token, is not known to have threatened to do him bodily harm.

She was unable to explain just what Mrs. WALDRON meant by her remark. Mrs. WALDRON is not known to belong to any subversive organizations, but is known to discuss the fact that she enjoys a social drink.

On November 22, 1963, Special Agents FRANCIS X. O'NEILL, Jr. and JAMES W. SIBERT witnessed the arrival of the President's body on Air Force #1 at Andrews Air Force Base. They accompanied the body in the White House motorcade to the Bethesda Naval Hospital, Bethesda, Maryland. During the course of the subsequent autopsy of the President's body, which was witnessed by aforementioned Agents, they spoke to Mr. ROY KELLERMAN, Assistant to the Agent in Charge of the White House Detail of the Secret Service, and Mr. WILLIAM GREER, a Secret Service Agent who was the chauffeur of the President's vehicle at the time of the assination. Mr. KELLERMAN was also present in the presidential vehicle, riding next to the driver at the time of the assassination.

Mr. KELLERMAN advised that as the ranking Secret Service Agent with the President's party, he was responsible for the presidential security in Dallas. He stated the advanced security arrangements made for this specific trip were the most stringent and thorough ever employed by the Secret Service for the visit of a President to an American city.

He advised the presidential vehicle had just completed traversing through a throng of people of approximately 250,000, and he had just breathed a sigh of relief as they were approaching an underpass.

He advised he heard a shot and immediately turned around, looking past Governor CONNALLY, who was seated directly in back of him, to the President. He observed the President slump forward and heard him say, "Get me to a hospital." Mr. KELLERMAN then heard Mrs. KENNEDY say, "Oh, no!", as the President leaned towards her. He immediately advised the driver to take the President to the nearest hospital. He said that from the time of the shooting to the time they got to the hospital took approximately eight minutes.

He stated he distinctly heard three shots. He advised he did not see the Governor get hit, nor did he observe the second bullet hit the President.

Mr. KELLERMAN said that the President was breathing and gasping for breath on arrival at the hospital, but did not appear to be conscious.

Special Agent GREER advised that he was at the wheel of the presidential limousine which was carrying President KENNEDY and his wife and Governor CONNALLY and his wife as well as Special Agent KELLERMAN. He advised that the throngs of people were great and that he had just emerged from the congested area of people and was proceeding into an open area of the highway, which a short distance away passed beneath an overpass.

GREER stated that he first heard what he thought was possibly a motorcycle backfire and glanced around and noticed that the President had evidently been hit. He thereafter got on the radio and communicated with the other vehicles, stating that they desired to get the President to the hospital immediately.

GREER stated that at the time that this incident occurred, he was traveling at the rate of 12 miles per hour and following this incident he "floored" the limousine, following the police escort to the hospital. He estimated that it took him approximately eight minutes to arrive at that location. GREER stated that they have always been instructed to keep the motorcade moving at a considerable speed inasmuch as a moving car offers a much more difficult target than a vehicle traveling at a very slow speed. He pointed out in this connection that on numerous occasions he has attempted to keep the car moving at a rather fast rate, but in view of the President's popularity and desire to maintain close liaison with the people, he has, on occasion, been instructed by the President to "slow down."

GREER stated that he has been asking himself if there was anything he could have done to have avoided this incident, but stated that things happened so fast that he could not account for full developments in this matter.

Mr. ROY H. KELLERMAN advised that he is the Assistant Special Agent in Charge of the White House detail, United States Secret Service. He stated he has been an agent with that organization since December 19, 1941.

On November 22, 1963, he was the senior Secret Service agent assigned to President KENNEDY in Dallas, Texas. D.C.

He advised that Air Force Plane Number One arrived at Love Field, Dallas, Texas, on the morning of November 22, 1963. Upon departing from the plane, the President was met by Vice President JOHNSON.

Prior to getting into the White House Limousine which was waiting for the President, the President and the First Lady went to the fence separating the apron from the taxi area. He shook hands with many of the people there.

He then came to his limousine. Protocol dictates that the President be seated in the right rear of the vehicle. The President seated himself in this position and the First Lady sat next to him. Governor JOHN CONNALLY and his wife then entered the vehicle. Mrs. CONNALLY seated herself in the jump seat of the vehicle in front of Mrs. KENNEDY and the Governor was seated in the jump seat in front of the President.

Special Agent WILLIAM GREER of the United States Secret Service was the driver of the Presidential vehicle. Mr. KELLERMAN advised that he sat in the front of Governor CONNALLY, next to Agent GREER.

He advised that the President's Car can be covered with a bullet proof bubble, however, it is not used on too many occasions. It was not used on this occasion.

The President's seat can be adjusted to a height of approximately ten inches. The only person who can adjust this seat is the President himself. This seat was not elevated on November 22.

KELLERMAN advised that preceding the Presidential vehicle out of Love Field, there was what is known as a lead car. This car belonged to the Dallas City Police Department, in which were Special Agent WINSTON LAWSON, United States Secret Service who was in charge of the Advanced Security in Dallas for the Presidential visit. This car is equipped with a portable radio connected with the Presidential car. The vehicle also had contact with the Dallas City Police Department. In addition to the lead vehicle, there was a motor cycle escort in front of the lead vehicle, along side the lead vehicle and along side the Presidential car. In the rear of the Presidential car was another White House Limousine containing Secret Service Agents. These agents walked along side the Presidential vehicle until the vehicle left the area of the apron. The agents then got into their car and followed immediately in back of the President.

KELLERMAN went on to say that the vehicle passed through the center of town doing the normal speed which was adjusted by the number of people in the crowd and on the streets through which the Presidentical vehicle passed. The vehicle went through the center of town on a street, which name KELLERMAN did not recall. Towards the end of town, the vehicle came to a sharp right turn in the street. Few people were on either side at this time. In a matter of a block, the road veered to the left. There were extremely few people on either side of the road at this point. The vehicle was still going at the normal speed which KELLERMAN estimated to be approximately 15 miles per hour. The Secret Service car following the Presidential vehicle was "tight close at hand ".

KELLERMAN advised he does not recall passing the Texas State Book Repository Building. He advised the vehicle appeared to be going down a small decline at which time everybody in the car was seated.

KELLERMAN said he heard a noise like a firecracker

At this point, KELLERMAN advised he had been in almost daily contact for the past three years, with the President, and said he could pick his voice out from any group of people.

Upon hearing a noise like a firecracker, he distinctly and positively heard the President say "My God, I've been hit". KELLERMAN advised he immediately turned his head to the left rear and almost instantaneously heard two additional shots.

Upon turning his head to the left, he observed President KENNEDY with his left hand in back of him appearing to be reaching to a point on his right shoulder. The President fell on Mrs. KENNEDY's lap. She stated "My God, what are they doing to you?" Governor CONNALLY never said a word. Through the corner of his eye, he noticed that Governor CONNALLY appeared to be falling back face up in the lap of his wife. KELLERMAN stated he immediately turned around and advised Mr. GREER, "Get going, we've been hit". KELLERMAN had the microphone in his hand and radioed to LAWSON stating "we've been hit, lead us to a hospital immediately. Tell the police to escort us as fast as they can." He turned back again to the rear of the vehicle and saw Special Agent CLINTON HILL of the Secret Service climbing up on the back of the vehicle. HILL had been one of the agents in the follow-up vehicle immediately in back of the Presidential car. KELLERMAN stated that at this time, to the best of his recollection, the President was lying in the lap of Mrs. KENNEDY. He observed that Governor CONNALLY was now lying with his head up in the lap of Mrs. CONNALLY. KELLERMAN advised he asked agent HILL if he was all right and told him to hang on.

The Presidential vehicle arrived at the Parkland Memorial Hospital in a matter of minutes. KELLERMAN stated he immediately jumped out of the vehicle and told hospital personnel to bring two stretchers. As the stretchers came out, KELLERMAN and GREER opened the back door of the Presidential car. Governor CONNALLY's eyes were open. He was told by KELLERMAN "Governor CONNALLY, everything is going to be all right". The Governor nodded his head in the affirmative. Three persons got into the vehicle at this time and lifted the Governor onto the first stretcher. They then got back in the Presidential car and with the assistance of KELLERMAN and GREER lifted the President from the lap of Mrs. KENNEDY and put him on the second stretcher. He described the President's head as lying partially on the lap of Mrs. KENNEDY and back against the rear cushion of the back seat. According to KELLERMAN, the President at this time was alive because he noticed that he was breathing. KELLERMAN advised he did not notice the extent of the injury to the President although he noticed a wound in the back of his head. The President's eyes were shut.

KELLERMAN advised the President was immediately taken into the Emergency Ward where several doctors began working with a feverish activity on Mr. KENNEDY to save his life. Several monents late, KELLERMAN stated the President died.

Mr. KELLERMAN said that from the time of this incident he has been going over in his mind the entire activity concerning the assassination of the President. The information that he has furnished to interviewing agents is factual and to the best of his knowledge is everything that occurred on November 22, 1963.

Mr. WILLIAM ROBERT GREER, Special Agent, U.S. Secret Service, assigned to the White House detail, who resides at 9513 Sheridan, Seabrook Acres, Maryland, was interviewed at The Secret Service Office in the White House and furnished the following information:

GREER serves in the capacity of Senior Agent assigned to driving the President's vehicle in motorcades. Two of the White House vehicles to be used in the Dallas Presidential visit had been flown into Love Field, Dallas, Texas in a C-130 type aircraft on the morning of November 22, 1963. GREER was in company with the Presidential party which arrived at Love Field in Air Force I, a jet used by President KENNEDY. On the President's arrival, all of the vehicles to be used in the motorcade were in position on the ramp and soon after the party had landed, they took their positions in the awaiting cars and the motorcade departed for downtown Dallas.

It is normal procedure for the vehicle bearing the President to be the second car in the motorcade, which follows the lead car generally occupied by local police and the Secret Service Agent who had conducted the advance survey of the route prior to the date of the President's visit. In the Dallas parade GREER was driving the seven-passenger Lincoln Continental "bubble-top" and as customary, President KENNEDY was sitting on the right of the rear seat. Mrs. KENNEDY was seated to his left, Governor CONNALLY was seated directly in front of the President on the "jump-seat" which folds down on the floor between the front and rear seats. Mrs. CONNALLY was seated to the left of her husband on the "jump-seat" and Special Agent ROY H. KELLERMAN, of the Secret Service, was seated to the right of GREER. As this vehicle departed from the ramp at Love Field, additional Secret Service Agents were on foot surrounding the vehicle until it emerged from the crowded area.

The lead car, which was directly in front of the Presidential vehicle, was a police vehicle occupied by members of the City of Dallas Police Department and Secret Service Agent LAWSON, who had conducted the advanced survey of the Dallas route. GREER estimated that the motorcade was traveling at a speed of 15 to 20 miles per hour down the main thoroughfare, which was lined on both sides by vast crowds of people and many additional

persons were observing the motorcade through open windows in office buildings along both sides of the route. The weather was balmy and clear and many of the people were without coats.

The procession made a right turn, facing in the direction of the Book Depository Building and then a left turn, bringing the motorcade in front of this building which was then on the right. The same speed was maintained as the motorcade passed in front of this building and GREER estimates that he had crossed the center line of the building when he heard a noise which sounded like a motorcycle backfire. On hearing this noise he glanced to his right toward KELLERMAN and out of the corner of his eye noticed that the Governor appeared to be falling toward his wife. He thereafter recalls hearing some type of outcry after which KELLERMAN said, "Let's get out of here." He further related that at the time of hearing the sound he was starting down an incline which passes beneath a railroad crossing and after passing under this viaduct, he closed in on the lead car and yelled to the occupants and a nearby police motorcyclist, "Hospital, Hospital!" The lead car sped in the direction of Parkland Hospital closely followed by GREER, who at times floored the accelerator.

On arrival at the hospital, GREER and KELLERMAN jumped out of the vehicle and first removed Governor CONNALLY, who was placed on a stretcher. CONNALLY was removed first in order to push the "jump seat" forward thus permitting removal of the President. GREER recalls helping take the President's stretcher into the emergency operating room. It is his recollection that the President was breathing when removed from the vehicle and transported into this room.

GREER stated that since he was occupied with driving the vehicle, he did not have much opportunity to observe the activity occurring in the rear of the vehicle after the President and Governor were shot.

The following description of Agent GREER was obtained through observation and interview:

ABRAHAM ZAPRUDER, 3909 Marquette Street, Dallas, Texas, advised that on November 22, 1963, he was standing in the park area north of Elm Street and just west of the intersection of Elm and Houston Streets. He had taken this position in order to take 8 millimeter movie film of the President and the Presidential motorcade as it passed by him. He stated he had with him a Bell and Howell 8 millimeter zoom-lens camera, which was either a 1962 or 1963 model. He advised he had loaded this camera previously with a 25-foot roll of 16 millimeter film, which in effect affords 50 feet of 8 millimeter film. He had shot the first 25 feet earlier and had reversed the roll and shot a few feet on November 22, 1963, at the park area of some girls who work in his office, prior to the arrival of the Presidential motorcade. He stated his camera was fully wound, was set, manually, on maximum zoom-lens. The camera was set to take normal speed movie film or 24 frames per second. The control buttons for the zoom-lens were not touched once he started taking photographs of the Presidential motorcade.

ZAPRUDER stated that he first picked up the motorcade as it made the turn on to Elm Street from Houston Street. The motorcade then passed behind a street directional sign and from that point on until it disappeared from sight to his right, or the west, he was taking moving pictures of the President's car. He stated he had started taking pictures prior to the first shot being fired and continued taking pictures until the motorcade disappeared to his right. ZAPRUDER advised he could not recall but having heard only two shots and, also, stated that he knew that from watching through the viewfinder that the President had been hit. He stated he took the exposed film immediately to the Jamieson Film Company on Bryan Street, Dallas, and stayed with the film through its entire processing. He had the original print and three copies made. The film was in color. The original is on 16 millimeter film, and according to Mr. ZAPRUDER is much clearer than those appearing on 8 millimeter film. He subsequently turned over two copies to the United States Secret Service and sold the original and one copy to Life Magazine.

Mr. ZAPRUDER turned over to Special Agent ROBERT M.

On December 3, 1963, SA CHARLES T. BROWN, JR., telephonically contacted Mr. JOHN MARTIN, Superintendent of Safety, Room 517, Houston Street Annex Post Office, telephone RI 9-3181. Mr. MARTIN was contacted at his home telephone DI 8-3546. MARTIN advised on November 22, 1963, he took some 8 mm color movies of the Presidential Motorcade. The movies were made while MARTIN was standing on Houston Street, adjacent to the Dallas County Sheriff's Office Building. MARTIN said there is a possibility he obtained movies of the Texas School Book Depository Building.

MARTIN was contacted by representatives of Life Magazine, and the film was turned over to Mrs. PAT SWANK, Life Magazine representative in Dallas, telephone LA 6-1398. The film was eventually placed in the hands of a Mr. BILLINGSLEY, representative of Life Magazine, Room 1106, Adolphus Hotel. Mr. JOE R. MOLINA, 4306 Brown Street, telephone LA 6-3956, who is employed as credit manager for the Texas School Book depository, Houston and Elm Streets, Dallas, Texas, stated that on the day of the assassination he was standing on the steps of the building housing the Texas School Book Depository and that shortly thereafter he was questioned briefly by the Dallas Police. He said that about 1:00 a.m., on the morning of November 23, 1963, the Dallas Police came to his home with a search warrant and searched his premises but did not find anything. They claimed that he had been associated with the Communist and subversive element and indicated that he was a friend of OSWALD. He was requested to appear at the Police Department at 11:00 a.m., on November 23, 1963, which he did. He was questioned by the police concerning his association with OSWALD and told them that he had a limited association with him. As a matter of fact, Mr. MOLINA stated he knew OSWALD very casually since OSWALD had worked for the Texas School Book Depository for only a short time.

When he was questioned by the Dallas Police, a Secret Service man was present, and he was asked questions concerning his membership in the American GI Forum. He stated that there was no reason to believe that the American GI Forum was not a legitimate organization because the Attorney General of the United States had delivered a speech at the Chicago convention of that organization. He said the radio, television, and news media referred to him as "Mr. X" but did not mention his name, nor did they mention the American GI Forum. He said the newspapers exaggerated the facts because they pictured him as being a "buddy" of OSWALD when, in fact, he hardly knew him since he, MOLINA, worked on the second floor and OSWALD worked on another floor in the building. He said that even though his name was not mentioned in the newspapers, many of his friends identified him as being the person referred to in the papers. MOLINA stated he wanted to clear up the matter and had talked with his attorney as well as WILLIAM J. LOWREY, who is also a member of the American GI Forum. He said the news media did not directly accuse him of being a subversive but

MARY ELIZABETH WOODWARD, 4812 Alcott, employee, Women's News, "Dallas Morning News," Dallas, Texas, advised that she, AURELIA ALONZO, MARGARET BROWN and ANNE DONALDSON, on November 22, 1963 left the office of the "Dallas Morning News" just about 12:00 noon to observe the Presidential Motorcade.

They walked to Elm Street and stopped in front of the Texas School Book Depository building, but were located a short distance down the street near the second light post. They were standing in this spot when the Presidential Motorcade came by. She stated she was watching President and Mrs. KENNEDY closely, and all of her group cheered loudly as they went by. Just as President and Mrs. KENNEDY went by, they turned and waved at them. Just a second or two later, she heard a loud noise. At this point, it appeared to her that President and Mrs. KENNEDY probably were about one hundred feet from her. There seemed to be a pause of a few seconds, and then there were two more loud noises which she suddenly realized were shots, and she saw President KENNEDY fall over and Mrs. KENNEDY jumped up and started crawling over the back of the car. She stated that her first reaction was that the shots had been fired from above her head and from possibly behind her. Her next reaction was that the shots might have come from the overpass which was to her right. She stated, however, because of the loud echo, she could not say where the shots had come from, other than they had come from above her head. She stated that she had seen about five or six persons standing on top of the overpass, and possibly this is why her first reaction was to look at the top of this overpass. She never at any time saw anything in the hands of the people on the overpass. She never looked at any time toward the Texas School Book Depository building, and stated she could not furnish any information regarding anyone who appeared to be leaving the area, as there was a lot of confusion and everyone was running around.

She and her friends stayed for a few minutes under a tree on the grounds of the Texas School Book Depository building, as she thought that she was going to be sick. After

SARAH STANTON, 227 North Ewing, Apartment A-4, on November 23, 1963, advised that she is employed in the second floor office of the Texas School Book Depository, 411 Elm Street, Dallas, Texas, and at about 12:30 P. M., on November 22, 1963, she was standing on the front steps of the building as the President passed and shortly thereafter she heard three explosions, however, she did not know where they came from and immediately went into the building, caught the elevator and went to the second floor offices and into the office of the Southwestern Publishing Company, located there, to try to look out the window and see what was happening. She then went to the restroom and later returned to her desk. She knows LEE HARVEY OSWALD by sight, being employed by the same concern, but is not personally acquainted with him and did not see OSWALD on November 22, 1963, and has never seen him with a gun.

Mrs. ALVIN HOPSON, residence 4717 Waverly, Dallas, Texas, employed by Scott Foresman Book Company, Fourth Floor of Texas School Book Depository (TSBD) Building furnished the following information:

On November 22, 1963, she was looking out a window on the south side of the fourth floor of the TSBD Building when the motorcade of President JOHN F. KENNEDY passed in front of the building going west on Elm Street toward the Triple Underpass. She stated that she was standing at a window which could not be opened and thus was looking through the glass rather than through an open window. She stated that she was standing at this window from about 12 o clock noon until President KENNEDY's car passed in front of the building. Immediately after he passed, she heard two or more loud sounds which she thought were firecrackers. She stated that she thought they had been set off on the street below, and she saw people on the street running toward the underpass and the railroad track.

She stated at the time she heard these sounds she could not see the Presidential car since there were some trees along the edge of the street which blocked her view.

She and the other people on the fourth floor milled around in the office, and for a few minutes could not determine what was going on.

She stated that from where she was she did not see anyone going downstairs. She pointed out that the fourth floor is partitioned off into office space, and the elevator she normally uses does not run higher than the fourth floor and is located on the east end of the building.

Mrs. NORTON stated that she did not see the Presidential car at the time of the shooting and thus did not see the President shot. She stated that it did not sound to her like the sounds were coming from her building, and that she was not alert to the possibility of someone fleeing that building after the shots. She advised that she does not know LEE HARVEY OSWALD and does not recall ever having seen him, and she specifically does not recall seeing him or anyone resembling him on the day of the shooting, November 22, 1963.

The following investigation was conducted by Special Agents NAT A. PINKSTON and GEORGE W. H. CARLSON:

On November 23, 1963, Mrs. CHARLES T. DAVIS, aka AVERY DAVIS, 902 Westmount, Dallas, advised that she is employed by Scott Forsman and Company on the fourth floor of the Texas School Book Depository Building. She is not acquainted with LEE HARVEY OSWALD and does not recall having seen him until she saw him on television.

On November 22, 1963, she was standing on the front steps of the building when the President passed and she then heard three explosions. She does not recall ever having seen OSWALD before.

She stated that MARY HOLLIS, with whom she is employed, told her that she was watching the President go by from the fourth floor office windows and immediately after the shots were fired, she thought she heard footsteps running across the floor directly above her, however, she did not see anyone fire any shots or anyone with a gun in his possession.

Mrs. ERIC (CAROLYN) WALTHER, 4118 Shelley, Dallas, Texas, stated she is employed in the cutting room for Miller and Randazzo, a dress factory, on the third floor of the Del-Tex Mart Building, 501 Elm Street, Dallas.

On November 22, 1963, she and another employee, Mrs. PEARL SPRINGER, ate lunch at 12:00 noon and left the lunch room at about 12:20 PM to go down on the street to see President KENNEDY ride by. They walked out of the front door of the building, crossed the street, and stopped at a point on the east side of Houston Street, about fifty or sixty feet south of the south curb of Elm Street. They stopped next to the curb to await the passing of the President. While standing there, she started looking around, and looked over toward the Texas School Book Depository (TSBD) Building. She noticed a man wearing a brown suit and a very dark red shirt leaning out a window of the third floor, somewhere about the middle window of the third floor. Shortly after this, a man in the crowd across the street to the west of where she was standing apparently had an epileptic seizure, and an ambulance came by and took the man away. Shortly after the ambulance left, she looked back toward the TSBD Building and saw a man standing on either the fourth or fifth floor in the southeast corner window. This would be the most easterly window of either the fourth or fifth floors, of the windows on the south side of the building, which faces toward Elm Street. This man had the window open and was standing up leaning out the window with both his hands extended outside the window ledge. In his hands, this man was holding a rifle with the barrel pointed downward, and the man was looking south on Houston Street. The man was wearing a white shirt and had blond or light brown hair. She recalled at the time that she had not noticed the man there a few moments previously when she looked toward the building and thought that apparently there were guards everywhere. The rifle had a short barrel and seemed large around the stock or end of the rifle. Her impression was that the gun was a machine gun. She noticed nothing like a telescopic sight on the rifle or a leather strap or sling on the rifle. She said she knows nothing about rifles or guns of any type, but

thought that the rifle was different from any she had ever seen. This man was standing in about the middle of the window. In the same window, to the left of this man, she could see a portion of another man standing by the side of this man with a rifle. This other man was standing erect, and his head was above the opened portion of the window. As the window was very dirty, she could not see the head of this second man. She is positive this window was not as high as the sixth floor. This second man was apparently wearing a brown suit coat, and the only thing she could see was the right side of the man, from about the waist to the shoulders.

Almost immediately after noticing this man with the rifle and the other man standing beside him, someone in the crowd said "Here they come," and she looked to her left, looking south on Houston Street, to see the Presidential Party. As soon as President KENNEDY's car passed where she was standing, she and Mrs. SPRINGER turned away and started walking north toward Elm Street. At about the time they reached the curb at Elm Street, she heard a loud report and thought it was fireworks. There was a pause after this first report, then a second and third report almost at the same time, and then a pause followed by at least one and possibly more reports. The noise seemed to come from up in the air, but she never looked up in any direction. When the second report sounded, she decided it was gunfire, so she and Mrs. SPRINGER started diagonally across the street toward the TSBD Building. About the time she got across the street, she heard someone yell that the President had been hit. She stopped a moment and listened to the police radio on a motorcycle, then returned to the building across the street where she works. She returned to her job at about 12:45 PM.

Mrs. PEARL SPRINGER, 8218 Elkton Circle, Dallas, Texas, telephone EX 1-1803, advised she is employed in the cutting room for Miller and Randazzo on the third floor of the Dal-Tex Mart Building, 501 Elm Street, Dallas, Texas.

On November 22, 1963, she and another employee, Mrs. CAROLYN WALTHER, left the building where they work after they hrrriedly ate lunch at about 12:15 p.m., to see the Presidential parade. They walked out of the building, crossed Elm Street and walked south on Houston Street on the east side of Houston Street, stopping just south of a sign post. (This sign post is seventeen steps south of the Elm Street Curb.) They stood there for about fifteen minutes waiting for the parade. During that time, she looked around at the crowd but never looked up above the ground floor of the Texas School Book Depository building located diagonally across the street from where she was standing. She recalled some commotion across the street from her, and an ambulance came and carried a man away. She heard a police officer say that the man carried away in the ambulance had an epileptic seizure. After the Presidential party passed her and turned the corner going west on Elm Street, she heard what she thought was a shot. At first she thought it was some kind of salute, but this shot was followed by two more. She recalled that after the first shot there was a pause, then two more shots were fired close together. She and Mrs. WALTHER ran across the street for a moment toward the Texas School Book Depository building to see if they could see anything down toward the Elm Street underpass, but they could not, so they returned to the building where they work.

Mrs. SPRINGER said that she noticed no one standing in the windows on the upper floors of the Texas School Book Depository building, and Mrs. WALTER did not mention to her anything about seeing a man standing in a window of that building holding a rifle.

The following investigation was conducted by SA KENNETH R. ALBERT:

AT DALLAS, TEXAS

On November 27, 1963, T. A. VINES, Constable, Precinct 7, 410 South Beckley, advised he received information from an individual who desired his name remain confidential that a white female named LISA, who is employed at the Youngblood Restaurant on Colorado Street, was at the corner of Houston and Elm Streets at approximately 11:40 a.m., November 22, 1963. This unknown individual stated LISA was a quiet girl but enjoyed talking very much. He stated when he observed LISA standing on the corner she appeared to be looking up at the building from which the shots were fired that killed President KENNEDY. This unknown individual invited LISA into his automobile and drove her to work. He stated she appeared in a very nervous state and hardly said a word during the trip. He stated when he let her off at work, she was visibly shaken, and he inquired as to what she was doing at Elm and Houston, and she said she went there to see the President. Mr. VINES stated this unknown individual reported this information to him, and he thought it should be brought to the attention of the FBI.

On November 27, 1963, LISA KITCHEN, 2233 Annilles, Stevens Park Apartments, advised she is employed as a cashier at Youngblood's Restaurant on Colorado near Zangs Boulevard. She stated that every morning when she comes to work, she has to catch a bus at the corner of Houston and Commerce at approximately 11:30 a.m. She advised that on Friday, November 22, 1963, she was at the corner of Commerce and Houston at approximately 11:25 and walked over to Elm at Houston for the purpose of seeing persons gathering in the area and seeing the decorations in the preparation for President KENNEDY's appearance. She stated she heard the President would not arrive for another hour and remained only a few minutes. She stated at approximately 11:35 or 11:40, ROBERT KENNEDY, employee of an air conditioning company who does work for Youngblood's Restaurant, stopped his truck and asked her if she was going to work. She stated she was and he stated he would be glad to drive her. She stated he drove her to work and let her off at the restaurant at approximately 11:55 a.m. She stated she had no particular reason for being at Houston and Elm except she was inquisitive as to what

preparations were being made. She stated she did not look up at the Texas School Book Depository building and saw nothing unusual in the area. She stated she only saw numerous people with cameras and children awaiting the arrival of the President.

Mrs. HESTER advised she heard two loud noises which sounded like gunshots, and she saw President KENNEDY slump in the seat of the car he was riding in. Her husband then grabbed her and shoved her to the ground. Shortly thereafter they then went across to the north side of the street on an embankment in an attempt to gain shelter. She stated that she believes she and her husband actually had been in the direct line of fire. She did not see anyone with a gun when the shots were fired and stated she could not furnish any information as to exactly where the shots came from. She advised that they stood on Main and Houston Streets. As the parade passed by there she heard the first shot but from where they were standing could not observe where the shot came from. She said she panicked after this shot and ran back to the office, later becoming deathly sick over the incident when learning of the President's death. She said she had a movie camera with her at the time and WILMA BOND had a box type camera but she advised that she did not obtain any photographs of the assassination scene. She said that WILMA BOND had some of her photographs developed but they were just of the crowd and the caravan and from where they were standing, as previously mentioned, did not get any pictures of the assassination.

Mrs. MUCHMORE advised she returned to Ardmore, Oklahoma, for the holidays and told her family, who reported it to the FBI. She said she did not think she could be of any further assistance because she did not even know the building where the shots came from and friends of hers had to point it out to her.

The following investigation was conducted by SA MALON L. JENNINGS, SA B. TOM CARTER and SA ROBLEY D. MADLAND:

AT FORT WORTH, TEXAS

On November 23, 1963, JAMES A. BYRON, News Director, WBAP-TV, made available for review TV movie film shot by his employees and NBC photographers on or about the time of the KENNEDY assassination in Dallas, Texas, on November 22, 1963.

A review of the film did not disclose any pictures of the building where President KENNEDY was allegedly shot from until this particular act had been committed. After President KENNEDY was shot, the film did contain several frames of the building which are of no particular significance at this time. With regard to people running from the building or people possibly seen in the building as alleged by persons viewing this film on television when first shown by NBC, Mr. BYRON pointed out that this film was first run without being edited and, of course, the sequence might indicate to viewers that the building scene was taken at the time of the assassination, which is not true.

Mr. BYRON advised that NBC photographers' film and the station's own photographers' films were run together as one since this is an NBC station. He pointed out that the NBC photographer shooting film shortly after the shooting of the President was DAVE WEIGMAN. WEIGMAN was riding in a car approximately five cars back of the President. He apparently heard the shooting, jumped out of his car, and with his movie camera shooting film, ran up to the vicinity of the President's car. During this period there are shown what appear to be people running from buildings, but the building in question here was one block away and not included on this film which was taken by WEIGMAN. Further, people are shown running or lying on the ground because of the shooting, and some of this is shown on the film taken by WEIGMAN.

Mr. BYRON advised that should any film come to his attention which would possibly aid the FBI in this case, he would immediately notify the FBI, extend his fullest cooperation, and make any film available for FBI use.

Mr. SETH KANTOR, a member of the Washington Press Corps, Scripps-Howard Alliance, 1013 13th Street Northwest, Washington, D.C., stated that he was assigned by his paper to cover the trip to Texas of President JOHN F. KENNEDY. He stated he was riding in the special bus which carried the White House correspondents on November 22, 1963. KANTOR related that this bus was several car lengths behind the President's car, but as they were nearing the corner of Elm and Houston Streets in Dallas, he heard three shots. He thought these were shots, but some of the press men thought the first shot was only a backfire of an automobile.

He advised they were then taken in the bus to Market Hall, where originally President KENNEDY had intended to address a meeting there at a luncheon on November 22, 1963. Upon arrival at this Hall, he obtained the service of someone, whom he does not recall, to take him to Parkland Hospital.

Upon arriving at Parkland Hospital, KANTOR went to the emrgency area of the hospital and remained with other newsmen. Shortly before 1:30 p.m., November 22, 1963, the newsmen were notified that MALCOLM KILDUFF, the White House Press Aide, was to make a historical announcement. The newsmen followed KILDUFF out of the emergency area which leads to the west side of Parkland Hospital and to the southwest corner of Parkland Hospital. Upon arrival at the southwest corner of Parkland Hospital, KILDUFF entered the door, went in a small area, and then upstairs to a room where the announcement of the President's assassination was made at 1:30 p.m., November 22, 1963.

Upon entering the southwest corner of the building, he felt someone tug at his coat, and it was JACK RUBY, whom KANTOR had known in Dallas, Texas, when KANTOR was on the staff of the Dallas Times Herald newspaper. KANTOR related

that he filed a story for his paper following this, but he did remember the time that RUBY tugged his coat because it was about two minutes before KILDUFF made the announcement of the President's death. KANTOR states he would place the time at about 1:28 p.m. when RUBY tugged the back of his coat and talked with him.

KANTOR filed a story which he says is fairly complete about the events that afternoon for his paper back in Washington. KANTOR does not know whether or not this has been used, and it is being set forth verbatim:

"Dallas. Nov. 25 - To my utter amazement I watched the man charged with killing President KENNEDY gunned to death by a friend of mine, JACK RUBY.

"It happened less than ten feet from where I was standing in the basement of the Dallas Police Station. LEE HARVEY OSWALD was being led to an armored car in the basement driveway. He was to be transferred to the Dallas County Jail.

"There was heavy police protection for OSWALD. Each of us newsmen had been carefully checked -- we showed our credentials -- before being allowed into the basement driveway area to watch OSWALD get into the transfer van.

"OSWALD was near where I stood. I was looking into his face. He had a scant smile. He was freshly shaved, and his face appeared to beam with cleanliness.

"At this point I heard Vice Squad Detective B. H. COMBEST shout, 'JACK -- you son of a bitch.'

"COMBEST was standing in front of OSWALD. RUBY was lunging past COMBEST like a stocky, five foot - nine inch porpoise, his arms extended, a pistol at the end of it. As the muzzle came to OSWALD's stomach, the gun went off.

"I watched OSWALD's face contort from cleanliness to horror. As his body crumpled, he let out the last sound of his life, a spine-chilling moan.

"The last time I had seen OSWALD's killer, RUBY, was two days earlier. It was at Parkland Memorial Hospital, moments before the news was official that President KENNEDY was dead. I had come to Texas covering the President's trip.

"I felt a tugging at the back of my coat. I turned. RUBY put out his hand. He shook hands numbly, having minutes earlier witnessed the tragic events of the President's assassination.

"'This is horrible,' RUBY said. 'I think I ought to close my place for three days because of this tragedy. What do you think?' His places are downtown strip joint and saloon.

"I agreed that he should shut them temporarily, but I spent no more time talking to him because I was hurrying behind the pale and shaken MALCOLM KILDUFF, the White House press aide, who was on his way to make the historical announcement that the President was dead.

"Before Friday, I had not seen the 52 year old RUBY for nearly two years since leaving Texas to be a reporter in Washington, D. C.

"I saw much of RUBY, whose real last name is RUBENSTEIN, when I lived in Dallas. He was a fellow who usually wore a diamond stickpin and who came to me frequently with an idea for a newspaper story.

"These were weird things, these stories, but unmarried RUBY always has been attracted to unusual people.

"There was a snake charmer he knew -- a suburban Dallas housewife who kept large snakes in crates in her house. Her husband was an accountant. At night, she performed in RUBY's night club stripping off her clothes while a snake coiled around her arms and legs.

"I did another story about the male West Indies limbo dancer whom RUBY brought here as a performer, had taken a liking to and was sponsoring for U. S. citizenship.

"That is the way he was. When he liked you, he wanted to do anything and everything he could to help you. If he didn't like somebody, he would curse them and fight them. He has had a few arrests here because of the passionate ways in which he had expressed his feelings of dislike for people.

"'I came up the hard, tough way in Chicago,' he once told me. 'I have been around real thugs. I can handle myself.'

"But one time I remember him bringing his nephew here 'to educate the kid. A man needs an education to get anywhere decent. I don't like the way I have wound up -- in the girlie-show business. What kind of a life is that for a man?'

"Friday I saw tears brimming in JACK RUBY's eyes when he searched my face for news of the President's condition.

"Yesterday, I spoke to GEORGE SENATOR, who has known RUBY eight years. SENATOR and RUBY have been sharing a four-room house for $125.00 a month since September. SENATOR said that RUBY 'had been grieving' since the President's death.

"RUBY was a non-political man as I knew him, but he was always emotional. How was the emotional man able

to walk into the police station basement yesterday morning and murder the un-emotional man charged with killing the President? I couldn't believe my eyes. The precautions taken by the Dallas Police were thorough. They even searched the Tristine elevator shaft leading from OSWALD's upstairs cell to the basement to make sure no assassin had found a hiding place.

"RUBY knew and was known by many Dallas police. He was allowed in, somehow. He was JACK RUBY the kibitzer in the jail basement, just as he had been JACK RUBY the kibitzer at the hospital where President KENNEDY died. He was a familiar face at all kinds of strange events in this city. But yesterday he stopped being the kibitzer."

KANTOR related that he did not actually see RUBY, but he saw RUBY's arm extending forth with a gun toward OSWALD, and the reason he did not see RUBY was in view of the fact that his attention was focused on OSWALD's face at the time of the shooting. When he heard gunfire, he turned his eyes and there were the police grabbing RUBY. In the excitement KANTOR stated he does not remember just who was down in the basement of the building as he was concentrating on his own story.

KANTOR stated that the reason he was at the police station on November 24, 1963, was the fact that the night before, someone with the Press Corps, asked Chief of Police JESSE CURRY, Dallas Police Department, what time the transfer would be made of LEE HARVEY OSWALD to the Dallas County Jail. Chief CURRY replied that if the press was back the next morning, November 24, 1963, by 10:00 AM, it would be early enough. KANTOR stated that he slept late and walked over to the Dallas police station, arriving there about 10:40 AM, November 24, 1963, thinking the transfer had already been made. Upon arrival he went immediately to the basement of the building prior to the time OSWALD was brought down to the basement, and was there, as had been set forth, at the time JACK RUBY shot LEE HARVEY OSWALD.

MARINA OSWALD furnished the following background information concerning herself. She was born July 17, 1941, at Severodvinsk (formerly called Molotovsk), Arkhangel Oblast, USSR. She does not know who her father was. Her stepfather is ALEXANDER IVANOVICH MEDVEDEV. Her mother is [illegible] VASILEVNA MEDVEDEV. She moved from Severodvinsk while she was an infant and went to live in Arkhangelsk, Arkhangel Oblast, where she lived with her maternal grandmother, TATIANA YAKOVLEVNA PRUSAKOVA, now deceased, and her grandfather, VASILI PRUSAKOV (sometimes spelled PROSSAKOV). She remembers her grandfather wore a uniform and her mother always told her that he was a Captain First Class. Her grandfather died when she was about 4 or 4½ years old and she continued to live with her grandmother until she was about 7 years old. When she was 7, she went back to live with her stepfather and mother at Zguritza, Moldavian, SSR (formerly called Bessarabia). A half-brother, PIOTR ALEXANDROVICH MEDVEDEV, was born at Arkhangelsk in 1945 or 1946, and a half-sister, TATIANA ALEXANDROVNA MEDVEDEVA, was born in 1949.

At Zguritza she went to school for 4 years. Then the entire family moved to Leningrad in 1952 where she entered the 5th grade. It was in this town that her stepfather was born and he had now returned home. Her stepfather was by training and profession an electrical worker. He was skilled, and in Leningrad at this time had a job maintaining equipment in a gas producing plant. He had, before the war, been employed in the Moldavian SSR at an electrical station. During the war he was mobilized and had spent the war at the front. She believes he was some sort of an Army officer. Meanwhile, her mother worked in a hospital. She does not know where.

She attended the fifth, sixth and seventh grades of a ten-year school called the 374th Woman's School at Leningrad. At the conclusion of her seventh grade she wanted to go to a specialized school because her mother was quite ill and she felt that she might need a specialty in order that she

might be independent. She was allowed to enter a specialty school, which she did following the conclusion of her seventh grade work. She entered the Pharmacy Technicum at Leningrad in 1955 and graduated with a diploma as a pharmacist in June, 1959. During her last year in pharmacy school she had also worked in a drug store in Leningrad. This drug store was a central drug store located on Nevsky Prospect (a main street in Leningrad). Her mother died when she was in the second year of pharmacy school. She continued to reside with her stepfather although she felt like a stranger in the house. She explained that she and her stepfather did not get along well together and that this had been a situation of long standing. She explained that this situation was probably more due to her actions than to those of her stepfather. She said she had been "fresh" with her mother, particularly, and the stepfather had not liked this. She said she was not amenable to discipline and was generally a source of concern to her stepfather.

She advised that during this time while she was attending pharmacy school after her mother died she took meals away from the stepfather's home although she slept there. She explained that upon the death of her mother the children had come into a pension, and that this was divided three ways.

MARINA said she did not feel that her childhood was a happy one because of the friction between herself and her stepfather.

Upon graduation from pharmaceutical school in June, 1959, she was assigned work in a pharmaceutical warehouse in Leningrad. This work consisted of packing and preparing pharmaceutical orders. She did not like the work and quit after one day. She explained that generally a person had 3 days in which to decide whether or not to retain a professional-type job and that it was not a black mark to quit a job during this first three days. After quitting this job, she took a two months' vacation, and just enjoyed herself. She was residing in her stepfather's house in Leningrad.

Toward the end of August, 1959, she bought a railroad ticket to Minsk, Belorussia, SSR, as she had decided to go live with her aunt and uncle who reside in Minsk. Minsk is a 24-hour railroad ride from Leningrad. This uncle is ILIA VASILIEVICH PRUSAKOV, who is now about 52 years of age, and the aunt is VALENTINA GURIEVNA PRUSAKOVA, who is now about 37 years of age. This aunt and uncle had lived in Arkhangelsk when she lived there. Her grandmother had lived with this aunt and uncle for a while prior to her death. This was a mutual liking between this aunt and uncle and MARINA. This uncle had graduated from college as an engineer, specializing in lumber. He had been in the Armed Forces in World War II and after the war was assigned to the Ministry of Internal Affairs of Belorussia, in Minsk, and is presently in charge of the department which deals with lumber. Although he works as an engineer, he has the rank of a Colonel or Lieutenant Colonel and always wears a military uniform. Everybody in this ministry wears a uniform. For example, a medical doctor who lives in the same apartment house as does her uncle and who works in this ministry also wears a military uniform.

Her aunt, VALENTINA, had no children, and she spent her time at the apartment.

When she arrived at the apartment of her aunt and uncle, they had a general discussion about her, MARINA's future, and it was agreed that she could remain at the apartment if she wanted to do so. MARINA said that she was going to look for a job. The aunt said that MARINA would probably get married soon, but the uncle was opposed to an early marriage by MARINA. MARINA was 18 at this time. MARINA said she herself was opposed to marriage at this time and desired only to get a job and go to work.

She had previously had male admirers in Leningrad and had only recently broken up with one particular boy. This boy's mother was very interested in her son marrying MARINA, but neither the boy nor MARINA felt that their relationship was close enough for marriage. MARINA refused to give the name of this boy at this time.

Concerning the uncle's apartment, MARINA said it was one of the best in the apartment house, which was for the employees of the Ministry of Internal Affairs. It was located on the 4th floor and had a kitchen, one bath, a foyer, a study, one bedroom, and a combination living room and dining room. The rooms were large although the kitchen was rather small.

In October, 1959, MARINA went to work in the drug section of the Third Clinical Hospital in Minsk, which is located on Lenin Street, in the central section of Minsk. She worked there for one year, until October, 1960, at which time she had earned a month's vacation. She took this vacation in a rest home near Leningrad. This rest home had several cottages in forest-like surroundings. The sexes were separated. The persons at the rest home ate, slept, relaxed, and had fun.

Concerning her social life, MARINA said, as stated before, that she had had several male admirers in Leningrad but had not been interested in matrimony. She pointed out, parenthetically, that at that time her teeth were in good condition and she took pains with her appearance and she believed that she was attractive to men. She said that at the present time she has lost several of her teeth as a result of her two pregnancies and does not feel that she is as attractive as she once was.

She advised that while living in Leningrad she had visited Minsk on vacation on several occasions. On one of these occasions her uncle had introduced her to a young man who lived in the same apartment as did her uncle. This young man, in turn, introduced her to another young man. Then this last young man introduced her to many young men and women with whom he associated socially. These young people were for the most part students in the schools of architecture, medicine, and engineering. Their social life was taken up, in good part, by getting together in cafes where they would sip coffee, exchange gossip, and read newspapers. Also, very heated discussions were carried on among the students about different architectural designs or other professional topics. Also, on occasion various young people would get together at someone's house and listen to records. She said that the crowd more or

less ran together and that she, MARINA, did not desire to pair up with any particular boy friend. This was an enjoyable period of her life and she found her social associations very pleasant.

Concerning the two young men to whom she was first introduced, MARINA advised that she did not care to divulge their names. She said that the first young man to whom she had been introduced by her uncle and who resided in the same apartment house as her uncle spent his vacations in Minsk although he studied in Leningrad. The second young man to whom she was introduced by the first young man is a student at Minsk at some technical institute. The first boy's father is an engineer in the Ministry of Internal Affairs and the father of the second boy is a professor of Science in a technical institute in Minsk.

She advised that she once was invited by some medical student friends to attend an affair which was a combination social and cultural event to be held at the Palace of Culture. She stated that the Palace had been evidently rented by the medical institute for this purpose. She said she decided to go to this affair and spent a good deal of time dressing and preparing for it. When she finally was ready to go she decided not to go. Then her uncle said that as long as she was already dressed and ready that she should go, so she went. She said that she arrived at about 10 o'clock, which was three hours after the affair had started. MARINA pointed out that the first part of the evening had been devoted primarily to a lecture by a Russian woman who had visited the United States as a tourist. Her lecture had dealt with her impressions of the United States. MARINA arrived too late to hear this lecture. The woman lecturer had a son who was a medical student in Minsk and this son was in attendance at this affair on this occasion. This son was an acquaintance of LEE OSWALD.

When MARINA arrived at the affair, as she described it, well dressed and pretty, LEE OSWALD almost immediately saw her and told his medical student acquaintance that he would like to meet her. She was introduced to OSWALD by this medical

student and OSWALD immediately asked her to dance. She accepted OSWALD's invitation and they spent much time together that evening.

She said that OSWALD's Russian, although good, bore a definite accent. She thought that he probably had come from one of the Russian speaking Baltic countries.

At this point MARINA interposed that she had attended this affair about the middle of March, 1961, and she had married LEE OSWALD on April 30, 1961.

MARINA OSWALD was interviewed at 1611 Farrar Street.

MARINA advised she and OSWALD had left Minsk in July of 1961 and gone to Moscow and visited the American Embassy where OSWALD spoke to officials at the American Embassy concerning his desire to return to the U. S. She advised that she also had been interviewed by some American official at the American Embassy concerning her application for visa to go to the U. S. with her husband.

She advised she had applied in May of 1961 to the Russian officials at Minsk and Moscow for official papers which would allow her to leave Russia and depart for the U. S. They received permission from the U. S. officials first, and then they waited in Minsk for the Russian papers to arrive. The Russian permit for MARINA to depart for the U. S. arrived about New Year's of 1962. OSWALD had been granted permission by the Russian officials earlier and had been advised by the American Embassy that he could depart for the U. S. She said the American authorities had suggested to OSWALD he could depart without MARINA, but he had refused to do so as he desired to take his wife with him when he departed. MARINA received her exit permit from the Russian government about the middle of May. They shortly thereafter left Minsk with the baby and arrived in Moscow about May 20, 1962. They spent about ten days in Moscow. While there, she stayed in the hotel and tended to the baby while OSWALD tended to the formalities which were necessary to facilitate their departure to the U. S. While in Moscow, they stayed first at the Hotel Ostankino which was quite removed from the center of Moscow. They later stayed at the Hotel Berlin which was closer to the center of town. While in Moscow, they exchanged sufficient rubles to obtain one hundred and eighty U. S. dollars. OSWALD used this money to buy rail tickets from Moscow to Amsterdam. They departed from Moscow by train about May 30, 1962 and traveled through Poland, Germany and Holland. In Holland, they boarded the ship for the U. S. They arrived in New York on June 13, 1962.

In speaking of her trip to the U. S., MARINA said she was impressed in her journey through Holland by the cleanliness of the people and of the land in general. She also furnished information that the American women appeared to be women who, if they did not have a button to push, appeared to be lost. She said that many times it was easier to do work with the hands than it was to have a machine to do it with.

She stated that both Russia and the U. S. had advantages. She said a good thing about Russia was that a man who needed a job could always have a job, but that in the U. S. it had been her experience that a man who needed a job could not always have a job. She said that her husband had been out of a job for a good part of the time that they had been in the U. S. MARINA advised that there were health benefits also in Russia, such as hospitalization and dental and medical care. She stated higher education was free in the Soviet Union.

MARINA had previously noted that she had made requsts to the Soviet Embassy in February and March of 1963 for permission to return to the Soviet Union. She said that since November 22, 1963 she has not given much thought to the future. She said she may stay in the U. S. because OSWALD is buried here and because the children are here.

Concerning the address of herself and OSWALD in Minsk, MARINA stated that they had lived at No. 4 Communist Street, Apartment 24. She said the name of this street had been changed from Kalinin. She said that the present name of the street written in Russian would be this -- Communisticheskaya.

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar.

She took employment at Minsk, at the Third Clinical Hospital on Lenin Street, in October, 1959, and her last day of work at this place was in December, 1961. She explained that she married OSWALD on April 30, 1961, and beginning in late December, 1961, went on maternity leave, which would normally end two months after the birth of the child. Her first child, JUNE, was born on February 15, 1962, (which was two weeks earlier than scheduled) which would mean that she would normally be entitled to maternity leave which would end approximately April 15, 1962. She, however, did not return to work after the birth of her child.

Her duties at the Third Clinical Hospital consisted of filling prescriptions. She explained that the work would vary. One week she would work on liquid prescriptions, the next week on powder prescriptions, and next on medicines for external use. She said a woman was in charge of her section. When asked for this woman's name, MARINA refused to give it. She explained her pay was 45 rubles per month. She was paid every two weeks. She was allowed to use all of her money for her own purposes, as her uncle and aunt refused to take any money from her.

She met OSWALD in the middle of March, 1961, as she has previously explained, at a social function at the Palace of Culture for Professional Unions. At this first meeting, OSWALD evidently took a fancy to her and asked if he could see her again. She stated that she was evasive at this point, and then OSWALD asked if she would be coming again to the Palace the following weekend. She replied that she perhaps would return the following weekend. However, no definite date was made. She explained that each Saturday and Sunday dances and other events were held at the Palace, and that one could buy tickets to attend these events.

She said a week later, on either Saturday on Sunday, she does not remember which, she and a girl friend, whose name she declined to give, went to the Palace to attend the

dance. Upon entering the hall, she saw OSWALD waiting for her. She and OSWALD joined company and spent the evening dancing at the Palace and following that, she allowed OSWALD to take her home. He took her to the apartment house of her uncle, but did not enter the house, leaving her at the entrance. She pointed out that the girl who had accompanied her to the dance had had a boy friend in the orchestra. This girl friend and her boy friend kept company and were not with OSWALD and MARINA during the evening.

Upon questioning, MARINA said she felt that OSWALD would be at the Palace that evening, and that was the purpose in her returning. She said she did not tell her girl friend who accompanied her about OSWALD because she did not want to feel silly if OSWALD were not there.

She said that she had introduced OSWALD to the girl friend that accompanied her.

She advised she had made arrangements with OSWALD to meet the following Friday on a certain street corner in Minsk, although no definite arangements were made concerning what they would do.

During that week, on about Tuesday or Wednesday, her annt told her that a boy named ALIK (ALECK) had called her on the telephone and said that he could not keep the appointment for Friday; although he did not leave his last name, MARINA knew to whom her aunt referred. MARINA pointed out that ALIK in Russian is a nickname for ALEXEI, which the Russians called OSWALD in preference to LEE. The pronunciation of the name LEE is foreign to the Russian ear. The aunt advised that ALIK had said he was in the Fourth Clinical Hospital, at the Eye, Ear, Nose and Throat Department. This hospital was located on the outskirts of town. ALIK told the aunt that he could be visited Sundays. By way of explanation, MARINA said that she had not been at the apartment to receive the telephone call as she had dates with two different young men that week, and it had also been necessary to spend some time with other friends.

She visited OSWALD at the Fourth Clinical Hospital on Sunday at 3:00 PM. He was in the hospital for ear trouble, which later developed into glandular trouble. OSWALD was in

the hospital for ten days. She visited him every day, although visiting hours were only on Sunday. She explained that because she wore a white uniform in her work, she was able to pass right through into his room and see him.

On her first visit to the hospital to see OSWALD, she asked him some questions about America. OSWALD said he preferred America to Russia because he could not take hard winters. OSWALD said he did not think he could live through another hard Russian winter. MARINA said that later when OSWALD left the hospital, they would take walks and OSWALD would get so cold that he would dodge into door entrances to warm up.

She asked him why he had come to Russia, and he replied that as Russia was considered the leader of the Socialist world, he wanted to see it. He did not say how long he was going to stay in Russia. She asked him on this first visit to the hospital if he could return to the United States, and he said no, he could not return. He said he had given up his American documents to the American Embassy, and told the American officials that he would never return to America. She asked him if he was an American or a Soviet citizen. It was in answer to that question that he told her he could not return to the United States. She said that later, after they were married, he said he had been offered Soviet citizenship prior to their marriage, but he had refused it.

She said she had found out that OSWALD was an American, at their first meeting at the Palace, through a third party.

She said that OSWALD never definitely told her that he had lost his United States citizenship. He gave no other reasons for coming to Russia other than that mentioned above. She believes that he was sorry that he had come to Russia.

MARINA advised that she was interested in the United States while she lived in Russia as she was interested in all foreign countries. She said that she knew that OSWALD could not return to the United States because he had said he could not return. At this point, she volunteered the statement that she had married OSWALD because she loved him, not because he was an American or for the purpose of going to the United States.

She stated on one of her visits to the hospital, OSWALD had asked her if she would be his fiancee, and not go around with other boys. She said she would consider this.

Following his release from the hospital, OSWALD began visiting MARINA at her uncle's apartment. She introduced him to her uncle and aunt. She said at this time she still saw on occasion another boy, but this was without the knowledge of OSWALD. She said this other boy objected to her becoming serious about OSWALD. When asked for the name of this young man, she replied that his first name was ANATOLI. ANATOLI was finishing medical school, and he probably is a physician by now. She said she could not remember his last name.

MARINA advised her uncle and aunt did not disapprove of OSWALD and, in fact, were glad that she had reduced the number of her boy friends to almost one. They offered no objections to OSWALD and told her it was her decision to make. The fact that OSWALD was an American made no difference to them. They did ask her if OSWALD could return to the United States, and she replied to the negative. Following his release from the hospital and during his courtship, he continued to ask her to be his wife and she continued to occasionally see ANATOLI up until April 20, 1962. On that date, she agreed to marry OSWALD, and together they went to the registrar to file their intent to marry. They were told that it would take her seven days to obtain permission to marry a foreigner. Permission was granted for the marriage in seven days, and it was thereafter necessary to only wait three more days to fulfill the required ten-day waiting period. They were certified as married by the registrar on April 30, ~~1962~~ 1961.

On the date that they were certified as married, her aunt and uncle had a reception for them in their apartment. Their mutual friends were invited.

She advised she was not interviewed by any official and that the only documentation necessary for this marriage was registration of intent and the certification of the marriage ten days later.

Concerning OSWALD's work in Minsk, MARINA said he had worked as a metal worker in a radio factory. He was an unskilled worker and earned between 80 and 90 rubles a month.

The discrepancy in her pay as a skilled professional of approximately 45 rubles a month, and his pay as a non-skilled worker of 80 to 90 rubles per month was discussed with MARINA. She said she could not explain this discrepancy. She volunteered the information that she knew licensed, medical doctors who earned not more than 65 rubles a month.

She was asked why OSWALD was employed in Minsk. Her reply was that he had been sent from Moscow to work in Minsk.

With regard to her earlier comment that ALIK had called her aunt to say he could not keep the Friday appointment, she was asked if it was the usual thing to have a telephone in Minsk. She said that only high officials had telephones, as they were rather hard to get. She said that having an important position certainly helped. She said that bribery was also used to obtain telephones.

During the questioning concerning her first visit with OSWALD in the hospital, MARINA made the remark that OSWALD in Russia did not smoke or drink or discuss politics with her, or, to her knowledge, with other persons with whom he associated.

December 3, 1963

MARINA OSWALD was interviewed at 11611 Farrar Street.

Prior to her marriage, MARINA did not discuss possible domicile with OSWALD, assuming they would move into his apartment. Following marriage, they did this.

Prior to marriage, OSWALD told her he would like her to know he would not be able to provide for her as well as he would like to provide and that he would never be a rich man. He wanted her to know this and know that she was marrying him on this basis. She said that inasmuch as OSWALD did not make much money, she continued working, although OSWALD did not approve of wives working if they did heavy work. MARINA described her work as being painstaking as she had to fill each prescription accurately but it was not heavy work.

They did not take a honeymoon after their marriage and spent the three days each of them had been given as vacation in Minsk. The weather was nice. They ate in cafes and generally enjoyed themselves.

She said she had not, in fact, ever cooked meals in Russia after their marriage, as both she and OSWALD ate out nearly every meal in nearby cafes or at work.

After her marriage, she moved into OSWALD's apartment which was located at Communist Street #4, Apartment 24, in Minsk. It was in the center of the town. The apartment house was occupied by workers of the plant where OSWALD was employed. OSWALD had obtained the apartment sometime prior to their marriage. He lived there at the time they met.

In this connection, she related a coincidence, the first part which had occurred two years prior to their marriage when she had visited Minsk on a vacation. She said she was walking along the river and noticed an attractive apartment house with little balconies overlooking the river. It was discovered that this same apartment house was the one in which she lived after their marriage and she had one of the little balconies which she had admired at that time.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The apartment was on the fourth floor of the five story building. There was no elevator. The rent was 7.50 rubles per month, which included electricity, gas and water. There was no telephone. By way of comparison, she said her uncle's apartment, which was much more spacious, had rented for 30 rubles per month, which was a considerable amount to pay. The OSWALD apartment consisted of (1) a combination living, dining and bedroom, (2) a kitchen, (3) a bath and (4) a foyer. The kitchen contained a table with a space for utensils underneath, a gas stove, a sink and two chairs. They usually ate in the kitchen if they ate at home. The bathroom had a sink, a toilet and a bath tub. The big room had a sofa which opened to make a bed, a cocktail table on which they kept the record player, a combination book shelf - closet, which they used to store linens and a table and chair. The apartment was very suitable for one person, perhaps a little crowded for two, and was unsuitable when the baby came. They had a balcony which was partitioned from other apartments, entered from the living room, and was of ample size and overlooked the river. When they entertained, they did so on the balcony when possible.

The apartment house was occupied mostly by younger people up to the age of about 40. It was five stories high and was about ½ block by ½ block in size.

MARINA advised OSWALD's salary was adequate in comparison with people his age and in his line of work. She said that as an unskilled laborer working in the radio factory, he was paid by piecework and as a consequence, made more than persons paid by salary or certain professional people. She said the government had promised that such inequities were being studied and would be corrected. MARINA said OSWALD was a little bit lazy and did not have his heart in his work. She said he had been offered a transfer to another department in the factory where he could make more money but by the time he received this offer, he was thinking of returning to the United States, and there was no stimulus to him to make the change.

MARINA said that in contrast to this, OSWALD had been anxious for work in the United States and anxious for overtime.

She advised OSWALD had not been paid more because he was an American. She stated that the fact he was an American played no part in the amount of compensation he received. He was paid by what he produced.

She said OSWALD was the only American she knew to reside in

Minsk. She understood another American had resided in Leningrad. She recalled that while she was in the American Embassy in Moscow, she was told that this American had been repatriated. She said she had not heard of OSWALD before she had met him and had not heard that an American was living in Minsk.

Concerning their social friends, MARINA stated that she had girl friends visit them in their apartment and OSWALD objected to her male friends visiting there. She said there was one couple who visited on occasion, a girl friend of hers and her husband. Their guests came generally after working hours or on Saturday or Sunday. Many times on Saturday or Sunday, they would gather at their apartment or one of their friend's apartment and prepare a co-operative meal. They had no friends in their apartment house. OSWALD had two friends who, on occasion, visited at the apartment. One was a medical student who was interested in learning the English language and found their association to be beneficial. A second worked in the same plant as OSWALD and attended a technical school. She declined to give the names of these two friends of OSWALD's. She said OSWALD was hospitable but was not a good conversationalist.

For entertainment, there was the opera, concerts, the circus and the films. They had no automobile and were transported by bus or taxi or walked to their destination.

MARINA stated that she was a member of the Medical Workers Union (MWU). She was considered a member of the KOMSOMOL for one year when she worked in the Drug Section of the Third Clinical Hospital but was thrown out when she failed to pick up her membership card. She attended no meetings of the KOMSOMOL and had no interest in it. She belonged to no other organization.

OSWALD may have been a member of the union at his plant. She is not sure. He belonged to no other organizations. Her uncle is a member of the Communist Party. His wife is not. Neither her stepfather nor her mother were members of the Communist Party.

OSWALD did not go out of the apartment by himself. Occasionally, a friend would visit him and MARINA would urge that they go to a concert or a film without her. This was while she was pregnant.

OSWALD's health, while not robust, was not bad. He frequently had the sniffles. She said that on one occasion, he had a heavy cold with temperature and she was afraid it might develop

DL 89-43
DL 100-10461

into pneumonia. It did not.

She said OSWALD did not have a particularly lively personality and was on the pessimistic side rather than the optimistic. She said he was short tempered and difficult to get along with. He knew that he had a difficulty in getting along with people and he did not care. He preferred to be by himself or with MARINA. He did not care for his mother and had no son-like feelings for her. This surprised MARINA. She told him he should respect her as a mother.

She advised she loved OSWALD as a husband but did not share his political views or even understand them. Digressing, she said she recalled that OSWALD had brought home with him in New Orleans some throw-aways about Cuba. He told MARINA he wanted to help Cuba. MARINA said Cuba did not need his help. A copy of the pamphlet labeled "Hands Off Cuba" bearing the rubber stamped name and address, "HIDELL, P. O. Box 30016, New Orleans, La.", was exhibited to her. She said this was one of the throw-aways he had brought home to New Orleans. She said she did not know anybody by the name, HIDELL. She advised she thought this was a fictitious name made up by OSWALD. She ventured the thought that the name, HIDELL, was phonetic with FIDEL (meaning FIDEL CASTRO). She said OSWALD was a great admirer of FIDEL CASTRO.

After their marriage, OSWALD's proficiency in the Russian language improved. He, however, never lost his accent, nor did he always speak grammatically; she classed his Russian as good. She added he knew how to curse in Russian. His written Russian was poor.

MARINA said she never knew OSWALD to speak of or attempt suicide. She does not think that he was capable of suicide and she did not believe he had ever attempted suicide.

MARINA said she recalls seeing a scar on the inner left wrist of OSWALD after they were married. This scar was completely healed. She asked him about this and he evaded answering her.

About three months after their marriage, he spoke of his desire to return to the United States. MARINA agreed to this; thereupon, he advised the American Embassy at Moscow of his marriage and expressed his desire to return to the United States and requested permission for approval for MARINA to accompany him. She, meanwhile, wrote a government department in Minsk, requesting Russian documentation to depart for the United States. Her request was forwarded to

the Foreign Office in Moscow. She received papers from Minsk and also from Moscow to complete. She completed the papers and forwarded them as directed. She then wrote to the American Embassy, requesting permission to depart for the United States with her husband. She believed that they had written the U. S. Embassy in July, 1961, but she is not sure of the date.

Sometime after writing the American Embassy in Moscow, she and OSWALD were requested to appear for interview in Moscow. She believes it was in late summer, 1961, she and OSWALD flew to Moscow. OSWALD was interviewed by an American official at the Embassy while she waited outside. Later, she was interviewed by an American official. She advised the American official that she desired to depart for the United States with her husband.

MARINA advised she had never been contacted by any Russian Intelligence employee in Russia prior to or subsequent to her marriage in Russia, nor has she been so contacted in the United States. She advised that she has not been contacted by any other Russian officials in Russia or the United States. She said she made application with the appropriate Russian officials to obtain documentation to leave the country. She advised that she has nothing against Russia or against the United States. She said she would not carry out an espionage or intelligence assignment for either country if she were asked because she wants to lead a simple, plain life. She said she had seen a Russian official at the time of her departure from Russia and he had given her her passport. She had signed it and a Russian official wished her a pleasant trip and that was all.

She advised that she had not discussed with anyone the possible presence of an American in Minsk prior to the time she met OSWALD. She advised that after meeting OSWALD and discovering that he was an American, she was surprised. She asked him which of his parents was Russian. She did not believe he would be allowed to enter Russia otherwise. She said that she knew of no contacts of OSWALD by Russian Intelligence agencies or other Russian governmental officials and that his contacts had been known to her. She said none of OSWALD's activities in Russia or the United States would indicate that he was in contact with Russian officials, particularly, those of intelligence agencies, and she did not believe he had been given any assignments to perform, either in Russia or the United States.

She said she had not known OSWALD was an American until so informed by a friend in Minsk.

She said that following their return from Moscow where they had been interviewed by officials of the American Embassy, they had waited for their permission to depart from both governments and in due course, they received such permission. They received Russian documentation to depart sometime shortly after the birth of their first child. She said they had saved a little bit of money. The money saved was enough to purchase train tickets and visas. The American Embassy in Russia loaned OSWALD money for the boat trip to New York.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA stated OSWALD had never spoken much of his trip to Moscow when he first arrived in Russia. She said she recalls that when she and OSWALD and JUNE went to Moscow before departing for the United States they stayed at the Hotel Berlin. OSWALD remarked that he had stayed in the same hotel when he first came to Moscow. MARINA believes the Hotel Berlin is now called by another name.

She does not know how long OSWALD stayed in Moscow when he first arrived in Russia. She said she, of course, cannot say why he was sent to Minsk to work. She pointed out that Minsk had the television-radio factory where OSWALD was assigned to work. She also said that Minsk has a considerable foreign population, particularly immigrants from Argentina.

MARINA furnished further information concerning the hospital stay of OSWALD in Minsk, details of which she has previously given. She recalled that OSWALD stayed in a room with two other persons. He was receiving specialized attention from an ear, eye and nose specialist, but to her knowledge received no preferred attention because he was an American.

MARINA said she and OSWALD had discussed the Cuban situation while in Russia and both had agreed that FIDEL CASTRO was a good man because he was trying to do something for the common people. She said OSWALD and she had no argument about Cuba because they were both in favor of the Cuban Government under CASTRO. MARINA pointed out that she is not interested in politics. She said she likes CASTRO and KHRUSHCHEV and that she liked KENNEDY. She likes any kind of a government as long as the common people are benefited.

MARINA advised she had told OSWALD once she would like to go to Cuba. OSWALD told her this was impossible as travel to Cuba was forbidden. Later when they were living in the United States she recalls OSWALD stating that he would like to go to live in Cuba. MARINA at this point made the parenthetical remark that she knew that OSWALD would not like Cuba and in fact the only place he would like would be the moon where there are no people.

OSWALD never stated that he was making plans to go to Cuba. He did not mention that he had made application for a visa to go to Cuba. He did not state in September when MARINA left New Orleans that he intended to go to Mexico or to go to Cuba.

She recalls that shortly after OSWALD was arrested in New Orleans for passing out throwaways dealing with the Cuban situation, that a man came to their house and asked for OSWALD. OSWALD spoke to him but she does not know what they talked about. MARINA asked OSWALD who this man was. OSWALD said the man had identified himself as a sympathizer of the Cuban Government and wanted to know about the organization that OSWALD was trying to form in New Orleans. He wanted to know how to join this organization. OSWALD told MARINA he did not believe that this man had a sincere interest in his organization. He thought the man was an FBI Agent or a man from some anti-CASTRO organization.

MARINA said this person looked like an American and not like a Cuban.

MARINA said she does not know of any Cuban friends or other connections with Cuban organizations that OSWALD had either in New Orleans, Dallas, or Ft. Worth. She said she really doesn't know anything about the organization that OSWALD was trying to form in New Orleans. She said that she knew that it was a pro-FIDEL CASTRO organization but believed that he was the only one in the organization.

She said that the "Hands Off Cuba" throwaways had been sent to OSWALD through the mail and he had received them at the mail box in New Orleans. She believes they came from New York.

She was asked if she had any suspicion whatsoever whether OSWALD was in contact with any person from Cuba or was acting on the behalf of the Cuban Government. She said she did not think so. She said his only contact with affairs of this sort was his attempt to form the pro-CASTRO organization in New Orleans.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA said she can recall only one occasion when she and OSWALD spent the night away from their residence in New Orleans. This was an occasion when Mr. CHARLES MURRET, the uncle of OSWALD, came to their house on Magazine Street one Saturday and took them to Mobile, Alabama. They stayed La. at a motel in Mobile on Saturday night and returned to New Orleans with Mr. MURRET in his car on the next day, Sunday. The reason they went to Mobile was in order that OSWALD could speak before the students of the seminary in Mobile which "GENE" (believed to be the cousin of OSWALD) attended. She cannot recall that they spent any other nights away from their residence while they lived in New Orleans.

She said the MURRETs took them out on several occasions. She can recall going crabbing with the MURRETs. She said that on one crabbing trip particularly there were a lot of mosquitoes and had bothered them while they were crabbing.

Concerning long distance telephone calls, MARINA advised she can recall only one that she received while she lived at the PAINE residence. This call was from a man in Ft. Worth. This man called MARINA at the PAINE residence and said he had been told by a friend of Mr. PAINE's, named FRANK, that a real Russian lived with Mrs. PAINE. This man said he had spent about 20 months in Russia during the war and had learned to speak some Russian and would like to become acquainted with MARINA. He asked if he could come over to see her. This man identified himself as some kind of a colonel. MARINA agreed for him to come and a date was set for a week later. MARINA is able to fix the date of this call because she recalls that the date the man was supposed to come to the PAINE house was on the Tuesday before

MARINA OSWALD was interviewed at the home of JAMES HERBERT MARTIN, 11611 Farrar Street, Dallas, Texas, telephone DAvis 7-6569.

She advised that after OSWALD returned to Dallas in early October, 1963, and found a room in Oak Cliff, he had called her an average of twice a day to inquire about her condition as her second child was due on about October 8, 1963. She said OSWALD found a job at the Texas School Book Depository on October 15, 1963. She said Mrs. PAINE had talked to one of her neighbors about OSWALD needing a job and a woman neighbor said there was a vacancy where her brother was employed, and suggested that OSWALD contact this place. Mrs. OSWALD does not recall the name of the neighbor, except that she is called LENNIE. Mrs. PAINE found that the place of employment of this neighbor's brother was the Texas School Book Depository and she called that place several times asking for the person it had been recommended that she call, but she could not locate this person. She finally was able to locate this person by telephone, and upon inquiring about possible employment for OSWALD was told that OSWALD should call about the job. MARINA said that the date of contact by Mrs. PAINE of this person at the Texas School Book Depository must have been on Monday, October 14, 1963, as she knows OSWALD went to the Texas School Book Depository on the following day, which was October 15, 1963, and got a job.

The second weekend following his return to Dallas, which was the weekend of October 11-13, 1963, OSWALD had no job. He spent that weekend at the PAINE residence and MARINA believes it was during that weekend sometime that Mrs. PAINE talked to her neighbor, LENNIE, about the job for OSWALD.

She recalls he came to the PAINEs for the weekend on October 18, 1963, as this is OSWALD's birthday. He spent the night of October 18th at the PAINE house, spent all day Saturday

and Saturday night, and then on October 20, a Sunday, Mrs. PAINE took MARINA to the Parkland Hospital as her baby was due. OSWALD stayed with the children at the PAINE house. She was released from the hospital on Tuesday morning, October 22, and PAINE brought her back to her house. When she returned to the PAINE home, OSWALD was at work.

While she was in the hospital, OSWALD visited her on Monday night, October 21, with Mrs. PAINE and the children, but only OSWALD was allowed to see her and the newborn baby. She believes that he came about 7 or so in the evening and stayed for about 1½ hours. She said that after his visit OSWALD returned with Mrs. PAINE and the children to the PAINE residence where he stayed overnight.

Following her return from the hospital to the PAINE home, OSWALD visited her each weekend, with two exceptions, and would usually call her at least once a day. He usually came on Friday, after work, with the neighbor who worked at the School Book Depository and would return to work on Monday morning with this same neighbor. On the two exceptions noted, one occurred when OSWALD called her from work on a Friday, exact date not remembered, to inform her that he had an appointment to see about another job the next day, Saturday, and therefore would not be at the PAINE residence that night, Friday. He said that he did not like the work at the Texas School Book Depository and wanted to try to find another job, but did not want Mrs. PAINE to know it as she had helped him get the job at the School Book Depository. He said he had seen an ad in the newspaper and was going to answer that ad. MARINA advised that the ad was by some photographic concern. She said OSWALD had appeared at the PAINE residence on that Saturday, and said that he had applied for the job but had been unsuccessful. He arrived at the PAINE residence on that day before lunch.

Concerning his job at the School Book Depository, OSWALD told MARINA that his job was to fill out orders and pack them in boxes. He said he did not like his work and it was for that reason that he was looking for other work.

MARINA asked OSWALD about the people at the School Book Depository and each time she would try to engage him in conversation about his fellow employees, he would turn her questions aside and say that he was not interested in any of them. She asked him about his boss and he said the boss was a nice man. She said she told OSWALD that he should make friends at the School Book Depository but she knew that he was not interested in making friends. OSWALD mentioned to her that they had coffee breaks at the Depository and that the atmosphere down there was very congenial. He did not tell MARINA on which floor he worked.

The other weekend on which OSWALD did not visit the PAINE residence occurred on November 15-17, 1963. On this Friday, November 15, 1963, OSWALD called MARINA and she told him not to come that weekend because one of the PAINE children was having a birthday and Mr. PAINE would be over and it was not convenient for OSWALD to spend the weekend. He did not come to the PAINE house that weekend. MARINA advised she became lonesome that weekend and on Sunday, November 17, 1963, had Mrs. PAINE call the telephone number where OSWALD was staying as she wanted to talk to him. Mrs. PAINE called the number and asked the person who answered the telephone for LEE OSWALD, but could not locate OSWALD at that number. She advised the next day, Monday, November 18, 1963, OSWALD called her about 3 o'clock in the afternoon. She told him that she had tried to locate him the day before and had Mrs. PAINE call the number he had left. OSWALD then became angry and told MARINA that Mrs. PAINE should not have called for him under his right name, LEE OSWALD, because he was staying there under another name. MARINA asked him why he was staying there under another name and he replied that he did not want people asking questions. MARINA became mad at OSWALD because he was staying at this house under another name. OSWALD also was mad. He told MARINA to tear his telephone number out of Mrs. PAINE's book and MARINA refused to do this. She then hung up the telephone on OSWALD.

On Thursday, November 21, 1963, OSWALD appeared unannounced at the PAINE residence, at about 5:45 p.m., with

MARINA OSWALD was interviewed at her place of residence, 11611 Farrar.

She was questioned in an effort to obtain a more accurate date for her previous statements concerning the weekend on which OSWALD did not visit her at the PAINE house until a Saturday instead of his usual Friday. She advised that she believes that this Friday on which OSWALD did not appear at the PAINE house was on November 8, 1963. She places the date of this Friday as a week before the weekend on which OSWALD was asked not to come to the PAINE house, as the PAINE children were having a birthday party, which was the weekend of November 15-17, 1963. She said that she could not recall any specific detail that would place the above-mentioned Friday on November 8, 1963, but seems to remember that it occurred the weekend before the PAINE children's birthday party.

MARINA was asked if she or OSWALD knew JACK LEON RUBY, and she said that neither she nor OSWALD knew RUBY or had ever seen him to her knowledge. She was exhibited a photograph of RUBY which was taken by the Dallas Police Department on December 5, 1954, Number 36398. She said she could not identify this person as anyone that she or OSWALD knew.

MARINA stated OSWALD did not believe in God, and as a matter of fact spoke in a very sarcastic vein of his cousin, EUGENE MURRET, from New Orleans, Louisiana, who is attending a seminary at Mobile, Alabama.

MARINA was exhibited a photograph of JOE R. FRANKLIN, photograph being taken September 26, 1960, by the Sheriff's Office, Dallas, Texas, Number 106892. She said this photograph is not of any person known to her or of any person who was known to her former husband. She did not recall this name. She specifically stated that she does not recall FRANKLIN accompanying her husband to visit her on October 19, 1962.

MARINA OSWALD was interviewed at 11611 Farrar Street.

The English translation of a letter originally written in Russian was read to her. The letter was re-translated into the Russian language as it was read by SA BOGUSLAV. This English translation had been furnished to the FBI Office at Dallas by the U. S. Secret Service. Upon the reading of the letter, MARINA stated immediately it was a letter written in the original by LEE OSWALD in the Russian language. She stated she had found the original letter in a room at the former OSWALD address on Neeley Street in Dallas. She related the incident concerning this letter as follows:

One night during the spring while she and OSWALD were in residence at the Neeley Street address, she became worried about OSWALD because he had not returned to their home very late in the evening. She said OSWALD had informed her that he was going to a typewriting class at the Dallas Evening School that evening. When he had not returned by 10:00 o'clock, she went into a room in which he kept his personal things and in this room she noticed a letter hand-written in the Russian language. This is the letter which is referred to above. She stated the letter gave her certain instructions concerning a Post Office box and other family matters and appeared to be a farewell letter.

She advised that about midnight that night, OSWALD came rushing into the house in a very agitated and excited state and his face was very pale. As soon as he entered the house, he turned on the radio. Later, he laid down on the bed and MARINA again noticed how very pale he was. She asked him what was wrong and he confessed to her that he had tried to kill General WALKER by shooting at him with a rifle but didn't know whether he had hit him or not. He said he wanted to find out on the radio whether or not he had hit him. MARINA said she became angry with OSWALD for shooting at General WALKER and he replied to her that General WALKER was the leader of the fascist organization here and it was

best to remove him. MARINA said she was quite relieved when she found out that OSWALD had missed General WALKER with the rifle bullet. She said she and OSWALD were listening to the radio reports about the rifle shot at General WALKER and OSWALD was translating the reports for her.

She stated OSWALD did not have the rifle with him when he returned to the house. She also advised that OSWALD to her knowledge did not take the rifle with him when he left the house that evening. She stated she thought OSWALD had used the same rifle he had at the house on Neeley Street and at the PAINE house.

She said that the following evening she talked to OSWALD about the attempted assassination of General WALKER again. OSWALD told her that he had hidden the rifle which he used to shoot at General WALKER in some bushes or in the ground, she did not remember which.

MARINA advised that she told OSWALD she was going to keep the letter written in Russian by OSWALD, which was evidently a farewell letter, in order that she could use it against him if he ever had another "crazy" scheme. She said that if OSWALD started to do anything like this, that she would go to the police with the letter. She also made OSWALD promise that he would never do anything like this again.

She advised that for a period of about a month before this attempt on WALKER's life, OSWALD had been very agitated and had closed himself in his room for long periods of time while he wrote and read. She said that it was evident that he had been thinking about the assassination attempt for some period of time. She said OSWALD did not mention General WALKER in her presence before the night of the attempted assassination. She said they did not speak of the incident again after the second night following the assassination attempt.

She said that she had insisted that they move from Dallas to another city because she felt that if they moved OSWALD would be less likely to repeat such a deed.

MARINA asked OSWALD how he had arrived at the WALKER house on the night of the attempted assassination.

He said he had gone there on foot. He said that after he fired the rifle, he ran away and that he could run very fast. He said the police thought the would-be assassin had an automobile. He came home on the bus.

She stated that she had found this letter in the room in which OSWALD kept his belongings in the house on Neeley Street in Dallas. MARINA OSWALD was interviewed at 11611 Farrar Street.

She stated OSWALD at the time he confessed to the attempted assassination of General WALKER was employed at a printing type company in Dallas. She does not remember the name of the company. OSWALD was also attending a typewriting class at the Dallas evening school for either two or three nights a week. On the nights that he went to typewriting class, MARINA recalls she had supper about 6:00 following which OSWALD would leave the house about 7:00 in the evening and go to class. He would generally return to the house about 9:00. During this period they were living at the Neeley Street address.

On the evening that OSWALD attempted to assassinate General WALKER, OSWALD came home at the usual time as best as she can remember, and on that evening he said that he was going to his typewriting class. OSWALD left at the usual time as best as she can remember. OSWALD when he came home fromwork that evening did not bring anything home with him. When he left supposedly for his typewriting class, he did not have a rifle or anything else with him.

She recalls he was wearing when he left the house that evening a white shirt and black or gray business type suit. She is not sure whether or not he wore a tie.

She stated OSWALD had not mentioned anything to her about General WALKER before his confession that he had tried to kill General WALKER. She said that she did not even know of General WALKER's existence before this confession.

MARINA was asked if she could now state when the photograph she had taken of OSWALD showing him in a pose with a rifle in his hand, a newspaper in his hand and a pistol at his

belt was taken in relation to the time of the attempt on General WALKER's life. She said that she can recall that she took the picture about the same general time as the attempt on General WALKER's life, that is within a few weeks. She cannot recall whether or not the photograph was taken before the attempt on General WALKER's life or after.

She recalled that she asked OSWALD the evening following the attempt on General WALKER's life if General WALKER had a family. She was very pleased to find out that he had neither a wife nor children.

MARINA said she believes the rifle used by OSWALD in his attempt to kill General WALKER is the same rifle she had seen at the Neeley house and the rifle he had wrapped in the blanket at the garage at the Paine house. She cannot recall ever hearing OSWALD state that he was going to fire the rifle in practice or that he had fired it in practice. She said that the only time she knows that he fired the rifle was the time he confessed that he had tried to kill General WALKER by shooting at him with a rifle. She said the only time that she believes he could have practiced firing the rifle would have been when he was supposed to have been attending evening typewriting class.

MARINA OSWALD was interviewed at 11611 Farrar Street.

She said she knew OSWALD owned a rifle. She was not aware of where he had bought it or obtained it. She said she recalled that he had it when they lived on Neeley Street in Dallas in the spring of 1963. She said that following his return from New Orleans, OSWALD kept this rifle in the PAINE garage, along with other OSWALD belongings and that the rifle was wrapped in a blanket. She described the blanket as brown with green squares. The blanket was made in Germany and purchased in Russia. She knew that the blanket with the rifle was in the garage as late as about three weeks following OSWALD's return from New Orleans in early October. This would be about October 25, 1963.

She advised she had snapped the photograph of OSWALD, showing him in a pose with a rifle in his hands and holding a paper on which the word "Militant" appears and with a pistol at his waist. She said OSWALD had struck his pose and asked her to take his picture with the camera. She was hanging up diapers at the time and recalled she was real busy. She took the picture. Later, she saw it developed and saw that OSWALD had a pistol at his belt. She did not observe that when she took the picture. She recalled she asked him why he struck such a silly pose and he said he just wanted the photograph for remembrance sake. She said that they had two cameras, one Russian and one American, but she does not recall with which camera she took the photograph. The photograph was taken in the yard at their Neeley Street address toward the end of February or in early March, 1963.

MARINA said she did not recall any male individuals visiting them with any degree of regularity when they lived on Neeley Street. She said any visitors they may have had would have used the front door and not the back steps.

MARINA stated that on the night of November 21, 1963, OSWALD had come unexpectedly to spend the night with her at the PAINE home. She said he had spent the night and had left the next morning as previously related by her.

She said she remembered that OSWALD had on his marriage ring on the evening of November 21, 1963. MARINA advised that on November 22, 1963, when the police came to the PAINE house and searched it, they had found OSWALD's marriage ring on a dresser in the room which she, MARINA, used. She said she had not seen his ring on the dresser before that. She advised the last time she had seen the ring was on the hand of OSWALD the evening before.

MARINA advised that Mrs. PAINE has the ring and is keeping it for her.

MARINA advised she thought it was strange that OSWALD should take the ring off his finger and leave it on the dresser as he evidently did. She said she does not know why he did it. She was asked if his leaving of the ring had any special significance or was of a symbolic nature, and she answered in the negative.

MARINA said that it may have been that OSWALD left the ring at the house because he thought that he was not coming back.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA stated that when OSWALD visited the PAINE house on Thursday evening, November 21, 1963, he did not bring anything with him when he arrived at the house. She said he had departed from his work at the Texas School Book Depository and had been driven to the PAINE house by the young neighbor of the PAINE's who also worked at the Texas School Book Depository.

She advised further that she does not know of anything that OSWALD took with him from the PAINE house to work the next morning, November 22, 1963.

SA McNEELY exhibited to MARINA the replica of the sack found at the window from which the assassination shots were fired. She examined this sack and said she had never seen anything like it and that she had not seen such a sack or such paper in the possession of OSWALD on November 21, 1963, or at any time prior thereto. She was asked if such wrapping paper or paper tape which had been used to seal sections of the sack were used around the PAINE house. She said that she had not seen any paper like this around the PAINE house. She advised she had seen paper tape like this around the house. She said that about the time of New Year's last year, OSWALD had purchased some wrapping tape at some store in Irving or Dallas. She said they had used torn-up grocery sacks for wrapping paper for any packages they mailed at that time.

MARINA reiterated that she had not seen OSWALD again after he left her bedroom on the morning of November 22, 1963, to enter the kitchen at the PAINE home.

MARINA was also shown the original paper sack found near the window from which the assassination shots were fired and she stated she had, to her knowledge, never seen this sack or one like it.

MARINA OSWALD was interviewed at 11611 Farrar Street.

MARINA advised that on the evening of November 21, 1963 which was the evening that OSWALD had spent at the Paine house with her, he did not seem to be particularly excited or agitated like he was for the long period of time before he had attempted to assassinate General WALKER.

She said OSWALD had calmed down considerably after the attempt at WALKER's life and she thought that he would not be involved in any political activity again until he became involved in passing out throw-aways in New Orleans on the Cuban situation. She said, however, that she was glad that he was merely passing out pamphlets because this was like play compared to trying to assassinate General WALKER.

She stated that on November 22, 1963, which was the day of the President KENNEDY motorcade in Dallas, she and Mrs. PAINE were looking at the motorcade on television at the PAINE residence. She said while they were looking at the motorcade, it was announced on television that the President had been shot. She said that Mrs. PAINE was translating the announcements for her. She asked Mrs. PAINE who had shot the President. Mrs. PAINE said that she did not know, that it had not been announced. When Mrs. PAINE said that an announcement had been made on television that the shots at the President had supposedly come from the Texas School Book Depository building, the thought immediately entered her mind: "Did my crazy one do it?", referring to OSWALD. When this thought entered her mind she immediately went into the garage at the PAINE house, as she remembered that that was where OSWALD kept his rifle wrapped up in the blanket. She went to where the rifle was kept and saw that the blanket was in its usual place and it appeared that the rifle was in it as the blanket had the same shape as before. Then she thought to herself that maybe there was another "crazy one" in Dallas. She said that when the police came to the PAINE house to take her, MARINA, to the police station, she was

almost in a state of collapse and hoped that OSWALD was merely a suspect in the matter.

She said it was amazing how one man could leave so many unhappy people and that it had all been caused through foolishness. MARINA mentioned the President's widow and the Dallas policeman's widow.

She said that there had been many quarrels and scenes between her and OSWALD which developed because she would scream at him to try to convince him to try to amount to something. She said that she had tried for a long time to convince OSWALD that he was not a stupid man and that if he turned his attention to other things, he could amount to something.

She admitted that OSWALD had on several occasions struck her during these arguments.

She said that she had thought of going back to Russia but was afraid that if she went back to Russia, that somehow OSWALD would get her child. She said OSWALD loved the child. MARINA told OSWALD that if there was to be a divorce, that she would take the child. OSWALD told her that he would not let her take the child. MARINA said it was amazing the contrast shown here between his love for his child and his foolishness in other ways. She said that he had the potential to be a good man, but probably because of poor environment and inattention on the part of his mother, he had turned out bad.

Concerning the rifle, MARINA said that she thought that the rifle used by OSWALD in the attempt to assassinate General WALKER was the same that he had on Neeley Street and in the garage at the PAINE residence, where it was wrapped up in the blanket which she has previously described.

MARINA was asked if she could recall quarreling with OSWALD on occasion at the Neeley Street residence in the presence of another male individual. She said she could recall no such incident. She said, in fact, she could not recall any male visitors that they had when they lived on Neeley Street. She said the only man who came to see them when they lived on Neeley Street was GEORGE DeMOHRENSCHILDT who came with his wife on JUNE's birthday and brought her a big toy. She said also that the owner of the house on Neeley Street and the owner's wife visited them once to see how they were getting along.

MARINA advised she recalls OSWALD had a street map on which he marked previous places of residence, where certain acquaintances resided, and their present residence. She stated he had this map when they lived on Neeley Street and also when they lived on Elsbeth Street. She said the map had been torn by JUNE when she played with it. She stated the map had subsequently been pasted together. MARINA advised that she could not recall whether OSWALD had taken this map with him to New Orleans and had brought it back to Dallas. She said she could not recall seeing it when she lived with Mrs. PAINE.

MARINA advised that she could not recall OSWALD making application for employment at the Trans-Texas Company.

MARINA stated OSWALD did not talk much about his past military service. She said that on occasion he would talk about his service in Japan and would mention the Japanese girls. He never told her that he was a good shot with a rifle. She said that when they came to the U. S. from Russia, OSWALD's mother showed her OSWALD's medals which he had earned as a Marine and there was one for good marksmanship.

MARINA said OSWALD was right-handed and his brother, ROBERT, was left-handed. MARINA said she had never seen OSWALD practice with his rifle or any other firearm and he had never told her that he was going to practice with his rifle or any other firearm. She said that she had never seen any ammunition around the houses in which they had lived.

She said OSWALD had attended the Dallas Evening School in the spring of 1963. He had taken typewriting classes at the school. She said he did not complete his course.

the neighbor boy who worked at the School Book Depository and with whom he usually caught a ride. She asked him why he had come and he replied that he had gotten lonesome. He wanted to make up with MARINA. She said that she was still mad at him because he was staying at his rooming house under a false name. Even though OSWALD wanted to make up, she did not make up, and as a consequence did not talk to him much during that evening of November 21. She said that OSWALD had played with the children outside for a while and then had gone to bed about 8:30 in the evening. She said that she retired about midnight. She advised that she did not know if OSWALD went to the PAINE garage that night, but advised he could have easily done so because he was outside with the children a good deal. She said that generally OSWALD would go to the garage on the weekends because many of their things were stored there and she would ask him to get something for her from these things. She said she did not pay any particular attention to when he went or what he did if he went to the garage.

On the morning of November 22, 1963, the alarm rang at 6:40 a.m. and she awoke and OSWALD remained asleep. She began feeding the baby and at about 7 o'clock she awoke OSWALD and told him he had better get up or he would be late for work. He got up and as he finished dressing, said he would take care of his own breakfast. He then went into the kitchen, but she does not believe he fixed anything because the coffee pot was not warm when she went in later, about 7:20, and she saw no signs of breakfast preparations. She said the last time she saw OSWALD was when he left her bedroom to go to the kitchen.

On November 21, 1963, the previous evening, OSWALD told her that he would not be able to come to the PAINE residence on the coming weekend, November 22-24, 1963. She asked him why and he said it was not convenient to disturb people so often. She also remembers that on Thursday, November 21, she came running from the kitchen to see OSWALD in another part of the house, and asked him how it would be to see a real live President. She was referring to the visit of President KENNEDY, scheduled for the next day. OSWALD was extremely short in his answer, said

something like "I don't know," and abruptly terminated the conversation. Mrs. OSWALD said she liked President KENNEDY and JACKIE KENNEDY because both of them appeared, in their photographs, to be very sympathetic people. She said that she would often have OSWALD read the captions under photographs of President KENNEDY and JACKIE. She said she admired them both. She stated she has asked OSWALD on one occasion what kind of a President Mr. KENNEDY was and he had replied that KENNEDY was a good President. She said OSWALD never gave any indication whatsoever that he intended any harm to the President.

She said she feels intuitively that if OSWALD was trying to kill the President, that one shot would have been enough, and that she feels, therefore, that he might have been aiming at the other person (Governor CONNALLY). She said OSWALD never mentioned any possible plans that he might have about assassinating the President. She said she cannot understand this thing.

She recalled on one occasion, quite a while ago, she made the remark to OSWALD that she couldn't imagine one person killing another. She asked him if he could kill another person and he replied "HITLER needed killing," and implied that by killing HITLER, others could be saved.

The rifle that was owned by OSWALD she had seen many times. She recalled specifically seeing it when they lived on Neeley Street, and she knows that OSWALD had the rifle in the garage at the PAINE residence. She advised she did not know that the rifle had a scope on it. She recalls that she had asked OSWALD why he had the rifle and he told her that it was for hunting purposes. She replied that he could not expect to go hunting if he did not have a car. He assured her that one day they would have a car.

MARINA advised that the only sources of income that OSWALD had, to her knowledge, were his pay for his employment and previously his unemployment compensation. She said that he was paid each 2 weeks when he worked at the School Book Depository and she believes he received about $100 each pay day. She also said OSWALD got one $33 unemployment check after he began work at the School Book Depository.

She said that when she was at the police station in Dallas, following the assassination of the President, she talked to Mrs. PAINE and asked her to bring some things to her at the police chief's residence where she spent the night. She told Mrs. PAINE that OSWALD had been saving money in a wallet which was in one of the drawers of a chest in the PAINE house and asked Mrs. PAINE to bring that to her also. She said the wallet and the other things were brought to her at the police station and she extracted the money from the wallet, counted it, and found it to be $170. A Life reporter who was standing nearby threw in $10 and that made $180. She said this is the money that OSWALD had saved, beginning in New Orleans.

Mrs. OSWALD advised she had been thinking about how OSWALD had come to the PAINE residence on the first occasion following his return to Dallas in early October, 1963. She said upon reflection she believed that OSWALD had called from the bus station, stating that he was already in Irving and asked Mrs. PAINE to pick him up. She said Mrs. PAINE was busy at the time and could not go. OSWALD later appeared at the house and said that he had hitchhiked a ride with a Negro on a truck.

FEDERAL BUREAU OF INVESTIGATION

Date November 30, 1963

Staff Sergeant JOHN EDWARD PIC, Air Force Serial Number AF [illegible] 132 39, assigned to Wilford Hall Hospital, Medical Squadron, Lackland Air Force Base, Texas, who informed that he is a half brother to LEE HARVEY OSWALD, accused assassin of President JOHN F. KENNEDY, was interviewed at the Security and Law Enforcement Division, Lackland Air Force Base.

Sergeant PIC said he was born January 17, 1932 at New Orleans, Louisiana. He said he joined the U. S. Coast Guard at age 18, in Dallas, Texas. He thereafter entered the U. S. Air Force and from February 1, 1956 until 1958 was stationed at Mitchell Air Force Base, Hempstead, New York. In 1958, he was transferred to Japan and from November 10, 1958 until July 17, 1962, was stationed with the U. S. Air Force at Tachikawa, Japan. From there he was transferred to Lackland Air Force Base, Texas, arriving at Lackland in August, 1962, since which time he has been assigned to the Medical Squadron, Wilford Hall Hospital, Lackland Air Force Base, Texas, as indicated above. Sergeant PIC lives at 7306 Westville, San Antonio, Texas, with his wife and three small children.

Sergeant PIC stated his father was EDWARD JOHN PIC but that he does not know where or when his father was born nor whether he is living or not. He stated he does not remember his father at all, it having been his understanding from his mother that they were separated when Sergeant PIC was an infant. He also believed his mother had mentioned that his father was a stevedore.

Sergeant PIC stated his mother's maiden name was MARGUERITE CLAVERIE and she was born in New Orleans, Louisiana, on July 19, year of birth unknown. He stated her first marriage was to his (Sergeant PIC's) father, EDWARD JOHN PIC, and that he was the only child born of this marriage. Sergeant PIC stated that, according to what he understood from his mother, she married, while Sergeant PIC was an infant, one ROBERT LEE EDWARD OSWALD, who died in August, 1939, and is buried someplace in New Orleans, Louisiana. To this marriage was born ROBERT

LEE EDWARD OSWALD, JR., on April 7, 1934, in New Orleans, Louisiana, whose current address, according to Sergeant PIC's latest information, is 1006 Sierra Drive, Denton, Texas, and LEE HARVEY OSWALD, born October 18, 1939, in New Orleans, Louisiana.

Sergeant PIC stated that in the summer of 1944 his mother married EDDIE EKDAHL in the vicinity of Dallas, Texas, and they were divorced during the summer of 1948 in Fort Worth, Texas. He said the last time he saw his mother was in November, 1958, in Fort Worth, Texas, where he, Sergeant PIC, and his wife and children spent a few days while en route from his duty station at Brookley Air Force Base, Hempstead, New York, under transfer to Japan. He said at this time, the personal relationship between his wife and his mother became so unpleasant that he and his family severed contact with his mother, stayed a few days at the residence of his brother, ROBERT LEE EDWARD OSWALD, JR., in Fort Worth, Texas, and then proceeded on to Japan. Sergeant PIC stated he has had no contact or communication with his mother since that time and does not know where she is living nor even whether she has again remarried.

Sergeant PIC stated the last time he had seen or had any contact with LEE HARVEY OSWALD was on Thanksgiving Day of 1962 at the residence of ROBERT LEE EDWARD OSWALD, JR. in the 7000 block of Davenport Street, Fort Worth, Texas, as discussed in further detail hereinafter. Prior to that occasion, the last time Sergeant PIC had seen LEE HARVEY OSWALD was in February, 1953. Sergeant PIC explained that in July or August, 1952, he and his wife were living at 325 East 92nd Street, New York, New York, and Sergeant PIC was at that time in the U. S. Coast Guard. He said his mother and LEE HARVEY OSWALD, then age 13, lived with him at the latter address for about six weeks. During this time, LEE HARVEY OSWALD's disrespectful attitude toward his mother was such that Sergeant PIC, at his wife's request, attempted to talk to LEE HARVEY OSWALD into adopting a better attitude toward his mother. However, LEE HARVEY OSWALD apparently had no intention of changing his attitude and shortly thereafter LEE HARVEY OSWALD and his mother moved out to an apartment somewhere in the Bronx in New York City, address unrecalled. Sergeant PIC stated he visited his mother and LEE HARVEY OSWALD once thereafter, in February, 1953, in their Bronx apartment and on this occasion LEE HARVEY OSWALD would not speak to Sergeant PIC and walked out of the apartment without even glancing at him.

From February, 1953 until Thanksgiving Day, 1962, Sergeant PIC did not see LEE HARVEY OSWALD nor have any direct communication from him. He mentioned that he was aware, from newspaper accounts and from a letter received from ROBERT LEE EDWARD OSWALD, JR., that LEE HARVEY OSWALD had gone to Russia in 1959, and had returned to the United States with a Russian wife in 1962. Sergeant PIC stated he never had any details as to what caused LEE HARVEY OSWALD to go to Russia or as to the experiences he had while in Russia, except for comments contained in a letter from ROBERT LEE EDWARD OSWALD, JR., received by Sergeant PIC while in Japan to the effect that LEE HARVEY OSWALD's action in going to Russia was not a "spur-of-the-moment" decision but rather was something which LEE HARVEY OSWALD had carefully thought out. Sergeant PIC stated he no longer has this letter of ROBERT LEE EDWARD OSWALD, JR., and can recall nothing further as to its contents but observed that apparently LEE HARVEY OSWALD had discussed the matter of going to Russia with ROBERT LEE EDWARD OSWALD, JR.

Sergeant PIC stated that he and his wife and children went to Fort Worth, Texas, in November 1962, to spend the Thanksgiving holidays with ROBERT LEE EDWARD OSWALD and his family. At that time, ROBERT LEE EDWARD OSWALD, JR. was living in the 7000 block of Davenport Street in Fort Worth. Sergeant PIC said he and his family visited there from Thanksgiving Day, 1962 until the following Sunday when they returned to San Antonio, Texas.

Sergeant PIC stated that on the morning of Thanksgiving Day, 1962, ROBERT LEE EDWARD OSWALD, JR. informed him that LEE HARVEY OSWALD and wife and infant daughter were also coming over and at about 1:00 or 2:00 p.m. that day Sergeant PIC and ROBERT went to the Greyhound Bus Station in Fort Worth, Texas, met LEE HARVEY OSWALD and his family as they came out of the station, and took them to ROBERT's house. Sergeant PIC said he did not know where LEE HARVEY OSWALD and his family had come from, but presumed they had come over from Dallas, Texas, as he believed they were living in Dallas at that time.

Sergeant PIC stated LEE HARVEY OSWALD, his

wife, MARINA, and their young daughter stayed at ROBERT's house until about 6:00 or 7:00 p.m. Thanksgiving Day, 1962, at which time they left in company of a man, name unknown, who came by for them. PIC said he was told this man, whom he was able to describe only as white, rather tall, dark haired, dark complexion, possibly 25 to 28 years old, was studying Russian at some school in the State of Oklahoma, possibly the University of Oklahoma. PIC said this man was at ROBERT's house for only a few minutes and, while he was introduced to him, he could not recall his name. Sergeant PIC said he understood ROBERT had met this man previously and he believed ROBERT would know his name and possibly have additional information about him.

Sergeant PIC said that during the visit of LEE HARVEY OSWALD and family to ROBERT LEE EDWARD OSWALD, JR.'s residence in Fort Worth, Texas, on Thanksgiving Day, 1962, LEE HARVEY OSWALD had nothing to say about his experience in Russia nor what impelled him to go there, other than to mention that he had worked in some kind of factory and had "a hard time". He said LEE HARVEY OSWALD had nothing to say regarding any kind of politics, nor did he express his feelings about Communism. Neither did he mention that he had any membership in any Communist or any other kind of organization, according to Sergeant PIC, and, specifically, Sergeant PIC said LEE HARVEY OSWALD mentioned nothing about the " Fair Play for Cuba Committee". Sergeant PIC said he was told LEE HARVEY OSWALD's wife, MARINA, had been a pharmacist in Russia but he stated she did not speak English and he accordingly learned nothing further from or about her. Sergeant PIC said LEE HARVEY OSWALD did advise that he had a Post Office Box in Dallas, Texas, where letters could be sent to him and he said LEE HARVEY wrote the number of this Post Office Box down in a little book which Sergeant PIC had. The Sergeant said he could not remember the number of the box and that he had given the little book to the U. S. Secret Service representative in San Antonio, Texas.

Sergeant PIC advised that his mother, in the years up to 1946, was quite close to her sister, Mrs. CHARLES MURRETZ, who, as of 1946, was living at an address on Sherwood Forrest Drive in New Orleans, Louisiana. He

ROBERT LEE EDWARD OSWALD, JR., believed now living at 1006 Sierra Drive, Denton, Texas, would know considerably more about LEE HARVEY OSWALD than he (Sergeant PIC) knows. He stated he had no other information whatever as to the location or activities of LEE HARVEY OSWALD in September, October or November, 1963.

said that [illegible] said to him when he was quite young, it is his impression that CHARLES HURRETT was a gambler and bookmaker. He stated he and Mrs. HURRETT had several children, recalled by name as follows. LA

MARILYN HURRETT, a single woman who is a school teacher. Sergeant PIC stated MARILYN HURRETT was teaching school in Japan in 1959 and he talked with her several times. He stated she mentioned being aware of LEE HARVEY OSWALD's being in the U. S. Marine Corps, apparently doing well in that service, from which Sergeant PIC assumed MARILYN HURRETT had kept informed at least in some way as to LEE HARVEY OSWALD's activities. He stated he does not know where MARILYN HURRETT now is, but is of the belief she may be teaching school in Australia.

CHARLES HURRETT, JR., a dentist and graduate of Louisiana State University, location unknown.

JOYCE HURRETT, believed to have married a Texas physician, location unknown.

GENE HURRETT, a Roman Catholic priest of the Jesuit Order, location unknown.

"BOOGIE" HURRETT, believed to be playing professional baseball with some farm league in Texas.

Sergeant PIC mentioned the HURRETTS because he supposed that, due to his mother's past close connection with them, they or at least some of them may have maintained contact in some way with LEE HARVEY OSWALD or the latter's mother over the years.

Sergeant PIC said he believed his mother's deceased husband, ROBERT LEE EDWARD OSWALD, SR., had a brother, HARVEY OSWALD, who years ago lived in New Orleans, Louisiana, but that he really did not know whether HARVEY OSWALD is still alive.

Sergeant PIC advised he was unable to recall any other relatives of his mother.

Sergeant PIC expressed the opinion that

FEDERAL BUREAU OF INVESTIGATION

Date November 30, 1963

CHESTER ALLEN RIGGS, JR., Vice President, Orbit Industries, Inc., 250 Carroll, home address 836 Edgefield, advised that he is the owner of a duplex house at 2703 Mercedes Street. Mr. RIGGS said that he owns the duplexes at 2701 through 2715 Mercedes and acquired this property as an investment because the property is located in commercial zoning. He said the duplexes are of a low income type rent property.

Mr. RIGGS said further that he does not keep a record of persons presently residing in the duplexes and has no record of persons by name as having resided in these duplexes as the only record maintained by him is the rental income, which would be for tax purposes only.

Mr. RIGGS said that as a result of the assassination of President KENNEDY in Dallas on November 22, 1963, and the ensuing total television and radio coverage, that it came to his attention, and he recalls that LEE OSWALD did reside in his duplex located at 2703 Mercedes for a period of about three months during the summer and possibly early fall of 1962. Mr. RIGGS said that he has searched his records of rental income during that period of time through his accountant and has found that there is no individual rental shown on each duplex and that the income was all grouped. Therefore, he would say there would be no way of pinpointing the exact dates that OSWALD and his wife resided at 2703 Mercedes.

Mr. RIGGS said further that he could furnish the following information from memory concerning OSWALD. He said he cannot now recall the conditions under which OSWALD and his wife moved from 2703 Mercedes; however, he recalls that there was no adverse condition which prompted OSWALD to move.

Mr. RIGGS said further that the only conversation he would have had with OSWALD would be when he would collect the rent, and he does recall that each time he collected the

rent that OSWALD would be reading. RIGGS said he recalls one time shortly after OSWALD moved into the duplex that he asked for curtains for the house. RIGGS said that he told OSWALD he would furnish curtains and at a later time went by the house and talked to OSWALD's wife, but upon talking to this person discovered that she could not speak English. RIGGS said he does not know what language she spoke.

RIGGS said further that he recalls during the period OSWALD was living at 2703 Mercedes, he recalls OSWALD telling him he worked for some welding company located nearby. RIGGS said further that his business office is located near the duplexes and that he recalls seeing OSWALD walk to work and knows that he did not have a car during the period of time he lived at this address.

RIGGS said further that he cannot recall any other conversation with OSWALD except that concerning the curtains.

RIGGS advised that after OSWALD and his wife left 2703 Mercedes that he did not know where this family moved. He said he does not know where the OSWALD family resided prior to living at 2703 Mercedes. RIGGS stated that he did not know any background concerning OSWALD.

Mr. RIGGS advised that the duplex owned by him is furnished. He said there is no other person living in his group of duplexes at the present time that would have lived in the duplexes at the time LEE OSWALD resided at 2703 Mercedes with the exception of one person and that is Mrs. MARION BOYD, who resides at 2707 Mercedes, which is next door to 2703 Mercedes. RIGGS explained that the turnover of tenants in his group of duplexes is very great due to the type of housing.

GEORGE E. ADAMS, 4921 East Lorraine, stated that while at work on November 30, 1963, in the Arlington Heights section of Fort Worth, Texas, he was approached by an individual who told him his name was CHARLES MURPHY and that he, MURPHY, was employed as a news reporter for WBAP-TV, Fort Worth, Texas. MURPHY asked ADAMS how long ADAMS had been employed as a postman on that route. ADAMS told MURPHY he had been on the route ten years. MURPHY then asked ADAMS if he had delivered mail to LEE H. OSWALD when he resided at 2703 Mercedes, Fort Worth. ADAMS said that since he had already told MURPHY he had been on the route ten years and since 2703 Mercedes is a residence serviced on his route, he admitted to MURPHY that he had delivered mail to that address. MURPHY then asked ADAMS if he had ever noticed any "subversive" literature in OSWALD's mail when he resided at 2703 Mercedes. ADAMS then told MURPHY that he could not give any information about his official duties unless he was authorized to do so by the Post Office Inspector.

After telling MURPHY that, ADAMS continued on his route and did not have further conversation with MURPHY.

Dallas 100-

ALEXANDER KLEINLERER, 3542 Kent, was interviewed at Loma Industries, Inc., Highway 81 South, where he is employed as a foreign representative for that company. KLEINLERER is a naturalized U. S. citizen, coming to the United States on May 7, 1956, from France.

KLEINLERER met LEE HARVEY OSWALD through ELENA HALL, Trail Lake Drive, Fort Worth, approximately 14 months ago. ELENA HALL was at that time divorced from her husband, JOHN HALL, and KLEINLERER was dating her at that time. ELENA HALL subsequently re-married JOHN HALL in the fall of 1962. At the time KLEINLERER met OSWALD and his wife, MARINA OSWALD, approximately September, 1962, KLEINLERER was dating ELENA HALL. The circumstances of the meeting were that a GEORGE BOUHE of Dallas brought OSWALD and his wife to Miss HALL in Fort Worth to possibly get Miss HALL to help or find some aid for Mrs. OSWALD in connection with her teeth. Miss HALL was a dental lab technician.

KLEINLERER stated that it is his recollection that Miss HALL proposed to Mrs. OSWALD that she, Mrs. OSWALD, and the baby live with her at her home on Trail Lake Drive. KLEINLERER said that OSWALD did not stay there, and it is his belief that OSWALD worked in Dallas during this time. In late October or early November, KLEINLERER received notification from OSWALD's wife that she was moving out of Miss HALL's home. Miss HALL was in New York at the time, and KLEINLERER had the key to her home and was looking after it in Miss HALL's absence. KLEINLERER went over to Miss HALL's residence to lock the doors and see that everything was all right when OSWALD came to move his wife. KLEINLERER stated that at this time when OSWALD came to move his wife, he slapped her in the face and caused her to go into another room crying. KLEINLERER stated that from others he got the impression that OSWALD mistreated his wife terribly. He also stated that in his opinion Mrs. OSWALD was lazy and very dirty in her housekeeping. He gained this impression from going to the HALL house ocassionally to check and see that everything was all right. On many occasions he found that Mrs. OSWALD would sleep until noon every day.

KLEINLERER stated that he met OSWALD at Miss HALL's home possibly on two occasions when he came to her house while dating Miss HALL. He said that he and OSWALD never engaged in any conversation politically, and the only conversation they had was to pass the greetings of the day, or he would talk to Mrs. OSWALD about the baby. KLEINLERER stated that he really wanted to stay away from OSWALD and no have anything to do with him. KLEINLERER said that the only other time that he met OSWALD was when he was dating Miss HALL, and it was desired to help the OSWALDs financially. He and Miss HALL took a baby bed and mattress to their home when they were living behind Montgomery Wards in Fort Worth. At that time the baby was sleeping on the floor between several suitcases. KLEINLERER pointed out that when OSWALD visited his wife at Miss HALL's, he never left her any money then or at any other time as far as he can find out. Miss HALL furnished the food for Mrs. OSWALD and other necessities.

KLEINLERER stated that he is a very good friend of MAX CLARK and his wife, who live in Fort Worth. When he saw in the paper that OSWALD was returning to the United States with his Russian wife, he spoke to MAX CLARK and his wife at that time, and he was against having anything to do with OSWALD because he said he did not trust him. He stated that at that time, MAX CLARK seemed to feel the same way but later OSWALD and his wife were brought to Fort Worth by some of the Dallas acquaintances of MAX CLARK.

KLEINLERER stated that since Miss HALL re-married and other than the above aforementioned incidents, he has had no contact whatsoever with OSWALD or his wife.

M. WALDO GEORGE, 6769 Inverness Street, upon interview at 5651 North Expressway, where he is office manager of Tucker-Manning Insurance Company, advised he was the owner of the premises located at 214 West Neeley Street. The upstairs apartment became vacant during the latter part of January and he placed a "for rent" sign in the front yard. GEORGE was en route to these premises on March 2, 1963 and on arrival his wife phoned him that an individual by the name of OSWALD called the GEORGE home inquiring about apartments and she had informed him that her husband, the owner, was at the premises. GEORGE stated on the same date, March 2, 1963, the individual who had rented the apartment under the name of L. H. OSWALD, had met him at the premises and paid him $60.00 in cash for one month's rent in advance.

GEORGE stated that on March 4, 1963, OSWALD had called his wife and "raised cain" because the utilities were not connected at this address. In this conversation OSWALD informed Mrs. GEORGE that he had a young child and that it was necessary that the utilities be connected immediately.

GEORGE said he did nothing concerning this call, and when he next saw OSWALD on April 1, 1963 when he collected $60.00 in cash again for one month's rent, that OSWALD had made no mention of the utilities. GEORGE issued Receipt No. 9234 for this $60.00, reflecting OSWALD had paid rent in advance from April 1, 1963 to May 2, 1963. Shortly after collecting this rent, the downstairs tenants, the GEORGE B. GRAYs at this same address, called the GEORGEs and informed them that OSWALD who resided upstairs was beating his wife.

Two or three days later, Mr. and Mrs. GEORGE called on the OSWALDs at 214 West Neeley and invited the OSWALDs to attend the Gaston Avenue Baptist Church with the GEORGEs.

OSWALD informed the GEORGEs that he and his wife attended the Orthodox Russian Church but were not regular in attendance because they had to depend on their friends to take them there.

During this visit, in conversation with OSWALD, he informed GEORGE that he had met his wife in Russia while he was serving in the U. S. Marines as a guard at the U. S. Embassy in Russia, and had married his wife in Russia. In answer to a direct question as to any difficulty he had in getting out of Russia, OSWALD told them that he had no difficulty whatever in getting out of Russia.

GEORGE stated that he did not again see OSWALD, and that no notice had been given to him when OSWALD moved out, but shortly after May 2, 1963 when GEORGE had gone by this apartment, he had found it vacant.

The only damage to the premises, according to GEORGE, had been a broken lamp, but no deposit for breakage had been required.

Further, she and her husband had seen his picture on TV many times and they had discussed him and his activities and had agreed they had never known him. BARBARA DAUGHERTY, Clerk, Customer Service - Personal, Main Office, Lone Star Gas Company, Service Records, 301 Harwood Street, advised gas service was turned on at 214 West Neeley on receipt of a request made by LEE H. OSWALD. Miss DAUGHERTY advised that from the records she was unable to determine if this had been by phone or had been in person inasmuch as their records did not reflect the manner in which the request had been received, but stated it was the policy of the Lone Star Gas Company to connect service and then request a deposit by mail.

On the date service was connected, March 4, 1963, a letter was addressed to LEE H. OSWALD, 214 West Neeley, requesting a deposit of $10.00. This $10.00 deposit was received by the Lone Star Gas Company on March 8, 1963 and credited under Deposit No. B 91453.

No payments were ever made by OSWALD following his posting of this $10.00 deposit.

Miss DAUGHERTY advised their records reflected the following bills had been mailed to this address from the date service was connected until it was disconnected on October 11, 1963:

March	$4.15
April	2.03
May	1.53
June	1.53
July	1.53
August	1.53
September	1.53
Total	$13.83

Since no payment had been received and the unpaid bills exceeded the original $10.00 deposit, on October 11, 1963 service was disconnected and the original $10.00 deposit plus 35¢ interest which had accrued, was applied toward this $13.83 bill, leaving a balance of $3.48.

M. J. FISH, Clerk, Commercial and Industrial Accounts, Dallas Power and Light Company, 1506 Commerce, after examining the occupant slip for 214 West Neeley Street, advised that service at this address on their records had been furnished to occupant C. P. CORNETT under Account No. 700-1-40470, Meter No. 109556, until January 16, 1963, when C. P. CORNETT by phone advised the Power and Light Company that he was moving.

Service was not discontinued at this address since the policy of the company is to continue service and contact the next tenant who moves in to the premises.

On February 19, 1963, when the meter at 214 West Neeley was read, the meter reader reported the premises as vacant.

On March 20, 1963, when the meter was again read, it reflected 36 kilowatt hours had been used, however, the meter reader reported the premises vacant.

This meter was again read on April 19, 1963 reflecting 66 kilowatt hours had been used and the meter reader reported the premises as occupied.

On April 24, 1963, a letter addressed to the occupant of 214 West Neeley was sent by the Power and Light Company as a user of electricity and requesting this person to make a deposit. No response was received.

On May 1, 1963, a personal representative of the Power and Light Company was sent to the address of 214 West Neeley, at which time the letter mailed by the Power and Light Company on April 24, 1963 was observed still in the mail box. As a result, a cut off order was issued for electrical services on May 1, 1963 and service was disconnected on May 2, 1963.

FISH stated that there was a handwritten note in the Power and Light Company's file in his handwriting which reflected that on March 29, 1963, 214 West Neeley was occupied by LEE HARVEY OSWALD.

Mrs. H. B. DILLARD, Adjustment Clerk, Dallas City Water and Sewage Department, City Hall, Room 103, advised the Dallas City Water and Sewage Department had a signed contract bearing the name L. H. OSWALD, Account No. 15-08-5675, reflecting a $5.00 deposit had been made on March 4, 1963 for services on Meter No. 42616 located 214 West Neeley, Dallas, Texas.

On March 28, 1963, a gross bill of $3.27 was mailed to L. H. OSWALD at 214 West Neeley Street, reflecting service from March 4, 1963 to March 20, 1963 when the water meter had been read. This bill bore a notice that the discount date extended to April 9, 1963 and payment before that time would be $2.97.

Mrs. DILLARD stated that the $2.97 which went through their bookkeeping system on April 4, 1963, would indicate that it was probably paid that day. She did state, however, that bills actually paid late in the afternoon of one day would be run through the bookkeeping department on the following day. Mrs. DILLARD stated there was no method whereby they could definitely ascertain whether or not this $2.97 had been paid late in the afternoon of April 3, 1963 or paid on April 4, 1963.

The next bill mailed by the Water Department to L. H. OSWALD, 214 West Neeley Street, was in the amount of $4.00 net. This bill was not paid by OSWALD. Service continued until May 20, 1963, when service was disconnected and at that time an additional $2.51 bill had accumulated for service, making a total of $6.51. At the time service was disconnected on May 20, 1963 and the $5.00 deposit was applied to this amount, the records of the Water and Sewage Department reflected $1.51 still owing unpaid.

At the time service was discontinued, the apartment was vacant, and, having received no forwarding notice, the original $5.00 deposit was applied toward the accrued water bill.

Mrs. A. C. JOHNSON, 1026 North Beckley, Dallas, Texas, the residence wherein LEE HARVEY OSWALD had rented a room under the name O. H. LEE, was interviewed concerning a report of a long distance telephone call originating at Oshkosh, Wisconsin to HARVEY LEE OSWALD at the Beckley address sometime between 7:30 P.M. and 10:00 P.M. on November 15, 1963.

Interview of Mrs. JOHNSON failed to disclose receipt of such call based on the following information which was established:

1. OSWALD was in residence during the pertinent period, available for such call should it have been received.

a. Mrs. JOHNSON stated that in OSWALD's usual practice, he would not return to the Beckley address after work on Fridays; that he would not return until after work on the Monday following.

b. On the weekend in question, beginning Friday evening, November 15, 1963, OSWALD was in residence throughout the weekend to Monday morning when he left for work. Mrs. JOHNSON said she has a distinct recollection of this as she had checked OSWALD's room at about 6:30 P.M., Friday, November 15, 1963, to see whether the room might be available for use of her grandchildren on that weekend. She was astonished to find OSWALD there, and in her astonishment commented: "Oh! You're not going to Irving this weekend!" OSWALD did not say a word. Mrs. JOHNSON quickly withdrew from his room.

c. OSWALD's room is located on the first floor with entry from the living room, an entry which he must use; located adjacent to a room occupied by Mrs. EARLENE ROBERTS, the housekeeper. Neither saw him leave during the pertinent period, according to Mrs. JOHNSON; nor did he leave at any time later during the weekend except briefly when he was seen carrying clothing to the Washeteria or when she presumed he had gone to the Quick Service Grocery nearby for provisions.

2. Mrs. JOHNSON advised that neither she nor Mrs. ROBERTS had taken such a long distance call for OSWALD; neither had summoned him to the telephone during the pertinent period.

a. In this respect, it had been reported that the woman answering the telephone had done so by stating: "A. H. JOHNSON residence." Mrs. JOHNSON advised that she always answers by saying only "Hello," not identifying the residence; that her name is Mrs. A. C. JOHNSON, not A. H. JOHNSON. She had determined from Mrs. ROBERTS who usually answers the phone, as her room is adjacent to the hall where the telephone is located, that Mrs. ROBERTS answers in the same manner; that occasionally she will answer with "JOHNSON residence" -- never as A. C. JOHNSON residence.

b. It is noted that the telephone number in question was a person to person call to LEE HARVEY OSWALD at the Beckley address. Mrs. JOHNSON advised that OSWALD was known at the JOHNSON residence only as O. H. LEE. Mrs. JOHNSON said that she had not associated OSWALD with her guest O. H. LEE until she had seen OSWALD on television following his arrest -- this after local officers had checked the guest register for about 30 minutes trying to identify someone among the tenants as OSWALD, and, failing to do so until his appearance on television when Mrs. JOHNSON identified him as her guest, O. H. LEE.

Based on these above circumstances, the manner in which the telephone is answered, the fact that OSWALD was only known as O. H. LEE at the residence, and the distinct recollection of Mrs. JOHNSON that no call had been received for OSWALD during the pertinent period, Mrs. JOHNSON stated that she felt she could say without question that no such call as had been described was received for OSWALD at the Beckley address.

Mrs. [redacted] advised that her room is located adjacent to that of OSWALD at the Beckley address and within about six feet of the telephone located in the hallway next to her room. She stated it is her recollection that OSWALD was in residence during the period pertinent to this inquiry; that no calls such as the one described had been received for OSWALD. She stated that she answers the phone usually by saying only "Hello," occasionally as "JOHNSON residence," and never as "A. C. JOHNSON residence." In this respect, it was noted that the woman who was said to have answered the telephone in this instance identified the number as "A. H. JOHNSON residence."

Mrs. [redacted] stated that at this time OSWALD was known at the Beckley address only as O. H. LEE and that a call for LEE HARVEY OSWALD would have been refused under the circumstances, there having been no such person with that name known to have been in residence at that time.

Date November 25, 1963

Mrs. EARLENE ROBERTS, 1026 North Beckley Street, advised that she is employed as housekeeper at this address and due to this employment and to the fact she resides on the premises, she has had occasion to be acquainted with LEE HARVEY OSWALD, a roomer who has been there since October 14, 1963. She was shown a photograph of LEE HARVEY OSWALD, and she stated this is a photograph of the individual residing at that address in a room to himself since October 14, 1963, under the name of O. H. LEE.

Mrs. ROBERTS stated that OSWALD kept to himself all the time and never had any company while living at that address. She stated his habits were usually to leave the house early in the morning to go to work and would return about 6:00 p.m. each day during the week. He practically always made a telephone call right after returning from work but would always speak in a foreign language which she believed to be possibly German or Russian; however, she recalls that on a few occasions he ended his conversations with the word "Adios." During the weekends, he would leave, according to OSWALD, to go to Irving, Texas. He would leave the house Friday morning to go to work as usual and would not return until the following Monday evening after work.

While living at that address, OSWALD did not talk to other people living there and did not have any visitors to her knowledge. She added that it would, in her opinion, have been impossible for him to have had a visitor in his room without her knowledge inasmuch as her room is adjacent to the one occupied by OSWALD, and she could have not only seen any visitor but could have been aware of same by hearing footsteps and conversations and also she is a very light sleeper.

Mrs. ROBERTS stated that when OSWALD first arrived and registered, she requested him to furnish a name of someone, preferably a relative, who could be notified in case of an emergency but he refused to do so and only stated "It doesn't matter."

Mrs. ROBERTS was shown a photograph of JACK RUBY whereupon she advised she has never seen this individual and is sure he did not ever appear at her residence during the time OSWALD was living there.

Mrs. ROBERTS advised she never saw a gun of any type in OSWALD's room nor does she recall seeing any books. She recalls seeing a map of the City of Dallas, which map is a common type and did not appear to be anything to attract her attention.

In connection with OSWALD's telephone calls, she stated she had no way of knowing whether the individual to whom he talked was a man or a woman and also that she knows he did not make any long distance calls he may have made from this telephone. She added that OSWALD never at any time received a telephone call, visitors or any mail while residing at that address.

DL 89-43

The following investigation was conducted by SA ROBLEY D. MADLAND:

On November 23, 1963, H. L. CONWAY, of the Leslie Welding Company, Fort Worth, Texas, advised LEE HARVEY OSWALD was employed there from July 17, 1962, to October 8, 1962. OSWALD furnished his address as 1501 Seventh Street, Fort Worth, Texas, telephone number PE 2-3245.

On November 27, 1963, Mrs. ROBERT (CHRISTINE) YARBRO, Manager of Rotary Apartments, 1501 West Seventh Street, Fort Worth, advised that she has been the manager of these apartments since October 9, 1963. She said further that the prior managers were Mr. and Mrs. L. R. HUFFMAN, who presently reside at 1516 South Harris, San Angelo, Texas.

Mrs. YARBRO said that all records prior to October 9, 1963, of persons residing at the Rotary apparently were taken by the HUFFMANs as she has no records concerning the operation of this apartment prior to October 9, 1963.

Mrs. YARBRO said that telephone number EDison 5-0755 is a pay telephone located in the basement of this apartment house and is located near the Seventh Street entrance. She said that she understands that this telephone has been installed in this apartment for several years.

Mrs. YARBRO said that she does not know a LEE HARVEY OSWALD and never saw or heard of this person prior to seeing him on television during the past week concerning the assassination of President JOHN F. KENNEDY.

The following investigation was conducted by SA EDWIN C. DORRIS at San Angelo, Texas:

On December 3, 1963, Mr. and Mrs. L. R. HUFFMAN, 1516 South Harrison Street, advised they formerly managed the Rotary Apartments, Fort Worth, Texas. They both recalled Mrs. OSWALD, mother of LEE HARVEY OSWALD. They had no records to furnish dates from but recalled that probably in early fall

of 1962, Mrs. OSWALD moved into Apartment 101. She was a nurse, seemed to work regularly, and was gone most of the time. When she had been in this apartment about three weeks, she contacted the HUFFMANs and told of her son, his wife, and their small child and the fact the boy was out of work. She asked for permission permitting the son and his family to move into the apartment with her on a temporary basis. HUFFMAN told Mrs. OSWALD it would be all right and OSWALD, his Russian wife, and small baby moved in, perhaps in October or November, 1962.

HUFFMAN states he only saw OSWALD at a distance and never talked with him. He did recall that OSWALD reportedly secured a job at a tin shop which was located back of Montgomery Ward in Fort Worth, and as soon as he got a pay check, he, his wife and baby moved out. The HUFFMANs saw the wife once or twice, but their conversations were strictly limited as she could speak but little English. The elder Mrs. OSWALD then moved, stating she had a patient who desired Mrs. OSWALD live in the house of such patient. Probably a month or so later, Mrs. OSWALD, the mother, returned and rented a cheaper apartment numbered 301. She was there on this occasion about one month and moved when she stated she had to find a cheaper place, and they did not have a room for rent. HUFFMAN believed that LEE OSWALD moved some place on Fifth Street and near the new "Bone Clinic," but he did not know the address. Mrs. OSWALD, the mother, returned once afterwards and inquired for any mail, this being about January, 1963, but there was none and they have not seen her since. They did not see LEE OSWALD after he moved from his mother's apartment, and they knew nothing of his friends, associates, or otherwise.

Date 12/2/63

Mr. ROBERT L. STOVALL, President, Jaggars-Chiles-Stovall, 522 Browder, advised that LEE HARVEY OSWALD was employed with this company from October 12, 1962, to April 6, 1963, according to his recollection. He stated his company hired OSWALD as a trainee through the Texas Employment Commission (TEC) and that he never did show adequate improvement as a trainee and therefore was terminated. He said he was unaware that anyone in the company had come to know OSWALD very well or had developed a liking for him. He said he had heard from other employees that OSWALD was inclined at times to either talk about Russia or had a "Daily Worker" paper in his hand. He stated based upon what he had heard of OSWALD he himself had remarked to someone at one time during OSWALD's employment with the company that OSWALD might be a Communist. He said that when OSWALD came to work he gave an address in Irving which he later changed to a Post Office Box number presumably in Dallas. He said OSWALD claimed to have had an honorable discharge and a good conduct medal from the U. S. Marine Corps but these had not been exhibited to anyone at this company at the time of his application for employment or during employment.

Mr. STOVALL advised that as far as he knew no one connected with his company had any information regarding OSWALD after OSWALD terminated in April, 1963. He advised he later learned that OSWALD had sought employment with Padgett Printing Corporation, 1313 N. Industrial Blvd.; that TED GANGL, Superintendent of Padgett, had talked to him on the telephone and apparently based upon information regarding OSWALD which STOVALL relayed to GANGL at that time OSWALD was not hired by Padgett. He said he believed it was October 4, 1963, when OSWALD sought this employment with Padgett. STOVALL noted that his company acts in the capacity of suppliers to the Graphic Arts and that Padgett Printing Corporation is occasionally a customer of his company in this connection. He advised that on November 24, 1963, he turned over to two U. S. Secret Service Agents the application for employment pertaining to OSWALD which OSWALD had filed with his company. He stated on November 25, 1963, Mr. GANGL of Padgett Printing Corporation had turned over to him an application for employment with Padgett Printing Corporation which he himself turned over to the Secret Service Agents at the same time he gave them the other application for employment.

Mr. JOHN GRAEF, Director of the Photographic Department, Jaggars-Chiles-Stovall, 522 Browder, advised his company had an opening for a new employee in about October, 1962. He said he telephonically contacted the Texas Employment Commission and talked to a lady whom through telephonic contact he had learned was familiar with the different abilities needed for employees at Jaggars-Chiles-Stovall. He said LEE HARVEY OSWALD was one of two or three individuals referred to Jaggars-Chiles-Stovall at that time and he talked to OSWALD at that time. He said the lady at Texas Employment Commission who referred OSWALD to Jaggars-Chiles-Stovall had told him that OSWALD had recently been discharged from the U. S. Marine Corps and had received a good conduct medal. He stated OSWALD indicated to him that his last occupation was words to the effect "recently discharged from the U. S. Marine Corps." He said he himself chose OSWALD for the job opening at Jaggars-Chiles-Stovall. He said that inasmuch as OSWALD was a trainee it was not expected of him that he should make any great showing at the start but that when it came time for him to show ability to produce in about the fourth month of his employment OSWALD was not making a good showing. He said his company gives trainees an opportunity to prove themselves which OSWALD did not do. He pointed out that it was entirely possible OSWALD lacked a special knack for the particular work to which he was assigned. GRAEF said he gained the impression OSWALD was trying to do his work right but just could not seem to improve.

Mr. GRAEF recalled there was no great problem with OSWALD but that he had heard of one minor misunderstanding that had arisen between OSWALD and a fellow employee wherein the fellow employee of OSWALD was using a developing tray and OSWALD appeared upset that that individual would not turn the developing tray over to OSWALD immediately. He said he had heard rumors of other disagreements but he could not recall details of these. He recalled OSWALD was apparently anxious to earn any extra money possible inasmuch as he sought Saturday work at the plant when it was available. He said he saw OSWALD reading a paper at one time during the last weeks of OSWALD's employment which OSWALD told him was in Russian language. He said OSWALD gave some plausible reason for reading this paper; that he was studying Russian and possibly had mentioned that he had become interested in Russian language in the U. S. Marine Corps.

GRAEF advised that inasmuch as the work of his company is sometimes heavier at some times of the year than others a lull came in their work at about the time he felt OSWALD could not measure up to

the job that was expected of him. He said he told OSWALD that his work was not as good as could be expected and that in view of that plus the fact he had had some friction with other employees it was best he did not continue with the company. He stated OSWALD took this calmly and made no objections.

Mr. LEONARD CALVERLEY, Foreman, Camera Department, Jaggars-Chiles-Stovall, 522 Browder, advised he was the immediate supervisor of LEE HARVEY OSWALD during OSWALD's employment with this company. He stated OSWALD came as a trainee and his work consisted of making camera enlargements and reductions. He said it was obvious after a few weeks that OSWALD was not turning out good work although he was regular in his attendance at work. He said OSWALD did not seem to like to be shown how to do his work and in this respect impressed him as being rather rebellious. He said he never heard any actual statements made by OSWALD which would have shown that he was inclined to favor Russia or Communism but that he did recall OSWALD had in his possession some sort of literature pertaining to Russia on one or more occasions. He described OSWALD as a quiet type of individual who never talked of his family or what his past activities had been. He said he gained no knowledge of OSWALD's personal life but had heard that OSWALD had a Russian wife and one child. He said he believed OSWALD had no automobile and that there was no indication he had any income except from his employment with this company.

He stated he could not recall that OSWALD had ever indicated he had been in Russia. CALVERLEY said OSWALD "fouled up" the work which was assigned him constantly and that led to his termination. He said OSWALD did not seem angry about being terminated and had no cross words with him, CALVERLEY, as a result of it.

The following investigation was conducted by SA RONALD E. BRINKLEY at Dallas, Texas:

Previous investigation has reflected that one of the payroll checks payable to LEE OSWALD while employed by Jaggars-Chiles-Stovall, Incorporated, Dallas, Texas, bore the address underneath the endorsement on the back of the check of 3519 Fairmount, no city shown. It appeared this check was cashed on or before October 13, 1962.

On November 29, 1963, Mrs. LENNIE CRAIG, Manager, Burdick's Apartments, at 3517 or 3519 Fairmount Avenue, Dallas, Texas, advised she has been manager here only since October 15, 1963. She advised she does not have records beyond this point. She stated RICHARD S. BURDICK, 3929 Normandy Street, Highland Park, Texas, would have these records. She further advised she has no recollection of LEE HARVEY OSWALD living there or has heard no rumors to that effect.

On November 29, 1963, Mr. PAUL W. LAWTHER, Apartment 10, Burdick Apartments, 3519 Fairmount Avenue, advised he is a long time resident of these apartments and does not remember anyone fitting the description of LEE HARVEY OSWALD living there. He stated the names HIDELL, LEE or OSWALD do not sound familiar to him. Upon observation of pictures of LEE HARVEY OSWALD and JACK RUBY, LAWTHER stated he has never seen either before.

On November 29, 1963, Mrs. JIM CROSS, Apartment 16, Burdick Apartments, 3519 Fairmount Avenue, advised she has lived here for eight months, during which time she has heard

rumors from other tenants that OSWALD lived in one of their apartments for a short time approximately one year ago. She stated that all tenants except PAUL LAWTHER have moved into the apartments since October of 1962. She advised she does not recognize the pictures of LEE HARVEY OSWALD and JACK RUBY that were displayed to her.

On November 29, 1963, E. Y. ASHCRAFT, Manager, Fairmount Apartments, Dallas, Texas, advised he knows most of the tenants in the Burdick Apartments. He stated that the residents of the Fairmount Apartments are mostly aged and senile people. He further advised that none of these residents have made any reference as to knowing LEE HARVEY OSWALD. He stated that Mrs. JIM CROSS is well known for her ability to fabricate rumors of an exciting nature. He further advised he did not know OSWALD or RUBY.

On November 29, 1963, Mrs. ELIZABETH RANDALL, 3211 Beverly Drive, Highland Park, Texas, advised she was formerly manager of the Burdick Apartments for 8½ years. She stated she had a good memory of names and faces and does not recall LEE OSWALD as being one of the tenants. She advised also the names LEE and HIDELL are not familiar to her. Upon being displayed photographs of OSWALD and RUBY, she advised they were not familiar to her.

On November 29, 1963, Mrs. RICHARD S. BURDICK, 3929 Normandy Street, Highland Park, Texas, made available her book and ledgers reflecting rental payments by tenants during pertinent periods. She stated her books reflect no rent paid by OSWALD or known aliases.

It is noted on the map of the city and surrounding areas that there is a Fairmont or Fairmount Street located in Irving, Texas and Duncanville, Texas, which are suburbs of Dalla

The following investigation was conducted by SAs RICHARD E. HARRISON and GEORGE W. H. CARLSON:

At Dallas, Texas

On November 28, 1963, Mr. MAX PACTOR, owner, Mart Liquor Store, 401 S. Ervay, was contacted regarding Subject LEE HARVEY OSWALD possibly cashing his pay checks at that store received by OSWALD from the Jaggars-Chiles-Stovall Company, Dallas. PACTOR advised he cashes many payroll checks in his store on Friday evenings from various firms in that general area one of which is the Jaggars-Chiles-Stovall Company, however, he did not specifically recall cashing any checks for LEE HARVEY OSWALD and advised OSWALD was unknown to him.

MR. & MRS. GARY E. TAYLOR, 4115 Palis Drive, telephone FE 7-8130, advised that in the fall of 1962 when he was living at 3619 Fairmont Street, Apartment 12, Dallas, with his wife, ALEXANDRA TAYLOR, they received a telephone call from GEORGE or JEANNE DE MOHRENSCHILDT who asked ALEXANDRA if they wanted to meet a nice couple. He said he believed at the time the DE MOHRENSCHILDTs furnished background information concerning a Russian girl and a U. S. citizen who had married the girl in Russia and who eventually brought her to the United States. He said shortly afterwards he drove to Fort Worth and met LEE HARVEY OSWALD and his wife, MARINA. Present in this meeting were GEORGE DE MOHRENSCHILDT, GEORGE BOUHE, OSWALD's mother, one JOHN HALL from Midland, Texas, and a woman who intended to marry HALL. He said this meeting occurred shortly after VAN CLIBURN had a recital in the area. He said GEORGE DE MOHRENSCHILDT asked him and his wife to take MARINA into their home and that he subsequently moved MARINA from Fort Worth, Texas, to Dallas. He said he did not care for LEE HARVEY OSWALD because of his poor personal habits and his unkempt condition so LEE stayed at the YMCA which arrangements were handled by GEORGE DE MOHRENSCHILDT. He said he believed that MARINA OSWALD had stayed with them prior to the time she lived with a PAINE woman in Fort Worth. He said he had a difficult time understanding MARINA but that his wife although she could not speak Russian fluently had a knowledge of same through her parents, GEORGE and JEANNE DE MOHRENSCHILDT.

TAYLOR advised that the first discussion he had with LEE HARVEY OSWALD was the first day MARINA moved into their apartment. He stated LEE visited them that night and stayed quite late at which time they discussed philosophies of government. He said that OSWALD appeared to be looking for a Utopia and what OSWALD thought of as a good government was impractical. He said no matter how much he tore down OSWALD's logic he doggedly held on to same and was quite hard-headed in his convictions. OSWALD also professed that the Russian type Government was not his ideal either because the people were suppressed by the rulers. TAYLOR advised OSWALD stated he believed people should have as much power as Presidents and Heads of State. People should live on an equal basis and receive the same amount of money for wages and live in the same size houses. Most of these discussions were quite long and drawn out and usually ended up exactly where they started.

TAYLOR advised that DE MOHRENSCHILDT and GEORGE BOUHE as mentioned previously were instrumental in getting OSWALD in at the YMCA in Dallas and DE MOHRENSCHILDT called the YMCA from the apartment

He said that either DE MOHRENSCHILDT or BOUHE paid OSWALD's bill at the YMCA because OSWALD was in a destitute situation. He said OSWALD had very poor clothing and was making a minimum wage where he was employed. He said MARINA moved back to Fort Worth when the PAINE woman had a serious automobile accident. He said about three or four days later he picked OSWALD up at the YMCA and they drove to Fort Worth where they met MARINA, obtained OSWALD's furnishings, and he drove them back to Dallas. He said he believed they then moved into an apartment near Zangs and Davis Streets and he did not see very much of them after this move except for an occasional phone call and a visit. He believed this was some time in October, 1962. He thought that ALEXANDRA, his wife, did not see the OSWALDs after this time. He said he saw LEE OSWALD in November, 1962, for the last time but bumped into MARINA on the street in November, 1962, and he learned they were living in another apartment near the first one he had moved them into. He said he talked to MARINA with the use of the Russian-English dictionary. He said during this brief conversation MARINA mentioned LEE was studying at Crosier Tech and going to night school. He said he believed GEORGE DE MOHRENSCHILDT later mentioned OSWALD was studying photography at Crosier Tech. He said during this brief talk with MARINA he promised to visit the OSWALDs but he never saw LEE again.

TAYLOR advised he last saw MARINA in June, 1963, when they had a brief talk on the street and afterwards he left town in July, 1963, touring Texas taking films for a travelogue concern for a two month period. He said he was shocked when the President was shot and that LEE HARVEY OSWALD had been implicated in the shooting. He said in his opinion OSWALD did not appear to be the vicious type and was more of a milk toast, mild-mannered individual with the only indication of his violence being in the treatment he had given MARINA. He said in this regard he had observed MARINA with black and blue marks on her person and had learned that OSWALD had beaten her up.

TAYLOR said OSWALD did not appear to be too educated but did read a lot and he had never heard OSWALD mention the KENNEDYs or CONNALLYs or their administrations or policies. He said he never heard OSWALD say he intended to or had given up his U. S. citizenship or that the Russians wanted him to do so. He advised OSWALD had mentioned he had trouble getting out of Russia with MARINA and had mentioned he had worked as a sheet metal worker in an electronics

factory in Minsk. He advised OSWALD never mentioned JACK RUBY or JACK RUBENSTEIN in his presence.

TAILOR advised he had read in the newspaper that LEE OSWALD had traveled to New Orleans and to Mexico. He said he had no knowledge of these trips personally but was wondering where OSWALD obtained money to make these journeys. He said OSWALD was not paid very well when he worked and as he previously mentioned, OSWALD received a minimum wage and OSWALD did not remain on any one job or position very long. He said he worked for the welding company in Fort Worth a few months and later worked for a printing company which he believed to be Jaggars in Dallas for about five or six months. He said his clothing when he transported them from Fort Worth to Dallas was very poor, in a run down condition, and OSWALD often went four or five days wearing the same clothes without bathing. He added however that when photographed in New Orleans which photograph was in the paper, OSWALD was wearing a white shirt, tie, and what appeared to be form fitting trousers giving the appearance he had obtained some money. He said he had never seen OSWALD dressed up before or in decent wearing apparel until he saw him in this photograph. He said the only person he knew of that would have provided OSWALD with money would have been GEORGE DE MOHRENSCHILDT who took a great interest in OSWALD. He said that from his relationship with the two he thought OSWALD would do anything that DE MOHRENSCHILDT told him. He said if DE MOHRENSCHILDT had told OSWALD to move to Houston OSWALD would have gone. He said he knew of no other person who had more influence over OSWALD than DE MOHRENSCHILDT.

He said in regard to his former father-in-law, GEORGE DE MOHRENSCHILDT, that DE MOHRENSCHILDT preferred the Russian form of Government over the United States and stated so in his presence on a number of occasions. He also had indicated a desire to return to Russia but not because it was his home land. He said he did not believe DE MOHRENSCHILDT had any living relatives in Russia. He said the financial status of GEORGE DE MOHRENSCHILDT also varied. He said by this he meant at times DE MOHRENSCHILDT appeared to be scrimping and scraping to make ends meet and then all of a sudden DE MOHRENSCHILDT and his wife would have enough money to do as they pleased. He said he could not understand how they could travel throughout Mexico, the Caribbean, and Guatemala for fourteen months if they had been in such dire need financially. He advised that although JEANNE DE MOHRENSCHILDT, also known

as Jon Le Gon, Jean Le Gon, had worked for IKE CLARK as a fashion designer in the late 1950's and for Sanger-Harris more recently. He did not believe she made enough money to finance any trip to Mexico, Caribbean, and Guatemala. He said it was while JEANNE was working for the CLARKs that they went to Guatemala and Mexico. He said they stayed on the plantation of an acquaintance of theirs whom they had met in Tubac, Arizona. He said they met these people through ALEXANDRA's cousin, NANCY TILTON. He said he did not know how long they stayed in Guatemala on this plantation before they went to the Caribbean and eventually to Haiti but it was about 14 months before they returned to Dallas. He said when they returned DE MOHRENSCHILDT bought a new car from Ben Griffins Ford Agency. He said he thought DE MOHRENSCHILDT paid cash for the car and he felt this was certainly more money than DE MOHRENSCHILDT had when he left town on the trip.

In regard to the last trip or permanent trip, he said that JEANNE DE MOHRENSCHILDT was working for Sanger-Harris when they decided to leave for Port-au-Prince, Haiti. He said they had been scrimping and saving allegedly for this trip but he could not understand how they could manage to outfit themselves so well prior to departing for Haiti. He said they went to Haiti via Miami, Florida, some time in May or June, 1963. He said he did not get along too well with his former father-in-law so his former father-in-law corresponds with his mother and in this regard his mother received a letter from JEANNE DE MOHRENSCHILDT in care of the American Embassy, Port-au-Prince which he thought was some time in June, 1963. He advised that three weeks ago his mother received a letter from GEORGE DE MOHRENSCHILDT with a return address Box 575-1, Port-au-Prince, Haiti. He said he believes that DE MOHRENSCHILDT was arranging to operate a plantation of some kind in Haiti, for a group of financiers. He said the last letter received by his parents was within the week and it was from JEANNE DE MOHRENSCHILDT with a return address in care of American Embassy, Port-au-Prince.

TAYLOR advised that for background information concerning GEORGE DE MOHRENSCHILDT he advised he married his last wife, JEANNE, also known as Jon Le Gon, in May or June, 1959, in Dallas. He was born in Russia in the Georgian section; claimed that if the feudal system were still in effect he would have the title of Baron. He claimed he studied in Prague and taught geology at the University of Texas in 1939. He had an office in the Republic National Bank building

at one time in the last five years although he did not know him to have worked very much. He said he traveled a bit and had made numerous trips to Houston, Texas, allegedly to promote work for himself and supposedly had seen GUS BROWN on these trips prior to BROWN's death. Mr. MARTIN advised that MARINA OSWALD continued to receive a number of letters containing checks and money orders for cash and that he had been handling this money for MARINA. He said that to date $5,926.15 has been received and these amounts have been deposited in a savings and a checking account in the First National Bank of Dallas. In addition, $1,000 has been collected by a Rev. Allen of the First Methodist Church in Houston for MARINA and $600 has been collected for MARINA by a group in Ft. Worth.

He stated he has a tentative appointment with a reporter representing the Huntley-Brinkley Report for December 5, 1963, concerning the appearance of MARINA in an interview on this program. He said that if arrangements can be worked out an interview with MARINA will probably be filmed at the Inn of the Six Flags, Ft. Worth-Dallas, where Mr. MARTIN is Resident Manager, sometime around December 6 or 7, 1963.

Mr. MARTIN made the statement that he had heard that Mrs. PAINE had received $5,000 for giving an article to Look magazine and that he felt MARINA should also get whatever money she could on behalf of her children. He said that he believes that MARINA should give only a copyrighted interview and for that reason he felt the services of an attorney were needed.

MARTIN said that he considers himself as the agent of MARINA.

FEDERAL BUREAU OF INVESTIGATION

Date 12/2/63

1 Phila, Pa.

Mrs. ARTHUR M. YOUNG, 1810 Delancey Street, advised that she is the mother-in-law of RUTH PAINE. She said that RUTH PAINE with her two children met her at the YOUNG summer rental home at Naushon Island, which is approximately fifty miles from Hyannis Port, Mass., in the first week of August 1963. The YOUNGs and Mrs. PAINE with her two children spent two weeks at the YOUNG home during that period. All of them, she said, returned to the Philadelphia area and Mrs. PAINE with the two children stayed with the YOUNG family at their summer home in Paoli, Pa., which is a suburb of Philadelphia.

Mrs. YOUNG said that RUTH told her that she visited her parents in Ohio prior to coming north from Dallas, Texas, and also visited them again on her return to Dallas. Mrs. PAINE traveled in her station wagon, accompanied only by her two children on her trip north, but Mrs. YOUNG could not describe this auto further. She said that during the time that Mrs. PAINE was the guest of the YOUNG family in the north the only visitors that RUTH had were acquaintances of the YOUNG family. She knew of no friends of RUTH that LEE HARVEY OSWALD could have contacted in Philadelphia because Mrs. PAINE had no friends in Philadelphia that she maintained contact with as of now, as far as Mrs. YOUNG knew. Mrs. PAINE has been living in the south for the past four years, according to Mrs. YOUNG. Mrs. YOUNG also said that although she is not a Quaker or a member of the Friends herself, she believes that if any of RUTH's friends in these groups had been contacted by LEE HARVEY OSWALD that they would have contacted her (Mrs. YOUNG).

Mrs. YOUNG has a warm regard and close relationship with her daughter-in-law, RUTH PAINE, even though Mrs. YOUNG's son and RUTH are separated and the possibility of divorce exists. She said that she has been in daily contact with her daughter-in-law since the week end of November 22-24, 1963.

Mrs. YOUNG said that she first learned of RUTH PAINE's interest in LEE HARVEY OSWALD's wife in the spring of 1963 when RUTH PAINE told her that she was interested in learning Russian from OSWALD's wife. She also felt sorry for Mrs. OSWALD and wanted to help her since she was a stranger in the country who needed help. This would work out to the mutual advantage of both. In the summer of 1963, RUTH PAINE told Mrs. YOUNG that OSWALD's wife was expecting a child and that Mrs. PAINE intended taking Mrs. OSWALD into her home. Mrs. YOUNG said she believed RUTH to be altruistic in this motive and was also interested in learning Russian for herself so that she could teach. Mrs. YOUNG also got the impression from RUTH PAINE that OSWALD wanted his wife to return to Russia alone, and that he did not want her to learn English. Mrs. OSWALD did not want to return to Russia.

Mrs. YOUNG said that RUTH PAINE had a low opinion of OSWALD and considered him unreliable; however, she had in some manner helped him to obtain employment, which in reality was an attempt to help Mrs. OSWALD.

She stated the PAINEs had two tape recorders in their home and would at times take them to square dances. She stated on several occasions the PAINEs told her they were going to a meeting but would not say where and would not leave a telephone number through which they could be reached in the event of trouble with their children. She stated they also had a radio on top of their TV which she thought had a short wave band on it. She stated it had ear phones and believed it was only a receiver. She stated she did not know the OSWALDs and had never met them. She stated she could furnish no information concerning LEE HARVEY or MARINA OSWALD.

Mrs. JOHN T. BISHOP, 4000 Circle Drive, Vernon, Texas, advised that sometime in February or March, 1962, Mrs. MARGUERITE OSWALD, who had been working for BYRON PHILLIPS, wanted a place to live and that she and Mrs. OSWALD agreed that Mrs. OSWALD could move into her home and the two of them would share expenses. She advised that Mrs. OSWALD lived in her home approximately three or four weeks at which time she secured another job with a Mr. FORBEES in Vernon and moved to his home.

She further advised that before Mrs. OSWALD moved into her home she had advised her that she had a son by the name of LEE who had gone to Russia to live and had married a Russian girl. She added that Mrs. OSWALD mentioned that she told her this so that she would know the full facts concerning her prior to the time she moved in. She added that during the time Mrs. OSWALD lived at her house that she had worked for some rest home in Vernon for approximately two weeks. She further advised that Mrs. OSWALD had made a trip to Ft. Worth which was her home, and stayed for two or three days before returning.

Mrs. BISHOP stated that during the time Mrs. OSWALD was living in her home, she had advised that her son had secured permission to return to the United States and bring his Russian wife and child with him. She added that after Mrs. OSWALD had returned from her trip to Ft. She further advised that Mrs. OSWALD had very few clothes and practically no money and that she apparently had had a very hard life. She further advised that from all indications Mrs. OSWALD was very upset about her boy who had gone to Russia to live and that Mrs. OSWALD apparently had made a trip previously to Washington to secure some type of assistance or information concerning her son. She further advised that Mrs. OSWALD showed her gifts that her son had sent to her. She added that during the time Mrs. OSWALD lived at her house, she did not receive any mail and that she also mentioned that she had a boy in the Army in Japan and that she also had another son but from indications left by Mrs. OSWALD, Mrs. OSWALD did not apparently get along with the other son's wife. BIRON PHILLIPS, Route 1, Vernon, Texas, advised that Mrs. MARGUERITE OSWALD had worked for him as a housekeeper and practical nurse for approximately six months from about August or September, 1961, until about January or February, 1962. He added that her duties were to take care of his mother and father, who lived nearby. He added her work was entirely satisfactory, and she never made any statements against the U. S. Government during the time he knew her; and, according to her actions and talk, he never had any reason to doubt her loyalty to the U. S. Government.

Mr. PHILLIPS stated when he hired Mrs. OSWALD, she first told him that she had a son that had gone to Russia to live and had married a Russian girl. He added that while employed by him, Mrs. OSWALD appeared at times to be upset considerably because her son had gone to Russia. He further stated that during the time Mrs. OSWALD worked for him, that she told him her son was trying to secure permission to return to the United States and to bring his wife and child with him. He stated the reason she left his employment was because she talked nearly all the time and that made his father very nervous.

Mr. PHILLIPS stated that sometime during the early part of 1962, either just before or soon after Mrs. OSWALD left his employment, she was having trouble trying to get someone to sign a statement so her son could bring his wife and child with him to the United States, and that he agreed to, and did, sign some kind of a statement for her which was to be submitted to Immigration and Naturalization, stating that her son's wife and child would be adequately supported if they were allowed to come to the United States with their husband and father, LEE OSWALD.

Mr. PHILLIPS stated that so far as he knew, Mrs. OSWALD was a very loyal American citizen when he knew her. He also added that she did communicate with her son in Russia. He further stated that when she left his place he moved her to the home of Mrs. JOHN T. BISHOP, where, he understood, she was going to live.

ROBERT S. LEONARD, 2315 Wilbarger Street, Vernon, Texas, advised that Mrs. MARGUERITE OSWALD had worked for him as a housekeeper and practical nurse for approximately three or four weeks during the early part of 1962. He added that during the time she worked for him he considered her to be a loyal American citizen inasmuch as she had never said anything which would indicate otherwise. He added that he recalls that she mentioned, during the time she lived at his house and took care of his mother, who was a semi-invalid, that she had a son overseas and from her talk she thought he might be working for the Government. He added that he does not recall her mentioning that her son was in Russia.

He further added that during the time she was there she was expecting some money to be sent to her from her son who was supposedly overseas.

He added that due to the short period of time that she worked for them he did not get to know her very well, but that she appeared to be very nice, and that her employment was entirely satisfactory. He added that she had quit their employment and, he thought, had returned to Fort Worth, Texas, which was her home, but that she might have worked for some other family in the vicinity prior to returning to Fort Worth.

Mrs. OTIS CRAFFORD, Mc Adams Ranch, Crowell, Texas, advised that Mrs. MARGUERITE CLAYERIE OSWALD of Fort Worth, Texas, had worked for her and her husband for two months during June and July, 1961, as a housekeeper and cook. She added that she had employed Mrs. OSWALD as a result of Mrs. OSWALD answering an ad that she, Mrs. CRAFFORD, had placed in a Fort Worth, Texas newspaper. She added that Mrs. OSWALD was an excellent housekeeper and cook and that her employment was entirely satisfactory and the only reason she left was because she was a little bossy and that Mrs. OSWALD and her mother, LESLIE MC ADAMS, who is elderly, started fussing with each other quite a bit and all of them thought it better if Mrs. OSWALD left.

Mrs. CRAFFORD added that Mrs. OSWALD had advised her that she had a son who had gone to Russia and had married a Russian girl. She added that Mrs. OSWALD had furnished this information prior to the time she agreed to work for them. She further added that Mrs. OSWALD corresponded with her son and talked about him quite frequently during the time she worked for them. She added that Mrs. OSWALD had told them that her son, LEE OSWALD, had been discharged from the U. S. Marines and came to her home in Fort Worth where he stayed for two or three days then left to go to New Orleans, Louisiana, to work. She stated that Mrs. OSWALD further stated that she thought her son LEE was in New Orleans working until she read in a local Fort Worth paper that her son had defected to Russia. She further added that Mrs. OSWALD told them that she had no idea whatsoever as to why her son had left the United States and gone to Russia and could not understand how he could get to Russia unless maybe he might have been working for some Government agency.

Mrs. CRAFFORD stated that when Mrs. OSWALD left their ranch that she moved to Vernon, Texas, where she worked for various families and that on one or two occasions she returned to Crowell and came to the ranch to visit them but only stayed a short time on each visit. She further added that at times Mrs. OSWALD appeared to be very happy and on other occasions she appeared to be very moody

and that Mrs. OSWALD definitely was considerably upset because her son had gone to Russia. She further advised that Mrs. OSWALD had shown her a scrapbook which she kept and in this scrapbook she had all of the articles and letters and anything else which dealt with her son LEE since he was born and also various communications with Governmental agencies concerning his going to Russia. He added he and his wife first became acquainted with Mrs. OSWALD when she answered an ad they had placed in a Fort Worth, Texas, paper. JOE LONG, 318 North First Street, Crowell, Texas, advised that Mrs. MARGUERITE OSWALD had worked for him for approximately six weeks during May and June of 1962 as a practical nurse taking care of his invalid mother. He further advised that Mrs. OSWALD had stated that she resented the fact that people did not have anything to do with her and turned their backs on her because her son had gone to Russia. He added that during the time Mrs. OSWALD worked for him, she received information that her son had landed in New York City with his wife and son and that she immediately proceeded to Fort Worth, Texas, and arrived there the day he arrived from New York. He said that for some reason she had to stay in a motel that night and that a couple of days later she returned to Crowell, Texas, but that she only worked for a few days and then quit her job and moved to Fort Worth so she could be near her son, his wife and child. Mr. PHILO W. WATERS, Branch Manager, The National Life and Accident Insurance Company, 504 Bailey Street, advised that this date the home office of the National Life and Accident Insurance Company had made the following press release:

"In April, 1945 the National Life and Accident Insurance Company issued a $1,000 Twenty-Payment Life Juvenile Policy through our Dallas, Texas, office on the life of LEE OSWALD, who at that time was six years old. The policy was bought by his mother, Mrs. MARGUERITE C. OSWALD, who was the owner and beneficiary. In April, 1957, a small loan was made on the policy. The policy stayed in force until April, 1959 when it lapsed for failure to pay premiums. The Non-Forfeiture values under the policy, however, were sufficient to provide Expended Term Insurance amounting to $863.00, (the face amount less the loan), which did not expire until September, 1957".

Mr. WATERS stated that he had no knowledge of this policy until December 2, 1963, and there was no inquiry or claim made by Mrs. OSWALD. He stated that the number of the policy is 942157.

Mr. WATERS stated that on December 3, 1963, he had gone to Mrs. OSWALD's home at 2220 Thomas Place, Fort Worth, Texas, with the check in the amount of $163.00. He stated that Mrs. OSWALD had declined to accept the check stating that she was entitled to double indemnity under the policy provisions.

WATERS stated that Mrs. OSWALD also claimed that only one payment had been missed.

WATERS stated that Mrs. OSWALD indicated that she was going to contact the home office of the National Life and Accident Insurance Company in an effort to obtain double indemnity under the policy.

FAIR PLAY FOR CUBA
(FPCC)
NEW ORLEANS

No record was found in New Orleans of the issuance of a parade permit to LEE HARVEY OSWALD during April, 1962.

New Orleans Police Department records indicate he was arrested August 5, 1963, for disturbance of the peace for which he was fined $10.00 on August 12, 1963.

Under the name OSBORNE, OSWALD ordered 1,000 copies printed of "Hands Off Cuba" FPCC handbills from Jones Printing Company, 422 Girod Street, New Orleans, May 29, 1963, which he probably received on June 4, 1963. As LEE OSBORNE he ordered 500 copies printed of an FPCC membership application from the Mailers Service Company, 225 Magazine Street, New Orleans, on June 3, 1963, receiving same on June 5, 1963. Shortly thereafter he ordered 300 copies printed of an FPCC membership card by the same firm.

OSWALD was arrested by the New Orleans Police Department on August 9, 1963, in the 700 block of Canal Street and charged with disturbance of the peace by creating a scene following an altercation with CARLOS JOSE BRINGUIER, CELSO MACARIO HERNANDEZ, and MIGUEL MARIANO CRUZ (members of the anti-Castro Cuba Students Directorate (Directorio Revolucionario Estudiantil)(D.R.E.) while he was distributing FPCC handbills. At the time of arrest, he was in possession of a National FPCC membership card issued May 28, 1963, signed by V. T. LEE, Executive Secretary; New Orleans Chapter FPCC membership card issued June 6, 1963, signed by A. HIDELL, President; and a cardboard sign reading "Viva, Viva FIDEL." During police interrogation, OSWALD stated he had first become interested in the FPCC while a Marine at Los Angeles, California, in 1958; that the New Orleans Chapter of FPCC consisted of 35 persons, five of whom regularly attended monthly meetings on Pine Street; denied being a Communist but stated he was a socialist and embraced the teachings of KARL MARX in "Das Kapital"; and that he would not allow members of his family to learn English as he hated America and did not want them to become Americanized; and that there

were "fat stinking politicians in Russia just like over here."

DRE members indicated OSWALD had offered that organization his services as a trainer of guerrilla fighters on August 5, 1963, which offer was refused.

No connection was established between OSWALD and the New Orleans Council for Peaceful Alternatives or the Southern Conference Educational Fund. Copies of the FPCC handbillwere found on the campus of Tulane University during the summer of 1963.

OSWALD distributed FPCC handbills in front of the International Trade Mart, Camp and Commerce Streets, New Orleans, on August 16, 1963. A portion of this distribution was televised locally.

OSWALD was interviewed by WILLIAM K. STUCKEY on August 17, 1963, and a portion of the interview was utilized by STUCKEY in his "Latin Listening Post" radio program on Station WDSU, New Orleans, on that date. He also appeared on STUCKEY's "Carte Blanche" radio program on the same station on August 21, 1963, with representatives of DRE and the Information Council of the Americas. During this broadcast, he stated that the FPCC was not a Communist controlled organization and that he was a Marxist.

OSWALD applied for a United States Passport at New Orleans either June 21 or June 24, 1963, giving residence address as Post Office Box 30061, New Orleans. Passport #D092526 issued to him June 25, 1963. He applied for a Tourists Card to visit Mexico on September 17, 1963, #987 Series 24085. Mexican Immigration Service records, Nuevo Laredo, Mexico, indicate he entered Mexico there between 6:00 AM and 2:00 PM on September 26, 1963, under Tourist Permit #24085, method of travel not shown, and thereafter departed from Mexico at Nuevo Laredo on October 3, 1963, method of travel automobile, destination New Orleans, Louisiana.

Persons interviewed who also traveled to Mexico during this period, either singly or in groups, did not see OSWALD there or know him.

Checks of airline, bus, railroad and travel agency records, New Orleans, failed to indicate OSWALD utilized those facilities under true name or known aliases. He was not recalled by ticket agents. Common Carrier and Mexican Consul checks San Diego and Miami negative.

Mr JOHNNY TACKETT, Reporter, Fort Worth Press, Fifth and Jones Street, advised that in June, 1962, he attempted to interview LEE HARVEY OSWALD regarding OSWALD's trip to Russia.

TACKETT stated that he made two or three trips to OSWALD's brother's (ROBERT OSWALD's) house at 7313 Davenport, and ROBERT was reluctant to have TACKETT interview LEE OSWALD.

TACKETT stated he also talked to the sister-in-law of LEE OSWALD but was unable to contact LEE OSWALD.

TACKETT stated he has some recollection that LEE OSWALD called the Fort Worth Press on one occasion, but TACKETT did not talk to him.

TACKETT stated he thereafter contacted Mr. PETER GREGORY who had been in contact with LEE OSWALD.

TACKETT stated that he asked Mr. GREGORY if GREGORY would contact OSWALD and have OSWALD come to GREGORY's office. GREGORY declined to do this as he felt it would be a trick and did not want any part of it.

TACKETT stated that GREGORY did agree to be a go-between for TACKETT to send a message to OSWALD.

TACKETT stated that he then wrote a letter addressed to LEE OSWALD stating that TACKETT heard that OSWALD had some notes regarding his trip to Russia.

TACKETT stated he pointed out, he believed, in the letter to OSWALD that some information had appeared in the Fort Worth Press, and TACKETT desired to do a story on OSWALD.

TACKETT stated that the letter he wrote was quite lengthy, and he gave it to Mr. GREGORY to give to LEE OSWALD.

TACKETT stated that about a week after he gave Mr. GREGORY the letter that he had telephonically contacted GREGORY, and GREGORY stated that OSWALD had picked up the letter.

TACKETT stated that he had been very interested in doing a story on LEE OSWALD, but he never did hear from OSWALD and never made any contact with OSWALD.

EDWARD A. BRAND telephonically contacted the Dallas Office, on December 2, 1963. At this time, he advised that approximately two weeks before President JOHN F. KENNEDY was assassinated in Dallas, Texas, an individual entered his insurance office, which is located at 1045 North Zangs, in Dallas. His insurance company is known as the Tower Insurance Agency. This individual identified himself as O. H. LEE and stated he resided directly across the street in a rooming house owned by A. C. JOHNSON. LEE further stated he had just moved to Dallas from San Antonio, Texas, and was inquiring regarding automobile liability insurance. BRAND inquired of LEE what type of car he owned, to which LEE replied he did not own a car, but intended to buy one in the near future. For this reason, BRAND was unable to quote any exact insurance rates, but suggested LEE return after purchasing a car.

BRAND also was of the opinion the only identification he saw of LEE's was a Texas drivers license, but did not notice if the initials were O. H., but believed the last name was LEE on this drivers license.

BRAND concluded by saying he did not immediately recognize LEE HARVEY OSWALD's photograph in the Dallas newspapers, or on television, until after reading OSWALD had in the past used the name LEE, at which time he did recognize OSWALD's photograph as being the individual who contacted him regarding insurance under the name of O. H. LEE.

TROY C. BOND, principal, public evening school located at Crozier Tech High School, 2218 Bryan, advised their records indicated LEE H. OSWALD, 602 Elsbeth, a commercial photographer for Jaggers Printing Company, 532 Browder, enrolled at their school on January 14, 1963. He advised that his age was 23 years and he had gone to high school but did not wish high school credits for this course. He enrolled in a beginner's typing course from January 28, 1963 until he stopped on April 8, 1963. He said he took the course each evening from 6:15 P.M. to 7:15 P.M., and Mrs. YOAKUM was his teacher. He said the course primarily dealt with the general knowledge of the keyboard. He said he paid a $9.00 tuition fee on January 28, 1963 under Receipt No. 24817.

Mr. BOND advised that Mr. SEALE of the Secret Service talked to them this morning about OSWALD's record and they also interviewed Mrs. YOAKUM, OSWALD's teacher, who recalled she kept a little black book on all of her class pupils, but could not recall whether or not she had commented about OSWALD. He advised that the Secret Service intended to get in touch with Mrs. YOAKUM at a latter date when she had a chance to review her little black diary.

GLADYS YOAKUM, 2234 Carnes, WHitehall 8-9822, teacher at Public Evening School, Crozier Tech High School, 2218 Bryan, advised that LEE H. OSWALD attended her typing class from January 28, 1963, until she dropped him from the rolls on April 8, 1963. She said that the class was an hour in length, from 6:15 P. M. to 7:15 P. M., on Mondays, Tuesdays and Thursdays, and they have a policy of four absences before they drop an individual from the rolls. She advised that this being the case, the last day OSWALD would have attended her class would have been March 28, 1963. She advised that Secret Service Agents had interviewed her this morning in an effort to find attendance records for OSWALD but evidently the school had thrown all the previous records away.

Miss YOAKUM advised that OSWALD was not outstanding or unusual in any way but his clothing and appearance was that of an unkempt person. She particularly noticed he always came to class with dirty fingernails. She remarked that a typing teacher would notice this. She recalled that he did not attend class regularly and he had no associates in the class of twenty-five (25) or thirty (30).

Miss YOAKUM further advised she searched her records at home but could not locate anything connected with the typing class that OSWALD attended.

Mrs. DIXIE L. WILSON, Principal Clerk, Selective Service Local Boards 111-114, Meacham Building, advised that Selective Service records reflect that LEE HARVEY OSWALD registered on September 14, 1959, with Local Board 114, Ft. Worth, and he has SSN 41-114-39-532. OSWALD was born October 18, 1939, at New Orleans, Louisiana, and resided at 3124 W. 5th Street, Ft. Worth, when he registered. He listed as his nearest relative, a brother, ROBERT OSWALD, 7313 Davenport Street, Ft. Worth. OSWALD served in the U. S. Marine Corps from October 24, 1956, to November 7, 1959, when he was honorably discharged. In the military service he was an electronics operator and his civil occupation was that of a radio operator. On February 2, 1960, OSWALD was classified IV-A.

A newspaper clipping reflected that OSWALD attended Arlington High School one year before he entered the U. S. Marine Corps and he went to Moscow five weeks after his discharge from the Marine Corps.

With regard to Selective Service card bearing the name LEE HARVEY OSWALD, SSN 43-354-39-37, Mrs. WILSON advised that the numeral 43 is a prefix for the state of Vermont and 354 is the indicated Local Board. The state of Vermont has only 14 Local Boards therefore this appears to be an altered card.

With regard to Selective Service card bearing the name ALEK JAMES HIDELL, SSN 42-224-39-5321, Local Board No. 4, Ft. Worth, Texas, Mrs. WILSON advised there is no Local Board No. 4 in Ft. Worth. She stated the numeral 42 is a prefix for the state of Utah and 224 is the indicated Local Board. The state of Utah has only 39 Local Boards therefore this appears to be a fictitious registration card.

Mr. FRED W. RUPP, RFD 2, Mink Road, Perkasie, Pa., advised that he has a subcontract with ~~Crescent~~ Firearms, Inc., 2 West 37th Street, New York City 18, N.Y., to clean various types of Italian made rifles.

He advised that periodically he picks up a load of these guns from Harborside Warehouse Terminal, Jersey City, N.J., and brings them to his shop where he cleans and test fires them.

He advised these guns are packed in sealed cardboard cartons containing ten rifles in each carton, which are individually packed in smaller cardboard cartons. Each carton of ten rifles has a carton number and a packing slip on the inside and outside of the carton which lists the serial number of each rifle contained therein.

He advised he keeps no record of the number of the carton or the serial numbers of the rifles when he picks them up from Harborside Warehouse Terminal. He advised, however, he feels sure that Harborside Warehouse Terminal must keep a record at least of the number of the carton when they release these cartons to him. He stated these cartons are brought to his shop at RFD 2, Mink Road, Perkasie, Pa. He then unpacks the cartons, cleans each gun, and then repacks them into the same carton, unless this particular carton is mutilated and torn, in which case he repacks them in a new carton. He advised that when he repacks them in a new carton, these cartons are numbered the same as the carton was numbered when he received it from Harborside. He further advised that in the event one of the guns does not properly function, he will replace it with another gun and the packing slip will reveal that the serial number of the gun replaced has been replaced with another gun and this serial number is listed on the packing slip.

He advised that one packing slip is then placed inside the carton and one is pasted on the outside of the carton. He advised that the remaining packing slips are sent by mail

to ~~Cresent~~ Crescent Firearms, Inc., New York City.

He said his records in no way show the serial number of any individual gun handled by him. He stated the only record he has is the carton number record of the cartons he ships from his place to various customers which are designated to him by ~~Cresent~~ Crescent Firearms, Inc., in New York City.

He stated that his shipping book reflects that on February 12, 1963, on ~~Cresent~~ Crescent Firearms, Inc., order number 3178, he turned over carton number 3376 to North Penn Transfer Company, Lansdale, Pa., for shipment. He advised that his records do not reflect to whom this particular carton of guns was shipped because the bill of lading furnished to him by North Penn Transfer Company is sent to ~~Cresent~~ Crescent Firearms, Inc., New York City.

He stated that this bill of lading probably would not designate this carton of guns by number; however, the possibility existed that North Penn Transfer Company may add this carton number on the bill of lading after they had accepted shipment.

He further advised that he is a federally licensed gun dealer and produced a license which revealed the federal license number as being 23-3072, dated August 30, 1963, and signed by KENNETH O. HOOK, U. S. Treasury Department, Philadelphia District.

Mr. RUFF advised that the only record he could produce was his shipping book which would reflect that on February 12, 1963, on ~~Cresent~~ Crescent Firearms, Inc., order number 3178, he turned over carton number 3376 to North Penn Transfer Company for transportation to the customer.

Mr. RUFF further advised that the particular rifle in question is known internationally as a "38-E"; however, ~~Cresent~~ Crescent Firearms, Inc., designates this gun as "T-38"; therefore, his records would indicate that this particular rifle was a "T-38" rather than a "38-E."

Mr. RUFF advised that he would be the proper person to be subpoenaed to testify to the above facts at a court trial in this matter.

MITCHELL SCIBOR, Office Manager, Klein's, 4540 West Madison, provided what he described as a copy of a record which he had made upon opening gun cases on February 22, 1963, and at the same time gave an explanation as to certain notations found on this record. In the upper lefthand corner on each page of this record is a notation "RR #1243" indicating "Receiving Report" number which details the method of travel and so forth of the guns. The date immediately below this number is the date of the opening of the gun cases. The bold face numbers found upon this record are company control numbers which are assigned as the guns are taken from the case. SCIBOR stated that the serial number for each gun is visually checked and noted on the record following the appropriate company control number. A tag is also made for each weapon showing both the serial number and the company control number.

SCIBOR advised that the notations in the upper righthand corner are for his own use in filing his copy of this record. He stated that the original of this report is directed to the company recording and booking department, where it is entered into a master booking system and the original of this record is then destroyed. The copy retained by SCIBOR is used by him as an aid in handling the merchandise.

The record furnished by SCIBOR contains company control numbers 770 through 869, and company control number 836 shows a weapon serial number C2766.

The record also contains a notation on page 1, which reads as follows:

"Crescent Firearms
Italian Carcano T 38
6.5 it. Cal Rifle"

ROBERT K. WILMOUTH, Vice-President, Operations Department, the First National Bank of Chicago, Clark and Monroe Streets, furnished the following information:

The bank does not microfilm either Postal Money Orders or American Express Company Money Orders. Postal Money Orders are sent to the Federal Reserve Bank of Chicago, which in turn sends them to a central processing center located in Kansas City, Missouri.

American Express Company Money Orders are returned directly to American Express Company in New York City.

A deposit made with the bank on March 15, 1963, by Klein's Sporting Goods, Inc., 4540 West Madison Street, Chicago, Illinois, in the amount of $13,827.98, included two items in the amount of $21.45 and was processed by the bank on March 16, 1963. One of the $21.45 items was an American Express Company Money Order which was mailed to the Classification Division, Special Unit, American Express Company, 770 Broadway, New York City, on March 18, 1963. The $21.45 item appeared on a tape between an item of $15.03 and an item of $14.36 and was included in a package total of $1,536.11 which in turn was included in a group total of $6,178.

The other item of $21.45 was a Postal Money Order which was sent to the Federal Reserve Bank of Chicago on March 16, 1963, which was a Saturday and, therefore, would have been received at the Federal Reserve Bank on March 18, 1963.

WILMOUTH is of the opinion that the Federal Reserve Bank will be able to identify by number this Postal Money Order.

Records are maintained regarding Postal Money Orders for only six months. Mr. GOHR was accompanied to the storage area where a physical search disclosed no records regarding Postal Money Orders present prior to May 29, 1963.

GOHR stated that the FRB handles approximately 130,000 Postal Money Orders daily and as of March 18, 1963, when the Postal Money Order in question would have been received, approximately three fourths of the money orders were being sent to Washington, D.C. and the balance to Kansas City, Missouri. As of March 18, 1963, FRB had a backlog of work amounting to two or three days, therefore the money order in question probably would have been transmitted to one of the above mentioned locations on about March 21, 1963.

Postal Money Orders transmitted to Washington, D.C. are sent to the Money Order Audit Division, Post Office Department, G.A.O. Building, Stop 334.

GOHR advised that money orders transmitted to Kansas City, Missouri, are sent to Accounting and Control Section, Money Order Center, 601 Hardesty Street.

This German woman speaks very little English and has a baby girl and are probably the individuals referred to by her employer as coming to the garage office about two months ago. JESSE PATRICK MC NEIL, 4424 South Rocheblave Street, New Orleans, Louisiana, advised he is employed at the Crescent City Garage, 640 Magazine Street, New Orleans, on alternate Saturdays only at which time he relieves the owner, ADRIAN ALBA. He advised a number of magazines are maintained in the lobby of the office for the use of customers. About 9:00 A.M., November 23, 1963, a lone white male in his early 20's, short and of average build, came to the office and told MC NEIL, "I'm one of ADRIAN's very best friends." and wanted to borrow some sports magazines. MC NEIL stated he went back to work at the desk behind the counter which blocks his view of the magazine table, after telling the man to help himself and knows nothing further about what happened. He stated the man did not ask for any particular magazine or any particular type of magazine and only remained in the office at most two minutes and certainly did not have time to search through any number of magazines and asked no questions about them. He stated he did not recognize the man as anyone he has seen in the neighborhood, but emphasized that he is only at the garage every other week and does not know many people in the area.

MC NEIL said he had no further conversation with the man and did not detect any accent and could only describe him as wearing a medium gray sports coat and having black hair. He could not recall any further details or description. He said he would not be able to identify this man if he were to see him again.

MR. MC NEIL advised that he knows no one by the name of LEE OSWALD or HIDELL and recalls an FBI Agent making inquiry about OSWALD on November 23, 1963, but the man he had just mentioned above had visited the garage prior to this interview and he did not attach any significance to it until he had had an occasion to discuss it with ADRIAN.

Mr. ADRIAN T. ALBA, residence 624 Focis Street, Metairie, Louisiana, advised that he owns and operates the Crescent City Garage, 618 Magazine Street, New Orleans, Louisiana.

Mr. ALBA advised that he knew LEE OSWALD while OSWALD was employed at the William B. Reily and Company, Inc. next door to his garage. He stated that employees of the latter company would occasionally get cold drinks from the dispensing machine at his place of business and would sit in the waiting room of his office, drink their soft drinks and look at magazines which he maintained there. He explained that he, ALBA, was a gun collector and recalled that OSWALD showed an intense interest in guns and talked freely about guns. He stated OSWALD seemed to have quite a good knowledge of firearms. He recalled that on one occasion, the exact date of which he could not set, he had ordered a carbine from the National Rifle Association at a cost of $30.00. In discussing this, OSWALD wanted to know if ALBA could get one for him also. Mr. ALBA stated he advised OSWALD that he could get this gun at this price as a member of the National Rifle Association and each member was allowed to purchase only one. He continued that OSWALD told him to go ahead and get the carbine and that he, OSWALD, would make an offer on the gun that Mr. ALBA could not afford to turn down.

Mr. ALBA stated he did not sell this or any other gun to OSWALD nor has he ordered a gun of any type for OSWALD.

He further recalled that OSWALD showed an intense interest in a Japanese rifle that Mr. ALBA had had customized as a part of his gun collection. He recalled that OSWALD was interested in the number of inches that had been cut from the

barrel of this gun and was interested in the twist of the rifling. Mr. ALBA pointed out that he usually cleaned his guns at his office to avoid any accident to his children at home, and this is why OSWALD knew of his guns and saw some of them. He recalled that OSWALD would "bury himself" in the gun magazines kept on the coffee table in the waiting room of the garage and otherwise seemed very quiet and smug.

Mr. ALBA recalled that on one occasion, the exact date of which he could not set, OSWALD asked to borrow one of his gun magazines and took it with him. He could not identify the magazine which OSWALD borrowed recalling that OSWALD was reading it and had it open at the time he asked to borrow it. He therefore did not see the magazine cover and did not ask OSWALD which magazine he was referring to. He further recalled that a few days later OSWALD mentioned to him that he had returned the magazine indicating he had replaced it on the coffee table. Mr. ALBA stated he did not see OSWALD return the magazine or check concerning it. He advised he in fact maintained no check on the magazines which he gets by subscription and by purchase from magazine counters and keeps no track of persons who read them.

In order to determine if he was talking about the right man, Mr. ALBA checked the photograph of LEE HARVEY OSWALD in the November 23, 1963, issue of the Times-Picayune, New Orleans newspaper. Upon looking at the photograph of OSWALD who was described as being in custody at Dallas, Texas, in connection with the assassination of President JOHN FITZGERALD KENNEDY, Mr. ALBA stated that this was a photograph of the LEE OSWALD he was referring to and the person who borrowed his gun magazine.

Mr. OSWALD made available his supply of gun magazines which were maintained in the waiting room of the Crescent City Garage referred to above. These consist of the following:

June, 1963, issue of "The American Rifleman"

July, 1963, issue of "The American Rifleman"

NO 89-69

September, 1963, issue of "The American Rifleman"

October, 1963, issue of "The American Rifleman"

November, 1963, issue of "The American Rifleman"

January, 1964, issue of "Guns and Hunting"

1 Date 11/25/63

MR. ADRJAN ALBA, 624 Focis Street, Metairie, Louisiana, who operates the Crescent City Garage, 618 Magazine Street, New Orleans, advised that he now recalls an additional conversation he had with LEE H. OSWALD who was formerly employed at William B. Reily and Company, Inc. Coffee Plant next door to his garage. He explained that being a gun collector, he, ALBA, had one of his rifles at the garage office, cleaning it, and OSWALD saw it. He was interested in the gun and during conversation concerning it spoke about and discussed the merits of small caliber and larger caliber bullets. He recalled that OSWALD mentioned that a smaller caliber bullet was more deadly than a larger one, to which point ALBA agreed.

MR. ALBA stated that in the several conversations he had with OSWALD concerning firearms, OSWALD was only interested in rifles. He explained that OSWALD never spoke of pistols or other guns but on one occasion commented that the carbine was indeed the finest of all rifles. He believed that OSWALD preferred the carbine over any gun made, although he did show interest in other type rifles such as a Japanese rifle ALBA had at his office on one occasion cleaning it.

MR. ALBA expressed the opinion that OSWALD would necessarily have had a great deal of practice in firing a rifle with a scope sight to have been able to "get off as many shots" as he did during the assassination of President KENNEDY at Dallas, Texas. He further explained that having had experience in shooting rifles with scope sights he knows that it takes a period of time for one to adjust his eyesight to the image at which he is firing after each shot. He added that this is not as easy as an open sight and that a bolt action rifle would add to the time necessarily consumed in firing such a rifle. He therefore believed that OSWALD had much practice in firing a gun of this type.

MR. ALBA advised, however, that he knew of no rifle practice which OSWALD had engaged in while in New Orleans, adding that from his conversation with OSWALD he did not believe that OSWALD belonged to any of the local gun clubs. He added that it would have been almost impossible for OSWALD to practice with a rifle around New Orleans unless he belonged to a gun club.

The seven gun magazines furnished by Mr. ADRIAN T. ALBA, Operator of the Crescent City Garage, 618 Magazine Street, as being the magazine possibly read by LEE H. OSWALD, were forwarded to the FBI Laboratory on November 23, 1963. These were forwarded with other material to be examined for any latent fingerprints of OSWALD and for examination as to indented writing. The Laboratory was also requested to compare the portion of page 59 where an order blank had been torn from an advertisement of "Klein's", a sporting goods company in Chicago, Illinois, an order blank believed to have been mailed by suspect OSWALD to this company.

The following investigation was conducted by SA MALON L. JENNINGS:

AT RICHLAND HILLS, TEXAS

AUGUST E. FULTON, 6809 Hardisty, telephone AT 4-7390, advised that he is an independent manufacturer's agent for Crescent Firearms, Inc., and others.

He advised he does not have any local customers in the Dallas or Fort Worth, Texas, area to whom he has sold a 6.5 Italian military weapon. He pointed out several thousand of these guns were imported into the United States by several importers and sold during 1961 and 1962. He stated that basically there are five different models of the Italian 6.5 military gun.

He advised he saw on television the gun allegedlyused in the assassination of President KENNEDY. This gun is an Italian military gun, probably a T-38 Carcano and it could be a Terni. He pointed out this gun when imported normally has a straight bolt and usually before sale to the public it is altered in some cases for telescope mounting. The gun is normally furnished with no sling. The gun is a 5 shot clip-fed weapon and normally a throw-away military clip is used.

Mr. FULTON advised that the 6.5 Italian military weapon can be purchased from numerous sources by mail.

Mr. FULTON advised that the customers that he sells being nearest to the Dallas-Fort Worth area are as follows:

Kinlon Distributing Company, Corpus Christi, Texas;
Harlingen Hardware, Harlingen, Texas
Academy Super Sales Company, Austin, Texas
Higginbottom Brothers, Comanche, Texas
B & S Sales (now defunct), San Angelo, Texas

Mr. FULTON advised that without examining the gun he could not furnish more positive information regarding the proof marks on the end of the bolt and barrel or make, or be more positive as to the distributors of this weapon. He stated that the scope bearing the printing "Ordnance Optics, Inc., Hollywood, California", was probably made in Japan and an import to this country.

JAMES ~~QUINET~~ QUIMET stated he is the owner of Centry Arms, Incorporated, St. Albans, Vermont.

He stated his records disclose that Italian-made 6.5 mm carbines and rifles have been sold under the name Terni, which name probably means Mannlicher-Terni. He said 6.5 mm Italian rifles designated Mannlicher-Terni or Mannlicher-Carcano are similar in outward appearance. His records further disclose several thousand Italian-made 6.5 mm carbines and rifles had been shipped by his company to various points and all shipments were recorded by serial numbers of the weapons.

These records disclose his company sent a shipment of 6.5 mm Italian carbine rifles to Aldens of Chicago, 5000 West Roosevelt Road, Chicago, Illinois on July 5, 1962. This shipment consisted of 700 rifles and included one such rifle bearing the serial number 2766. This shipment was sent in response to Aldens Order Number 82803.

Records of Century Arms, Incorporated further disclose that the rifle bearing the serial number 2766 was received by Centry Arms, Incorporated from Empire Sporting Goods, Montreal, Quebec, Canada. This serial number, 2766, is contained on the invoice prepared by Empire Sporting Goods and this invoice reflects these rifles were known by the trade name Carcano.

WILLIAM SUCHER, Director, International Firearms Company, 1011 Bleury Street, Montreal, Canada, stated that his concern sold 6.5 Mannlicher-Cargano ammunition, manufactured by Western Cartridge Corporation, to dealers in the United States until 1961. It has not sold any of this ammunition to anyone in the United States since that time. The company has never sold this type ammunition to any individuals in the United States.

He stated his company has no record of LEE HARVEY OSWALD under his name or aliases.

Mr. SUCHER stated that before any guns or ammunition can be shipped to the United States from Canada, the purchaser must file a United States Customs declaration in the city of his residence and a copy of this must be sent to the Canadian dealer. The shipment would then be sent to the United States Customs at that city under bond. He said this is so complicated a procedure that no individual would utilize it on a small order.

Mr. SUCHER stated that having formerly operated in the firearms business in the United States he is aware that this type ammunition is available through dealers in many cities in the United States and it would be unreasonable for anyone to attempt to buy it in Canada for shipment to the United States.

RE: Six point five mm Mannlicher-Carcano Cartridges, Southern Trading Company, Houston, Texas

The following investigation was conducted by SA TERENCE D. DINAN, on December 5, 1963:

AT HOUSTON, TEXAS

JOSEPH SMITH, Secretary, Southern Trading Company, 4012 Griggs, advised that Southern Trading is strictly a wholesale business, which distributes surplus goods to six Southern Sales Company stores in the Houston, Texas, area. He added that in addition to its retail outlets, Southern Trading distributes goods to eight G. I. Surplus Stores in Texas. The location of these stores is as follows:

(3) Corpus Christi, Texas
(2) Beaumont, Texas
(1) Nederland, Texas
(1) Port Arthur, Texas
(1) Orange, Texas

SMITH further advised that Southern Trading has in excess of one hundred other wholesale accounts located in smaller towns around Texas, such as Silsby, Kountze, and Dayton. He stated that sales are also made to FRANK GREEN of Dallas, Texas, who has in that city two Army-Navy Stores. GREEN was formerly a partner in the ownership of Southern Trading Company.

SMITH advised that, if necessary, shipping orders could be located to reflect the exact distribution of six point five mm Mannlicher-Carcano cartridges purchased in December, 1962. He advised, however, that these shipping orders would reflect only the names of retail outlets, such as Southern Sales Stores and G. I. Surplus Stores, and would not reflect the names of any individuals purchasing Southern Trading Company ammunition.

SMITH also advised that, as Director of all retail sales for Southern Trading affiliated companys in the Houston, Texas, area, he personally knows of no retail outlet which keeps individual records of persons purchasing ammunition. He stated that such records are required only when the purchaser has bought a gun.

BEATRICE FURIA, Manager, Southern Sales Store Number Four, 3615 Washington, advised that this store, as a retail outlet for Southern Trading Company, keeps no record on those persons purchasing ammunition of any type. She stated that a person's name and address is taken only when they have purchased a gun from the store.

WILLIAM ANDREW SCHRODER, 312 Ellen Street, advised that he is the owner and operator of Andy's Gun Shop, 137 East Hurst Boulevard, Hurst, Texas. He stated that sometime in mid-November, exact date unrecalled, he ordered a drilling jig from a firm in Chicago through his jobber, Granes Enterprises, Dallas, Texas.

SCHRODER stated that he instructed his jobber to have the Chicago firm forward the drilling jig airmail because he was behind in his work at the shop with hunting season approaching. SCHRODER explained that the purpose of a drilling jig is to drive holes in the barrel and/or receiver of the rifle in order to properly line up scope and sights.

SCHRODER stated that he had opened his shop in March of 1963 and since then does not recall ever working on an Italian 6.5 rifle nor has he ever heard or seen a scope manufactured by Ord Optic Incorporated of California.

SCHRODER advised that approximately two weeks ago, a young man came into his gun shop with a box of Winchester 6.5 shells. This box contained approximately six or seven live rounds and the remainder empty casing 6.5 caliber shells. SCHRODER stated the man requested him to reload the empty casings and that a friend of his would pick them up in a few days. Photographs of LEE HARVEY OSWALD were displayed to SCHRODER and he stated he was quite certain that neither of the men were identical with OSWALD.

SCHRODER was shown two empty 6.5 caliber Winchester casings which the Dallas Police recovered from the Texas Book Depository Warehouse and upon examination of them he stated that the shells were definitely not "reloads". SCHRODER was also shown a live round of a Winchester 6.5 shell and stated that it was exactly similiar to the live rounds in the box of ammunition which had been presented to him for reloading about two weeks ago. He advised that, however, that it would be impossible for him to determine if this shell came from that referenced box.

SCHRODER provided the following description of the man who brought the shells to his gun shop:

Mr. BUD MOORE, owner, Bud's Gun Shop, 203 North Eighth Street, Killeen, Texas, advised after being furnished a description of an individual who allegedly had purchased a scope mounted rifle from his store, that he recalled a customer being in his store at approximately 9:00 a.m. on November 15, 1963, who answered the general description as furnished and that this individual was one WALKER BOREN, a rancher who lived in Kempner, Texas, and a regular customer of the gun shop. Mr. MOORE stated that BOREN was a white male in his middle or late forties, approximately 5'7" to 5'8", 170 pounds, who wore glasses, and generally presented a rough appearance with old outdoor ranch wear.

Mr. MOORE stated that it was his recollection that WALKER BOREN on November 15, 1963, traded a Japanese 6.5 milimeter rifle mounted with a scope for a Springfield M1903 30.06 rifle, Serial Number 3097818. Mr. MOORE stated that BOREN was allowed $33.95 on the trade-in of his Japanese rifle, Serial Number 19472 against the purchase price of the Springfield M1903 30.06 rifle of $39.95. MOORE related further that he recalled some conversation with BOREN concerning the scope mounted on a Japanese rifle but no longer recalls specifically what was stated. Mr. MOORE stated that the rifle obtained by BOREN in trade definitely did not contain a scope.

Mr. WALKER BOREN, Route 1, Kempner, Texas, advised that he had possessed a Japanese rifle mounted with a K-4 weaver scope which he traded to BUD MOORE of Bud's Gun Shop, 203 North Eighth Street, Killeen, Texas, on November 15, 1963. Mr. BOREN stated that he recalled that he had been in Moore's Gun Shop at about 9:00 a.m. on November 15, 1963, and that he further entered into a discussion with MOORE concerning the mounted scope on the Japanese rifle which he contended was off center and as a result had been ineffective for accurate shooting.

Mr. BOREN exhibited the Springfield M1903 30.06 rifle bearing serial number 3097818 and maintains that the weapon had been unused since its purchase but that he had purchased the weapon on a trade of his Japanese rifle for the express purpose of deer hunting this season.

Mr. BOREN further advised that he had been into Killeen, Texas, on November 22, 1963, to visit briefly with MOORE at MOORE's gun shop, but had returned to his home shortly before noon and had spent the balance of the day in and around his home and ranch property doing work. He stated he initially heard the information concerning President JOHN F. KENNEDY's assassination at Dallas, by radio and that much of the day was spent at his home following the progress reports of the investigation and the events surrounding the President's assassination.

Mr. BOREN advised that he was born March 4, 1915, in Copperas Cove, Texas, and is described as follows:

Mr. GREEN stated that, as a matter of policy, the Arrow Loan Company generally is not open prior to 10:00 a.m. in the morning. Mr. GREEN further stated that he did not work in the Arrow Loan Company Pawn Shop on November 15, 1963. GREEN continued that the Arrow Loan Company Store has not carried any 30.06 rifles during the current year and to his understanding has possessed no scopes, either mounted or unmounted for over a period of a year. He stated the only 30.06 rifle with a scope was a Remington 30.06 mounted with an eight power scope that was sold through his Western Pawn Shop Store on West Highway 190 and that the individual who purchased the weapon was a part-time employee of his Western Pawn Shop Store and was currently in Killeen, Texas. Mr. JESSE RAY SMITH, Manager, Arrow Loan Company, 309 North Eighth Street, Killeen, Texas, residence 407 Patton Drive, Killeen, advised that he has been manager of the Arrow Loan Company for approximately three years and during that period of time, with an exception of a brief vacation, he has opened the shop himself at 10:00 a.m. each morning. Mr. SMITH stated that rare exception does he open the shop earlier than 10:00 a.m. and this would be occasionally on a Military payday to handle the additional sales and the redemption of items pawned by the Military personnel.

Mr. SMITH advised that he had no specific recollection of any business transactions on November 15, 1963, however he stated that he can definitely state that their pawn shop has carried no rifle scope, either mounted or unmounted, for a period of over one year and that they have carried no 30.06 or Winchester rifles at that store this year. Mr. SMITH continued that their store did carry a 30.40 Craig Springfield rifle and a German made 765 millimeter Mauser rifle, but both of these rifles were not sold and are currently in the store stock.

A check of the sales receipts and record of firearm sales of the Arrow Loan Company for a period from November 1, 1963, through November 22, 1963, as made available by Mr. SMITH, failed to reflect any record of a rifle sale through that store during this period of time. Mr. SMITH reiterated the fact that their store definitely carried no scope, either mounted or unmounted on a rifle for over a period of a year and that he had no recollection of any individual answering the description furnished.

DL 89-43
JHD/rms

The following investigation was conducted by SA JARRELL H. DAVIS at Wichita Falls, Texas:

W. M. FARRAR, 4728 Alamo, on December 4, 1963, advised he was in the Bailey Gun Chop, 2511 Avenue G, during the latter part of October or the early part of November, 1963 and observed an Italian 6.5 x 54 rifle on a rack and asked Mr. BAILEY where he got that bunch of junk, and BAILEY said a man brought it in to have it repaired. He added this rifle had approximately a 21" barrel and a brown laced leather boot on the stock. He mentioned the rifle had a leather sling and a 7/8" tube diameter scope which was so marked on the scope. He mentioned this scope was mounted slightly off center to the left.

Mr. FARRAR further advised that on the following Saturday, which was either November 2 or November 9, 1963, he was again in BAILEY's shop during the noon hour when a man in his 20's, about 5'11½" tall, weighing about 160 pounds, with straight semi-cropped hair and in shirt sleeves with no hat, came in and asked BAILEY if his gun was ready. BAILEY asked the man what kind of gun and the man pointed to an Italian 6.5 x 54 rifle and said "There it is on the counter." The man asked BAILEY if the trigger was fixed and BAILEY told him it was as good as he could fix it and told the man to try it which he did. He added the man then asked BAILEY if you could hit a man at 100 yards with this rifle with the scope sitting at an angle on top of the barrel, and BAILEY told him the fact the scope was sitting slightly off to the side did not effect it and you could hit a 6" circle at 100 yards with the rifle.

DL 89-43
JHD/rms

Mr. FARRAR further advised the man then asked BAILEY if he had any hunting ammunition for the rifle, and BAILEY said he did not but that Holt's Sporting Goods Store might have some of this type ammunition. He added that he then left BAILEY's and about an hour later, while he was in Holt's Sporting Goods Store, this man came in and asked if they had any 6.5 hunting ammunition and the clerk asked the man if it was for a 6.5 x 54 or 6.5 x 55, and the man did not appear to know the difference between the two guns but said it was for an Italian gun. The clerk then told the man that he did not have any ammunition at that time, but he would have some in about ten days and if he would leave his name, he would let him know when the ammunition arrived. He added the man told the clerk that this would be too long, and he then left the store.

Mr. W. M. FARRAR, on December 6, 1963, was shown a photograph of the gun in instant case and at this time, he advised that a part of the scope on the gun in the photograph did not look like the scope he saw on the gun at BAILEY's shop, and the gun in the photograph did not have a brown laced leather boot like the one did that he saw at BAILEY's. He further added that if the gun in the photograph had a 26½" barrel, it could not be the one he saw at BAILEY's shop because he knows the gun he saw there did not have a 26½" barrel but the barrel was no longer than 21" on the gun at BAILEY's. After viewing a photograph of LEE HARVEY OSWALD, Mr. FARRAR advised he does not recall having ever seen OSWALD prior to the time he saw his picture in the paper and saw him on television. He added, however, the man he saw at BAILEY's Gun Shop was of the general size and appearance as OSWALD.

WAYNE BAILEY, Bailey's Gun Shop, 2511 Avenue G, on December 5, 1963, advised he does not maintain any records on guns he repairs after they have been repaired and returned to the owner. He stated he does not recall having ever repaired the trigger mechanism on a 6.5 x 54 Italian-made rifle with a scope and had only seen one gun of this type with a scope and that was more than a year ago. After viewing a photograph of the rifle in instant case and a photograph of LEE HARVEY OSWALD, Mr. BAILEY advised he had never seen this rifle so far as he could recall, and that he had never seen LEE HARVEY OSWALD until he saw him on television and observed his picture in the paper. He added OSWALD had never been in his shop, and he had never repaired a gun for him.

Mr. BAILEY further advised that sometime about August, 1963, a 15 year old boy, whose name he does not remember, brought an Italian 6.5 x 54 rifle to his shop and wanted him to buff off some initials on the barrel and reblue the rifle. He added that the young boy told him he did not have the money and would not be able to get the rifle for a month or two until he made enough money to pay him. He added, however, that this rifle did not have a scope on it but did have an oiled leather boot or pad and a leather sling. He mentioned this boy came to the shop numerous times to look at his rifle and see if it was finished and that sometime about the latter part of October or the first part of November, 1963, the boy came in the shop one day and paid him for the work he had done on the rifle and took his rifle and left. He added that W. M. FARRAR had observed this rifle at some time when he was in the shop, but he does not

recall if Mr. FARRAR was in the shop when the boy came for the rifle or what discussion he himself had with the boy when the boy paid him for repairing the rifle. He further mentioned that this rifle might have been the one that FARRAR recalls, but that it did not have a scope and the front end of the rifle was slightly different from the front end of the rifle in the photograph.

Lieutenant PAUL BENTLEY, Dallas, Texas, Police Department, furnished the following information:

On the afternoon of November 22, 1963, he was at the Texas Theater on Jefferson Avenue, Dallas, and assisted in the apprehension of LEE HARVEY OSWALD.

At that time, OSWALD had in his hand a pistol which he attempted to fire. This gun was taken from OSWALD by BENTLEY and other officers, and BENTLEY examined the non-fired shells in the gun and found that one had a slight dent caused by the firing pen striking it. He stated this shell apparently did not fire since one of the officers had his hand on the gun and kept the hammer from falling with sufficient force to fire the shell.

BENTLEY stated that as he recalled, LEE HARVEY OSWALD was wearing a brown long sleeved sport shirt, a pair of dark trousers and no jacket.

He stated that he and others took OSWALD to the Dallas Police Department where he was taken to an interview room in the Homicide and Robbery Division on the third floor of City Hall, at which time Lieutenant BAKER took charge of OSWALD.

BENTLEY stated that the other officers in the car taking OSWALD to the police station were C. E. WALKER, BOB ~~CARRELL~~ CARROLL, J. HILL, and LYONS, a special officer.

RE: Smith and Wesson .38
Caliber Weapon, Serial
Number V510210

The following investigation was conducted by SA CARLOS L. KIRBY, JR. on November 30, 1963:

AT GALVESTON, TEXAS

MEYER REISWERG, Vic's Jewelry and Loans, 2413 Market Street, advised that they handle purchase and sale of firearms and ammunition.

He stated that in regard to a 2½" barrel Smith and Wesson type weapon, his company handles very few of this type of firearms. He advised that in all probability, in the event that he had ever purchased a 2½" barrel Smith and Wesson .38 caliber weapon, that it would probably have been purchased from Dave's House of Guns, 2544 Elm Street, Dallas, Texas. He stated that Dave's House of Guns is a large dealer in firearms and that this company has also converted Smith and Wesson .33 caliber weapons.

He made available his sales records for the years 1960, 1961, 1962 and 1963, and no record was located for a Smith and Wesson .38 caliber weapon, serial number V510210. He advised that his sales records go back to 1946 but all records prior to 1960 are located in a warehouse and it would take one or two days to obtain these records from the warehouse to be made available for review.

He further advised that in event a Smith and Wesson .38 caliber weapon was sent from this country to England and converted, it would in all probability have been converted by Cogswell and Harrison, London, England. He stated this company is the Government proved testing house for this type of weapon.

He further stated that the main import companies of weapons in the United States are as follows:

Interarmco, Limited,
10 Prince Street,
Alexandria, Virginia

Golden State Arms,
286 West Green Street,
Pasadena, California

Dave's House of Guns,
2544 Elm Street,
Dallas, Texas

Martin Retting,
11029 Washington Street,
Culver City, California

He further advised that the International Firearms Corporation, which has offices in Montreal, Canada and St. Albans, Vermont, are large importers of weapons.

He also advised that Cogswell and Harrison is a subsidiary of Interarmco, Ltd.

REISWERG advised that he handles 6.5 millimeter ammunition but could locate no record of having sold any of this type of ammunition to LEE HARVEY OSWALD. He advised that he only maintains the names of the purchasers of ammunition that are shipped by mail.

JAMES L. OUIMET, President, Century Arms, Inc., made available his records and invoices regarding his company's handling of approximately three thousand Smith and Wesson .38/200 British Service Revolvers. Invoices indicate that 2,850 of these revolvers had been shipped to Dav's House of Guns, 2544 Elm St., Dallas, Texas, in orders ranging from 150 to 1,000 guns per order. Total of six shipments had been sent to Dav's House of Guns. Serial numbers of all instant revolvers were double checked with negative results. Mr. OUIMET advised he did not know the names of any wholesale distributors who handled instant type revolvers nor did he know if Dav's House of Guns purchased instant type revolvers exclusively from Century Arms, Inc.

DAVID GOLDSTEIN, owner, Dave's House of Guns, 2544 Elm Street, Dallas, Texas, checked his records and could locate no record of handling a Smith and Wesson .38/200 British Service Revolver, Serial Number V510210 and assembly number 65248.

Mr. GOLDSTEIN was shown photographs of the above gun, which was taken from LEE HARVEY OSWALD and was the revolver that killed Dallas Police officer J. D. TIPPIT. He said that he felt that this gun was probably handled by GEORGE ROSE & COMPANY, INC., 1225 South Grand Avenue, Los Angeles, California. He said that a number of the above described revolvers had come into the United States on surplus from Canada and were handled by Century Arms, St. Albans, Vermont.

He was shown a photograph of LEE HARVEY OSWALD and could not recall ever seeing this individual. He added that his company did not sell 6.5 mm ammunition.

H. W. MICHAELIS, Office Manager, George Rose and Company, Inc., 1225 South Grand AVenue, advised that Smith and Wesson .38 revolver, Victory model, with Parkerized finish, bearing serial number V 510210, and assembly number 65248, had been a part of a shipment in one of five cases of similar guns purchased by his company from Empire Wholesale Sporting Goods, Limited, 360 Craig Street West, Montreal, Canada. It was shipped by the latter company to Rose on December 18, 1962, and received by Rose on January 3, 1963, via Acme Fast Freight. This gun originally had a five-inch barrel, but it had been shortened to two and one-half inches, and the original sight then was replaced on the gun by Gunsmith M. L. JOHNSON, 13440 Burbank Boulevard, Van Nuys, California, exact date unknown. This gun was originally ~~received~~ shipped by Rose as a .38 Special with no re-chambering done locally, and no alterations made by Rose's gunsmith, other than to shorten the barrel and reset the sight. MICHAELIS located and furnished a printed mail order form clipped from a publication, which he could not identify, which had been received by his company ordering one ".38 ST. W. 2" BBL." for $29.95. This order transmitted $10 cash, bore an illegible name, which appears to be A. G. or A. J. HIDELL, age 28, date of order, January 27 (no year shown), Post Office Box 2915, Dallas, Texas. The order was filled out in ink and witnessing the statement thereon that the person ordering the gun was a U. S. citizen, not convicted of a felony, was a name which appeared to be D. E. DRITTAL. Also written in ink on the order form was an order for one box of ammunition and one holster, but a line was drawn through these items, cancelling that portion of the order.

The above order was mailed to, and shipped out under the name of Seaport Traders, Inc., 1221 South Grand Avenue, Los Angeles, which MICHAELIS stated is the name under which his company does mail order business.

MICHAELIS also furnished Seaport Traders invoice number A 5371, prepared under date of March 13, 1963, to ship "S & W .38 Special 2" Commando" to A. J. HIDELL, Post Office Box 2915, Dallas Texas, balance c.o.d. $19.95.
